

## Love Through Time and Space

### Chapter 291

Why she can be so happy How did Kylena Gale know? Emily Gale still doesn't understand.

When did this thing start?

In the memory of the last life, there is not much relevant information.

What's more, the traces of the previous life are completely separated from those of this life, completely different.

Emily Gale thought for a while, then suddenly approached Yang Yi and lowered her voice: "Yang Yi, you can check for me again."

... When Jiang Nan entered the door, the two little guys were eating fruit.

"The doctor said you can leave the hospital today, but if you want to stay for two more days, you can."

He held the report in his hand and talked with the attending doctor for a long time, all of which will be the time to take care of Emily Gale in the future. , The problem to pay attention to.

Because he was afraid he would forget, he directly asked the doctor to print it out and take it away with the report.

"Of course I will be discharged today!" Emily Gale said immediately.

She has been in the hospital for more than a week, and if she continues to stay, she will have hair growing all over.

"It's okay to leave the hospital, but there is a condition."

Jiang Nan put the report and precautions into his computer bag.

"What are the conditions?" As long as he can be discharged from the hospital, all conditions can be agreed.

"Sell it to me. From today on, live with me."

"No!" Emily Gale didn't say this. Yang Yi jumped up and protected him in front of Emily Gale.

"You thin-skinned young man, can you stop me? They are all my people outside."

Jiang Nan sneered, dismissive of Yang.

"If you can't stop it, I'll call the police."

Yang Yi was serious.

The sons and brothers of these rich people, playing with women is as frequent as changing clothes.

He can't let Ranran become a plaything in his hands!

Emily Gale tugged at the corners of his clothes and couldn't help but laughed: "He was kidding, what are you doing so seriously?" "He..."

Yang Yi looked at Jiang Nan, who was already organizing things for Emily Gale.

.

"He doesn't want me, I'm not the type he likes."

Emily Gale stretched out and stared at Jiang Nan's busy back.

"You really want to live with me? Will you take care of me?" "It's all in the details, it's all clear, there shouldn't be any problems."

"Well, then give you a chance to serve this lady. Yang Yi looked at the interaction between the two people, but he couldn't react.

When did their relationship become so good?

"Of course, you and him..."

Yang Yi looked confused and shocked, "In dating?" "He wants to be beautiful."

"She wants to."

The two of them replied, making Yang Yi feel even more. Should the tacit understanding between these two people be so good?

Are you sure you are really in love?

No matter how you look at it, it seems that the relationship is super good.

However, it seems

There really isn't much humming breath.

Yang Yi couldn't understand the relationship between these two people, friend?

more than?

Lovers, but not full.

"Of course, are you really going back with him?" "His apartment is also in our apartment building, it's just on the upper floors."

It's not about going back to Jiang's house with him. If it's really Jiang's house, she wouldn't dare to bother.

It was just because she knew that Young Master Jackson wanted him to take care of herself, and she let him take care of her, which was a relief to Young Master Jackson.

She didn't want Hunter Jackson to have any guilt about herself.

As for Jiangnan, the things that Mr. Jackson had confessed, he did it, that's all, so she didn't feel uncomfortable.

That is, only this time.

"Hey, you said that when I was discharged from the hospital, I would be more stylish than Kylene Gale, and deceive?" When she went out, she looked at Jiang Nan carrying a large bag and smiled.

Yang Yi originally wanted to bring something to Emily Gale, but found out that the Second Young Master Jiang was there, and he had no use for him.

"Don't worry, it's definitely better than everyone's pomp, okay?" Jiang Nan really wanted to roll his eyes at her. How could a little girl's family be so vain?

"People just have a lot of vanity, what's the matter? Who told you to promise someone to take care of me."

So Emily Gale didn't feel uneasy either.

There were winds and the rudder, but after passing this village, there would be no shop.

"Yes, I will satisfy you!" With a ding, the elevator door opened and the three people walked out.

Vince had been waiting for a long time, and seeing the second young master carrying a bunch of things out, he hurried over and took the things.

"Second Young Master, I'm ready."

"Yeah."

Jiang Nan nodded, looked back at Emily Gale, and suddenly hugged her horizontally.

"Jiangnan..."

"Hush!" He looked down at her and smiled: "Don't you want to show off? Here you are!" After that, he walked out of the hospital door holding her.

All this outside made Emily Gale completely dumbfounded.

Roses all over the sky paved the road on the ground in a brilliant red, walking on it as if walking on the red carpet.

On both sides of the flower paving, hundreds of bodyguards were neatly dressed, lined up in two rows, and bowed to them.

At the end of the road, a super luxurious top-equipped Rolls Royce was waiting quietly.

Around the car, servants and bodyguards lined up.

Seeing Jiang Nan holding Emily Gale over, everyone immediately bent over and said in unison: "Good young master, good Miss Ranran!" Emily Gale almost fainted, not because of the shock, but... my mother!

So shy!

"I...I'm just kidding."

She was really shocked, such a big show, it was like a princess on tour.

No, even when the princess goes on tour, she doesn't necessarily have such an expensive style!

Countless people are stuck on both sides, they are stretching their necks to watch, want to see

Who is going to be discharged from the hospital, so exaggerated!

There are even reporters taking pictures... My God!

There are really reporters!

Emily Gale was so scared that he hurriedly buried his head in Jiang Nan's chest, for fear of being photographed in his face.

Damn!

God!

Is this the rhythm to kill her?

How will you go out to meet people in the future!

"Yes, I'm shy, don't let those people put down the camera?" Jiang Nan's face was dark.

"Yes!" Several bodyguards took their orders and immediately rushed to the reporters in the crowd.

Rose, bodyguard, luxury car, servant... an earth-shattering handsome man holding her.

Today's Emily Gale has completely become the heroine in the story, as if she has her own aura, and has almost reached the pinnacle of her life.

This matter was uploaded on the Internet in an instant.

Seeing the girl who was hiding in the arms of Second Young Master Jiang, her happiness almost overflowed the screen, Kylena Gale was so angry that she almost threw the phone away!

Why is she?

What on earth is this b\*tch?

I always know that I was abandoned by Young Master Jackson, but in a blink of an eye, he was fighting fiercely with Er Young Master Jiang!

For this kind of woman, the public opinion on the Internet should drown her!

Isn't this the female cousin of everybody?

But why, the comments on the Internet are one-sided, saying that she finally met true love after being taken away by her sister?

Neurosis!

This kind of slut is only for men to play with, true love?

No need to think about it!

She couldn't help but dialed that number.

"Aren't you talking about Emily Gale's death? Why is she still so good?" The man on the other end of the phone was silent, and Kylena Gale said again: "She is now with No. 2 Young Master Jiang.

The whole Beijing knows how happy she is.

She..."

"When did I say that she was my target?" The man's voice was unspeakably deep and cold: "I will let you look at Hunter Jackson, don't let me take care of other things! Be cautious, and be careful that I announce everything about you to the world!"

## Chapter 292

Can she have a child too?

Knowing that it was a scam, but still being indifferent, Emily Gale definitely couldn't do such a thing.

The next day, she went to Jackson's house.

"Sorry, I was not in good health before, and I lay in the hospital for half a month, so I have never fulfilled my promise."

On the second day of discharge, just after class, Emily Gale took the initiative to go to Jackson's house and reported to Shuran.

Shu Ran doesn't look so good today. Earlier, Daniel Jackson was going crazy because he couldn't find Emily Gale.

"Even if you are hospitalized, you should give him a message. He had a hard time finding you."

Emily Gale couldn't refute this, and could only whisper: "Please let me go to the old lady's back room. In the evening, I will stay with him to have dinner."

"Do you think you really won't be conscientious if you use my son's feelings like this?" Shu Ran's face is indeed not very good today.

She sees the sins suffered by her son. , Distressed to die and live.

But this woman had an affair with Jiang Er Shao yesterday, and now the whole Beiling knows about it.

“Sorry, but I told him from the beginning, the agreement between me and you.”

Emily Gale never planned to use Daniel Jackson to do anything. Shu Ran asked her to accompany her, and that was all.

But when Shu Ran heard it, she immediately became angry!

“What? You told him!” How could she be so excessive, telling Daniel Jackson of the agreement between them, isn’t this going to push him further into the abyss?

Does this woman have any professional ethics?

Can you tell others about transactions at will?

“Madam, I think you still don’t know enough about your son.”

Emily Gale knew that she would be angry, but she was always calm and said calmly: “My attitude towards him suddenly changed. Could he really Wouldn’t you doubt it?” Emily Gale looked at her and calmly analyzed with her.

“I don’t tell the truth. When he finds it out, it will only be more difficult to accept.

It’s better to tell him the truth from the beginning.”

“So, even if he knows that you are only for some purpose, he is willing to accept him. In the end, he doesn’t mind?” Emily Gale said: “Is he not minding, I don’t know, but he is really not angry.”

Shu Ran's anger calmed down a bit, and after thinking about it, he suddenly felt that it is a good thing to take the initiative to confess.

The son is too stupid, knowing that this girl has a purpose with him, he is still willing to accept it.

"He was very decadent during this period.

Apart from work, he kept himself in the room for the other time."

She was also a failure as a mother. Her son had something in his heart, but he didn't want to tell her a word.

Shu Ran sighed slightly, thought about it, and said, "You breached the contract first. Now, I have to ask Daniel if he wants to.

Decide whether to continue trading with you.

" "it is good.

"Emily Gale was wrong, and of course he could only listen to her. He promised to accompany Daniel Jackson for a week, but only ate dinner with him, and something went wrong. Now, Shu Ran has the right to cancel the transaction, which is normal. Shuran gave Daniel Jackson. Daniel made a call, and when facing her son, that serious face suddenly softened.

"Daniel, are you busy tonight?

Do you want to go home for dinner?

"I have business tonight, don't wait for me."

