

Love Through Time and Space

Chapter 42

Blame me for not being able to hold it for a while, and before Emily Gale calmed down from his shame, the door of the room was knocked suddenly, and the doctor and nurse pushed in.

It was Hunter Jackson who was walking behind the doctor.

He has changed his clothes, white shirt and black suit trousers, and is still rigorously dressed.

The mess that came out of the sea tonight, I can't see the slightest at this time.

As soon as he turned around, he was the calm, abstinent, indifferent male god who only dared to look far away.

Su Xiaomi didn't even dare to look far away. Seeing Mr. Jackson came in, she stood up and stepped aside.

Aspen Li walked behind Hunter Jackson and saw Emily Gale wake up, his eyes suddenly stained with a smile.

"Ms. Young finally woke up? How does the body feel? Can you still hold on?"
Persist?

What to stick to?

Emily Gale was a bit at a loss, wanted to see Hunter Jackson, but didn't dare.

After knowing that he really k*ssed this man strongly before, where would you dare to look at him?

You feel guilty when you look at it for a while?

"What's the situation now?" Hunter Jackson glanced at her lightly, always expressionless.

Such indifference, as if nothing happened tonight.

The doctor checked Emily Gale and immediately said, "It's nothing serious."

The nurse pulled out the needle for Emily Gale.

After the infusion, the person became more energetic.

Except that his face is a little pale, it looks really no different from normal people.

Aspen Li breathed a sigh of relief, "Then, I will go back to continue the banquet, there should be no problem?" "Banquet?" Emily Gale was taken aback, and finally glanced at Hunter Jackson.

Hunter Jackson did not speak, Aspen Li explained: "Young Master asked the guests to wait. Now, all the guests in the hotel are still there."

Emily Gale's heart trembled slightly, and finally remembered that when Hunter Jackson drove her to find Xiaomi, I did explain to Aspen Li, let everyone wait.

Young Master Jackson waits, who dares to leave?

"When is it now?" Emily Gale looked back at Su Xiaomi.

"Two o'clock in the morning."

Su Xiaomi took a peek at Hunter Jackson, admiring him too much.

Young Master Jackson is really courageous.

The guests in the hotel are almost all big figures in the business community of Beiling.

But he made people wait, but no one dared to object!

This is the really powerful man!

It is the goal that all men in the world strive for throughout their lives!

It's a pity that there is only one Young Master Jackson in this world, and the others have struggled for ten lifetimes, and they can't keep up with one-tenth of his domineering!

Emily Gale finally calmed down.

Although he still didn't dare to look at Hunter Jackson, at least he was not so guilty.

That matter, you have to k*ss enough when you die, let it be completely erased from your life.

Forget it, just forget it.

"Ah! Uh, shall we go back now?" "No hurry, Madam, you take a break first, and I will let you

Someone will bring you the dress. You can wash your face and we will go back.

"Wash your face? Emily Gale couldn't help reaching out to touch her face. Is there anything on her face? Su Xiaomi didn't know where to take out a mirror and handed it to her: "It's okay, it's just a little bit of makeup. I'll draw you another one later..."

"Ghost!

Emily Gale stared at a face in the mirror.

The waterproof eye makeup still couldn't match the seawater soaking. Half of it melted off and fell on her face. Half of it was still stubbornly circled around her eyes.

As for the lipstick... I don't know who bought her lipstick.

After soaking in the sea for so long, it didn't decolorize. Only the edge part was stained, but this one made her small cherry mouth become a big mouth...

Ah ah ah ah! Who is this ghost? This is definitely not her! Emily Gale almost fainted in embarrassment when he thought that he had used this blood bowl to k*ss Hunter Jackson with a big mouth. Young Master Jackson is really a good person.

She didn't even slap her back into the sea.

It was... so kind....

