

Love Through Time and Space

Chapter 333

Mine is your second master Jiang is here.

The three girls were taken aback, and the originally noisy office area suddenly became quiet and quiet.

I don't know why, I didn't feel it before seeing it.

However, seeing him walking towards him this time, Emily Gale's face became hot and she was a little uncomfortable.

"Why don't you speak anymore?" Jiang Nan came to the three of them.

Su Xiaomi bit her finger and suddenly remembered what he had just said.

Suddenly, his eyes lit up and he said in surprise: "So, Second Young Master, have you admitted that you are in love with Ranran?" Jiang Nan didn't say a word, his smiling eyes locked on Emily Gale's face.

"She was pregnant for me, can I still not admit it? I still don't want to be scolded by a scumbag."

"What are you talking about? Am I trying to help you out?" Emily Gale flushed even more.

Glancing at him, she suddenly became a little nervous: "How is it? Has the matter been negotiated? Why did it end so soon? Does he still not agree?" "Cooperating with our Jiang family is also of great benefit to them. Why didn't you agree?" "Then you..."

"Boss Zheng was suddenly in a hurry and went back first, but for the contract, Vince and their general manager are revising the project, and the project has been implemented."

Jiang Nan said lightly, and The huge amount of this project combined, so that his tall image suddenly rose a bit!

Men are particularly rich, which in themselves is a kind of charm.

A rich man who is handsome, has a good body, and even has a superior temperament, so his charm is really boundless.

Even Su Xiaomi and He Lingzhi were drunk to death under his magic power, almost unable to wake up.

Emily Gale patted the two foreheads lightly. Seeing their nymphomaniac appearance, he barely rolled their eyes.

"Can you be more serious?" "Where is it?" Su Xiaomi hugged his forehead and stared at him: "Don't you just look at it twice? I can't bear it!" "Look, I've posted it now. You are not allowed to look at the natural label!" He Lingzhi said fiercely.

"Could it be that you didn't watch it?" Just now, who was looking at the Second Young Master Jiang, like a nympho.

He Lingzhi blushed without comment.

Everyone has a love for beauty, a handsome man, such a seductive superb man, does not look at it for nothing.

"By the way, the second young master, last night's dinner was to celebrate the high ratings of our show, and it has nothing to do with your dating!" "That's right, this love treat is customary, and you can't be sloppy."

"Is it?" Jiang Nan watched it, but Emily Gale was always alone.

Emily Gale wished to roll his eyes at him: "Listen to their nonsense."

"Are you reluctant to spend money with your man? Emily Gale, I didn't expect you to be such a person.

Sex is inhuman!

"That's right, you value sex over friends, Emily Gale, I want to break your friendship!"

Su Xiaomi stuck her waist in her waist with an angry expression.

"I'm just like this, what's wrong?"

Not to be outdone, Emily Gale pointed to them: "I cheated him yesterday for no reason. Now, do you want to continue?"

"Isn't the money people earning hard?"

It didn't fall from the sky!

"Emily Gale, it's too much for you to help your man so quickly!"

"Yes, are we still friends?"

The two girls stood on the same front and came back fiercely towards her. Emily Gale always stood by Jiangnan and stood firm.

"I didn't help anyone, anyway, you can't just cheat him!"

"Sniff!"

"Su Xiaomin scolded. Emily Gale disagrees: "How about I being stingy?"

He Lingzhi looked unconvinced: "It's not spending your money!"

Emily Gale took it for granted, "His is mine!"

"..."

The whole world seemed to be quiet for a moment.

The three arrogant girls also stopped in a daze because of these words. What did Emily Gale just say? She seemed to herself. I forgot, what did she just say? His... is mine? Oh my god, isn't this admitting some ulterior relationship? "No, I didn't mean that, I..."

Suddenly, The man hugged her gently from behind. He lowered his head, his face buried in her neck, with a gentle smile, almost drowning you.

"Well, mine is yours.

"..."

The atmosphere tonight is obviously not quite right. In fact, I can't tell what's wrong, but that is, I feel the atmosphere is weird, there is a feeling of some kind of atmosphere lurking. Jiangnan is the same as in the past, after returning, change clothes After that, he began to wash his hands and make soup. Forgot to say that during Emily Gale's "confinement" month, Jiang Er Shao went from the kitchen Xiaobai who habitually made dark dishes to the level of a senior chef.

The three dishes and one soup made every night are not only delicious, but also in line with Emily Gale's taste.

The soup is always in different styles, warming the palace, warming the stomach, replenishing energy, calming the mind, and Beauty.

All kinds of nourishing soups are more professional than those of concubines.

It is said that they are all learned from the information on the Internet, and they are completely self-taught. In just one month, the progress is amazing, and it is amazing.

After Emily Gale changed into a set of home clothes, she walked to the kitchen and habitually helped to get her hands off.

As soon as she put the vegetables on the dish, Jiang Nan stopped and said: "The doctor said, you can't touch the cold water, just leave it alone. .

"What the doctor said, Jiangnan has always been a sacred decree, of course, when it was used on her.

"The doctor said that you have a bad stomach last time.

To eat on time, why do you often work overtime and forget to eat?

"Emily Gale muttered a small mouth, which is obviously a different treatment. Why didn't he know and take what the doctor said to him at heart? "I have eaten regularly."

Jiang Nan smiled and snatched the dish washing plate from her hand.

"If you are bored, go outside to watch TV and wait for me for an hour, soon.

"How boring watching TV is."

""Meaning, it's not boring to look at me?"

He smiled, "Sure enough, it's because you are too handsome?"

"..."

What do you do with getting more and more narcissistic? Anyway, it has been like this every day for the past month or so. He was busy in the kitchen, she

stood by and watched, occasionally stealing some food. Very plain, but in this plain, there is some sense of peace and tranquility. Sometimes Emily Gale also thinks, in fact, such a day is also very good.

There is no need for excitement, as long as it is quiet and peaceful. , Anning, occasionally, a little warm.

After eating and drinking, Emily Gale returned to her room.

Actually, she had an idea tonight.

She had already thought about it earlier.

The days of "confinement" are over. , Is it time to move back to her apartment? This is not her place after all, and they don't seem to have any special relationship.

Anyway, living with him is a bad name... Emily Gale doesn't know. What are you thinking, why would you think of something like justifiable things? Just a friend, what do you think so much? Just about to go out, I turned around and saw a slender figure leaning against the door. Emily Gale was startled, subconsciously wanting Don't turn your face away, avoiding his gaze. Jiang Nan looked serious, even with a little serious aura: "Of course, there is something, I want to talk to you.

Chapter 334

Let's be together Jiang Nan's serious face made Emily Gale feel a little flustered.

She pulled her dress slightly with her fingers hanging beside her.

She had obviously been with him for such a long time and knew each other so well.

But at this moment, because of the seriousness in his eyes, suddenly, it seemed that he still didn't know enough about him.

"Is...what do you want to say?" "You look a little nervous."