"Daniel Jackson's cold voice came over. Shu Ran sighed, helplessly: "Daniel, you are busy with work.

It has been a long time since you had a good dinner."

"Mom, I want to have a meeting, and I'll go back..."

"Emily Gale is with me."

" "what did you say?"

"In a word, Daniel Jackson was suddenly nervous and excited again: "Is it here?"

"Yes, she plans to stay with us for dinner at night, if you are not free, then I..."

"Me!"

I'm free!

I am free now!

"Daniel Jackson over there doesn't know what he is tossing about, as if he has stood up and is packing things up.

"Mom, I'll be back now, you help me keep her, I'll be back soon!"

"When Emily Gale came over, it was already in the afternoon, and it was five o'clock in the afternoon, and it was not time to get off work. Shu Ran's mood was unspeakably complicated, and her son was so addicted, she really had nothing to do.

"Okay, let me help."

You keep her and stay in our yard for dinner at night. You don't need to worry, she will always be there. Be careful when driving. No, you let the assistant drive and don't mess around.

"I'm really afraid that he will drive back by himself, because he will be too excited and speeding.

"I know, I know, Mom, you must keep her, don't let her go!"

" "it is good.

Hanging up the phone, Shu Ran looked at Emily Gale. Emily Gale's expression was a little indifferent: "Madam, I have to remind you that this method is for your son to quench his thirst by drinking poison."

Doesn't Shu Ran know? But what can she do now? "You will never understand the feeling of being a mother unless you have your own children."

"My child... Emily Gale's hand subconsciously fell on her belly. Her child... Will she really have a child of her own? In the past life, Hunter Jackson didn't even touch her, child, at all It's just a fantasy thing. In this life, although she and Young Master Jackson have had an intersection, but in the end... the child will not exist.

After she stopped her mind, she said: "Madam, it seems that Young Master Jackson is coming back. I don't have much time, can you take me to the back room now?"

"I have to first see if the old man and Shiru are there... You don't need to look at me with this kind of eyes, you should be very clear, if they are there, I can't help it."

"Shu Ran picked up the phone and gave

The next person called and asked.

After saying a few words over there, Shu Ran hung up the phone and looked at her: "I will take you there."

... This is the first time that Emily Gale walked into the place where the old lady lived before her death.

Elder Jackson has always respected the old lady, so even though the old lady is gone, the back room she lives in has been cleaned up as well as when the old lady was still alive.

Emily Gale went directly into the old lady's room.

The room is very quiet and everything is in order.

The old lady liked to read by the window when she was alive, but she walked over and found nothing around.

The drawers are all opened, and there are just some small things for daily use.

There are few things like documents, and the old lady has not worked for many years.

The bookcase is full of books.

Emily Gale walked to the bookcase and looked over each book.

From the philosophy of life to the cultivation of flowers and plants, there are all kinds of books.

Suddenly, her gaze was fixed on one of the books.

Taking the book down carefully, she flipped it gently, and found a yellowed photo on the page of the book!

Mom... My eyes were hot, and tears almost rolled down.

There is no need to think about it at all. Even if her memory of her mother is basically zero, she knows from the photos that this is definitely her mother Sang Qing!

Because she looks a lot like her, really alike!

Emily Gale took a deep breath and was about to put away the photo.

Unexpectedly, his eyes fixed on the skirt Sang Qing was wearing in the photo.

This skirt...Why do you always feel a little familiar?

## Chapter 293

The clue is that the retro and elegant dress, she has not seen exactly the same, but the style, or the dress... Emily Gale finally remembered that she had not seen this dress, but she had seen similar dresses!

Yes, just dress up!

Including hairstyle, including skirt, including makeup!

It's Kylena Gale!

That was a scene that Emily Gale couldn't forget.

The old lady thought she had bullied Kylena Gale because of Kylena Gale's acting.

At that time, the old lady looked at her with disappointment, and even a little bit of resentment that made her tremble.

On that day, Kylena Gale's overall dress was almost exactly the same as Sang Qing in the photo!

From that time on, she pretended to be the granddaughter of the old lady!

It must be so right!

That day!

What happened in Jackson's backyard that day?

She held her palms tightly, trying to remember the situation that day.

The more I think about it, the scenes of that day become clearer.

At that time, there was a maid beside the old lady, the maid who was fired by her, Ah Xin!

Before she saw the old lady, what happened to the old lady and Kylene Gale?

This Ah Xin may be a very important person.

Emily Gale put away the photo and was about to put the book back in place.

Unexpectedly, his hand slipped and the book almost fell from his hand.

She hurriedly caught it, but saw a small object that fell out of the inner pages of the book and fell to the ground.

Emily Gale squatted down and picked up the paper, only to find that it turned out to be a business card.

Quanxing Detective Agency, Dong Quanxing.

It turned out that the old lady really found a private detective to investigate some things.

If the guess is correct, the identity of her granddaughter must be checked.

So at the beginning, she was the person Dong Quanxing found for her?

But on that day, when Kylene Gale dressed up like Sang Qing, all this was changed.

What happened in it? Now, Emily Gale is still in a mess and can't figure it out.

Emily Gale was startled by the sound of footsteps outside, and hurriedly put the business card into his bag, and read the book.

Shu Ran came in from the outside, looked at her and said: "There is news from the gate, the old man is back, you should leave quickly."

"Okay."

Emily Gale put the book back to its original position and immediately followed her away from the back room. , Back to Daniel Jackson's Tenglong Pavilion.

Seeing Emily Gale, Daniel Jackson was excited for a long time.

She said that she only met the robbers at the time, but was rescued later, and Daniel Jackson did not follow up.

Because it was obvious, she didn't want to elaborate.

Daniel Jackson just regretted, regretting that she did not take good care of her.

"Those girls, I've already taught people a lesson, especially the women from the Shu family."

But, speaking of these, in front of Emily Gale, Daniel Jackson still felt emboldened.

Can't be with her

When something went wrong, I was the first to help. What was the value of doing it afterwards?

Sure enough, Emily Gale wasn't very interested, he said, she nodded to show that she was listening.

Apart from that, there is nothing else.

After the meal, Daniel Jackson still insisted on sending Emily Gale out, and Shu Ran did not stop him.

But today Emily Gale has a condition, he wants to walk slowly in the yard.

So, they got on the sightseeing car and walked slowly along the front yard.

"I'm really sorry, of course, what happened that day..."

"Didn't you say that you don't mention it anymore?" There are some things, it's useless to say more.

Emily Gale's attitude towards him is not very cold, but he is not enthusiastic.

She said: "I will come to dine with you because I have a deal with your mother, but I hope you can feel your mother's love for you and stop worrying her."

"I didn't make her worry. Time, I know that after you come back, you have been working and very diligent." Daniel Jackson did not hope that she was such an unsuccessful image in her heart.

Emily Gale looked at him, his eyes looked gentle and sincere.

Thinking of using him, I was always a little uneasy: "I actually..."

"Are you really with the second young master of the Jiang family?" Daniel Jackson wanted to ask this question when he saw her.

I was just afraid that she would be disgusted, and I have been holding back until now, before asking.

Emily Gale wanted to say no, but then she thought about it, and changed her mind: "If I say yes, what will happen to you?" She really didn't know where she could attract this noble son.

In terms of appearance, although she looks good, but for men of their status and status, beauty is not that important.

But after getting along these few times, she gradually discovered that Daniel Jackson was really not infatuated with herself.

Daniel Jackson's eyes were a little dim, but he still cheered up and said, "As long as you are not married, I still have a chance."

Emily Gale didn't know how to respond to this sentence, and looked up, the familiar car was ahead. Turning the trail, he turned into the direction of Wangjiang Pavilion.

He is back!

"Young Master Jackson, I still have something to do. You tell them to stop and let me go here, and I will leave by myself."

Daniel Jackson could also see the car.

The bleakness in his eyes is a little bit more, whether it is Hunter Jackson or Jiangnan, she can care about it.

He alone is the most dispensable.

"You asked me to take you around in the yard, just to see if your eldest brother is back?" He couldn't understand her a little bit, "Since you are already

with the second young master, don't provoke your eldest brother. I'm not blaming, but just afraid of you Injured."

Emily Gale knew that he had misunderstood him, but it would be better to misunderstand him. If he hates her in the future, there will be less entanglement.

"This is my business."

She lightly patted the railing of the sightseeing car, "Please stop."

But Daniel Jackson said, "Send her to Wangjiang Pavilion."

Without a word, the driver drove the sightseeing car immediately. , Go to Wangjiang Pavilion.

If only Emily Gale was alone, he might not be able to get in.

Now, there are two young masters leading the way, and no one will stop them.

They listened in front of the lobby door of Wangjiang Pavilion's main house.

Before Emily Gale could say anything, Daniel Jackson said: "I won't hinder you. I'll wait for you in the yard, okay?" She was moved because of his considerateness.

"I don't know when I will come out, you should go back first..."

"I'll be waiting for you."

Daniel Jackson stopped talking and asked the driver to drive the sightseeing car to the corner of the yard.

He leaned back in his chair, closed his eyes and rested.

Emily Gale took a deep breath before walking into the hall.

Unexpectedly, when I entered the door, I saw Kylena Gale at first sight.

Kylena Gale had just come down the stairs with an unwilling look, not knowing what setback she had just suffered.

She did not expect to see Emily Gale appear in the lobby of Wangjiang Pavilion.

"What are you doing?" Kylena Gale immediately cleaned up her decadent expression, raised her chin and walked over.

She just wanted to find Hunter Jackson, but Young Master Jackson didn't want to see her at all.

After being "persuaded" by Aspen Li to come back, Kylena Gale was naturally in a bad mood.

Now Emily Gale is here, just hitting the mouth!

She said imperiously: "Who let you in? Is this a place where you can come? Don't let me go!"

## Chapter 294

It turned out that she never believed that "I didn't come to see you."

Emily Gale was naturally familiar with this place.