The engagement banquet was held at four o'clock in the morning. When Hunter Jackson embraced Emily Gale, who was re-applied on stage, the stage Everyone has a lot of thoughts. What exactly the third Miss Gale is playing, no one knows. Last time she disappeared, this time, let people wait until this point. Everyone hasn't slept all night, at this time, even if it can still Squeeze a little smile, but everyone is grieving to death in their hearts. If it is not for Young Master Jackson, who is willing to stay? Of course, no one can help but wait until now. No one has no grievances in his heart. You can't blame the high-ranking Young Master Jackson, you can only blame the ugly third Miss Gale, who doesn't know good or bad! "I heard that this womJenni out crazy again. Young Master Jackson looked everywhere.

She looked for it all night.

"Isn't it, such an ugly woman, just let her go, what else to look for?"

"That's right, there are many ugly people..."

Although the sound of the discussion below is not loud, but there are too many voices that can't stand it, there are always those words that fall into the ears of the people on the stage.

The old man of the Jackson family has a serious face. Standing on the stage without expression, with his own dignity.

Although he didn't say anything, anyone could tell that he was in a bad mood. If it weren't for the old lady of the Jackson family, the old man would have been mad on the spot. People looked at the two young men standing aside, sighed and said nothing.

It's already reached this point, even if the host tries hard to enliven the atmosphere, the atmosphere will not be warm at all.

All the resentment is there. Emily Gale. Even though Emily Gale told herself time and again, don't pay attention to the rumors. However, it is indeed hers to make this happen today.

responsibility.

In any case, facing so many resentful eyes, there is still a lot of pressure.

What's more, many people in the Jackson family are here, and she can't completely care about what they think of her.

The old man is probably also angry now.

Suddenly, a big palm stretched out and wrapped her cool little hand tightly.

This is the first time that Hunter Jackson has taken the initiative to take the host's microphone. He is a person who cherishes money like gold. Even if he is

holding a press conference on behalf of the company, he seldom takes the initiative to say anything.

Young Master Jackson wants to speak!

Everyone was quiet immediately, even the old man and the old lady were a little surprised.

Originally thought that if he casually exchanged rings with Emily Gale, it was deemed that he had completed the task.

After all, he didn't expect this engagement banquet.

This meeting, what does Young Master Jackson have to say?

Everyone is curious!

Especially, Young Master Jackson also held the ugly girl's hand. What does this mean?

Hunter Jackson held Emily Gale, looked at the people below blankly, and said lightly: "Sorry, I have kept you waiting for a long time tonight. I blamed me for not being able to hold it for a while and wasting everyone's time."

He let go of Emily Gale's hand, but He hugged her whole body.

So intimate, so sweet!

How to interpret this "temporary uncontrollable", do you need to bother?

God!

It turns out that the culprit who kept everyone waiting for almost all night was Young Master Jackson?

Just because the wife is too attractive, he... can't he hold it?

is this real?

The girls present, no one can believe it!

Who is willing to accept the fact that Young Master Jackson even put down the engagement banquet for an ugly girl in order to... make love to her?

Who said that Young Master Jackson likes the second Miss Gale, but doesn't like the Third Miss?

This sweetness can be felt clearly after a stage!

I don't like it, is it possible?

Chapter 43

In fact, the most vicious thing is that you can't hold it for a while... Seeing everyone's hesitation and silence, Emily Gale suddenly understood the meaning of Hunter Jackson's words, no matter how slow.

A small face suddenly became hot, and he was so embarrassed that he wanted to find a hole in it.

Is Young Master Jackson doing this to help her carry the crime?

But why can't you find a normal excuse?

She really wanted to escape, but Hunter Jackson held her tightly in his arms and did not allow her to escape for half a minute.

The girl's shy appearance made Joseph's words more convincing.

Although the old lady was getting older, she still let her grandson make the girl's heart explode.

I was a little uneasy just now, but smiles all over his face.

Seeing that grandson and future grandson-in-law are so affectionate, they even look better when they feel good.

Mr. Jackson's expression was not very good at first, but seeing his wife's spirits improved a lot, he didn't mind it anymore.

He glanced at Hunter Jackson lightly, with a hint of blame in his eyes.

This is a public place after all, and it is not ashamed to say such things.

However, the grandson is so domineering, no matter what he says, even if it is improper, he can still be precious and calm.

