

Love Through Time and Space

Chapter 402

Isn't he worthy of you?

It's all his fault!

He forced Emily Gale!

Means, just now, Emily Gale was not voluntary?

This guy took everything on himself, just to not embarrass Emily Gale.

The old man knew in his heart that he knew who his grandson was better than anyone else.

Forcing a woman to do this, his grandson would not do it.

Gale Qinghe didn't believe that her son was a dragon among people. What kind of woman did he want?

force?

how is this possible?

It's just to make this girl face and make it better!

"Dad, shouldn't they let them clean up and discuss this matter?" The son didn't wear his clothes, and now, it's as if he's been caught and raped.

She couldn't bear to see her son so embarrassed.

The old man finally reacted. Now that Emily Gale looks like this, how can we let everyone continue to stay?

"Um, why don't you go to the lower hall for a drink."

Steward Ding said immediately.

The old man also hurriedly said: "Okay, hurry up and order the kitchen to prepare a supper, everyone go downstairs to eat."

Kylena Gale and Gale Qinglian took the lead to go out, walking behind them is Hunter Jackson.

From beginning to end, he didn't seem to have seen Emily Gale half an eye.

Maybe I have seen it, but it is also the coldest, most ruthless, and even the most irrelevant look in my eyes.

Everyone was gone, and Old Man Gale was at the end. He looked at Zyden Gale and then at Emily Gale.

Still a little unacceptable.

Steward Ding tugged at the corner of his clothes: "Old man, go down first, don't make it difficult for the two young people."

"Good."

The old man finally left.

In the room, only Zyden Gale and Emily Gale were left.

"Are we being calculated?" Emily Gale didn't have much memory of what happened before.

The last scene remaining in her head was that she fell into Zyden Gale's arms with fever.

She looked down at her body. Fortunately, although the clothes were messy, the most intimate clothes were still there.

At least, nothing that shouldn't have happened yet.

Zyden Gale got off the bed and turned his back to her.

"Put your clothes on first."

Emily Gale hurriedly put on his clothes immediately.

Zyden Gale went to the bathroom and was relieved after making sure that he hadn't touched her.

In any case, this kind of thing hurt Emily Gale the most.

But in this family, someone wanted to attack him, which Zyden Gale didn't expect.

Does this home also start to become complicated?

When the two went downstairs, the atmosphere in the hall was quite warm.

Seeing them coming down, the old man who had recovered his senses immediately waved: "Ranran, come to Grandpa."

Emily Gale walked over, and had secretly watched Hunter Jackson during the period.

He was sitting with Kylena Gale, who was pouring tea for him herself.

The atmosphere between the two people is beyond words.

She lowered her eyes, ignored him, and walked to sit down beside him.

Gale Qinglian suddenly laughed: "It turns out that Zyden He Ranran's relationship is so good, why are we being kept away from us?" Gale Qinghe did not speak, and had never heard her son mention anything related to women.

What's more, with his son's status and status, he is looking for a woman, but also a good helper who can help his career.

Emily Gale from a family like this...It's still a bit worse.

Zyden Gale sat on the sofa, beside Emily Gale.

At this time, Young Master Gale had returned to his usual coldness and warmth, and there was no strange look on his face.

He looked at Gale Qinglian and said lightly: "Ranran has not yet agreed to my pursuit, so the matter has not been made public."

Emily Gale glanced at him, and Zyden Gale gave her a reassuring look.

Emily Gale can only regard the drug as not happening.

This is Gale's family. Zyden Gale should solve any problems.

She is an outsider and it is not suitable for her to act rashly for the time being.

"Oh, it's already..."

Gale Qinglian glanced at the two of them and smiled while covering her lips: "How can you say that the girl didn't agree?" Zyden Gale just smiled indifferently. This question was not answered for the time being.

He said: "What happened just now? Why are you here? Something is looking for me?" Regardless of what the relationship between him and Emily Gale is, the strange scenes appearing together, know that things are not simple.

Good point, how come everyone came in together.

"Just now the maid said that she heard a girl's voice in your room, and thought something was wrong, so..."

Gale Qinglian gave Emily Gale a subconscious glance, smiling with a subtle meaning.

"Well, it's just a misunderstanding, but you, it looks like something good is coming, right?" No one responded.

Gale Qinglian thought, then looked back at Kylena Gale and Hunter Jackson.

"Dad, look, is it time to talk about Kylena and Joseph? Now, our sister Zyden and Kylena...Oh, this is a good thing."

After the old man calmed down, he accepted it with pleasure. This matter.

Although at first, I really loved Emily Gale as a granddaughter.

However, after all, she is not the real granddaughter, she is a child of someone else's family, she can't take it over.

But now, the situation is completely different.

However, he was with Zyden. Didn't it hit his arms?

Whether Kylena Gale is with Hunter Jackson, the old man is not so concerned.

But if

Emily Gale can marry Zyden Gale, then she will stay at Gale's house in the future, and she will be able to see her every day in the future!

The more the old man thought about it, the more excited he became, not to mention the expectations.

"Zyden, if you do such a thing, you have to give Ranran an explanation anyway."

The old man deliberately kept his face stern and serious.

"Well, let me, an old guy, set a date for you. Let's get engaged first."

"What?" Emily Gale was so scared that he almost got up from the sofa.

got engaged?

What is Grandpa Gale talking about?

"Of course you have to get engaged! Zyden bullied you, this matter can't just go by, it's not good for you."

The old man pressed her hand and held it tightly.

"Of course, don't worry, grandpa will definitely seek justice for you, and will never let this stinky boy hurt you."

"No, Grandpa Gale, my cousin and I don't..."

"Oh, look at me. Confused, I asked you to call your big cousin with Kylena."

The old man patted his head and quickly said: "From now on, you'll still be called Zyden. You can also call Zyden, the big cousin, but Stop screaming."

"But nothing really happened to me and Zyden, we just..."

"Everyone has seen what happened just now, little girl, don't be shy."

Seeing her father so happy, Gale Qinglian couldn't help but help her voice: "Don't you think our family's conditions in Zyden are not good enough to be worthy of you?"

Chapter 403

Is this man ridiculous?

"No, how could I feel that Brother Zyden's conditions are not good enough?" Emily Gale quickly explained.

With Zyden Gale's conditions, it is definitely a high climb to be able to be with him.

However, this is not the crux of the matter.

The most important thing is that nothing really happened to her and Zyden Gale.

In the matter just now, someone is clearly framed.

She couldn't think of other people, the only thing she could think of was Kylena Gale!

However, Zyden Gale didn't want to be in front of so many people, talking about being drugged, which would disturb the peace of the whole family every minute.

So how should this matter be resolved?

"On the condition of Gale Dashao, you little girl can be considered a high climb."

A low voice suddenly sounded.

Everyone heard about the reputation, but unexpectedly, it turned out to be Hunter Jackson who had been quiet.

Young Master Jackson also agrees with this?

Kylena Gale's face was shocked, completely unexpected, it was a surprise!

Emily Gale looked at him with anxiety in his heart, but under his smiley eyes, he gradually calmed down.

"Young Master Jackson, do you think I should be engaged to Zyden Brother?"
"This kind of thing depends on your feelings, why ask me?" Hunter Jackson smiled, picked up the cup, and tasted the tea.