She ignored Kylena Gale and walked upstairs when she passed her.

Kylena Gale chased her and grabbed her wrist: "Stop! I said, this is not a place where you can mess around!" With so much strength, she almost pulled Emily Gale off the stairs.

How could Kylena Gale be able to stop Emily Gale when she was about to change.

However, this was the second day after Emily Gale was discharged, and his body was still a little weak.

Pulled by her, you have to grab the railing quickly so that you won't fall off.

"I said, I'm not here to look for you."

Emily Gale shook her hand vigorously.

Kylena Gale was anxious and said angrily: "Stop her!" The servants didn't know whether to listen or not.

After all, Emily Gale was their former young wife in the future and lived here for a long time.

Seeing that the servant didn't say anything, Kylena Gale rushed up by herself and took Emily Gale's wrist again.

"b\*tch! You are not allowed to be presumptuous here!" She wants to see Young Master Jackson, and it must be because she wants him to get back together. How could she give her a chance?

While pulling, Aspen Li's slender figure appeared at the corner of the stairs.

Seeing the appearance of the two, he walked down quickly, looking puzzled: "You...what's the matter?" "I know that Young Master Jackson is back. I have some important things. I must tell him face to face. Emily Gale raised his head, met his gaze, and pleaded: "Five minutes, Aspen Li, I won't delay him too much time, just give me five minutes."

But Aspen Li still shook his head and said helplessly: "Sorry. , Miss Ranran, the eldest master doesn't want to see anyone tonight."

"It really only takes five minutes!" Emily Gale clutched the railing tightly, afraid that Kylena Gale would drag her down.

Kylena Gale was already crazy, she was like a shrew, pulling her hard and not letting her go upstairs.

Aspen Li looked at it hard to hide his disgust, he walked on, taking Kylena Gale's hand away.

"You!" Kylena Gale knew that Aspen Li had been toward this b\*tch!

But now, it is Young Master Jackson who doesn't want to see Emily Gale, even Aspen Li can't be the master!

Even if Aspen Li turned towards Emily Gale, he still didn't dare to disobey the order of Young Master Jackson.

"Emily Gale, didn't you hear? Joseph didn't want to see you! What's the point of being so sullen?" She was driven out by Aspen Li just now when she went up and wanted to enter his room.

It has been a long time since she had a good conversation with Young Master Jackson.

He didn't like to talk to her before, but now he can't say a few words a day, and it's hard to even meet each other.

Emily Gale ignored her at all, only looking at Aspen Li: "You tell him, it's only five minutes, Aspen Li, please!" Aspen Li hesitated, but finally couldn't bear to refuse.

He nodded and said, "I will ask for instructions, but

My Lord is really tired recently, he may not..."

"Just tell him, it really only takes five minutes!

" "it is good.

"Aspen Li turned upstairs. Kylena Gale stood where Aspen Li stood just now, fearing that Emily Gale would suddenly rush up.

After a while, Aspen Li came down from above. Emily Gale looked up at him with a look of expectation. Aspen Li I couldn't bear it, but finally shook his head, helplessly: "Miss Ranran, you should go back first, I'll make an appointment for you..."

But no one thought that Emily Gale suddenly passed Kylena Gale and ran upstairs.

"b\*tch!

what are you going to do?

"Kylena Gale grabbed her. Emily Gale rushed too fast, and Kylena Gale's strength was also great. Under the pull of both sides, Emily Gale suddenly stepped on the air and rolled down the stairs.

"Miss Ranran!"

"Aspen Li was frightened and hurriedly chased. Kylena Gale did not expect that she pulled a hand and made her fall like this. Standing on the top of the stairs, she was stunned and frightened. Fortunately, They were not standing at a high position. When Emily Gale rolled down, he didn't knock his head, but suffered a slight injury. Aspen Li helped her up, and Emily Gale moved his foot, only to find that his knee was hurt.

A heartbreaking pain spread all over the body. But she still looked at the stairs and said loudly, "Major Jackson, I really have something important to look for you.

It only takes five minutes!

"The voice is so loud, it is impossible to hear with Hunter Jackson's ears. Seeing her embarrassed, Aspen Li suddenly felt distressed. He sighed slightly and persuaded her: "Miss Ranran, young master... Seeing you, it's useless to say anything.

"Why doesn't he want to see me?"

Why don't you want to see me?

"The last time something happened, he was the one who hurt her! For so long, he hasn't even looked at her! Even if it's just an ordinary friend who hurt her like this, shouldn't there be a trace of guilt? But what about his guilt? Just let Jiang Nan take care of him. What did he do? The lower abdomen was a little bit painful, she covered her abdomen, and her voice became hoarse because of the pain.

"If you still feel what happened last time, treat me. If you feel a little guilty, then give me five minutes.

"The door on the second floor was finally opened with a click.

The tall figure walked to the top of the stairs. Looking up from this position, he couldn't see his appearance clearly. However, his voice was familiar to everyone.

"Emily Gale, I owe you what I owe you. I have asked Second Young Master Jiang to pay it back for me. If you think I still owe you, you can tell me how much you want.

"Emily Gale's heart sank. He didn't expect that when we met for the first time after the accident, what he said was such a hurtful thing.

She wanted to go up and ask to understand, but just lifted her leg, her knees hurt her cold.

Sweating.

One could not stand firmly and fell down suddenly.

It was Aspen Li's quick eyes and quick hands that helped her up.

But Emily Gale was still unwilling, looking at the figure at the top of the stairs, and said dumbly: "I'm looking for you, not for emotional matters. I have important things to tell you."

"You still want to take advantage of that matter. Kidnap me morally?" Hunter Jackson's voice was extremely cold, even with a hint of disgust.

"If it were not to save you, I would not be drugged by them. In essence, I don't owe you anything."

"But you used to be my woman after all. I have always been generous to my women, but if you still If you want to be an inch, don't blame me for being unfavorable."

Abandoning this, he turned and left.

Emily Gale's heart had long been bruised by his words.

But her chance, maybe really only tonight.

"I don't care about your feelings, but about the old lady..."

"Do you dare to tell grandma before me?" Hunter Jackson's face sank and said angrily: "You think I really believe in grandma's affairs."

It has nothing to do with you? I just don't want things to make a big deal. I said, I've always been generous to the women I used to!" "Get out of here, and in the future, you won't be allowed to show up in front of me, let alone talk to me about grandma. Otherwise, don't blame me for being polite!" He turned and walked away, and there was a heavy door closing on the second floor, showing how angry he was.

Emily Gale was completely stunned, and fell to the ground softly as if she had been drained of all strength.

It turned out that he had long believed that grandma's death was related to her.

It turned out that he protected her only because she used to be his woman, and he didn't want to make matters worse.

Turns out... he never believed her.

## Chapter 295

Don't want to see you Emily Gale's face is pale, sitting on the ground, holding his belly with his hands subconsciously.

There was a faint pain in the lower abdomen, not very painful, not as much as one ten thousandth of the apex of the heart.

Kylena Gale laughed a little wanton, and looked down at her high above her: "Have you heard? Joseph said that I don't want to see you again."

For many days, the dreary mood was finally relieved.

Now, Kylena Gale's mood is not sure how good it is!

Young Master Jackson was too busy and just didn't have time to interact with her, but Emily Gale clearly didn't want to see her again.

The difference between the two is huge.

Aspen Li bent over and stretched out his hand to Emily Gale: "Miss Ranran, are you okay?" Her face was really ugly, how could she become so pale?

Hasn't he been discharged from the hospital?

"Aspen Li, your eldest young master said, what else do you want to do if you want this woman to get out?" Kylena Gale put her hands on her chest, squinting at both of them.

"What can this woman have? Isn't she acting better? Just roll around and you will die."

She knows how to play such a scene herself, and she doesn't know how many she has seen in her life, cut!

Aspen Li was still a little uneasy, Emily Gale's state was really not quite right.

He squatted down and supported her: "Miss Ranran..."

"I'm fine."

Emily Gale wanted to stand up, but the pain in her lower abdomen suddenly deepened because of her movement.

A pang of heartache made her sit back as soon as she got up.

She took a breath and didn't know what she had eaten. How could her stomach hurt so much?

"Miss Ranran, I don't think your situation is right, I will let Ye Han show you?" This little face became paler and paler, and Aspen Li was shocked to see.

Kylena Gale almost went crazy again: "Aspen Li, are you too idle?" Hunter Jackson said, asking this woman to get rid of, he is still pestering her here.

"Don't tell me, you still have an affair with this woman..."

"Shut up!" Aspen Li raised his head abruptly, and his cold gaze fell on the woman on the stairs.

Kylena Gale was startled by his sharp eyes, and subconsciously took a step back.

Accidentally bumped into the stairs, almost stopped.

She hurriedly held on to the handle of the stairs, and when she stood firm, she immediately became angry.

"Aspen Li, you are too much, you actually helped outsiders..."

"Miss Gale, if I remember correctly, you are just an outsider who borrowed to live here!" Aspen Li suppressed his anger and stared at her coldly.

"You can slander me, but you must not slander her! If you dare to say anything disrespectful, don't blame me for being rude to you!" "Aspen Li! You are crazy! Are you going against it? I'll let you go!" Having said that, I don't dare to say anything about their affair.

although

She is courageous, but at least she can grasp a man's bottom line.

She was very displeased with Aspen Li, but she was the number one celebrity next to Young Master Jackson.

Aspen Li's position next to Young Master Jackson couldn't even catch up with Qin Yi.

As for Aspen Li, he can scold him casually, at best he can't hear him.

The terrible look in the eyes just now is unique.

His bottom line is this b\*tch woman right now.

Who believes that they have no personal affair?

"Miss Ranran, the eldest master is really too busy recently, it is not convenient to see you, I will send you out."

Emily Gale really couldn't stand up, so he could only stand up slowly with Aspen Li's support.

