

Love Through Time and Space

Chapter 462

Calling my dad, it will take at least two or three days for my daughter to send the muse back home safely.

In case there is any difficulty in the middle of the journey, or if there is an attack, the time will be even longer.

It's not that Jackson Tianyou has never gone out, but tonight, he is inexplicably uneasy.

He hugged Emily Gale in his arms, and Wen Yan urged: "Something happened to Juanzi. I'm not here these days and I haven't looked at Tiantian. Either bring Tiantian to work or take a few days off with the company. Tiantian is not like Haohao, she can't take care of herself at all in life, so she can't be sent to kindergarten yet.

After such a thing as Juanzi, they might live in the shadow of Juanzi for a long time.

In a short time, I probably didn't dare to find another babysitter.

"I'll take care of it, don't worry, it's you, you must protect yourself."

"Yes, I have to save my life and come back to reunite with my sweet wife!" Jackson Tianyou's face was slightly spicy, never It's rare for him to talk about love, and he said a few words or two.

Emily Gale glanced at him and gave him a light push: "Let's go, the people in the company are waiting for you."

"Okay."

The people in the company are indeed waiting for him.

It happened suddenly and there was no time to delay him.

Jackson Tianyou k*ssed Emily Gale's forehead again before letting her go and turning to leave.

But when he reached the elevator door, he suddenly stopped and frowned.

There is a strange feeling.

In my heart, there is a faint trace of anxiety floating.

He tilted his head and glanced around warily.

But the surroundings are still the same as usual, there is nothing.

"What's the matter?" Emily Gale was still standing at the door, looking at him.

Jackson Tianyou's eyebrows stretched slightly.

He looked back at Emily Gale and shook his head: "It's okay, you go in first and lock the door."

"Okay, then I will go in."

This is probably the plot of a man going out, always afraid of leaving women and children at home. Without his protection, it would be unsafe.

Emily Gale smiled, not embarrassing him, entered the door and locked the door.

It didn't take long for the elevator door to be heard outside, and God blessed to leave.

Emily Gale sighed, then turned and walked towards the hall.

God bless this trip, it will take at least three days, during these three days, she has to take care of the children by herself.

Although he had left before, there used to be Juanzi at home.

Now, can I be the only one left?

I was about to enter the room to see the children, but unexpectedly, the doorbell of the door was ringed at this moment.

Emily Gale walked over immediately, without thinking about it, and opened the two doors: "Did you forget something..."

Before finishing speaking, after seeing the person standing at the door clearly, Emily Gale was taken aback, and then, immediately To close the door.

She opened the door too fast just now

, You should first see who is outside!

A big palm fell on the door, blocking her closing action.

"What are you going to do? Let go! Otherwise, I'll call someone!" Emily Gale was angry and anxious, so that a trace of sweat oozes from the corner of his forehead.

"At this time, the child is asleep, and calling someone will scare her."

Hunter Jackson pushed the door open with just a little effort and walked in by himself.

"You..."

He didn't speak, and ignored Emily Gale's anger, turned around and closed the door, even locked it from inside.

"Give me out!" Emily Gale didn't want to scare the children, so she could only lower her voice deliberately.

Hunter Jackson walked to the sofa and sat down.

It was impossible to go out. He didn't expect that he came by himself, and he saw Jackson Tianyou going far away.

God's will?

Ah!

God's will also give him a chance to meet this girl alone again.

"Your man is gone?" Hunter Jackson didn't know how he felt when he said this.

Originally there were still some illusions, imagining that they were still like before, just friends, illusions, Tiantian might really have nothing to do with Mutianyou.

Is it possible that Tiantian left after she was pregnant with him, and then lived with Jackson Tianyou.

But just now, he personally saw Jackson Tianyou go out, hug and k*ss her, he also said that he would come back soon to see his sweet wife.

Seeing that scene, Hunter Jackson's last glimmer of hope was completely disillusioned.

That kind of almost desperate feeling was really uncomfortable, but in front of her, he still acted calmly.

However, it was the worst result expected.

Emily Gale thought for a while, but suddenly became prepared: "You are arranging all this?" Could it be that he did the Muse attack?

She knew that he and the Muse were so far away that they couldn't have a relationship, but, how could it be such a coincidence?

God blessed something to go out, and as soon as the front foot left, his back foot came.

Is there such a coincidence in the world?

Seeing Hunter Jackson's eyes, she suddenly added countless disgust.

How can this man be so selfish!

You can do such a terrible thing for your own selfish desires!

Standing almost the furthest away from him, Emily Gale responded indifferently: "He will be back soon. No matter what you want to do, you will not succeed!" Hunter Jackson disapproved, saying as if her man had returned. What can be done.

But the defensiveness and disgust in her eyes still made him bored and uncomfortable.

