

Love Through Time and Space

Chapter 441

Everything will end.

"You are Miss Gale Jiasun, you are honorable, Lingzhou's first daughter, what instructions can I have?" Although Jackson Peitang said that, his attitude towards her is still the same as before.

Disdain, contempt, there is no respect.

Kylena Gale really wanted to tear up the smile on his lips!

But now, she can't offend him.

She let out a sigh of relief and made a low-pitched smile: "Master, without you, there is no such thing as mine today. Of course I will listen to what you want me to do."

She walked over and said respectfully, "Master, I am Stupid, I don't know what to do next, please remind me."

Jackson Peitang flicked the cigarette at his fingertips, his eyes gradually condensed.

"Are you sure that Gale's side will not explode your affairs?" In fact, for Jackson Peitang, he doesn't believe that Gale's people will be so affectionate.

In order to protect Emily Gale, would you rather let Gale suffer a loss?

During this period of time, he began to let people change the equity in Kylena Gale's hands little by little, but this thing cannot be done too obvious.

In other words, it takes time.

Kylena Gale now has only twenty-five points of equity left in his hand.

There are five points that have been purchased by "retail investors", and then they fall into his hands.

The remaining twenty-five points are still working slowly.

Acting too fast, when Kylena Gale is convicted of fraud, he will also be implicated.

He has to find a way to make the market think that the buyers of Kylena Gale's equity are all global retail investors.

Kylena Gale was dismantled, not in his expectation.

Tell Zyden Gale directly that she is not Miss Gale Jiasun, but also Kylena Gale's own temporary decision.

As for deceiving the old man into the high seas, it was basically Kylena Gale's own idea. This time, it was Kylena Gale who was in charge.

This woman, who usually looks like a vase, did not expect to have so many ideas of her own.

"Five young masters, don't worry, they don't dare to mess around for the time being."

Kylena Gale also stayed in Gale's house for a while, and she knew a lot about the old man and Zyden Gale's style of doing things.

They may be successful people in the market, but they have a very big weakness, that is, they value family affection.

And she is taking care of this now.

“Especially the old man’s current situation is so critical. If something breaks out that hurt Emily Gale, Zyden Gale will not be afraid that the old man will be agitated for a while and die?” Jackson Peitang declined to comment.

Kylena Gale smiled and said, “In short, Master Five, don’t worry. You can do this in your own footsteps.

There will be no problem.”

“Okay, I will trust you once.

After it’s done, I won’t Forget your credit.”

Jackson Peitang waved his hand, Kylena Gale knew that he was chasing off guests.

make.

To her, she still wanted to treat her next person, and would never give her any affection.

When Kylena Gale came out of his room, the sweet smile at the corners of her lips disappeared for an instant.

This damn Jackson Peitang really has no respect for her at all.

Selling so many shares to him, how much did Gale’s five points give her?

Ten million!

Why doesn’t he grab it?

If she didn’t know that these shares were obtained by improper methods, and she was afraid of what will happen in the future, she would not be willing to sell him.

However, Kylena Gale felt more unwilling to think about it!

She obviously can be the richest woman in Lingzhou, why should she succumb to others?

Ten million bought her Gale's shares of five points!

Kylena Gale's heart was bleeding when she thought of this.

However, Jackson Peitang has too many evidences of her mistakes, what should I do?

Kylena Gale left the hotel and drove the car to a nearby square to stop.

She looked at her mobile phone, and there were thousands of emotions in her hand.

She is not reconciled, she is not reconciled!

Even if you want to succumb to others, that person should not be Jackson Peitang!

I don't know how long it took, her eyes suddenly condensed, as if she had made up her mind, she dialed a certain number: "Joseph..."

... Emily Gale has been quiet for the past two days.

For two days, she lived in the hospital, staying with her grandfather during the day and doing her own thing at night.

Grandpa's spirit is better, but his consciousness is still vague and he can't fully wake up.

The doctor said that this sequelae still has to be taken care of slowly in the later stage.

The old man himself is not young, and he had two strokes, if it weren't for his usual physical fitness, he might not be able to get up.

Fortunately, he can occasionally get up and walk, but he seems to be a little nervous and doesn't know what he is doing.

On the third day, a good news came from Beiling, Su Xiaomi's consciousness was completely restored.

The doctor allowed her to come out of the intensive care unit.

The first thing she came out was that Su Xiaomi wanted to call Emily Gale.

"Sure enough, it is Siniya Ye!" Emily Gale held the phone's five fingers, tightening in an instant.

It turned out to be Siniya Ye!

That bad woman, dare to do things like murder, who gave her the courage?

"Of course, I heard a big secret."

Su Xiaomi just woke up, and now, his body is still very weak.

Even through the phone, Emily Gale could feel Su Xiaomi's anxiety.

She smiled.

How warm you can get such friends in life.

"Do you want to say that it is because you accidentally heard about my life experience, that's why Siniya Ye wanted to kill you?" "Ran..."

Su Xiaomi was stunned.

What's happening here?

Why does Emily Gale know?

"Xiaomi, you are in a coma too

I have known many things for a long time.

"I'm at Gale's house now. My grandfather and my family have recognized each other.

They are very good to me, and they all recognize Kylena Gale's true face.

"As for other things, Emily Gale doesn't plan to talk too much to Su Xiaomi, who has just recovered.

She has a lot of emotion in her heart, but she can't say it.

"Xiaomi, take care of your injury, and Brother Zyden will contact you.

Then, Go and tell Siniya Ye together.

"She committed a crime, and she must not be allowed to escape."

"Su Xiaomi always feels that Emily Gale's words are a bit weird. Why did you let some brother Zyden contact her? So what about her? Does she care about it? Su Xiaomi scratched her head, wondering if it was because of her consciousness. I'm still a bit awake, many things are confused, and I can't turn my mind around? "Of course..."

"You haven't fully recovered yet, don't think about anything, first raise your body.

"There is a reassuring magic in Emily Gale's voice: "All things will end soon, and everything will have results.

Su Xiaomi still didn't understand Emily Gale's meaning, but Emily Gale seemed unwilling to tell her more.

After making an excuse, Emily Gale hung up the phone.

After that, she called another.

A number: "God, I want to ask you a favor, maybe... it will be very difficult.

Chapter 442

At night, the letter she left, Emily Gale was still at the old man's bed.

Although the old man's consciousness is not clear enough now, he seems to particularly like this girl.

Every time Emily Gale came, the old man would subconsciously eat more and was willing to be obedient, letting the nurse give him massage.

"Grandpa, are you happy now?" When there were two people left, Emily Gale gently rubbed his arm and asked softly.

The old man would naturally not answer her question, but there was a happy glow in his eyes.

Perhaps, without knowing anything, without worrying about anything, life will be better.

"If you feel happy like this now, then you continue to be so happy before your body is completely better, okay?" Emily Gale looked at the old man with a sour heart.

I want to say a lot, but I can't say a word.

Thousands of words, in the end, only the last sentence remained: "Grandpa, you must take care of yourself."

That night, the light in Emily Gale's room remained on until late at night.

The lamp didn't go out until five o'clock in the morning.

When Gale Qinglian went to see the father the next morning, she found that Emily Gale was not by the father's bed.

"What about it?" She looked at Butler Ding.

Housekeeper Ding shook his head: "Ms. RJenni hasn't come over today, maybe she's still sleeping."

"Why? She has come to see her grandpa early in the morning every day these days."

Could it be that she's not feeling well today?

Gale Qinglian was also worried that she was really tired.

She glanced at the old man who was still sleeping: "I'll go see her, don't be really tired."

After leaving the old man's ward, Gale Qinglian walked to the next ward. Knocked on Emily Gale's door.

"Of course, it's me, sister-in-law, are you still asleep?" There was no movement inside.

Gale Qinglian frowned and knocked on the door again: "RJenni?" "I'm sister-in-law, are you up? I'm going to come in."

The room was still quiet, and Emily Gale didn't react at all.

Gale Qinglian suddenly felt a little uneasy, with a bad premonition.

She pushed the door. Unexpectedly, the door was not locked at all and opened as soon as she pushed it.

The quilt inside the bed was neatly folded, as if no one was sleeping on it last night.

Emily Gale wasn't there either, even the bathroom door was open, and she was not there, what's the matter?

"Ranran?" Gale Qinglian walked in, searched the entire ward, but did not find Emily Gale.

I was about to go out to ask the nurse on duty. When I didn't want to turn around, I saw a letter on the table out of the corner of my eye.

A letter?

This year, there are still people writing letters?

Gale Qinglian walked over, picked up the letter, and wrote it to Zyden Gale.

The young people of these years, Gale Qinglian asked herself if she could not understand

.

You think they are very fashionable, and when everything is solved using the mobile phone network, they still play letters.

Gale Qinglian was a little curious, and almost couldn't help opening the letter.

But think about it, it's better not to look at the children's mind.

She put the letter down, and as soon as she went out, she saw the nurse rushing in.

"Ms. Gale, there is something wrong with the old man, please go and see him."

...

The old man in the Gale family was very excited all day, not only Gale Qinglian and Gale Qinghe passed.

Even Zyden Gale and Gale Mingyang rushed over in the first place.

The old man finally calmed down after nearly two hours of tossing around ten o'clock in the morning.

"Doctor, what's going on?" Zyden Gale wiped the sweat from his head.

I have never seen the old man's emotions so excited before, and I don't know what kind of stimulation he has been.

Zyden Gale suddenly noticed something. Looking around, his thick eyebrows frowned: "What about it?" After the old man made such a big movement, Emily Gale never came over?

what happened?