Aspen Li's words were polite. In fact, he had already expressed clearly what Joseph meant.

She stayed here and it was impossible to see him.

After standing up, the lower abdomen still throbbed.

Emily Gale took a deep breath, tried hard to stand on her own, and then gently pushed Aspen Li: "I can."

"I'll let Ye Han come over and show you."

Let her go out like this, Aspen Li Ye didn't worry.

"I'm fine, no need."

Ye Han is from Young Master Jackson. How can she call Ye Han?

If it wasn't for checking the cause of the old lady's murder, she would never come back here again?

Who wants to do things that are despised?

But the death of the old lady must be found out!

She bent over, endured the pain in her knees, and walked towards the hall door step by step.

Kylena Gale followed behind, making sure that she went out before giving up.

Aspen Li followed all the way, fearing that Emily Gale would not be able to hold it any time, and would fall.

Although the number of stairs just rolled down is indeed not many, under normal circumstances, there is no major problem.

However, Emily Gale's expression is really unusual. Could it be that he accidentally knocked down an important position just now?

She seemed to have a stomachache... Emily Gale walked out of the hall, but was a little surprised. He saw Jiang Nan standing in the yard, waiting for her.

Not wanting to worry him, she bit her lip and tried to straighten her body.

But every time she took a step, her lower abdomen became uncomfortable, and the pain made her forehead drip with a layer of sweat, and her face became more ugly.

"What's the matter?" Jiang Nan saw her fault at a glance and walked over quickly.

Daniel Jackson also rushed over. Seeing that her forehead was sweaty, he subconsciously wanted to raise his hand to wipe her.

Emily Gale hid his face in Jiang Nan's arms.

"Second Young Master Jackson, my friend came to pick me up. Thank you for your hospitality tonight. See you next time."

These words are clear enough. Tonight, he is not needed.

Daniel Jackson was lost for a while, but could only nod her head and watched her walking with Jiang Nan.

"I'm a little uncomfortable."

After two steps, she suddenly stopped and pulled

Pull Jiangnan's sleeve.

Jiang Nan gave her a hug without saying a word.

This time Emily Gale didn't resist at all, and even buried his head in his arms.

My stomach hurts, there is an inexplicable pain, my knees are also very painful, and my heart hurts even more.

He came, she seemed to have been floating in the sea for a long time, and finally saw a life-saving floating board.

The heart is very tired, the whole body feels uncomfortable, leaning in his arms, at least, it feels a little safe.

Daniel Jackson looked at the back of the two, feeling frustrated.

If there used to be Young Master Jackson, then now, the threshold of Jiangnan, he would never be able to cross it.

He had never seen Emily Gale relied on a person so much, even when the eldest brother was by her side, she was somewhat resistant to her eldest brother.

However, there is no facing Jiangnan.

It is a kind of total trust, to trust this person completely.

Unfortunately, this person is not himself.

As the car drove away, Daniel Jackson stood under the light, looking at their leaving shadows, unable to return for a long time.

Under the same night, watching them leave, and the man on the second floor.

He was standing on the balcony, his slender figure being pulled out by the moonlight into a very long shadow.

Lonely, cold, alienated and indifferent.

"They're gone."

Aspen Li walked behind him and whispered: "She said, there are important things, you must tell the young master."

The man did not snort, just looked at the gate of Wangjiang Pavilion courtyard.

He took his gaze back until he could no longer see the shadow of the car, and turned to look at Aspen Li: "You arranged."

Aspen Li's eyes lit up, and he immediately said, "Okay."

## Chapter 296

Will be tired, it is normal "War North."

Kylena Gale finally saw him appear outside the room.

Of course you can't let it go easily if you catch it.

"Joseph, you saw it just now, that woman is too presumptuous, and Aspen Li has been helping her all the time."

Kylena Gale walked behind him and looked up at his profile.

The light on the balcony was not turned on, and only half of his face could be seen in the night.

But even if only half of it, this grace, this charm, and this indifferent aura still fascinated Kylena Gale.

However, it seems that Young Master Jackson has been a bit more low-key than before, and the aura on his body has become less domineering and quieter.

Yes, he has become a bit quiet recently.

"Joseph, are you tired? Or, go back to the room and I will give you a good press? I have learned the technique of pushing acupuncture points, and I promise to be comfortable."

He just took over the whole Jackson Shi recently, with a lot of work and staff.

There is also a group of old stubborns who have been contending.

Isn't it normal to be tired?

When she returned to the room, she tried her best to help him out.

From now on, he was obsessed with this feeling and couldn't do without her anymore.

Kylena Gale walked behind him, trying to reach out and touch it, but she didn't dare.

She softened her voice and whispered: "Joseph, let's go back to the room."

"Okay."

Hunter Jackson turned around and walked to the room.

Kylena Gale was a little overwhelmed. In fact, she never thought that Young Master Jackson was really willing to enter the room with her!

A man and a woman enter the room together. What does this mean on such a night?

This is clearly a hint!

Can she still not understand?

Kylena Gale was excited and immediately followed Hunter Jackson's back.

Seeing the slender figure entering the room, her fingers trembled with excitement, and she wanted to follow up immediately.

But... With a bang, the door of the room was closed in front of her.

This...what does this mean?

She hasn't entered yet!

Did Master Jackson close the wrong door by mistake?

Kylena Gale was about to push the door open, but Aspen Li's hand fell on the door handle and stopped her.

"Miss Gale, the eldest master has to work overtime tonight, and there are countless video conferences, please don't disturb."

"I...he...he said to go back to the room..."

Kylena Gale was stunned, with a look of error.

"Young Master wants to deal with official duties, of course he has to go back to the room."

Aspen Li smiled, this smile was clearly ironic: "Are you going to stand on the balcony to work?" "You...he said, and I'll go back to the room together!"  
Kylena Gale almost cried.

Aspen Li, this bastard, why always stop her?

"Sorry, the eldest master never said to go back to the room with you, please don't be affectionate."

"You!" Kylena Gale will continue to talk to this bastard, she will definitely piss herself off!

He is the dog Emily Gale put here, helping Emily Gale everywhere and targeting her!

But she finally woke up, knowing that Hunter Jackson did not give her a chance to serve herself.

If so, the door would not be so tightly closed in front of her.

She suffocated her stomach, she was really aggrieved.

In the end, he could only return to his room and slammed the door.

Is Young Master Jackson playing with her?

unacceptable!

But even with such an excessive Young Master Jackson, she still fascinates her so much that she can't be angry with him at all.

Even, as long as he hooked her finger right now, she would still pounce on it.

Everything, only to blame him for being so charming.

Close the door and just walked to the bed and sat down, the phone rang.

I glanced at it, and it was a strange number again.

It seems that I have become accustomed to such strange numbers recently.

She picked up the phone and mumbled, "Speak, only myself."

The other party immediately gave instructions: "Find a way to see if Hunter Jackson is there."

"What do you mean?" Kylena Gale frowned.

"I want you to see if Young Master Jackson is in Wangjiang Pavilion during this period, and I want you to see it with your own eyes."

"Is there any illness? I was talking with him just now!" Kylena Gale was in a bad mood and her tone of voice was very bad. Is not good.

The other party suddenly frowned, and said displeased: "Kylena Gale, pay attention to your attitude."

Kylena Gale took a deep breath and rolled her eyes before she managed to suppress her anger.

"What do you mean?" "You were talking to Hunter Jackson just now?" The other party was a little skeptical.

Kylena Gale was patient and said seriously: "Yes, I was talking with Young Master Jackson just now, and we talked for a long time... Okay, after a few words, he is now back to work."

"Are you sure this is Hunter Jackson "The words made Kylena Gale impatient immediately: "I'm standing with him, so close, can I see the wrong person?"  
Neurosis!

If the other party is not Young Master Jackson, is she the hell?

The other party was silent for a moment, and finally said: "Okay, you pay more attention to Hunter Jackson's movements recently, and if you find something wrong with him, report it to me immediately."

"I know."

Kylena Gale hung up the phone impatiently. .

If she still has the handle in the hands of these people, would she always listen to them as if she was wronged?

Even now, she still doesn't know who the person behind the other party is in control.

Every time I contact her, they are just small characters.

But she didn't want to have anything to do with them anymore. What would happen to him if she let Young Master Jackson know that she helped those people monitor him?

When the time comes, she will be driven away easily, and she will never be allowed to step into Wangjiang Pavilion.

On the other hand, she might find someone to clean her up.

But like

If she didn't help those people, in case, they would tell her about her deceiving Young Master Jackson... Kylena Gale fell on the bed, in a dilemma.

Is there any way to make Young Master Jackson ignorant of her deception and completely draw a line with those people?

...

After Emily Gale got in the car, she kept covering her belly and curled up on the chair.

She was originally slender, and the seat of the car was big enough, when the whole person was rolled in, she looked small, just like a kitten.

"I don't think you are right, what's wrong with your stomach? Do you want to go to the hospital?" Jiang Nan has been observing her for a long time, and his face is pale like this, which is indeed a bit scary.

"No."

Emily Gale frowned, still holding his stomach tightly.

"I might...may be coming."

"What?" Jiang Nan didn't understand, his eyebrows frowned: "It's all so uncomfortable, where else should I go?" Emily Gale really wanted to roll his eyes at him and communicate with him.

It is really troublesome.

"Come to Auntie."

"When do you need me to send someone to pick it up?" But suddenly, his fingertips shook, and the steering wheel was almost turned around by him!

"What are you doing? Can you drive!" Emily Gale was taken aback by him.

Her stomach hurts, but if she shakes it like this, it hurts so much that she almost screams.

Jiangnan's ears became hot, and he immediately regained his senses and mastered the steering wheel well.

"I...I thought..."

"I thought that my relative called Auntie was coming, and you need to send someone to pick her up, right?" Emily Gale gave him an angry look, if it wasn't for her stomach pain. Panic, will definitely make fun of him.

