

Love Through Time and Space

Chapter 423

Nothing matters anymore. Kylena Gale holding the equity transfer letter, she will definitely do something today.

Hunter Jackson didn't send them back in time, wasn't it just to prevent them from going back to stop Kylena Gale?

In addition, the relationship between Hunter Jackson and Kylena Gale before is very unusual!

"Dad, is it that the person behind Kylena Gale is Hunter Jackson?" If there is a powerful character behind the scenes, Kylena Gale is weak and has no special background, so obviously he can't do this. .

There must be someone behind it.

However, they still don't know who that person is.

"Hunter Jackson..."

The old man looked at the sea level with an indescribable mood.

After a while, he said, "I look at it, I don't look like someone who likes to use this method to seek benefits."

"Knowing people, knowing the face, not knowing the heart, Dad, you can't look at the surface!" Although Gale Qinglian didn't want to admit it, Such a good man would cooperate with a despicable villain like Kylena Gale.

But, if it's not a group, why does he send them here?

Although, they were indeed rescued from the high seas.

But why can't good people do it to the end and send them back directly?

The old man's mood is still very complicated, and he feels all kinds of tastes in his heart.

Those things can't be said.

I don't want to mention a word again.

"Don't worry, even if Kylene Gale has my share transfer letter in her hand, as long as Zyden is there, the company will not have her turn to mess around!" Even though Gale Qinglian didn't want to admit it, she had to admit it.

Zyden Gale, he is indeed capable, indeed, can make people feel at ease.

This is definitely not comparable to her son.

However, jealousy is inevitable.

So over the years, I have felt wronged and unwilling.

But when things really happen, they want to rely on the capable person.

Dad handed the company to Zyden Gale. In fact, it was a wise move, but he was unwilling.

"Dad, it's windy outside, you first go back to your room and rest."

The old man fell down in the yacht cockpit for no reason, which really frightened her.

If it weren't for Hunter Jackson to bring the doctor over, Dad still doesn't know how.

On the island, there are still a few people, doctors and nurses, and some bodyguards.

It seems that it is not like monitoring them, not to mention Hunter Jackson also said that if they can sail by themselves, their people will directly escort them back.

This means that you can sail away by yourself, and their people will escort you, just for fear of accidents.

At that time, at least, the people of Hunter Jackson can save people in time.

But if you get lost at sea and the speedboat doesn't know how to drive, their people will not care about these.

In short,

Hunter Jackson did not restrict their freedom, they could walk, they could walk.

If they can't go, it is their own problem.

"I'll go and study how to drive the speedboat."

Gale Qinglian said.

Elder Gale shook his head: "Forget it, don't toss, trust Zyden!" Zyden will find them, and will find them.

It is Monday now, and at this time, what should happen has already happened.

The old man was very worried, and he didn't have that much enthusiasm about going back.

"As long as my children are well, I will feel at ease. Even if my old man lives on this deserted island for the rest of my life, I am willing."

As long as Hunter Jackson does not attack them.

So, if he lives here, he will take it as an atonement.

...

"It hurts."

Emily Gale whispered and sat up from the bed.

My forehead hurts so much, I raised my hand and touched it. Sure enough, it was a big bag.

But, fortunately, he didn't break his head.

Where is she now?

Looking up, she was in a strange room. Could it be that she was caught by Kylena Gale's people after she crashed?

However, her limbs were not tied, and her movements were not restricted.

Even this room, although not very big, can be decorated exquisitely and is absolutely comfortable.

If it falls into Kylena Gale's hands, where is such a good treatment?

Kylena Gale can't wait to kill her, it's the same anytime!

What is this place?

Who brought her back?

Also, how long has she slept here?

The big bag bulging on her head was obviously treated by someone and given medicine.

There is still some dizziness, but it is not a big problem.

She got off the bed and saw a drinking fountain beside her.

After hesitating, he walked over, poured a glass of water, and drank it all at once.

After that, she put down the cup, walked to the door, and listened quietly for a while.

Outside, there is only the sound of the wind, a very loud wind.

And the faint smell in the room, like the sound of sea water, where is she?

He pulled it carefully. Unexpectedly, the room was not locked. Pulling it opened the door directly.

beach!

Sure enough, it was on the beach.

The beach is very clean, with fine sand and no rubbish.

It is not like a tourist attraction or a place where many people have visited.

Where is she?

Emily Gale went out of the room, the outside was really different from what he had imagined.

There are several houses around, there should be people, but no one is watching her?

Is it too free?

Looking out, two figures in the distance came into view.

Emily Gale squinted her eyes and adjusted to the sunshine outside before carefully watching the two people walking on the beach.

Suddenly, her breathing was chaotic and her eyes lit up.

Stepped and ran over.

"Grandpa Gale!" No!

Not Grandpa Gale!

He is her grandpa!

Even if it hasn't been proved to be true, even if everything is speculation, she has already determined that he is her grandfather!

"Grandpa!" Emily Gale's nose sore, tears almost rolled down.

The grandpa they were thinking of, the grandpa who had been looking for so long but had no news at all, he is now in front of her!

"Grandpa, grandpa!" Emily Gale's footsteps were a little floaty, and he was soaking in the beach, the sand was fine and slippery, making it very inconvenient to run.

Just ran for ten steps, and fell into the sand by accident.

But she got up immediately, before she could even take the sand off her body, she continued to run to the two people on the beach.

Grandpa and sister-in-law are still alive, they are still safe and sound!

What else is more happier than this?

Perhaps Kylena Gale has cheated a lot of things from her grandfather.

Perhaps Hunter Jackson and Kylena Gale really have some ulterior secrets!

Perhaps, the hair samples of her and grandpa were really taken away by Young Master Jackson and dropped them!

But all of this, nowadays, has become less important!

The most important thing is that Grandpa is still alive, and Grandpa is fine!

Emily Gale rushed over, and hugged the old man tightly.

"Grandpa, you're fine if you're fine, and fine!" Her voice was choked up!

"Everyone is worried about you, you are fine, great!"

Chapter 424

He said that someone in the family wanted his father to be totally unbelievable. He never dreamed that he would meet the person he most wanted to see on this island.

His granddaughter, his real granddaughter, he's pretty.

The grandfather and grandson hugged each other tightly, and didn't know how long it took to react.

"Of course, why are you here? Why...Did Young Master Jackson brought you here? How are you? Did they bully you? Are you hurt?" Seeing the bag that Emily Gale couldn't hide on his forehead, The old man is in a hurry.

"What's going on? Who hurt you? Did it mean that Young Master Jackson?" Their family didn't know anything, and they were still a little girl.

It was too much for Young Master Jackson to use her to vent her anger!

Emily Gale shook his head, sniffed, and finally stopped tears.

"It's not Mr. Jackson, but when I was driving, I slammed the brakes and slammed into the steering wheel, knocking me out."

She rubbed her tears and finally calmed down.

"Grandpa, sister-in-law, why are you here?" Gale Qinglian was sour by the phrase, aunt, and she became very embarrassed.

"Ranran, do you also know who you are?" "Actually, I'm not sure, but I'm pretty sure."