Everyone was a little rushed just now, Zyden Gale hasn't noticed this yet, and now I think about it, just now, for more than two hours, I really didn't see Emily Gale.

Gale Qinglian remembered something, and immediately said, "However, she disappeared early in the morning. When I went to find her, I found that her sheets and quilts were all neat and tidy."

She thought about it, and suddenly became a little uneasy: "Also, she... ..Leave a letter for you."

"Letter?" Zyden Gale's heart sank, anxious: "What do you mean? Where is the letter?" "In the ward where she lives."

At that time, Gale Qinglian felt nothing, Thought it was a trendy thing for children.

But thinking about it now, it's really wrong.

RJenni cares about her grandpa, how could it be possible that grandpa has been making trouble for so long, but RJenni never showed up?

Zyden Gale couldn't wait, turned around and walked quickly toward the next ward.

Emily Gale is still not there, and the letter is on the table.

Zyden Gale went over immediately, and when he opened the envelope, his fingers trembled inexplicably.

The feeling of anxiety is getting stronger and stronger, just like, there is a very bad premonition.

The envelope was opened, and inside was a piece of A4 paper in Emily Gale's handwriting.

The letter was very simple.

She just told Zyden Gale that she was a little tired and wanted to find a quiet place to live for a while.

She assured Zyden Gale that there was a friend who could beat her by her side, and he would protect her.

Finally, she said to let Zyden Gale take good care of his grandfather, don't let his grandfather read any information on the Internet, so that he can recover from his illness in the hospital.

The letter only tells Zyden Gale that the regular email sent to him on the Internet was indeed written by her.

She used her own handwriting to prove that

The truth of the message.

Zyden Gale immediately logged in to his mailbox with his mobile phone, and as expected, he received Emily Gale's email an hour ago.

It's just that at that time, he was busy taking care of the old man, and he didn't have any extra thoughts at all.

The email was very long, and most of it was about what Kylena Gale did before, including her impersonating Emily Gale and becoming the granddaughter of the old lady of the Jackson family.

Also, let Zyden Gale rest assured to sue Kylena Gale for fraud, because she doesn't care about her identity being exposed.

"Zyden, what does this mean?" Gale Qinghe didn't see the email, but he didn't know why.

There was a feeling that he had already guessed what Emily Gale was going to say.

Zyden Gale's five fingers holding the phone kept tightening, his breathing was chaotic: "That girl...that girl might..."

Suddenly there was an incoming call from the phone, Zyden Gale flicked a long finger and connected the call: "Say hurry up!" At the other end, the

assistant's voice hurriedly came: "Young Master, what's the matter? Ranran's personally recorded video has gone crazy on the Internet." "What video?" Zyden Gale has been taking care of her father for more than two hours. I don't know anything about the Internet.

The assistant took a deep breath and said, "Ms. RJenni said in person that she is the Gale family's Miss Sun. Kylena Gale is a fake! She said that Kylena Gale defrauded her grandfather Gale's equity and she wants to sue Kylena Gale for fraud!" No. 443 chapter

It is you who forced her!

Emily Gale left.

There was an uproar on the Internet, after admitting that she was Miss Gale Jiasun, she disappeared.

As for her and Zyden Gale, she didn't mention a word.

After Zyden Gale learned about this, he immediately used the best public relations team to say that the photos circulated on the Internet were fake.

However, it is not only photos, but also videos.

No matter how you wash this thing, it won't be clean at all!

As Miss Gale Jiasun, Emily Gale had an affair with the Gale family eldest master. This is simply the biggest scandal among the rich.

Just when Zyden Gale was desperate and wanted to restore Emily Gale's reputation, another video of Emily Gale came out.

It was still the video she recorded personally, saying that she liked Zyden Gale, but at that time she didn't know that she was Miss Sun of the Gale family.

But Zyden Gale didn't like her, so she could only give Zyden Gale medicine to make him make such a ridiculous time.

As for what she said, the matter was finally interrupted and did not go on. Netizens did not know whether it was true or not.

But, of course, everyone is willing to believe that she took the initiative to entice the young and old.

As a result, this matter fell to the end, and it was all Emily Gale's fault.

And Zyden Gale became an unknowing victim in this incident.

The news throughout Lingzhou has been covering this all day today.

In the world, the first wicked woman appeared.

She was not Kylena Gale who was accused of fraud, but Emily Gale who prescribed medicine to her cousin.

She has become synonymous with disgusting, mean, shameless!

Tens of thousands of netizens will send this girl into eighteen layers of hell with one sentence, and she will never be overborn.

The Gale family can finally formally sue Kylena Gale, but the price is that Emily Gale will never be able to raise her head to be a man!

But the most important thing now is, where is Emily Gale?

Hunter Jackson only learned about this at noon that day.

The video conference was being held all morning.

As soon as it was over, Aspen Li told him the matter.

Seeing the two videos left by Emily Gale on the Internet, Hunter Jackson's expression became increasingly ugly.

What on earth was this woman thinking? She ruined herself, thinking that she could save the Gale family?

What are the Gale family doing?

Where is Zyden Gale?

Actually, let a little girl carry all this?

Is he still a man?

Just looking for Zyden Gale to ask what happened, unexpectedly, Zyden Gale came to the door.

"Did you hide her?" Zyden Gale's eyes were scarlet, and he was obviously stimulated by this incident!

Hunter Jackson's face was green: "I'm just about to ask you, why should she take care of it alone? Zyden Gale, you scumbag!" Zyden Gale stared at his face as if he wanted to see something from his face.

But what he saw was Hunter Jackson

This man is really angry.

Zyden Gale clenched his fists, turned and left.

Hunter Jackson hurried after him, and a fierce fist wind hit his back.

Zyden Gale made a wrong step and turned to avoid.

Hunter Jackson was unwilling to do sneak attacks, otherwise, he wouldn't be able to dodge this punch so easily.

"Speak clearly before leaving!" Hunter Jackson waved, Aspen Li and the two bodyguards immediately blocked the door.

The people Zyden Gale had brought with him also put on a posture to fight, each protecting his young master.

Zyden Gale sneered: "You forced her to be like this, and now you pretend to care about it in front of me? Hunter Jackson, don't you think you have too many plays?" Hunter Jackson snorted coldly, acting, he never did!

"Where did you hide her? Give her out!" These two videos were enough to ruin Emily Gale's life.

How can she be a girl?

"Where do you think I can hide her? If I know where she is, why should I come to you?" Zyden Gale calmed down.

As long as the person is not here in Hunter Jackson, he doesn't need to waste time with him here.

Hunter Jackson also calmed down a little.

Zyden Gale really didn't know the whereabouts of Emily Gale. Could it be that all of this was really just the act of that girl alone?

With her character and her whole life, to give the Gale family a chance to keep the Gale family. This kind of thing really resembles her style.

But this time, things are not a joke, she alone has no ability to bear all this!

Drug, hook, is she crazy?

When I thought that Emily Gale was now a lowly person in everyone's eyes, Hunter Jackson's heart was like being pressed by something all the time.

It's too heavy, almost out of breath.

"Young Master Jackson, I believe you have nothing to do with this matter. I am looking for it now. If you have a little pity for this girl who used to be with you, then please don't stop it."

He is not afraid of Hunter Jackson, he just didn't want to waste time.

He has to leave, he wants to find Emily Gale back before the reporters and good deeds.

Otherwise, she would suffer more harm.

Zyden Gale wanted to leave. This time, Hunter Jackson did not stop him, because he also had something to do.

"Aspen Li, immediately mobilize everyone to look for, and be sure to find the ignorant woman for me!" His chest is still blocked, as if there is something, it can't be relieved.

Aspen Li immediately called down and mobilized everyone who could be mobilized.

Hunter Jackson also drove out the door himself, Aspen Li has been following him.

The person he was looking for this time was Yang Yi.

"Where is Emily Gale?" The first second he saw Yang Yi, Hunter Jackson grabbed his collar.

"Young Master Jackson, what are you going to do?" Yang still felt a little afraid of this man.

After all, the opponent can choke him to death with just one finger.

"I ask you, where is Emily Gale?" Hunter Jackson didn't want to talk nonsense with him.

Yang Yi stayed in Lingzhou and didn't go back, so Emily Gale must have something else to use him.

Now Emily Gale is gone. Who else can I look for if I don't look for him?

"I don't know.

She just asked me to use the virtual IP for her and posted two Weibos.

She didn't tell me anything else."

"You are crazy! Don't you know the content of those two Weibos?" "Hunter Jackson couldn't wait to choke this guy alive!

He actually helped Emily Gale to do such a thing!

"You ruined her life!" "No, Master Jackson. Yang Yi's neckline was pulled tight by him, almost breathless. However, the expression in his eyes when he looked at Hunter Jackson was extremely firm."

Young Master Jackson, it is not me who ruined RJenni's life, but all of you.

"Yang Yi smiled, smiling a little bit coldly, and also a little bit miserable. Emily Gale is here now, doesn't he feel bad? Doesn't he know how to pity? But, what can he do? With Emily Gale's character, he has this matter. If she doesn't help, she will only do it in a more extreme way.

At least, now, he knows that it is safe, it is enough. He looked at Lu Joseph, although he knew that he shouldn't be in such an angry situation at the other party, but Provoked him. But, he was just not angry! "Sao Jackson, if something happened today, or even died, then you are one of the murderers who forced her to death!

Chapter 444

Why should he care?

If something happens to Emily Gale, he... is also the murderer who killed her... Hunter Jackson's fingers were constantly tightening.

He never thought that he would force her to this point!

But he didn't know what he cared about.

Emily Gale is dead or alive, what does it have to do with him?

A woman he didn't want.