Just looked at her again, the corners of her lips still smiled like nothing.

"However, Young Master Gale is indeed a good destination. If you can climb, it will be your blessing."

Emily Gale's fingertips subconsciously clenched, and the sharp nails were almost pinched into the flesh of his palm.

But her face became more calm and indifferent.

She retracted her gaze and looked sideways at Zyden Gale next to her.

Zyden Gale smiled and said: "Don't make it happen. I will discuss this matter with Ranran..."

"Why do I have to go back and discuss it? Now, while everyone is here, why don't you just make it clear?" The old man knew the truth about hitting while the iron was hot, and he clearly saw that Emily Gale was not so willing.

But his selfish desire is to keep Emily Gale by his side.

Besides, this girl looked a little strange at Young Master Jackson's eyes.

But now, Young Master Jackson is obviously very good to Kylena.

She is Kylena's younger sister, so she can't like the same man as her sister.

If you continue like this, you will be injured.

"Grandpa believes that you, Brother Zyden, will treat you well in the future, don't panic."

Zyden Gale didn't say a word, just looked at Emily Gale and smiled softly.

Emily Gale met Zyden Gale's gaze, and she didn't know whether it was anger or something, she finally took his hand.

Zyden Gale held her little hand tightly.

He smiled and said, "Does Grandpa have to talk about it in front of so many people? I will go to the study to talk to you tomorrow, can I?" "But..."

The old man still feels unsafe, the best, he will be engaged tonight For

Set it down.

This is the perfect solution.

Get engaged quickly, but then you can't run away!

Gale Qinghe said lightly: "Dad, it's late now, what's the matter, I'll talk about it tomorrow, let the children go up and rest first."

"Yes, sir, what else are you tossing about at this late hour? The children want to rest?" Ding The butler was desperately winking at him.

Didn't you see that Emily Gale was in a bad mood?

This old guy, why doesn't he know how distressed the other girl is?

It's not that the old man doesn't feel bad, but he's just afraid of missing such a good opportunity.

However, everyone is saying that now, if he continues to be stubborn, probably, it will really be embarrassing.

"Well, Zyden, you come to my study early tomorrow morning, and I will talk to you about it. Now," he looked at Emily Gale and then at Zyden Gale, blinking vigorously.

"Coax our family well, but don't let such a good girl run away."

"I see."

Zyden Gale nodded and stood up.

But what he is looking at now is Gale Kylena: "Kylena, you asked me for the information of the company's management last time. I am ready. You follow me and I will show it to you."

"Kylena wants the information of the management? "These words not only surprised the old man, but even Gale Qinghe was a little surprised.

Zyden Gale smiled lightly and said, "Sooner or later, the Gale family will be this girl. Let her get in touch with the company's affairs as soon as possible. When we take over in the future, she won't be too busy."

Although Zyden Gale's words are good, the old man looks at him now.

There was still some guilt in my heart.

The kid Zyden is really a good kid.

Following him for these years, I have done things for Gale with no regrets, and he will do whatever he asks him to do.

Over the years, Zyden Gale has never made any requests, none at all.

The old man sighed slightly and nodded: "Then...you guys have a good chat."

"Grandpa, I'm a little sleepy, I want to go back to rest first."

Emily Gale also stood up, and when the old man nodded in agreement, she and Everyone said hello and walked straight to the spiral staircase.

She didn't look at Hunter Jackson, not even half an eye.

Because this man is no longer worth her nostalgia.

Not worth it at all.

Emily Gale took a heavy step and returned to his guest room.

In fact, I have already taken a shower and changed clothes, but I don't know why, so I still want to take another wash.

Maybe I feel that my body is really dirty, indescribably dirty.

Can the body touched by Mr. Jackson be dirty?

Even if it has been washed, it is still very dirty.

She is very dirty.

Walked into the bathroom, but there was no warm water.

The Chinese New Year was about to come, and the cold water was bitterly cold, and she was trembling constantly in the cold, almost fainting.

But the tingling in her heart kept her awake all the time.

But the pain is there

What's the point?

Those who don't belong to me will leave after all.

What else does it hurt?

After half an hour, Emily Gale came out of the bathroom surrounded by bath towels.

The footsteps are a bit floating, and the body is still shaking with cold!

But she didn't expect that when she came out, she saw an extra figure in the room.

He was sitting in a chair, looking at her coldly.

Emily Gale's face sank, and he immediately returned to the bathroom, planning to close the bathroom door.

The man's speed was faster than she thought, she just took two steps back, and the others had already arrived in front of her.

With a tight arm, Emily Gale was dragged over by him and slammed into his arms.

The body of the girl in her arms was cold, like a popsicle.

Hunter Jackson's face suddenly turned iron blue, and he was angry: "You take a cold bath? Are you crazy?" Emily Gale only found it ridiculous.

Young Master Jackson's words are full of concerns. Is he worried about her?

Isn't it ridiculous?

Especially, he actually dragged her over, threw her on the bed, pulled the quilt, and covered her completely.

Afraid that she will catch a cold and get sick?

Oh, this man, he was trying to push him into the arms of other men a moment ago, but now he is coming to pretend to be concerned.

The methods are all the same for a while, anyway, just acting.

Don't you be tired after acting?

Chapter 404

He didn't care to see the ironic smile on the corner of her lips, but Hunter Jackson's anger subsided.

Standing by the bed looking at her, when he wasn't impatient, he was the cold and domineering man again.

"Are you looking for me? Young Master Jackson."

Emily Gale smiled lightly at him.

"It's late. Come to my room at this time and close the door, so I'm not afraid of Kylena Gale's misunderstanding?" "She understands the truth."

Hunter Jackson hummed.

Emily Gale's hand hidden under the quilt tightened the sheets.

But her face was always calm.

"It turns out that I found a reasonable girlfriend. No wonder, even my own woman sleeps with other men. I don't mind."

Hunter Jackson ignored her, staring at her face for a while.

There was something wrong, so he walked away from the bed.

Instead of going out, he sat in a chair and looked at her.

Emily Gale didn't understand what this man meant.

He didn't ask a word about such a big event today.

What is the relationship between himself and him now?

Hunter Jackson wanted to light a cigarette a little.

After touching his pocket, he realized that he didn't carry the cigarette.

His eyes finally fell on Emily Gale.

"What do you want to say?" he asked.

Emily Gale turned her face away and said, "Why do you think I should say something?" She smiled coldly: "Then, Master Jackson might as well tell me, what do you want to hear from me? What you say is."

"Are you trying to anger me?" Hunter Jackson's eyes narrowed.

The chill on his body is a sign of anger.

But tonight, Emily Gale is not afraid at all.

Maybe it was fear, but it was covered by another emotion, so the fearful mentality was ignored.

"How dare I? You are the superior Young Master Jackson.

It's not good for me to provoke you."

"It's good for you to know."

"I always knew."

The man suddenly got up from the chair and walked towards her.

Feeling the pressure of the coolness, Emily Gale turned around and glared at him, with a defensive look: "What are you going to do?" "You are still mine now, a lone man and a widow at night, what do you say I want to do?" Since you have the courage to provoke him, you shouldn't be afraid of his anger.