Emily Gale held the old man's hand tightly, "I took my hair before, and Grandpa's hair was evaluated.

As a result of the evaluation, I am not Gale's Miss Sun."

"How is it possible?" Both the grandpa and Gale Qinglian were shocked.

Gale Qinglian hurriedly said: "However, Kylene Gale personally admitted that the blood sample used for identification with her dad in Beiling was yours.

As a result of the identification, you are indeed related."

"So I suspect that our hair sample was taken by someone. Moved, the only possibility..."

Emily Gale bit her lower lip. Until now, she still didn't want to doubt that person.

However, now it is no longer a question of doubt or doubt, the facts are in front of us.

"Probably, Master Jackson didn't want me to recognize you so quickly. I believe he was the one who changed our hair samples."

"It's Hunter Jackson again!" Gale Qinglian squeezed her palms, her eyes condensed. .

"What's the matter? Is it because Young Master Jackson... did something to you? Is he involved in this matter?" Emily Gale's heart was tight and it hurt!

The thing he didn't want to see was Hunter Jackson's attack on their family members.

But now...

"He didn't do anything to us. On the contrary, he rescued us from the high seas."

Old man Gale led her and sighed helplessly.

"However, I think I can understand the feelings of Young Master Jackson. He is unwilling to join forces with Kylena Gale, but he does not want to see me getting better, so he stays here."

"Since you are not joining hands with Kylena Gale, why not

Want to make our family care better?

"Gale Qinglian couldn't understand this. Could it be that what Dad and him talked about today had something to do with this matter? She looked at the old man, and her doubts became more and more serious: "Dad, you and him... have hatred?"

Our Gale family had offended their Jackson family before?

"However, normal business competition is always there no matter where it is. If this requires revenge, are there few groups that have competed with them in the market? How many people can Hunter Jackson take revenge? Speaking of the relationship with Hunter Jackson, the old man is always reluctant to continue. Gale Qinglian knows that there must be some holiday between the old man and their Jackson family. However, he does not want to say that now, things have already developed to this point. Everything, there is no way to stop.

"Of course, you accompany grandpa back to the room to rest, I will go to study how to drive the speedboat.

"Gale Qinglian is also worried now. What worries most is their Gale's future.

"I hope Zyden can turn the tide and don't let Kylena Gale act arbitrarily."

"Brother Zyden..."

Emily Gale didn't want to break their hopes, but this matter must be told to them.

"Ranran, what's wrong?"

Is something wrong with Zyden?

"The old man and Gale Qinglian were anxious at the same time, staring at her.

"Before I fainted, the people of Zyden brother got the information that they knew that Kylena Gale had taken you to the high seas, so..."

Emily Gale hesitated before continuing: "He took people and went to the high seas to find you in person.

" "what?"

"I went to the high seas to find someone. If I can't go back today, wouldn't it be Gale..."

The old man suddenly turned black and almost passed out. Gale Qinglian and Emily Gale were taken aback and held him in time.

"Grandpa, Don't think about anything, go back and rest first.

"There is a doctor on the island, hurry up, send Dad there, let the doctor show him!"

"...Today's Gale family is indeed surging. Zyden Gale has not yet returned, and no one can contact him. Now, in the meeting room, all Gale's directors.

The theme of today's board of directors is to remove Zyden Gale.

The position of chief executive officer.

The new chief executive officer is designated as Kylena Gale.

"My father can't appoint you as president casually.

"Gale Qinghe was the first to stand up.

"Yes, we can't accept this matter, unless the chairman comes back and tells us himself."

"A group of veterans of the company, who also own a few shares, are all on Gale Qinghe's side.

"Auntie, I will be the president. Grandpa personally appointed me.

There is also a share transfer letter from my grandpa.

"Kylena Gale is sitting in the main seat, and the one sitting next to her, although not the backbone of the company, is the old shareholder of the Gale family! The longest seniority is the half-brother of the father and son.

Brother, Gale Qinghe's second uncle.

"This transfer letter has been verified by a lawyer.

It is true and effective. From now on, the old man's shares will be taken over by Kylena."

"Second Uncle! She is not Dad's granddaughter, not our Gale's granddaughter, She is a fake!" Gale Qinghe glared at Kylena Gale, "Also, she asked Dad and Qinglian to take away. Now, the two of them don't know where they are!" "I have called the police, this matter will soon be found!" "Sorry, I don't know what you are talking about."

Kylena Gale laughed unscrupulously and disapproved: "They came and recorded me a statement. If I really have a problem, why? Don't you get me in?" "In fact, this transfer letter was signed on Thursday. You can see the time for yourself."

Kylena Gale squinted at Gale Qinghe, confident.

"I remember very clearly. On Friday morning, my grandfather and sister-in-law still appeared in front of the media.

At that time, I was with Young Master Jackson. If you don't believe me, you can send someone to investigate."

She has enough disagreements.

The presence proved that he had nothing to do with the father and the disappearance of Gale Qinglian.

The matter itself was Gale Qinglian who tricked her old man out of the sea. What does it have to do with her?

Now, the two disappeared after going out to sea, no matter how to investigate, they can't suspect her head.

"Gale Qinghe, now I have enough reason to suspect that you are plotting against Grandpa. Otherwise, Grandpa will not transfer the equity to me in advance, and even tell me that someone in the family wants to kill him!"

Chapter 425

Gale, can't fall into the hands of someone with a foreign surname.

"What did you say?" Gale Qinghe didn't expect that she, a little girl, would be so meticulous!

When the old man signed this agreement, he must not see the date clearly.

The date is really Thursday!

"Kylena, what does this mean? You have to be clear."

Several old shareholders looked at her with surprise.

Kylena Gale glanced around everyone, and finally fell on her second uncle, her expression serious.

"Grandpa told me earlier that I suspected that my aunt and my cousin made small actions in private, and wanted to swallow Gale's."

"Kylena Gale, don't spit people!" Gale Qing was so angry that he almost couldn't help but picked up the table.

The cup on the top smashed at her.

This girl, young, can be so vicious!

Even dare to do such a thing with empty mouth and slander!

"Am I spitting blood, aunt, you know it by yourself."

Kylena Gale, a girl in her twenties, faced Gale Qinghe without a trace of humble expression.

The demeanor of this Miss Gale Jiasun is really impressive.

Gale Qinghe was so angry that he could hardly speak.

Kylena Gale said again: "Now that the equity has been transferred to my name, I have also discussed with my second uncle, and my second uncle agreed to revoke Zyden Gale's status as president."

"Auntie, Zyden Gale is not Gale after all. You are planning to change Zyden Gale to his surname after the Gale family is swallowed up. You want us to change Gale's name!" "How can this work?" When I heard that Zyden Gale was going to change his surname, everyone disagreed.

The Gale family will always be the Gale family, how can someone with a foreign surname be in charge?

"Kylena Gale, Zyden and I have never thought about it!" "Is there, only you know, but I can't take the entire Gale family to risk!" Kylena Gale looked at

everyone, not giving Gale Qinghe a chance to speak, and continued Announcing: "Next, I will attend the post of Gale's president.

As for Gale's vice president, I hope that the second uncle's grandson, Gale Mingwei, will take the post. I don't know if you have any opinions."

