

Love Through Time and Space

Chapter 453

I will make you “unwilling.”

Emily Gale turned around, looked at the stars in the sky, and smiled: “It’s impossible for me and him.”

Regardless of the misunderstanding at the beginning, has it been solved now? It doesn’t matter how much Hunter Jackson has made in saving the Gale family, she and Hunter Jackson will never have the opportunity to return to the beginning.

Young Master Jackson is famous, and she is already infamous.

She lived alone, and these things passed away.

But if she is with Young Master Jackson, the woman of Young Master Jackson, such an important person, her past will be infinitely magnified.

She... has no ability to bear all this.

Most importantly, she wants to protect her children.

“But in case, he finds here...”

If Young Master Jackson really finds here, then whether there is a possibility between the two people, probably, it is not her turn to say.

“In case of something like this, I never think too much.”

Emily Gale smiled at him and turned and walked towards the hall.

“It’s late, rest early. Tomorrow, let Tianyou take you around in this city.

Although it is not as prosperous as Beiling, it is quiet and has a special flavor.”

Yang Yi knew she did not want to continue discussing this.

About the matter, I can only nod my head and go back to the hall with her.

Jackson Tianyou just came out of the room and glanced at Yang: “Don’t disturb Ranran and the child, go, take you out for a drink.”

Yang Yi knows again, God has something to say to him.

It should be, to warn him.

This god, no matter when, Emily Gale always cares the most.

Now, there are probably two more children. Emily Gale’s child is not his.

Yang Yi really felt sorry for him, but he was very happy.

“Okay, I also want to try the late-night snacks here.”

“They are all dozens of years old, and I still want to eat all the time.”

After the two people went out, Emily Gale returned to the room and watched Two sleeping children.

Yang Yi was right. Tiantian may not be so obvious yet, but Hao Hao... she stretched out her hand. Before her fingertips touched Jackson Qihao, the little guy frowned, as if something happened. Noticed.

A child over one year old, so alert, unlike Hunter Jackson, who else can he be like?

That guy’s genes are too powerful... But no matter who Haohao looks like, she will never let Hunter Jackson snatch her child back.

The child belongs to her, forever, can only belong to her!

...

"I said, what is the matter with you and Ranran? It's been two years, still can't be together? Although she still can't forget the man, but the person who has been by her side for the past two years is you Ah!" Yang Yi really has this temperament.

After drinking two more sips, he immediately

Talk endlessly.

"I have probed her tone tonight, and everyone has said that it is absolutely impossible to talk to that man."

"She is so decisive, you can't take a step forward? They are impossible, that means you have Maybe!" It's not that he wants to nag, but that he knows Jackson Tianyou's character too well.

In order not to embarrass him, Jenni, those words in his heart can definitely be held in his stomach for a lifetime!

He did not say that Emily Gale had no pressure, and of course he would not take the initiative.

This silly man, if the man doesn't take the initiative, is he still waiting for the woman to give him a hug?

Given Emily Gale's current situation, how could he fall into his arms?

They are all mothers of two children!

She will feel that she is no longer suitable for falling in love, and she is no longer qualified to pursue happiness.

So, how could she take the initiative?

"She doesn't like me."

Jackson Tianyou drank quietly, looking calm.

However, Yang Yi knew that he was actually very depressed.

"If you don't say it, how do you know that she can't accept you?" Didn't people say it?

Women are easy to relent.

Perhaps, after compelling her to accept passively, this acceptance will become a matter of course!

"Have you ever confessed?" Yang Yi asked directly.

This question made Jackson Tianyou not knowing how to answer.

Finally, I can only shook my head: "I don't want her to be embarrassed."

At the beginning, when I was in such a difficult time, when I was the most helpless, I could think of him and beg him for help. For Jackson Tianyou, it was already my greatest. lucky.

Relying on her can make him happy for a lifetime.

"I knew it!" Yang Yi looked like he hated iron for not making steel, and almost beat his chest.

"Look, you see, it's just you wood, so that two people didn't make any progress at all! You are asking if you plan to live like this for the rest of your life."

Unexpectedly, Jackson Tianyou nodded after thinking about it.

"If you can, it's good to be like this for a lifetime."

Of course, relying on him, the children call him father, and living a life like this is actually very happy, isn't it?

"You...you really...I'm going to be pissed off by you!" Is it not uncomfortable for two people to live like this for a lifetime?

But this pig, it seemed, was really intoxicated by such happiness, and he didn't feel any regret at all.

"You confess! You must confess! You..."

"She once let me leave."

The smile on Jackson Tianyou's lips gradually faded.

"She doesn't want to drag me down for the rest of my life.

She wants me to leave and live my own life.

She feels that she can raise two children by herself."

"She..."

Yang Yi was taken aback, and finally understood why he didn't dare to confess. Up.

"You're afraid that you won't be able to confess, but on the contrary, she is more determined to drive you

Idea to go?

Jackson Tianyou didn't speak, his expression was a bit lonely. Yang Yi knew that he had guessed it. This matter is really a bit tricky.

Although Emily Gale looks like a weak and weak little girl on the surface, in fact, she is very tough, tougher than anyone else. Two years ago, before she left, she gave them a three-year development plan for September Media. Now, they are developing steadily step by step according to her customized plan. September Media, early in the beginning of this year, it started to make a profit.

It was earlier than the profit-making time agreed with Jiang Er Shao! Emily Gale is a very calm person, and this can also be seen. Jackson Tianyou's worries are not unreasonable.

"But, you two are still so young, there are always opportunities!"

"You are young and energetic, and your feelings are cultivated little by little?"
"What's more, now and then, she rejected you at that time, but now, she may not accept you."

In short, Yang Yi just doesn't think that they can use this platonic feeling for a lifetime. He thought about it, and suddenly he thought of the most detrimental way: "God, drink more, drink as much as possible."

"What are you doing?"

Jackson Tianyou glanced at him, unhappy. He can't drink too much, and he will have to take care of Ranran and his two children when he goes back.

"Anyway, you just listen to me, drink more, and promise not to harm you."

Yang Yi opened another bottle of wine and pushed it in front of him: "I will make your wish come true, fast!"

drink!

Chapter 454

I want to be with you. Jackson Tianyou is not a person who likes to drink, so the amount of alcohol is not very good.

After being filled with two bottles of red by Yang Yi, when he went back, his pace was already swaying.

"What's the matter? How can I make him drink like this?" Emily Gale has not seen Jackson Tianyou drunk after coming here for two years.

"I don't know, probably because I was happy to see me, and I drank too much accidentally."

Yang Yi smiled a little uncomfortably, he was always bad at lying.

"Well, anyway, I don't know why he was so excited when he saw me, I...I'm a little tired, of course, I slept in God's room, you take good care of God."

"By the way, I will help you help him in. Jackson Tianyou was actually not completely drunk, but his steps were not so steady, but at least he was somewhat conscious.

Being supported by Yang Yi, he still made a profit subconsciously. He was not used to asking him to treat Ranran in this manner.

However, Yang Yi's words still lingered in his mind.

He hasn't taken the initiative for two years. Is it true that a woman in the family can take the initiative?

It is said that time can dilute everything, maybe, then, he is no longer infatuated with Hunter Jackson as before?

