

Love Through Time and Space

Chapter 33

Little thing, his business is endless when time is up?

What else is he doing?

Wouldn't it... Girls who have already had men are different. From Hunter Jackson's eyes, Emily Gale easily understood a little bit of information.

She was really a little flustered, the Hunter Jackson in front of her was completely different from the man who was cold-hearted and cold-hearted in his last life.

There was a suffocating possessiveness in his eyes at this time!

She hurriedly tried to escape, but her body was completely imprisoned by him.

The handsome face in front of him was magnified infinitely in his sight.

Her heart jumped wildly.

Heaven and earth conscience, she really wants to escape!

Reason tells her that she must escape.

However, when he approached, the only thing she could do was...close her eyes and slightly open her thin lips.

Really handsome, how can a man see this degree so well?

The long eyelashes were covered, and the fan-shaped shadow made him look like a gloomy prince.

But he is clearly a king!

A little loneliness, full of indifference, makes a woman feel distressed, and at the same time is maddened.

Does he... want to k*ss her?

Emily Gale didn't know when she closed her eyes, but she knew exactly what she seemed to be expecting.

Throbbing, throbbing in the chest...

"Ah!" I don't know when the car window was put down, and suddenly Aspen Li coughed.

Emily Gale was awakened and suddenly opened his eyes, only to see that he was still in Hunter Jackson's arms.

Young Master Jackson had a cold face, and there was no surprise in those deep eyes.

There is no trace of affection!

It turned out that just now, I was the only one who fell into it!

Annoyed for a while, she pushed hard, and this time she escaped from his lap smoothly.

As soon as I returned to another seat and sat down, before I had time to arrange my clothes, I saw a few figures approaching outside the window.

Su Xiaomi and Yang Yi, as well as Jackson Tianyou with gloomy faces.

Emily Gale immediately opened the door to go out, but behind him, there was Hunter Jackson's low voice: "Just go out like this?" This voice sounded a bit unpleasant.

What's wrong with going out like this?

Emily Gale has a big opinion on him now. Just now, he seemed to be moved, but who knows, in the blink of an eye, he is the cold-hearted man again.

The so-called emotion is only she herself.

It feels a bit humiliated.

She hummed, followed his gaze and looked down.

She was frightened by the scene before her and quickly turned around and hurriedly arranged her clothes.

When were all the buttons on her coat unbuttoned?

The clothes were loose and put on the body, almost everything was seen!

Damn bastard!

Button up the clothes as quickly as possible, and she sorted them out

Hair, hand fell on the door handle.

"Five minutes."

The man behind him said lightly.

"What do you mean?" She looked back at him.

Hunter Jackson leaned back in the chair, closing his eyes to rest, just as she had when she first arrived.

The two beautiful thin lips moved slightly, and an indisputable word overflowed: "Don't sleep outside with messy people."

"They are my friends, they are not messy people!" However, Emily Gale is now. Too lazy to reason with him.

With his character, if he insists on living with Xiaomi and the others tonight, maybe he will let someone carry her back?

"Humph!" With a cold hum, she pushed the car door open and stepped down.

"This car...so domineering!" Su Xiaomi's attention was all on the car.

When Emily Gale opened the door just now, he clearly saw the figure inside.

At a glance, it seemed that it was different from what he saw in the restaurant.

Young Master Jackson in the car now, cold and quiet, seems to have a somewhat chaotic atmosphere, it is really fascinating to pay for his life!

It's so lucky to be able to marry such an outstanding man, I really envy him!

"What are you looking at? Haven't seen a man?" Emily Gale stepped forward, blocking her sight.

In fact, she didn't know what she was blocking, but Hunter Jackson, who had drunk, was different from the usual coldness.

Tonight, his starry eyes were drunk, and there was a bewitching aura.

She didn't want other girls to see this side of Young Master Jackson.

"Emma, you can't even look at it, Emily Gale, are you stingy?" Although Su Xiaomi was complaining, she was not really angry.

Young Master Jackson is a natural person, anyway, he can only look far away.

"Are you going home with him?" Originally, Emily Gale had said that she wanted to see Young Master Jackson, but she and Yang Yi had actually thought about it, and they must be "going home".

But God blessed to worry about it.