It's up to you to call the shots!" Gale Qinghe pointed at her and said angrily: "You arranged this way, it is clear that you really want the Gale family to change hands!" She and the second uncle had colluded long ago. No wonder, today the second uncle is everywhere. Talking for her!

Gale Qinghe glared at the second uncle of the Gale family, "She is not our Miss Sun. If Gale is in her hands, she will become an outsider's family sooner or later."

The second uncle of the Gale family is still expressionless: "If she is not, what about the older brother? Will you give her all the shares? Qinghe, what do you and your son think? Second uncle doesn't want to bother about it, but now, I agree with Kylena's decision."

Kylena Gale smiled again: "There is another good news.

, I want to tell everyone.

"All directors, who have not made up their minds yet, can only look at Kylena Gale and wait for her to say something. Kylena Gale smiled and said: "When I take over as president, I will sign a mausoleum with Beiling Jackson's family. Everyone should have heard of the agreement on the trunk line from Zhouzhou to Beiling, a five-year major project.

As long as I become President Gale, I will surely win this project.

"Shinkansen from Lingzhou to Beiling!"

Someone exclaimed and stood up with excitement: "Really...can sign it?"

"This project has been analyzed by everyone, and if it can be taken down, for their Gale family, there will be a qualitative leap in the next five years. However, there are several original partners of Beiling Jackson's cooperation with this project, and there is no one yet. I heard that we decided to do it with whom! "But, Miss Gale, how can you be sure that this project can fall into our hands?"

Someone asked questions, so everyone's eyes fell on Kylena Gale. Even Gale Qinghe forgot to refute and stared at her: "What guarantee do you have?"

"I have received the agreement.

As long as I become the president, I can immediately sign an agreement with Jackson's family."

"Kylena Gale lifted her chin, and the assistant immediately delivered the agreement to the second uncle of the Gale family.

The second uncle of the Gale family was so excited that her fingers were shaking: "It's true, the Jackson family has unilaterally signed it."

protocol!

"Signed unilaterally?"

how can that be?

Could it be that you...you and the Jackson family..."

"I am not sure about the relationship between me and the Jackson family?"

"Speaking of this, Kylena Gale smiled, as if she was a little girl in love.

It turned out that their future president has such a relationship with Mr. Jackson! Isn't it that the Jackson family and the Gale family are going to

marry? , What cooperation can't be done? This is undoubtedly a tiger for their Gale family! "Miss Gale, you are the granddaughter of the old man. If you are not the president of the Gale family, do you have to let someone with a foreign surname come in? ?

"Wealth can make ghosts go around. Everyone knows how much money each of them can make once the Shinkansen project is signed.

Therefore, someone immediately stood up and agreed to Kylena Gale.

The word of profit is the head, who will pay? Can you stay rational? A lot of people began to neutralize and favor Kylena Gale. But in the Gale family, there are still several shareholders who support Zyden Gale. However, the old man gave Kylena Gale too many shares. With the support of the second uncle and several shareholders, this board of directors, Kylena Gale took the position of president with an absolute advantage.

"Miss, they will open a conference in the afternoon to announce the news of Kylena Gale's appointment as president. This time , Where did Zyden go?

After the meeting, several old shareholders entered Gale Qinghe's office.

The office looked sad.

Even if Zyden Gale came back now, he might not be able to turn the tide.

Even the possibility of changing the pattern is basically zero.

After all, Kylena Gale's winning of the Shinkansen project really convinced many shareholders.

However, at such an important moment, Zyden Gale will not come back, so it is impossible to tell.

"I checked the president's previous itinerary. In the past few days, there is no plan to go out. Where is he now?" "By the way, Miss, I heard that something happened to your father, is it true? How is the old man now? Isn't it okay?" At the moment, it seems that something is wrong with their family.

In fact, one of the most worried is that if something goes wrong with the Gale family, will it hurt them?

In case, Gale's stock is affected...

"Don't panic, Zyden just went out in an emergency and will be back soon."

In fact, Gale Qinghe is still helpless now, she can't contact Zyden Gale at all!

If you can't get in touch for a day, this matter is not easy to solve.

And father, where did he go?

The most frightening thing is that even Emily Gale is gone!

Everyone in the family has lost contact, and she can calm down till now, thanks to years of experience in the mall!

"Don't worry, nothing will happen, Zyden and Dad will be back soon, they will stop Kylena Gale's madness!"

Chapter 426

He is finally here!

Father's situation this time is really bad, very bad.

The doctor checked him. This time, the old man did not have a heart attack, but a stroke!

People in their 70s now have a stroke, which is really very dangerous.

"Doctor, can you contact Joseph? You help me call him and I have something to tell him!" Emily Gale really has no way at all now, she can't get in touch with Hunter Jackson!

"My grandpa is in the current situation. I can't stay here anymore. I have to go back to the big hospital for treatment. Do you a favor, or you can send us a boat to take us back!" "Miss Gale, Grandpa Gale's situation doesn't count.

It's very serious, don't worry."

The doctor is absolutely confident in his medical skills.

"At this time, we can't get in touch with Young Master, Miss Gale. I can't help with this matter, sorry."

Emily Gale certainly didn't believe it, they couldn't contact Hunter Jackson.

However, the doctor insisted, but didn't want to say that she could do nothing.

"Of course, don't panic, Dad will be fine."

In fact, Gale Qinglian herself was so anxious that her face turned pale, but she was even more helpless than Emily Gale.

The old man was in good health before, but in the past few days, he has fainted twice.

Gale Qinglian was really worried, in case something really happened to her father...

She tossed it all out.

If it weren't for a moment of greed, how could things happen like this?

"It's all my fault, of course, you scold me.

Aunt is not good."

After the doctor left, Gale Qinglian's calm posture in front of the outside collapsed completely!

Emily Gale didn't know what to blame.

In fact, she knew very well in her heart that Gale Qinglian was also involved in this matter.

She was originally supposed to be with Kylena Gale.

But now, the matter has reached this point, and Kylena Gale obviously abandoned her.

She has already been scolded by her conscience. What if she scolds her?

"Sister, don't be like this, we are a family, I won't scold you."

"No, of course, you don't know what happened, it's all my fault!" Gale Qinglian now blames herself to death!

"I know, you deliberately led Grandpa to tell me about Brother Zyden. Kylena Gale wanted to deal with us, and your mind is just thinking that if Brother Zyden and Grandpa want to avenge you in the future, at least you still have a little bit in your hands. Bargaining chips."

Gale Qinglian opened her eyes and her breathing was confused: "Of course, you..."

"I guessed."

Before, I wasn't sure if I guessed it right, but now, it looks like it's right.

"Auntie, are you doing it for your son?" Gale Qinglian squeezed her palms tightly, and her heart was shocked for a while before she calmed down.

She sat on the edge of the hospital bed, looking at her unconscious father, the whole

The human breath is as decadent as a withered flower.

She didn't speak, and she didn't have any explanation, because at this moment, the explanation became very redundant.

It's already here, explain, what's the use?

What's more, she was indeed wrong about those things.

"Sorry..."

