

Love Through Time and Space

Chapter 45

Just wait for the lawsuit. Ye Fangfang committed suicide. He is still in the hospital and is said to be still unconscious.

I heard that before she committed suicide, she left a handwritten suicide note on her Weibo, saying that she was bullied by Su Xiaomi and that Su Xiaomi had a huge force behind it.

The matter came directly at Su Xiaomi!

"Of course, what should I do now?" Su Xiaomi has been hiding in the dormitory all morning, and now he dare not go out.

"Have you had lunch?" Emily Gale knew when she looked at her, this guy probably didn't even take a sip of water.

Sure enough, Su Xiaomi shook her head.

Emily Gale didn't know anything.

It was past the lunch point, so she could only order a takeaway for her.

She pulled a chair and sat opposite Su Xiaomi, staring at her pale face.

"What happened last night, I didn't have time to ask you what's wrong, why did you walk to the dock by yourself?" "I saw you!" Su Xiaomi now knows it.

At that time, he was dazzled.

"I don't know if it was deliberately arranged by those people.

After I crashed, I saw you being dragged by two men to the dock."

"So you chased you by yourself?" Emily Gale didn't know what to do. I feel sorry for her stupidity, or should I scold her for being stupid!

"Am I still talking on the phone with you? Why am I being dragged away?"

Don't have the ability to distinguish right from wrong?

"I..."

Su Xiaomi thought for a while, a small face flushed suddenly, "It seems...it seems so..."

She was talking on the phone with Ranran He, how did she see a girl with a similar back view of He Ranran? Just chased it?

Su Xiaomi suddenly felt stupid!

Could it be that the head was hit by a car accident and the whole person was stunned?

"But, now like this, what should I do?" Ye Fangfang committed suicide, life or death is uncertain.

She is an ordinary student, except to read the news on the Internet, but also can not receive any information about Ye Fangfang.

"How can a person like Ye Fangfang commit suicide? She loves herself so much."

Emily Gale pursed his lips, concentrating in thought.

Su Xiaomi can only look at her and wait for her instructions.

Emily Gale suddenly said: "I didn't doubt Ye Fangfang about what happened last night, but now it seems that she is very likely to be the mastermind."

"What? You mean, Ye Fangfang instructed those men to kidnap me?" Su Xiaomi was stunned. Lived, I couldn't believe it!

"But, what hatred can I have with her? Isn't it just that I laughed at her at the Phoenix Hotel that night?" Just a few laughs and someone will kidnap her, is Ye Fangfang too narrow-minded?

"Furthermore, how much does it cost to find someone to kidnap me? Ye Fangfang's stingy look, how could he be willing to spend so much money to do something that harms others and himself?" In a word, let Emily Gale

Frowning, some things seemed to be clear in his mind.

Of course Xiaomi didn't know that the reason those people did this was to prevent them from getting married.

However, Xiaomi is right. How could a stingy person like Ye Fangfang be willing to spend a lot of money to kidnap Xiaomi?

Could it be that this matter really has nothing to do with Ye Fangfang?

"Su Xiaomi!" There was a sound of footsteps outside, and then the door of the dormitory was smashed.

Emily Gale and Su Xiaomi looked at each other, and Su Xiaomi went over to open the door with a touch of tears.

As soon as the door opened, several girls rushed in.

The girl walking in the front pointed at Su Xiaomi, aggressively: "Su Xiaomi, you are too much, you have forced people to commit suicide, why are you so vicious!" "Ye, Ye Fangfang is still in the hospital now. You immediately kneel to others.

Apologize!" Another girl also rushed over.

The other girls pointed to Su Xiaomi, and you said, "Su Xiaomi, you are not a human!" "If Ye Fangfang is really dead, can your conscience pass?" "Su Xiaomi, what is the power behind you?" "Did you follow a rich man?" "It must be an old man!" "What are you talking nonsense? Don't be wronged!" Su Xiaomi was furious, but didn't know how to refute it.

Several girls rushed over to surround her, and there were still many people watching outside, but no one came in to help.

Su Xiaomi was trembling with fright and didn't know how to deal with it.

Someone takes a step forward and pushes her.

Suddenly, one person grabbed the girl's wrist and pushed her back hard!

"Emily Gale, do you dare to move me!" After the girl saw the person standing in front of her clearly, she immediately sank and said angrily: "Ugly, do you want to die?" "Do you want to do it in school? I have already notified my classmates that the instructor will be there soon, and if you dare to try it out, you can try it out."

Although their Ning University is not a top-notch university, it can be considered second-rate.

Do it here and you will be expelled from school easily!

The management of their school is still very strict!

The girl's name is Xiao Xiao, and she has a different major in the same class as Emily Gale.

She pointed to Su Xiaomi and said in an aura: "Su Xiaomi did this kind of thing, we..."

"What did Xiaomi do?" "She forced Ye Fangfang to death!" "Then tell me, what did she do?" Emily Gale stepped forward and stared at Xiao Xiao's face: "When, where, what did you do, what you said, you say!" No one expected that Emily Gale, a cowardly ugly monster, could When the momentum is so fierce!

After being glared by her eyes and asked in her cold tone, even Xiao Xiao subconsciously took two steps back and was bluffed.