Maybe he really has a chance?

Wine can strengthen courage.

After being thrown on Emily Gale's bed by Yang Yi, he turned over and saw Emily Gale standing next to the bed. He was so frightened that he closed his eyes quickly, for fear that she would see that he was still awake.

Emily Gale didn't look at him at all.

She stared at Yang Yi who was about to go out: "Don't go, you have to stay and take care of him."

God is so drunk, Yang Yi moved him here, I'm afraid she will have to go tonight Stay with your children.

Yang Yi suddenly remembered that he didn't seem to be acting enough.

If he is sober, the responsibility of taking care of God will naturally fall on him.

"Oh... well, I take care of... I take care of him."

Yang Yi narrowed his eyes, as if he wanted to go back.

But I don't know how to do it, and he hit the chair all at once, hitting him almost to the ground.

God you on the bed almost couldn't help showing up. Unexpectedly, this guy's acting skills were not bad.

"How are you? Are you okay?" Emily Gale was taken aback, hurriedly went over, and helped him.

"It's okay, what can I do? I'm drunk, do you think I'm God blessed?" Yang Yi's pace became stumbling, and he accidentally hit the corner of the table, causing him to hold his waist in pain. Wailing.

"Don't run around."

Fortunately, materials with good sound insulation effects were selected during the decoration. Otherwise, it must wake up the children?

Emily Gale came with two big heads.

Looking back at Jackson Tianyou who was lying drunk on the bed, he hesitated and finally compromised.

"I'll help you go to sleep."

It seems that it's impossible to ask these two guys to sleep together.

"No, no need for me to take pictures

Gale Tianyou?

I can, I can, I can!

"Yang Yi was not convinced.

"Yes, yes, you are very capable, you are the best."

"Emily Gale is really speechless, drinking both of them like this, it is not easy to come back safely.

"I can really!"

"I know, go back to sleep!"

About ten minutes later, Emily Gale came out of Yang Yi's room. Back in her room, seeing Tianyou still lying on the bed, she sighed and went to help him take off his shoes.

After that, she twisted Wen Wen. Towel, wiped his face and hands. Just as he was about to leave, his wrists suddenly tightened, and he was even pulled by him.

"God?"

"Wake up so soon? But looking at him like this, I am afraid that there is no waking up.

"God, let go first, I will go and put the towel..."

But the towel in her hand was instantly destroyed. He snatched it. Jackson Tianyou raised his hand and the towel was thrown away by him where he didn't know. He sat up from the bed and held Emily Gale's hand.

It was indeed a bit drunk and hazy.

After all, for him, drinking That's a lot.

"RJenni.

"Yang Yi said, wine can be courageous, and Jackson Tianyou doesn't know if it is. I only know that something has been churning in his chest tonight.

After two years of silence, the love churned even more."

what happened?

Is it uncomfortable?

"Emily Gale stretched out his other hand and probed his forehead.

The temperature is indeed a bit high, but it is not as high as fever, probably because of drinking. I was about to take my hand back, I don't want to. Jackson Tianyou actually raised his hand and held her hand in his own.

"God?

"How does Jackson Tianyou feel weird tonight? "Of course, I...I have something to say to you.

" "what you want to say?

"It's not like his character at all. Everyone has known him for so many years, and he has done things decisively and neatly. He has never been like this. Jackson Tianyou doesn't know what's going on. He doesn't know what he is doing. He never does things like this.

It's just that. Just a few simple words, why can't you say it? "Did you see Yang Yi and want to go back to Beiling?

"Actually, let alone Jackson Tianyou, even Emily Gale himself is the same.

The moment I saw Yang Yi, the faces of all of Beiling's friends immediately came to mind.

She also wanted to go back and meet everyone. , Eat and drink together, talk about things together, work and struggle together. But she can't, she has too much right and wrong. If you go back, what will the children do? "God, I know it is really embarrassing to let you stay here.

"In fact, Emily Gale has been thinking about this matter for a long time. I have mentioned it to him several times before. Now that the child is a little older, Haohao can still go to infants like two or three-year-old children.

Go to school in the park.

She can take care of the two children by herself, but the big deal is to hire a nanny.

Two years have been delayed by God, and it is time to set him free.

"Thank you for taking care of us in the past two years, God, if you want to go back now..."

"Up to now, do you still want to abandon me and live by yourself with your children?" Jackson Tianyou's voice was a bit heavy and a bit heavy. hoarse.

"Why did I leave you behind?" Emily Gale didn't know what he was thinking, and wanted to withdraw his hand, but his hand was still tightly held by him.

This kind of behavior seems a bit embarrassing.

There has never been such an action between them in the past two years.

"God, I can't continue to drag you down."

Although it is really good for the children to have him by his side, he is already twenty-five years old and he should have his own life.

"God..."

"That's how you see me?" Are you being dragged down with her?

Jackson Tianyou frowned, obviously a little displeased: "I and you, our family of four are together, do I have a good time, don't you know?" Emily Gale was slightly stunned.

Then, what does he mean now?

Jackson Tianyou felt that he couldn't make it clear if he didn't say it clearly, this girl still wanted to abandon him!

He adjusted his breath. When Emily Gale became more and more confused, he suddenly said in a deep voice: "Of course, I...I like you, I want to be with you."

Chapter 455

At least, we tried hard, Emily Gale couldn't react, Jackson Tianyou... Is that just what she thought she meant?

She was a little confused, and could only squeeze a stiff smile: "Um, God, I am the mother of two children."

So, in her current situation, where is the right to fall in love or even get married?

But Jackson Tianyou stared at her, disapproving: "So what?" So what?

She has two children, commonly known as drag oil bottles.

And he, a golden bachelor, got a good job after coming here. He is now the minister of a large security group and his future is boundless.

With such conditions as him, of course, he should find a good girl who is young and beautiful, and still single.

And she, notorious, was raised by a man, he didn't know.

In this life, Emily Gale didn't even plan to find a man anymore.

She could live well with her two children alone.

"God, I don't know what excitement you received tonight, but I really don't suit you."

She made a profit and still wanted to take her hand back.

But Jackson Tianyou held it tighter and didn't allow her to back down.

"Why isn't it suitable? Is it because we haven't had a good time in the past two years? Is it because I didn't do anything well and made you unhappy?" Jackson Tianyou was a little nervous, no, it should be said that he has listened to Yang Yi's After deciding to confess to her, she has been very nervous.

"Of course, you tell me what you don't like about me, I change it, I change it immediately, I can really change it, you believe me."

"No, God, why is it bad for you? You have always been fine."

Whether he is a friend or the "dad" of two children, he is impeccable.

If it is not good, it is also her bad.

"Do you understand, I have had a man and had children."

"I said, so what?" The one who doesn't understand now is her!

"I like you, I have always liked you. Two years ago, no, I have liked you many years ago."

This girl, probably in the whole world, is the only one who doesn't know his mind.

Isn't it, he was really depressed so much that she couldn't feel it at all?

No wonder, even Yang Yi said he was stupid, because he couldn't act.

"I'm sorry, I should tell you earlier, so that you understand earlier."

Because of his nervousness, his forehead and face were slightly sweaty, and even his palms were almost wet with sweat.