What does he care about?

But damn it, he just cares!

"Don't tell me where she is, believe it or not, I killed you?" He squinted his eyes, and the murderous look suddenly appeared.

Yang Yi believes that this man, is there anything he can't do?

But what about believing?

He sneered: "Young Master Jackson, you are peaceful, and it can be regarded as getting along for a while. Do you think she will leave anyone behind if she

wants to do something like this?" Hunter Jackson's hands tightened, and Yang Yi suddenly Feeling of difficulty breathing.

But he still smiled coldly: "Oh, Young Master Jackson, you have always been like this, always so conceited, if you are so powerful, why bother to ask others."

"I didn't beg you!" He is now commanding him!

"Say!" "I don't know."

With a thud, Yang Yi was thrown out by him, hit the wall hard, and then fell heavily.

A trace of blood leaked from the corner of his lips, and before he could take a breath, Hunter Jackson's foot fell heavily on his chest.

Yang Yi's breathing was stagnant, his blood surged, and he almost vomited blood when he stepped on it.

"It's useless if you kill me. I don't know where she is.

She won't leave you a chance to torture me at all!" Hunter Jackson's feet pressed down a bit.

But in fact, he knew very well in his heart that if Emily Gale really wanted to go to a place no one could find, how could she tell Yang Yi where she was going?

Tell him, she will definitely hurt him, she knows it!

Hunter Jackson just couldn't find a way to vent, he couldn't find Emily Gale, he...uneasy!

"It may not be a good thing for her to hide.

She ruined everything Kylene Gale and the forces behind them wanted, and those people will definitely not let her go.”

The man’s anger gradually subsided.

The foot that stepped on Yang Yi’s chest was also retracted.

Hunter Jackson stared at Yang Yi condescendingly, and his words were much gentler than before.

“If you don’t want her to be in an accident, let me know as soon as there is news about her.”

He turned and left, Aspen Li behind him, wrote the phone numbers of the two people to Yang Yi.

Seeing the blood on the face of this young man with red lips and white teeth, Aspen Li couldn’t bear it.

This kind of person who has no power to bind the chicken, the young master has never been willing to do it, and today is an exception.

In fact, as long as Emily Gale is involved in everything, there will be many exceptions to the behavior of the young master, but until now, the young master can’t see it clearly.

“Of course Miss Ran will really have

Danger, there is news about her, please tell us, at least, the young master will not hurt her!

Yang Yi glared at Aspen Li. He wanted to say that the person who hurt her the most was Hunter Jackson. However, seeing Hunter Jackson’s softened attitude just now, he couldn’t say this again. Hunter Jackson It’s not indifferent.

As a man, he can feel Hunter Jackson's care for Emily Gale. But since he cares so much, why have to do something that makes her sad? "Your eldest master is so capable, go by yourself. Check it out.

Yang Yi raised his hand and wiped the blood from the corner of his mouth. Aspen Li had no choice but to put the paper with the two phone numbers on Yang Yi's desk.

After that, he walked out quickly, chasing admiration. Going north. Yang Yi clutched his chest and walked to the table, enduring the pain in his chest, and picked up the paper. If there is news about Emily Gale, do you really want to tell Hunter Jackson? He really hates the man a little bit Domineering, but, really worried about Emily Gale's safety. If he guessed right, God You can't contact at all now, he must have left with Emily Gale. With God You by Emily Gale's side, Emily Gale will be safe, right? God loves her so much, even if you don't want your own life, you will definitely protect her. But, where are they now after such a terrible thing has happened? "Ahem.

"Yang Yi coughed lightly, and all he coughed up was bloodshot. He rolled the paper together and threw it aside. Hunter Jackson's bastard, his feet were so heavy, it hurt him to death! ... Emily Gale is missing. Three days. On the first day, Hunter Jackson just asked people to find it, and he went out to find it.

After that, he seemed a little disgusted with his out-of-control emotions, so he forced himself to return to the hotel and continue to do things. However, the people who were sent out to look for have never stopped.

The next day, there was still no news of Emily Gale. Hunter Jackson became restless, anxious, irritable, and did not go well with anything, even during meetings.

Able to distract. On the third day, there was still no news from Emily Gale. He rarely choked while eating. He was so scalded when he drank coffee. Even drinking water was choked. Not to mention, he was in a video conference. Suddenly, his fingers flicked and the meeting was closed. This is the first

ridiculous thing that happened to him since he worked! He had never tried this before. Young Master Jackson was really panicked. He couldn't eat anymore, and I felt that He doesn't sleep well, and he feels as if he has lost his soul. Meetings are not open, work calls are not answered, and he is always looking outside day and night. But he is so contradictory. He insists that he doesn't care about that woman at all. , The woman who betrayed him with other men. But what she did was clearly beaten

Own face.

Young Master Jackson is going crazy!

He was tortured by his own emotions and reason, almost collapsed!

Why should he care about a woman who has hurt and betrayed herself?

On the fourth day, he calmed down instead.

At least, on the surface, calm down.

Because he found that there was another person missing with Emily Gale, Jackson Tianyou.

Oh, this woman, there will never be a lack of men by her side!

What does he care about?

"Young Master, Miss Gale is here."

Aspen Li knocked on the door.

Hunter Jackson stood up abruptly: "She's back?" Aspen Li didn't want to expose him, saying that he didn't care. In fact, he cared to death.

"It's Miss Kylena Gale."

The warmth under Hunter Jackson's eyes suddenly became colder than the glacier.

"What is she here for?" Zyden Gale is now suing Kylena Gale for fraud on behalf of the Gale family. During this time, Kylena Gale had a very difficult life.

What else can you do besides begging him?

"Let her go!" Hunter Jackson didn't have the least thought to deal with the woman.

"Joseph, I have something to tell you."

Kylena Gale, who was stopped by the bodyguard, had heard his voice on the promenade.

She looked anxious, for fear that they would really drive her away.

Hunter Jackson is now her only hope.

"Joseph, Zhan... Young Master Jackson, listen to me, the old lady... the old lady of the Jackson family, there are other secrets, you let me in, okay?"

Chapter 445

That woman, I'm not looking for grandma!

Having already returned to the sofa, Hunter Jackson, who was about to sit down, stared at the direction of the door.

Aspen Li just hesitated and waved his hand.

The two bodyguards who stopped Kylena Gale stepped back and gave way.

"I don't have time to listen to your nonsense."

Hunter Jackson looked a little irritable now, and his breath was very uncomfortable.

Not to mention, want to get closer.

Kylena Gale originally wanted to try to see if she could do her last bit of abilities to make him change his mind.

But now that she entered the door, she knew that she really had no hope at all.

Kylena Gale didn't dare to say anything irrelevant, causing him to hate herself, and Kylena Gale was straightforward.

"Young Master Jackson, I have 25 points of Gale's shares in my hand. I want to make a deal with you."

"You got these shares illegally.

They will be taken back soon. Why do you make a deal with me?" Hunter Jackson really became impatient, lit a cigarette with a snap, and looked at the wrist watch.

"I can move these shares now, but I know that I won't be able to move them soon."

Kylena Gale knew that she didn't have much time. Now she just wanted to get a sum of money quickly, and then went away.

"Young Master Jackson, if you trade with me, I... I will sell it to you at a low price."

Seeing Hunter Jackson did not speak, she did not want to waste time, and immediately said: "Billion!" "I know you have a way to deal with it. For these

things, you can sell these shares in the shortest time. One billion, I don't want much."

"Jackson Peitang wants your five points of shares, but only gives you ten million, twenty A little bit, you want me a billion?" Hunter Jackson hummed coldly, seemingly not interested in her words.

Kylena Gale was taken aback for a moment, completely panicked with fright.

He actually... knows everything!

"I won't want your shares.

It belongs to the Gale family."

"But aren't you going to deal with the Gale family? Young Master Jackson, why did you change your mind? It's because of Emily Gale's problem?" In fact, Kylena Gale did not I don't know what kind of hatred there is between Hunter Jackson and Gale's family.

But she knew in her heart that they did have hatred, she was 100% sure!

"Did you give up so soon? You really can let go of everything in the past?" Hunter Jackson's eyes sank in an instant.

The fingers holding the cigarette tightened subconsciously.

he!

Can't let it go!

It's just that something happened to Emily Gale these days, and he hasn't been found back until now. He seems to be panicked, even losing his sanity.

He wants revenge!

How can this hatred be easily given up?

Now that Emily Gale has stepped forward, the Gale family can directly sue Kylena Gale, and their Gale family's difficulties can be solved at least halfway.

The other half is the contract with Jackson Shi.

When the project continues, Gale must

If they want blood loss, if they don't execute it, they will also pay high liquidated damages, which is still a heavy blow.

If there is still something wrong with Gale's shares at this time, then this blow will be enough to make the Gale family never stand up.

Kylena Gale knew that her words had evoked the deepest resentment in his heart.

She bit her lower lip, as if she had made her greatest determination, and said in a deep voice, "I only need one hundred million!" One hundred million, let her go far and high, hide, at least can be extravagant for a long time.

Otherwise, she might really not be able to leave.

It's useless to find anyone now, Jackson Peitang's useless things, there is no way to digest her shares in such a short time.

In the whole world, I am afraid that only Hunter Jackson has this ability.

"Young Master Jackson, I am not greedy. I just want to make my second half of my life better, I..."

"Why should I make your second half of my life better?" But Hunter Jackson suddenly looked back and stared at her. face.

The indifferent eyes looked calm, but in fact, the stormy sea made people fearful and uneasy.

"Zyden Gale and Emily Gale were drugged, and they were also filmed. Did you arrange it?" "I..."