Wasn't she stubborn just now?

He hadn't seen such a stubborn side for a long time.

Since he is stubborn, let him be stubborn to the end!

After the tall body stopped by the bed, he suddenly leaned in close.

Emily Gale backed away abruptly, but still couldn't hide. He clasped his wrist and pulled it back easily.

"Hunter Jackson, this is Gale's house!" "So what?" Isn't she his woman in Gale's house?

"If you want to please the Gale family, and if you want to be with Kylena Gale, you shouldn't mess around here! As long as I call, I will always alarm everyone!" She didn't believe

, He really dared to mess around.

But this time Emily Gale guessed wrong again.

Hunter Jackson not only dared to mess around, but also dared to be presumptuous!

With a hiss, Emily Gale's clothes were suddenly pulled apart a large part.

"You!" Emily Gale was startled and hurriedly pushed his chest.

"You're crazy!" "What's so crazy about me?" Hunter Jackson sneered, not that he was crazy, but just that this girl couldn't see the situation clearly.

"Believe it or not, even if I want you in front of everyone in the Gale family, Kylena Gale is still willing to follow me?" "You..."

This bastard!

It's terrible!

She believes it!

How could she not believe it?

Hunter Jackson is a madman, and Kylena Gale is also a madman!

A bastard man, a nympho woman, a perfect match!

But now, she didn't have the qualifications to resist him.

Is there anything in the world that he can't do?

If she calls for help, does he really want to do that kind of presumptuous things to her in front of everyone in the Gale family?

The man pressed her body down, Emily Gale gave up the struggle and closed his eyes.

It was just the corners of the eyes, those two drops of clear tears, still inadvertently, slipped down.

It fell on his lips, salty and bitter.

Hunter Jackson's anger gradually subsided under these two tears.

He looked down at her.

The girl lay motionless under him like a breathless wooden doll.

Hunter Jackson was a little irritable.

The fire that caused her anger just now has been extinguished by her tears.

Do you hate being close to him so much?

The man suddenly got up from her, turned to leave, slammed the door and left.

There is no nostalgia.

Emily Gale opened his eyes and looked at the empty room. Suddenly, he didn't know if he was relieved or disappointed.

What are you disappointed?

He didn't ask her about Zyden Gale, not a word.

Don't you care, have you given up long ago?

If you don't care, why come to her?

There was a small voice in my heart, telling myself that he was looking for her just to vent.

In his eyes, he was just a poor tool, so he didn't care what happened to this tool.

He didn't care even what she did with other men.

Emily Gale sat up, holding her bent legs, her heart ashamed.

In the hall, in front of everyone, she behaved as well as Zyden Gale, but she was angry.

She had never thought about Zyden Gale in any way, let alone really want to be engaged to him.

She just wanted to see if Hunter Jackson really didn't react at all.

Facts have proved, really, really unresponsive, clear, it's nothing to do.

Oh, his relationship with her has become

So indifferent.

Except for the relationship of the paper agreement, nothing else.

..... When Hunter Jackson returned to the room, the phone's ringtone just rang.

He closed the door of the room at will and then put the phone on.

"Young Master, Yang Yi lived in a hotel not far away."

On the other end of the phone, Aspen Li's low voice came.

"What about things?" Hunter Jackson looked at the night outside the window.

The night is dim, and the whole world seems to be covered with a layer of fog that makes people invisible.

Aspen Li lowered his voice and said: "It has been changed, Yang Yi doesn't know, so I just take it for identification."

Hunter Jackson didn't say a word, Aspen Li said again: "Master, Zyden Gale, there may be actions."

"Even if there is a movement, someone will definitely stop it. Zyden Gale doesn't need us to worry about it."

Aspen Li was a little surprised: "What happened?" He was not at home at night, and he didn't know what happened here.

"The Gale family members found that Zyden Gale and Emily Gale were rolling on the bed..."

"How could it be?" Aspen Li didn't believe that Emily Gale would do such a thing.

"Young master, you believe Miss Ranran, it is absolutely impossible! It must be framed."

Hunter Jackson still did not speak, there was a cigarette on the table, he went to take out one and lighted it casually.

Aspen Li calmed down and finally understood.

"That's why the young master said that someone will pin Zyden Gale?" The young master's mind will always go faster than him.

However, Aspen Li was still a little worried: "Then...the two of them..."

"It hasn't started yet."

Aspen Li breathed a sigh of relief and immediately said, "So, maybe, this matter will help us. .Master, I know what to do next."

Chapter 405

She is your cousin Zyden Gale who went to the hospital early in the morning.

But he didn't expect to see a familiar person at the door of the laboratory after he sent the things in for testing.

Kylena Gale.

"Big cousin, what's the matter for coming to the hospital so early?" Kylena Gale smiled gracefully.

Zyden Gale narrowed his eyes, unable to see her thoughts at the moment.

"I feel a little uncomfortable. Come and check it."

He said lightly, but the smile that usually floated on his face was gone.

Kylena Gale still smiled gracefully: "Big cousin, it's probably not her body that is going to be examined?" "Kylena, what do you want to say?" Everyone's time is precious, so there is no need to continue playing the mummy like this.

He just didn't expect that he would be followed by Kylena Gale, and he didn't know.

"Big cousin, don't doubt your alertness, I didn't follow you here."

Kylena Gale saw through his mind: "I'm just guessing, you should be here."

"What do you want to say?" Zyden Gale lost his patience.

"Big cousin, haven't you always been the one who loves me the most and is the most gentle to me? How come you are so rude and impatient with me when Emily Gale comes?" Kylena Gale is not anxious at all, anyway, he wants to be here. Waiting for the report, in fact, it's useless for him to be anxious.

"Your appraisal report, I'm afraid it will take four hours to come out."

She directly said the four words in the appraisal report.

There is no need to conceal this matter.

Zyden Gale's face sank.

Kylena Gale smiled cheerfully: "Big cousin, there is a coffee shop downstairs, why don't we talk and wait?" "I have to stay here."

Just in case, her people will do from it. Hands and feet.

"Heh, big cousin, your defensive heart is so heavy, how will we get along in the future?" Kylena Gale pulled up the hair around her ears, her charming smile, full of style.

"I really want to do my hands and feet, next time you stay quietly and do the appraisal in another place, how many times can I prevent it?" Seeing him still unmoved, the corners of her lips disappeared and she looked at him lightly: "Emily Gale told you that I am not Sang Qing's daughter, am I?" "But Emily

Gale didn't tell you, is she the one?" This is what Kylene Gale didn't see through all night.

Since he knows the relationship between Emily Gale and Sang Qing, why in front of the old man, why can he admit that Emily Gale and him were going to bed, and even talk and laugh with everyone?

Does he still have something and don't know the truth?

"What do you want to say, why not say it clearly."

She was right, even if she blocked him this time, in the future, as long as she is still in this home, he will have countless opportunities to give her and the father Do identification.

If she doesn't

It was Grandpa's granddaughter, this secret, once he became suspicious, she would definitely not be able to hide it.

Unless, kill him.

Thinking of this possibility, Zyden Gale was relieved.

"This is Lingzhou. What do you think you can do to me?" "Of course I can't do to you. You are the young master of the Gale family. Lingzhou is your territory. I am a weak woman. You are really scared. Nothing?" "Where are you going to talk?" She must be ready to come and find herself.

