

Love Through Time and Space

Chapter 393

For her, Kylena Gale was so gentle and never dreamed that because she was injured, Young Master Jackson would come to see her in person.

"I...I'm fine, it's just...just a little bit more blood, and my body is...a little weak."

After seeing him for a long time, I was so excited that I couldn't even speak.

She struggled to sit up, but when she moved, she took two breaths of pain.

This time, I really accidentally hit the wound.

Although the wound is not big, it is really painful.

Hunter Jackson walked to the bed and stared at her blushing face.

He has never been a person who is good at words, but just such a look is enough to make Kylena Gale aftertaste for a long time.

Kylena Gale finally sat up, raising her head to meet his gaze.

When he was staring at him, his face immediately became hot and even dizzy.

"I'm really fine, Joseph, did you... come to see me specifically?" "Half."

The other half is here to visit the old man.

However, after seeing Emily Gale, the old man of the Gale family kept turning around that girl.

But he, a special visitor, couldn't catch him at all.

"Then..."

Kylena Gale has a lot to say to him.

After more than a month apart, has he thought about her?

But at the beginning, when Wangjiang Pavilion left, Young Master Jackson's ruthless words still lingered in his mind.

No matter how stupid she is, she has emotional intelligence.

She didn't know what kind of eyes Hunter Jackson used to see her.

"Master Jackson came to Lingzhou this time, is he planning to live for a while?" Siniya Ye smiled.

The daughter is now the most precious Miss Sun in the Gale family, if she can marry the Jackson family eldest and the current president of the Jackson family.

Then her daughter will definitely be the richest and most powerful woman in Lingzhou and even Beiling in the future.

With the help of Young Master Jackson, why don't you worry about everything in Lingzhou Gale's family will fall into their hands?

Hunter Jackson didn't reply, but just nodded at random.

He even cared about her little person!

Siniya Ye looked at the handsome and handsome man in front of him, who could kill women from eighty to eight-year-olds, and his face turned red.

Although they are a dozen years younger than themselves, they just can't hold back this charm!

Hunter Jackson ignored her, just looked at Kylena Gale, and her voice was actually softer than usual.

"Saturday's banquet, do you want Master Gale to delay it?" "Why, why should it be delayed?" His voice was so nice, even if it wasn't gentle, it lacked a lot of usual coldness.

Kylena Gale heard that she was going to be completely drunk to death, so her head was not working well.

"You are injured and feel uncomfortable. Don't force it."

"No!" Kylena

Ziyi Ji Ling, hurriedly shook his head.

"It is my blessing to recognize my grandparents and aunts. This banquet does not need to be delayed. I am fine."

Kylena Gale lifted the quilt and got off the bed to show him her body.

"Joseph, I'm really good, don't worry."

The care of Young Master Jackson was a pleasant surprise to Kylena Gale.

Although living together in the past, under the same roof, when did Young Master Jackson care about her so much?

Kylena Gale was a little floating, looking at this outstanding man in front of her, she almost forgot about anyone else around.

"Joseph, now that I'm here, let me show you the environment of our Gale family, okay?" She hasn't been alone with Young Master Jackson for a long time, and she talks to her heart.

There are people everywhere in this room.

It's not like driving them out, it's better to go for a walk by themselves.

Kylena Gale looked down at the arm she was holding, and her heart thumped.

She forgot that Hunter Jackson hated being touched by a woman the most, but she didn't expect that he didn't push her away today.

Even, there is no meaning to resist at all.

After not seeing her for a month, did he find out that he also has feelings for her?

Otherwise, why not only show concern for her today, but also let her take her arm?

Once it was attached, Kylena Gale was reluctant to let go.

"Joseph, I will accompany you out for a walk, okay?" Hunter Jackson did not speak, and Zyden Gale smiled: "The banquet is on Saturday, and there are two days left before Saturday. Young Master Jackson, why not, this time Just live in our Gale's house, so that we can do something like a landlord." Hunter Jackson lifted his lips and smiled: "Why are you so embarrassed to bother?" "Don't bother, don't bother at all.

There are more guest rooms here!" Gale Kylena wondered if she was dreaming now. Hunter Jackson was relieved and meant to stay?

She quickly looked at Siniya Ye.

Of course Siniya Ye understood her daughter's meaning, and before she could say anything, she took the initiative to say: "I'll go and let someone prepare the guest room right away!" Kylena Gale also looked at Hunter Jackson and

said softly, "Joseph, okay?" Joseph There seemed to be a hint of a smile in Bei's eyes, but the smile was still too deep for no one to understand.

He said lightly: "Okay."

..... Uncle Ding put down the phone and walked quickly to the two figures in front.

"Master, of course, will stay with us for two days!" "Really?" Grandpa Gale stared at Emily Gale with a surprised expression: "Then it's so decided!" Emily Gale looked dazed, who decided for her ?

She had to listen to what the man meant to do, and she had no right to decide.

"You mean, Master Jackson is going to stay here for two days?" She looked at Uncle Ding.

Uncle Ding nodded and smiled: "Young Master Zyden just called me and said

Don't plan to stay, now, the servant is preparing guest rooms for you.

"Emily Gale didn't resist being able to stay with him for two more days. However, why would Young Master Jackson be willing to stay? This is considered as living in someone else's house. This...Willing to be under the fence is not like his character at all.

"Young Master Jackson and Miss Kylenea have also come out, sir, do we want to say hello to him?"

"Steward Ding blinked at the old man. Just now in the hall, this old guy didn't pay attention to the other Master Jackson. Seeing Emily Gale, he immediately went crazy. To Master Jackson, he didn't even want to look at him. Take a long look.

The old man just remembered that he really seemed to have seen Mr. Jackson in the hall just now.

"I said, Mr. Jackson is here to visit you today.

"Butler Ding reminded.

The old man patted his head, "Oh, it was really rude just now."

He took Emily Gale's hand and walked towards the main house.

"Go, accompany Grandpa to say a few words to Master Jackson. Grandpa was a bit out of courtesy just now."

Emily Gale wanted to laugh a little, but now it's not ceremonial to remember, what I did just now. Before I walked into the lobby of the main house, I saw a few people coming out of it.

The man walking in front, with an expensive and cold breath, It is especially dazzling in the sun. This man is the most outstanding existence no matter where he goes. You look at it at first glance, and the first person to see it is definitely him. However, Emily Gale's footsteps are because of walking The woman next to him hesitated abruptly. That woman, holding Young Master Jackson's arm, was smiling with a lot of affection.

It wasn't Kylene Gale, who else could it be?

Chapter 394

He is threatening her!

The so-called not close to female sex, probably, also depends on the target.

Emily Gale's gaze retracted from the hands holding Hunter Jackson's arm.

Walking beside Old Man Gale, the look between his eyebrows was indescribable.

But when Kylena Gale saw her, she was not calm at all!

"Why is she here?" The old man led Emily Gale to them: "Young Master Jackson, I didn't entertain you just now. Please forgive me."

"I didn't make a peace with Grandpa Gale, and Grandpa Gale, please forgive me. ."

Hunter Jackson's response was calm and decent, consistent and generous.

Zyden Gale smiled and said: "It's all a family, don't say anything forgiving or forgiving."

A family?

The old man's gaze fell on the two young men in front of him, handsome men and women, indeed a pair of bi people.

When leaving, Master Jackson made it clear that he had nothing to do with Kylena Gale.

But now, they felt like a bunch of lovers walking together.

What does this mean...?

"Grandpa, she..."