"she was.....

She..."

Ye Fangfang didn't say what Su Xiaomi did and did. Ye Fangfang didn't make it clear in his suicide note. Ye Fangfang only said that she was a freshman who always wears heavy makeup with the surname Su and always walks with the ugly Gale family. Girl, I was bullied. Everyone who knows Ye Fangfang knows that she and Emily Gale are at odds. So, who is a freshman girl named Su who often walks with the ugly Gale surname, who is not Su Xiaomi? Few people are willing to mix with Emily Gale! "You have no evidence at all to prove that Xiaomi bullied Ye Fangfang, but just listened to Ye Fangfang's side words and said that Xiaomi forced others to commit suicide!

Emily Gale took another step forward. Xiao Xiao was still scared and took two steps back. He was almost forced to the door. People outside stared at Emily Gale's freckled face, and there was a lot of discussion. Xiao Xiao was also here for a while. During the discussion, she gradually gained a foothold.

She disdainfully said: "Huh!

She has made such a big thing, can the Ye family let her go?

Su Xiaomi, just wait for the lawsuit!

Maybe, you will spend the rest of your life in prison!

"This is a school, so I really can't mess around, so a few girls left with a curse and sneered. Emily Gale slammed the door shut, turned his head, but saw Su Xiaomi hiding in the corner, shaking all the time. Wan. Yiye Fangfang is really dead, and the people of the Ye family will definitely not let her go! Although the Ye family is not a big family of first-class, but it is still powerful in Beijing.

She is an ordinary student, how can she respond? "RJenni," She hugged Emily Gale's arm, her voice trembling: "Will I... Will I really go to jail?"

Chapter 46

The man who walked out of the old warehouse "No, you didn't do anything. What does Ye Fangfang's death or life have to do with you?" Emily Gale's words were not comforting her, she was telling the truth.

However, her thinking is a bit confused now. Does the matter last night have anything to do with Ye Fangfang?

She picked up her mobile phone from the desk and dialed a certain number: "Yang Yi, help me do something."

As soon as the phone was hung up, Emily Gale's order of takeaway arrived.

Taking the takeaway boy off, Emily Gale pushed Su Xiaomi to the table: "Come on, eat something first, don't starve yourself."

Su Xiaomi was still very upset, sitting at the table, biting her lip and opening the package.

Emily Gale was about to prepare to wait for the class, but Su Xiaomi behind him suddenly screamed.

When Emily Gale turned her head, she rolled straight down from the chair.

If it weren't for her quick eyesight and quick hands, Xiaomi would roll to the ground and knock her head!

Look at the takeaway box on the table, there is a little snake in it!

Too much!

These people are really too much!

"Xiaomi, Xiaomi, wake up!" "Of course, I'm so scared, I didn't kill anyone. Ye Fangfang was not killed by me, not by me..."

Su Xiaomi's face was pale, and suddenly she rolled her eyes and passed out completely.

... Su Xiaomi was sent to a hospital outside the school.

The doctor diagnosed that she was under too much pressure and she was too frightened.

Although there is no major physical problem, the psychological trauma may have to be repaired slowly.

"How about Xiaomi?" Su Xiaomi hadn't woke up when Yang Yi hurried over.

Tianyou and Emily Gale stood by the hospital bed. In order not to wake Su Xiaomi, the three walked to the corridor.

"Someone made a prank and put a small snake in our takeaway box."

Emily Gale took the small snake out.

Yang Yi hurriedly backed away two steps in fright, and then looked intently, it was clearly just a toy snake.

It's just made too realistic and looks real.

"Xiaomi was shocked by this thing?" Yang Yi felt a little weird.

"She has gone through too many things in the past two days, and now she is very fragile, and she has a little bit of a snake shadow."

Su Xiaomi was not very courageous.

After two days of depression, this little snake was just the last straw to overwhelm the camel. .

She threw the little snake into a trash can not far away, and looked at Yang Yi: "How? What did I ask you to check, how did you find it?" "I found the information of the three people, I listen to you, Temporarily shielding their information from the Internet, now, they may not be so easy to leave Beiling."

Emily Gale's heart brightened and smiled: "You are still great!" Yang Yi smiled triumphantly, learning to fight and even look good. , He is ashamed of it in front of God.

But when it comes to computer technology, he can

He has absolute confidence and can defeat all masters!

"So, what are you going to do now?" Jackson Tianyou stared at Emily Gale's small face.

This little girl is really different recently and before.

Especially the wisdom and calmness that occasionally revealed in her eyes, it was not at all comparable to the one before.

"Find them."

Emily Gale stared at Yang Yi, "How long will it take?" "Unless they don't use a phone or any electronic equipment."

As long as computer technology is mentioned, Yang Yi will be full of excitement: "Otherwise, one hour is enough! "There are three masked men in black.

The boss is named Yang Gao, and the two of them are Liu Quan and Yang Tan.

The three people originally planned to leave Beijing today, but they didn't expect to find their information at the entry and exit side.

The information does not match and there is no way to leave the country.

But when something like this happened, they would never dare to stay in Beijing, so that night, they set up a speedboat and wanted to steal the waterway and leave.