Gale Qinglian suddenly lowered her head, tears rolling in her eyes.

"I'm sorry, of course, my aunt is too selfish, I'm sorry..."

"Auntie..."

"I'm sorry! You and Zyden were drugged, and the person who prescribed the drug is me."

"Ran, I'm sorry, I'm sorry!" Gale Qinglian Suddenly stood up and ran out quickly.

She couldn't face it, things became out of control, and the great crime she committed could not be made up for!

Today is Monday.

According to the plan to take care of Kylenea, Zyden Gale should still be on the open sea.

Can't look back, she...is also an accomplice!

Even if the case was reversed someday, she also committed fraud!

Even if it is not the mastermind, he will go to jail.

Gale Qinglian has been suppressed for several days, and now, facing Emily Gale, she has completely collapsed!

"Auntie!" Emily Gale was taken aback, stood up hurriedly, and chased it out.

Gale Qinglian to the distant stone forest alone.

Emily Gale didn't run fast enough, and when he chased Shi Lin, Gale Qinglian was gone.

"Sister-in-law! Come out, don't scare me!" As long as grandpa is still well, as long as everyone is still there, everything can be saved.

"Auntie, I don't blame you. Brother Zyden and I didn't do anything sorry for Gale's family.

Auntie, the mistake has not been made yet!" "You come out, don't hide by yourself. This is a deserted island, which is very dangerous. Yes! Auntie!" However, there was no more movement in the stone forest, and there was no response from Gale Qinglian.

"Auntie, listen to me, auntie, if you come out, we don't blame you."

"Auntie, we are a family!" "Auntie..."

But there was no response.

Emily Gale is really worried, will Auntie miss it?

Suddenly, on the sea level, the sound of an engine came.

Emily Gale turned around and saw that a speedboat was approaching fast on the sea.

Is it Hunter Jackson?

She now needs to see Hunter Jackson urgently, and she wants to send her grandpa back for treatment!

Emily Gale couldn't continue to chase Gale Qinglian, so he could only rush towards the beach first.

The speedboat quickly stopped on the beach.

After seeing the figure on the speedboat clearly, Emily Gale felt sour and almost cried.

She rushed over, and when the opponent got off the speedboat and walked towards her quickly, her eyes were hot and she slammed into his arms.

He is here, he is finally here!

Now everyone is waiting for him!

He is all of them

Hope!

"Brother Zyden."

Emily Gale's voice was hoarse, and she almost couldn't speak.

"Don't cry, I'm here, don't cry!" Zyden Gale was also sour. Knowing that she must have been wronged a lot, he hugged her shoulders tightly.

"Don't panic, I'm here, don't panic."

Emily Gale took a deep breath.

She was not that vulnerable, but just now, she was too excited.

"Big cousin and sister-in-law went into the dense forest. I can't find her. You can ask her to find her. I'm afraid she will do stupid things."

Zyden Gale didn't have time to ask more, and immediately waved to the person behind him: "Go in and take a look. Where is the second lady, be sure to bring her back."

"Yes!" Several of the men who followed immediately rushed towards the dense forest, and disappeared in no time.

"Where is Grandpa? Is it also on this island?" Zyden Gale asked.

"Yes, I'll take you to see Grandpa."

With this grandpa, Emily Gale called very naturally.

They are a family, there is no doubt about this.

What's more, after all these kinds of things, even if Emily Gale is not, she is already in the hearts of Zyden Gale and Mr. Gale.

Emily Gale took Zyden Gale's hand and walked quickly towards the wooden house.

"Slow down, your body..."

Zyden Gale still has concerns, for fear that the child in her stomach can't stand it.

"It's okay, this time, I'm very tough."

At this time, where can she be squeamish?

"Grandpa is still in a coma, Zyden brother, quickly send him out of here, back to the hospital for treatment!"

Chapter 427

It's all for you. Gale Qinglian still has no news.

Zyden Gale had no choice but to decide to take the old man back for treatment first.

"Brother Zyden, you send Grandpa back, I will stay and find my aunt."

Emily Gale was still worried, afraid that my aunt might have an accident.

She is in such a state that she can do stupid things at any time, and she is not relieved to keep her here.

"No, with your current physical condition, I can't keep you at sea."

It's so rare that it is impossible for Zyden Gale to keep her back together with her grandpa.

"No, Brother Zyden, listen to me, sister-in-law..."

She has done some very bad things. Even if your people find her, if they can't enlighten her, she still doesn't want to follow everyone back."

I said no..."

“Brother Zyden, I can enlighten him. Of course, if you can help me find another person, things may be easier to handle.”

That day, after Zyden Gale escorted the old man back, he immediately paid back to the company.

The shareholders who are willing to join forces with them rallied.

As for the people Emily Gale wanted, they arrived on the island in the evening.

“You...”

It is not the first time that Gale Mingyang has seen Emily Gale, but he has hurriedly met one or two people before, and has not even said hello.

Strictly speaking, he is really unfamiliar with Emily Gale.

But now, these are not the main points, the main point is...

“Where is my mother?” “Everyone is still looking.”

Emily Gale stayed here just to wait for him.

“After my aunt went into the dense forest, I don’t know if she hid. Our people can’t find it.”

Emily Gale grabbed his sleeve: “Second cousin, you and I will find it together.”

Gale Mingyang immediately followed Together, she walked into the dense forest.

It’s just that the phrase “Second Cousin” just now was still in his heart, causing a big ripple.

This girl, Zyden Gale said she is their grandson and the daughter of her uncle.

Gale Mingyang really couldn't get acquainted with her at once, but compared to Kylena Gale, he felt that this girl was much more cute.

"What the hell is going on?" This dense forest is really too big, and everyone has looked for the place in front.

Now, everyone's focus is on the back, deep in the dense forest.

Deep in the dense forest, weeds are overgrown, it is more difficult to find someone.

Gale Mingyang has just rushed back, and he is still unclear about the company's affairs.

However, the general situation has basically been mastered.

Kylena Gale didn't know how to get her grandpa to transfer all the shares in her name to her.

After that, she and her second uncle joined forces, and now, forcing the board of directors to recognize her as the president, she dismissed Zyden Gale.

But Zyden Gale said, this equity transfer agreement in the end

Whether it is true and effective is still unknown.

He decided to sue Kylena Gale, but the key figure, grandpa, is still in a coma.

How things will go on is still unclear, but what is going on with his mother?

"She and Kylena Gale joined hands..."

"Impossible, my mother is not like that!" Gale Mingyang's face sank and he retorted immediately.

Emily Gale glanced sideways at him and understood what he was thinking.

She didn't want to believe that it was herself.

"Facts, it is true.

Auntie admitted to me personally."

Gale Mingyang moved his lips and wanted to speak, but in the end, he said nothing.

Emily Gale continued: "I think my sister-in-law was probably just a momentary greed, but she has regretted it now."

It was because of regret, because I felt sorry for my father and Gale family, so I hid and didn't want to face it again. .

Gale's doing what she is now, she is one of the chief culprits in this situation.

Gale Mingyang may gradually understand her current mood.

"But my mother, it's really not that kind of person. Her pursuit of power is not very important."