Kylena Gale stared at Emily Gale, still brooding about her appearance.

Thinking back, my heart was suddenly stimulated.

Emily Gale, did he follow Hunter Jackson?

Are they still together?

"Saturday is the banquet day when my sister recognizes her ancestors and returns to her ancestors. Why didn't anyone tell me?" Emily Gale smiled, "If I didn't know how to come, I'm afraid I would have missed it."

Take the exam? I just don't want to hinder your review."

Kylena Gale forced herself to calm down, even if it was brought by Young Master Jackson. Now, Young Master Jackson is with her, what is her Emily Gale?

In fact, it's nothing.

She said indifferently: "My sister knows that your grades have always been poor, and I am afraid that if you are disturbed, it will make our family shameful because of the messy exams. I can only tell you first."

"No? Sister, how do I remember, my high school always It was you who scored high on the test, but you..."

Emily Gale tilted his head to kill, looking at her with big shiny eyes, with an innocent and innocent face.

"When you were in high school, you went out to play with those boys, and you failed in every one."

"Emily Gale!" Kylena Gale really wanted to strangle her!

"When did I go out to play with a boy?" She immediately raised her head and looked at the man standing next to her, with tears in her eyes, pitiful.

"Joseph, she slandered me. When I was in school, I only knew where to study and where I had time to hang out."

"My parents are very strict with me.

They don't allow me to go out with boys, but she...

She pointed to Emily Gale, her anger still could not be suppressed.

"She likes to dress herself up in a mess. Not only does she wear heavy makeup every day, she also drinks and smokes. Everyone knows these."

Emily Gale

He just smiled and didn't even look at her anymore.

Old things, I used to be willing to quarrel, but now I don't have such interest.

If you like it, just make a noise. If you don't like it, I don't bother to pay attention.

Kylena Gale's words were like a punch on the cotton, with no rebound strength.

It looks like it won the quarrel.

But when I think about it again, it seems that she doesn't even bother to argue with her.

And she is alone, like a madman!

At this time, it is even more impossible to continue chasing the other person to curse, it is definitely a matter of losing value and reducing charm!

Kylena Gale was so angry that her fingertips were trembling, and she had nowhere to vent her anger.

But when she is crazy, how can she let her send it by herself?

If you want to be crazy, let's go crazy together!

She suddenly thinned her lips and smiled.

"By the way, before I came to Lingzhou, your friend who had an accident was still lying in the hospital. What's her name?" She seemed to have difficulty remembering, and after thinking for a while, she said, "Is it called Su Xiaomi?" Emily Gale's palms tightened and her breath became cold.

Kylena Gale smiled more and more charmingly: "Is she okay now? Has she woke up? She won't really become a vegetative, she won't wake up forever?" "Kylena."

The old man felt that this was wrong, and immediately prevent.

"Since Mr. Jackson will live here these two days, you can take Mr. Jackson around and take a look at our home environment."

"Okay!" Kylena Gale is of course willing.

Just before leaving, I still wanted to see the expression on Emily Gale's face.

She smiled and said: "I heard that you were looking for Aunt Xin, she is in the hall, you can go and see her!" Ha!

Seeing Siniya Ye here, Emily Gale is not crazy?

She just wants everyone to see that Emily Gale behaves like a madman!

Unexpectedly, Emily Gale smiled slightly: "Siniya Ye is not my mother, what am I looking for?" Kylena Gale's smile suddenly condensed on her lips.

She... seems to have done something stupid.

Emily Gale stared at her. Some things were uncertain before, but now they seem to be a little more sure.

"RJenni..."

The old man was puzzled, Emily Gale's words seemed a bit too rebellious.

He didn't understand what she meant.

"Grandpa, I have something to say with Ranran."

Kylena Gale let go of Young Master Jackson and took Emily Gale's hand.

Don't let her talk nonsense in front of the old man, absolutely not!

"Go, sister to say a few words to you."

"Don't go."

Emily Gale broke away from her hand and sneered: "What if you plan to harm me again?" "You!" The hatred in Kylena Gale's eyes, so strong that her face was about to be distorted.

However, in front of so many people, she still tried to suppress her anger.

Squeezing a little smile, Kylena Gale said softly: "I am your sister

, How could I harm you, have you read too many novels?"

She took Emily Gale's hand again, and Emily Gale still wanted to throw her away. But that Young Master Jackson, who had not spoken, suddenly broke in with a cold voice.

"Why is she still so rebellious, even what my sister said."

Not listening?

Emily Gale suddenly raised her head to meet his gaze. What does he mean? Why does he want to help Kylena Gale? Hunter Jackson looked indifferent, and his voice was extremely cold: "Since you are young and ignorant, let your sister take care of you."

.

Under those cold and merciless eyes, a dangerous light gleams. He is threatening her! Emily Gale's heart flashes through a chill. Young Master Jackson is still standing on Kylena Gale's side.

It turns out that their relationship is really so. Ok...

"Let's go, just tell you about the old, why are you so flustered?"

"Young Master Jackson helped herself. Don't mention how happy Kylena Gale is. Men, just like to play.

It seems that Emily Gale has been by his side for more than a month and has been tired of playing with him.

She smiled at the old man: "Grandpa, let me take you."

Of course, go look around, you guys go have tea and chat.

Although she was smiling brightly, but the old man looked at Emily Gale, but he was a little uneasy. Emily Gale calmly said: "I will look around with my sister, and come back later to chat with Grandpa.

"Kylena Gale gave her a hard hand, and couldn't help but yanked her away.

Chapter 395

Wrong, everything is wrong "What do you want to do when you come to Gale's house?" Kylena Gale pushed Emily Gale under a big tree.

Emily Gale did not resist, but with a thump, he ran into the trunk behind him.

"How about it? Wasn't it fierce just now? Now, after seeing the situation clearly, I know that even Young Master Jackson is on the same mind with me, so he's not guilty?" Kylena Gale has been proud after discovering that Hunter Jackson is helping herself.

The arrogance of the whole person is too arrogant!

Emily Gale just looked at her without speaking.

Kylena Gale squinted her eyes, "Don't think I don't know what you are thinking. You will be jealous when you see my scenery, don't you?" "Warning, if you want to keep your rice and millet alive, the most Okay, let me disappear quickly!" "Young Master Jackson asked me to come, how did I disappear?" Emily Gale blinked, but she didn't even mean to be afraid.

"Emily Gale, you really are not afraid of death! Until now, you dare to disobey me?" "Otherwise?" Emily Gale leaned on the tree trunk, smiling but not smiling: "I'm afraid of you?" "You!" Kylena Gale thought She didn't speak just now, and she let herself lead it because she was afraid.

But why is her performance so calm now?

Is she really not afraid of Hunter Jackson's anger?

"You mess with me, Joseph won't let you go. Just now, I haven't heard him clearly yet?" "Heh, I really didn't hear him clearly, or would you ask Mr. Jackson to explain it to me?" "Don't think about it! He only has me in his eyes. Don't try to contaminate him!" "Since you are so confident, why do you have to say

such unassuming words?" Others say that there is nothing to show off, it seems, it really makes sense. .

She kept saying that Young Master Jackson belongs to her, so she just lay down on Hunter Jackson's bed and waited for him to go back and spoil her.

In front of her, what to show off?

Emily Gale looked at her as if he was watching a clown!

Kylena Gale's anger ignited like never before.

In this family, everyone has to watch her face to live!

Even her two so-called aunts, even if they have an opinion on her, who dares to speak loudly in front of her?