But unexpectedly, as soon as he got on the speedboat, a figure suddenly jumped from behind.

"Ah..."

the boss screamed and rolled directly from the speedboat to the beach.

The two subordinates looked at the boy standing on the speedboat, and after looking at each other, they immediately raised their fists and were about to wave toward him.

God you didn't pay attention to these people at all, and beat them to the ground with two or three blows.

"Who are you? Dare to move you, I!" The boss got up, spit out the sand in his mouth, and glared at God.

The two men were seriously injured, and fell on the beach, unable to get up for a while.

Emily Gale walked over, stared at Yang Gao, and asked in a cold voice: "I'm very curious, how did you escape back from the people of Young Master Jackson who intercepted you on the island last night?" "We..."

the boss hummed Hehe, he gave her a cold look: "Smelly girl, what do you have...Ah!" She was kicked in her leg. Before the boss had finished saying this, she just lay down on the sand and ate again. Mouth!

"Hmm..."

He struggled, and saw the man with frosty eyes and muscles behind him stepping forward, so scared that he didn't even dare to stand up.

I can only look up and look at Emily Gale who is standing not far away: "I, we escaped by ourselves."

Emily Gale didn't bother with this question, and her voice was still cold: "Who instructed you to kidnap Xiaomi? It's because you were killed last night The girl you kidnapped to the island."

"What, what kidnapping?" The boss thought for a while, but he didn't want to admit: "We didn't do anything last night!" "I have the surveillance video of you kidnapping Xiaomi, right here. On the dock, it's not your turn to deny it."

Yang Yi stepped forward and sneered: "At that time, you were still using Xiaomi, you can see clearly in the video."

Yihan glanced at the dock not far away subconsciously.

Damn it!

They got the video!

He clutched the sand on the ground tightly, and refused to admit it all his life, "All of your videos are fake! We didn't do anything!" Emily Gale narrowed his eyes, where is this man confident?

"Yang Yi."

"Okay."

Yang Yi walked over, took out his phone, looked at it, and said, "Last night at 9:25, you transferred to the private account you opened in Lingzhou.

The amount is 500,000 yuan."

Yang Gao's face changed and he was frightened: "You...how do you..."

"The payer is a virtual account, but for me, this kind of virtual account has to be cracked.

It's not difficult."

Yang Yi doesn't pay attention to the blindness of online transfers.

For him, deciphering a virtual account is easier than eating.

Yang Gao's expression became more and more ugly. Suddenly, he grabbed a handful of sand and scattered Tianyou behind him, and kicked Yang Yi again.

After that, he got up from the ground and ran to the dilapidated warehouse not far away.

Emily Gale chased him, and Jackson Tianyou quickly caught up.

Yang Yi looked at the two on the ground, and didn't know whether to look at them or follow them.

"Yang Gao, stop for me! Even if you run away, I can still find evidence of your crime!" Emily Gale's voice was very messy in the sea breeze, and she said loudly, "Tell me, who is behind you? Say it quickly!" Yang Gao didn't listen to her at all, turned and broke into the other side of the old warehouse.

Emily Gale and Jackson Tianyou were about to chase in. Unexpectedly, a tall figure walked out from behind the warehouse wall, completely blocking their way.

Emily Gale stared at the man in front of him. For a moment, his heart trembled: "...Why?"

Chapter 47

Do you know who is behind? Hunter Jackson stood in front of him, as if he was blocking the strongest wall in the world, making it impossible to cross.

"It was the man who kidnapped Xiaomi last night, Young Master Jackson, don't let him run away!" Emily Gale wanted to look behind him, but the tall figure blocked all her sight.

But she clearly felt that Hunter Jackson's eyes were not right at this moment.

His eyes are so cold, there is no temperature at all, the most important thing is, what is he doing here?

If it was to help her, why did Yang Gao go straight behind him?

"Young Master Jackson..."

Emily Gale frowned.

"Follow me back."

Hunter Jackson took a step forward.

"What do you mean?" Emily Gale took two steps back suddenly before he touched him.

Jackson Tianyou stood behind her, as if she had always been her biggest support.

Emily Gale's heart was in confusion at this moment, because some things, those things she didn't want to understand, seemed to have figured out the moment she saw Hunter Jackson.

"Last night, you sent so many people and found their speedboat, but they are still at large today."

She suddenly wanted to laugh, but she didn't know what to laugh at.

"Young Master Jackson, it is impossible for people to escape in your hands. Since they have been arrested, why are they suddenly let go?" Ye Fangfang had committed suicide this time.

She had already determined that it must be Ye Fangfang who was scared in her heart. Write and direct such a play.

Unexpectedly, Ye Fangfang was not because of fear, but because of too much effort!

It was impossible for Ye Fangfang to give out so much money at once.

She regarded her wealth as fate, and didn't even want face for hundreds of thousands of dollars that day.

How could she be willing to pay hundreds of thousands, just to make her wedding with Madam Jackson be cancelled?

Maybe Ye Fangfang thought about dealing with her, but this time, it was really just a coincidence.

"Are you protecting the person behind?" She took a half step back, and this time, she retreated directly into Jackson Tianyou's arms.