He has been with his mother for so many years, and he knows what kind of person her mother is.

Mother's love for her old father is not fake.

Mom, how could you do this

Confused thing?

"If my sister-in-law is a person who doesn't have any greed, then she will do that.

The only reason is that I can only think of you.”

“Me?” Gale Mingyang is about to refute, he is even more careless than his mother. Everything.

Emily Gale preemptively said, “It’s not what you want, but what Auntie wants for you!” This time, Gale Mingyang was so stunned that he couldn’t say a word, so he couldn’t even step out.

If my mother is just for him...

“But she doesn’t know, I don’t want anything, I don’t want this!” He and grandpa had already made it clear that everything about the Gale family was not his interest.

However, my mother didn’t know, and his mother didn’t know anything.

Gale Mingyang suddenly quickened his pace and broke into the deep forest.

“Mom, I am Ming Yang, did you hear it? Mom, you come out, I am Ming Yang, I am here!” Deep in the dense forest, the sound of insects and birds chirping occasionally sounded, but no one responded.

“Master Mingyang, after nightfall, the dense forest is very dangerous, be careful!” The bodyguard walking by their side immediately reminded.

But where did Gale Mingyang worry so much.

If my mother really did something sorry for the family for him, now, grandpa is like this, mother must be so guilty to die!

In case, mother really can’t think about it... No!

He can’t let Mom, there is any danger!

"Mom, listen to me. Come out first. Let's go home.

Anything can be solved!" Gale Mingyang has called in the dense forest for a long time, but the dense forest is so big, there is always no response from Gale Qinglian.

"Mom, you..."

Suddenly, Emily Gale gave him a hand, and stood on tiptoe in his ear, not knowing what was said.

Gale Mingyang thought for a while, nodded, and continued to move forward.

But I didn't know where to step on, and suddenly, I slid all the way down.

"Second cousin!" Emily Gale was dumbfounded, and hurried after him, "Second cousin, how are you?" "Master Mingyang!" The bodyguards also chased after him, calling out loudly: "Master Mingyang, Is there anything wrong with you? Master Mingyang!" But under the slope, there was no movement from Gale Mingyang.

Emily Gale was so anxious that she almost stomped her feet: "Auntie, the second cousin has an accident, Auntie!" She did suggest to Gale Mingyang just now to let him pretend to be an accident.

Unexpectedly, he actually stepped on the air and slid down the slope.

Without waiting for Gale Qinglian's response, Emily Gale couldn't take care of it anymore and said anxiously: "You two, see if there is a path to go down."

"Yes, Miss Ranran!" The two bodyguards immediately searched for it nearby.

Emily Gale squatted on the slope and continued to call towards the dark bottom: "Second cousin, how are you? Please respond! Second cousin!"

No sound at all?

Could it be that something really happened?

Just when Emily Gale was too anxious to know what to do, someone on the other side of the dense forest rushed out from behind the grass.

"Ming Yang! Ming Yang, how are you? Don't scare your mother?" Emily Gale looked back.

Under the moonlight, that worried woman, who else could it be if it wasn't Gale Qinglian?

Chapter 428

Go back and face "Auntie!" Unexpectedly, using the illusion of Gale Mingyang's accident would really make Gale Qinglian come out.

However, Gale Qinglian came out, but Gale Mingyang still did not move at all.

He slid down, what happened?

"Ming Yang! How are you? Where are you? Tell me about your mother!" Gale Qinglian stood on the slope, looking down, it turned out to be dark and could not see anything.

She was sweating profusely, and there was no way to go down around her.

In the end, Gale Qinglian wanted to slide down with Gale Mingyang on the slope.

"Auntie! Are you going to die?" Emily Gale hurriedly took her hand to prevent her from messing around.

"I don't know how deep this slope is. In case it's unfathomable..."

"If it's unfathomable, isn't my Ming Yang..."

Thinking of this possibility, Gale Qinglian became even more flustered.

Pushing away Emily Gale's hand, he was about to slide down.

But before she started, Gale Mingyang's clear voice came from below.

"Mom, I'm okay, I am teasing you!" He climbed the vines, three or two, and then climbed back from the bottom.

"Ming Yang! How are you? Are you injured?" Gale Qinglian was so frightened that she looked at him for a long time, and only after confirming that he was okay, she let out a sigh of relief.

But as soon as this breath was finished, Gale Qinglian remembered something, her face changed, and she turned to leave.

Gale Mingyang had expected her to do this for a long time, and the moment she turned around, he grabbed her.

"Ming Yang, you let me go! I don't want to go back, my mother is not qualified to look back at home, I don't want to face them!" "But mother, don't you look back at home, don't you even want me in the future?" "Your grandpa and Brother Zyden and auntie, they will take care of you and they will be nice to you!" If she goes back, even Ming Yang will be dragged down by her.

She made a mistake, Ming Yang will be condemned by others for having such a vicious and greedy mother!

She can't hurt her son, let alone make her look down on him!

"Mom, when do you want to hide? How long do you want to hide? Isn't it because you won't come back all your life and won't see your son?" Gale Mingyang said he didn't let go.

There are weeds taller than people everywhere here, as long as she is determined to hide, it is really difficult to find her again.

"Mom, let's go home first, and then we can talk about it, okay?" "No, mother really doesn't know how to face them, and I... I don't want to face your grandfather either!" "Mom, are you still in your heart? Feeling wronged and feel that Grandpa is not treating me badly?" Gale Mingyang pulled her back, and under her stunned eyes, he softened his voice.

"Mom, you actually misunderstood Grandpa.

It's not that Grandpa doesn't want to reuse me, but I don't want to stay with Gale."

"You don't have to lie to me, I know how.

Going on.

"In the eyes of the old man, he is inferior to Zyden Gale.

She also admitted that her son is indeed not as good as Zyden in business. However, the son is also a talent.

She believes that her son is a capable person.

"You don't know, this time, you really didn't understand.

"Gale Mingyang clasped her wrist tightly, but his tone was indescribably gentle.

"Mom, grandpa told me at the time that I should be appointed as the vice president of the Gale family.

The position is only under Brother Zyden. .

" "what did you say?

"Gale Qinglian looked back at him abruptly, her face shocked. Vice President? Is he serious? She really wants to leave this position to her son, but she knows that his son is not suitable.

It's really not. Suitable. However, the old man really once asked to let him sit in such an important position? "It's true, Mom, just two years ago.

"Impossible!"

"Two years ago, it was even more impossible! Ming Yang two years ago was still very immature! "Because Zyden brother was in the Gale clan for a long time, grandpa wants to train me too, he wants our Gale family's children , All of them are outstanding.

"It's because I didn't live up to it. I told Grandpa that I didn't want to stay in Gale family.

"Son..."

"Mom, I didn't lie to you, I don't like doing business at all."

Gale Qinglian bit her lip and did not speak. Emily Gale stood aside and did not interrupt the conversation between the mother and son. Gale Mingyang continued: "I told my grandfather that I like taking risks and walking around. I don't like working in the company at all. Days.

"But Grandpa told me that I must consider your feelings. If I can't accomplish anything in the future, you will be the most disappointed."