Kylena Gale panicked. Unexpectedly, at this time, Hunter Jackson was still thinking about that b*tch. !

"They...their medicine was not given by me. Really, it was Gale Qinglian."

Although being stared at by Hunter Jackson, there was indeed a feeling of cold from head to toe, but she was telling the truth.

"I made the video, but... but the person who prescribed the medicine is indeed Gale Qinglian."

Hunter Jackson was walking towards her.

Unlike before, she didn't feel that she was close to him at all, so she had the opportunity to hook him.

She had already seen through all this.

In Hunter Jackson's eyes, she was nothing at all.

The previous ones were good, they were all acting for the Gale family!

"Young Master Jackson, I... I don't understand... Why do you still care about Emily Gale, you and the Gale family have a grudge, Emily Gale is the granddaughter of the Gale family's grandfather!" Hunter Jackson's footsteps suddenly stopped.

Kylena Gale's breathing is chaotic. When he looks at you with a calm and unwavering look, you can really feel the breath of death.

"Young Master Jackson..."

"Gale's shares, I won't touch them, roll away!" Hunter Jackson turned around abruptly, walked to the floor-to-ceiling window, looked at the dizzy sky outside.

He was anxious for three days, but only after three days did he remember that the woman who made him anxious was the granddaughter of his enemy!

What does he care about?

Grandma died so miserably, did he forget it?

Kylena Gale was really desperate.

However, looking at his cold back, Kylena Gale could not do anything.

He said if you don't touch it, you won't touch it. Hunter Jackson's decision

Set, never anyone can easily change.

At least...at least she has ten million.

Thinking about this, Kylena Gale didn't dare to stay anymore, turned and left.

But just when I walked to the door, I remembered something again. Looking back at his cold but still charming figure, she squeezed her palm.

She is not reconciled, she is really not reconciled!

Why can't this man, the man that women all over the world want belong to her?

Even if it doesn't belong to her, it shouldn't belong to that b*tch Emily Gale!

"Young Master Jackson, don't forget, Emily Gale is your enemy's relative. You are still looking for her everywhere.

Are you worthy of the person who was killed by their Gale family?" "Get out!" Kylena Gale really got out because she knew. If he doesn't get out, Hunter Jackson will definitely use his methods to make her regret it.

She couldn't stay in Lingzhou this place.

If you don't leave, maybe the next half of your life can only be spent in prison.

"Young Master..."

Aspen Li walked behind Hunter Jackson after Kylena Gale left.

I want to persuade the young master not to be influenced by Kylena Gale's words, but it seems that this influence already exists.

"Young Master, Gale's matter..."

"What Jackson Peitang wants to do is his business."

So this means that if Gale's loss is heavy, he will never care.

"Master, this kind of thing, even if it is beneficial to us in the end, it is not good for our reputation in the market."

When doing business, integrity is very important, especially for large enterprises like them. .

Knowing it is a pit, even let the other party jump in. Once this kind of thing is done, it will be profitable and the reputation will be bad.

In particular, the Gale family in Lingzhou, in the hearts of most business people, is a very decent existence.

In order to make a small profit, the fifth young master made such a thing, and in the long run, it would not be good for the Jackson family.

Master, do you really care?

"Since I didn't intervene in the matter from the beginning, I won't pay attention to it in the future."

Hunter Jackson's voice fell completely.

Looking back, he looked at Aspen Li, that Hunter Jackson, who was so cold that no one dared to approach him, was back again.

"Get back all the brothers who were sent out, that woman, I won't find it anymore."

Chapter 446

She was pregnant and Kylenea Gale ran away.

In fact, as expected.

However, someone doesn't want to find it anymore.

"I just want to get Ranran back."

The Gale family's old man sat on the hospital bed, completely desperate.

That day, his condition was repeated, his mood fluctuated, and he tossed for a long time.

Unexpectedly, it was a blessing in disguise, and when he woke up the next day, he became sober.

However, his was gone.

People can't hide things on the Internet even if they want to hide it.

The old man is anxious, heartache, anxious like an ant on a hot pot.

Basically all those who could be sent out were sent out, and even Zyden Gale and Gale Mingyang had to find them in person.

If it weren't for the fact that Gale's family was so desperate to find Emily Gale and ignored Kylena Gale, how could Kylena Gale have a chance to escape?

As Kylena Gale said, the most important thing in the Gale family is feelings.

Therefore, it doesn't matter if Kylena Gale is gone, no one cares at all. Everyone cares about Jenni.

"Brother, from Hunter Jackson, all the people sent out have come back."

Gale Mingyang received the news and told Zyden Gale the first time.

Zyden Gale snorted coldly, disapproving: "The bastard, of course, doesn't care at all. He doesn't look for it if he doesn't look for it. We have so many people in the Gale family, and I'm afraid that I can't find it?"

I thought that he still cares a little bit about Emily Gale, but he didn't expect it, but it was only three days old!

The man, who cares most, is always himself.

"Big brother, what about the contract between Gale and Jackson?" The contract was not signed by Kylena Gale at all, but the major shareholder of their Gale family, their second uncle!

Kylena Gale's fox even blocked them with this hind leg.

The second uncle is also a member of the Gale family and a shareholder of the Gale family. In this matter, he did not make any mistakes.

Therefore, this contract is still valid even if something happens to Kylenea Gale!

“Brother, this time, we are really going to be killed by that woman and Jackson Peitang!” The compensation was 30 billion for no reason.

At this time, it was a fatal blow to Gale.

If Gale wants to compensate the 30 billion yuan, he must sell his shares, otherwise he will not be able to collect enough money.

But as a result, stock investors panic, and they are bound to sell Gale’s stock.

When stockholders sell, the price of the stock will be lowered, and if they want to sell, they have to demand more... In short, a vicious circle, a bad one, will put the Gale family in an impossible situation.

“Even if I sell my group, it will only be worth more than 2 billion yuan.

It is a drop in the bucket, and it can’t close this gap.”

Although Gale Mingyang did a good job outside, he compared with the huge Gale family, his group, It’s just a small company.

“Brother, what should I do now?”

“There is no way. You can’t do the two projects in accordance with the contract.

It will hurt the people and money. In the end, it will also hurt the foundation of the Gale family.”

Therefore, the only way is to pool money.

"But where are we going to collect money? Even if we sell all of our real estate, it won't be able to fill it? Is it necessary to sell the old house?" Gale Mingyang thought for a while, or shook his head: "Even if the old house is sold, Not worth a few dollars."

For the huge sum of 30 billion, the billions of old houses are still not enough.

"Don't let Grandpa know about this matter..."

"You plan to hide everything from me. You are really my good grandson."

Not far behind, Grandpa Gale sat in a wheelchair and stared at them.

Zyden Gale's heart sank and he walked quickly over: "Grandpa, it's okay, don't think too much."

I was too involved in thinking about things just now, and I didn't even hear the sound of anyone approaching.

Gale Mingyang also came over, squeezing out a smile: "Grandpa, what are you talking about, how can we hide from you?" Old man Gale waved his hand, he didn't want to listen to these facial remarks.

Looking at Zyden Gale, he suddenly said: "I have something to ask you."

Zyden Gale and Gale Mingyang looked at each other, Gale Mingyang wanted to say something, but Zyden Gale shook his head.

After that, Zyden Gale walked behind the old man, pushed the wheelchair, and walked into the elevator.

They went to the lower garden, although it was not very quiet, but it was a place with unique scenery.

There are many people walking around, some are patients, some are doctors and nurses, and family members accompanying the patients.

"If Ranran is still here, she will definitely push me down every day to bask in the sun."

The old man looked at the blue sky in the distance and felt heavy when he thought of Emily Gale.

"Grandpa, don't worry, but I will definitely come back. I will find her back."

Zyden Gale wanted to comfort him, but the old man didn't need his comfort at all.

The old man shook his head and sighed.

"Of course she won't come back.

She has a knot in her heart and she can't open it."

He watched the two videos, and he was completely desperate for the world. How could she come back.

"You said," the old man thought for a while, suddenly covering the place where his heart was, with a pained expression on his face.

"Grandpa, what's the matter with you?" Zyden Gale was startled.

The most feared thing was grandpa's heart attack.

"Grandpa, does the heart start to feel uncomfortable again? I will push you back to see the doctor."

"No..."

The old man still held his heart firmly, the pain in his eyes couldn't hide.

"I know that Ranran is really desperate. What I am most worried about now is whether she will...will she give up even herself."

"No!" Zyden Gale's answer was categorical.

"she was....."

The old man raised his head and looked at him: "Do you...know where she is?"
"I don't know, but I know, of course I will never do stupid things, definitely not, you believe me."

The old man believed him, as he did. What Zyden has said about Zyden Gale for many years is really not a comfort to him.

But why is he so sure?

"She is like this, can she still live?" A girl, who can never raise her head to be a human, really has the courage to live?

"No matter what, she will definitely live, and she will definitely not let herself be involved!" Zyden Gale is at least certain of this.

But Mr. Gale didn't have much confidence in his words.

He still covered his chest, and his breathing gradually became difficult.

"I don't know, I'm really scared..."

"Grandpa, don't be afraid, she..."

She still has the motivation to live, she won't do stupid things, really!" "Zyden, you have something to hide Follow me."

The old man is also considered a good individual. When I look at Zyden Gale's appearance, I know that things are definitely not as simple as it seems.

Zyden Gale moved his lips, what he wanted to say, but he didn't know whether to say it or not.

"Zyden, if you don't tell Grandpa, Grandpa's heart hurts."

The old man had another pain on his face, but this time, it was obviously pretending.

Zyden Gale naturally knew.