"I have really liked you for a long time. Of course, give me a chance to be the real father of the children, okay?" Emily Gale did not speak, her fingertips were shaking.

"What do you want to believe in me?" Jackson Tianyou was anxious.

Emily Gale shook her head. In fact, with her understanding of God, he now

What I said is certainly not a joke.

She just didn't expect them to be like this.

For two years, their relationship has always been like family.

Suddenly, to break such a relationship, she started to feel uneasy inexplicably.

"God..."

"I know I shouldn't embarrass you, tonight, I am impulsive."

Jackson Tianyou is like this, never willing to make her feel uncomfortable.

Seeing her embarrassed eyes, he will feel softened.

If Yang Yi sees this scene now, I am afraid that he will be nagging for a long time.

God you let go, stood up, and walked to the bathroom.

He needs to calm down. Maybe, taking a cold shower is a very good choice.

"Don't be angry, I won't say anything like this in the future."

The drunken eyes just now were dim, and now, only calmness is left, and, at that point, disappointment that makes people hardly visible.

He walked to the bathroom, his tall body still swayed slightly, this wine was not for free.

Just as he pushed the bathroom door open and was about to go in, behind him, Emily Gale called in a low voice: "God."

Jackson Tianyou's tall body paused, and his hands were on the bathroom door, his fingertips stretched. Tight, but didn't dare to look back at her.

Does she have something to tell him?

Is it hope, or is it a complete rejection?

Jackson Tianyou didn't expect that his heart could be so flustered, too flustered, and didn't know what to do.

If she wants him to leave...

She should have known that confession usually has two results, either, everything will happen, or it will be completely rejected.

But he still wants to return to the previous peace, which is probably impossible.

This is the risk of confession, but he can't bear any risk.

"RJenni," Jackson Tianyou's back was unspeakably stiff, she even saw a trace of despair.

He looked at his hand, but never looked back at her: "I am like this now.

It's good. Even if you don't need me, the children need it. Don't think about telling me to leave..."

"I want to try.

"Emily Gale said, completely blocking all Jackson Tianyou's words.

He opened his eyes suddenly, and Huo Di looked back at her, for fear that he had misheard.

"You...are you willing to...give me a chance?" "No..."

"Of course..."

Jackson Tianyou felt like riding a roller coaster, getting up and falling down.

feeling bad!

It was so uncomfortable that it almost exploded!

What does she mean?

"I'm not giving you a chance, I just want to give myself a chance."

Emily Gale sighed. Compared with Jackson Tianyou's nervousness, she was more worried about the future and worried.

"If you really don't mind if I was touched by someone before, and gave birth to him..."

"I don't mind, why should I mind? I can't ask for it! No!

Yes, I didn't mean that!

I want to say, I am..."

He just wanted to tell her that no matter what she has experienced, as long as she is willing to give herself a chance, for him, it is the luckiest thing in the world. Jackson Tianyou hates herself. Opening his mouth, why didn't he even say a few simple words smoothly? He really didn't mean anything else, he was

really just...just too excited. Emily Gale was amused by his nervous expression that was about to explode. Lips Horn, gradually smiled a little bit more.

"But I don't know if I can really forget the past and be with you wholeheartedly. I...I can only try.

"You can, you can!"

Jackson Tianyou walked quickly to her, his fingers trembling with excitement. He wanted to hold her tightly, but he was afraid that his impulse would frighten her. He was like a stupefied young man, even She didn't know where to put her hands and feet. Emily Gale didn't feel so upset when she saw him like this. In fact, God is good for everything, really good.

She is with him, I'm afraid she won't be worthy of him. Would you like to try it with me?

If in the end, I still can't forget the past..."

"Then go back to where it is now, it doesn't matter, at least, you gave me a chance, we all worked hard!

Jackson Tianyou finally pulled her over and hugged her hard.

"I will try my best to satisfy you. I will definitely make you and the children happy. I will definitely!"

Chapter 456

Tianyou had an accident and Jackson Tianyou couldn't hold his wine in the end.

After Emily Gale let him lie on the bed, he quickly fell asleep.

Before falling asleep, she still held her hand tightly and said she didn't want to let go.

After he fell asleep, Emily Gale worked hard for a long time before gently breaking his hand apart.

Lifting his eyes, he saw his peaceful sleep, with a slight smile on the corners of his lips, so happy and content, just like a child.

Facing such a blessing, it is more of family affection than love.

She is really used to the feeling of being with God You, as to whether it is really possible to be a real couple, she herself is not sure.

Maybe, you can really try.

Back to the desk, open the notebook, and habitually look at the mailbox first.

Both the previous two scripts won prizes, but this time they won a very well-known prize with a prize money of up to one million.

But she never dared to show up because she didn't want to have any involvement with the past.

But in fact, avoiding, is it really possible to hide for a lifetime?

Yang Yi said that the man was still looking for her... Emily Gale was lost for a few seconds, and a cold figure flashed in his mind.

His eyes, his voice, and his back are so cold that it makes fingertips chill.

It is said that time can dilute everything, but why, for two years, every time that figure thinks about it, it still makes her heart dull, as if being pressed by something, so uncomfortable?

“Stop thinking about it, we should live our own lives!” She looked at her hand and gradually squeezed her fingers.

After squeezing it, she loosened it.

It’s time to live a new life.

For God’s sake, for the children, and even more for myself!

... Yang Yi lived in their house for three days.

For the past three days, because of his presence, even the nanny Juanzi took a short holiday.

On the fourth day, Yang Yi was leaving.

“I won’t go back, Lingzhi and the others will start to doubt.”

In fact, Yang Yi really wanted to bring Su Xiaomi and He Lingzhi with them.

The founders of the September media group have not been together for more than two years.

Although the days were stressful and busy, everyone was happy because they were together, even if they were busy eating and sleeping in the office for several days.

After RJenni and Tianyou left, their team seemed to lack souls.

“If you can, come back early.”

Yang Yi looked at Emily Gale with a sad expression.

“Don’t worry, we will be back soon, as long as...”

Jackson Tianyou gently hugged Emily Gale in his arms. He was accustomed to the indifferent man, and his smile seemed a lot more in the past two years.

He smiled lightly and said, "When we adapt to the new life, we will come back."

Of course, Yang Yi knows what the so-called new life means.

What.

Since that night, Jackson Tianyou borrowed wine and became courageous, not knowing what he said to Emily Gale quietly, the two people's behavior has become a lot closer.

Of course Yang Yi saw it in his eyes, and he knew at a glance that God Bless this was considered a success.

"Get used to it quickly, you know?" Yang Yichong blinked at Jackson Tianyou.

"I want you to be troublesome."

Jackson Tianyou didn't bother to pay attention to him, "Go and see what else you haven't brought with you."

"I am a big man, if I can have anything, I just need to bring my passport and mobile phone, nothing else matters" Having said that, Yang Yi still carefully checked the contents of his duffel bag.

If you really lost something, it would be troublesome to send them back later.

The two men entered the room, not knowing what they were still holding. Emily Gale fed the children, and the door of the hallway was suddenly opened.

"Juanzi, are you back?" The time was just right, and they were about to send Yang Yi to the airport.

"Yeah."

Juanzi nodded, changed her shoes, and walked into the kitchen.