Jiang Nan smiled, which was also invisible.

"What are you nervous about?" He walked in and shut the door behind him.

Emily Gale glared at him, "Who said I'm nervous?" What's so nervous, being together every day!

"Don't be passionate about yourself."

She turned around and packed up the things on the desk, "What do you want to say, hurry up, I want to work overtime later."

"Now the work is on track, and the company's employees are temporarily Enough, what work overtime for the night?" Jiang Nan walked towards her.

Although Emily Gale didn't look back, he could still feel the breath of his approach.

A unique breath that belongs to him, after getting close, can make people feel at ease, even calm.

He was already standing behind her, but he kept silent, as if just watching her pack things.

In fact, there is nothing to clean up, Emily Gale just has nothing to do to distract himself.

The feeling tonight is a bit different from usual.

It's all because the guys in the office said something inexplicable, otherwise, they will get along without any problems.

But he kept standing behind her without speaking, silent, what is this?

"That," Emily Gale thought for a while, but took the initiative to break the silence.

"My body is already healed.

Actually, I can be like a normal person now. I don't need someone to take care of it. Really."

"Huh?" His breath seemed to get closer, but because he has not looked back, Emily Gale doesn't know. What is he doing.

Only by feeling, know how close he is on his own.

"I mean, can I actually... move back..."

Suddenly, Emily Gale's voice was completely cut off.

She lowered her head and looked at the hands that hugged her waist, her heartbeat speeded up frantically for an instant.

What does he... mean?

"Jiangnan..."

"Let's be together."

Jiang Nan buried his head between her neck, smelling her unique fragrance, and he closed his eyes.

Some words have been hidden in my heart for a long time, but I have never had a chance to say them.

His voice was a little heavy, and there was a hoarse that could easily fascinate women: "You have already seen him, do you want to return to him?" Emily Gale was shocked, that "he" made her just imagine, shaking all over in panic.

Jiangnan clearly felt

Her uneasiness, his hands and arms, put her in his arms even harder.

"Are you afraid? You... why do you become so afraid of him?" "Jiangnan, I don't want to..."

"Do you want to mention it, or don't want to go back?" He obviously held her, but he still didn't give her any pressure.

"I'll give you another chance.

As long as you want to go back, I will find a way to let him know the truth about the whole thing, but you only have a chance tonight."

What do you mean?

Emily Gale couldn't understand Jiang Nan's words.

He seemed to be able to guess what she was thinking, smiled, and the warm breath fell on her neck, making her feel flustered.

"Give you another chance to go back. If you miss it, I will... never let go!" Emily Gale's heart trembled and subconsciously wanted to push him away.

But the man's two arms, like steel, confined her tightly, not allowing her to be pushed away.

"Unless, you decide to go back."

"I have no possibility with him!" She can't go back!

Young Master Jackson was completely unable to climb high, and even if the misunderstanding was clearly explained, the child was indeed gone.

Hunter Jackson hated her, and hated her no more.

What can I do even if I go back?

It is still the same as in the past, becoming his burden and bringing disaster to him forever.

In fact, this is, perhaps, the most perfect result.

"Don't want it?" Jiang Nan's voice was like a curse, making her unable to get out of it for a long time.

Don't want to?

Really don't want to?

Maybe, I just can't think about it.

"If you don't want to go back, then don't give him any room for fantasy."

Jiang Nan suddenly let go of her, put his hand on her shoulder, broke her whole body, and faced himself.

Emily Gale realized that the two of them were already so close.

Their bodies almost even fit together.

"You..."

Her hand subconsciously pressed against his chest, subconsciously, always trying to push him away.

"Still can't accept me?" Jiang Nan suddenly moved forward, and the two of them were even closer.

She hid back, a little flustered: "I didn't...I didn't think about it."

"Then now, think about it."

He thought that he had given her enough time.

Unexpectedly, after these words were spoken, she still frightened her.

"Now?" Emily Gale widened those jewel-like black and bright eyes. Can you think of this kind of thing right away?

"I thought my performance was clear enough."

Besides her, did he treat the second woman well?

"The Jackson's family is too complicated, it's not where you should be. If you still want to, I won't stop it, but if you don't have the obsession to marry him, then the Jackson's really shouldn't be your first choice.

"He is shallow

Laughing, as if you are selling, whispered to her.

"But my Jiang family is different.

Although the Jiang family is also very complicated, this is a common problem of the wealthy and there is no way to avoid it."

"But the Jiang family is simpler than the Jackson family in that we only have one mother. You understand me. Meaning?" Emily Gale raised his eyes and met his gaze, a little disbelief.

She understood what he meant.

Although Dad Jiang came from a wealthy family, he only had one woman, that is, the mother of their brothers.

Unexpectedly, Dad Jiang was such a dedicated man.

In such a wealthy aristocrat, it is really rare.

Even their Gale family, in front of the Jackson family and Jiang family, are so small, but their father McGraw Gale also has many women.

Miss Gale's family has been abroad for many years, but she was also forced by Siniya Ye's mother and daughter, and she is still reluctant to come back.

The eldest sister's mother was McGraw Gale's original wife, but Siniya Ye was so angry that she couldn't afford to be ill, and she died at a young age.

Siniya Ye, who was now McGraw Gale's woman at the time, became an official wife.

And her mother, Sang Qing, is said to be McGraw Gale's friend.

Since childhood, Emily Gale has had no affection for rich men.

But Dad Jiang... With that said, he is about to become her idol!

"My parents are very easy to get along with.

After you meet them, you will definitely like them."

Jiang Nan held her hand seriously and firmly: "Give me a chance to prove to you that not all wealthy daughter-in-laws are To live so hard, my daughter-in-law of the Jiang family can live easily... OK?"

Chapter 335

Do you love me?

To be their Jiang family's daughter-in-law... In fact, in the weird atmosphere tonight, Emily Gale was already prepared for what Jiang Nan would say to him.

But, she originally thought, what he would say, is to try to socialize?

In fact, do you have a little expectation, really, really not.

She and Jiang Nan belong to that kind, because they get along for a long time, and because they know enough about each other, they feel that there is no difference between being together and not being together.

At least, for Emily Gale, that's how it feels.

As she had thought before, if it weren't vigorous, then the long flowing water was also a kind of emotion.

Especially during this period, Jiang Nan has been taking care of her.

She didn't know if it was out of a kind of repaying mentality, or if it was a matter of course, she didn't even refuse such progress.

But, the Jiang family's daughter-in-law, this title is a bit heavy.

"Jiangnan..."

"Is it unacceptable or disgusting?" Jiang Nan stared at her jewel-like eyes, straight, as if he could directly see her deepest soul hidden in her heart.

After Emily Gale was taken aback, suddenly, the whole person was relaxed.

Nothing can be hidden from his eyes. If we say that everyone has no lover in this life, then being together is actually quite good.

"Not disgusted."

"I knew it."

"Heh!" I really wanted to roll his eyes.