Since there is something to tell him, it's better to say it clearly earlier, so as to save everyone's time.

"If you don't want outsiders to hear it, it's better to get in my car."

... Kylena Gale's car, like Zyden Gale's car, is in the hospital's underground parking garage.

She did not bring bodyguards, and when Zyden Gale got in the car, she also secretly observed the surrounding environment.

There is no strange smell, and there is no dangerous smell.

"Oh, big cousin, you are so defensive, it's hard for people to get along with you!" "Stop talking nonsense."

Kylena Gale's ability to follow him to this place today has already shown that she is really not grandpa's granddaughter.

He has no patience with a liar.

In his opinion, her self-confidently charming manners are nothing but pretentiousness, which makes people look sick and disgusting.

"Big cousin, you are partial, your heart is completely biased towards Emily Gale."

Before Kylena Gale could finish her words, Zyden Gale's hand fell on the door handle.

Continue to say such meaningless words, why should he waste time staying?

"Zyden Gale, I am not the granddaughter of the old man."

Kylena Gale's face sank, staring at his hard profile.

"Since you believe Emily Gale, then I have nothing to admit."

Zyden Gale's fingertips stiffened for a while, and looked back at her, his eyes narrowed coldly.

"You finally admit it?" "You use my hair and the old man's things for identification. Even if I don't want to admit it, I can't help it."

Kylena Gale snorted.

Why are all men partial to that woman?

What is good about Emily Gale?

Is it worth their trust one by one?

Fortunately, the current Young Master Jackson, because she is Miss Gale Jiasun, is already willing to accept her.

Kylena Gale is not yet confident enough to be blind.

Hunter Jackson treats her well now, she believes that half of the reason is because he is tired of playing with Emily Gale.

There is the other half because of her current identity and everything behind this identity.

Otherwise, how could she have always ignored her before, and didn't even want to look at her.

But now, are you willing to let her approach?

However, she is not sad at all.

A reasonable man like Young Master Jackson, fancy her identity, and fancy

Her people are no different to her.

Anyway, just fancy her.

"Zyden Gale, I really am not your grandfather's granddaughter, but I don't understand why you are so stupid. Last night, in front of everyone, you admitted to Emily Gale's affairs?" This man, what kind of medicine did he buy in the gourd? ?

Didn't he know that Emily Gale was the granddaughter of the old man, and they were his cousins?

Once this matter is revealed, it will be strange that the old man is not pissed off.

"What do you mean?" Zyden Gale faintly felt that things seemed not as simple as he thought.

Emily Gale said that she had done an appraisal and she was not the granddaughter of her grandfather.

So, what is the relationship between him and an outside girl?

Grandpa is still in the rush now. When things cool down, and he and Emily Gale have broken up, he won't be so uncomfortable.

However, the look in Kylena Gale's eyes now makes him feel a little disturbed inexplicably.

Is there something that even Emily Gale made a mistake?

Kylena Gale smiled, looked at him sideways, and directly gave him the answer.

"You rolled with your cousin and were seen by everyone in the Gale family. So you think this kind of thing is not serious at all?" Heh, is this man stupid?

"What did you say?" Zyden Gale squeezed his palm instantly.

"Isn't the identification done with the old man clearly that there is a girl who is related to the old man?" She smiled wantonly: "The blood specimen sent for the evaluation with the old man belonged to Emily Gale, that is, Say, Emily Gale, is your cousin!"

Chapter 406

Believe it or not, I killed you?

"What are you talking about?" Zyden Gale's expression made Kylena Gale more sure, he really didn't know about it.

No wonder, in front of everyone, I dare to say that I and Emily Gale feel good.

Oh, but this misunderstanding really helped her a lot.

Today, she has a bargaining chip!

"Sang Qing has only one daughter.

It's either me or she."

Kylena Gale gathered her long hair, and in front of a man, she liked to play with her appearance.

But it is a pity that now Zyden Gale looks at her with disgust in his eyes.

"Of course it's not Grandpa's granddaughter, neither of you."

His face was cold and coldly snorted: "Don't waste your time. I will tell Grandpa about this matter. You don't want to lie to my grandpa for a penny!" "Oh, How do you know if Emily Gale is not? Did you appraise them yourself?" I'm afraid, even Emily Gale doesn't know about this.

Otherwise, last night, the two people would have tried their best to deny their affairs.

This is a hundred times more serious than a conspiracy when someone in the family prescribes drugs!

If you don't explain, you just think that things are not important at all.

"Did you not hear what I just said, or didn't you care?" "When I did the appraisal with the old man, there was indeed a girl who was the old man's granddaughter."

"I just went to the hospital for a cutscene. In fact, It was Emily Gale's blood that was sent in with the old man's blood sample."

Kylena Gale leaned back in the chair and squinted at him: "You don't believe me, you can ask Emily Gale if anyone was in school that morning. Hit her, hurt her, and bleed?" The more Zyden Gale listened, the tighter he was.

He really took out his cell phone and dialed Emily Gale's number.

"Brother Zyden, what's the matter? Did you go to the hospital?" Emily Gale's voice sounded a little bit of forbearance.

They agreed last night that he will bring the old man and Kylena Gale's hair to the hospital for identification.

Zyden Gale held the phone's long finger and tightened it slightly.

"Brother Zyden?" He remained silent, and Emily Gale immediately stood on his guard: "Who are you? Why did you take Brother Zyden's phone?" "Of course, it's me."

Zyden Gale's voice dispelled her concerns. .

"Brother Zyden, how is it? Where are you now?" "I'm...outside."

Zyden Gale swallowed the word hospital abruptly.

He took a look at Kylena Gale before asking, "Ranran, do you remember, did you get hurt at school more than a month ago?" Emily Gale tried to think about it.

Injured, it seems not?

But she thought about it, and suddenly frowned: "I was hit by someone... and bleeds a little, is it an injury?" This should be more than her.

Months ago, the only injury at school was.

Before that, I was really beaten.

However, that was two or three months ago.

Recently, it has been calm.

"Brother Zyden, what's the matter? Is there something..."

"It's okay, it's not a big deal."

Zyden Gale felt desolate, so why was she sure that she was not the granddaughter of the old man?

"Actually, you want to know if she is or not. Isn't it enough to go back and give her an appraisal?" Kylena Gale listened happily.

After they hung up the phone, she smiled and said, "How is it? Don't you believe it?" Zyden Gale didn't say a word, after all, she was a person used to big scenes.

Even if shocked and unwilling to believe, he still calmed himself down in the shortest time.

Kylena Gale's hand fell on the steering wheel, looking sideways at him.

She curled her lips: "Are you thinking about this matter, you can go back and explain to the old man, but the most important thing at the moment is to reveal my identity first?" Zyden Gale's eyes remained unchanged, and she looked at her coldly.

Yes, this is his plan.

This matter can be explained at least in retrospect.

But she is pretending to be something that must be revealed first.

However, since Kylena Gale dared to meet him today, she must have a bargaining chip in her hand.

What was the reason that made her feel confident to this point?

"Big cousin, you came out in a hurry in the morning, haven't you had time to watch the news?" "I mean, entertainment news, huh."