Why is this man so funny?

It's a funny comparison!

However, his amusement made her depressed a little bit more relaxed.

She let out a sigh of relief and said lightly: "Send me back to take a rest.

It's okay for women's common problems."

## Chapter 297

When Master Jackson returned to Jiangnan's apartment, Emily Gale still felt uncomfortable.

Even when she walked into the room, she almost couldn't walk. In the end, Jiang Nan hugged her in.

"Every time," Jiang Nan looked at her lying on the bed, feeling that this topic was a bit difficult to talk about, after all, he had never faced it.

However, she is so uncomfortable, what else should she avoid?

"Does it hurt so much every time I come to that?" Seeing her like this, it was almost as if she had been injured.

As an uncle, I couldn't feel it at all.

"Not every time, just this time... it hurts so much."

She didn't know why, and she started to hurt inexplicably.

There were no signs before.

Besides, isn't it time for aunt to come?

It seems to be a few days away.

Could it be that this month has to be advanced, which is a bit abnormal, so it hurts so much?

Recently, I was either injured or injured. In short, I have suffered a lot of physical trauma.

It is not impossible to say that my aunt's period is in disorder.

She covered her belly and waved her hand: "You don't care about me, just sleep."

Jiang Nan is really helpless, after thinking about it, he said: "Why don't I put a cylinder of hot water for you? Try taking a bath?" Emily Gale thought for a while.

Aunty hasn't come yet, and now it seems that she can take a bath.

Finally, she nodded.

Jiang Nan immediately seemed to have obtained the imperial decree, and finally found something to do for her, and walked quickly to the bathroom.

Before long, he filled up half of the tank with hot water, and he returned to the room and looked at Emily Gale.

"The water is ready, I will help you in."

"No, I can."

Emily Gale struggled to get up from the bed and walked slowly to the bathroom.

She wanted to take a bath, Jiang Nan couldn't go in and watch, so she could only guard outside the bathroom.

With great difficulty, Emily Gale finally took off his clothes and sat in the bathtub.

Hearing the sound of water, the man outside immediately asked: "Did you go in?" "You are so annoying."

Close the door and ask, wash your face and ask about undressing, and now step into the bathtub and ask too.

But the corners of Emily Gale's lips gradually opened up a hint of smile.

Although he is really annoying, there is someone who is so annoying, at least, not too lonely.

She is too afraid of feeling alone now, that feeling will drown her!

"How is it? How is it?" Two minutes later, the man outside asked again.

Emily Gale soaked herself in the water and ignored him.

She looked at the ceiling of the bathroom, thinking about everyone and everything she met after being reborn in this life.

My mood is a bit trance, and my mood fluctuates.

By now, I finally calm down.

In fact, under such circumstances, it is natural to doubt what she did to the old lady.

She has been hypnotizing and suggesting herself, always feeling that others will doubt it.

Normal.

However, the person who doubted must not be Hunter Jackson.

But why can't it be him?

He was not there at the time, he was also a member of the Jackson family.

Yes, why can't it be him?

It was her who overestimated her own position in his heart, thinking that she would trust her without reservation.

She drowned herself in the bathtub.

This land duck actually learned to hold its breath in the water in a second.

It turns out that many things are just because they are afraid to face them, thinking they can't face them.

In fact, if you try to face it, everything is not so terrible and difficult.

He is not his own, the two have no relationship for a long time, learn to face this.

"Emily Gale, what's the matter with you? Why don't you speak?" "Emily Gale, did you faint? Did you drown? Don't drown yourself in my place!" "Emily Gale, speak!" Of course..."

"Cough, cough, cough!" Emily Gale suddenly got up from the hot water, and as a result of reluctantly learning to hold his breath, even when he got up, he still choked water.

Hearing the sound of her coughing, Jiang Nan became even more anxious, even tapping the door!

"Of course, speak, or I'll come in!" "Don't, don't come in, cough... Nothing... Nothing... Nothing! No clothes."

Emily Gale was really afraid of this guy coming in directly, and finally got over.

She hurriedly said: "I'm fine."

Jiang Nan breathed a sigh of relief, and immediately became unhappy!

"I've been calling for so long, don't you know what to respond?" "You're so annoying, I don't want to take care of it."

"You girl!" I really want to go in and knock on her forehead!

However, for the sake of her discomfort tonight, forget it.

Confirming that she is okay, Jiang Nan continued to flip through her phone and browsed articles on how to take care of the women who came to her aunt.

Not long after, he sent a message to Vince: "Buy me something..."

...

After ten minutes, Emily Gale got dressed and came out of the bathroom.

After taking a hot bath, my stomach didn't feel so painful, but it was still a bit uncomfortable.

She walked to the bed and wanted to fall down, but Jiang Nan helped her back.

"What?" Emily Gale gave him a push.

"I'm so tired and want to sleep."

"Your hair is still wet, how do you sleep?" Jiang Nan held her back and gently pressed her on the chair.

"Wait a moment."

After saying that, he immediately walked into the bathroom and came out with a hair dryer.

Plug in the power, and there was a blast at her head.

Emily Gale's face became stiff from being blown, and almost couldn't help kicking him away.

"Do you know how to blow? It's hot!" "Is it OK?" Is it easy for him to blow a girl's hair for the first time?

"Take it far, it's really hot."

"I see."

"I'm not feeling well, you are

Better, I am the patient and I am the biggest.

"..."

His attitude is not good, he is really aggrieved! "Be gentle!"

"...Slow insult!"

"Pay attention to your attitude."

" ".....Is this okay?"

"It's pretty much the same."

Ten minutes later, Emily Gale lay on his side on the bed, still covering his stomach.

It still hurts a bit. I have never tried it before. This time, I don't know why. Jiang Nan went to the lobby, no Knowing what is going on, a few minutes later, come in with something.

"Here.

"He put something beside her hand.

"What?"

Emily Gale looked up at him, then looked at the thing beside him.

"Warm water bag?"

"I checked. When you come there, put a warm water bag on your stomach to relieve the pain."

"Also," he thought for a while, and immediately turned around and walked outside.

After a while, he came in with a bowl of something: "Ginger brown sugar water, drink it quickly."

"You are so experienced."

Emily Gale smiled, sat up, took a sip of the brown sugar water.

The ginger tastes a bit spicy and warms the stomach.

After drinking the brown sugar water, I don't know if it is a psychological effect.

It really feels better. However. ...

She said: "When you searched the Internet, you must have not seen clearly. Ginger should not be eaten at night because it will affect sleep.

" "what?"

"He really doesn't know this, and immediately wants to take her bowl: "Don't drink, I'll get you another bowl, there is no ginger.

"No, I can sleep."

"Because he didn't understand anything, this bowl of ginger and brown sugar water was warmer when he drank it into his stomach.

After drinking it all in one breath, he handed the bowl back to him. Emily Gale was lying on the bed with a sweet feeling on the corners of his lips.

"It doesn't hurt anymore. I want to sleep for a while. Go ahead and do your job.

"It really doesn't hurt anymore?"

Jiang Nan was still a little worried.

She shook her head: "It doesn't hurt.

Jiang Nan took the empty bowl and walked out and gently closed the door for her. Emily Gale just closed her eyes, but the phone's ringtone rang out of time.

She took the phone and glanced at the screen, and her heart was shocked. Young Master Jackson?

## Chapter 298

So close, so far, "Look for me?" On the other side of the phone, Hunter Jackson's voice was a little different from usual.

There seemed to be a remote feeling, but Emily Gale could hear that it was his voice.

Even more like him than he at night.

Not knowing what the mess she was thinking about, she squeezed the phone and said seriously: "Yes, give me five minutes."

"I'm listening."

Magically, at this moment, the voice of Joseph was far away. , But, it seems to be very patient.

Emily Gale took a deep breath and said, "You were cheated by Kylena Gale, she is not the granddaughter of the old lady, I am!" Hunter Jackson was silent for two seconds on the other end of the phone.

Emily Gale was afraid that time would pass too quickly, and immediately explained: "The blood sample left by the old lady in the hospital. That day, I asked the second young master Jackson to take it out for me and take it to the hospital for identification with my DNA."

"If you were Don't believe me, I can give you the identification report. You only need to compare the DNA information that the old lady kept in the hospital, and you will know that the DNA identified with me is indeed hers." "Our identification results are related to each other. Now the identification report It's still in my hands."

"Who has read this report?" Hunter Jackson asked.

Emily Gale immediately said: "Me and Yang Yi."

There was no sound on the other end, and there was even no movement at all.

Emily Gale didn't know what he was thinking.

Before the change, she must be absolutely sure that Young Master Jackson would believe her.

However, after tonight, her confidence seemed to be hit with little left.

He was quiet again, and Emily Gale was particularly nervous when Young Master Jackson was quiet.

"If you don't believe me, you can take the sample left by the old lady and do DNA identification with me. I will be available at any time."

"As for Kylena Gale, she is indeed fake! I hope you will not be fooled by her."

Hunter Jackson still didn't speak.

The quiet, dead silence on the phone made Emily Gale very uncomfortable.

Every second, it was like waiting for the torture to come.

I don't know how long it took before Hunter Jackson spoke again: "I will report it to Aspen Li and I will compare it."

Emily Gale breathed a sigh of relief.

As long as he is willing to compare, it is not difficult to find out the truth.

"Okay, when will Aspen Li come to get it? I'm in the Jiang's employee dormitory apartment now."

"Tomorrow."

"Okay."

The conversation stopped here, as if there was nothing else. But Emily Gale held the phone, but couldn't let it go.

He was on the other end of the phone.

Although it was a long distance away, the phone was on his ear, as if someone was beside her.

The indifference tonight pierced her heart, but at this moment, his breathing seemed to be still by his side.

So far, yet

So close again.

Putting down the phone may be their respective ends.

Therefore, this mobile phone can't put it down, and this call is constant.