However, whether grandpa is acting or not, Zyden Gale also knows that if he is not comforted, he will really feel uneasy.

He let out a sigh of relief, there was something, really helpless.

"Of course..."

She is pregnant."

Chapter 447

We, originally our childhood sweetheart, Mr. Gale waited in the cold wind for a long time.

Steward Ding checked the time again, and it was three hours.

He was a little anxious: "Old man, let's not wait, go back, you said, the Gale family is gone, it is gone, the family is the most important thing."

So, what do you want to do here? ?

They go back and continue to look for Emily Gale.

It's really impossible to leave the Gale's affairs to young people.

Elder Gale shook his head, still looking at the door of the hotel.

"Go and talk to them again, just say, I have something very important, and I have to talk to Young Master Jackson."

"Old man, don't ask for that bastard thing!" Steward Ding really couldn't stand it, about Joseph. He also knows something about Bei and Emily Gale.

But now it seems that Hunter Jackson really doesn't care about Emily Gale. What is the old man asking him?

If it is for the Gale family, there is no need to come.

The old man has been proud of his life, and it is too uncomfortable to come here to beg for help when he is old!

"Old Ding, why are you as self-willed as a child?" Old man Gale looked back at him and frowned: "Quickly, go and tell them. I really have important things. I want to find Young Master Jackson."

Ding The housekeeper was helpless and was about to go in and ask again. Unexpectedly, the elevator ding in the lobby opened the door.

A few figures stepped out from inside, the most outstanding one, isn't it Joseph?

"Old Ding, quickly, push me over."

The old man said immediately.

"Uh...good."

Steward Ding was taken aback, and then he realized that he immediately pushed the old man over.

"Master Jackson, I have something to say to you, ten minutes, can it take you ten minutes?" Old man Gale was very active this time, completely different from last time.

He has no choice now, and if it weren't for this, he probably wouldn't be like this.

After all, for Gale's words, it really wasn't worth his low voice.

Hunter Jackson looked at him, his thin lips curled up: "Old man Gale, it's unfortunate, I have something to do, I have to go."

"It's really only ten minutes, no, five minutes will be fine."

The old man knew he hated. For myself, if this matter weren't for Emily Gale's sake, I'm afraid he wouldn't be able to say it out in this life and in his lifetime.

However, Emily Gale is the most important thing to him now.

The past, perhaps, should also be over.

That matter was held in my heart for too long. In fact, I still feel bored when I think about it now and then.

"Young Master Jackson, I really only need you for five minutes.

After speaking, if you don't change your mind, my old man will never bother you again."

Unfortunately, Hunter Jackson didn't want to hear even a word: "If it's for Gale, sorry, I'm not free."

He

Going past Mr. Gale, he was about to leave.

“For Ranran!” Behind him, Old Man Gale turned his wheelchair and stared at his visibly stunned figure.

This stinky boy, at least, is not at all affectionate to their family.

“I know where Ranran is, do you want to listen to it?” “Emily Gale’s matter has nothing to do with me.”

Hunter Jackson seemed a little resisted, his feet were raised and he wanted to leave.

But when the old man was desperate, he suddenly turned around and looked at him: “Five minutes.”

Five minutes, it took a minute to return from the lobby to the hotel room in Hunter Jackson.

The old man asked Steward Ding to wait outside, and Hunter Jackson waved his hand, and Aspen Li also retreated.

There were only two of them left in the whole room.

“Where is Emily Gale?” Hunter Jackson’s expression was bad, and he had no patience with the Gale family.

Although he has never been enthusiastic about his elders, at least he will be polite.

But to Master Gale, there is no need for a trace of courtesy.

This old man killed his grandma back then!

"I don't know."

Old man Gale didn't want to lie to him.

As soon as these words were spoken, Hunter Jackson's face instantly sank, and he said angrily: "How dare you deceive me!" "Young Master Jackson, I came today to tell you the truth of the year."

"The truth, I can do it myself. Check it out, it's not your turn!" He really kept people checking this matter.

As long as evidence is found, the old man will be charged with kidnapping and murder.

As for the so-called truth, from the mouth of a murderer, what truth do you expect to hear?

He would not believe a word.

"I didn't kill your grandma, nor did I participate in the kidnapping. Even your grandma and I are very good friends."

The old man sighed slightly. I really don't want to mention these old things.

But now, it won't work if you don't mention it.

"Young Master Jackson, your grandma did come to me back then..."

"It was not my grandma who came to see you, but you kidnapped my grandma!" Hunter Jackson has already determined this!

The old man sighed again: "Things are really not what you think.

The reason why I have been reluctant to talk about the things back then is because...for your grandma."

"Fart!" "Major Jackson, I will give it to you."

Look at a letter."

Elder Gale couldn't continue talking to him, so he could only take out the letter that had been cherished for decades from his arms.

"You may not recognize your grandma's handwriting, but your grandfather will definitely recognize it."

Although this letter is well preserved, it looks a bit old.

Hunter Jackson stared at the envelope. He might really not be able to identify the handwriting of his grandma, but the handwriting was indeed similar.

Some of my grandma's handwriting is still in Master Jackson's family

Hunter Jackson had seen her handwriting in Zi's study.

He finally took the letter and took out the letter paper inside.

At a glance, his face suddenly sank.

"Old man Gale, you killed my grandma, and you still slander her!" This letter is a letter from a woman to a man, a letter of confession.

The letter said that it was painful for a woman to marry the man she didn't love.

She also knew that it was her husband who designed it to make her misunderstand the man.

So, she got married in a rage, but now, she found out the truth, knowing that the man did not lie to her, she regretted it.

She wants to go back to the man, and she wants to fly away from him.

The affection in the letter is full of women's longing for men and repentance of those misunderstandings.

And, she desperately wants to run away with a man.

"You don't need to lie to me with a forged letter. Do you think I will believe your lie?" "If you don't believe me, just ask your grandfather, did you frame me back then and make me bear the charge of betrayal? As for your grandma, she and I were childhood sweethearts, and we have both privately decided for life."

Speaking of the past, the old man's heart is still a little heavy.

"Back then, I needed to go out to sea. We agreed. When I come back, we will get married. But who knows, when I come back, your grandma has already married your grandfather."

Chapter 448

"Later I learned that it was your grandpa who lied to your grandma and falsely accused me of someone outside, and your grandma was a stupid girl back then, she actually believed it."

Decades have passed, but now, In the old man's heart, love, love, has long since disappeared.

It's just that when I talk about it now, it's still a bit trance, the pain at the beginning will still faintly surging in the chest.

His voice also became a bit distant, as if he had returned to that year.

"I wanted to go to your grandma to explain, but when I found your grandma, I knew that she was pregnant."

"I can't help your grandma bear those injuries.

She is not in good health. If I get stimulated, I I'm afraid she won't be able to stand it."

"So, I can only eat huanglian as a dumb, and I will treat my betrayal and sorry for your grandma, and let your grandma raise the baby with peace of mind, and be with your grandpa at ease. same.

At that time, as long as a woman is married,

Don't care, it won't be so difficult.

"Later, I learned that your grandpa lied to your grandma and framed me that someone was outside, and your grandma was a very stupid girl back then, she actually believed it."

The past, in fact, in the old man's heart, the love and love have long since disappeared.

It's just that when I talk about it now, it's still a bit trance, the pain at the beginning will still faintly surging in the chest.

His voice also became a bit distant, as if he had returned to that year.

"I wanted to go to your grandma to explain, but when I found your grandma, I knew that she was pregnant."

"I can't help your grandma bear those injuries.

She is not in good health. If I get stimulated, I I'm afraid she won't be able to stand it."

"So, I can only eat huanglian as a dumb, and I will treat my betrayal and sorry for your grandma, and let your grandma raise the baby with peace of mind, and be with your grandpa at ease. same.

At that time, as long as a woman is married,

Can't remarry easily.

Remarrying, for a woman, can ruin her life's reputation.

He thought it was good for him to bear the pain.

A few years later, he also married and gave birth to a child.

"As time passed, everything seemed to disappear. But I didn't expect that one day, I would receive your grandma's letter."

Old man Gale looked at Hunter Jackson, and he knew that he wanted this child to accept this all at once.

It's really not easy.

However, all he said were facts.

"When I received this letter, I already had a family and had several children. I couldn't put down my wife and children and just go with your grandmother."

"So, I just keep this letter. , Did not pay attention, but I did not expect that your grandma would come to see me personally."

"You see the picture of me and your grandma, I don't know who happened to take it, but at that time, I was I want to send your grandma back, instead of kidnapping her as you said."

Hunter Jackson didn't speak, I don't know how much he listened to. In short, that unparalleled face was very ugly.

The chill in him is also very scary!

Even people like Old Man Gale who have been accustomed to seeing all kinds of scenes and have seen countless characters, some dare not look directly at his icy eyes.

"Young Master Jackson, this is the truth of the matter. I feel guilty for your grandma, but I really didn't harm her.

After I sent her to the station, we separated."

"Unexpectedly, it didn't take long. Just..."

The old man's voice was a little hoarse, listen carefully, and you can still hear a trace of choking.

But all this, in Hunter Jackson's eyes, couldn't make any ripples in his eyes.

"You came to me to say this, just to let me let Gale family go?" He snorted coldly.

This young man is really stubborn.

It is not easy to change his mind.

In fact, the old man still doesn't know if he came to him, whether it was right or wrong.

Does he really care?

However, Ranran is pregnant with his child...

"Young Master Jackson, believe it or not, this matter has nothing to do with Ranran. If you still have a trace of affection for Ranran, please..."

"How much do you have for my grandmother? Love, as much as I have for your granddaughter."