After waiting for so long, I didn't come back, so I had to come down and have a look.

Now that people see their quasi-married couple being together, what is there to worry about?

"You want to go home, then we continue to go back to play!" Su Xiaomi took Yang Yi's hand and left.

The hotel suites are too luxurious, and there is a private infinity pool outside, they haven't played enough yet.

But Jackson Tianyou stared at Emily Gale and didn't mean to leave.

His gaze crossed her and landed on the car behind.

The windows of the car were closed, and everything inside was invisible from the outside.

However, he seemed to see the man, that proud and cold figure.

Even, he seemed to see the man's eyes, and now he was staring at himself with a sizing look.

Across the special car window that is clearly invisible, the eyes of the two men meet, indifferent and arrogant, they are all so incredible!

"God bless..."

..." Su Xiaomi called. Jackson Tianyou still didn't speak. Emily Gale didn't know what he was looking at.

The car doors were closed and the people inside could not be seen.

She walked over: "God, I'm tonight..."

"How is he treating you?"

"Jackson Tianyou closed his gaze back, staring at the girl standing in front of him.

"He..."

Emily Gale looked back and knew that he was referring to Hunter Jackson. However, how well Jackson Dasho treated her, this It's really hard to say. People just don't like her.

It's really hard to like her in marriages set by her ancestors. But apart from these, what a man can give her, except for feelings, was basically given in the previous life. .

"She nodded. Money, as much as she wants, she doesn't want it. Joseph does not engage in domestic violence and does not engage in relations between men and women. Is this all right? Jackson Tianyou moved her lower lip, as if she did. He wanted to say something, but in the end, he swallowed everything back into his stomach. Seeing a strand of broken hair falling on Emily Gale's face, he stretched out his hand, trying to pin her hair behind his ears.

The door of the car was suddenly opened, and the man took a long leg and got off the car. Young Master Jackson, who had drunk, had a starry eye with nothing but coldness, and there was a bit of misty color tonight.

The bangs are a bit messy in front of the forehead, a bit less serious in the cold, but a bit more wild.

A man who is so good-looking and so charming that Su Xiaomi and his like are stunned at first glance. With an irresistible domineering, she walked behind Emily Gale.

She stretched out her long arms and pulled her directly into her arms.

"Little thing, five minutes is here!

Chapter 34

Is he a terrible person?

She was taken away just like that, with no resistance.

After getting in the car, Emily Gale remembered what he wanted to explain to Su Xiaomi, and immediately called her.

"Xiaomi, you must listen to what I'm saying now!" "The day after tomorrow you can't leave school anyway, just stay in the dormitory, you can't go anywhere, can you hear it?" "The day after tomorrow? Isn't it your engagement day? Su Xiaomi on the other end of the phone seemed to be dissatisfied, "Emily Gale, you are enough! Are you not planning to invite us?" If you didn't know before, how can you still stay at home?

"I..."

Emily Gale thought for a while, and then said, "No, you can't come. Haven't you all seen Young Master Jackson? He is so terrible, what are you doing?" Why is his neck a little bit chilly? ?

However, for Su Xiaomi's safety, Emily Gale can't care about anything now.

"In a big family like Jackson's family, it is not my turn to be the master of the engagement. I did not entertain anyone, including you."

"You have to listen to me about this. No matter what happens the day after tomorrow, you can't leave school. Have you heard? "Su Xiaomi still has a bit of resentment, and Emily Gale aggravated his tone: "Su Xiaomi, if you don't obey, we will break our relationship!" "Okay, well, I am obedient. If you stay in school, you can't be harmed?" I don't like them, these poor students, and they are not allowed to entertain them in such infamous roles.

In fact, everyone knows, what status can Enron have if you marry such a rich family?

They didn't want to embarrass her either.

"I will be obedient, and we will celebrate with you when you invite us to dinner in the future."

Su Xiaomi said with a smile.

Jenni knew that she had misunderstood and thought it was Young Master Jackson who did not allow her to entertain her friends.

However, at this point, I would rather Xiaomi misunderstand than let her get involved.

"Yeah."

She nodded before hanging up the call.

As long as Xiaomi does not leave the school the day after tomorrow, there will be no danger.

She can't let the tragedy of Xiaomi's previous life happen again, absolutely can't!