"I..."

Gale Qinglian lowered her eyes. Yes, her son did nothing.

She was indeed the most disappointed person. In fact, she wanted to fight for her son. Isn't it because she couldn't understand his son now? Not so much that she was dissatisfied with the old man. I feel that the old man is partial, it is better to say that it is actually she who is dissatisfied that his son is not good enough. But how can I tell my child about this? That will hurt him and make him less confident in himself.

"But, I am really right. I'm not interested in these things. In any case, I just don't want to go to work for the Gale family. So, Grandpa gave me a way out..."

"What way out?"

Gale Qinglian interrupted him. Gale Mingyang smiled and said, "Mom, have you noticed that there is a tourism group in Lingzhou that has developed very fast in the past two years?"

"Yang Fan Group?"

"She is the general manager of the Gale family. Of course, she is concerned about new companies emerging from the business world.

"You..."

Suddenly, Gale Qinglian opened her eyes wide and she couldn't believe it!

"You mean...you means,

The mysterious boss behind Yang Fan Group is...yes..."

"Yes, it's me!

"Gale Mingyang did not expect that he said that he was not interested in doing business, but he changed to a different business model, and he could even get along well.

"Two years ago, my grandpa lent me two billion. I just took this. Two billion, I made a mess of a small company, and after that, it also grew to this point indiscriminately.

"At the beginning, he was very afraid that he would lose his grandfather's two billion! Grandpa even said that he would not give him any advice or help him.

It is because grandpa gave him such a big deal.

The degree of freedom has allowed him to do things for Yang Fan in the past two years, and he is full of energy.

There is no feeling of unfreedom, and there are no rules and regulations. Everything is developing in the wild! But because of this wildness, Yang Fan has been able to do things in just two years. , In one fell swoop became one of the three major tourism groups in Lingzhou. This development speed, even Gale Mingyang himself feels incredible! "Son, you... don't lie to your mother.

Gale Qinglian's voice choked up.

She thought her son could do nothing, but she didn't know that he was doing better than anyone else in another field! It turned out that her son was really so good, and she always thought he was ...No.

"Son..."

"Mom, I'm not filial, and I didn't grow up as you hoped.

Gale Mingyang loosened her wrist and hugged her lightly.

"But Mom, please trust me, I can also let you rely on!"

In the future, when you are old, you can completely rely on me and be proud of me, I assure you!

"Gale Qinglian nodded, choking harder. Yang Fan Group has already proved to her that her son can really rely on her. In this life, she doesn't need to worry anymore.

Anyone will say that her son is not good! Her son, yes.

The best! Emily Gale sighed. I didn't expect this incident to have such a reversal. But now, instead of staying sad here, it is better to go back and say it again.

"Sister," she walked over, lightly Gently shook Gale Qinglian's hand: "Grandpa hasn't woke up yet. I'm afraid he won't see us after he wakes up, so I'm worried.

"Yeah, Mom, now Gale's family is in trouble, we can't stay out of it."

"Gale Mingyang also shook her hand and said firmly: "We are a family, we have to go back and face it together!"

Chapter 429

Being together is the most important Gale Qinglian is back.

The entire Gale family is now crowded.

"It is Ms. Sun of our family, of course. This is the appraisal report I personally made for them."

Zyden Gale put an appraisal report on the table.

Now in the hall, except for the unconscious old man, everyone else is there.

Including, the old housekeeper Ding Hongqiu who has been with him for so many years.

In fact, there is no doubt about Emily Gale's father and granddaughter.

This appraisal is a bit redundant.

"Anyway, now, our Gale family is all packed."

Jing Xu can't come back, that's a fact, but at least, his real daughter has returned.

Gale Qinghe took Emily Gale's hand, his eyes were already moisturized without a word.

"After living with people like Kylena Gale for so many years, this child must have suffered a lot."

Gale Qinghe's words resonated with everyone.

For a while, the atmosphere in the hall seemed very low.

Emily Gale smiled and comforted: "I'm fine, I haven't lived well until now? Even if Kylena Gale is bad, I can deal with it."

"But this time, I'm afraid it will not be so easy to deal with."

Gale Qinglian felt for a while. Feeling guilty, she looked at Zyden Gale: "In this situation, dad, even if he wants to sue Kylena Gale, there is no big chance of winning."

The person is still unconscious, and the prosecution can only be replaced by his family.

When the old man signed the share transfer letter, Gale Qinglian was present, and Gale Qinglian could appear as a witness.

However, Gale Qinglian herself was the one who led the old man out of the sea. Her testimony and the trust of the public itself had to be discounted.

The old man doesn't wake up all day, and this lawsuit may not go on for a day.

"Don't be afraid, we can at least apply to freeze this part of the equity, so that Kylena Gale will not be allowed to trade freely."

What is afraid is that Kylena Gale will sell her shares, and once she sells it to someone who is interested, that person will buy a lot of other people's hands. Belongs to Gale's shares.

Then, Gale's is very likely, one day it will really change hands.

"But now Kylena Gale has so many shares in her hands, plus several major shareholders in the company listen to her. Our Gale family has actually fallen into her hands."

Although Gale Mingyang doesn't work in Gale family, but He also has Gale's three-point shares.

He should be called upon to hold a general meeting of shareholders.

This time, Kylena Gale clearly wanted to completely empty the power of everyone in their Gale family in the Gale family.

"Now that we are suing, Kylena Gale shouldn't make any big moves at this time."

Zyden Gale's words will always be a comfort to the Gale family.

"I will contact other shareholders in private, and leave this to me. No

Use worry.

He looked at Gale Qinglian and Gale Qinghe: "You still have positions in the company. Don't act rashly for the time being. Go back to the company and do your own thing first."

"When we go back now, don't we want to look after Kylena Gale's face?"

"Knowing that Kylena Gale is not their Gale family's Miss Sun, but still succumbing to work, can Gale Qinglian be content? Gale Qinghe sighed, glanced at her son, and nodded: "I know, I won't be mad."

"Eldest sister..."

"Because the company is now in the hands of Kylena Gale, Zyden's position as president has been removed, so we can't make any confusion."

"At this time, if there is a disorder or a bad work attitude, Kylena Gale caught the handle, Kylena Gale can call a shareholders meeting at any time to remove them from their positions.

At that time, the Gale family will no longer have them to care for the family.

"Qinglian, now is not the time to be upset, you have to learn to endure, you know?"

"This sister, for so many years, everything is good, but she can't bear it.

She is irritable and sometimes has to be very anxious in doing things. This time, it is actually a good opportunity for her to exercise her character.

"Promise me, Before Zyden can think of a better way, don't mess with Kylena Gale or make trouble.

Gale Qinghe stared at his sister with a serious face.

"Definitely, you can't let Kylena Gale single out your fault, you know?"

"In the face of her elder sister's stern gaze, even if Gale Qinglian feels angry, she can only calm down. Finally, she nodded.

"I know, I won't let Kylena Gale have a chance!"

"This is my good sister, the second lady of our Gale family!"

Gale Qinghe smiled slightly, and he was also relieved. Zyden Gale looked at everyone and said with a smile: "Actually, the most important thing is that we are together as a family.