Emily Gale frowned. This Juanzi usually talks a lot. Why doesn't he say a word after coming back today?

Seeing a child, it's not like before, come over and intimacy?

She followed to the kitchen door, but saw Juanzi standing in front of the sink, not knowing what she was thinking, as if she was taken aback.

Emily Gale walked over: "Juanzi?" Juanzi was startled by her sudden appearance, and almost exclaimed.

"Mrs., madam, do you want me to do anything?" She was in shock.

"It's okay, just ask what you're doing."

Seeing her unconscious, Emily Gale was a little worried: "What's wrong? Is it unwell? Do you want to go to the hospital?" "It's okay, I'm just thinking about things.

It's okay."

Juanzi sighed, finally cheered up, and said with a smile: "Won't your wife go to work? The time is coming, go to work as soon as possible, sweet and leave it to me."

"Okay, you Looking at Tiantian, we are going to send our friends to catch a plane."

Emily Gale saw that time was really running out, and immediately went out from the kitchen.

Juanzi stared at her walking out, her eyes gradually condensed, she didn't know what she was thinking.

Jackson Tianyou first sent Haohao to the kindergarten, and then drove Yang Yi to the airport with Emily Gale.

"How did the kindergarten be willing to accept Haohao's age?" Yang Yi asked.

In general kindergartens, children are only willing to accept them until they reach the age of three.

But Haohao is only over one year old now, not even one and a half years old.

"The dean we directly asked for an interview for Haohao. His self-care ability is much better than that of a three-year-old kid.

Therefore, the dean accepted and let Haohao go to school."

Yang nodded.

Want to come

Yes, Jackson Qihao's IQ is really not comparable to that of ordinary three-year-olds.

Although not as good as an adult, it is not impossible to say that he knows more than a five-year-old child.

That kid is really amazing, he is a ghost, just like his father... Yang Yi shook his head and almost wanted to slap himself.

At this time, how can you still think about the relationship between Haohao and Hunter Jackson?

I can't think about this anymore.

Sending Yang Yi to the airport, Jackson Tianyou coldly watched the two Yiyi say goodbye for two minutes before throwing Yang Yi into the crowd.

He took Emily Gale into the car and left the airport.

"I still have something to say to him, and there is no time, why rush to leave?"
"What is there to talk to him, in these three days, he has not been arguing enough?" That guy was like It's like talking about tuberculosis, talking endlessly. In three days, he said more than he had said in the past two full years.

"We haven't seen each other for a long time. Of course we talk a lot. How can you dislike it?" Emily Gale gave him a blank look. If he is not talking like him, wouldn't life be suffocated?

"We will talk again when we meet next time."

Jackson Tianyou sent her downstairs to the company. Emily Gale, who had already put on her ugly makeup, got out of the car, and she became submerged in the crowd and never had a chance to find her back.

She was still busy with work that day.

At noon, she finally had free time.

Habitually take out the mobile phone and turn on the monitoring at home, wanting to see whether Tiantian is good at home.

But this time, no matter in the hall or the room, Tiantian and Juanzi were not present.

Did you go out?

However, the cart that Tiantian must bring when going out is still quietly placed in a corner of the hall.

Thinking of what Juanzi looked like when she came back in the morning, suddenly, Emily Gale felt uneasy.

Continue to look at the monitoring, this anxiety seems to be getting heavier.

She immediately dialed Juanzi's number, and the other party said it could not be reached!

what happened?

From twelve o'clock noon to one point, it was time for sweet sleep, and there was still no sign of them at home.

Continuing to make Juanzi's call, it also showed that it could not be connected.

Emily Gale finally couldn't help it, and dialed Jackson Tianyou's phone: "God, Tiantian and Juanzi..."

It seems something has happened."

Chapter 457

Dad, Dad!

This is a strange city.

He didn't know why he wanted to take on such a project that was so small for him.

Just after reading the plan sent by the other party and seeing the tiny figure in the corner of the photo, I suddenly became interested in this project.

Small projects are not worth his visit.

But that little figure, it was obvious that those people accidentally shot in when they were on the scene, but he just couldn't see anything, only her.

It was a very small girl standing in front of a bunch of balloons, only half of her face, she couldn't even see the front and facial features.

But after seeing this photo, his heart suddenly moved, as if the tip of his heart was torn by someone.

The feeling of heartbeat is pure, but it is so moving.

So, he came, beyond everyone's expectations.

"Master, the land we planned is ahead.

It is close to the city center.

It is definitely the most valuable prime location in the entire South City."

Boss Li knew that the other party was coming, so he waited at the airport early in the morning and picked him up in person.

This meeting, also from the front and back, waited carefully.

The man glanced in front of him.

It was considered a lively downtown, crowded with people coming and going.

But compared to the city center of Beijing, it is still far behind.

After I came, I saw the scene and didn't see the little girl in the photo, so I was relieved and disappointed.

He even looked at it more, feeling a waste of time.

I don't know which muscle is wrong, but it really happened.

The man was about to turn around and leave, and suddenly, in his sight, something broke in.

He was taken aback, and suddenly looked up.

In the distance, a little girl was being held by a tall, strong man, crying and struggling.

On the opposite side stood a woman, a thin and small woman, who was taking money from another strong man.

That little girl!

A man can recognize it at a glance, and it is really the little girl he saw in the photo!

money?

The man's face sank, and suddenly he took his long legs and chased him with a stride.

"Young Master?" Aspen Li didn't know what he was going to do, but seeing him running so fast, he could only chase him quickly, "Young Master, wait for me!" In the distance, Juanzi just received the money. When Tiantian cried so desolately, she couldn't bear it for a while.

However, her mother became so ill, she needed money to operate on her mother, she couldn't be relentless, and she had no choice.

"Tiantian, I'm sorry, I'm sorry..."

"Let's go!" The strong man who gave the money gave her a hand and almost pushed her to the ground.

After that, the two people walked towards the van not far away.

Tiantian was covered in her mouth and couldn't cry, her legs and little hands danced around, tears streaming down her face.

Almost frightened.

"Such a tender little girl, she must be able to sell for a good price."

The two strong men were full of joy and just opened the car door and were about to go up.

Suddenly, the brawny man holding his sweet scream screamed, his body stiffened and he rolled straight on the ground.

And Tiantian, in a blink of an eye, had fallen into Hunter Jackson's arms, and was gently held by him.

The little girl was obviously frightened.

She hugged Hunter Jackson's neck and started crying: "Dad, daddy, oooooo..."

Dad!

Hunter Jackson was used to his cold and hard heart, and suddenly became soft and messed up.

Hugging Tiantian tightly, his extremely cold gaze swept towards the strong man standing by the car door.

"Who... who are you, why are you stealing my child?" The burly man was so frightened by the chill in his eyes that he stepped back and hit the car door with a thud.

But he straightened his waist immediately, and looked at each other with the strong man who got up from the ground, and suddenly he didn't say anything, and rushed towards Hunter Jackson.

Tian Tian just raised her head from Hunter Jackson's shoulders, and when she turned her head, she saw the appearance of two men rushing over in a fierce spirit.

The cry that was finally stopped, suddenly started crying again.

Hunter Jackson's face sank, and the moment the two rushed to him, his long legs stretched out.