With a tight wrist, she was suddenly pulled over by Hunter Jackson.

People just touched God, and they were already taken away!

Jackson Tianyou's face sank, and he clasped Emily Gale's other wrist before pulling it back.

Murderous aura suddenly appeared in Hunter Jackson's eyes: "She is my fiancée. Don't be afraid of death, just keep trying!" Young Master Jackson's eyes were gloomy, and his whole body was cold. When ordinary people encounter him like this, how dare to confront him?

However, Jackson Tianyou didn't even have the slightest fear, and even the big palm of Emily Gale's wrist was not released for more than half a minute.

"As long as Jenni doesn't want to be by your side, you will definitely take her away!" "God!" Yang Yi trembled after chasing her.

Not to mention there are so many people behind Young Master Jackson, even if it's just Young Master Jackson, they can't afford it!

"God, they...what they say are unmarried couples, you shouldn't...should not interfere."

Although it looks like Hunter Jackson is bullying Ranran, Ranran didn't call for help, did he?

As long as there is no call for help, then, can you...stop the conflict first?

When he saw Young Master Jackson, he was instinctively frightened. He didn't know where God Bless was so courageous, he even dared to face Hunter Jackson who dare not offend anyone in Beiling!

Joseph Bei Senhan's eyes locked on Jackson Tianyou, and the five fingers that clasped Emily Gale's wrist subconsciously tightened.

"If you want your friend not to see the sun tomorrow, let him stubbornly try."

He didn't want to do anything with these little kids because he could see that Emily Gale cares about them.

However, his tolerance is limited!

"God!" Seeing that Jackson Tianyou still wanted to put Hunter Jackson on the front bar, Emily Gale immediately turned around and looked at him: "God, I have something to tell him, you... go back with Yang Yi first."

"No!" She now Obviously not willing to go north with Joseph!

"God! This is my fiance and me!" Emily Gale originally just wanted to remind them that Hunter Jackson was her fiance, at least, he wouldn't really hurt her.

But God was stabbed with a sharp pain by these words.

He squeezed his left fist, his chest rising and falling.

"God, Xiaomi is still in the hospital.

She needs someone to take care of her."

Emily Gale stared straight at his eyes, with a trace of pleading: "God, listen to me, okay?" Jackson Tianyou has never been able to refuse Gale.

Jenni's request, he always softened his heart every time she asked if she was okay.

Just like this moment, when she looked at him imploringly and asked him if he was okay, his five fingers clasping her wrist had subconsciously released.

Hunter Jackson pulled it casually, and Emily Gale ran into his arms directly.

With a bit of frost on his face, he turned her around and left.

Jackson Tianyou wanted to chase him, Aspen Li stepped forward and blocked his way.

“This classmate, if you don’t want our young wife to be embarrassed, you’d better listen to her and go back to take care of your friends first.”

In fact, Aspen Li admires this 20-year old boy very much.

Few people can face their young master’s anger, calm or even stubborn to this point, but obviously, the boy in front of him can.

He even has the same temperament as the young master, aloof, indifferent, ruthless, and cruel!

If such a talent follows the young master, his future will be limitless.

But obviously, he is definitely not the type of person who is willing to succumb to others.

Yang Yi tugged at Jackson Tianyou’s clothes and whispered: “God, let’s go back and see Xiaomi first. This matter... Let’s take care of it by myself.”

Now, Yang Yi is also confused.

It was Joseph deliberately. To let Yang Gao go

?

But last night, didn’t Mr. Jackson personally rescued Ranran and Xiaomi?

Why did you save them but let the bad guys go?

He really didn't understand.

"God," Yang Yi approached, lowered his voice and said in his ear: "However, I have not finished the investigation of the things that I asked me to check. Or, shall we go back first?" Jackson Tianyou's palm tightened and saw Emily Gale and Joseph Bei got into the car, closed his eyes, suddenly turned around, and left.

Yang Yi breathed a sigh of relief and immediately chased after him.

The two men on the beach had already slipped away by this time.

Things seem to be very weird. What is the purpose of this contradictory approach?

In the car, Emily Gale held her chest for a while, until she watched Yang Yi and Jackson Tianyou walk away, she turned her head to look at Hunter Jackson.

"Young Master Jackson, I hope you can give me an explanation. Who is behind these three people?" "You don't need to know."

Hunter Jackson raised his hand and lit the cigarette casually.

His face without any expression was always cold and indifferent. Emily Gale didn't know what he was thinking.

But what he said was that she didn't need to know, not that she didn't know.

"You really know who is behind! Why don't you allow me to check it? It's from the Jackson family?" This time, he didn't even want to say a word.

Confirming that Jackson Tianyou and Yang Yi had left the beach, Emily Gale immediately pushed the car door to go down from above.

But her wrists were tight, and it was too late to get out of the car, and she had been pulled back.

"Where are you going?" Hunter Jackson said in a bad tone.

"What does it have to do with you?" She looked back at him abruptly and waved her hand, but still did not break free of his restraint.

Now that God You and Yang Yi are not there, she doesn't need to worry about anything.

Staring fiercely at the man in front of her, she angrily said: "You have someone you want to protect, and so do I! I will never let those who hurt Xiaomi before! You let go!"