This kind of momentum, even he, an elder, couldn't help but appreciate it.

The host was stunned for two seconds, then he smiled and ended the scene immediately: "Young Master Jackson and Madam Young are really affectionate!" He straightened his face and smiled: "Everyone has waited so long, just to wait for this moment. , Our respected Master Jackson will announce this good news to us..."

The atmosphere on the stage was quite cold.

Whether it is Master Jackson or Young Master Jackson, they are not talkative men.

However, the entire venue gradually became enthusiastic.

Emily Gale was in a daze when he wanted to put on the engagement ring with his fingers.

Time is like returning to the previous life, the day they got married.

Hunter Jackson also put the ring on her ring, but the ring was cold, and there was no temperature at all.

Today, different fingers and rings of different styles were once again put on her fingers by him.

She had a warm feeling. Was it because of Hunter Jackson's company tonight, or was he just protecting himself?

No matter what the reason, from the time when Xiaomi was still alive, she was engaged to Hunter Jackson safe and sound, and the trajectory of her life once again explained to her that this life is completely different from the previous life.

This is a new time, a new life.

Suddenly her waist tightened, and she was picked up by Hunter Jackson.

Emily Gale was startled, and subconsciously grabbed the man's clothes:
"Joseph..."

"Sorry, my girl is too tired tonight, I will take her home first, everyone is free."

After all, he held his The girl stepped down from the stage

Steady steps towards the hotel exit, never looked back.

The old man also took the old lady and left the scene immediately.

Although there are still many Jackson family members who are presiding over the overall situation at the venue, at this point, everyone wants to go back and rest.

After the parties left, the guests also left one after another.

There was only one person standing in the crowd, staring at the gate where Hunter Jackson had just left with Emily Gale, her palms squeezed tightly, and she didn't know what she was thinking.

"Isn't this our first lady in Beiling, Miss Gale's second lady?" laughter came from behind.

Kylena Gale suppressed the resentment in her eyes, and turned her head, she still had a bright smiling face: "Hello."

"I heard that you like Young Master Jackson very much."

Another girl stared at her with a bit of contempt, "Also listen. Said that your sister was beaten by you because Young Master Jackson liked you."

"Not at all, Jenni is just a little headstrong..."

"Is your sister headstrong, or have you been making up facts to slander others?" The girl hummed He hum, with a look of disdain: "Everyone has seen it just now. Young Master Jackson likes your sister very much!" Let's not talk about whether Young Master Jackson's phrase "I can't hold it for a while" is true or false.

At least, he is here.

The closeness with Emily Gale on the stage was seen by everyone.

Even in order to prevent his girl from getting involved, they even hugged her and left.

Which girl has ever had such treatment?

Not to mention, there has never been a second woman beside Young Master Jackson.

"Also, they are your sister's fiancé. What do you mean by offering wine? You want to win love?" Another girl came over too, staring harshly at Kylena Gale's delicate makeup face.

"I'll just say why the major entertainment networks in Beiling are so dynamic today, and they have been talking about Emily Gale hitting Beiling's first lady."

"Why?" "Some people want to use the pressure of public opinion to demean others and elevate themselves. , Can't you see it?" "It turns out that this is the case. This woman has a really bad heart.

She fancied her younger sister's fiancé, so she tried to discredit her younger sister and please the younger sister?" Human-like, how could it be so vicious?" A few women forced her over, forcing Kylena Gale to take two steps back.

"I didn't. You are misunderstood. I don't know what the online posts are about."

When these women were united, it was really scary!

Kylena Gale stepped back, still explaining: "I am Jenni's sister, how could I harm her? Our sisters have always had a good relationship, and you have misunderstood."

"Really? Then you just toasted Master Jackson. What do you mean?" someone pressed.

"I just..."

"I just want to please Mr. Jackson and snatch my sister's fiancé! Hahaha...it's so cheap!"

Everyone, you say a word to me, and Kylena Gale has no power to refute it.

"You are wronged! I really am not!" At last she turned around and hurried to the hotel door.