"b*tch! I don't want to teach you well, you think you really have wings!" Kylena Gale raised her hand and slapped Emily Gale's face.

Emily Gale just hid at will, Kylena Gale's slap, hit the tree trunk with a snap.

"Ah!" Pain!

The rough bark made her palms break, making her grin in pain.

She stared at Emily Gale, gritted her teeth with anger!

"I will kill Su Xiaomi, wait and see, I will definitely kill her!" "Then should I expose your crime before you kill Xiaomi, so that grandpa can see your tricks clearly? "You...what did you say?"

Kylena Gale panicked, her eyes flickering.

Emily Gale squinted her eyes, suddenly took a step forward, and instantly approached her.

"I said, I want to expose your crime and let everyone see your true face!" Kylena Gale was so scared that she backed away subconsciously, but Emily Gale stepped closer.

If we say that the previous thoughts are all guesses.

So now, her guess should become true!

"Kylena Gale, you are not Miss Sun of the Gale family at all, you are a liar!" "What nonsense are you talking about?" Kylena Gale almost screamed, "My grandpa and I have done a DNA test. You dare to say such a vicious thing!" They really did DNA testing... However, Kylena Gale's reaction was clearly a guilty conscience.

Emily Gale sneered: "Well, now, go find grandpa again and do an appraisal together."

"Emily Gale, what do you want to do? What does the matter between me and grandpa have to do with you?" This b*tch, Did she find out?

A murderous intent flashed across Kylena Gale's eyes, she shouldn't let her survive!

It should have been known that as long as Emily Gale was alive, this matter would be noticed by her sooner or later.

Kylena Gale calmed down, squeezed her palms, and stared at Emily Gale coldly.

"Don't think that grandpa likes you, you can do whatever you want in our house, grandpa likes you, just because he thinks you are my sister, he loves

the house and crows!" When she was calm, the whole person looked like a slaughter.

She had already murdered her.

Emily Gale stared at her and stood on guard.

This is the Gale family. Kylena Gale has lived in this family for more than a month.

She is more familiar with everything here than herself.

If she wants to be in this home, let her die by an "accident", maybe, not necessarily impossible.

"Heh, do you know you are afraid now?" Kylena Gale took a step forward, smiling coldly.

"At the beginning, my grandfather took me to the appraisal. What kind of big family is Gale's home? What kind of big man is my grandfather?" "If he is not very sure, he can bring me back. Give me ten points of shares?" Emily Gale squeezed her palm and stared at her for a moment.

Ten points of shares are indeed a lot.

If this is the case, I am afraid that there is still no one in Gale's family who can compare with her status.

During the confrontation, Emily Gale's cell phone rang suddenly.

She took out the phone and was about to answer the call.

Kylena Gale suddenly rushed over, pressing her hand on the back of her hand.

"What do you want to do?" Emily Gale glared at her, in case she really hit her.

"What are you afraid of? Afraid that I would kill you?" Kylene Gale smiled, "Oh, why should I kill someone for no reason?" "Let go!" Emily Gale shook her hand away, then picked up the phone and walked over.

Aside

Picking up, "How?" "No."

On the other end of the phone, Yang Yi whispered slightly.

"Of course, no, you are not the granddaughter of the old man, the appraisal report is out."

"What...what did you say?" The phone in Emily Gale's hand almost slipped to the ground.

Is it true that everything is wrong, is it really wrong?

"It's true, of course, the two hairs you left at the front desk, I took them to the hospital as soon as I got them.

It cost a lot of money as you said, the fastest."

He has just got the appraisal report now. .

This result also completely exceeded his expectations.

"Of course, I know you are uncomfortable, but..."

Yang Yi was silent for a moment before saying: "However, we might really guess the wrong direction."

Emily Gale was expressionless and hung up the phone.

Looking at Kylenea again, when she stared at herself, there was doubt and exploration in her eyes.

Emily Gale suddenly wanted to laugh, but he didn't know what he wanted to laugh.

Laugh at your own stupidity?

When she knew that she was coming to Lingzhou to take care of her family, she immediately sent a message to Yang Yi, asking him to take the other half of the plane and follow him quietly.

The purpose is to help her secretly, see if there is a chance, and make an identification with the old man.

She was thinking about this matter more than a month ago.

But because people have been trapped in Wangjiang Pavilion by Hunter Jackson, there is no way to practice.

Now, I finally practiced it, but I didn't expect the result to be so ridiculous.

Why does she feel that she is the granddaughter of the Gale family?

She did the DNA test in person, she didn't believe it.

She believes in her instincts.

As a result, he was hit hard.

She turned around and wanted to leave.

Kylenea Gale was behind her and pulled her severely: "Emily Gale, you..."

Unexpectedly, this slut's body became weak, and he fell down with a bang in front of her.

Chapter 396

Then, like her old friend, "b*tch, don't pretend to be dead!" Seeing Emily Gale fainted to the ground, Kylena Gale's face was completely black.

She just gave her a hand, as to make her faint?

"b*tch, get up!" Kylena Gale stretched out her foot and kicked Emily Gale's leg.

Emily Gale still did not respond.

Kylena Gale didn't believe it, lifted up her sharp high heels, and slammed on Emily Gale's leg with the heel.

This time, Emily Gale finally had some reaction, and hummed dully.

"b*tch, you are really pretending! Get up for me, or I will kill you!" Kylena Gale stepped on her foot again, and Emily Gale finally opened her eyes slightly.

The leg is very painful, fiery pain.

However, my heart hurts even more!

The pain made her stomach churning.

She suddenly turned sideways and retched.

Kylena Gale hated the woman's pretense.

Seeing her retching, she sneered: "Young Master Jackson and Grandpa are not there, who are you pretending to be pitiful?" Emily Gale really fainted for a while, and now he is completely awake.

"b*tch..."

"If you dare to mess around, I'll yell."

Emily Gale glared at her, and finally took a breath, she struggled and got up.

The leg hurts, it seems to be hurt.

Kylena Gale really wanted to continue kicking her a few times, but if this b*tch screamed at this time, it would not be a good thing for her.

I don't know what kind of phone Emily Gale answered just now.

It seems that he is really desperate?

Kylena Gale is very curious, does it have anything to do with her?

Emily Gale didn't want to care about her anymore, she was in no mood at all now.

Oh, everything I thought was just my own extravagant hope.

What is she still insisting on?

No, the old man is not her grandfather, but Kylena Gale is the grandson of the Gale family.

She, an irrelevant person, actually wanted to snatch everything from others... Emily Gale turned around and left, and Kylena Gale wanted to chase after her.

But Emily Gale's desperate appearance made her feel very disappointed.

Young Master Jackson is still in the hall.

It is rare for Young Master Jackson to be so gentle to her today.

She now wishes to return to him immediately.

She took out the phone and dialed a number while no one was paying attention.

"Emily Gale came to Lingzhou, and now I'm still living in the Gale's house. You guys think of a way, I'm afraid I won't be able to hide this thing."

"It's really impossible, or... kill her?" ... Emily Gale walked on Sitting in the shade of a tree by the lake.

She looked at the lake, and her whole person still felt a little muddled.

His head was a little blank, and he didn't know what he was thinking. He just looked at the calm lake in a daze.

She didn't know how long she had been sitting alone before she exhaled and stood up again.

Since it is wrong, then,

There is no need to prove something.

Kylena Gale is the granddaughter of the old man of the Gale family.

Although she has always had no good impressions of the bad woman, at least, she did not lie to the old man.