Zyden Gale calmly turned on his phone and swiped Weibo.

His complexion went cold little by little, and finally, a face was completely black!

"You arranged it?" He has never been interested in these lace news, and of course he hasn't read it this morning.

But now, the big headlines are all news that made a sensation in the media.

Grandpa Gale not only found his granddaughter, his grandson, the eldest of the Gale family, and the daughter of Miss Gale's adoptive parents are about to get engaged.

They are about to *kss and kss!*

This news turned out to be told by the old man himself to the reporter!

It is said that the old man went out for morning tea today, but he did not expect to encounter a group of reporters.

A reporter received news about Kylena Gale and Emily Gale.

The old man was happy, so he said everything!

Regarding Kylena Gale, it is normal for reporters to receive news.

But what happened to RJenni and him?

Zyden Gale's fingertips tightened, this woman is extremely hateful!

But how could she be here alone, but still control the situation on Grandpa's side?

"You... colluded with my sister?" This damn woman, even the second lady of the Gale family teamed up with her?

"The benefits are now, but the birds die for food. I don't think there is any problem with your aunt."

Kylena Gale smiled happily.

Gale Qinglian is a smart

People, joining hands with smart people is indeed a pleasant thing.

"Look, people all over the world are blessing you."

Emily Gale's big photos are clearly placed on the headlines.

Zyden Gale, the eldest master of the Gale family, is with her sister who has been calling for so many years.

Even the old man and the second lady of the Gale family admitted this in person.

But in just one or two hours, everyone in Lingzhou's business community knows this.

"Cousin, you said that if this is the time, let the old man know that Emily Gale is his granddaughter. Will he... be so angry that he vomits blood on the spot and died?" "You vicious woman!" Zyden Gale rushed over. Pinched her neck.

He squinted his eyes, and his murderous aura spread.

"Believe it or not, I will kill you immediately?" "You kill me, can this matter be solved?" Although Kylene Gale was pinched by him, she couldn't breathe.

However, she was not afraid at all, and determined that he would not really do it to herself.

"I heard that Grandpa actually has a heart disease.

Although it looks tough on the surface, in fact, it is not irritating."

Otherwise, they would not be so anxious and would bring her back.

After bringing it back, no one dared to be rude to her?

In fact, they are all afraid of upsetting the old man and making the old man sick?

"If now, let him know that I was a fake and I was killed by you! And his real granddaughter has announced a relationship with his grandson. Guess, will he have a heart attack and die on the spot?" 407 chapter

Sooner or later, let them respect her. Kylena Gale kept saying that it was how the old man died!

Zyden Gale felt a pain in his heart even if he was just listening!

His grandfather is such a good person, why would he meet such a vicious liar?

But Kylena Gale's words let him clasp the five fingers of her neck and loosen it slightly.

Yes, my grandpa has a heart attack. Not many people know about this.

However, Kylena Gale lived in their home for more than a month and had contact with everyone.

Even if they don't tell me, she will always know the news!

What's more, she is still united with her aunt now!

This home was originally so peaceful and peaceful, but because of this woman, everything has changed!

Chapter 407

Zyden Gale really hates herself!

At the beginning, why was he blind and believed this liar?

Why don't you do a few more identifications before you recognize her?

That unique appraisal, I didn't expect it to be tampered with in advance!

He is so stupid!

"Big cousin, you don't have to blame yourself.

Anyone will be fooled for this kind of thing, right?" Who would have thought that they would solve the matter so perfectly from the beginning?

Who believes that the appraisal report that I did personally is false?

"Big cousin, in fact, I really admire you. You are such a good person, and you have a very good temper. If it weren't for I like Joseph, I think I might like you too."

"Close Mouth!" This vicious woman with a shameless heart and a snake-like heart!

Kylena Gale's hand fell on his wrist, but instead of pushing him away, she stroked him lightly.

Zyden Gale seemed to have been touched by some poison, and quickly closed his hands, not wanting to touch her.

"Hmph, what's wrong with me, am I not beautiful enough?" Kylena Gale was a little angry. Why did he care for Emily Gale so much when he rolled with Emily Gale?

When the two arrived in the hall, he even hugged Emily Gale lightly!

And she can't touch him?

Zyden Gale didn't want to talk nonsense with her.

He is in a bad mood now!

"Tell me, what do you want?" At this time, he really couldn't tell the truth to Grandpa right away, but it was impossible to keep this matter secret.

Of course Kylena Gale understood that Zyden Gale would definitely act soon.

Now that the scam has been discovered, it is naturally impossible to continue to conceal it.

She smiled and said: "I don't want much, five billion, big cousin, can you take it out, can't you?" "I don't have one!" He is the most important person for Mr. Gale, yes, but all these years He was just doing things for grandpa in peace.

He has never pursued his own interests.

There is equity, but as long as he does not cash out, he will

But it can only get dividends.

He has no great wealth.

"Big cousin, don't be humble. Every year Gale's dividends are so large, how can you not even get 5 billion?" Kylena Gale is of course clear about his financial situation.

"Even if there is a dividend, it is not a one-off payment. What's more, although the equity is money, it cannot be cashed out immediately."

It is impossible for him to sell Gale's equity!

"Two billion is the largest amount I can give you!" He was stern, as if there was no room for negotiation.

"Also, I need time."

"Well, five days."

Kylena Gale

Stretch out his white hand.

“Don’t plan to bargain anymore, five days is my limit! Two billion, one point less is not allowed!” “If you can’t get two billion in five days, it means that you are already thinking of a way to deal with me, since In this way, it’s better to tell the old man the matter first.”

“Don’t mess around!” Zyden Gale said anxiously.

“I have nothing to say, five days!” Kylena Gale insisted.

Zyden Gale glanced at her again, pursed his lips, pushed the car door aside, and left.

He really left, that is, within five days, this agreement was reached.

Seeing him walking away, Kylena Gale sighed and dialed the phone.

“I gave him five days as you said, but I’m sure that Zyden Gale won’t really let me get the money.”

The person on the other end of the phone was silent before saying, “Young Master Gale is not that way. Those who are easy to compromise will definitely use these five days to find a way to get the old man to accept all this.”

Tomorrow is the day when the banquet is held. Once the banquet is successfully held, it will be even more difficult for Mr. Gale to comfort him.

At the same time, it will be the business community in Lingzhou that will be difficult to appease.

The person on the other end of the phone thought for a while, and continued: “He promised five days, but he just wanted to find a way to relax.”

His voice sank, "Today, you have to find a way to make the old man take The shares are transferred to you."

"However, when I mentioned it to him last time, I already clearly felt that the old man's enthusiasm for me had cooled down a lot."

As long as Kylenea Gale didn't meet Hunter Jackson, her IQ could still be timely. online.

The last time I thought about so many excuses, the old man promised to transfer the equity to her on Monday, which made the old man's love for her fade a lot.

It's not that she can't feel it, but she is just imperative, afraid that as time goes by, there will be many dreams in the night and things will help.

However, the old man has promised to transfer her shareholding on Monday, and if he still has to grind him today, I am afraid that even the old man himself will be suspicious.

"He treats me so much now, but because he feels too guilty for Gale Jingxu. In fact, the old man doesn't care about me as much as everyone thinks."