The strong man who rushed forward gave a scream and fell down in response.

The second strong man was panicked and wanted to come, but he didn't dare.

"Dad, Daddy!" The strong man covered Tiantian's mouth just now, and Tiantian was afraid that he would want to hit him again.

However, although the little guy is not old, he also knows that he can't beat that person.

As soon as he called his father, the father knocked him down.

Therefore, Tiantian called father twice again.

Hunter Jackson didn't know what he was thinking at all, but after hearing the little girl's two calls, he immediately "dad" went to his upper body, walked quickly over, and kicked another strong man to the ground.

"Dad, Daddy!" Tian Tian stopped crying, but instead smiled at him.

"It's really sweet."

The little girl smiled sweetly, and suddenly hit his heart into a puddle of mud.

"Master!" Aspen Li rushed over.

Just now, this scene has been seen clearly.

He said anxiously: "That woman is gone."

"There are surveillance everywhere here, she can't run."

Hunter Jackson's eyes were cold.

"Then...then, call the police?" Aspen Li's eyes fell on Tiantian.

This girl, who was crying with snot and tears, cleverly rubbed the cloth on the shoulders of the young master.

Then, she may be comfortable, but the clothes of the young master...

The young master is a person with cleanliness, and these tears and noses on the clothes...Wait, will he throw the little girl directly on the ground?

However, this little girl looks really familiar...

"Dad."

Called sweetly and softly.

Then, she looked at Hunter Jackson with pitiful eyes: "Dad, eat, eat..."

Hunter Jackson frowned: "Hungry?" Tian Tian didn't know if being hungry meant what she thought.

Anyway, she used her own way to express.

"Eat, eat..."

She opened her small mouth as if she was eating, biting down in one bite: "Uh, uh!" "She seems to be really hungry."

Even Aspen Li understood.

Hunter Jackson stared at the little girl and saw that there was nasal water on the tip of her nose, so he grabbed Aspen Li's sleeve.

"Young Master?" Aspen Li looked dazed, what did Young Master grab his sleeve.

It was not until Hunter Jackson used his sleeve to wipe Tiantian's face clean, and it was not until he discovered that there were a lot of saliva and nose from young friends on his sleeve, that he knew what the young master meant.

Oh, why do you seem to be a nanny suddenly?

Hunter Jackson didn't say anything any more, and walked to the noodle restaurant by the square holding Tiantian.

Aspen Li also wanted to follow up, but was stopped by several boss managers: "Mr. Li..."

"Call the police and ask these people to take a confession and talk about the little girl."

Aspen Li pointed to the two and fell to the ground.

The brawny man who still couldn't stand up in pain.

"About the project, when the young master feels better, I will talk about it later."

Chapter 458

They walked into a noodle restaurant with a mold printed.

Although it is only a noodle restaurant, the decoration style is also very delicate.

As soon as Tian Tian entered, she immediately struggled when she smelled the scent of noodles.

Seeing the surface of the table next door, I want to jump over.

Where do children over one year old know the rules?

All she knows is that she is hungry and she wants to eat.

"Let them hurry up!" Seeing her staring at others, Hunter Jackson's jealous look immediately made him desperately distressed.

"Well, well, let them get a bowl out immediately."

Aspen Li had never seen the young master so anxious.

As soon as he sat down, he stood up and walked to the counter in person.

"Any taste is fine, fast!" Now Hunter Jackson just wanted to feed the baby, and forgot everything else.

"Good!" Aspen Li quickened his pace.

"Don't be spicy!" Behind him, there was another anxious voice from the young master.

"Yes!" Aspen Li walked quickly to the counter, and gave out a few large bills:
"The little girl is starving. Give us a bowl immediately. Don't be spicy, anything else is fine."

"Good..."

Boss Seeing that the employee just brought out a bowl from the back, he quickly brought it over and delivered it to Hunter Jackson.

"Eat, eat!" Tian Tian earned from Hunter Jackson's arms and wanted to rush over.

"Hot! Don't mess around."

When did Hunter Jackson take the baby?

Seeing the little girl rushing over, I was worried that she would be hungry, and even more worried that the hot noodles would burn her.

But not letting her jump over, the little girl immediately burst into tears, and for a while, the omnipotent Young Master Jackson was at a loss.

"Okay, OK, don't cry, I will do it right away, I will do it immediately."

When facing Tiantian, he was so gentle that it dripped water, and when he looked at Aspen Li, his eyes were like a knife. Kill with a slash!

"I don't want a solution yet!" "I...my..."

How can I find a solution?

He has never brought a baby!

The lady boss was still sharp-eyed, and hurriedly sent a small bowl over to help get a little noodle onto the small bowl.

After doing this, the noodles really got cold quickly.

Hunter Jackson picked up the chopsticks, clamped two of them, and sent them to Tiantian.

Tian Tian immediately bit down, but where did Hunter Jackson feed the child?

The noodles are one by one, and with a sweet bite, the noodles will fall off, directly on the table.

Tiantian reached out to grab it, where could Hunter Jackson mess her up, the table was dirty!

I immediately picked up two more sticks and continued to feed her at random.

The half of the small bowl was finished, and the noodles in the sweet belly were eaten. I am afraid that there is not even the adult's half of the noodles.

Aspen Li sat aside, looking anxious, and wanted to snatch the chopsticks from the young master several times and feed this girl himself.

But, dare not!

Later, the lady boss served one

The impasse was finally broken when the bowl of millet porridge came out.

"This is our own millet porridge. We didn't plan to sell it. Let's give this little girl a bowl."

The proprietress smiled, "It's more convenient to use a small spoon."

"Thank you."

Rarely would do this to people.

The polite Young Master Jackson, for a bowl of millet porridge, actually smiled at the proprietress sincerely.

The lady boss originally had a lot to say, but after seeing his smile, she was completely stunned.

This young man, laughing, is really earth-shattering!

If she hadn't been too young, she would have been fainted by him.

"Oh, father and daughter both look so good-looking. Look at the big eyes, small nose and small mouth.

They look like fathers."

The boss lady is serious.

It doesn't matter if you look at it separately. When the two people get together, they look like a mold. Come out like that.

Father and daughter... Hunter Jackson hadn't reacted yet, Tiantian had already looked up at him and screamed with a grin, "Dad, daddy!" She doesn't speak much, but the two words daddy are very clear. , Fortunately, it sounds intoxicating.

Hunter Jackson looked down at her.

The two words "Dad" came out of her little mouth. How could it sound so nice.

Because it sounds so good, I even forgot to correct it.

He nodded: "Yeah."

Aspen Li really didn't look at him, what did the young master do?

Are you addicted to being a father?

"Dad, eat."

Tiantian can forget everything, but can't forget to eat.

"Okay, eat."

After a meal, "Dad" was in a hurry from the beginning, but later became more and more smooth, just like a real dad.

Tiantian eats noodles, he eats Tiantian and eats the rest.

Sweetly eats millet porridge. When he is tired, he drank the rest of the bowl in one bite.

Seeing the young master's smile from time to time to the little girl, Aspen Li was almost moved to cry.

Two years!

Since Emily Gale left, for two full years, he has never seen the young master smile.

Today, with just one meal, the number of times the eldest master laughs is incredible.