Chapter 48

Does it hurt, what does it have to do with him?

"Then? Call the police? Continue the investigation? What can you find?" Joseph calmly looked at her lightly.

Emily Gale bit her lip and was so angry that she couldn't wait to tear his expressionless face to pieces!

"You mean, you want to keep them to the end?" "No, I agree with your approach and let them deserve their crimes."

He knocked on the car window.

Aspen Li opened the car door and looked at Emily Gale respectfully: "Madam, the three people have been handed over to the police."

"What about the man behind? Why doesn't he need to be punished?" So, this is not enough!

"Mrs. Young, the car accident was really an accident, and no one arranged it."

"Those who wanted to hurt Miss Xiaomi were also temporary intentions, which were different from what they had agreed upon before."

"The people behind didn't mean to hurt Miss Xiaomi. So, those three people will pay for their actions."

Aspen Li looked like a peacemaker, but it was obvious that Emily Gale didn't want to listen.

"I will find people out!" Just after this, Yang Yi called.

Emily Gale turned her face away and put on the phone: "Yang Yi, how's it going?" "Rjenni, the other party is too powerful and has destroyed the banking system.

All the information has been deleted, and the information on that virtual account cannot be found temporarily."

They just got in the car, and while Tianyou was driving back, Yang Yi used his old-fashioned notebook to track it down.

But I didn't expect that after only over an hour, the other party could even destroy the banking system!

Emily Gale's five fingers holding the phone tightened slightly, and her heart was cold without saying a word.

In order to prevent her from continuing to investigate, Hunter Jackson sealed her off this road.

Yang Yi's voice is still coming: "Of course, it is not completely impossible to find out, but I have to repair their system first.

It will take a while.”

“No, this matter, let’s stop here.”

Emily Gale He closed his eyes and said dumbly, “Persuade God to go back and take care of Xiaomi.”

“Ranran...”

“Listen to me!” Emily Gale increased his tone.

What if the investigation continues?

She believes that Yang Yi can absolutely do nothing in this regard.

A system that others cannot repair, he can definitely do it as long as he is given time, even if the system itself has countless blocking procedures.

But what if it is fixed?

As long as Hunter Jackson does not allow them to investigate, they will definitely find no clues!

What she fears most is that if Yang Yi angers Hunter Jackson, she will not end well.

Hanging up the phone, she said coldly: “Let me get off the car.”

“Did you forget our agreement?” Hunter Jackson’s voice was also a little heavy, without a hint of warmth.

“You said that after you get engaged, you will live your own lives!

“But I never said, you can stay overnight!”

"You..."

"Go back to the villa."

He leaned back in the chair, closed his eyes, and clasped the big palm of her wrist, clearly not relaxing at all.

"You are just my fiancée, you have no right to restrict my actions!"

"She just doesn't want to go back, she doesn't want to face this man! "It's not your turn to make a choice.

"When Young Master Jackson became overbearing, no one could make him shake! Aspen Li sat in the driver's seat and peeked from the rear view mirror.

After that, he stepped on the accelerator and the car left from the dock. ,
Drove onto the road by the sea.

The door was automatically locked when driving.

After the car was driven, Hunter Jackson let go of Emily Gale. Emily Gale glared at him, and subconsciously rubbed his wrist. He looked at her. When she fell down, she realized that her wrist was actually red from scratch. Is the girl's skin so delicate? He didn't feel that he had used much strength, but it seemed a little red and swollen? "Pain?"

"Hunter Jackson asked. Emily Gale turned aside and ignored him. What does the pain have to do with him? What's more, he still scratched the pain himself. Now, is the cat crying and the mouse fake compassion? Xiaomi doesn't know yet. How, she really wants to see her, but she can't change what Hunter Jackson decides. He said he wants her to go back to the villa, and he will definitely not let her leave tonight. This man, except indifferent , Also overbearing, unreasonable, even insidious! All the touches last night, at this moment, are all resentment. What is she to him? The person he wants to protect hurt Xiaomi, and Xiaomi, she swears to Protected with life! Emily Gale

didn't say a word, and Hunter Jackson didn't speak anymore. However, he didn't know whether his eyes were inadvertently or intentionally, or he looked at her wrist a few more times.

It just grabbed a hand, and it was swollen. That's it? Would you like to let the family doctor come and see? ...

The car stopped at the door of the villa's main house. Aspen Li opened the car door for the two of them, and then gave the key to the servant.

The three went to the hall, no I thought that as soon as I entered the door, I saw the figure sitting on the sofa in the lobby.

She was dressed elegantly and nobelily.

She was in her forties, but because she was well maintained, she looked like she was in her early thirties. Emily Gale recognized it, but there was nothing in her previous life.

She is the current wife of Mr. Jackson Jiada and the biological mother of Jackson Ershao Daniel Jackson, Shu Ran. Seeing the two come back, Shu Ran stood up and looked at them: "Abei, are you back?"

When Hunter Jackson saw Shu Ran, his cold face softened slightly: "Aunt Shu.

Emily Gale faintly called: "Aunt Shu.