She could see clearly that the old man liked Gale at all. safely.

Every time Emily Gale appeared, his eyes were all on Emily Gale.

As for her granddaughter, he is too lazy to even look at it!

The so-called blood is thicker than water, so I subconsciously like Emily Gale more?

It's ridiculously tight!

"I don't care what method you use, you must let the old man transfer your shares today, otherwise, Zyden Gale, you will definitely not be able to handle it!" With a beep, the other party actually hung up the phone!

Kylena Gale stared at the dimming mobile phone screen with a look of resentment.

It's the same every time, just hang up

Hanging up, he didn't even have the least respect for her.

In fact, she is no longer the former Kylena Gale who had no identity and status.

Now, she is already Miss Sun of Gale's family anyway!

Isn't such a lofty status enough to make people look up to?

Those people still treat her so badly, they come and go!

She Kylena Gale, why should people be treated like this!

Sooner or later, we must let them know that her Kylena Gale is no longer someone they can control casually!

Depressed and uncomfortable, he was about to drop the phone.

Unexpectedly, the phone screen suddenly lit up.

This caller ID made Kylena Gale's eyes light up, and she felt better all at once.

She quickly picked up the phone and changed to the softest and sweetest voice: "Joseph..."

Zyden Gale really didn't plan to sit still.

However, he also knew that the people behind Kylena Gale would not let Kylena Gale really wait for five days in silence.

Although she still doesn't know who is behind Kylena Gale, she can never do all of this alone.

"Let me find out who Kylena Gale has close contacts with, and from now on, always keep an eye on Kylena Gale's whereabouts."

Hanging up the phone, a caller ID made his eyes warm instantly.

He answered the phone: "Of course, where are you now? I want to see you."

Chapter 408

What if it is true?

To Emily Gale, Zyden Gale always feels good.

But it has never been like this.

The moment he saw her, Zyden Gale deeply felt what family affection was.

No wonder I have always felt kind to her, but it turned out that it was because she was her cousin.

"Brother Zyden, how is it? Did you go to the hospital in the morning?" Emily Gale came out a bit in a hurry. Fortunately, Hunter Jackson is not here today, and no one restricts her movement.

Zyden Gale suddenly pulled her over and hugged her in his arms.

"Brother Zyden..."

Emily Gale was confused.

But being held by him like this, but there is no feeling of being frivolous at all.

His breath is very calm, accustomed to introverted people, and occasionally a trace of true feelings is revealed, which is not only not offensive.

On the contrary, it made her feel inexplicably relieved.

A feeling of being close to him.

Even Emily Gale didn't know when this feeling began.

"Brother Zyden? What's the matter?" Emily Gale frowned, wondering if he held himself and didn't move for a long time.

"Is it...what's unhappy?" "Don't you hate me?" Zyden Gale finally released her.

Looking down at the little girl in his arms, he sighed silently.

His little cousin, how to look, how to make people like it.

However, she didn't know their relationship after all, and after holding it for a long time, she was afraid that she would be angry.

Emily Gale shook his head, just looking at him with a worried expression on his face.

"Brother Zyden, have you encountered any difficulties?" His thoughtful look made people worry.

"If you...really my cousin, how wonderful."

He hasn't decided yet whether to tell Emily Gale the matter.

After all, she said that she had already done an appraisal with her grandfather, and the two had no academic relationship.

The safest way is for him to do another appraisal for them, and when he gets the appraisal report, he will tell her clearly.

He believed that Emily Gale must have had some problems during the appraisal with the old man.

Perhaps, Kylena Gale's people have moved their hands and feet, so even Emily Gale didn't know that she was grandpa's granddaughter.

When Emily Gale heard the words, there was a bleak passing through his eyes.

Why didn't she want to be his cousin, grandfather's granddaughter?

This family, these people, can really give her a sense of family.

Except for Mrs. Jackson, who has passed away, and her grandmother in this life, no one has given her such a warm feeling.

Zyden Gale saw the sadness in her eyes, and he smiled lightly: "If you really are my cousin, what will you do?" "What can I do? Of course, I will call you big cousin."

Emily Gale helplessly With a smile, he withdrew from his arms, staring at his face, looking seriously.

"what happened

?

Didn't you go to appraise Kylena Gale and Grandpa Gale in the morning?

how about it?

"We haven't got the results yet, it will take four hours."

"However, the appraisal report no longer makes any sense to Zyden Gale. Emily Gale did not continue to ask, always feeling that Zyden Gale was a bit wrong today. However, no matter what he is thinking, at least Emily Gale believes that he treats himself. There is no harm in the slightest."

"Of course, after you came to Lingzhou, it seems that you haven't seen it everywhere, or else, Zyden will take you around?"

"Tomorrow Gale's family will hold a banquet, don't you need to prepare something?"

"He is the eldest grandson of the Gale family."

Although he is a grandson, he has always been the eldest grandson after Kylena Gale came back.

The Gale family has important banquets, and he should have to participate in the preparations.

"This banquet, I don't know if it can be held. stand up."

"Zyden Gale's words made Emily Gale pursed her lips and said nothing."

Although the appraisal report has not been obtained, she can feel that Zyden Gale believes her, and that is enough.

The two had just got on the car, and Zyden Gale's cell phone rang. Got up. He immediately connected the phone.

"...Hunter Jackson?"

Zyden Gale frowned. Unexpectedly, after Kylena Gale left the hospital, she went to see Hunter Jackson.

"This matter may not have anything to do with him. You should follow it first and see the situation.

After hanging up the phone, he dialed a certain number again.

"Uncle Ding, there are some things, I hope you don't ask for the time being, but you must promise me.

" "what's up?

"Housekeeper Ding rarely hears Zyden Gale talking to him in such a serious tone.

Although he is separated from his mobile phone, housekeeper Ding can also feel the seriousness of the matter.

"All day today, I must not let Grandpa go to the company, nor let him see the lawyer, Uncle Ding, I can't explain to you now, but I must listen to me.

Steward Ding didn't ask much. Zyden Gale was the one he watched to grow up, and he certainly believed it.

"Well, I see, today, I will let the old man live a leisurely life."

"Thank you.

"Zyden Gale hung up the phone and turned his head to see Emily Gale staring at him with confusion. He said indifferently, "I am collecting evidence for some things, so I can't disturb too many people for the time being."

"But, the banquet will be tomorrow..."

She could vaguely feel what evidence he wanted to collect.

"It's okay, it doesn't affect our travel."

"He has ordered the matter, and now, he can only wait.

As for Emily Gale, he really wants to walk around with her. Nothing else, just because it hurts this little girl. Zyden Gale stretched out his hand and rubbed her. Long hair.

"Don't worry, I will take care of it, you just have to have fun, and everything doesn't need to be bothered.

"Zyden Gale's attitude towards her today is really

He is so spoiled, like a real big cousin.

Emily Gale sighed before nodding.

"Then I won't ask, I think..."

She suddenly changed her face, her hand covered her lips, and there was an uncomfortable breath between her eyebrows.

"Of course, what's the matter?" Zyden Gale looked worried.

"I... Um..."

Emily Gale couldn't continue speaking, and suddenly pushed the car door hard and turned to get out of the car.