If this girl is really the youngest master's daughter, how good would it be?

"Master, don't tell me, you two..."

Aspen Li looked left and right, couldn't help but said: "It's really alike, very much alike."

Joseph looked sweet and sweet. Tian Ya happened to stand on his lap and looked up at him.

"Dad."

The little girl called again.

"Huh?" Hunter Jackson thought she had something to say, so he lowered his head and leaned closer.

Who knows, the little girl suddenly stood on tiptoe and gave him a k*ss on the cheek.

"Dad, daddy!" the girl yelled cheerfully.

Hunter Jackson was completely stunned.

At the moment when she was k*ssed by her, she felt sour, and she felt like she wanted to hold her tightly and never let go.

Aspen Lique

I don't know what he was thinking, but seeing the young master stunned, his face lost his expression, he immediately became alert.

Master... will you get angry?

How could he allow a woman to k*ss herself?

However, this woman, who is only over one year old, should...should be okay?

But the young master's face was stained with the uncleaned millet of the little girl... Aspen Li was full of anxiety, and saw Hunter Jackson suddenly turning his head.

The reflective glass next to the noodle shop just reflected him and sweetness. appearance.

The two faces are really similar. Even the millet scum on the face is very similar...

"Heh!" This so seriousness made Aspen Li almost want to take the little girl from his arms, so as not to hurt the innocent. Young Master Jackson suddenly laughed loudly.

The laughter was not loud, but they were shocked by everyone around him, staring at him for a moment, their eyes straight.

What is beautiful meal?

As long as you see this man smiling, you don't even have to eat noodles.

Really handsome, so handsome, so handsome, inhumane, so handsome!

Dad smiled, Tiantian was in a better mood, and stood on tiptoe again.

This time, Hunter Jackson was very cooperative. He lowered his head and approached all the time, letting her k*ss her.

Finally, the two people were smudged on their faces, either millet or noodles.

However, all of his faces were filled with joy.

The sky was blue, and the heart that had been depressed for two years suddenly became very clear.

Chapter 459

Please don't disturb our lives anymore.

The time for a meal, both big and small are all dirty.

But walking together, there is no harmony and warmth.

“They have already called the police. When they get the woman, they should know the identity of this little girl.”

When he came out of the noodle restaurant, Aspen Li answered the phone and reported the news to Hunter Jackson.

Hunter Jackson looked at the little girl who was holding his big palm, and suddenly felt sour.

After knowing the identity of this girl, do people have to send them back?

Why are you so worried and melancholy inexplicably?

“Young Master, she is a child of someone else’s family.”

Seeing his look, Aspen Li suddenly became uneasy.

The eldest master is trying to take the little girl as his own?

However, this cannot be done.

Thinking that the young master would be unhappy because of his own words, he didn’t want to, he just responded indifferently: “Yeah.”

But it was such a light “Yeah” that made Aspen Li suddenly feel a little uncomfortable.

Two years, the appearance of this little girl gave the young master the only happiness.

But this little happiness will soon disappear.

"Young Master, or..."

"Sweet!" Suddenly, a call came from behind.

The woman went crazy, bumping her head against Hunter Jackson's side, and was about to grab the little girl who was walking with him.

Aspen Li's hand was stretched out, but was split by the man who came with her.

Joseph's eyes sank, and he was about to detain the person who broke in.

In the next second, because he saw her figure clearly, he was completely stunned, completely unable to react!

Two years!

She has lost weight, but the figure is still exactly the same.

She wears makeup on her face, a kind of makeup used to ugly her, just like when she was engaged to him.

She also wore a pair of big and ugly glasses, which almost blocked half of her face.

Therefore, the person he sent out could not find her, because she is completely an ugly girl now!

The photos he gave them are far from the ground!

"Tiantian, how are you? Is there any pain? Tell mom, where does it hurt?" Emily Gale was so anxious that her tears were coming out, and the feeling of recovering from loss made her almost burst into tears.

After searching for more than two hours, she almost fell apart.

I have seen the news that those children are missing before, although I feel distressed, but no one can taste the despair without personal experience.

Her sweetness!

Her sweetness is really back!

"Mummy."

Tiantian cried out in a good manner, making Emily Gale endure tears for so long before she finally slipped down.

"Mommy...Dad, Dad."

Tiantian was like sharing a good thing, eager to tell her mom the "good thing" in her eyes.

Emily Gale suddenly became prepared for the man next to him, only then did he remember to hold Tiantian

Stepping back quickly: "God!" Jackson Tianyou didn't say a word, because as early as the moment of fighting against Aspen Li, he had already seen the opponent clearly.

Hunter Jackson!

After two years, this man finally found this place.

But dad?

Jackson Tianyou's face suddenly turned ugly, why did Tiantian call this man father?

After holding Tiantian back for several steps, Emily Gale looked up and finally saw the man in front of him clearly.

He has lost weight.

The person is still that person, still a lofty, arrogant and conceited Young Master Jackson.

However, in his eyes, there is a loneliness that he did not have two years ago.

It is like an abandoned child, although he is very tough outside, he still can't escape the loneliness.

She can even imagine from his silent eyes, every night when the people are quiet, he smokes alone from the back.

Do not!

This man forced Gale's family into desperation, and forced her to have a home and cannot return!

What does he want, what is he alone?

Women are most likely to die in their own fantasies, because fantasies are often just their own wishful thinking!

After just a few seconds of chaos, Emily Gale completely calmed down.

Tian Tian still looked at Hunter Jackson, with a happy smile on her small face: "Dad, Mommy, Dad."

Hunter Jackson's heart was shaken!

The little girl turned out to be Emily Gale's daughter.

She should be over a year old now, so... so!

Is she... really his daughter?

"Of course..."

"He is not your father, your father is here!" Emily Gale stared at Tiantian with a serious face: "Go back to Dad."

Tiantian is still a little confused. In fact, she doesn't know her father at all. What is it.

It is Dad who can give her a sense of security.

After Emily Gale put Tiantian down, Tiantian walked up to Jackson Tianyou and screamed, "Daddy."

Emily Gale breathed a sigh of relief, but Hunter Jackson's eyes were filled with despair like a thunderbolt.

She is... Jackson Tianyou's daughter!

A little girl over a year old!

At first, after they left, were they immediately together?

Otherwise, the little girl could not be so big!

All of a sudden, mixed feelings, the feeling of falling from heaven to hell, made him almost unbearable, such a strong and frightening young man in the market.

"Why are you taking Tiantian away? What do you want to do?" Emily Gale stepped forward, blocking Tiantian and Jackson Tianyou, looking at Hunter Jackson with anger in his eyes.

"Young Master Jackson, our family has already hid from you so that they don't even dare to return home. Two years ago, are you still unwilling to let us go?" He actually dared to move sweet!

Emily Gale's palm was pinched tightly: "What do you want?" Hunter Jackson just looked

He said nothing to her.

For two years, he really didn't think about letting her go, because he never stopped looking for her!

Aspen Li couldn't see his young master being wronged. He hurried to explain: "The young master didn't want to do anything to Miss Tiantian, he just..."

"Shut up!" Hunter Jackson said coldly.

Aspen Li let out a sigh of relief, and wanted to say a lot, but the young master didn't allow him to say it!