As long as the old man is not deceived, that is enough, and she doesn't need to struggle too much.

Just turning around to return to the direction of the main house, suddenly there was a discomfort in his stomach.

Emily Gale covered his lips and endured it for a while, but finally couldn't hold it back, holding on to the tree trunk and retching.

"Oh..."

So uncomfortable!

The most frightening thing is, why is this feeling of retching and uncomfortable so... familiar?

"What's the matter with you?" A woman came from behind, came to Emily Gale's side, and patted her on the back.

Emily Gale finally took a sigh of relief and looked back at the woman:
"Thanks...Thank you."

The woman stared at her face for a while in amazement.

"You..."

How could this be?

She seems...like to meet someone who has known each other for many years!

Gale Qinghe shook his head slightly, and then looked at Emily Gale, only to suddenly remember that the other party was just an 18-year-old girl.

At this age, she is naturally not an old person she knows.

What's more, the deceased person is long gone.

"You...know me?" Emily Gale lightly pressed En's chest, finally not so uncomfortable.

Gale Qinghe shook his head.

As the general manager of the Gale family, he had long learned to hide his mind.

The shock just now is gone.

She faintly said: "What's the matter with you? If you vomit like this, isn't it pregnant?" Pregnant!

These two words made Emily Gale pale for a while.

"Nothing!" She shook her head in a hurry, this reaction was indescribably strange.

Gale Qinghe squinted her eyes and looked at her face, making sure that their Gale family did not have such a maid for a while.

This face was meant to have appeared in Gale's family, and she would never forget it.

"Who are you? Why are you in our house? Come as a guest?" "I came with Young Master Jackson."

Emily Gale has not yet recovered from the shock and fear brought by the word "pregnancy".

"Young Master Jackson? You say, Young Master Jackson from Beiling?" Gale Qinghe had heard that Young Master Jackson was coming, but he didn't expect that he would be here today.

"Where is the person? I'm going to visit him."

She looked at Emily Gale again, still a little bit puzzled: "Are you...Joseph's girlfriend?" "I am not!" This denial is more than just now. But also quickly, as if for fear of any misunderstanding by the other party.

Probably realizing that his reaction was a bit too much, Emily Gale smiled at her faintly, alleviating the embarrassment.

"I just stopped by with him. I came to see my sister."

"Your sister?" "Kylena Gale."

... When Gale Qinghe and Emily Gale walked into the hall together, Hunter Jackson was still chatting with his father and Zyden Gale.

Kylena Gale was sitting beside Young Master Jackson.

Although there is still a little distance between the two people, Kylena Gale's behavior makes it easy to see that her relationship with Hunter Jackson is very unusual.

"Young Master Jackson really came."

Gale Qinghe glanced at Kylena Gale, then looked back at Emily Gale beside her.

After that, he opened the habitual smile in the mall and walked to Hunter Jackson.

"I've heard Zyden say that Young Master Jackson will come over a long time ago. I didn't expect to be here today. I didn't have time to prepare for Young Master Jackson. Please don't be offended."

"Mrs. Gale is serious."

Joseph North Station I got up and shook hands with Gale Qinghe who walked up to him.

Although the man Gale Qinghe marries does not have the last name Gale, because her husband is a patriarch, the older one is usually called Miss Gale, and the younger one is called Mrs. Gale.

Gale Qinghe smiled lightly, with a gentle expression: "Young Master Jackson, please sit down."

The two took their seats, and Gale Qinghe sat beside Zyden Gale.

Seeing that Emily Gale was back, the old man hurriedly greeted him: "Ranran, come and sit at Grandpa's side."

Kylena Gale gave Emily Gale a fierce look, but with so many people present, she couldn't say anything now.

Can only hide the hatred completely in my heart.

Emily Gale was still so well-behaved, and sat down beside the old man without humming.

Gale Qinghe looked at Kylena Gale and Hunter Jackson thoughtfully.

"Kylena, you and Young Master Jackson... are familiar?"

Chapter 397

I don't dislike that Kylena Gale has not had time to answer Gale Qinghe's question.

Another person came outside the hall.

When Gale Qinglian saw Hunter Jackson, her eyes suddenly lit up.

I knew that Young Master Jackson's family of Beiling was a very good man, but I didn't expect to be so good.

If she wasn't that old, if she was twenty years younger, she would definitely chase him sternly.

I have never seen such a handsome man!

A photo can make a woman's cheeks red and her heart beating faster. Now, the live version of the real person makes it hard to look away.

"Young Master Jackson, it's better to be famous than to meet up, admire it for a long time!" Gale Qinglian walked over and offered her hand.

The Gale family in Lingzhou and the Jackson family in Beiling have always had business dealings.

Gale Qinglian has a more or less cooperative relationship with Hunter Jackson on the project at hand.

Hunter Jackson shook hands with her slightly, and everyone continued to sit down.

"Dad, the good things about our Kylena and Joseph are near?" Gale Qinglian received the news.

After hearing that Young Master Jackson was here, she immediately went to see Kylena Gale.

Now, the two people are sitting together, seemingly close.

In addition, she had asked someone to inquire about Kylena Gale before.

I have known for a long time that Kylena Gale and Joseph are a pair.

On Kylena Gale's Weibo, all the photos taken at Mr. Jackson's Wangjiang Pavilion.

She looked at the old man, but her eyes fell on the girl next to him.

"She!" Gale Qinglian stood up abruptly, "She..."

"What?" The old man looked at her Gale Qinglian and frowned: "What is the fuss about?" His two daughters are both good hands of the Gale family. , Calmness is notorious.

Although the second daughter is generally a bit more impetuous than the eldest daughter, it is not so frizzy.

"Qinglian, this is Kylene's younger sister, Emily Gale."

Gale Qinghe glanced at her lightly.

Gale Qinglian was calmed down by this warning.

Like!

It's really similar!

Her feeling for Emily Gale is stronger than Gale Qinghe!

Back then, when her brother Gale Jingxu was in love, she also helped her father several times.

She remembered, always remember the appearance of that girl!

But, how could this be?

Emily Gale felt a little depressed today, and smiled at Gale Qinglian.

After saying hello, he picked up the cup and drank tea by himself.

It seems that they are not interested in their topics at all.

Gale Qinglian calmed down and took another look at Emily Gale before turning her eyes back to Hunter Jackson and Kylena Gale.

In order to cover up her gaffe, she smiled and said, "Kylena, don't you introduce me to your aunts?" Kylena Gale's face was a little hot, and of course she knew what Gale Qinglian meant.

Young Master Jackson, everyone naturally knows what Gale Qinglian means,

She wanted to introduce the relationship between them.

Kylena Gale took a peek at Hunter Jackson, who didn't mean to speak at all.

She quietly sat next to him for a few minutes, and the two of them were at least ten centimeters closer.

He didn't mean to resist!

Kylena Gale's heart was hot, and she was suddenly surprised.

"I...Joseph is my good friend, very good...the kind."

The old man saw the two of them today, and he even saw a hint of humming.

I didn't dare to think about this at all, but today's Young Master Jackson gives everyone hope.

The old man smiled: "Before, Kylena had been taking care of Mr. Jackson. I haven't thanked you well yet."

Hunter Jackson smiled indifferently, with a shallow smile that made all the women present suddenly get a little drunk.

He said: "It's a matter of division."

The meaning of these words couldn't be more obvious!

Kylena Gale is Hunter Jackson's responsibility!

Kylena Gale was agitated, but she couldn't express anything, but she didn't speak, and she was afraid of missing something.