After hanging up the phone, I realized that the air conditioner in the car seemed to be turned on too much. Emily Gale subconsciously pulled on his clothes, and was almost scared to death on the side of his head!

What is Young Master Jackson staring at her for?

The most frightening thing is, how did his eyes become so cold?

Among them, there is still a trace of dissatisfaction?

What did she do?

"I'm a terrible person, even if you want to entertain two friends?" The man squinted his eyes, staring at her and smearing an uneasy face: "Huh?" "I, I'm kidding."

It's not. Do you want Su Xiaomin not to leave the dormitory the day after tomorrow?

It's not intentional to say bad things about him.

Hunter Jackson's gaze stayed on her face for a while before she closed it slowly: "Driving

.

"Yes, young master."

"Aspen Li stepped on the gas pedal.

The car pulled out from the hotel parking garage. In the rearview mirror, Su Xiaomi stood between Yang Yi and Tianyou, looking very small and exquisite. Xiaomi... Emily Gale squeezed his palms. In the last life, I was the one who killed you. In this life, I will definitely not let you do anything! Never! ...

"Cousin, you must help me this time, Emily Gale is too much!

Ye Fangfang stood by the bed, so angry that she kept wiping her tears.

The most annoying thing is that her card was really wiped off by hundreds of thousands, hundreds of thousands! "Jackson Yuxuan is also a bastard, invite me out to eat, in the end I have to pay for it myself, crazy!

"Kylena Gale was lying on the bed, applying the repairing mask prescribed by the doctor. Today, she was slapped twenty times, and her face was swollen like a pig's head. Fortunately, there was nothing else except a little crack in the corner of her lips. Broken.

After treatment for a whole day, the redness and swelling have basically disappeared. However, in order to be able to see people at the banquet later, Kylena Gale still continued to apply the repair mask for safety. Ye Fangfang cried with tears and snot. : "The bastard will invite me again, I said I don't want to go!

Ignore him again!

" "Ok.

"Kylena Gale nodded, still saying nothing.

"Cousin, if they treat you like this and bully me, are you really not angry at all?"

"Ye Fangfang stomped her feet with anger.

"My aunt was sent abroad, and I don't know how it is now!"

It was Emily Gale who killed him. How can you be so calm?

" "if not?

"Kylena Gale was a little annoyed by her quarrel, she tore off the mask paper and threw it into the trash basket.

She walked to the dressing table and gently massaged her face. Now a face has recovered its luster, white and red. , Exquisite and flawless, still dazzlingly beautiful. Kylena Gale is really beautiful, even Ye Fangfang looked at her face in the mirror and couldn't help but admire.

"Cousin, you are really beautiful..."

She thought for a while and gritted her teeth again: "Only a beautiful girl like my cousin is worthy of Young Master Jackson. What is her Emily Gale?"

"Jenni is Young Master Jackson's fiancée, Fangfang. You can eat anything but you can't talk nonsense.

Kylena Gale stared at herself in the mirror, with a hint of hatred passing through her eyes. But her face was always softly smiled: "Jenni is my sister, how can I think of her fiance?"

"She's just taking a sh*t, if it wasn't for the old lady of the Jackson family who insisted on marrying her, how could he marry such an ugly monster!"

"Cousin, you are too kind to be bullied by Emily Gale everywhere. Look, now even my aunt has been sent abroad!"

"Your cousin's skills are not as good as others, and she doesn't play tricks. What can you do?"

"Kylena Gale sighed slightly

sound.

"You... alas! Are you going to be bullied by her all the time?" Ye Fangfang was not convinced!

"Forget it, Fangfang, in fact, Jenni is not a bad girl, probably because she was taught by those friends and friends."

Kylena Gale turned around to look at her and smiled: "However, their relationship is really good, Jenni I used to say that for her friend, she could not even kill her."

"For those people, she could not even kill her?" Ye Fangfang frowned, wondering what she was thinking.

Kylena Gale smiled again: "Yes, if something happens to some of her friends, maybe she can even drop the engagement banquet and go directly to save people."

"She had gone missing after having played the last engagement banquet. If she disappears again this time, I don't know if Young Master Jackson will want her."

Kylena Gale flicked her long fingers on her cheeks, turned her head, and looked at Ye Fangfang's thoughtful appearance from the mirror.