Shu Ran nodded, she was a little surprised to see the sand on Emily Gale's body. Random, again

She smiled: "Why are you going to the beach so late? You young people have good energy."

Emily Gale just lowered his head and said nothing.

She was in a bad mood, but there was no need to behave in front of her elders.

She said: "I am dirty, Aunt Shu, I will go up and change my clothes first."

"Good."

Shu Ran nodded.

Emily Gale turned upstairs, not even looking at Joseph Bei Banyan.

"Why does the little girl seem to have a temper?" Shu Ran and Hunter Jackson sat down on the sofa, smiling softly.

"The little girl just came in, Abei, you have to be more pampered.

A girl who leaves her home and marries to our Jackson's house will inevitably be a little uncomfortable."

Hunter Jackson just nodded and said nothing.

Shu Ranqian sighed and adjusted her face before saying: "Abei, Aunt Shu came to apologize to you here today."

"What's the matter?" He took the tea from the servant and just held it in his hand. Did not drink.

Shu Ran said helplessly: "I just learned that Daniel had acted on Jenni in Gale's house before. I really...I really don't know how to teach this kid."

She had an apologetic face, but she was really helpless. .

"It's all that Aunt Shu taught badly. Since he was little disciplined, he was arrogant and arrogant.

A Bei, Aunt Shu apologized for him like you. I hope you can forgive him."

Hunter Jackson did not speak, and Shu Ran was a little disturbed .

"Abei, he is your own brother after all. He made a lot of mistakes.

It was my mother who taught me badly..."

"He has been punished.

There is no need to mention this matter again."

Hunter Jackson Put the cup down: "Aunt Shu, it's not early, I'll send you back to rest."

"Okay."

Shu Ran knew that he didn't want to say any more, so she could only shut up.

She stood up, thought about it, and said: "By the way, the master decided to hold a family banquet at home tomorrow. Do you remember to take Jenni home early and let her get in touch with her family."

But Hunter Jackson rushed upstairs. , Just nodded and didn't care much.

The girl's hand is still hurt, ask the doctor to come over, will she get angry and not let the doctor see it?

Chapter 49

When this arrogant Jackson Da Shao Joseph went upstairs north, Emily Gale's door was closed.

He hesitated, he didn't know whether to knock on the door.

The omnipotent Young Master Jackson, who didn't even dare to open a door, seemed a bit...incredible.

Aspen Li came from behind him and whispered: "Young Master, or, I'll go see Madam Young?" "What do you want to see?" Hunter Jackson's face sank.

Can he see his woman too?

"I, I didn't mean that."

Aspen Li was startled by the chill in his eyes, Emma, why did the words suddenly change?

They just saw the brave young master, and didn't even dare to open a door, and wanted to help him.

No one is malicious, huh!

Hunter Jackson finally walked to the door of the room, raised his hand and knocked.

Does his own woman's room need artificial hands to open the door?

The person in the room didn't respond and ignored him!

Joseph Beijian frowned. If anyone dared to put on airs like this in the past, this person would never have the opportunity to appear in front of him again.

Even Aspen Li was a little worried, would the young master kick the door open with anger?

Although the eldest master usually looks indifferent and calm, in fact, the eldest master's temper is sometimes very fierce.

But what he didn't expect was that Hunter Jackson didn't kick the door. Instead, patiently, he knocked on the door again.

Still no one responded.

Aspen Li was a little uneasy.

The temper of the young lady seemed to be no better than the young master!

This was the third time, Hunter Jackson knocked on Emily Gale's door. This time, the knock was a bit hard.

The people inside finally came over, and the sound of footsteps approached the back of the room.

Aspen Li breathed a sigh of relief, and was about to go back to his room as soon as possible. When it did not prevent the young couple from talking about love, his shoulders suddenly tightened, and he was suddenly pulled over.

So when Emily Gale opened the door, what he saw was Aspen Li who was dumbfounded.

"What are you doing?" She didn't look very friendly, and she was in a bad mood tonight.

"I, that, I... I'll greet the young lady, huh, huh..."

Aspen Li was so embarrassed that he got goosebumps, eldest master, you...who just said that his woman didn't need to be seen by others. ?

Now, the young lady came to open the door, but pretending to be okay, she stood aside and watched indifferently.

In front of him.

Even Aspen Li was a little worried, would the young master kick the door open with anger?

Although the eldest master usually looks indifferent and calm, in fact, the eldest master's temper is sometimes very fierce.

But what he didn't expect was that Hunter Jackson didn't kick the door. Instead, patiently, he knocked on the door again.

Still no one responded.

Aspen Li was a little uneasy.

The temper of the young lady seemed to be no better than the young master!

This was the third time, Hunter Jackson knocked on Emily Gale's door. This time, the knock was a bit hard.

Now, the young lady came to open the door, but pretending to be okay, she stood aside and watched indifferently.

But it depends on the young lady, how are you obviously?

Of course, Aspen Li didn't dare to break through a certain man, so he could only bite the bullet and put a smile on his face: "Young lady..."

"You don't have to please!" Emily Gale turned around and forced the door to be slammed.

A big palm stretched out from behind Aspen Li, gently pushing the door of the room that was about to be closed back.