Accidentally, he ran into a man who came in from outside.

"Sorry..."

Kylena Gale looked up, but she didn't expect that it was Daniel Jackson that she bumped into.

She immediately grabbed his sleeves: "Daniel, those women... those women are terrible!" She needs the protection of a man!

Those vicious women only unite to bully her because she is too beautiful!

"Daniel, they bullied me..."

Seeing the girls come out, Kylena Gale immediately showed her weakest side.

Daniel Jackson looked at the girls coming out.

Several of them are young ladies from major families, and they are not low-ranking, and they are pretty good-looking.

"Jackson Er Shao."

Several people smiled at Daniel Jackson.

The viciousness and cruelty just now only left sweetness.

"Second Young Master Jackson, the banquet is over, don't you go back?" One of the girls came over and blinked at Daniel Jackson.

Daniel Jackson didn't even look at Kylena Gale, looked at the girl, and smiled, "This is not to send you home, so, haven't you left yet?" "Daniel..."

Kylena Gale was dumbfounded, he Didn't you hear what she said?

These vicious women bullied her!

"Is Miss Gale Er also here?" Daniel Jackson smiled as if only seeing her, "Sorry, I have to send them back. If you don't have a car, you can call an online taxi."

He again Looking at a few girls, he was always personable: "A few ladies, the car is outside. Do you like me to be a driver?"

Chapter 44

Scared, and want to be alone with him, who is the second young master?

Although it is not as attractive as Joseph, but in Beiling, it is also the object of the girls to please everyone.

Jackson Er Shao said to send them home, who wouldn't?

Therefore, Kylena Gale just watched Hunter Jackson ignore her, and got into the car with a few beautifully dressed girls.

After the car left in the square ahead, it disappeared at the end of the road in a blink of an eye.

And she was just thrown down!

McGraw Gale thought that she and Daniel Jackson would have left long ago.

The guests of the hotel walked around, leaving her alone on the street in the early morning.

Why, why would Daniel Jackson, who has always cared for her, abandoned her for a few ugly women?

The most annoying thing is, how can Emily Gale come back?

Why are you still coming back with Hunter Jackson?

What is that stupid woman doing to give them a chance to get engaged!

The phone rang just in time, and Kylena Gale glanced at the caller ID.

At this time, Ye Fangfang's call, she didn't know whether to listen or not.

Finally, turn the phone to mute and put it back in the bag.

Since Emily Gale and Hunter Jackson came back together, it means that Hunter Jackson might have participated in this matter.

Then she must not get involved with Ye Fangfang, otherwise, she will be very troublesome!

A broken engagement banquet, not only watched Emily Gale and Jackson Dashou get engaged, but was also abandoned by Daniel Jackson.

It was so angry!

Walking on the street alone, there was no one around. Because of her anger, Kylena Gale couldn't even care about the image of her own goddess and stomped on the ground.

Unexpectedly, a low-key luxury car suddenly drove from behind and stopped in front of her with a squeak.

"The first lady in Beijing, she would lose her temper too?" The window of the car fell, and a face caught her eyes, "Miss Gale, do you want to talk?" Kylene Gale looked at the people in the car, her eyes flashed.

A hint of surprise: "...is you?" ... Emily Gale still lives in Hunter Jackson's villa.

Today's engagement banquet didn't end until dawn. In order not to affect the old lady's rest, the old man decided not to hold today's family banquet for the time being.

After a few days, the old lady is getting better, and everyone will go back to get together again, so that the little granddaughter-in-law Jenni will come back to meet with you and get in touch.

From the hotel back to the villa, Emily Gale said nothing.

Hunter Jackson also leaned on the back of the car seat and closed his eyes to rest, without opening his mouth.

Although Emily Gale was also very tired, he and Mr. Jackson were sitting in the back of the car.

Although there was Aspen Li driving in front of him, he always felt like being alone.

She was still a little embarrassed because of tonight's affairs.

Joseph didn't mention a word about his strong k*ss to him. This is because the matter has turned the page, there is no need to mention it again.

the meaning of?