But there is a question. Emily Gale suddenly became interested: "Do you like me?" "Of course you do."

If you don't like it, what will you do when you are a wife?

"Do you love me?" Jiang Nan was still stunned. He stared at her, looking at her as if he was looking at something new and strange.

Love?

This word seems to have been heard, but I have never touched it.

What the hell is love?

After a while, Jiang Nan said: "I will not cheat, will not abandon you, will not take the initiative to divorce."

"And then?" Is it possible to do this, even if it is to love a woman?

"Then?" He suddenly felt that this topic was too profound to discuss.

"Second Young Master Jiang, do you know what it means to love a woman?"
"My body is impulsive to you."

Maybe, this is a kind of love?

Doesn't it mean that men love women, starting from loving her body?

It seems, when have I seen such a statement on the Internet.

Emily Gale wanted to laugh a little. Is the Second Young Master Jiang too upright or presumptuous?

Anyway, it's silly.

"So you think that you... have an impulse towards me, just love me?" "Do you have to figure this out?" Isn't it good for two people to feel comfortable and happy together?

Jiang Nan's words made Emily Gale confused again.

Do you have to clarify this problem?

Could it be that

Are you not happy together?

What is love and what is marriage?

If you love someone, you may not be able to marry him. If you don't love someone, you may not have a bad life after marrying him.

In fact, isn't happiness the most important thing?

Seeing her dazed little appearance, Jiang Nan couldn't help but lifted his lips and smiled.

"It seems that this is a homework that we don't understand, and no one understands it better than anyone else."

He lifted his finger and put the hair that fell on her face away from her ears.

The fingertips of her long fingers slid along her face and slowly slid onto her chin.

After that, her long fingers tightened and hooked up her palm-sized face.

"I really don't know how to love a girl. This is the first time I have been so close to a girl and do so many things that I have never done before."

"You are the first girl I hug. Couldn't you give me a chance and time to learn the so-called love you want?" But Emily Gale's eyes sank, his eyes a little dim.

"Your fingers are cold."

Jiang Nan held her hand and placed it on his chest: "Do you want to say, I am not your first man?" "Unfair..."

"In this world, where is so much? Fair thing? If this is a pity, it is also because I did not find you before him."

Jiang Nan took her hands and held them tightly with his two big palms.

"Maybe I don't know what love is, but at least I know that I want to be with you."

"This is more than a month, I have been happy days in my whole life. When I get home, I am no longer alone by myself. When I am happy, someone is willing to share with me. When work is busy, someone will say to me, take a break early."

"I used to like to drink alone, but after I have you, I will spend more than a month every night. You don't need to drink, you can sleep very sweetly."

"Yes, I sleep well every night."

As long as I think of you in the next room, I can sleep very securely. Well, if you can Sleep next to me, let me hug me to sleep, and even do something else, maybe I will sleep better."

"..."

Do something else, thinking about the colorful things in my head!

"Why look at me like this?" Jiang Nan looked innocent, "I mean, chat and watch TV, what are you thinking about?" "..."

Who believes it?

"Look, you girl must be trying to take advantage of me."

He suddenly turned over, sat on the chair by himself, and put her on his lap.

This posture is clearly a female...Go!

"If you want to, I can also cooperate. You see, I'm good enough to you, you don't want me to resist."

"..."

Why does she have the urge to vomit blood?

Who thought?

"You don't think about it now

what?

Jiang Nan raised his eyebrows, and suddenly reached out and unbuttoned his clothes.

"Come on, cooperate at any time and be gentle. This is the first time for me."

"You..."

"Don't use bad words, although, I heard that it's more exciting to say something bad on this matter."

"Heh, it's fun to see her blushing with anger. Emily Gale really wants to slap him on his forehead. Will he still be able to speak? "How?"

He smiled, holding her slender waist with both hands: "Does it feel good to marry me?"

Do you want to think about it?

"Mr. Jiang has too many colorful things in his head, and I still accept the incompetence.

"Emily Gale just rolled her eyes at him.

"Why, do you think it's better for men to think purely about women?"

If this is the case, do humans have to reproduce offspring?

"The words are rough and not rough, but what he said is not bad at all, isn't it? Emily Gale didn't bother to pay attention to him, and wanted to get off him, only to realize that the two people's postures were a bit wrong. Looking down, her little face couldn't bear it.

The stay was red again.

"Don't talk nonsense, let me go first..."

"This topic is not over yet.

Jiang Nan still held her waist, did not let go, and even pulled her to press on her body to make the bodies of the two fit closer together.

"You haven't responded to me yet."

"What, what response?"

"I was joking just now.

She was so serious all of a sudden, she became a little nervous for some reason. Jiang Nan sat upright and his height advantage made him look straight with her even if he was sitting on her lap.

The godly black eyes stared at her face tightly. This time, he didn't plan to give her any chance to shrink back.

"If you don't want to come back to him, then, marry me.

Chapter 336

Tonight, bring your family over and marry me.

The tone of Jiang Er Shao's words was as if he were discussing what to eat tonight.

It's so common, and even the mood doesn't have the slightest ups and downs.

But his hand holding Emily Gale's thin waist became distinctly heavy, and that strength made Emily Gale frown.

Also let her know that, in fact, Second Young Master Jiang is also nervous.

Is it really possible to marry him?

She was a little confused, "I... not enough age..."

"You can get engaged first."

"Why are you so...anxious?" Even if he really wants to, isn't it okay to fall in love first?

At least, give everyone a chance to get to know each other, in case it is not suitable in the future...

"I always like to be decisive in doing things. If I fancy you, I won't be someone else."

Jiang Er Shao's forehead leaked a little sweat: "If You don't want to go back to the boss, then, isn't this the best way to cut off love?" He admits that he is a little selfish, but when encountering such things, anyone will be selfish, right?

"What are you upset about?" Emily Gale finally saw how Jiang Er Shao was different.

Jiang Nan pursed her lips, rubbed her big palm on her waist gently.

He didn't know how long it took before he said in a low voice, "Actually I don't know what I'm nervous about. Maybe it's because you still care..."

Intuition that this is not a good topic, he sighed.

Anyway, I won't change if I decide, unless you don't want me."

"You are the second young master of the Jiang family, who dares not want you?" She lowered her eyes.

"The second young master of the Jiang family is nothing but a god, who knows..."

Jiang Nan's eyebrows brightened suddenly, and he clasped her tightly: "You mean, you...willing?" Emily Gale bit her lip, actually I am also very worried and disturbed.

If you stay with Jiangnan, you can completely sever the relationship with Hunter Jackson, and you won't repeat the tragedy of your previous life.

So, is this the best choice?

It has nothing to do with love, but Jiangnan suits her, and she can also make him happy.

Emily Gale squeezed her palms tightly and was about to say something, when suddenly, Jiangnan's cell phone rang unexpectedly.

The man frowned and didn't want to answer the call.

However, most people don't know his private phone, and those who know it will not call him randomly.