But in the end, Hunter Jackson said indifferently: "I have something to do, wait until Aspen Li compares, and then contact."

Without giving her any chance to respond, a beep came from the other end of the phone, and the call was over.

Emily Gale sat on the bed and watched the phone screen gradually dim, and finally, the screen went completely blank.

I should have calmed down a long time ago, but my mind is still tumbling.

Probably, it was the reason for that bowl of ginger soup.

It must be because of drinking ginger brown sugar water that I could not fall asleep over and over in bed.

I said that I shouldn't touch ginger at night, and after drinking it, I waited for insomnia.

So that night, she suffered from insomnia and wore panda eyes the next day.

The first sentence when I saw Jiang Nan was: "Blame your ginger brown sugar water."

As long as it is not for a certain man, she can face it calmly for any reason.

Jiang Nan felt a little guilty and brought the bowl in her hand to her: "Today I only boiled brown sugar water, no ginger."

Emily Gale is sour and sour. Jiang Er Shao is usually so shrewd. Why is it that these two days? Look a little silly?

"Without Young Master Jackson, would you still be my friend?" she asked while drinking brown sugar water.

Jiang Er Shao gave out a sentence: "Who knows?" Emily Gale wrinkled his nose and grunted before drank the brown sugar water in one breath.

When she put down the bowl, she rolled her eyes at him again.

"Drinking ginger brown sugar water in the morning is the most suitable, but why is there no ginger?" Jiang Nan thought for a while and almost slapped himself backhand.

People said that it is not appropriate to eat ginger at night, but eating ginger in the morning is good for the body.

He did it well, boiled ginger in the evening, but kept it in the morning, completely reversed.

"Sorry, next time, I will remember the order."

"Yeah."

Rarely, Emily Gale didn't laugh at him today, but nodded meekly.

"How's the stomach? If it still hurts, don't go to school today, I'll give you tuition."

Jiang Nan's eyes fell on her stomach, and he was not ashamed to ask her if it really came.

"Is your Second Young Master so idle? The company is about to close down?"  
"The dog can't spit out ivory."

"You spit out an ivory to show me?" Emily Gale chuckled and shook his head:  
"Okay, no It hurts, maybe something was eaten last night, the aunt did not come, Bai blinded your second young master Jiang's brown sugar water."

" ... "

Dare to love, this is Bai toss him for a whole night, it is completely that there is no right medicine?

He was a bit dissatisfied: "If not, would you still drink brown sugar water in the morning?" "Er Young Master Jiang boiled it personally. Of course you have to drink it.

It's so good to say it!" She carried her schoolbag and got into the car, looking at the person standing below He: "Hurry up

Hurry up, you will be late.

" "understood.

"Although from last night to now, I feel like a fool. However, be a fool. Seeing her healthy and healthy, it doesn't hurt or sad, and it's worth it.

The car just got out of the Jiangshi Park, Emily Gale's cell phone rang and it was Aspen Li.

She told Jiang Nan to stop on the road. Aspen Li was outside the park, waiting for her. Emily Gale had already put the appraisal report in his schoolbag and was ready to go. Aspen Li took it, read it carefully, and said carefully: "Miss Ranran, this matter is not trivial, it is true, I am afraid that someone will be against you, it is a misunderstanding, and it will be bad for you if it is spread out. So, please keep it secret, okay?

" "I know.

"Aspen Li was actually very polite and friendly to her. He didn't say false, only misunderstanding, that is to say, even if it is false, it is not that she deliberately deceived. He is really a good person.

"Miss Ranran, I'll go back first. In the two days I will retrieve the information from the hospital for comparison and let you know if there is a result.

"Okay, trouble you."

"She doesn't have to prove who she is, who she is, she has the final say. However, she must expose Kylena Gale's deception, even after the deception, she and Young Master Jackson are still strangers, it doesn't matter. What to give him?

"Jiang Nan walked over and watched Aspen Li leave with her. Emily Gale wanted to say something, but thought of Aspen Li's reminder, the words that came to her mouth still swallowed.

She shook her head and glanced at him: "I don't want to say."

"Well, let's go."

"Jiangnan took the lead to walk to the car, "Hurry, I'll be late."

## Chapter 299

In this age of face-saving, Emily Gale returned to school this time, and he was no longer facing the eyes of resentment.

Everyone sees her eyes a little weird, some are envious, some are still jealous, but more are amazing.

That's right, it's the stunning of boys.

This girl is more beautiful than the school flower, and even more beautiful than the first lady in Beiling.

The most important thing is that she wore the simplest and most simple clothes, without any makeup on her face, and she didn't even do her hairstyle specifically.

Men really don't like women with so many fancy things on their faces and bodies.

Simple, but beautiful, is the most perfect.

Emily Gale now is exactly what boys like most.

Su Xiaomi and He Lingzhi shouldn't be too excited when they see her.

It's been half a month since I saw anyone, and I kept saying that I was with No. 2 Young Master Jiang.

However, Jiang Er Shao didn't go to the company at all during this time, and everyone couldn't even see it.

"What happened that day? We were so anxious to death. Did you really meet the kidnappers?" "Yes, you want to tie Kylena Gale. Who wants me to be with Kylena Gale, even me."

Emily Gale I didn't want to disclose too much, so I just made an excuse at will.

He Lingzhi suddenly resented: "It must be the woman who exposed herself to the interaction with Joseph every day, and was targeted by someone with a heart."

"That was also what she asked for, living too high-profile, who is to blame!" Su Xiaomi was right. Kylena Gale has always had no sympathy, she muttered:

"Now, it's too much to hurt us, it's too much!" Emily Gale wanted to laugh a little, and it seemed unhumane to get Kylena Gale to blame.

However, the woman did live a little too high-profile, and it was okay to be a scapegoat.

"Yes, the worst is Kylena Gale."

The three looked at each other and couldn't help laughing.

"Let's go, class is about to start, hurry up."

Unexpectedly, just walking into the corridor of the teaching building, before entering the classroom, a boy walked towards him.

With a shy expression on his face, he walked in front of Emily Gale and suddenly handed a letter with both hands.

"You...I...Classmate Emily Gale, I like you and hope you can accept it!" He stuffed the letter into Emily Gale's hands, turned and left, as fast as a gust of wind.

Emily Gale has been in school for so many years, but this is the first time he has encountered such a thing.

I looked at Su Xiaomi, then at He Lingzhi, and finally opened the letter.

"What about the love letter!" Su Xiaomi whistled, "My God, there are still boys sending love letters these days!" Emily Gale was a little helpless.

Are you really looking at your face these years?

When she was ugly, she threw stones to death one by one.

Now she was restored to her original appearance and she was beautiful. Not only did she look so kind, she could even receive the love letter.

Is appearance really so important?

situation

The book was placed in the book, and she didn't look at it any more. Whenever she thought of something, the three of them walked into the classroom together.

"Of course, I will take a seat for you."

A boy sitting in the fifth row stood up and waved at her.

Everyone in school knows that the fifth and sixth row is the best place in the entire classroom.

The one in the front is too far forward and can't even doze off, and the one in the back is too far behind, making it a little difficult to attend class.

Someone will take the initiative to occupy her seat!

Is this treatment so good?

"No, thank you, I have a place."

Emily Gale smiled at him, walked straight to the back row, and sat down beside Qin Zhizhou.

But even though he refused, the boy didn't seem to be angry at all.

Even because Emily Gale smiled at him just now, he looked behind her stupidly, completely unable to recover.

Emily Gale is very helpless. Does he have to put on a ugly makeup again to live a calmer life?

Look?

What are these things in front of me?

"Of course, please eat snacks."

Two big bags were placed on the desk, and the boy was afraid that she would reject him, put down things and smiled at her, and left.

"Oh, do you want to be so happy?" Su Xiaomi and He Lingzhi sitting not far away were envious.

"I'm losing weight, let me give it to you."

She waved her hand, Qin Zhizhou, and sent it directly to the tables of Su Xiaomi and He Lingzhi.

Before the class bell rang, the two immediately began to divide.

Emily Gale looked at Qin Zhizhou and asked in a low voice: "I haven't been to the company recently, how is the new project development?" "Yang Yi's app has been developed and is still being tested. Xiaomi and Lingzhi have recruited many people. , I've been interviewing recently." In fact, during this period, as long as there is no class, all of their time is spent in the company.

Every day at 11 or 12 o'clock in the evening, I went back to the dormitory to take a bath and sleep.

This kind of life looks tiring, but it's not boring at all.

How can it be boring to have so many friends together, fighting together, working hard together?

“However, of course, there is something...”

Qin Zhizhou didn't know how to explain, after thinking about it, he still took out the printed personal design directly from his schoolbag.

“According to the requirements you said before, I rendered the portrait of the male protagonist in “My Mysterious Husband” with heavy ink rendering.”

“Promotional images?” Only promotional images need heavy ink rendering.

Unexpectedly, even the propaganda pictures came out, it was super fast!

“It's coming out, let me show you the renderings.”

But Qin Zhizhou's expression was still a bit strange, and the drawings were placed on Emily Gale's desk.

“Your requirements, hair length, hairstyle, eyes, eyebrows, eyelashes, nose, and mouth, this line of chin, face shape...”

Qin Zhizhou rubbed his eyebrows, and finally closed his mouth.

, Let her experience it slowly.

Emily Gale was stunned when he saw the renderings.

“This... was it really drawn according to my requirements?” I couldn't believe it.

Qin Zhizhou nodded: “Even if I can't achieve 100% of your request, but I can definitely achieve 90%. This is the effect.”

Emily Gale still couldn't believe it. coincidence.

“Perhaps, it was you...because you met him, so when I painted, I was...biased...”

“Of course, you can’t question my level, I am absolutely professional.”

It is about professional reputation. This point Qin Zhizhou must not be ambiguous.

He is in accordance with her requirements, not bad, even the length ratio of the hair, there is no slight deviation.