"Although he is a subordinate, but he was kind enough to please you, why humiliate him like this?" The tall figure leaned against the door, seemingly cold and arrogant. In fact, if you look closely, you will see his eyes.

A flash of tension.

The young master is... afraid of being driven out by the young lady?

Aspen Li could see this tension clearly.

But what he didn't understand was, why should a man who is so proud to touch this nail?

Madam Shao looks like it's not easy to deal with now!

If such a situation were encountered in the past, how could the eldest master stick with a hot face?

It's not bad to kick someone in the air.

To the young master, the young lady seemed...a little different.

Emily Gale looked at the figure by the door and snorted coldly: "What does it have to do with you?" She didn't want to humiliate anyone. Aspen Li just listened to his instructions and did nothing wrong.

Even if there was a mistake, it was the man's fault.

She would not take the initiative to pick Aspen Li's sting.

I just don't want to see him and his people. Do you even want to deprive you of this right?

"I just remind you that the subordinates are also human."

A certain man said coldly.

Aspen Li was about to cry bitterly.

It turned out that in the heart of the young master, his status was so high.

The young master cares so much about his feelings, it is so touching!

Uuuuu...

"If you are upset, you can beat him up, a tough guy like him would rather be beaten than scolded."

After the beating and venting, will she feel better?

Snapped!

A glass heart broke to the ground!

Aspen Li held his chest, this time he really wanted to cry.

Master, you just want to find an excuse to walk into the young lady's room, why let him be beaten and scolded again?

People are also afraid of pain!

Emily Gale's eyes finally fell on Hunter Jackson's face, but she was still expressionless.

"Master Jackson, I don't want to hit or scold people.

Also, I don't know what you mean by running over and saying these inexplicable things to me?" Yimu's character, half a moment when he can't speak. I don't want to say more words.

What are you going to do if you say such silly things tonight?

"It just happened to be passing by."

Of course he did not want to admit that he did the three knocks on the door just now.

Aspen Li, who knew the truth, was a little bit internally injured.

It turns out that people with high IQ are very likely to be really low.

Their eldest master swept across the battlefields of the business world

Not winning, but to find an excuse to see Mrs. Young is really suffocated.

What's more, what the young lady said just now is correct, what the eldest master said tonight is really a bit redundant and boring.

"Then now, can you leave me alone?" Emily Gale didn't bother to look at the two people blocking the door.

Hunter Jackson's eyes were always locked on her wrist.

From the moment she opened the door, he saw her wrapped her wrist in a towel.

I wanted to ask about the situation over and over again, but when I said it, I felt messy.

Actually speaking so much, I just want to ask.

"Does the hand... still hurt?" "Young Master Jackson is caring about me?" She sneered.

Hunter Jackson's proud pride was stabbed again. Why is this woman so ignorant?

"Tomorrow, the old man will hold a family dinner, but I just don't want you to make a fool of yourself in front of Jackson's family and shame me."

"Don't worry, I won't lose anyone's face, I won't lose you!" She stretched out her hand and wanted to do it again. Close the door.

But his big palm pressed on the door, just to prevent her from blocking herself.

"Get out of the way, I want to rest!" Emily Gale looked unhappy.

"This is my place. No one can control where I want to go."

Not only did he not give way, but instead, he walked in.

This excuse is very good, anyway, it is his villa, which is his everywhere, even this room is the same.

"Well, can't I go out?" She didn't want to stay here tonight, she still wanted to see Xiaomi.

If it wasn't for this guy to bring her back, she would have been in the hospital now.

Hunter Jackson glanced at Aspen Li, who was still at the door. Aspen Li shut the door immediately without saying a word.

"Aspen Li, what are you doing?" Emily Gale almost wanted to kick the door.

Aspen Li, who was guarding outside, said: "It's late, young lady, and young master, let's rest early."

These two are good, don't toss him anymore!

It is really not easy to be a special helper. Even the young couple quarrels, they have to be reconciled.

Ugh!

The young master is so wise and martial, can he just force it directly?

It's so awkward, it's not like his style at all!

Chapter 50

Don't challenge my patience. In fact, Hunter Jackson is also thinking about this issue.

I want to see if this girl's wrist is hurt badly, so why not pull her over forcibly?

However, if it is forced, will it make her hurt more?

"Aspen Li is outside, you can't go out."

He sat on the chair and stared at her.

"What on earth do you want to do?" Emily Gale knew that he couldn't go. Is he here to show off his power?

When did Young Master Jackson become so idle?

The group closed down?

Hunter Jackson stood up suddenly and walked towards Emily Gale.

She panicked and stepped back subconsciously: "What on earth do you want to do? Young Master Jackson, I have no way to pursue it, and I don't intend to pursue it. Don't deceive people too much!" She was so angry that she wanted to cry!

If it were someone else, she would have resisted to the end, but he was Hunter Jackson, a man she knew how to resist!

Since she is destined to lose, she is destined to not give this breath to Xiaomi, then, can she let her fend for herself here?

Hunter Jackson walked up to her. This girl was actually very afraid of him.

She didn't expect that for her friends, her courage could occasionally be too big.

Emily Gale glared at him: "You..."