She laughed: "I have to remind her again tomorrow. This time, I must not make any more mistakes. Otherwise, Mr. Jackson will definitely dump her.

Then, he will be very pitiful."

Is she okay?" Ye Fangfang clenched his fists.

Kylena Gale glanced at her: "Why is it my sister? I hope she can be happy."

She walked aside, took out a card from the drawer, and stuffed it into Ye Fangfang's hand.

"Okay, isn't it a hundred thousand? There are hundreds of thousands here. Take it to spend."

"Cousin, you..."

"Cousin always loves you the most, take it."

Kylena Gale shook her hand : "Go back early, go out tomorrow to swipe as much as you want, and you will feel better."

"Cousin, you are so good."

Ye Fangfang held the card tightly, with a touch of expression on his face: "I won't let people bully you, I won't!" Such a kind cousin must not be bullied by Emily Gale's b*tch!

Emily Gale, just wait and see, I will definitely kill you!

It will not give you a chance to hurt cousin!

"Okay, go back and rest early."

The moment the door was closed, the smile on Kylena Gale's lips disappeared instantly.

She wants Emily Gale to be happy?

Heh, Emily Gale is happy, what should she do?

Today's hatred of twenty slaps, hasn't been reported yet?

Emily Gale, after she framed her, she still wanted to get engaged with Young Master Jackson with peace of mind, she wanted to be beautiful!

Chapter 35

The good cabbage was all over by the pig on the day of the engagement of the young Master Jackson and Miss Gale.

This sensational engagement banquet for the entire business community in Beiling was once again held in the same hotel three days later.

In order to show respect for Mr. Jackson, the guests entered the venue early.

As soon as the genius was dark, the entire lobby was full of guests.

Emily Gale, accompanied by the maid, went to the dressing room to apply makeup.

Outside, there was a loud voice.

When the Jackson family arrived, everyone from the old man to the young lady from the side branch was the target of everyone.

The men seized the opportunity to strengthen various big figures in business.

And the women, all dressed up carefully, especially the girls, all showed their most beautiful side, and they are about to make their name in such a feast.

"I heard that Miss Gale Er was beaten by Miss Gale Er not long ago."

"What? Miss Gale San beat Miss Gale Er? Why?" "Isn't it because my sister is so beautiful that she robbed her sister of the limelight?" "It is said that Miss Gale San looks very ugly, and Miss Second is simply a beauty like a fairy."

"Unfortunately, it is Miss Third who is married to Jackson Da Young.

There is an ugly and vicious person who will have power in the future. Sister, how can the elder sister have a good life?" "The second lady should be protected and pitied. How can we make her suffer such grievances?" The men cherished the first lady of Beiling, Kylenea Gale, because "Miss Gale San The rumors of hitting Miss Gale Er" were unprecedentedly high.

When Emily Gale came out, various discussions kept ringing in her ears.

"This is Miss Gale's Third Miss. Look, even if you put on makeup, you still can't hide the freckles a little."

"Really, how could Jackson Dasha be engaged to such an ugly woman? It's like a flower on the cow dung.

"The good cabbage has been swept away by the pig!" How angrily, how unconvinced!

Emily Gale sat down in the corner and played with her mobile phone.

Those discussions sounded not far from her ears, but she heard them, but didn't take them seriously.

This indifferent attitude made everyone hate even more.

"...I don't have any shame!" "Yes! This kind of ugly and bad woman, Mr. Jackson will abandon her sooner or later!" Emily Gale opened Weibo and looked at it.

A bunch of people cursed her for early death, even Someone posted pictures of her "promiscuity" in the past, saying that the number of men she played with was uncountable.

Because of a young Master Jackson, she will become a celebrity.

After reading Weibo for a while, she felt bored.

She simply opened the mini game and played slowly by herself.

The phone's ringtone suddenly rang, it was Aspen Li.

Emily Gale connected the phone, and Aspen Li said, "Madam, the young master wants you to go to the lounge on the second floor."

"Okay, I'll come right away."

I hung up the phone, ignoring the complaints around me.

With a look of disgust, Emily Gale walked towards the elevator.

I haven't seen Hunter Jackson for two days. Since living in his villa that day, I know that they have not seen each other now.