"As long as the whole family is united, any difficulty will not be really difficult.

"The family is neat and tidy, more important than anything! Zyden Gale's words made Emily Gale think about it all night, and still wandered in her mind.

The family is complete when they are together! The people who care for the family are now back. Together, but, the child's father... When alone, it is inevitable that he will think about those things. Her hands are on her belly, and she fantasizes about her baby sleeping quietly inside. Thinking too much, even the room There was one more person, and he didn't realize it.

"Do you still miss him?"

"Zyden Gale pulled up the chair and sat down opposite her. His eyes fell on her lower abdomen.

There is already a small life here, but not many people know it.

"Brother Zyden, I and yours Things..."

"Don't worry, during this time, as long as you don't go online and don't watch the news,

Nothing will happen.

"He was afraid that when she went up to watch, she would be harmed by a cyber attack.

The matter between them was asked by Kylena Gale to hype, and now it has become more and more intense.

There are other things, Emily Gale is Zyden Gale didn't want to let her know.

"In short, you can stay at home with peace of mind now, take care of your body, and don't think about anything else.

"You mean, there is still a big storm on the Internet?"

Emily Gale almost couldn't help it, and immediately picked up the phone and flipped through it. However, Zyden Gale's eyes calmed her down.

"Listen to me, don't look, don't ask, don't think, I will calm things down .

"He shook her hand: "Reserve your body with peace of mind, okay?"

Emily Gale bit her lip and finally nodded.

At this time, she can't become Zyden Gale's burden and can't drag him down. Only listening to him say that taking good care of your body is the most important thing.

They also need to take care of her. What about grandpa! Only when you are better can you have more energy to take care of your grandpa.

"Brother Zyden, I know what to do. I will definitely not worry you. Don't worry.

Zyden Gale nodded: "Go to bed early. I will send you to see Grandpa tomorrow."

"No, you must still have a lot of work to do. Just do your own thing."

Emily Gale personally sent him out: "I am with Uncle Ding, and he will take care of me."

Chapter 430

Did something hide from me? Zyden Gale walked into his room, and as soon as he closed the door, the assistant called.

"Master, these photos seem to be taken secretly, and the camera is in your room."

Zyden Gale walked to the side of the bed and looked closely at this time.

There was no trace of the camera at all.

"Master, I am afraid that the evidence has been destroyed. Except for our own people, it is impossible for outsiders to get it so easily."

The assistant was a little helpless: "Now, I am afraid that the reasons for looking for the photos are no longer meaningful.

The important thing is, The photos flowed out."

"I know."

Zyden Gale opened the notebook.

I swiped it on the Internet, all of which were photos of him and Emily Gale in bed, and even videos.

Fortunately, some people broke in and interrupted them before it happened.

Otherwise, the rice is really going to be cooked, but the whole life will be completely destroyed!

How malicious are the people sending the photos?

Besides Kylena Gale, who else can it be?

Unexpectedly, even he was planted in her hands this time!

“Master, now, these photos are everywhere. Your relationship with Miss Ranran has been finalized.”

The assistant seemed to hesitate to speak, but he had to say this.

“Young Master, now that there are these photos on the Internet, it is definitely not time to talk about Miss Ranran’s life experience.”

“I see!” This is one of Kylena Gale’s goals.

Even if Emily Gale is the real Miss Gale Jiasun, at this time, she absolutely cannot make it public.

Once they are made public, the affairs of their cousins will make the entire Gale family a joke.

And such jokes, such stains, can never be washed away.

Kylena Gale also relied on this to force them not to say at will that she was not Miss Gale Jiasun.

Kylena Gale wanted to use this method to threaten them.

As long as she reveals her fake identity, she will immediately tell that Emily Gale is the real Miss Gale Jiasun.

At that time, he doesn’t care if he is a man, but Emily Gale really won’t have the day to turn around.

"Go to some celebrities to come up with something, and completely cover this matter."

"Yes, I will try hard."

The point is that the other party has also been ignoring this matter.

In Lingzhou, the eldest of the Gale family, the last president of the Gale family, his ironic rhyme affair, I am afraid that even the celebrity matter can not be covered.

This matter can only be said, work hard!

Zyden Gale didn't say anything, after hanging up the phone, he read the articles and photos on the Internet again.

Thoughts lingered slowly among several people.

Who is behind Kylena Gale?

Is it really Hunter Jackson?

Emily Gale is his woman, he really doesn't care about his own woman at all situation?

If this matter bursts out, then in the future, I am afraid it will be really difficult to be a man.

Hunter Jackson, if you are really the one who planned this, in the future, will you regret it?

... Emily Gale got up early in the morning and packed herself up.

Seeing that my face was a little pale, I also specially applied some powder today to make my face look rosy.

If Grandpa can wake up and see her face look bad, he will definitely be worried.

"Uncle Ding, let's go."

She went downstairs with her handbag.

When Steward Ding saw her, his mood suddenly became complicated.

After hesitating for a while, he said, "Miss Ranran, I don't have any special news from the hospital. Why don't you stay at home today and don't go out."

"Why? I'm going to see Grandpa."

Jenni blinked and walked to him, a little puzzled.

"Didn't you say it's done?" "I said it's done, but the old man hasn't woken up yet? If he can't wake up today, you will go for nothing."

"How can it be the same, I have to go to the hospital to take care of Grandpa and give Grandpa to someone else. How can I rest assured?" Emily Gale tilted his head and stared at his face: "Uncle Ding, you seem to have a lot of concerns. Is there something to hide from me?" "Of course not!" Steward Ding's reaction was a bit too quick, but on the contrary, he was a little guilty now.

Emily Gale frowned, and the doubts in his heart became more serious.

"Uncle Ding, you...really have something to hide from me?" "My old man, where can I hide something from you?" "Since it's okay, then go."

The more he dragged him, the more worried Emily Gale was.

However, Steward Ding received the task today and wants to keep her as far as possible.

In case when you go out, you encounter those reporters... Steward Ding is really worried, because Master Zyden is not there, he is afraid that he will not be able to handle these things.

"I...that, Miss Ranran, I...Since the hospital said that the old man is okay, why don't we...it's better to go see him tomorrow..."

"Uncle Ding, tell me honestly, did the grandfather go out? What's the matter?" Emily Gale felt like this, the more he thought about it, the more he felt that it was just like this.

She was anxious: "Uncle Ding, you don't take me, I'll go by myself, I can drive by myself!" Grandpa must have something wrong, otherwise, Ding housekeeper wouldn't be like this and hesitated.

What happened to Grandpa?

Has the condition worsened?

Emily Gale didn't even think about it, and when he turned around, he walked out the door.

"No, no, the old man doesn't have any problems, Miss Ranran, listen to me, it's really okay."

Young Master Zyden went out early in the morning today. He looks like he is busy, and he must deal with many things.

The eldest and the second miss also went to the company, now

In the entire Gale family, only he can accompany Emily Gale.

The young master said that Miss Ranran was in poor health, how could he let her run around by herself.

"Miss Ranran, I'll accompany you, I'll accompany you now, don't panic."