Hunter Jackson took a step forward, looking over Emily Gale, and falling on the little girl in Jackson Tianyou's arms.

She... turned out to be the daughter of Jackson Tianyou and Emily Gale.

Creating things to make people, why did he see this little girl as if he was a treasure.

It turned out that everything was because she was Emily Gale's daughter.

He took a step further, trying to reach out and touch the woman who made him miss every night.

However, before the hand touched her, she was already pulled into the arms by another man.

Hunter Jackson looked at the two people in front of him, and the temperature in his eyes dropped instantly.

"Of course, come back with me!" Emily Gale sneered: "What do you do with you? Young Master Jackson, do you want me to be your plaything?" "Stop talking, sweet is here."

Jackson God knows that as long as these things are mentioned, Emily Gale will suffer.

Since it is painful, why bother to mention it?

Emily Gale bit her lip and closed her eyes vigorously.

When I opened my eyes again, there was no more feeling in my eyes.

"Young Master Jackson, please stop disturbing our lives, otherwise, I will call the police directly!"

Chapter 460

Didn't you want to run again?

"Grandma, the young master really has no malice. This is a misunderstanding."

How could Aspen Li bear to see the young master being misunderstood and wronged?

He walked over quickly and said anxiously: "We saw human traffickers trading on the street before, and the young master rescued Miss Tiantian from the traffickers."

"Do you think I will believe it?" Emily Gale was right. Hunter Jackson and the people in Hunter Jackson didn't want to believe a word.

"Grandma..."

"I'm not your grandma!" Emily Gale looked at him coldly, "Aspen Li, you used to be good to me, I thank you, but please don't bully your grandfather again Human affairs, you will have wives and children in the future!" In broad daylight, you even snatched someone else's daughter!

Do you know how anxious and desperate she was after discovering that Tiantian was really missing?

They have never been the parents of their children, and they cannot taste this terrible taste!

"Da...Miss Ranran, it's really not us..."

"Mr. Li, we got it!" In the distance, two men hurried over, running out of breath.

"Mr. Li, Young Master Jackson, caught... caught that woman!" Aspen Li's eyes lit up, and he looked at Emily Gale hurriedly: "It's a woman who wants to sell Miss Tiantian to a trafficker. Now, people have caught it. , You are Miss Tiantian's mother, and you should go over and take a look."

...

The woman who wanted to sell Tiantian turned out to be Juanzi.

Juanzi was crying, and she didn't know if she was afraid or regretting.

"I'm sorry, Mr. Jackson, Mrs. Jackson, I'm really sorry, I can't help it, I...My mother is going to die soon, I'm sorry! I really need money..."

Emily Gale did not sympathize with her.

Everyone is short of money, everyone has their own unspeakable pain and helplessness, but this is not an excuse for you to do bad things!

Juanzi was taken away by the police, and Emily Gale and Jackson Tianyou also went to record a statement.

As for Hunter Jackson, he also went to the police station because it was his sweet rescue.

When I came out, it was already past four in the afternoon.

Sweet belly screamed again.

As soon as he was hungry, he immediately wanted to stretch out his hand to Hunter Jackson: "Dad, eat, eat..."

The child was so hungry, after eating for less than five hours, he started to make trouble again.

Emily Gale immediately hugged her back: "Mummy will take you to eat."

She looked at Jackson Tianyou, but actually wanted to remind God that it was time to pick up Haohao.

However, Hunter Jackson and Aspen Li are here, and she doesn't want to mention Haohao.

Hao Hao was more like Hunter Jackson than Tiantian, especially that character, which was simply a reduced version of Hunter Jackson.

If Hunter Jackson met Hao Hao, he didn't know what would happen.

She can't afford any risk of losing two children, a little bit

Will not work.

"Tiantian, Dad and Mommy will take you back to eat."

Jackson Tianyou went to pick up the car immediately.

Emily Gale also wanted to follow, but behind him, Hunter Jackson's muffled voice came: "Tiantian is my rescue."

Emily Gale paused, hesitated for a long time, and finally turned around and looked at him: "I'm sorry, yes. I misunderstood you, and thank you for saving Tiantian, but..."

There was no extra expression on her face.

After two years, everything should fade away, and the little damn throbbing in my heart shouldn't let it continue.

She said blankly, "But, please don't disturb us anymore, thank you!" Jackson Tianyou drove the car over, and Emily Gale hugged Tiantian and stepped on it as fast as possible.

Before the car window was closed, Tiantian was still lying next to the car door, looking at Hunter Jackson, her little mouth opened: "Dad..."

"He is not your father!" After that, the car window was closed.

Hunter Jackson still stood in place, watching them leave quietly.

"Master..."

Aspen Li didn't know what he was thinking.

However, they have been looking for Emily Gale for two years. Isn't it true that they won't catch up at this time?

However, Emily Gale unexpectedly stayed with Jackson Tianyou and gave birth to a daughter... Aspen Li was also very irritable in his heart, why did the youngest grandma be with another man!

What about the young master?

I don't know how long it took before Hunter Jackson said indifferently: "Find out their addresses."

Aspen Li's heart brightened, and he immediately got full of energy!

"Yes!" Hunter Jackson gradually narrowed his eyes as he looked at the direction the car was leaving.

Stop disturbing them?

is it possible?

He looked for two years, two full years!

It's not easy to find it, it is absolutely impossible to let go!

What if it's not his daughter?

The little girl called him father, then, he will be her father in the future!

He not only wants a wife, but also a daughter!

..... Emily Gale was struggling all day today.

When she showered Tiantian at night, Tiantian suddenly called out, "Where's Dad?" But Dad, he was obviously outside the bathroom, still preparing small clothes for her.

Haohao is also in the room, reading a book.

Hearing Tiantian's scream, he, as an older brother, was happy to explain to her: "Dad is getting clothes."

Tiantian seemed to understand, but suddenly she broke away from Emily Gale's hand and moved away from her short legs. Run out.

Hao Hao had quick eyes and quick hands, and immediately took a bath towel and wrapped it around her.

The little guy over a year old, even Emily Gale was not so nervous to see her body, after all, she was still young.

Hao Hao was different, Hao Hao was very upset that he ran around naked.

"Don't be seen!" Haohao was very angry.

But Tian Tian didn't understand at all, she looked around in the room: "Where is Dad?" She asked very seriously, because of this seriousness, Jackson Tianyou's heart

The head was jerked.

Sweet dad, not him.

"Sweet, Dad is here, don't talk nonsense."

Emily Gale's face is not very pretty.

Very rare, she became serious at Tiantian: "You only have this father, you know?" "Daddy."

Tiantian suddenly changed her name.

Daddy?

This girl has never been called Jackson Tianyou like that.

Tianyou and Emily Gale looked at each other, and suddenly felt sore, and they understood at the same time.

Sweetheart's father has changed hands, and he, in order to fulfill what a father said, has become a daddy.

How does the little girl's heart grow?

Accompaniment for more than a year is not as good as someone who has known each other for less than a day.

A feeling of weakness surged in Emily Gale's heart.

Tian Tian is only a child over a year old, what can she understand?

Whatever she likes, she shows it naturally.

She doesn't care whether others are happy or angry, because she doesn't understand.