But this girl hadn't responded positively to him... Emily Gale sighed in relief after hearing the phone ring.

Immediately picked up the mobile phone on the desk and stuffed it into his hand: "Phone, answer it!" This girl!

One answer, is it so difficult?

Jiang Nan took a look at the phone, his face flickered inexplicably.

The excitement just now calmed down.

He answered the phone: "Youngest, what's the matter?"

Seconds later, Jiang Nan hung up the phone, looking at Emily Gale, he looked like he wanted to say nothing.

Emily Gale frowned: "What's the matter? I want to go out?" Jiang Nan nodded, and Emily Gale immediately got off his lap: "Come on, don't worry about me, I will go to bed first."

Jiang Nan was slightly After his hesitation, he suddenly pulled her back.

"Do you... dare to see him?" "Huh?" Emily Gale was just stunned and immediately understood who he was referring to in Jiangnan's mouth.

Her slender body also tightened in an instant.

Jiang Nan let go of the arm around her back and smiled: "It's okay, since I still dare not face it, I'll talk about it later."

"No!" Emily Gale grabbed him as if he was about to make a decision. Big palm.

She took a deep breath, her breathing was messy, but she didn't hesitate to hesitate: "I dare!" She understood what he meant. If you really decide to be together, then some people and some things must be faced.

After all, it was his brother who was born and died.

She didn't want to let him lose the most important brothers in her life because of her own business.

"I'll go with you."

Her voice was weak, but firm.

Jiang Nan hugged her and k*ssed her gently on the corner of her forehead.

"Just like Su Xiaomi they want me to treat me, if we find the destined one, we will also take it back."

Jiang Nan's words cast a faint haze over Emily Gale's heart.

It turns out that it's not just between girls, there are such rules, even between men.

However, Hunter Jackson had never taken her to meet his brothers, and she didn't even know that he had such good brothers.

But Jiang Nan is willing to share everything with her.

She nodded lightly and said nothing more.

Jiang Nan picked up his mobile phone again and dialed the number he had just called: "...tonight, I'll treat you."

... Because the second brother is going to bring his "family" there, Nangong Yu specially asked the waiter to send a bunch of mild flavors.

The drinks are here, as well as fruit wine.

"It's just that I haven't seen him for more than a month.

The second brother is going to bring his family, it's amazing!" Nangong Yu didn't know who the second brother was.

He looked at Hunter Jackson and smiled: "Big brother, what about you? When will you bring your little woman over? Bring here now, I'm not afraid to be unaccompanied, right?" Big brother cares about his little woman, something well-known.

However, no one thought deeply about how much he cared about.

But since I still don't want to bring it back, I probably don't care enough. Otherwise, I'd just bring it back just like Jiangnan for a treat!

Hunter Jackson didn't speak, his aura was extremely cold.

With a snap, the goblet was snapped in his hand, and this movement made Nangong Yu suddenly quiet.

Lu Qing replaced him

A new glass, after being filled with wine, didn't clink with him, just a person holding the glass and tasting the wine alone.

Nangong Yu doesn't understand now, what do these two guys mean?

"Fourth old, you went to Ali Khan with your boss, why didn't you talk even more after you came back?" Nangong Yu didn't dare to touch the Ni Lin who admired Joseph, so he could only approach Lu Qing and asked in a low voice: " Did something bad happen in Ali Khan?" Lu Qing hummed, still not speaking.

Nangong Yu just felt bored.

These two guys weren't talkative people.

After hearing that Jiangnan would bring "family members" over, they seemed to cherish money even more.

No, after they heard about it, they didn't say a word.

From beginning to end, only Nangong Yu was talking to himself.

Really, it's the third young master of the Nangong family anyway, everyone is eager to please wherever he goes.

Here, I was ignored like an idiot.

The glass heart is almost broken.

He also wanted to be cold and noble.

They didn't speak, and he ignored them.

Okay, so happy to decide!

However, two minutes later, the unwilling Nangong Third Young Master couldn't help but speak again: "Boss, fourth, do you know who the second brother's girlfriend is? Have you seen it?" No one ignored him. , But in an instant, the low temperature in the room dropped significantly by several degrees.

Looking at Hunter Jackson, who was full of icy aura, Nangong Yu couldn't help shrinking his neck: "What's the matter? It made it as if the second brother had robbed your woman!" Even he couldn't bear the chill. When the little girl comes, don't you be scared to death by the boss?

Chapter 337

Why did she look at Hunter Jackson indifferently, Nangong Yu suddenly felt like she had fallen into an ice cellar.

It's still the kind of ice cellar that hasn't melted for ten thousand years.

It's so cold that even the teeth are shaking.

"I, I, I... just made a... just kidding, huh..."

Oh my mother!

What happened to the boss tonight?

When I heard that my second brother was going to bring his family, one of the goblet was broken.

Now, I just said that the second brother robbed his woman, and he looked like he was going to kill.

Could it be that the second brother really... robbed his woman?

Could it be that the second brother's girlfriend is the boss... Nangong Yu touched his nose, dare not think about anything, dare not ask.

I could only move it quietly, picked up the remote control of the air conditioner on the table, and then quietly adjusted the temperature in the room by several degrees.

Do you want to freeze to death at this low temperature?

At ten o'clock, footsteps came from outside.

Their box is on the east side of this floor, there is only one box around here, except for the waiter and their own people, usually no one will come here.

At this time, several different footsteps came from outside the concealed door, and it was clear that Jiang Nan came with his girlfriend.

Nangong Yu was a little nervous inexplicably, and didn't know what he was nervous about.

In short, it is tension.

It seems that something terrible will happen soon!

Outside the door, the waiter respectfully welcomed Jiang Nan and Emily Gale over.

This is the first time that these four VIPs have brought a female family here, and the waiter is very curious about Emily Gale.

However, no one dares to think about things about the distinguished guests, even if they are curious.

Walking to the door, the waiter bent over and respectfully said: "Second Young Master Jiang, this young lady, please!" Emily Gale's little hands holding Jiang Nan's arms trembled slightly.

Jiang Nan stretched out his hand, patted the back of her hand lightly, and looked down at her uneasy little face.

If not, they will not go in.

Emily Gale raised his head to meet his gaze and shook his head.

It's all here, and only then flinched. Isn't it too late?

Since it is necessary to break, it is clear.

Let Young Master Jackson know that she is already with Jiang Nan, maybe, Young Master Jackson will not come to her again in the future.

Even less, do some... terrible things to her again.

"Okay, then go in."

Jiang Nan Rou said.

Emily Gale took a deep breath and nodded.

After the waiter pushed the door open, she clenched her palms and walked in with him.

In the box, Nangong Yu's mood became more and more nervous as they came in.

I'm really a little scared, I'm afraid that my own ideas will come true, and I'm afraid that the girl who came in with Jiangnan is really the fiancée of the boss.

But after seeing Emily Gale's almost perfect face

, He immediately breathed a sigh of relief.