Hunter Jackson sneered, sitting on the sofa, squinting at him.

"Regardless of whether what you said is true or false, you are sorry to my grandma. If it is true, my grandma has come all the way to find you, then treat her with this attitude? You hurt her so badly!" Grandpa Gale did not speaking, he was indeed sorry to his grandma, but he had no choice at the beginning.

He can't leave his wife and children alone, this is the greatest responsibility of a man's life.

"You go.

Anything you say to me today will not change my present

Thoughts.

Hunter Jackson no longer looked at him, but said toward the door: "Aspen Li.

"Aspen Li pushed the door immediately, and Steward Ding followed him behind him, and walked in front of the old man after entering the door: "Old man..."

"Go back and let him think about it."

"Steward Ding nodded, walked behind him, and pushed him out of the door. When he was about to go out, he heard Hunter Jackson coldly saying: "I will still investigate. If I find out, you It is related to my grandma's death, I will definitely not let you care for your family.

"Steward Ding stopped.

There was no attitude expression on Old Man Gale's face, and his words were indifferent.

"You can check, I have a clear conscience."

Steward Ding hummed and pushed him out the door. Outside the door, a vague complaint from Steward D could be heard: "I said, that bastard has no human touch at all. What use is it for you to ask him?"

Our family is natural, such a man is not rare.

"The old man interrupted him full of thoughts: "Stop talking.

The two finally walked away. Aspen Li looked at Hunter Jackson, not knowing what the situation is now: "Master, then... are you still going out?"

"Today, there are still many things to do.

The young master has made an appointment and is going to see a few construction sites. But now it seems that the young master...has no intention of going out? As his assistant, Aspen Li naturally wants to remind: "Master, it's late.

"But Hunter Jackson didn't even react at all. He stared at the letter in his hand with indifferent eyes. Aspen Li was a little curious and wanted to see what was written in the letter. But Hunter Jackson's face sank, no Yue said: "Look again, I dug your eyes!

Aspen Li hurriedly don't come over, half-eye daring not to look again! "I promise, I didn't see a word!"

"Hunter Jackson didn't bother to care about him. So many things gathered in his heart, and all of a sudden, he completely broke his long persistence. He couldn't accept it. But even if he didn't want to accept it, there seemed to be a voice in his heart that kept telling him, This letter is true. Grandma really married grandpa because she was deceived? Maybe this is not important anymore. What is important is that her death really has nothing to do with the Gale family? Then he always believed that Emily Gale is the granddaughter of his enemy. Is this identification wrong? Hunter Jackson suddenly felt very upset, unspeakably upset. He stood up, walked to the wine cabinet, and opened one of the bottles with a snap. He wanted to pour himself a glass. But when he picked up the wine bottle, he suddenly disliked the cup. He raised his hand, and even poured it into the bottle mouth! Aspen Li knew he was in a bad mood, but, young master It's just this temper that he doesn't say anything. He wants to be comforted, and he can't comfort him. What's more, the young master doesn't need the comfort of others at all.

A bottle of wine was just like this.

Filled it in one breath.

With a wave of his hand, with a bang, the wine bottle fell to the ground and broke.

Aspen Li was uneasy.

But I heard Hunter Jackson suddenly sneered and said: "What if it is? A woman who betrayed me."

The young master was thinking about Emily Gale again. If he could really be so ruthless, he wouldn't be so cruel these days.

It was so difficult.

I was about to say something, but outside, there was a knock on the door.

Aspen Li went out and opened the door.

"San Young Master."

Looking at the people around him, Aspen Li was a little surprised, "Second Young Master Jiang?"

Chapter 449

Pain may not be a good thing.

"Big Brother."

Ross walked into the room, Jiang Nan followed behind him, without speaking.

Hunter Jackson looked back at the two of them, and finally fell on Jiang Nan.

"You don't need to look at me like that, I am as irritable as you now."

Jiang Nan walked in and sat down on the sofa.

Obviously, there is a feeling of exhaustion, which is not a joke at all.

"Are those sent out from the Second Young Master Jiang?" Aspen Li poured a cup of tea to the two.

Jiang Nan snorted, disapproving: "If someone is unwilling to find someone, I can only go out in person. I'm afraid that something really happened to Emily Gale, and someone will hate herself in the future."

"For your friendship with her, you go find it. People, don't need so many reasons."

Hunter Jackson is now in a time of upset and irritability, Jiang Nan directly slams into the mouth, he can resist not doing it, it is already very remarkable.

Ross heard the strong smell of gunpowder on both sides, and there were some things that could not be said.

"Brother, you have misunderstood Jiang Nan and Emily Gale."

He pursed his lower lip and squeezed his palms: "I'm sorry, everything is my fault."

... Ross originally thought that as long as Emily Gale left his brother, he Big brother can live well.

There will be no one who can threaten him, and there will be no one who can become his fatal weakness.

But he overlooked one point, the eldest brother may be safe, but he is very unhappy.

In the past few months, he has not seen his elder brother really smile.

On the contrary, he was colder than before, and it was harder to get close.

Even these people, the eldest brother is no longer willing to touch each other.

In his heart, everyone was shielded, and none of them wanted to believe it.

Such a big brother, living like a walking dead.

On the surface, the scenery is infinite, but when the night is quiet, only he knows how his life is going.

He really didn't want to see Big Brother and continue to live without soul like this.

"I'm sorry."

Back on the island, it was Ross who begged Emily Gale to let her leave her eldest brother.

Because his eldest brother almost died several times for this woman.

He had no choice but to do it.

But he never expected that his actions would cause Emily Gale to miscarry and make her so miserable!

"When she went back, there was blood on her legs.

The doctor said that the child could not be kept, and she almost couldn't live on her own!" Jiang Nan's chest was stuffy, and his heart felt like a thousand hearts when he thought of Emily Gale's despair at the time.

The blade is slaughtering!

"Aspen Li, get some wine here."

What kind of tea?

This tea, the more you drink, the more bitter it gets!

Aspen Li was also a little lost, walking dumbly to the wine cabinet and fetching him a bottle of red wine.

There are thousands of possibilities that I thought about, but I didn't expect this thing

, It is related to the Third Young Master!

Hunter Jackson's face...No, the young master now has no expression on his face at all.

Ross thought he would be angry and irritable, and even acted directly at him.

But, no, Hunter Jackson did nothing.

Just looking at the glass in my hand, the full glass of wine, I haven't tasted a bite.

Jiang Nan, who doesn't usually drink much, dries the bottle of red wine in one breath.

After that, he leaned on the sofa, looked at the ceiling, and laughed.

Laughing, a little bleak.

"I said I really fell in love with her, do you believe it? But I have never touched her once."

Hunter Jackson held the cup's fingers and gradually tightened.

Jiang Nan closed his eyes, and his mind was full of that slender figure.

She is so helpless, so pitiful, yet so lovely!

"Do you know how much she likes children? She is such a kind girl, she dare not even hurt a small animal, she dare to destroy her own child?" Hunter Jackson, are you stupid or stupid, since I like a woman so much, why, you can't even understand everything about this woman?

"The child is gone, she is heartbroken, she hates herself to death and didn't keep the child.

At that time, I didn't even see any vitality in her eyes."

"I thought, that will be the case in the future, since she doesn't want to drag you down. , Then, I will take care of this poor girl in the future."

"But she can't accept me, all she wants in her heart is you Hunter Jackson!"
With a snap, Hunter Jackson's cup in his hand, He was crushed to pieces abruptly.

"Shut up!" His voice was cold, merciless, even cruel!

"Do you think I would believe it?" "Big brother..."

"I don't believe a word!" He walked to the door, with a thump, knocked down the heavy door and left.

Aspen Li wanted to chase it out, Jiang Nan said lightly: "Give him some time to confess."

"This..."

"He is not a fragile woman. What are you worried about him for? How do you look down on your young master?" Jiang Nan's words are almost roaring.

This second young master Jiang, who is usually gentle and elegant, was so terrible when he became fierce.

Ross looked at the knocked-down door, feeling in every way.

Jiang Nan walked to the wine cabinet and took another bottle by himself.

"He actually understands everything, but he just hates himself."

So, chasing it out doesn't make any sense, chasing it out will only make him more irritable.

"Second Young Master Jiang, do you have any news about the person you sent out?" In fact, during this period, Aspen Li himself sent someone to find him, but it was not as large as before.

"No, this time, this girl is determined to hide and find her
, I am afraid it is not easy.

"In fact, everyone knows that Emily Gale has a computer expert, Yang Yi. But I heard that Hunter Jackson had already approached Yang Yi before and beat them to death. Emily Gale's friends were very loyal to her. Yang Yi didn't want to say that even if he really killed someone, I'm afraid he wouldn't be able to say anything. One thing Yang Yi is very good at is helping people hide information. Emily Gale's departure information, Once hidden, how easy is it to find out? "Did Zyden Gale also contacted him?

"Zyden Gale doesn't know where she is.

There are only a lot more people sent out by their Gale family."

"Ross really hates herself a bit, a good girl, just because she listened to him, what is her life like now? If he could, he would definitely not say those things to Emily Gale, he would definitely not ask for that. Kind girl. If he hadn't been so ruthless at the beginning, now, maybe, the eldest brother's child is about to be born, and the eldest brother and Emily Gale will also invite people to marry and be happy together. In the end, what did he do! "Ranran I never blamed you.

Jiang Nan put down the empty bottle, turned around, and looked at Ross.

"I don't know what Ranran was for, but she always feels guilty towards you, like she owed you a lot in her previous life."

" "I?