She could only wink at Old Man Gale, hoping that Old Man could help.

Of course the old man knew what she meant, but he still couldn't see through Hunter Jackson.

It was made clear before that he has no sexual affection for his granddaughter.

But now, how come the attitude is completely different?

"That..."

The old man thought for a while, and then tentatively said: "Young Master Jackson, are you with our Kylena? Why don't I know that the old man?"
Everyone was quiet.

Emily Gale's fingers tightened, and the corner of his eyes fluttered towards Hunter Jackson subconsciously.

The meaning of Grandpa Gale's words has been completely clear.

Now, yes, yes, no.

Yimu's character, he never learned the meaning of these two words euphemistically.

Kylena Gale was so nervous that her heart almost jumped out of her throat.

She wanted grandpa to help, but she never thought that grandpa would be so direct.

If Young Master Jackson refused on the spot in front of so many people, where would she put her face in the future?

Grandpa really...does not care about her face!

In fact, the old man just didn't want to drag his feet.

The last thing he wanted was that his granddaughter had unrealistic hopes.

Except for Hunter Jackson, all those present are his family members.

Even if you lose face in front of your own people, there is no problem.

The key is to make things clear.

Everyone's eyes fell on Hunter Jackson's body.

But Hunter Jackson didn't seem to know what everyone was expecting.

After picking up the cup and taking a sip of fragrant tea, he put the cup down and looked down at Kylena Gale.

"I have been here for more than a month, have you troubled everyone?"
Kylena Gale felt her heart burst!

So spoilt mouth

k*ss, you clearly regard her as your own person!

She has never tried, the feeling of making Joseph her own woman!

Suddenly, my heart was sour, my eyes became hot, and tears almost rolled down.

She shook her head and almost couldn't help falling into his arms.

If it weren't for so many eyes, she would fall into his arms, she would definitely!

"I...no."

Kylena Gale lowered her head, biting her lip, breathing in a mess.

There was still two seconds of silence in the hall.

Two seconds later, the old man felt happy and finally reacted.

"Why is Kylena so well-behaved, how can it cause trouble to others?" The old man is so happy, so happy!

Before she knew it, she held Emily Gale's hand, but looked at Hunter Jackson: "When Kylena stayed with Joseph, I don't know how much trouble it caused Joseph."

Hunter Jackson smiled. That smile is elegant and expensive!

"The trouble is a bit, but I don't dislike it."

... Emily Gale checked into the guest room on the second floor.

She didn't know where Hunter Jackson lived, nor did she want to know.

Tonight, it belongs to Hunter Jackson and Kylena Gale.

And she, whether she is by Hunter Jackson's side or at this Gale's family, seems particularly redundant.

Standing on the balcony, looking at the night scene outside, she didn't know whether she wanted to laugh or cry.

Laugh, that's laughing at your own stupidity.

To cry is to cry yourself sadly.

She has sincerely announced her relationship, but she is still a plaything next to Hunter Jackson.

He was with Kylena Gale, but in private, he still took her as a woman.

No one knows that she still owes Hunter Jackson more than a month.

For more than a month, she had to be the target of his vent when he needed it in Hunter Jackson.

Oh, what kind of man is this Young Master Jackson?

Scumbag?

Being with Kylena Gale, but still making out with other women, what if it is not a scumbag?

It's windy tonight, the wind blows on my body, it's very cold, and it makes my bones freeze.

Emily Gale didn't know how long the cold wind had been blowing on the balcony. When he suddenly recovered, he dragged a cold body and slowly returned to the room.

Just about to rest on the bed, a knock on the door suddenly sounded outside.

Chapter 398

If she was really deceiving the Gale family member "Second Mrs. Gale?" Emily Gale was stunned when she saw the person entering the door.

What did Gale Qinglian come to do at this time?

Gale Qinglian's eyes were locked on her face.

Although I have seen it during the day, every time I look at it, I still feel surprised.

"Do you know a woman named Sang Qing?" Gale Qinglian asked.

Emily Gale was stunned and stepped aside: "Second Mrs. Gale, come in and sit down."

It is really not a polite behavior to block people at the door.

Gale Qinglian did not miss the surprise in her eyes just now.

She walked into the room, sat down on the chair, and looked back at Emily Gale who closed the door at random.

Gale Qinglian smiled and said, "How? Do you know Sang Qing?" "I don't know why Mrs. Gale asked this?" Emily Gale always took a bit of precaution with regard to his mother.

"You look a lot like her."

Gale Qinglian stared at the defensive look under her eyes, and she said lightly: "I used to know her very well. Every time she and my brother secretly fall in love, I help cover up."

"With your brother...Mr. Gale San?" How could this be?

Mom and Gale Jingxu had a relationship?

Then why, Siniya Ye became Gale Jingxu's woman again?

Emily Gale's head was in a mess, some problems seemed to be understood, but some problems were clearly impossible.

She is not Grandpa Gale's granddaughter at all!

The appraisal report is out!

"Don't you know?" What was floating in Gale Qinglian's eyes, and finally, her face sank slightly.

"Kylena Gale is really Sang Qing's daughter? But I think that Siniya Ye's feelings for her are better than her own."

She stared at Emily Gale with sharp eyes, as if she was not allowed to tell a lie.

"You said Kylena Gale is Sang Qing's daughter?" Emily Gale opened her eyes wide.

What does this mean?

Isn't it because Siniya Ye and Gale Jingxu also had an affair privately, that McGraw Gale gave birth to Gale Jingxu's illegitimate daughter, Kylena Gale?

At first, Emily Gale suspected that she was the granddaughter of the Gale family.

So, in fact, she had the same idea as Gale Qinglian at the beginning. Is it possible that Kylena Gale and Siniya Ye McGraw Gale joined forces to occupy the identity that originally belonged to her?

But this doubt was completely shattered today.

The appraisal report of her and Grandpa Gale showed that they were not related by blood.

After that, she could only accept the fact that Kylena Gale was the grandfather and granddaughter of Gale.

Although she had also wondered, Siniya Ye betrayed McGraw Gale, why can McGraw Gale be so nice to her.

But then I think again, people like McGraw Gale are willing to do anything as long as they have benefits.

Although Siniya Ye betrayed him, Siniya Ye and Kylena Gale can bring him benefits, why not continue to please their mother and daughter

?

So she was relieved about this matter.

But what does Gale Qinglian mean?

Why did she say that Kylena Gale is Sang Qing's daughter?

Emily Gale suppressed the shock in her heart, and met Gale Qinglian's exploring eyes.

"I don't actually know much about the previous generation, I just followed to join in the fun."

"Little guy, are you alert to me?" Gale Qinglian smiled.

This little girl, it seems, at most eighteen or nine years old?

But this thought is not the maturity that an ordinary girl of eighteen or nineteen can reach.

"Mrs. Gale, I don't understand what you mean."

Emily Gale blinked.

There was a little defensive element, but before things became clear, she didn't dare say many things.

Misfortune comes out of the mouth, and it has always been the taboo of big families.

"Sang Qing was with Jing Xu before. My dad objected.

They eloped. Later, they gave birth to a daughter."

"But my brother Jing Xu was in a car accident outside, and Sang Qing took his daughter and his whereabouts were unknown.

"My dad didn't know that there was still a granddaughter.

It was during the last six months that he rearranged Jing Xu's relics and discovered that Jing Xu actually had a daughter."

"We walked along the vines for a long time and finally found Sang. Qing and McGraw Gale and Siniya Ye lived together."