Fortunately, not the ugly fiancée of the boss, fortunately!

However, this girl's face always feels a bit familiar... Lu Qing snorted, took the wine bottle and poured it out.

Although this old Si usually likes to drink, it is not so common to use wine bottles.

Hunter Jackson was expressionless, but Nangong Yu could clearly feel that since Jiangnan and his little girlfriend came in, the chill of Hunter Jackson's body was so heavy that it was almost too much to bear.

Let alone the coldness, and what the hell is that hostility?

Why does it seem that his little girlfriend has offended him?

Nangong Yu was a little embarrassed, so he could only invite Jiangnan's young girlfriend in first: "Come on, sit down! Have a drink."

They were all guests at the door.

Anyway, it was the first one to be brought back after a few brothers. people.

These guys are all cold, not afraid to scare others.

But how come the more you look at this little girl's face, the more familiar it becomes?

But, it's so beautiful, you should have never seen it before.

"Don't tell me?" Nangong Yu looked at Jiang Nan, barely pulling away a smile that he thought was very relaxed.

Jiang Nan asked Emily Gale to sit down on the sofa and gently squeezed her hand in secret, before introducing, "She is my girlfriend, Emily Gale."

She was also named Gale, the girl the eldest and second brother liked. Why are they all the same last name?

Wait, Emily Gale?

Nangong Yu really doesn't spend too much time on women, but this name...this name!

Suddenly, Nangong Yu stood up, looked down at Emily Gale who was sitting not far away, pointed at her, and her fingers trembled slightly.

"Emily Gale, Gale Jia... Third Miss, Boss... Boss..."

He didn't say anything afterwards, but who didn't know?

Yes indeed!

Who doesn't know?

Who didn't know that Emily Gale was the former fiancée of the boss?

Although it was the woman the boss didn't want, that was also the woman of the boss!

Already... already the boss!

What is this second brother?

Why does he want the eldest woman to be his girlfriend?

what is this?

Emily Gale grabbed her finger, and after a while of nervousness, she tried to calm herself down.

She raised her head to meet Nangong Yu's gaze, and compared to the shock of the other party, she looked generous.

"Yes, I'm the third lady of the Gale family, Emily Gale, is this the third young master of Nangong? Fortunately!" "Fortunately, fortunately..."

This girl is not annoying at all.

Nangong Yu finally remembered why she felt familiar, but couldn't remember who it was.

That's because, when I saw her, that face was not what it is now, it was obviously freckled and dirty.

But now, no

There are any cosmetics on the small face, clean and refreshing, delicate and beautiful.

Although it seemed to be slightly pale, this paleness not only did not damage her beauty, on the contrary, it gave her a feeling of fragility that a man could not help but want to protect.

She has become beautiful, and she is a very beautiful kind.

But no matter how beautiful it is, it's just a woman.

As for the second brother...do you want to play the rest with your eldest brother?

Nangong Yu really didn't understand, this is not clear to give the eldest brother a face?

Emily Gale sat next to Jiang Nan, not knowing what everyone was thinking.

However, since she chose this path, there is nothing to hold back.

After all, we have to face it.

Jiang Nan's gaze fell on Hunter Jackson, who was shining brightly: "Boss, how are you doing?" "Very good."

Hunter Jackson put down the empty glass, picked up the wine bottle on the side, and raised it casually.

Jiang Nan took it and gave him a lift, filling the bottle of red wine in one breath.

Emily Gale looked at him, a bottle of red wine went down, but his face was not red or breathless, and he really couldn't tell.

After all, this guy usually does not like to drink with himself.

Jiang Nan put down the empty bottle before looking at Hunter Jackson again: "Thanks!" Lu Qing also threw a bottle over, and Jiang Nan picked it up again.

Emily Gale was a little worried, and gently tugged Jiang Nan's sleeve.

Hunter Jackson's eyes fell in the slightest little movement.

With indifferent eyes, there was a shadow of yin prey that people dare not look at. He suddenly smiled and said, "Second, the woman I have used, how does it feel to use it?"

Chapter 338

The woman he used last night... This matter, in fact, no one in the entire box does not know.

However, speaking so bluntly, it was still for a time that the temperature in the entire box sank in an instant.

Although I knew it earlier, to face Young Master Jackson tonight, I must have the courage to summon up my mind.

However, Emily Gale still did not expect to be embarrassed to this point.

Jiang Nan also froze for half a second.

After half a second, he took Emily Gale's hand and squeezed it lightly.

"Boss, it hurts for a woman to marry.

As for how to use it, you have to ask Ranran to know."

He looked down at the girl beside him, and the corner of his lips was still her familiar smile: "How about? Are you still satisfied?" After Emily Gale was taken aback, her face flushed red.

After all, it's a girl. How can you not be shy on this topic?

She could only hold up the drink on the table, lowered her head to drink, pretending to be angry and ignored him.

But at this moment, the heart is warm.

Mr. Jackson's words were an absolute humiliation, but Jiang Nan reversed the words to the one who was "used" by him.

The words are still very shameful, but it's just that he can hear his respect for himself.

Nangong Yu and Lu Qing's eyes fell on Jiangnan's body by coincidence.

The second brother seemed to be serious this time.

Of course, the girl he can bring back to see them must be something he intends to treat sincerely.

They just didn't expect that the second brother's determination had reached this point.

What's different about this girl? First, the boss offended the Paradise Island for her, and then stepped into Ali Khan resolutely.

Of course, the current Young Master Jackson really strengthened his influence after going to Ali Khan.

But when it passed, after nine deaths, it was really a big risk!

Nangong Yu may not be so clear about this, but Lu Qing is Ali Khan who is actually accompanying Hunter Jackson.

It was also real, watching how Hunter Jackson came alive in the bloody storm.

But now it seems that the boss is obviously angry.

The second brother wants to beg his forgiveness, but it is a matter of women... In order to ease the atmosphere, Nangong Yu personally poured wine for everyone and also poured it for Emily Gale. Had a drink.

"Our four brothers haven't been together for a long time.

It's rare to get together tonight. Let's drink a few glasses first."

He raised the glass, first in respect.

Lu Qing didn't speak, picked up the cup and finished it with one sip, then began to drink his own bottle in silence.

Jiang Nan and Emily Gale looked at each other.

After that, Jiang Nan looked at Hunter Jackson with a soft voice: "Boss, I think... He Ranran is engaged, I hope you..."

"Are you sure, your Jiang family is willing to be a Jackson family The abandoned woman?" Hunter Jackson snorted coldly.

Emily Gale squeezed her palms, Jackson Da Shaojin

Late, it's really too much like never before.

However, all within reason, since she is here, she will face all this together with Jiang Nan.

She also didn't want Jiang Nan to lose such a good brother for her.

She whispered: "I will work hard..."

"Try to be good on my bed, or try to please your new love."

Emily Gale shook her finger, Jiang Nan squeezed her hand, but looked at Hunter Jackson.