"Ross shook his head. He and Emily Gale had never been in contact at all. He never believed in such things in his previous life. But Jiang Nan, recently, suddenly believes there is a saying called reincarnation. Maybe, many things are unbelievable. In the middle, it was destined for a long time.

"It might be a good thing to make your elder brother hurt.

"The deeper the pain, the more you will cherish it. Hopefully, this pain will be like winter and spring. When the winter is over, spring will finally bloom.

Chapter 450

A family of three two years later.

Nancheng produced a well-known screenwriter, a new drama, which cut off the best screenwriter award this year.

However, at the awards ceremony, the screenwriter never showed up.

No one knows who she is, and she has never even appeared in public view.

From the beginning, the manuscripts were submitted, and the drafts were tested little by little.

At the end, there were two dramas, one of the big fire, and the other not only the big fire but also the award.

For two whole years, it still hasn't appeared.

Everyone knows that her name is Wangbei, but it is a pen name.

At such an important award ceremony, I didn't even attend.

The next day, a gust of wind blew across the circle.

Who is Wangbei? Is she a male or female, young or old?

How many people are curious about this.

"I guess it must be a bald old man."

"No, if it is an old man, even bald will not miss the chance to be famous."

"That's true."

Others agreed.

"Maybe it's a fat woman, fat and ugly."

"Since it's fat, it must be ugly, so why bother to say that it's fat and ugly?"

"Can't you emphasize it?" "Perhaps, it's a cripple..."

The girls talked a lot, all discussing Wangbei, who has only lived in the legend.

"Well, during office hours, refuse to chat and work quickly."

The minister came over with a few files, walked to the desk in the corner, and dropped the files.

"Xiao Gale, sort out these documents and use them when the manager has a meeting."

"Yes."

Gale Bei, who was sitting in the corner, nodded, took the documents and continued to work.

"You see, Xiao Gale, I never participate in your discussions. What they do in a day is comparable to yours for several days!" "I know, I know, aren't we doing work?" Several girls grinned. Looking back at Gale Bei, who was still busy.

A big, earthy eye with thick edges almost blocked most of his face.

The freckles on her face made her still have such a small face in the state of melon seeds, which made her dirty and ugly.

Yes, if you grow up like this, you can only work hard and you can recover.

Therefore, everyone will not be envious or jealous just because the Minister praised her.

After all, no one would be jealous of an ugly monster.

"Xiao Gale, do you want to eat together after get off work?" Someone suddenly suggested.

Another girl hurriedly said: "I am a good mother of twenty-four filial piety, so I rush back to walk the baby, how can I have time to accompany you crazy."

"That's true, then, we won't take you."

The girl smiled and packed up her things and left quickly.

Along the way, I could still hear their gossip voices faintly.

"By the way, little

Gale Chang is so ugly, how did he find such a handsome husband?

"That's right, if I were her husband, I would have divorced her a long time ago.

It's really an eyesore."

"Gale Bei just didn't hear it.

At half past six, she finally finished her work.

She packed up her things and left the company. Just walking out of the company's door, facing him, a little girl over a year old stumbled on unsteady steps. Run over. Gale Bei almost freaked out.

"Be careful!

slower!

Oh, you are going to scare mom to death!

slower!

She greeted the girl as if flying, and hugged the little girl in her arms.

She raised her head and stared at the man walking behind the girl with a smile, complaining: "Why don't you take good care of her, she just learned to walk not long!"

"I have learned it for several months, how long has it been called?"

"The man disagrees, "It's you who are your mother. You are too cautious. How can children grow up smoothly if they don't fall?"

Gale Bei glared at him. Unexpectedly, the baby girl in her arms broke free from her arm, and hurriedly ran a short distance: "Bo...Bo..."

As soon as she took two steps, her legs softened and she snapped. Falling to the ground. Just now calmly teasing Gale Bei's too nervous man, the moment he saw the girl fall, his face tightened in fright, and he rushed over. He picked up the girl who had just fallen and was nervous. Check her situation carefully.

"Tiantian, is there any injury?"

Where does it hurt?

Tell dad!

"Bo...Bo..."

Sweet doesn't mean anything uncomfortable, she just wants a balloon in the distance.

"Who was making fun of me just now?"

Isn't you more nervous than me?

Gale Beibai glanced at the man. This man, after putting Tian Tian down, still followed her closely, with smiles on his lips. He was very nervous, and there was no way, who made him a slave to his daughter.

"Bo Bo..."

Tiantian is just over one year old, how do you know that you have to follow your parents on the road? When you see colorful balloons, you don't care about anything.

The man behind her, with a handsome face, where he goes, They all attracted the attention of countless girls.

It's not Jackson Tianyou, who is it? His daughter slave is not for nothing.

"Okay, Dad will take you to Popo.

"Don't mess around, it's a balloon for other people's activities, you can't take it."

Gale Bei chased after her, and the wind blew away the freckled bangs on her face. This freckled face was once so familiar to everyone. But later, after the freckles were washed off, everyone became accustomed to her beauty. No one remembered her ugly side anymore. Looking at her now, the familiar feeling is

still so strong. Jackson Tianyou originally chased Tiantian behind, but he didn't know what he noticed, so he suddenly stopped. , Suddenly turned back. In the square, the crowd was raging,

Countless people, countless faces, countless figures.

The cold breath that made him pass away just now, but disappeared in a blink of an eye.

"God, what's the matter?" Gale Bei walked over and looked back with him.

However, there is nothing unusual in the rear, are they all the same as usual?

She had this feeling of being stared suddenly before, and that was when she first came.

Probably because of a guilty conscience, always suspicious.

But as her belly got bigger and bigger in the later stage, and Tiantian was born, all her thoughts were put on Tiantian.

For other things, I don't care anymore.

"It's nothing."

Jackson Tianyou lowered his head and gently put his arms around her arm:
"It's just a little worried, don't worry about it."

"Then you don't have to worry too much."

"Yeah."

Gale Bei, just two years ago Emily Gale, who disappeared after a storm in the city, took Tiantian's hand and said, "Little guy, these things can't be played, mom will take you to buy them."

Where does "Bobo" Tiantian know what can and cannot be played?

She only knew that Bobo was walking towards her.

"Bobo, Bobo..."

Seeing the bunch of Bobo getting closer and closer to her, Tiantian was so excited that she threw away Emily Gale's hand again.

I moved my short legs and rushed toward a bunch of balloons.

"Tiantian..."

Jackson Tianyou and Emily Gale followed closely behind them. Why are these balloons really approaching Tiantian?

Jackson Tianyou's face changed slightly, and he hugged Tiantian, and also pulled Emily Gale, pulling her behind him.

Staring at the bunch of balloons with indifferent eyes, look defensive!

Chapter 451

Then the familiar little boy, "Do you want Bobo, little guy?" With a sigh, a bunch of balloons were put down.

A familiar face that made people sad, immediately appeared in their sight.

After Emily Gale was taken aback, her nose suddenly became sore.

"Yang Yi, why... why are you here!" No one thought that the man hiding behind the balloons was actually Yang Yi.

After two years of absence, the original young man now seems to be a man with a touch of maturity.

"Why can't I come? You and Tianyou secretly gave birth to a daughter, and you still want to not let us see!" Yang Yi scowled, trying to pretend to be angry.

However, when I saw Tiantian, my mouth could not help but cracked wide. I just smiled, and there is no intention to get angry.

This girl is really like Emily Gale.

No, not only like Emily Gale, but also like...Oh, better than God.

This is just over a year old, and she is a pretty little beauty when she grows up, she must be incredible!

Emily Gale couldn't help but look up at Yang Yi's words and glanced at Tianyou.

Jackson Tianyou also happened to look down at her.

Something rippled in the hearts of the two of them, laughed, and there was a hint of helplessness, but there was no more embarrassment.

"Little guy..."

"She's called Tiantian."

Emily Gale introduced.

"Tiantian, do you want Bobo?" Yang Yi raised the balloon in his hand.

"Bobo, Bobo..."

Tiantian opened her arms, but she couldn't reach it anyway.

She was anxious and stamped her foot: "Bobo!" Yang Yi hurriedly squatted down and sent the balloon to her: "Come here. Come, uncle, don't be angry, uncle will give you everything."

"When did you come?" Emily Gale looked at Yang Yi, who was still teasing sweet.

Yang didn't look up: "I arrived at noon today."

"Are you alone?" "Well, a person."

I found them so hard, but I didn't want to bring others over and make Emily Gale angry.

What if he frightens her and runs away immediately?

"Don't worry, I didn't say anyone, neither Xiaomi nor Lingzhi, really, I swear."

"I didn't say I didn't believe you."

Emily Gale looked at Jackson Tianyou.

God said: "Okay, let's get in the car first, but also to pick up Hao Hao."

"Hao Hao?" Yang Yi was taken aback, Hao Ha, who was it?

Have only been here for two years and have known so many friends?

Emily Gale smiled, lowered her head and hugged Tiantian, without speaking.

Jackson Tianyou took a look at her, then smiled and said: "It is amazing, one child has two treasures."

... Jackson Qihao and Jackson Tiantian are completely two personalities.

Regardless of how young people are, they are only over one year old, not even one and a half years old.

However, his face that hadn't been opened yet, when he saw Yang Yi this "outsider", it was actually

For the first time, he showed a cold chill.

Can you imagine a child who is only over one year old, looking at you with a cold look?

Being stared at him coldly, Yang Yi felt like sitting on pins and needles.

When did you see this look?

Why is there a...familiar sense of fear?

It was as if he had been bullied by people with the same eyes.

Where have you seen this look?

"Um, uncle, I'm not a bad person, I just..."

"Get off."