However, his maintenance tonight has always made her heart warm, and a careful liver is still pounding.

Occasionally, I glanced at him secretly. His face was handsome and extraordinary, making people unable to spot any shortcomings.

The more I watched, the faster his heartbeat.

A woman who is guarded by a man to this point, can she not be moved?

Why is Young Master Jackson willing to give her so much warmth in this life?

Is it true that after a lifetime, even the trajectory of feelings is different?

With a hot face, Emily Gale stroked her face, the temperature of the start was too high to frighten people.

Looking at Hunter Jackson again, he still maintained the initial posture, as if he had fallen asleep.

Such a young Master Jackson really made the girl's heart explode... Finally, the car stopped at the entrance of the villa's main house.

After Emily Gale got out of the car, he followed Hunter Jackson and went up to the second floor.

Today is their engagement day. What if Young Master Jackson insists on sleeping with her?

"I heard you have skipped class for a week."

Just as he went to the second floor, Hunter Jackson's cold voice sounded.

Emily Gale was taken aback, stayed in front of his room door and looked up at him.

Hunter Jackson's face remained as usual, still looking coldly: "I will take you to school at noon for half a day off today."

He crossed her and walked into the room. Behind him, there were only a few warm words.

"Although it's just an agreement, you are still my fiancée. I don't want rumors to say that my fiancée who is Hunter Jackson will have to take the exam during college."

After that, the door was in her sight. Close mercilessly.

I don't want him to fight against Beiming's fiancée and have to make up the exam during college...

It took Emily Gale three seconds to completely digest his words!

What warmth, what sweetness, why do you have to sleep with her... Emily Gale was messed up in the wind, why did it seem that someone stretched out his hand and slapped her face several times?

People only regard her as the object of the agreement!

protocol!

Did she forget?

I signed with Master Jackson only last night.

Engagement is just acting, and I won't marry her two years later. We are together just for acting for grandma.

After the engagement, each has its own way, without interfering with each other!

Emily Gale felt that she was really stupid.

She had already said so clearly that she still had illusions about him!

"Who said I would make up the exam! My grades are so good! Don't look down on people!" She muttered unconvincedly at the closed door, "If I make up the exam, I will give you a cow. Be a horse, let it be sent!" It's like a dog's eyes. Is her Emily Gale someone who needs to make up the exam?

Pooh!

"A word is definite."

In the room, there was a cold and cold voice from Young Master Jackson.

Emily Gale was taken aback.

I almost got frightened and weak!

This bastard, do you want to have such good hearing!

The door was opened with a brush, and Hunter Jackson threw a schoolbag out.

"What Aspen Li prepared for you, if there is a make-up exam this semester, I will let you know how bleak life is."

The schoolbag was thrown on her, so heavy that Emily Gale almost didn't stop. Sit on the ground.

The door was closed again, and his cold and merciless face disappeared instantly from his sight.

The threatening words seemed to linger in the ears.

Desolate... Emily Gale shuddered unexpectedly, and immediately hugged the schoolbag in his arms and walked to his room.

Damn Hunter Jackson, dare to threaten her, it's too much!

Thanks to her being together last night and today, she was touched several times by him.

Is she a fool?

People rescued her just not to cancel the engagement banquet, but to fulfill the old lady's wish.

Even if the target is not her, she will definitely be saved, and she has nothing to do with her.

Moving?

Move a wool!

Back in the room, Emily Gale threw the schoolbag on the chair, took a battle bath as fast as possible, and threw himself on the bed in a large font.

Being a cow and a horse...Well, can you take what she said as a joke, and forget it after laughing?

Her high mathematics, her college physics, her foreign language...Ah!

The homework she hated the most... Strangely, she didn't even know when she fell asleep.

When I woke up again, I was awakened by the ringing of the phone.

"Hello."

Emily Gale answered the phone, her voice still vague.

On the other end of the phone, Su Xiaomi's voice came over in fear: "Of course, I'm so scared!" "What are you afraid of?" "Ye Fangfang...Ye Fangfang committed suicide!"