Although Emily Gale is pregnant with a child, he is a young man after all. He walks much faster than Butler Ding.

Steward Ding chased after him, so he could hardly catch his breath.

"Miss Ranran, I will accompany you, don't worry, don't... Oh, my old man is dying, my stomach hurts!" He suddenly clutched his stomach and screamed, "Miss Ranran, my stomach hurts, hurts.

It's dead!" Emily Gale was taken aback, hurriedly, and turned back quickly.

"Uncle Ding, how are you? Are you okay?" "I...I'm going to die!" Steward Ding walked out of breath, his old face flushed.

"Miss Ranran, if I walk too fast, my stomach will hurt. Do it well and don't let me chase after so hard."

Emily Gale felt a little guilty when he saw that his face was really red.

"I'm sorry, Uncle Ding, I just..."

"It's okay, I know, you're just worried about the old man."

Steward Ding is really helpless.

At this time, he can only accompany her first.

"Don't panic, father is really fine, I will accompany you to the hospital now."

Chapter 431

The man behind, isn't him?

"Young Master."

As soon as Zyden Gale got off the car, the assistant walked over quickly with a stack of documents.

"What's the matter?" His assistant has always been very calm and rarely has such an anxious moment.

"Look, young master, this is the plan for the Shinkansen project."

The assistant found someone very difficult and secretly got the plan out.

Of course, since Zyden Gale is not the president of the company now, he must go through an informal way to get such a plan.

The situation is urgent, even if it is irregular, we can only figure it out first.

"Master, I have studied this project. This project must not be started. Once it is started, our Gale family will suffer a heavy loss."

Zyden Gale's eyes sank, "Go in and talk."

His cell phone rang, and the assistant's expression made him face. He had to take this matter seriously.

As for the mobile phone, he didn't see who was calling, he just muted and threw it aside.

The car door was closed, and the assistant immediately said: "I have received news that Lingzhou has a new trunk line plan to be implemented from the end of next year."

"Conflict?" "Yes, there is a conflict between the two projects. This contract is for the North For the Lingmu family, there are no disadvantages, but for our Gale family, after the government's main line is set up, we will lose a lot."

Their Gale family is a family of pharmaceuticals, and almost all of the business they did before was related to medicine. Or beauty related.

The current new projects are still in their infancy.

Many people in the company, even Gale Qinghe and Gale Qinglian, are still exploring these new projects.

But Zyden Gale has analyzed it for a long time.

The reason for putting this project on hold is because it is not clear what the government has plans.

Many directors in the company blame him for not following up, but there are many things that can't be said openly.

"Jackson's has been working on similar projects for so many years.

They can't get the news that we can receive."

Zyden Gale's eyes fell and he flipped through the documents one by one.

Finally, his face became more and more ugly: "On the Jackson's side, who is tossing about this project with Kylena Gale."

"The fifth young master of the Jackson family."

"Jackson Peitang?" Zyden Gale originally thought that this project was Joseph Muhe Kylena Gale is joining hands.

After all, Hunter Jackson has done several similar projects before.

This kind of project falls into the hands of Hunter Jackson, and there will never be any accidents.

He didn't expect that the partner this time was not Young Master Jackson.

"I originally thought that it must be Young Master Jackson. He has experience in this area."

Zyden Gale didn't speak and fell into thought.

It was not Hunter Jackson, but the agreement for this project was immediately signed by Jackson's side when Kylena Gale got the equity.

Judging from this time, Jackson

Shi's people and Kylena Gale had definitely colluded beforehand.

It's not Hunter Jackson, then, the person behind Kylena Gale, is it Jackson Peitang!

"The five young masters are really hiding deep!" It looked unremarkable before, but unexpectedly, at a critical time, he gave them a bite!

"Contact the director of Gale's, tomorrow morning, I will review the company and open a board of directors."

If you don't go back, this project will really be implemented.

"Master, now the agreement has been signed, unless the people on the Jackson's side are willing to cancel with us, otherwise, we will breach the contract no matter what."

"And the liquidated damages above are 30 billion!" 30 billion !

Such a high penalty is totally unreasonable!

Before Zyden Gale could speak, the assistant explained: "They signed not only this new trunk line, they also signed the line between Lingzhou and Beiling Yuanhai area."

"What a fool!" What are these people? I don't understand, how can I mess around?

No, Kylena Gale didn't understand it, but just listened to Jackson Peitang!

"Young Master, now the directors of the company have all heard of Kylena Gale. Moreover, it is everyone's wish to cooperate with Beiling Jackson Family."

"At this time, you just go back to reason with them, and there may not be anyone. I can listen."

The most important point, in fact, the eldest master also understands, right?

"My plan was obtained by extraordinary means. If the young master now takes it to the board of directors and discusses with everyone, Kylena Gale will call the police if he initiates a ruthlessness..."

Zyden Gale waved his hand, and the assistant stopped. Did not go on.

This matter really cannot be put on the table.

He has been dismissed from his post and is no longer Gale's president.

It is really inconvenient to do many things.

He didn't know where he took out a cigarette and lit it for himself.

The assistant did not dare to speak.

It seems that this time, the young master is also very troubled.

The young master has been very annoyed recently.

He had no habit of smoking before.

I don't know how long it took. Zyden Gale took out his cell phone.

There were several missed calls in the cell phone, which belonged to Mr. Ding.

Zyden Gale called him back, but the housekeeper Ding over there didn't know what was going on. Maybe the phone was not around and he didn't answer the call.

Zyden Gale did not continue to dial, but instead dialed another number.

After the phone rang a few times, the other party picked it up.

The man's low, melodious voice came over: "Gale Dashao, you have something to do with me?" "Kylena Gale and Jackson Peitang are going to do the project, have Jackson Dasha ever heard of it?" Everyone is not idler, so Zyden Gale doesn't plan. Wasting time, straight to the point.

Hunter Jackson smiled: "I just heard about it, it seems that they are two projects."

Zyden Gale pursed his lower lip and said in a deep voice: "

I wonder if Mr. Jackson has time?

Can I treat you to a meal?

"I'm out now, why don't you come to the cafe to sit down?"

"Hunter Jackson seemed to be in a good mood, and he agreed very readily.

"However, I only have one hour.

After one and a half hours, I have a video conference to hold and I have to go back to the hotel.

"He is busy, Zyden Gale has no doubt. He was willing to see himself so smoothly, Zyden Gale was a little surprised. However, Young Master Jackson is willing to meet, at least, there is still a chance to talk.

"Well, where are you, I am now come.

After the phone was hung up, he received the location location sent by Hunter Jackson. He sent the location location to the assistant: "Go here, immediately.

The assistant hurriedly started the car, not daring to hesitate. Both of them were busy people, and a little time could not be wasted.

As soon as we set off, the phone rang, but it was Housekeeper Ding. Zyden Gale picked up the phone and Housekeeper D listened. I felt a little anxious: "Master Zyden, do you have time to come over now?"

"No, I rushed to see Hunter Jackson, something urgent?"

"I heard that it was Hunter Jackson. No matter how much Steward Ding said, he could only swallow it back into his stomach.

"It's okay, you go to see Young Master Jackson first, I can handle the matter here.