Haohao's vocabulary is obviously larger, or even, much larger than his sister who was born ten minutes late.

But, get off?

Nani?

Is he serious?

"Haohao, I..."

"Go away!" "..."

Yang Yi finally remembered, who looked like this.

The little guy in front of you is like that big villain who always bullies people, Hunter Jackson!

No, not only the look in the eyes, but now it seems that even the tone of speech is the same!

God bless this guy, how could he give birth to a son like Hunter Jackson?

It's too much!

"Haohao, he is a friend of his mother, a very good one."

As soon as his son's temper came up, even Emily Gale might not be able to suppress it.

It's like this when I'm over one year old. What if I get older?

"Haohao, be polite to uncle, he has no malice."

However, Jackson Qihao stared at Yang Yi's arm that was holding sweet, as if he wanted to take it off.

Yang Yi felt Alexander inexplicably.

"Does Haohao hate his uncle to hold his sister?"

"Yes!" Jackson Qihao was not at all polite, and he didn't feel embarrassed to say it face-to-face.

However, Yang Yi was embarrassed to death. Was he bullied by a kid?

"Of course, I want to hold it for a while."

He looked at Emily Gale who was sitting in the passenger seat with a grieved expression.

"That..."

Emily Gale rubbed his eyebrows and could only turn his head, like Jackson Tianyou asking for help.

"It's not your daughter. Why don't you hug or let go."

Jackson Tianyou's answer is the same as his son.

Yang Yi really wanted to pinch him to death!

"Let go!" Jackson Qihao's voice was still very immature, but suddenly it aggravated, and Yang Yi was still shaking with fright, and quickly let go of Tiantian.

"Bobo."

The balloon in Tiantian's hand accidentally rolled onto the ground.

Jackson Qihao picked it up for her, and his small body strode into the car, and then sat between Yang Yi and Tiantian.

He even fastened Tiantian's child safety belt, and then put it on himself.

Yang Yi was dumbfounded on the spot, this little one is so amazing!

If his movement in the car just now wasn't that clumsy, he would definitely wonder if Hao Hao was really only over one year old!

"What do you look at?" Jackson Qihao treated him at all

You're welcome.

Anyone who wants to beat his sister, especially men, doesn't need to give any good looks.

Yang Yi narrowed his mouth and shrank to the door of the car, never daring to let his sight be presumptuous.

The car started slowly, and Jackson Qihao actually took out a small book and taught Tiantian in the car: "This is a bird, this is a fish, this is just a tiger..."

Yang Yi felt that his knowledge had been refreshed. .

He looked at Emily Gale in front of him: "Well, I have a question..."

"They are really twins, but they don't look alike, they are fraternal."

Emily Gale wanted to laugh a little.

Yang Yi's question is, in fact, many people who know them have it.

Without him, I just want to know, why everyone is the same age, Jackson Qihao seems to be several years older than Tiantian?

Emily Gale couldn't answer this question himself.

It can only be said that she gave birth to a superb son.

He can talk for eight months and recite ancient poems at one year old.

Then, now one year and three months old, he can use a computer...

It's amazing, almost like a god.

Jackson Tianyou smiled extremely proudly: "Thanks to my teaching..."

"Come on, my son doesn't listen to you at all."

Emily Gale gave him a blank look.

Yang Yi looked at the two of them, and actually had a lot of questions in his mind, but he didn't know if he should ask.

Both children are there, so naturally you can't ask, but he is really curious to die.

Only two years after Emily Gale left, she and Jackson Tianyou had twins over one year old.

Unless, they were together just after they left.

But... at that time, shouldn't you still be from Hunter Jackson?

She... why did she follow God you suddenly?

Chapter 452

Would you still give him another chance?

Yang Yi is a person who can't hide words.

Some words were held in my heart for a whole day, and finally waited until the children were asleep, Jackson Tianyou went to take a bath, he finally couldn't help but pulled Emily Gale to the balcony.

However, after pulling her over, Yang Yi was still speechless.

"Why hesitating, just say something straight."

Emily Gale saw how he wanted to speak but stopped, and knew that he must have many questions in his heart.

"I... I don't know... I mean, that..."

Yang Yi scratched his head, really didn't know how to speak.

"Um, you and God... When did you get better?" This time, it's totally wrong!

He didn't believe that Emily Gale was such a person who could easily forget feelings, nor did he believe that Jackson Tianyou would take advantage of others.

But at this time, the two children, Haohao and Tiantian... Emily Gale and Tianyou had only left for two years, and the two children were only one year old and three months old.

They really just left and were together?

This relationship has developed too fast, right?

Emily Gale just smiled, but he didn't answer this question.

The more she didn't say it, the more curious Yang Yi became, and the curiosity became very uncomfortable.

"Could it be that you had already...but, it's not right! God you have been living with me and never staying out overnight. Where can you get the chance..."

"Well, the more you talk, the more outrageous you are."

Jenni gave him a blank look.

"What the hell is going on?" Yang Yi actually had a small bold idea in his heart, but he didn't dare to say it.

"Since you have doubts, why don't you just ask?" Emily Gale turned and looked at the sky outside.

The night sky was drowsy and shrouded by such a night, she seemed to be very peaceful.

Two years have passed, and time can dilute everything, so there is nothing left that can't be carried.

After taking a shower at night, Emily Gale washed off all the dirt on his face.

After removing the heavy glasses, he finally recovered his former beauty.

The moonlight hit her, making her look holy as a fairy.

Yang Yi couldn't bear to break this holiness, but his question was too embarrassing.

"Tian Tian is like you."

This is true, Tian Tian has almost inherited all the beauty of Emily Gale.

There is another kind of beauty that even Emily Gale doesn't have.

Yang Yi can guarantee that when Tiantian grows up in the future, he will be even more beautiful than his mother.

"What then?" Emily Gale still looked at the night, but the smile on the corner of her lips gradually faded.

"And..."

Yang Yi glanced at her secretly, still not daring to say so much.

"And..."

"Don't tell me, I'm going to sleep with the two little guys."

Emily Gale looked at him sideways.

"They are already asleep, no need

Want you to accompany.

"But think about it, Yang Yi found out that something was wrong: "You sleep with them?"

Then... how about Nayou?

"Why do you sleep in separate beds when you are so young? Tiantian and Haohao sleep in the baby's room by themselves.

There is nothing wrong with it.

"God bless you to sleep on your own. Isn't he, he is such a big man and needs me to accompany him?"

Emily Gale blinked at him.

"But he... is still young and vigorous, can he carry... separate beds?"

" "what!

"Emily Gale was amused by him. Yang Yi frowned, a little unhappy: "Don't laugh, I really have a lot of questions in my heart."

Taking advantage of Emily Gale's lips with a smile, Yang Yi couldn't take care of it, and he blurted out: "Hao Hao... Hao Hao doesn't look like Tianyou."

"Although he knows that some things may hurt people when they are said. But, are you friends? If you don't say it clearly, he will be injured! Emily Gale smiled and stared at him: "Then you say , Who is Haohao like?"

"Like..."

Yang Yi hesitated for a while, finally took a deep breath and whispered, "That person.

"Emily Gale didn't speak, but from her condensed gaze, Yang Yi knew that he had guessed it.

"He..."

He looked back and made sure that there is no Jackson Tianyou in the hall before daring to lower his voice and ask in a low voice. : "Does he know?"

"Speaking of this, Emily Gale laughed again. Raising his hand, slapped him on the forehead.

"What are you thinking?"

God you and I are not in that kind of relationship!

"Why not?"

Your child calls him father, you guys..."

Yang Yi thought for a while, and suddenly felt a pain in his heart, as if he was being grabbed by something.

"God bless... I want it?"

"This silly God! He really likes Emily Gale, but it has been two years, day and night have been relative for two years, how come now, is still just a silent guardian? "I didn't agree, but God said, child If you don't have a father, you will be bullied outside.

"Especially, Haohao is too precocious. He has to go to school like a three or four-year-old child when he is one year old. He is out there and really needs a complete family.

"The children themselves..."

"I don't know.

"Emily Gale put his index finger to his lips and made a silent motion to him.

"Haohao understands a lot of things now, don't talk too loud, he will definitely think about it.

"Yang Yi closed her mouth immediately when she said that she didn't dare to continue discussing this issue. Jackson Qihao is really amazing, a little over a year old, with this thinking ability, it is stunned.

"But..."

Yang Yijin Speaking late, it's really very different from the usual time, too anxious.

After all, he is now like he broke into their family of four all at once.

The originally peaceful home

, I don't know if it will become uneasy because of his intrusion.

He hesitated for a while before he said, "That person... is still looking for you, and has never stopped."

Emily Gale's expression didn't seem to have changed, but Yang Yi was familiar with her, and her breath changed. .

In other words, she didn't really let go of Hunter Jackson completely, she... still cared.

"Of course, Gale's crisis has passed, and Young Master Jackson helped them through the difficulties.

The misunderstanding between you and him should be resolved."

If Emily Gale and Jackson Tianyou are really together, Yang Yi will definitely not say these words.

How much does he hate the domineering man in Hunter Jackson?

He found him two years ago and almost didn't trample him to death.

Asking him to speak good things to the overbearing barbarian, he is unwilling to say 10,000 to 10,000.

However, Emily Gale and Jackson Tianyou have not been together for two years. In fact, Yang Yi knew very well in his heart that Tianyou was really only the elder brother.

If the matter between her and Hunter Jackson can't be resolved completely, she and Tianyou will continue to be like this forever.

He looked at Emily Gale and took a deep breath before he said: "I think your grievances should have been wiped out. If at this time, Hunter Jackson finds you... Of course, would you still give him another chance?"