"Boss..."

"Maybe you don't know yet?" Hunter Jackson looked at him, lit a cigarette for himself, and took a careless sip.

Seeing Jiang Nan's eyes, there was a smile.

"She was played by me in my car for more than two hours last night. You tell me now that you are going to be engaged to this woman?" With a bang, the cup in Emily Gale's hand fell on the table and the drink suddenly spilled. One place.

No one speaks, Nangong Yu, who is the most eloquent, has completely lost the function of speech at this time.

As for Lu Qing, the look in Jenni's eyes was disdainful or even disgusting at first.

But after thinking about it one more level, suddenly, there was a trace of pity for this girl.

In the boss's car...In fact, you basically don't need to think about it, and you can guess what happened.

The coldness of Jiangnan's body instantly overflowed!

He has never been an exposed person, even, has always been gentle, but now, that cold thorn finally opened.

He doesn't know this matter!

If he knew, tonight, he would definitely not propose Emily Gale to come with him!

Certainly, she will not suffer such humiliation!

Emily Gale thought she could face it calmly, but after Hunter Jackson's vicious words were uttered, she realized that her ability to bear it was not that strong.

"Of course..."

"I, I have something to do, I'm leaving now."

Suddenly she broke away Jiang Nan's hand and ran out of the box quickly.

Jiang Nan was about to stand up, but Hunter Jackson lifted his chin, and Lu Qing strode past Jiang Nan.

"You know he is the boss's woman!" Lu Qing was expressionless, his muscles tightened in an instant.

He didn't want to help the boss deal with the second brother.

They were brothers. Between them, there was no question of who was helping to deal with whom.

All this is because of Emily Gale.

If there is no such woman in this world, everything will be clean!

Hunter Jackson leaned on the sofa, folded his slender legs, and smoked slowly.

"Boss, what do you want?" Jiang Nan looked back at him, clearly with an anxious breath.

If you want to go out, you have to work with the fourth child, but his brother, except during training, he never makes a move.

Everyone swore that they would never do anything to their brother.

But he was really anxious, Emily Gale was

After the boss was humiliated, he ran out like this, worried that she would be in danger.

This kind of place, people who are not familiar with the place, what if something happens?

"Should I ask you this question?" Engagement?

This kid is serious?

"I don't know how many times she played with her body, she even got pregnant for me..."

After more than a month, Hunter Jackson thought that he would only get bored when he mentioned this kind of thing.

However, the child who had never had a chance to come to this world, but still like a sharp knife, all at once feigned a calm heart, stabbed him to blood and blood!

He refused to think deeply about the meaning behind the pain. He just looked at Jiang Nan and said coldly: "You want to be engaged to her, is it deliberate?" "I never do deliberate things, boss, if you still like her, then Please cherish..."

"Oh, like it? She deserves it too?" "Boss! She left for you!" Hunter Jackson smiled disdainfully, Jiang Nan said solemnly: "Her child is here When I came back, I accidentally disappeared.

It was not what she said, so I took the initiative!" Hunter Jackson's fingers stiffened slightly, and the cigarette on his fingertip almost fell on the ground.

But soon, he clamped the cigarette again, raised his hand, and took a light breath.

He raised his eyebrows and didn't care at all: "Huh?" Jiangnan actually had a bit of pain!

At first, I hesitated a bit, but hesitated more than watching Emily Gale's humiliation and heartache!

He said in a deep voice, "She didn't want to talk about this, but your misunderstanding of her is really too deep."

Chapter 339

This time, he was serious Jiang Nan thought that this matter was explained clearly, even if the boss couldn't accept it all at once, at least, he would not be so angry anymore.

Although, Emily Gale meant that he did not want to return to Hunter Jackson's side.

In fact, he understood Emily Gale's worries.

She didn't want something similar to happen again, so that Hunter Jackson would always be on the verge of life and death for her.

He looked at Hunter Jackson and said sincerely: "In fact, the person she likes has always been you. Even if she promised to be with me, the person in her heart has never changed."

"Boss, she asked herself Not strong enough to stand side by side with you, you almost lost your life for her over and over again, ask a woman, what courage does she have to come back to you?" "The only thing she can do, It's staying away from you. Otherwise, she can't think of a better way to keep you away from danger."

Hunter Jackson was smoking a cigarette slowly, looking at his eyes, and there was no change because of his words.

Jiang Nan couldn't see what he was thinking.

He is no longer the boss of the past, he is more indifferent, deeper, and harder to approach than before!

"Boss..."

"Are you finished?" Hunter Jackson flicked the soot from his fingertips, his unpredictable smile made people feel uneasy.

"You... don't want to believe it?" Jiang Nan's face sank and was angry!

"If you don't believe it, go to the hospital to look through the records! Did she ask for the child to be removed, or because of an emergency abortion. Some of the records are clearly written in the hospital."

Lu Qing and Nangong Yu's eyes fell on Hunter Jackson, this If it was just a misunderstanding... But what happened to the second brother?

It's not his style to be like this now, in a low voice for a woman!

He was so affectionate for Emily Gale!

Even the more he bowed his knees for her, the more disturbed Lu Qing and Nangong Yu became.

One woman and two men, this love triangle drama, no matter how it ends, it will never be perfect.

Whether it is the eldest or the second elder brother, he has never been easily tempted.

Once tempted, it is so difficult to take back this feeling.

Hunter Jackson pressed the cigarette butt in the ashtray, picked up the cup, and took a sip of the drink.

He didn't look at Jiangnan, his gaze that was so indifferent to cooler than the water, without any emotion.

"With your Second Young Master Jiang's ability, how difficult can it be to tamper with the hospital records?" "Boss!" Jiang Nan suddenly became angry. He didn't believe Emily Gale, nor did he believe him!

Hunter Jackson didn't want to look at him any more.

The goblet in his hand shook lightly. Finally, he raised his hand and swallowed a whole glass of wine.

The slender figure stood up in front of the sofa, and he walked towards the door.

"Boss, is this... gone?" Nangong Yu

He also stood up, and he was still a little at a loss for the situation in front of him.

Brothers for many years, because of a woman like this.

Although it is not going to kill each other, even if the boss is angry now, as long as the second brother has an accident, the boss will still help.

But there is a gap between the brothers, and when they get along, naturally they are not as happy and comfortable as before.

"Let's go."

Hunter Jackson lit another cigarette for himself, and when he walked to the door, he looked back at Jiang Nan.

He suddenly raised his lips and smiled: "If you can accept that your woman is being played with by other men from time to time, then, just continue to be with her."

"Hunter Jackson!" Jiang Nan pushed Lu Qing away, but, Lu Qing still stood in front of him, not giving him any chance of conflict with Hunter Jackson.

Jiang Nan clenched his palms and said angrily: "Don't be too much!" "Is it too much?" Hunter Jackson's smile was clearly cold to the core: "I'm just, I haven't gotten tired of it yet."

The box door was opened.