When Zyden Gale chased her down, she saw her running to a nearby trash can, retching.

"What's the matter? Is it uncomfortable?" He patted her carefully on the back, and when she got better and stopped retching, he said, "Is there a bad stomach? The hospital is nearby. I'll take you there. Take a look."

Emily Gale shook her head.

It's not that she has a bad stomach, she... she doubts herself... But this idea is really terrifying!

can not be like this!

If this is true, what will she do?

She and Hunter Jackson are no longer possible!

"No, of course, I have to take you to see a doctor."

If you are sick, you have to be treated, absolutely not to delay!

"Brother Zyden, I...I don't want to go."

She was scared, afraid that the doctor would tell herself that it was what she worried the most.

"No, of course, sickness should never be delayed. Don't be capricious. Be good. I'll take you to have a look.

It will be fine soon."

"But, I don't want to... well—" Emily Gale hasn't said yet.

After that, there was a sudden nausea.

She endured it, didn't hold it back, turned around and retched again.

Chapter 409

The most common behavior between lovers is pregnancy.

The moment the report came out, Emily Gale almost broke down!

Zyden Gale held the report in a mixed mood.

No wonder the doctor just looked at them with such awkward eyes and told them to go to the obstetrics and gynecology department.

It turns out that the girl retching, is pregnant!

What was said on TV turned out to be true.

He thought she just had a bad stomach.

Emily Gale didn't know what mood to use to face all this.

She is really pregnant, what should I do?

Turn around and leave the hospital.

Zyden Gale followed behind and pulled her carefully: "Don't run around, you...you have to be careful now."

"I'm fine."

She just didn't want to stay here, not for a moment.

"Of course..."

Zyden Gale hesitated a little, wanted to ask, but didn't dare to speak.

Her mood doesn't look good, and it seems that the pregnancy is not what she wants to see.

The child's father...

"It's Young Master Jackson."

Even if she didn't say anything, Zyden Gale would send someone to investigate, she knew.

In this case, why bother?

Emily Gale broke away from his wrist, walked to the stairwell, sat on the ground, cold all over.

"It's cold on the ground, don't sit, it will freeze your body."

But she wouldn't listen.

Zyden Gale supported her shoulders: "Ranran, what's the matter, let's return to the car and say, OK?" Emily Gale was a little bit distracted, and finally got into the parking garage with his support and got on the car.

"What does Young Master Jackson mean to you?" He did not forget that Hunter Jackson was at Gale's house yesterday and was with Kylena Gale.

"Is he playing with you?" Although it was really hurtful to say this, but now that Emily Gale is pregnant, he must clarify the matter.

He couldn't let their family be ashamed and bullied by men for no reason!

"I don't know, I... don't want to say, Zyden, I won't be with him, it's that simple."

"What about the kid?" Zyden Gale didn't want to make her uncomfortable, but this matter is destined to be uncomfortable. .

Hunter Jackson and Emily Gale are together, but they still have to entangle with Kylena Gale. How can he rest assured to let Ranran follow such a man?

"Don't you even want a child?" "I want it!" Emily Gale was a little excited!

Protecting his stomach with both hands, for fear of others hurting him!

"I want, kid, kid... I want."

But what qualifications does she have to want him?

Having a child out of wedlock, in the future, how much pressure will the child bear in this world?

But she had already lost a child, and her little angel was finally willing to come back.

She absolutely couldn't let him disappear from her own life.

"I don't know what to do, Zyden, I'm sorry, give me some time to calm me down."

"Even if you are calm, what can you do?"

Love can't be solved by just giving some time.

"Do you like Hunter Jackson?" Zyden Gale stared at her with serious eyes, as if she was not allowed to hide anything.

Emily Gale lowered his eyes.

Like and dislike, what is the difference for her now?

It is impossible for Hunter Jackson to want her.

Between them, there is only the most primitive relationship, an agreement relationship.

Hasn't he already made his attitude obvious last night?

Now, the person he wants is Kylena Gale.

“What kind of woman do you think a man like Young Master Jackson would choose to be his partner?” She smiled, no, it was a wry smile, extremely helpless.

“Do I like him? What is the difference in this matter?” “If you are Gale’s Miss Sun?” “If, Young Master Jackson is willing to be with me in the end, it is because I have this Prominent identity, then, for me, what is there to look forward to for such feelings?” Emily Gale’s words made Zyden Gale unable to refute.

For a man in a mall, a woman is sometimes less important than a project.

Marriage, most of the time, is just for the benefit, the benefit of both parties.

Hunter Jackson’s marriage to Gale’s Miss Sun is a good thing for both parties.

But for the two people in the marriage itself, there is not necessarily something to look forward to.

In particular, it is a girl like Emily Gale who puts feelings more important than interests.

Believing in love is a mistake in itself.

This is the lesson they have been given to children who were born in wealthy families since childhood.

Men like Hunter Jackson were educated to treat feelings like sh*t from the beginning.

He will not be sincere to women.

Whether it’s Emily Gale or Kylena Gale, in the end, it’s the same.

Zyden Gale was silent, just holding Emily Gale's hand, not knowing what to say to comfort him.

"Brother Zyden, I don't want anyone to know about this."

Emily Gale grabbed his sleeve and pleaded, "Don't tell anyone, let alone let Hunter Jackson know."

"But your stomach... Zyden Gale's eyes fell on her lower abdomen.

Emily Gale understood what he meant.

Things like pregnancy will soon be concealed.

When the belly grows up, everyone can see it without you.

Her hand fell on her lower abdomen again and stroked it gently.

Her angel returned so soon.

Last time, her body did not allow it, and the situation did not allow it. In the end, she did not keep it.

This time, she was in good health, but Dad didn't want them anymore...

"Give me some more time, I have to think about the way forward."

"Of course, actually..."

Zyden Gale looked down, still staring at her. Belly.

I want to blurt out some words, but wait a minute.

Give him some more

Time, when he finishes handling the matter, he will also get their appraisal report, not too late.

The phone rang again, and he answered the phone: "How? Did you get it?" On the other side of the phone, the assistant was a little anxious: "The old man is not at home. Even Housekeeper Ding doesn't know where he went."

"Not at home."

"Zyden Gale frowned, "hasn't you come back yet?" Grandpa and auntie went out together in the morning.

It stands to reason that by this time, they should have already returned.

"I have come back. Later, it seems that I went out again. Even Housekeeper Ding didn't bring it with him."

"I will let people find it immediately!" Hanging up here, he immediately dialed the other side: "Kylena Gale, is there any What's wrong?" "No, I'm still with Master Jackson.

It seems that I'm looking at jewelry."

Although it's not an outside release, the cabin is so quiet that even Emily Gale can listen to what he says. clear.

Joseph and Kylena Gale are visiting the jewelry store.

My heart is getting colder.

After Zyden Gale ordered people to keep an eye on him, he immediately hung up the phone.

I wanted to call Steward Ding over, but felt the dim look of the girl next to him.

He didn't know what to say to comfort.

Hunter Jackson and Kylena Gale visited the jewelry store, which is the most common behavior among lovers.

But, the lover...

"Maybe, he just took a fancy to Kylena Gale's identity. This doesn't mean he likes Kylena Gale."