Emily Gale squeezed the hand hidden in the sleeve.

She did not expect, really did not expect!

They actually followed the mother's line to find Kylena Gale.

It turns out that all of this has nothing to do with Siniya Ye.

It was not Siniya Ye who was with Gale Jingxu, but her mother!

However, she is not the granddaughter of the old man at all!

Could it be that the mother was not pregnant with Gale Jingxu's child, but the father made a mistake?

As for the identification of the old man and Kylena Gale, since there are those people behind Kylena Gale, then of course they also have the ability to do the identification.

It turned out that they actually took her mother's relationship and made a fuss.

Gale Qinglian suddenly got up from the chair and walked towards her.

Emily Gale felt a sense of alertness in her heart, took two steps back, and distanced herself from her.

"Mrs. Gale, what else is there?" She asked blankly.

"You are Siniya Ye's child? Why do we inquire about the news, but say that you are Sang Qing's child?" Before, the old man also inquired about this news, and when he went to Beiling, he decided that he would have to call Emily Gale. Bring the child back.

But who knows, the old man went there, and it was Kylena Gale who brought it back.

But Zyden Gale said that it was the appraisal they did personally.

As for Zyden Gale, no one in Gale's family would doubt it for the time being.

Before seeing Emily Gale, Gale Qinglian would not doubt it.

But now, she really doubts, among them, is it possible?

What is really wrong?

Emily Gale knew what she was going to do.

She smiled and shook her head: "I am not Grandpa Gale's granddaughter. I have done the appraisal myself."

"What?" Gale Qinglian frowned and stared at her with a look of doubt.

"If I were, do you think I wouldn't want to recognize my grandfather?" Emily Gale smiled indifferently. If it were, she would have exposed Kylena Gale long ago.

However, she knew now that Kylena Gale must not be Grandpa Gale's granddaughter either.

But she hasn't figured out how to deal with this matter, so she can't act rashly for the time being.

What if you are in Gale's family, and Kylena Gale's comrades?

What if, Kylena Gale and Grandpa Gale's appraisal report, among those who falsified, are there Gale family members?

Even Young Master Jackson is now with Kylena Gale.

She is in a mess now.

The only certainty is that she didn't want Grandpa Gale to be hurt, and she didn't want to see him being deceived.

Only at such an age has he found his granddaughter back. If he knows that this granddaughter is fake, can he bear it?

But if this matter is not revealed, in case, Kylena Gale will deceive Grandpa Gale more in the future, and even take away Gale's shares... Emily Gale really dare not think, if it is really that far, Grandpa Gale How to do?

She looked at Gale Qinglian, her fists clenched.

"Actually, you don't need to work hard on me. I said, I have already done an appraisal with Grandpa Gale. I am not his granddaughter, but..."

She slowly said, "Why not directly Starting from Kylena Gale? Is it difficult to know if she is Grandpa Gale's granddaughter?"

Chapter 399

I'm Sang Qing's daughter who started from Kylena Gale... Gale Qinglian didn't think about it, but the old man and Zyden Gale said that they did the appraisal personally.

This can still make mistakes, unless they have a ghost in their family, otherwise, it is impossible.

Could it be that Gale's family really had a ghost?

"I didn't doubt anything, just came over to greet Kylena's family."

Gale Qinglian turned her heart, smiled at Emily Gale, and said: "Since Kylena and Dad have been appraised, this matter will definitely not be false.

"This little girl wanted to borrow her hand to expose her sister.

It seems that the relationship with her sister is really not very good.

"Kylena and I are a family.

There shouldn't be any doubts between the family members, don't you think?" Emily Gale smiled, and did not respond to Gale Qinglian's words.

Whether it is a family, she still can't say.

As for suspicion, it is not a question whether there should be or not, but whether she herself has doubted.

"It's getting late, Mrs. Gale Er, I'm a little tired. Why don't you go back and rest soon."

Although this Mrs. Gale looks gentler than the older lady, the heart of the fox is not small at all.

Emily Gale didn't want to associate with such people.

Since I am not Miss Sun from the Gale family, there is no need to have a deep intersection with the Gale family.

If it is said that in addition to Grandpa Gale, there is someone in the Gale family who wants her to believe, then this person must be Zyden Gale.

"Well, you rest early, I'll go home first."

Gale Qinglian smiled at her again before turning around and walking outside the door.

Who knows, when I walked past the corner of the corridor, I saw a figure leaning on the corridor leading to the balcony on the second floor.

On such a large second floor, there were only two of them on the corridor. Suddenly, even Gale Qinglian felt a terrible feeling.

"Auntie, it's so late, what can you talk to Jenni?" Kylene Gale took the initiative to walk towards her.

There was a gentle smile on her face, even more polite than before.

Seeing no one was around, Gale Qinglian also raised a smile and greeted her.

"Your sister is here, of course I have to ask her what her shortcomings are, so that she can arrange it."

The smile on Gale Qinglian's face was almost the same as Kylena Gale.

Gentle, gentle, not aggressive!

"However, your sister seems to have a bad temper and is very impatient with me. I have no choice but to come back first."

She approached Kylena Gale, but Kylena Gale suddenly took a step back and smiled at her.

"This younger sister is not related to me by blood, not to mention that she has always been disobedient and has learned badly since she was a child. I, including my adoptive parents, basically gave up to her completely."

Gale Qinglian was still walking towards her, and Kylena Gale's eyes darkened slightly. , But there was still a slight smile on his face.

"Aunt

, What are you going to say, come to my room?

"It's so late..."

"Aunt, I heard that the big cousin performed very well in the company, much better than the second cousin."

"Kylena Gale stared at the steps she wanted to get closer, and the smile on her face finally disappeared completely.

There was a cold tone in her words: "I heard Grandpa say that if you give Gale Shi to me in the future, it will be a big deal. Brother will also be my first helper. In terms of shares, the big cousin will be the most under me.

" "what?"

"Gale Qinglian was startled, a gentle smile, and a deep crack gradually appeared.

"Dad really said that?"

"Yes, grandpa said only yesterday, but he told me not to tell you."

"Kylena Gale stared at her instantly changed face, and her thin lips curled up.

"But, I think, although the eldest cousin is very powerful, it is also because it is too powerful. In the future, I don't know if I will be connected. Don't pay attention to it.

"What do you mean by that?"

"Gale Qinglian finally realized that she knew too little about the girl in front of her! "I don't mean anything else. I just feel that if I can, I would rather choose my second cousin as my partner."

"Kylena Gale turned around and walked towards her room.

"Auntie, come and have a cup of tea in my room.

After I returned to this house, our aunts and nieces didn't seem to have a good conversation."

Gale Qinglian was a little entangled, following her in, it means that there are some things that she might need to participate in. But, not following her in...what good is it for her? Just about to take a step, suddenly, she saw

something out of the corner of her eye. Gale Qinglian After a pause, he looked sideways at the long corridor: "Wait a minute.

" "Ok?

"Kylena Gale stopped and looked back at her. Following her gaze, Kylena Gale also saw the figure at the other end of the corridor.

"Emily Gale?"

"... When Emily Gale knocked on the door, Zyden Gale had just come out of the bathroom, with only a bathrobe on her body, and her short hair was still wet. Drops of water fell from the tips of her hair, adding a touch to the gentle and elegant young Master Gale.

The smell of wildness. This home, like the Beiling Jackson's, is handsome and beautiful. When Emily Gale saw it, he couldn't help being surprised.

"What's wrong?"