After the cold back figure walked out, the entire box suddenly fell into despair.

Jiang Nan looked at Lu Qing, and the coldness in Lu Qing's eyes finally dissipated.

"Don't fight against the boss, he... is serious this time."

Lu Qing didn't understand feelings, but the boss's behavior for more than a month made him understand a truth.

That is, asking the boss to give up Emily Gale is equivalent to asking the boss to give up his own life.

Whether it's love or hate, it's all for the girl.

Let go, how is it possible?

"Get out of the way."

Jiang Nan didn't want to do it, but Hunter Jackson's words just now made him suddenly feel frightened.

He said that he is not tired of playing.

Lu Qing seemed to have thought of something, but finally, he made a mistake and gave way to him.

Jiangnan's slender figure immediately disappeared at the door of the box.

In the box, only Nangong Yu and Lu Qing were left.

Even Nangong Yu, who likes to talk the most, has a depressed aura at this time.

"Do you want to continue drinking, or are you separated?" He asked, not knowing whether to ask Lu Qing or himself.

Lu Qing went back to the sofa and sat down, picked up his unfinished bottle of red wine, and continued to drink it.

In the past, four people were together, even if they didn't speak, the atmosphere was very lively.

Now, everyone talks a lot, but every sentence is condemned.

The past affection, after all, is there still a day to come back?

... Emily Gale felt that he was really desperate.

She didn't understand why she couldn't escape every time!

This time it wasn't Qin Yi.

It was a master she didn't know, but after all, it was a master.

Before she left the KTV, she was taken out through the back door and left directly in the car.

Hunter Jackson's car had the smell of tobacco he liked!

It didn't take long before the car door was opened, and the fearsome figure appeared in her sight.

"What the hell do you want to do? Let me go!" It was not much different from last time, she still had her hands tied on top of her head.

The luxurious design of this car is like a carefully crafted golden wire cage, luxurious but terribly cold.

"I said, I haven't gotten tired of playing, why should I let it go?" Hunter Jackson closed the car door easily and sat down beside her.

The scenes from last night, once again returned to my mind.

Emily Gale was frightened and shivered slightly. When his long finger fell on her coat, she was anxious and angry, and said angrily: "I am going to be engaged to Jiangnan soon! If you don't mind using someone else The body that passed away!" "Oh, it doesn't matter, my taste has become heavier, don't you know?" Hunter Jackson lowered his head, and her bright black eyes flashed with a strange black luster.

That kind of light is like a wolf lurking in the night!

She couldn't stop shaking, and watched her unbutton her buttons, but she couldn't do anything.

"Why do you treat me like this?" Emily Gale choked for a while, but stubbornly did not let herself shed half a tear in front of him.

Hunter Jackson did not answer this question, as if he felt that her words had no meaning to him.

The chill breath came from her body, causing her slender body to shake even more.

Hunter Jackson's eyes were locked on her body like a falcon, his slender fingers slid to his belt, and he untied it with a snap...

Chapter 340

As I said, I asked you to go to hell for two hours.

There was no word of communication during the whole process.

She forbore from the beginning, but later, she let out a desperate cry.

His hand was always on her waist, except for his interest in her body, he seemed to care nothing about her.

Not even a k*ss.

After the wind calmed down, Emily Gale panted and looked at the man rising from him, with a hoarse voice: "Is it enough?" Hunter Jackson ignored her, dressing slowly, except for breathing, and with that look.

The sweat of his whole body and the breath of his whole person have long been as cold as the sea.

The craziness and excitement just now, now there is no trace of it.

Hunter Jackson, who is dressed, is also a well-dressed young master.

The cigarette he lit casually ignited a chilling light in the dim space.

"How on earth do you want to let me go?" It's already like this, isn't it enough?

Hunter Jackson still didn't respond, Emily Gale was calm, and couldn't pretend to be any longer!

"Hunter Jackson! What are you going to do?" Is this kind of day endless?

She can't hold it!

Hunter Jackson leaned against the car door and looked back at her, his frozen face showed no trace of affection.

"Guess."

That's the case again!

He really wants her to die!

This body that had just been bullied by him is still present in front of him, and it is full of traces left by him.

He suddenly raised his lips and smiled, and his long fingers fell on her waist.

Emily Gale trembled subconsciously before remembering how embarrassed he was now.

She wanted to hide her body, but her hands were still tied to the top of her head.

She couldn't hide it at all.

Stop looking at her with such eyes, stop bullying people!

What did she do wrong?

"What do you want, I will pay you, I will pay you! Don't...don't do this again!"
Being stared at him as if staring at a toy, this humiliating method completely broke her .

"Hunter Jackson, what do you want?" "What do you want, I never hide it."

Such a simple question needs to be asked?

This girl, after experiencing a few men, can't she understand?

Ah!

Really naive!

"I didn't remove our baby, I was not careful... Um!" Her neck tightened, and his cold fingers locked her throat.

"Don't bring it up in front of me! Emily Gale, any lie won't work with me. I said that I would send you to hell. Do you think I was just talking?" She could not speak because her throat was completely Can't stretch.

Although his strength was very well controlled, it did not hurt her, even

Until she could barely breathe.

However, the icy breath coming from him still suppressed her even a word.

Maybe, saying nothing has any meaning, because he doesn't believe it.

He never wanted to believe her anymore.

Finally, Hunter Jackson withdrew his long fingers, and the cold fingertips swiped over her.

It was like playing with a lifeless toy. When he got tired for a while, he waved a long finger to untie the rope that bound her hands.

“Do you know why you were taken to the car?” Seeing her fall into the weak body on the seat, his smile was colder than the devil.

“Because, I told them that in the future, as long as I see you alone, I will catch you back.”

Emily Gale curled up on the seat, wanting to cry, opened her mouth, but couldn't even squeeze out her voice.

It hurts, I don't know where it hurts, maybe, the heart hurts too much.

As long as you see her alone, catch her back... Is she destined to never escape his clutches?

Let them go to hell, it turns out, it is not necessary to take their lives, nor to deal with Jiangnan.

Rather, in this way, in an evil way that she can never escape, destroy everything about her.

Let the man who cares about her accompany her to endure the painful suffering together.

Go to hell with her... Heart, it really hurts...

After that, Emily Gale couldn't remember what Hunter Jackson did to her.

When she had the memory, she was already sleeping on the bed in the apartment.

In Jiangnan's apartment.

"Wake up?" Seeing her waking up, the man by the bed was stunned.

After that, he immediately poured her a glass of warm water.

"Drink some water first and soothe it."

Emily Gale didn't say a word, and sat down with his support, drank the whole glass of water in one breath.

After that, she remembered something and hurriedly looked down at her body.

Clothes, on the body...

The moment she saw the clothes, her emotions broke down for an instant, tears rolled down, but she couldn't make a sound.

I just shed tears, not even crying.

Jiang Nan put down the cup, his clenched fists were shaking slightly, and it took a while before he pulled her over and hugged her in his arms.