"Is there a difference?" Emily Gale leaned back in his chair and closed his eyes: "Zyden Brother, I am a little tired today, and I want to go back to rest."

Zyden Gale wanted to say something, but at this time, it seemed that nothing could be said to relieve her frustration.

To untie the bell, you must tie the bell. He is not Hunter Jackson, he can't comfort her.

But Hunter Jackson, I'm afraid, would never have the thought of comforting her.

"Well, I'll send you back to rest."

He also has to go back quickly to see where Grandpa went.

The car drove out of the hospital parking garage, but didn't want to.

As soon as it got out, it was blocked by a group of people.

Chapter 410

This incident was blocked from the very beginning by a group of reporters.

The exit of the parking garage was so tightly blocked that Zyden Gale's car could not drive out at all.

The security guard of the hospital came to chase away, but there were too many people to chase away.

The security guard came to Zyden Gale's car and knocked on the door.

Zyden Gale lowered the car window.

Before the security could speak, reporters swarmed over.

"Master Gale, is the one in the car your girlfriend?" "Master Gale has already admitted your affairs. When do you plan to marry Miss Gale and come in?" "Master Gale, I heard about your girlfriend? It's Miss Sun's sister, whom the Gale family has just recognized. You're like this, so you can be considered a k*ss."

"Why did Young Master Gale bring his girlfriend to the hospital today? Is something good coming soon?" "Miss Gale is pregnant. Is it?" Emily Gale hid in the car and raised his hand to cover his face.

However, these reporters kept taking pictures from different angles and positions.

No matter how she blocked it, she couldn't stop it at all.

"Sorry, no comment!" Zyden Gale coldly raised the window.

The car was going out, but it still couldn't find a way out.

He pressed the inside line, and said in a deep voice: "I was blocked by the reporter.

At Deli Hospital, come and evacuate.

Also, let me clarify the record of the medical examination today and change to a gastroenteritis."

"Yes!" Assistant Answered and called someone immediately.

However, it takes time for people to come over.

They are stuck here, and the car behind it can't go at all.

The situation is getting worse.

Everyone knows clearly that it is the eldest master of the Gale family and his little girlfriend, but they dare not come over and shoot.

What's more, in this case, just to shoot the door is of no use.

The security guards of the hospital were dispatched, and some reporters were dispersed, but many reporters were jammed here.

"It must be Kylena Gale."

Zyden Gale pursed his lips with a cold face.

That woman has only come to Lingzhou for such a short time, how can she gather such a powerful force?

Who is behind this?

Is it really arranged by my aunt?

What are the benefits to the aunt?

"Brother Zyden, these reporters don't get the idea, I'm afraid they won't leave easily."

Blocking here is not a solution. Emily Gale looked sideways at him: "Well, let me tell them that we are in love. Will..."

"No!" Zyden Gale interrupted immediately without thinking.

I didn't know the identity of Emily Gale last night, now he knows.

This matter continues, how will it be dealt with in the future?

Even if it can be explained clearly, it is terrible to say that how many people secretly think that they are still acting aggressively.

He doesn't care if he is a man, but Emily Gale will be in love and marry in the future.

Such a rumor would ruin her life!

Zyden Gale really regretted that last night, why did he take the so-called overall situation into consideration and not directly point out the drug.

He thought it would be easier to settle things, and it would not be too late to investigate the matter of being drugged.

Unexpectedly, their series of conspiracies had long been thought of.

Early in the morning, he deliberately took grandpa out, met a reporter, and urged grandpa to admit their relationship.

Now that things are public, it is difficult for them to look back!

Kylena Gale's strategy would never be her own.

Behind the scenes, there must be an expert pointing.

He just doesn't know yet, what kind of role does Auntie play in this matter?

Did you know that Kylena Gale was fake from the beginning, or did she even participate in this scam?

"Of course, no matter who asks about it in the future, you can no longer pretend to have a relationship with me, absolutely not, you know?" He turned his head to look at Emily Gale with a serious face.

Emily Gale didn't know why he suddenly became so harsh. Even if he admits to his relationship, and after a while, the two people will break up because of disagreement, but it doesn't matter.

Why does it now sound as if as long as you admit it, you will lose everything?

"Do you understand?" Seeing that she had not spoken, Zyden Gale increased his tone.

Emily Gale was taken aback, and hurriedly said, "Listen, I understand."

Zyden Gale was afraid that he would scare her, his heart softened, and finally softened his voice.

"It's okay, don't be afraid, I will solve it."

"Is there something wrong, I don't know?" Emily Gale felt it concealed, he seemed to be hiding something from her?

"Brother Zyden, what happened?" "Give me a little more time and I'll tell you."

At least, wait until he really does the appraisal for them and get the appraisal report.

This matter, everything is just heard.

Kylena Gale's words cannot be trusted. What if she is also lying to him, what if it is not their Gale family's Miss Sun?

This time, he can no longer take it lightly, everything has to wait for him to verify it personally.

"I have already asked someone to come over, and someone will come to clear it soon, don't worry."

Zyden Gale's words made Emily Gale feel a little more settled.

Up front, the hospital security is also working hard to evacuate the reporters.

In fact, they can't stay here for too long. If this continues, the hospital will definitely call the police.

When the police arrive, everyone will leave.

She took out her phone and swiped it at random.

Suddenly, I was shocked by today's headlines!

"Grandpa Gale...what's the matter?" She held her mobile phone and looked at Zyden Gale, "Brother Zyden, Grandpa Gale and your aunt, they said..."

"I know."

This girl knew at a glance, but she didn't usually love to watch late news.

Otherwise, such a big thing should have been watched long ago

Arrived.

"Grandpa must have been urged by my aunt to say this without any choice. Of course, there is another reason..."

Is he still not clear about the character of his old naughty grandpa?

"What's the reason?" Emily Gale didn't know the old man so deeply.

Zyden Gale sighed. This time, he was really defeated by Grandpa's dedication to Emily Gale.

"There is another reason, because Grandpa really likes you too much and wants you to stay in our house too."

"He..."

"He is forcing me to admit my relationship with you, forcing me to hurry up for Gale's reputation. Engaged with you."

This is his grandfather's style of doing things. He wants to keep Emily Gale behind without considering whether he really wants to marry her.

After all, in Grandpa's eyes, something had happened to him and Emily Gale.

This kind of relationship, if you don't marry, what will Emily Gale do in the future?

On the one hand, Grandpa felt distressed, but on the other hand, he was reluctant to leave.

Therefore, using the media's evaluation pressure on Gale, to force him to take responsibility, serves multiple purposes.

If it weren't for so many force majeure reasons, if Emily Gale liked him too, if they didn't have any relationship.

Just for the sake of Gale's reputation, he might really be engaged to Emily Gale and then get married.

After all, he doesn't hate Ranran.

Grandpa took the right step.

But now the key is that Grandpa didn't know that he and Emily Gale were cousins!

This thing was wrong from the beginning!

Ahead, suddenly more than twenty cars came.

Hundreds of people in black suits got out of the car, broke into the reporters' ranks at the fastest speed, blocked the reporters out, and drove a way for Zyden Gale's car.

"Don't think too much, I'll send you back to rest."

Zyden Gale's eyes sank, and he stepped on the accelerator.