Is it because the servants didn't take care of them?

"She came to see herself at this point, and Zyden Gale was also a little surprised. Young Master Jackson was with his grandfather and his mother, and things seemed to have not been finished.

After he came back to deal with a video conference, he took a shower and planned to sleep. Now, It was almost eleven o'clock in the evening. Emily Gale shook his head and said seriously: "Young Master Gale..."

"Grandpa said, let you be like Kylena and call me big cousin.

"Zyden Gale opened the door and greeted her in.

After that, he closed the door without closing.

strict.

He is a very polite and polite man.

The door could not be closed, it was to protect her reputation.

Emily Gale's nose was a little sour.

I know I shouldn't think about it, but I really want to.

I really think that the man in front of me is really her eldest cousin, and really think that Grandpa Gale is really her grandfather.

In that way, she also has a grandfather who loves herself, and a brother who loves herself.

Unfortunately, none of them are.

"Big cousin."

She cried docilely, following her own wishes.

Zyden Gale smiled, pulled a chair and let her sit down.

Pour her a glass of warm water, and sit opposite her.

"What's the matter? You seem to be in a bad mood. When eating at night, you put down your chopsticks without taking a few bites.

Are you feeling unwell?" Emily Gale didn't expect that he could see all these little things. in.

"Grandpa said, let me prepare a supper for you. I'm afraid you will not have enough food. I just had a meeting and forgot."

He picked up the phone and dialed a number at random.

Before Emily Gale had time to stop, he had already ordered: "Bring some snacks to my room."

"Big cousin, I'm not hungry."

Emily Gale said immediately.

Zyden Gale disagreed: "I just ate so many bites, two greens and one bite of soup, but only two bites of rice, and even one bite of meat.

Are you hungry?" "I..."

Emily Gale thought for a while and decided. Do not continue this topic.

The better Zyden Gale and Grandpa Gale treat themselves, the more she feels that some things must be explained to them clearly.

"Big cousin. Emily Gale squeezed the cup in his hand and met his concerned eyes.

She took a deep breath and said, "I...I am Sang Qing's daughter.

Chapter 400

How to be sure, the rape is not me?

"You..."

Zyden Gale was obviously taken aback.

She is Sang Qing's daughter, then, whose daughter is Kylena Gale?

"Didn't you already inquire about it clearly from the beginning, Sang Qing's daughter is me?" It's impossible for them to go to Beiling without inquiring about such an important matter.

"Yes."

After all, it was Zyden Gale who was used to seeing big scenes, and he quickly calmed himself down.

Looking down at Emily Gale, her gaze was calm, she didn't feel nervous, she didn't seem to be lying at all.

"In the beginning, we found out that Sang Qing's daughter is indeed you. When Grandpa and I went to Beiling, we identified Emily Gale as our Miss Sun."

"But what? Is it because Siniya Ye knew about you? After identifying and coming, I will tell you that Sang Qing's daughter is Kylena Gale?" Emily Gale could basically guess the whole process.

For Siniya Ye, Kylena Gale is the most important.

Of course she has to leave all the good things to her daughter.

What's more, Kylena Gale pretended to be the granddaughter of Jackson's old wife.

Now, it's no surprise that I continue to impersonate the granddaughter of the Gale family.

Zyden Gale thought for a while and nodded: "Indeed, Siniya Ye told us that Kylena Gale is Sang Qing's daughter."

From the appearance of the two children of almost the same age, it is impossible to tell who is older.

In short, in terms of age, two people are right.

Since Siniya Ye is Kylenea Gale, of course they have to find Kylenea Gale first.

“But, of course, I don’t want to doubt you, I just want to tell you that we...”

Zyden Gale paused, seemingly embarrassed.

Emily Gale knew that he didn’t want to hurt her self-esteem. This Gale family eldest master was really good to her.

She smiled, “You want to say that Grandpa Gale and Kylenea Gale did a DNA test, and the result showed that they were blood related, didn’t they?” He was embarrassed to speak, and then she said it.

Zyden Gale let out a sigh of relief and nodded: “So, of course, is it possible that you made a mistake yourself?” “Impossible.”

Emily Gale’s face was firm, and he answered straightforwardly.

“Moreover, I didn’t come here to pretend to be Miss Gale Jiasun.”

“Of course, I didn’t mean that.”

A person who immediately came to rescue an old man on the road when something happened was definitely not a bad person.

What’s more, Zyden Gale believed in his own vision.

Emily Gale is a kind and good girl.

Emily Gale is very grateful for his trust in himself, this feeling of being trusted is really good and warm.

You don’t need to work hard to explain and prove.

If he believes in you, he really believes.

For her, this is enough.

"I'm not Grandpa Gale's granddaughter either

My son, I took Grandpa Gale's hair in private for an appraisal.

Seeing his shocked face, she apologized seriously: "I'm sorry, I just have doubts."

"It's okay. If you have doubts, just prove that you are not wrong in this matter."

"Anyway, I am not Grandpa Gale's granddaughter, but I really am Sang Qing's daughter. I... have been appraised."

"She and the old lady of the Jackson family have done appraisal, although the evidence has been destroyed by those people now. However, she has done it, and the appraisal done by herself, the report she took, can't be fake. Zyden Gale didn't speak, since if she can come to find herself, she must have something to say. He just needs to wait for her and wait for her to continue. Emily Gale took a deep breath before continuing: "The one with Gale Jingxu is Sang Qing, Sang Qing's My daughter is me, but I am not Grandpa Gale's granddaughter.

"When I said this, I always felt that there was such a humiliation to my mother. But in order to prevent Grandpa Gale and Zyden Gale from being deceived by Kylena Gale, even if she humiliated her mother, she had no choice.

"Although I don't want to admit it, but... ..Maybe, my mother was not only Gale Jingxu a man back then.

"Wait a minute."

"Zyden Gale waved his hand. He rubbed the corners of his eyebrows, and Emily Gale knew that he still had some acceptance of incompetence regarding this matter.

It was not a question of who lied to whom, but if Sang Qing was pregnant with a child that was not them. Gale's family, that's the case. Right now, his grandpa doesn't have a granddaughter at all. If grandpa knew about this, he... would collapse. Emily Gale didn't speak, so he could only wait for him to accept it first and calm down. In the end, the one who suffered the most was Grandpa Gale.

An elderly man in his seventies, although he looked very healthy. However, the age is placed there, in his seventies, he really couldn't bear too much shock. In addition, the servant knocked on the door gently: "Master Zyden, I have brought snacks.

Zyden Gale wiped his face before saying, "Send in.

The maid opened the door of the concealed room, brought in the snacks, and placed them on the coffee table. In front of Emily Gale, there were a lot of snacks and sweet soup. But in front of Zyden Gale, there was only a cup of hot tea.

After the maid left, Emily Gale picked up a piece of cake and tasted two bites. In fact, the air pressure was really low. Under such an atmosphere, maybe people can relax with some cakes.

She was also nervous and worried about this matter. To put it bluntly, Grandpa Gale really didn't know if he could bear it. Zyden Gale also picked up the cup and tasted a few sips of tea.

After that, he put down the cup, put his long finger on the edge of the cup, and swiped it unconsciously. "I know what you mean. Now, you want to say, you are not grandfather's granddaughter, nor is Kylena Gale?"

"I'm not sure, after all, you

I did a DNA test with her, but..."

Emily Gale changed the conversation and met his gaze, sincerely and seriously.

"If you know that you want to do an appraisal with you, and you are prepared in advance, you have to do it in the appraisal.