"Sorry, I didn't protect you."

She still had no voice, her expression was painful, but she still cried silently.

Jiangnan hates himself to death!

I want to kill myself myself!

"Sorry, I shouldn't take you there, I shouldn't mess with him!" The boss will not accept their being together, never will!

They don't need to face it at all, because the person who doesn't want to face it is Hunter Jackson!

"I'm sorry..."

Emily Gale didn't say a word, clutching his shirt tightly, buried his face in his chest, and shed tears quietly.

Compared to

So quietly crying, Jiang Nan preferred her to cry out loud.

Maybe people will not feel so uncomfortable after crying.

But she was just silent all the time, only hot tears, wet his clothes and burned his chest, could he feel how intense she was crying.

Jiang Nan's big palm fell on the back of her head.

At this moment, there were too many comforting words.

I don't know how long it took before Emily Gale left his arms.

Wiping her tears, when she looked at him again, she was expressionless: "I can't be with you."

Jiang Nan was startled, and his heart seemed to be torn apart.

He stared at her red and swollen eyes, and asked in a dumb voice: "Are you afraid?" "Yes, I am afraid. Maybe, after we separate, he will let me and you also let go."

She was really scared. Too scared that a person dare not go out at all.

She even wondered whether Hunter Jackson could show up anytime and anywhere, even if he stayed at her home forever and never went out, humiliating her, bullying her, and forcing her anytime and anywhere.

She was really scared, she lived in fear and despair!

"In the future, I will not let you leave alone. Of course, give me another chance."

Jiang Nan squeezed her shoulders firmly: "This is the last time, you believe me, this is the last time!" Emily Gale shook her head, she didn't want to hit him, but this would never be the last time.

She knows Hunter Jackson's temper too well, so it's fine if people don't offend him, if anyone offends him, he will punish him!

It's like a paradise island!

The paradise island now falls apart!

And they will also be punished, in the most unbearable way!

She looked at Jiang Nan with an indifferent expression: "Let's break up."

Chapter 341

We went to hell and broke up together, at this moment when we confirmed our relationship for less than 24 hours.

"No...I don't accept it!" Jiang Nan pulled her back.

Staring at her tear-stained face, he looked firm: "If you blame me for not protecting you, then I swear, I swear I will..."

"I don't need you to swear, Jiangnan, I don't like you, I don't want to be with you, it's that simple!" Emily Gale struggled hard, trying to free himself from his arms.

But he hugged so tightly, so hard, no matter how hard she tried, she couldn't get away from him.

"No, we said yes, even if you don't like it now, you will definitely like it in the future, we say yes!" If he didn't know what love is a few hours ago, he might know it now.

Loving someone means that when you hurt her, you will feel heartbroken, and you would rather fall ten times on yourself.

To love someone is when she wants to leave herself, her heart hurts like a split, and she can't even breathe.

Loving someone is like now, even if you know that the person she loves is not yourself, you are unwilling to let go, never!

"Give me another chance, of course, give me another chance to protect you!"
"I'm sorry, I'm sorry it's bad for me!" He thought he just likes to be with her because of habit.

But it turned out not to be!

When chasing out from KTV tonight, and couldn't find her and Hunter Jackson, he almost couldn't survive in despair.

He is not just because of habit, he is already completely and completely caught in unknowingly.

"Jiangnan, let go, I'm not suitable for you, I... I still have his marks on my body now! Do you understand?" She couldn't get rid of his hands, her red and swollen eyes, once again Full of tears.

Emily Gale calmed down and looked at him with a sad smile: "Are you stupid? Do you want others to play with the rest?" "You are not a thing!" He didn't allow her to hurt himself like this!

"See for yourself! You see clearly!" She trembling her fingers, unbuttoning her coat one by one.

On the neck, shoulders, and heart, there are all traces left by Hunter Jackson.

"Did you see it? Don't you dare to imagine how terrible and crazy he was when he was pressed on me?" She laughed so much that even the whole world accompanied her into despair.

"Are you still willing to accept it? Let's face it! I am not your woman, I am his toy!" Unbuttoning the third button, more traces fell into his sight clearly.

"Do you still want to watch?" Emily Gale smiled miserably, and continued to unbutton a button.

Continue to solve it, even her

His body must be thoroughly exposed in front of him.

Jiang Nan grabbed her hand and clasped her hands tightly in his palms.

"Enough... Enough!" The man who was as gentle as jade, the man who could smile no matter what happened, at this moment, buried his face in her arms, his tall body was shaking silently. .

"Don't hurt me in this way, and don't hurt yourself anymore! I don't mind, no matter what happens, I don't mind!" He tightened his arms and hugged her tightly.

"I don't mind, because, I love you, Emily Gale, I love you, I don't mind anything, I'm afraid you don't want me!" Emily Gale's heart trembled for a while, she lowered her head and looked at that which was always so elegant A man who makes people feel like spring breeze.

He was trembling, saying that she was afraid that she would not want him!

But now she has become a toy for others, she... she is not qualified.

"Don't push me away, Emily Gale, I can't bear the pain of losing you! You want to abandon me, unless you kill me!" "Don't... like this..."

Her hand fell on his head. I want to push him away, but I can't exert any strength.

Don't do this, if he does, she will really panic.

She is not worth it, such a declining flower is really not worth it.

"We are still like before, okay?" Jiang Nan lifted his head from her arms and looked down at her embarrassment.

He raised his hand and buckled the buttons she had just unfastened, one by one.

His fingers were still shaking, but he tried to stay calm.

No matter what the difficulty is, he can face it with her, but don't say anything to leave him, he can't listen to a word.

He buttoned her up, Jiang Nan helped her and gently pushed her back to the bed.

After that, he lay down beside her, put her on his arm, and gently hugged her in his arms.

Obviously the strength is very gentle, but clearly does not give her the slightest chance to escape.

Emily Gale wanted to speak, but his lips were covered with a long finger and he was silent.

"If something is not worthy of me, if you want to leave me, you are not allowed to say a word, and I will not accept a word."

He lowered his head and k*ssed gently on her sweaty forehead.

"I have never liked a girl so much. I don't even know when I will fall in love with you."

I don't know where the love started, but it has gone deeper.

Unless she is happy, don't let him let go for the rest of her life.

"If one day, you really reconcile, you decide to return to his side, I will fulfill you."

Her thin body trembled, but he was more tightly held in his arms.

Jiang Nan's chin rested on the top of her head, gently and softly, without giving her any pressure, but

Always there, close to her.

"But if it's just because of fear, just for those unnecessary reasons, I won't accept it, for any reason, I won't accept it."

"Emily Gale, you have already provoke me, and it is not easy to escape! You want to abandon Me! Never!" "Even if you want to go to hell, I will be with you! Don't be afraid, the big deal, we go to hell together."

She closed her eyes and grabbed his shirt by the skirt.

The tears that slipped quickly disappeared deep in the corner of his eyes.

Go to hell together?