He suddenly stretched out his hand, hugged her up, and walked to the bed.

"Let go!" Emily Gale pushed him hard, but accidentally hurt her wrist again.

The little face was tangled with pain, and the pain in his eyes was caught by him.

Hunter Jackson put her on the bed, reached out and took off the towel from her wrist, trying to pull her out.

Emily Gale would rather endure the pain, but also pull her hand back.

He frowned, and said displeased: "Emily Gale, my patience is limited, you must use this way to get along with me?" "If you don't hand over the people behind, I won't get along with you! When he held her hand, she couldn't get rid of it, but she also looked away and didn't want to look at him.

"I advise you to give up."

"Hunter Jackson!" He didn't speak, just looked at her wrist.

He didn't mean to hurt her when he was on the beach, but he always caught her hard.

Opening the drawer and taking out the medicine chest that was in it, Hunter Jackson stopped talking, poured the medicinal wine on her wrist and rubbed it gently.

Emily Gale really couldn't understand this man. Sometimes it was frosty, and sometimes it seemed to be nice to her!

But in the end, all the entanglement turned into calmness, no matter whether it was good or not, it was just an agreement.

"I'm fine, please come back to Master Jackson."

She knows what kind of person he is better than anyone else.

He did not want to say, even if she put a knife on his neck, he would not say.

Hunter Jackson looked at her red and swollen wrist, but continued to gently rub her, without speaking.

.

The atmosphere suddenly became a little weird, Emily Gale wanted to withdraw his hand, but he didn't allow it.

It's just a little red and swollen, why is this necessary?

Once again, he would withdraw his hand. This time, Hunter Jackson finally let go of her and stood up.

"Since you are my fiancée, I will not join hands with others to harm you or your friends."

Is this what she is worried about?

Now, he gave a promise, can it?

Emily Gale's heart was a little shaken, and she looked up at him.

Although Young Master Jackson was still arrogant, these words were credible.

His promises were never given casually, but once they were given, they would definitely be fulfilled.

"They..."

"Your friend, I only admit Su Xiaomi."

Emily Gale bit her lip, feeling mixed!

What he meant was that if Tianyou and Yang Yi did something that upset him, wouldn't he guarantee that they would not be moved?

Why does he see Tianyou and Yang Yi not pleasing to his eyes?

"If you hurt Tianyou and Yang Yi, I won't just sit back and watch."

"What can you do?" Hunter Jackson was suddenly upset by her defense of other men.

Especially the gods, who are all men, can he not see the boy's guardianship towards her?

He admires the women in Joseph, when does he need other men to protect them?

Emily Gale finally calmed down and was stabbed by the young Master Jackson again.

She said coldly: "Yes, I can't do anything, but even if I can't, I won't let you hurt them!" "Want to offend me again?" She can indulge in everything else, but she keeps doing it again and again. How can other men provoke him?

"Emily Gale, don't challenge my patience!" "I don't need any patience from Young Master Jackson. You and I are just an agreement!" The sentence "agreement relationship" made Hunter Jackson annoyed immediately.

He stared at her stubborn little face, his eyes gradually cooling.

“Well, since you still remember the agreement between us, you should recognize your identity.”

“If you dare to hook up and do things that affect my reputation, I will not only move them, I will also I’ll tear them up!” It doesn’t make sense to this woman!

Since her hands are fine, he doesn’t need to stay here.

Hunter Jackson turned around and was about to leave. Unexpectedly, a pillow smashed from behind and hit his back.

Although it didn’t hurt, it was his dignity that hurt.

“Emily Gale, don’t know what’s good or bad!” He was indulgent enough to her!

“Hunter Jackson, you can insult me, but you can’t insult my friend!” Emily Gale squeezed his palms tightly. He simply believed in the rumors outside, and believed that she and God Bless them messed up the relationship between men and women.

He wants to touch someone, so why make any excuses?

Just tear it off!

Anyway, he is such a brutal and domineering person!

With a stern face, he walked out the door.

With a bang, the door was heavily closed behind him, even with a click, the lock was locked from inside.

Hunter Jackson’s not-so-good-looking face was even more ugly at this time, it was almost clouded.

Aspen Li has been guarding not far away, and has not yet dared to leave.

Hearing the quarrel inside, and seeing the young master come out with a calm face, he was very careful.

This is the first time in his life that he has seen the eldest master quarrel with others. Well, the eldest master never quarrels.

The young master is upset and will kill the person directly!

"Well, or... or should I let those two little kids go abroad so that they can never come back?" Anyway, those two boys made the young master upset. In that case, get out and keep your eyes out.

It's good.

"Master, I will..."

"Go!" ...Aspen Li watched as the young master walked into the room not far away, and also watched the door slammed shut, blinking with aggrieved expression.

Is it a fleeting year tonight? How come you hit a wall everywhere?

He was really just to make the young master happy. Why did the young master seem even more unhappy after listening to his advice?

Standing on the promenade, he looked at the door in front of him, and then at the other door not far away, with a hesitation in his heart.

Would you like to explain to the young lady, the young master is not afraid to move the person behind him, but he just can't move?

Moreover, before the incident, the young master really did not know.

Madam Young... will you believe it?