It's not impossible, what do you think?

Zyden Gale did not respond to this, but was just thinking. If you want to say that the result of the appraisal is "No", then you can do it with some hands and feet. However, to make the result "Yes", there must be someone else. , Really has a blood relationship with the old man. Unless, they even exchanged the old man's blood sample.

"Big cousin.

"Although this title is actually very unsuitable, but after she was called Shunkou, she was a little reluctant to change.

"The easiest way to know if it is or not is that no one knows and no one will prepare in advance. In case, do another appraisal.

"You mean, you want me to do an appraisal for them in private?"

"I don't trust other people, and I don't know if there will be Kylena Gale's associates in this family."

"To deceive the old man, he even moved his hands and feet in the appraisal, and then became the Gale family's Miss Sun. Such a big thing, Kylena Gale alone can never do it. Of course, there is also such a possibility that people outside are too powerful. , He can solve all these problems for Kylena Gale. Regardless, it is a fact that Kylena Gale has an accomplice.

"Then you," Zyden Gale looked at Emily Gale, her deep eyes narrowed: "How can we be sure? It's not me who joined forces with Kylena Gale at the Gale's family?"

Chapter 401

Zyden Gale was there when it was my fault.

If he arranged this scam, it would be more convenient and easier than anyone else.

Because Mr. Gale absolutely trusts him.

"I have doubted it before."

Emily Gale had a calm expression without any intention of concealing it.

"Then why come to me?" "I want to believe in myself for a while."

She smiled and met his gaze: "I believe in my ability to see people, big cousin, I believe in you."

There is nothing more , More moving than the sentence "I believe in you".

Zyden Gale picked up the cup again and took a few sips before putting it down gently.

"In order to live up to your trust, I will verify it early tomorrow morning."

Kylena Gale and the old man are in this home, and it is not difficult to get their samples for identification.

"Thank you for telling me all this."

"I just feel sorry for Grandpa Gale. I don't want Grandpa Gale to be hurt, and I don't want him to fall into the hands of some caring people."

Emily Gale's spoon stirred a few times on the sweet soup. When I returned, I picked it up and tasted it.

"It tastes good."

Sure enough, the sweets have a reassuring feeling.

Probably because I did eat well tonight, and now I am a little hungry.

She ate the whole bowl of sweet soup in one sigh, then put the bowl down.

"It's getting late, I..."

"I heard that Grandpa intends to give you five points of shares."

Zyden Gale said suddenly.

Emily Gale was taken aback for a moment, and hurriedly said: "I won't take advantage of Grandpa Gale, these shares, I..."

"I didn't mean that."

Zyden Gale smiled, wondering if the heating in the room was turned on too much.

There is a feeling of heat.

He tugged at the neckline of his nightgown, feeling a little dry inexplicably.

Had to lift the cup and drank all the remaining tea.

Then he looked at her and said lightly: "Grandpa really likes you."

It has nothing to do with blood. I have never seen him like a child so much. Maybe, this is the fate of you and grandpa."

"If, grandpa."

Really insist, I hope you can accept these five points of equity."

"How can this be?" No merit is left, how can she accept the equity of other people's home casually?

"Grandpa Gale is the same. Five points. I just live in luxury, and I can't spend it in ten lifetimes."

She won't ask for money from other people's homes. This is definitely not what she deserves.

"If Grandpa Gale likes me, I can come to Gale's house to accompany him more often in the future."

As he said, it has nothing to do with blood, but fate.

It seems a bit hot... Emily Gale pulled down his neckline subconsciously, and a little sweat leaked out of his forehead inexplicably.

"It's really late, big cousin, I hope you can handle this soon."

The banquet will be held on Saturday, if it is on Saturday

Previously, the matter could not be found out clearly, then the matter that Kylene Gale is Miss Gale Jiasun will be made public.

At that time, the entire Lingzhou business district will know.

If it is later found out that Miss Gale is a fake, then the entire Gale family will become a joke of others.

Gale's equity, I don't know if it will be affected.

Zyden Gale naturally understands this truth. He nodded and said, "Okay, now Grandpa and Kylena Gale are probably also resting. I'm not going to toss, but I will check it out early tomorrow morning. Don't worry."

He called Emily Gale was moved by her full name instead of Kylena as before.

Zyden Gale believed her.

"Yeah."

Emily Gale stood up, "Then I will..."

Before she finished speaking, she suddenly felt her eyes sway, and everything in her vision suddenly blurred.

"What's the matter?" Zyden Gale saw her body shaking, and hurriedly stood up and helped her.

I don't know why, after his hand touched her body, his body suddenly seemed to be burned up by fire.

There is a feeling of turning around in the heat!

"Damn it!" Zyden Gale's face sank!

He was calculated!

It doesn't seem to be much better to look after Emily Gale now!

"Ranran..."

"It's hot..."

Emily Gale pulled at her clothes.

Zyden Gale immediately clasped her hand, but she still rubbed restlessly in his arms.

Zyden Gale's consciousness also began to blur.

His body was as hot as a fire, and there was a girl moving in his arms. How could he stand it?

"Of course, don't... move."

She obviously wanted to imprison her, but she didn't know how to do it, so she hugged her.

Emily Gale fell softly into Zyden Gale's arms, confused.

Zyden Gale is clearly doing a battle between heaven and man.

Knowing that she should be released, the two arms tightened tighter and tighter, hugging her tightly.

Time passed bit by bit, and consciousness passed bit by bit.

Suddenly, Zyden Gale hugged Emily Gale and strode towards the only big bed in the room... With a bang, the door of the room that was originally concealed was kicked open.

"Zyden."

Seeing the picture in front of him, the Gale family was stunned for a while.

The two people on the bed, the man pressed on the girl, and the clothes of the two were messy.

The girl's round shoulders were clearly exposed in everyone's sight.

"RJenni?" After seeing the girl's face clearly, Old Man Gale's heart was shaken, and he rushed over in a hurry, pulling up the quilt to cover the two of them as quickly as possible.

It's hard for him to be so agile at his 70s!

The people standing at the door were amazed.

Zyden Gale frowned, the consciousness that was lost just now gradually

Gradually return to the brain.

Looking down, Emily Gale was lying under him, still a bit misty in his eyes.

But these big round eyes are also brightening little by little.

His heart shook and he got up from her suddenly.

Covering her tightly with a quilt, Zyden Gale looked at the old man with a complicated expression: "I..."

"Ah!" Emily Gale was sober!

I was so scared that I almost fainted by all this in front of me!

Grandpa Gale stood by the bed, blocking her tightly for fear that she would be seen by others.

But she could still see the expressions of other people in the room.

Some people raised their lips and smiled, some were shocked, some couldn't react, and others... His expression was indifferent, and the look in their eyes was like looking at someone who was irrelevant.

He, staying out of the matter, cold-hearted!

"Master Jackson, I am not..."

Emily Gale wanted to explain, but at the moment when he met his indifferent gaze, she suddenly realized that she didn't need to explain it anymore.

Because he didn't care at all.

"This...what the hell is going on?" Gale Qinghe walked over and stared at his son: "Zyden!" Zyden Gale pulled off his clothes at random.

Although he was still a little messy, his expression was already gone.

It calmed down completely.

Being drugged, now, in front of so many people inside and out, naturally cannot say.

With that said, their home will be in chaos.

He pursed his lower lip, took a look at Gale Qinghe, then turned to look at the old man: "Sorry, grandpa, it's all my fault, I force it to be clear."