The banquet is scheduled to start at eight o'clock. I don't know what Joseph is looking for at this time.

Of course Emily Gale would not think that Young Master Jackson was looking for her to review something.

The two things in the car were just accidents.

The first time she was drugged, and the second time he drank too much alcohol.

After waking up from the wine, it was too late to avoid her ugly. How could he approach her?

This is also good, at least, she will not repeat the tragedy of the previous life.

As soon as he got out of the elevator door, Aspen Li, who was guarding outside the lounge, opened the door and said to her: "Young lady, please, young master is waiting for you."

Emily Gale nodded and walked in.

The door was closed behind him. In the room, Hunter Jackson was sitting at the table with a notebook on the table.

On the day of the engagement, he was still working. Young Master Jackson was really busy.

A few days ago, because of the accidental entanglement, the little entangled heart finally calmed down completely.

Nothing has changed, he is still the cold-hearted Young Master Jackson, and she should really give up.

Tonight's Hunter Jackson is almost the same in peace, and the dress is always strict.

But this man is hard to resist.

Any time you see him, you will feel that he is handsome again.

It is simply a deadly evildoer!

"Young Master Jackson, are you looking for something to do with me?" Emily Gale's attitude was not enthusiastic.

"On the two days in my villa, I checked the surveillance of the villa. I walked in the backyard three times at night, and for the third time, I brought my wallet, ID and mobile phone. Do you want to escape?" Hunter Jackson's line of sight never looked away. When the laptop screen was moved away, his voice was the same as usual, and he couldn't tell whether he was happy or angry.

Emily Gale's heartbeat missed two beats in an instant!

Although he ignored her at the villa, he knew exactly what she did.

Originally, she really wanted to escape, but she didn't want to be engaged to him at all.

But when she thought that all her friends and relatives were in Beiling, she fled, and it was very likely that they would be involved, she was hesitant.

For the last time, I walked to the blind spot of the surveillance and avoided the bodyguards patrolling, but in the end he slipped back into the room.

"Really don't want to be engaged to me?" After observing for two days, I finally believed that this girl was really not playing a playful role in front of him.

From the night of the first engagement banquet, she seemed to have changed, becoming...very different from before.

"If I can, I really don't want to be engaged to you."

Emily Gale told the truth.

"You have no choice."

The man's words were no different from three days ago.

Emily Gale pursed her lips. Since this is the case, what else is there to ask?

Joseph

Bei finally took a look at her, and then casually threw an agreement on the table.

"I believe you don't want to get married now, so you can consider signing this agreement."

"Agreement?" Emily Gale was taken aback before walking over, picked up the agreement, and quickly scanned it.

"As long as you agree to get engaged, regardless of whether you will get married in two years, you will give me 10% of the shares of Confucius Chain?" Emily Gale couldn't believe his eyes, Confucius's 10% of shares!

Isn't it true that you can live in luxury if you are lame in the second half of your life?

No, more than enough for ten lifetimes!

"After the engagement, we will live our own lives without interfering with each other, but we can't leak any flaws in front of Jackson's family..."

She understood that it was Hunter Jackson who didn't want to make grandma sad. He really did it for her.

However, the salary is too high, she is a bit ashamed!

"Since you don't want to marry me, then this agreement is not a bad thing for you."

Hunter Jackson closed the notebook and looked at her face after putting on makeup.

"Being engaged, as long as you stop thinking about the messy escape plan and keep my grandma away from my grandmother, I promise that your life will not be affected after the engagement."

Emily Gale hesitated a bit.

She was not afraid that her life would be affected. , Young Master Jackson is so busy, she doesn't care how she lives.

What she fears is that day and night, the tragedy of the previous life will continue. This man is too easy for people to commit crimes!

Do not!

Is her Emily Gale such a person who can't stand temptation?

Isn't it just a man?

Finally, she bit her lip: "Okay, I promise you!" This should be the best result!

There is no need to run away, nor is it a real engagement, it kills two birds with one stone!

But Hunter Jackson felt uncomfortable inexplicably when he saw her sigh of relief.

The agreement was made by herself, but after she knew it was a fake engagement, not only did she not feel sad, but she seemed very happy?

This look really makes people... a bit uncomfortable in my heart.