Anyway, there is no possibility of being biased, absolutely not.

The class bell rang, Qin Zhizhou straightened up, took out the textbook, and prepared to attend the class.

Emily Gale still stared at the rendering on the table, looking stunned.

I can’t believe it, but I have to believe it because the facts are in front of me.

No wonder Qin Zhizhou’s face was so weird, no wonder he didn’t say anything, but he wanted to say nothing.

In fact, she herself didn’t know what to say.

In the renderings, the man’s brows hide a trace of inherent coldness and nobleness, even if it is just a painting, it seems to be able to jump on the paper.

“My Mysterious Husband” is one of the head projects they are preparing to launch with comics and online dramas this year. Why does the portrait of the male protagonist look exactly the same as Mr. Jackson?

## Chapter 300

Why is this happening?

Just after the afternoon class that day, a few people were about to return to the Jiangs office building, Emily Gale's bell rang.

Aspen Li.

She trembled, and immediately answered the phone: "Aspen Li, how is it?" Aspen Li came in the morning to get the appraisal report of her and the old lady. Now, is it compared with the DNA information of the hospital system?

She was so excited that the fingers holding the phone were trembling, and her breathing took a while.

"RJenni..."

Su Xiaomi thought about it, but was pulled back by Yang Yi.

"Don't interfere with her, there is business."

Yang Yi thought for a while, and immediately looked at Qin Zhizhou: "God you are out today. You drive them to Jiang's family. I am going to go out."

"You too?" Su Xiaomi was a little unconvinced, why did Yang Yi know what happened, but she didn't?

"A little thing."

Yang Yi pushed Su Xiaomi, "Hurry up, we'll be back later."

Su Xiaomi was helpless, knowing that they really had something to do, so I didn't bother.

After a few people left, Yang Yi walked quickly to Emily Gale.

Emily Gale just hung up the phone and looked at Yang Yi: "I'm going to see Aspen Li."

"I know, I drove over and leave today."

The company gave each of them a new car for easy access.

"Okay, at Shangdao Coffee."

Shangdao Coffee is not very far from the school.

As soon as Yang drove over, he arrived in a few minutes.

When entering this coffee shop, something flashed in Emily Gale's mind.

When was the last time I came here?

It seems that Kylena Gale asked her out.

But Kylena Gale always felt weird that time.

There was nothing serious about asking her out, but she clearly remembered that she felt weird at that time.

It seems, deliberately want to do something, what exactly does she want to do?

When did that happen?

Has she faked her identity?

At that time...

"Of course, why don't you stand here and not enter?" Emily Gale felt that he was about to remember something, but Yang Yi interrupted his thoughts behind him.

Some pictures flashed past in my mind, and after being interrupted, they were all fragmented and I couldn't remember.

She shook her head and looked back at Yang together: "I have something to say to Aspen Li."

"I understand. I'll go to another table for a cup of coffee and wait for you."

Yang Yi has seen Aspen Li, and he leaves. Go to the distant table and get the waiter to order.

Emily Gale walked towards Aspen Li, unspeakably heavy at every step, but with extremely high expectations.

The mood is very complicated, very anxious, very flustered, restless, worried, anxious, excited.

There are all kinds of feelings, making her whole body bad.

From the entrance of the coffee shop to the place where Aspen Li was, it was a short distance of twenty steps, which turned out to be as long as a century.

It's not easy, finally in his right

Sat down.

"Drink something."

Aspen Li ordered her coffee long ago.

Emily Gale picked it up and drank half a cup in one breath, not thinking about how the coffee tasted.

"Aspen Li, how about it, is there a result?" Aspen Li looked at her, and when he saw her drinking coffee, even the corners of her lips were stained with coffee stains, and he didn't even want to wipe it off.

He tore off a piece of paper towel, handed it to her, and said softly, "First wipe your mouth."

Emily Gale immediately wiped the corners of his lips several times, holding the paper towel in his hand and pinched it tightly.

She was nervous, Aspen Li could tell.

He hesitated before taking out a report from the bag.

That was the report she gave him, the result of her and the old lady's appraisal.

"Aspen Li?" What does this mean?

Emily Gale didn't understand.

Aspen Li took out another report from the file bag again: "This is the DNA data that the old lady left in the hospital system. I don't know if you can read it."

Emily Gale felt uneasy, fingers passing by.

It shivered slightly.

She has received two reports. This is an extended detailed report.

She had never read it before.

Because DNA, these things, cannot be understood.

Anyway, just look at the final result.

But this time, Aspen Li said: "Miss Ranran, you can compare the two DNA information."

Emily Gale bit her lower lip, took the two reports, and looked at it seriously.

A lot of things are really incomprehensible, interlaced like mountains.

These English letters are too messy and too messy, every letter is known, but when combined, she feels dizzy.

But why, so many different places?

What does it mean?

"This is the DNA data you left in the hospital. I also called it out. Compare it with your own."

Aspen Li took out another copy and sent it to her.

Emily Gale took his own information and compared it with the information in the appraisal report.

The same, exactly the same thing!

Those graphics that she can't understand, although she can't understand them, she can at least see them clearly.

There is basically no difference between the arrangement and contrast of the two pictures.

"Why?" I was slammed by something in my heart, it was heavy, heavy, and... panic!

"What do you mean? Aspen Li, tell me, what do you mean? I don't understand, I don't understand..."

"Miss Ranran, there may be something wrong with this appraisal report."

"You want to say, appraisal The information in the report is not the old lady's, I made it up?" Emily Gale stood up abruptly, and slapped his hands on the table, so excited that he could hardly speak.

"No, no! Absolutely not!" "Miss Ranran, I know this, it is difficult for you to accept, but this information was adjusted by the hospital system.

There is absolutely nothing wrong with it.

"Aspen Li seemed to have expected her to react like this a long time ago, and he immediately stood up and wanted to pull her down to sit down. Emily Gale waved his hand vigorously and shook his palm off.

"Then you mean, I made up I wrote such a report to deceive you and Young Master Jackson, right?"

"Miss Ranran, don't get excited, sit down and speak slowly, I believe you won't..."

"What use do you believe in me?"

Facts speak louder than words, I fabricated a fake appraisal report!

"Oh, how could this be? How could it be fake? The blood sample, the old lady left in the hospital, how could it be fake? If it is fake, then why compare with her, it is really a kinship But Aspen Li shouldn't lie to her, why does Aspen Li use a false information to lie to her? She is now here to expose Kylena Gale's deception, it is impossible for Aspen Li to help Kylena Gale. Why is this? Why? "RJenni..."

When Yang saw that something was wrong with her, he rushed over and helped Emily Gale, who was faltering, "What's the matter?"

"The information they transferred from the hospital, grandma's DNA information, is different from the information in the appraisal report I have.

"Emily Gale doesn't know who else to trust now, but Yang Yi, at least, is on the front line with her.

They did the appraisal together and got the report together, Yang Yi knew it!  
"Impossible!"

"Yang Yi looked at Aspen Li and said decisively: "The sample clearly belongs to the old lady. How could the DNA information be different?"

Who are you lie to?

## Chapter 301

Are you relying on him too much?

"You are a master hacker. In fact, you can enter the hospital system yourself and see if I use false reports to fool you."

Aspen Li couldn't bear to see Emily Gale's decadence and paleness. During this time, she suffered too much.

It's hard.

"Miss Ranran, I believe you didn't mean to lie to us, but maybe, you really made a mistake."

Aspen Li nodded at her, then looked at Yang Yi: "You look at her, I have to go back and do things.

The young master..."

"Your eldest young master, do you think I deliberately lied to him?" Emily Gale looked at him, her stiff face showing no signs of expression.

Aspen Li moved his lips, wanting to say something. In the end, he just said indifferently: "I believe you."

He left, and Emily Gale's legs softened and he almost fell down.

Yang Yi helped her sit down and thought for a while. He angrily said: "It's absolutely impossible. Of course, let's get back in the car and give me some time. I'll go to the hospital's system to check."

Emily Gale was a little bit arrogant, just now Li Aspen Li only said that he believed her.

But she asked Young Master Jackson.

Therefore, Young Master Jackson also felt that she was deliberately trying to lie to him, right?

In the eyes of Young Master Jackson, he was a liar and a bad woman through and through!

Not only harmed the old lady, but also pretended that he was related to the old lady.

How did things become like this?

After all, what went wrong?

Yang Yi settled the bill and supported her: "Ranran, go, go to the car, I will find out for you!" Emily Gale looked at a loss, Yang Yi cleared up all the reports on the table before supporting her, Go out of the cafe.

After getting in the car, Yang Yi immediately opened his laptop and used his fastest speed to invade the hospital's database system.

With a name, it was still very fast to check the information.

It didn't take long before he tuned out the old lady's DNA information.

With the document Aspen Li sent over, he compared them one by one, and the more they compared, the cooler he was.

Same, really the same!

The information sent by Aspen Li is true!

That is really the old lady's DNA information!

He took the appraisal report and compared it with the old lady's information in the hospital system.

Not the same...really different!

why?

"Of course, we didn't lie, this is...this...this..."

He didn't know why!

After thinking about it, but unable to think of a suitable explanation, Yang Yi grasped Emily Gale's shoulders with a firm expression!

"Of course, we didn't lie, didn't you? Don't you know yourself? We didn't lie!"  
"I didn't lie..."

Emily Gale looked back at him blankly, but looked at him with a gloomy expression in his eyes.

"No! Right! We don't!" Of course, he couldn't accept such a big blow, he understood that he could even feel the same!

Because, this matter, from the beginning to

He has been with her since the end, he knows the ins and outs of the whole thing!

"The old lady's blood sample is real, so is you, and your relationship is real!"  
"Yes, my relationship with grandma is real."

Emily Gale looked down at the copies scattered on the seat On the report.

Yes, everything is true, but why?