Emily Gale took her back to the bathroom, took a shower and changed her clothes, and coaxed her to sleep.

Probably because I was outside during the day, I was a little tired from tossing, and fell asleep shortly after lying down.

"Haohao, Tiantian was frightened today. Take care of her tonight."

Emily Gale explained this when she came out of the room.

Hao Hao pulled Tiantian's quilt, nodded, turned on the small lamp beside the bed, and continued reading.

The same age, completely different IQ... Emily Gale rubbed his eyebrows and came out of the room.

As soon as I closed the door and looked up, I saw Jackson Tianyou sitting on the sofa, looking at her.

"Talking?" Tianyou brought a cup of hot tea and walked to the balcony.

The winter wind was a bit cold, and Emily Gale, who came out behind him, subconsciously rubbed her hands.

Jackson Tianyou stuffed the cup into her hand, and Emily Gale suddenly felt that even the palms of her hands became warm.

God, always so careful.

Jackson Tianyou gently hugged her and looked at the night sky above her with her.

His voice was as soft as ever: "Is it, you want to run again?"

Chapter 461

When I waited for Jackson Tianyou, I knew Emily Gale. Especially, the past two years have been relative each other day and night, and I have understood more deeply than before.

The first time he saw Hunter Jackson, he knew that she was already thinking about how to escape.

"But since he has chased here and escaped, where can he escape?" The word escape, in Emily Gale's head, has indeed been around for an afternoon, plus half an evening.

She really wanted to leave, and immediately left to go to a place that Hunter Jackson would never find.

But now that he knows that people are here, it is not easy to leave.

What's more, where can she escape with her two children?

"Don't think so much, no matter what problems you encounter, I will stay with you."

Jackson Tianyou gently hugged her in his arms.

"It's okay. I don't feel anything for that man anymore. Now Gale's crisis has been resolved long ago. Even if he comes, it won't affect me."

I don't know if this is to comfort Jackson Tianyou, or to comfort Jackson Tianyou. Comfort yourself.

Jackson Tianyou nodded, there was something he wanted to say, but he didn't know if he should say it.

He seldom had this time when he wanted to talk and stopped. Emily Gale looked at him: "Is there something to say?" "Kylena Gale has not been arrested yet."

Emily Gale was taken aback for a moment, she didn't know. What to say.

Jackson Tianyou's voice was very weak: "Gale's people have been looking for you. In order to find you, they didn't think about finding Kylena Gale."

"Could it be that they didn't call the police?" As long as they call the police, there will be someone from the police. Find it.

"Or, she is no longer in Beiling and Lingzhou?" "It should be there. Everyone didn't put much thought on it, but the police have been looking for it, but they couldn't find it."

Jackson Tianyou at this time Tell her this, in fact, just want to tell her something.

But he didn't know why he told her about these things.

It seems that there is no benefit to him.

But, of course she should know.

"Gale's and Jackson's are working together again. Now, the two companies have a lot of big projects under development. Hunter Jackson took over the project that Jackson's fifth master had done before."

Emily Gale didn't speak, she didn't want to know Jackson at all. War North thing.

But she knew that Jackson Tianyou would say this because these things were related to her.

Jackson Tianyou looked at the distant sky, and his voice was still light: "I heard that in order to take this project from Jackson Peitang, he transferred five points of Jackson's shares under his hand to Jackson Peitang."

Jenni grabbed the ten fingers of the railing and tightened suddenly.

Five points!

She knows the weight of these five points!

Five points are enough for a family to live in luxury for ten lifetimes!

In order to help Gale family, he actually gave up his five points in Jackson family, this man,

Simply a lunatic!

"Then Gale's...Gale's project..."

"The contract is peacefully terminated."

This is what Jackson Tianyou meant.

Hunter Jackson's five points were sent out for nothing.

It is not so much for the Gale family as it is for her Emily Gale.

Although he didn't want RJenni to have any entanglements with Hunter Jackson, but since Hunter Jackson came here, then RJenni has the right to know these things.

He didn't want his own refusal to say, hindering Emily Gale's choice.

In fact, he is used to standing behind RJenni, watching her quietly and guarding her.

The confession that night was only because of Yang Yi's instigation, plus he did drink a lot of wine.

So, I suddenly became impulsive.

He hopes that Emily Gale will be happy and happy. If she is happy with him, he will be desperate no matter who the opponent is.

But what if, of course, following him is not happy?

She has the right to know and the right to choose, and he, as in the past, never wants to embarrass her.

"I'm going to see the two children, you go in early to rest."

Emily Gale kept silent. Jackson Tianyou looked at her for a long time before turning and leaving.

But at the moment he turned around, her palm was suddenly held by her.

"God, don't you want to be with me? Why do you want to tell me this?" "Your heart is upset, don't force yourself."

Jackson Tianyou shook her hand instead, shook it hard, then let go .

"God!" She didn't want to choose, because she shouldn't choose.

So, don't give her the right to choose, she doesn't want it at all!

Jackson Tianyou laughed, rubbing her long hair, his tone was not the same as his cold appearance, and his words were indescribably soft.

"I didn't force you to do anything. I just hoped that you can go on according to your own ideas. Of course, I will support you wherever you go."

He left, turned back into the hall, and then went back to see the children.

Emily Gale's heart has never been able to calm down.

What Hunter Jackson did for her really exceeded her expectations.

God can not tell her, but he did.

She held her head and closed her eyes.

Don't think, don't think about the man who is thin, depressed, and tired, don't think about anything, because, shouldn't think!

She has children, she is blessed!

No, maybe, shouldn't stay here again.

Not to escape, she just...she just wanted to change the environment.

Emily Gale didn't know how long she stood on the balcony before she made up her mind.

She didn't want to stay in Nancheng any longer.

As soon as I walked in, I saw Tianyou coming out of the children's room, answering the phone in a low voice.

Emily Gale stood by the side of the hall, watching him quietly.

It seems that the company of God blessed

It was a little urgent when I came here, but I didn't say very clearly.

Soon, Jackson Tianyou hung up and looked back at her.

"Is the company in a hurry?" Emily Gale asked.

"Yeah."

Jackson Tianyou said a little.

"Mr. Miao Sen was attacked tonight.

The brothers who were sent to protect him were injured.

The company decided to let me personally escort him back to China."

"Will it be dangerous?" Mr. Sen, Emily Gale has heard of it, and is a big man.

Even several of his brothers were injured. I am afraid that this errand is difficult to do.

"Working in Baoquan Group, I said there is no danger, and you wouldn't believe it, would you?" Jackson Tianyou didn't want to lie to her because he knew it and couldn't lie.

What's more, sometimes not telling the truth, on the contrary, it makes people more disturbed.

Therefore, he never tells so-called white lies.

"But don't worry, I know there are wives and children waiting at home, so I will cherish myself."

This is the greatest sense of responsibility as a man.

Emily Gale nodded, found him a piece of clothing, and then helped him pack simple luggage before sending him out.

When she walked to the door, she was still a little uneasy: "Be careful."

"Yeah."

Jackson Tianyou wanted to leave, but tonight, she felt a little bit reluctant.

When she was about to leave, she suddenly turned her head and pulled Emily Gale over, bowed her head, and printed a k*ss on her forehead: "Wait for me."