"Could it be... the hospital's system information is fake?" "Yes, the hospital's information must be wrong! In the hospital system, the information belonging to the old lady must be fake!" Yang Yi clenched her shoulders tightly.

"Of course, you are not so easily defeated. You have to be strong!" "I'm fine."

Emily Gale sighed, shook his head, and pushed his hand away.

She leaned back in the chair, closed her eyes, and seemed to be adjusting her breath.

"It's just that the shock came too suddenly, and it was a bit unacceptable at once."

Yang Yi understood this feeling. If it was him, he would probably crash!

Obviously the winning ticket was in hand, as if he had been in contact with the sun, suddenly, he was pulled down suddenly, and he was also pulled directly into hell.

Who can hold it?

Who can do it without despair?

She needs a little time to adjust her state. Recently, she is really tired.

"Ranran..."

"I'm fine, really, first go back to Jiang's work, and later, I will find a way."

Emily Gale didn't even lift his eyelids, as if he was really tired and just wanted to rest.

There is a faint feeling of pain in the lower abdomen, and I don't know if it is because of the aunt's coming soon.

Why have things been so bad recently?

Yang Yi really wanted to comfort her, but how to comfort her in this situation?

In fact, although he was comforting Emily Gale, he was completely out of ideas.

Even if the information in the hospital system is determined to be false, what is the use?

Except for themselves, who wants to believe them?

The information in the system is already the most important information to prove a person's identity. Now that this information has been completely changed, what else can be used to prove it?

This matter, so far, is completely dead!

Who changed the old lady's information in the hospital?

Who is so great that can even do this?

Could it be Kylene Gale and the forces behind her?

So do they know it too, and they are investigating all this?

When he was approaching Jiang, Yang Yi suddenly stopped the car and looked sideways at Emily Gale.

"Are you... in danger now?" If those people knew that she was tracking this matter, then she would be really dangerous.

Emily Gale couldn't lie to him, even if he said it was all right, Yang Yi would not believe it.

When the two were relatively speechless, Emily Gale's cell phone rang, and when he picked it up, it was Jiang Nan.

"How? Where?

in?

I'll pick you up!

Today the company has something urgent to deal with, and it is too late.

"I'm at the door of Jiang's family."

"Emily Gale looked at the industrial park in front of him, his indifferent eyes could not find the slightest feeling.

"Second Young Master Jiang..."

Yang Yi thought for a while and suddenly said to the phone: "Second Young Master Jiang, I will send Ranran to the main building."

, You come with her.

"No need..."

"Well, I will come out now, and you will send her to the square outside the main building."

Jiang Nan hung up the phone without saying a word. Emily Gale looked at Yang Yi and disagreed: "He is actually very busy..."

"But he has enough ability to protect you."

"Although, Yang Yi has always felt that if God You can be with Emily Gale, it would be the most perfect thing. But God You don't know what he is doing recently. Every day seems to be very busy, so he will leave immediately after class. God You He has his own things to do, and he doesn't have the strength for the time being, and it is always good to protect him. However, the second master is different. People like the second master Jiang are rich and powerful, have everything, and have contacts. Yes. He is by Emily Gale's side, so he can rest assured.

"Ranran, you go back with Er Young Master Jiang first, and think about what you will do next, but no matter what decision you make, you must notify me.

The car stopped in the square in front of the Jiang's main building.

As soon as Emily Gale got off the car, he saw Jiang Nan rushing in.

The moment he saw him, a burst of sorrow and grief flashed across his heart, the feeling of finding a floating board.

It rises from my heart again. Recently, are you relying on him too much?

## Chapter 302

All over the world, she was the only one left, Yang Yi said nothing.

After seeing Jiang Nan and Emily Gale together, he sighed and got in the car and left.

The Second Young Master Jiang feels together with Ranran, really tacit understanding.

However, when he saw Jiang Ershao's relaxed look, he also saw clearly.

RJenni and Second Young Master Jiang...maybe there is nothing right now, but if they can understand this level of understanding, this kind of emotion will probably be maintained.

God...probably, only a sigh was left.

"What's the matter?" Jiang Nan stared at Emily Gale's face and frowned.

It was this kind of face that pretended to be strong, and got along for so long. Now, she has completely figured out her.

"I want to cry."

She didn't know when she started, and she learned to be presumptuous in front of Jiang Er Shao.

When I found out, I was used to it.

Jiang Nan didn't speak, and drove the car out of Jiang's park.

Emily Gale didn't know where he was going, anyway, he wouldn't hurt himself.

Now she doesn't have much sense of security.

She could not see who was helping Gale Kylene and who was controlling everything behind her back.

But Hunter Jackson had completely distrusted her.

He couldn't believe in himself anymore... I didn't know for too long, the car stopped, Jiangnan came down, and opened the door for her.

"Come down."

He stretched out his hand to Emily Gale.

She still didn't know where she was, no matter it was in her heart or in front of her eyes, it was a blank space.

He stretched out his hand and placed it in his palm.

Without waiting for her to get out of the car, Jiang Nan suddenly pulled gently, and she threw herself out of the car.

In a blink of an eye, he was beaten up and hugged.

"Jiangnan..."

Looking at his profile, she felt like she didn't know where she was.

It wasn't until he stopped and put her down that Emily Gale realized that they had come to the beach.

In front of me is the endless blue sea, and the sea breeze is blowing on my body, it is cold.

It turns out that the sky has already begun to cool down, and winter will soon enter the end of autumn after the late autumn.

Life, unconsciously, has gone through another season.

"Look."

Jiangnan pointed at the endless sea level.

"When you think you have nowhere to go, come and see the sea."

"Why... you want to see the sea?" "Because the sea is big enough, regardless of you You can go anywhere you want."

"But, I don't know how to swim."

Emily Gale squashed and felt wronged.

Why does everything seem to be aimed at oneself.

Why had he mastered everything, in the end, suddenly, he became the biggest scam.

Why, she really became nowhere to go.

"If you can't swim, how can I teach you?" Jiang Nan bent over, took off his shoes, took off his jacket, and threw it on the ground.

"Come here, I teach you

.

"Jiangnan..."

Before she could say her call, he had already strode towards the beach. In a blink of an eye, half of his body was soaked in the seawater.

"Jiangnan!"

"Emily Gale was dumbfounded. In this kind of weather and this kind of dress, he went to the sea and taught her to swim? "What's wrong?"

Don't you want to teach you how to swim?

Come here now and I will teach you.

Jiang Nan smiled lightly at her, such a smile, in the light of the setting sun, indescribably beautiful. Emily Gale looked at him with a sore nose. This man is so stupid! Really so stupid! She Suddenly squatted down, holding her knees, tears gradually streaming down. Finally, she burst into tears. Fate was too unfair to her, she seemed to be in a big, big vortex, and she was always there. Struggling.

After finally climbing up, she was suddenly pulled back by an invisible hand. This whirlpool still submerged her, completely and without reservation, swallowing her forcefully! She could never climb out again! , Even, I can't stand up anymore! The hospital's information system has been tampered with, how can I retrieve these information? I can't find it again! The hand behind her is too powerful, and she can't fight it alone.

She is so tired, she really wants to surrender! But, how can she surrender? She surrendered, and her identity can no longer be verified.

She surrendered, and grandma's death may never come to light.

She gave up, Kylene Gale and Those people can get away with it.

After they harm grandma, they can live a carefree life! No! You can't admit defeat! But, where is the way out? "Woo..."

Thin figure, thin body, blown by the sea breeze , Almost crumbling. Jiang Nan came back from the sea, returned to her, and squatted down. Emily Gale immediately hugged his arm, buried his face in his shoulder, and howled. Jiang Nan's big palm fell on her long. Send it on and rub it lightly. If you really can't

handle the pressure, then cry, he will guard her, and will always guard her. Emily Gale didn't know how long he had been crying until he cried. Tired or even sleepy, she tilted her head and fell asleep. Perhaps, half of it was because she was too tired, and she passed out. Jiang Nan took her back to the car and made sure her breathing was even and stable. , She let her fall asleep quietly. Last night, she didn't sleep well. When she got up in the morning, her eye bags were swollen and dark circles came out.

The heart was haggard all day, but at this moment, she could finally sleep peacefully. He Putting the co-pilot's seat down, Emily Gale turned over, found a more comfortable posture, and fell asleep again. He also put down his seat and lay down, looking at her sideways. Two people , Just across the middle of the car,

Obviously so close, but it seems so far away.

In fact, you can reach it with your hand, but you can't reach it.

He looked at her face, this small, pale face, full of fragility, but stubborn.

This little guy who is obviously very fragile, but still unwilling to bow to fate.

He looked at her quietly, not knowing how long he watched, the girl in his sight suddenly opened his eyes and met his gaze.

The moment Jiang Nan's eyes met, Jiang Nan felt a guilty conscience inexplicably.

I subconsciously wanted to stagger my gaze, but after meeting her gaze, I was reluctant to avoid it.

She looked at herself, her thin lips slightly opened, and her innocent look made his heart hot.

The whole world seems to have disappeared all at once, and this world is the only girl left.

Suddenly she bends her eyebrows and smiles at him!

Jiang Nan's breathing was disturbed for a while. I didn't know what she was laughing at. I only knew that this smile was so sweet and beautiful.

It seemed that in an instant, from his eyes, a smile entered his heart.

What is this girl laughing at?

"Jiangnan..."

She Nan Nan whispered, yelling like a call, with an irresistible charm, hitting his heart.

Why call his name?

On such a night, a low call completely broke the tranquility of the night!

The whole world seemed to be her voice alone.

His name, exhaled from her mouth, was so nice.

Jiangnan, Jiangnan, Jiangnan... Her thin lips opened slightly, seemingly magical, and penetrated his heart.

Staring at her attractive lips, Jiang Nan seemed to be in a demon.

Staring at that lip, the man unconsciously leaned towards her...