She thought that the matter of her man leaving temporarily has something to do with him?

If it had something to do with him, he wouldn't have stood outside her door for so long, one stop would last more than an hour.

If he really arranged it, Jackson Tianyou would not know where it was!

Is what he did in the past to make her

Do you think he is such a hateful person?

If he explained, would she believe that tonight is really just a coincidence?

Probably, she would not listen to a word, let alone believe it.

Hunter Jackson stood up suddenly and walked to one of the rooms with the door closed.

"What do you want to do?" Emily Gale was taken aback and hurriedly blocked the door.

"I want to see Tiantian."

He thought about it all afternoon, plus half the night.

Really want to.

He was obviously not his own daughter, but after hearing her calling him father, Hunter Jackson felt that he was crazy.

It's like, really having a daughter.

Missing her was like missing Emily Gale, but at least, the little girl wouldn't say anything that made him uncomfortable, but she still pretended to be calm.

"Don't watch!" Emily Gale took a step forward.

As a mother, she must use her abilities to protect her daughter!

What's more, in addition to sweetness, there is also a reduced version of him!

What if this guy sees Haohao and believes he is his son alive and well?

"It's not your daughter. What's so good about you? You are not qualified to look at other people's children!" When she was at the police station in the afternoon, she observed that Hunter Jackson really believed that Tian Tian was Jackson Tianyou's daughter.

Sure enough, these words stopped Hunter Jackson's footsteps.

There was a pain in my heart, it was so painful that my heart was shaking, but I couldn't say a word.

"She calls me Dad..."

"That's because she doesn't understand anything. Whoever treats her well, she calls her father!" Emily Gale spoke such slanderous words against his daughter.

Just because I was really afraid of him.

Hunter Jackson's heart was still tightly gripped.

But he still believes that not everyone can hear the sweet dad.

Finally, Hunter Jackson declared strongly: "She calls my father, and she is my daughter."

Chapter 463

Of course, you are also wrong.

"What nonsense are you talking about? She is not your daughter!" Emily Gale panicked and stood firmer at the door, not giving way.

Although her body is slender, the whole person looks extremely weak in front of Hunter Jackson.

However, the determination to protect his daughter is very tough.

The firm eyes and fearless face seemed to tell him that even if he died, he would not give in a step!

Hunter Jackson's heart was hurt tonight.

He just wanted to see Tiantian, but really, really wanted to miss that little girl, but he didn't want to embarrass her.

But in front of her, she completely became a bad person.

"I didn't hurt the Gale family."

His voice faded a lot.

Emily Gale squeezed her palms tightly, and her heart ached slightly when she thought of what Jackson Tianyou had just said to him, and the five points he gave up for Gale.

But, I'm just talking about this now, what's the use?

"Do you really think you didn't hurt the Gale family?" What about her?

Who is she doing this now?

If you can't see people in true colors, and can never go home, you are afraid that you will be ashamed of Gale's family when you return to Gale's family.

She really missed her grandfather, her eldest cousin, her second cousin, her two aunts, and the old Uncle Ding, and even missed all of their caregivers.

But she can't go back, she really can't go back!

With a charge of violating common sense with her big cousin, she, Miss Gale Jiasun, can only disappear forever.

Otherwise, the entire Gale family will be dragged down by her.

Who caused all this?

Would he not know what Kylena Gale did?

His connivance is clearly an accomplice.

He was also one of the murderers who wanted to deal with Gale's family. Now, he told her that he did not harm Gale's people?

Hunter Jackson probably also knew that his words really didn't have much credibility.

"I just...want to tell you that later, I didn't hurt them anymore."

"Your business has nothing to do with me."

"Sorry, I just misunderstood your grandfather. I thought he killed him..."

"I said, your business has nothing to do with me!" Emily Gale didn't want to hear a word!

The matter is over, what else is there to say?

Even if I say it now, what can be changed?

As long as she does not appear, everyone in the Gale family can live a peaceful life. Once she appears, the scandal between her and Zyden Gale will be overwhelming again.

No one can help her unless she disappears, unless Emily Gale disappears forever!

Hunter Jackson's thin lips pressed tightly, and he swallowed everything he wanted to explain.

He was not a talking person, and explained that if the target was not her, maybe he would not say a word.

But by the way, the only thing he is willing to explain

Subject, most disdain to listen to him.

Sure enough, nothing needs to be said or done, is the most practical.

He suddenly bent over and hugged Emily Gale.

"You!" Emily Gale was so frightened by him that she almost screamed, but at the moment she was about to scream, she remembered that there were two sleeping children in the room.

She bit her lip and kept herself from screaming.

Put your hands against his chest, struggling hard.

However, it is useless to struggle with Hunter Jackson.

Hunter Jackson hugged her into the next room and closed the door at will.

The light in the room did not turn on, and after closing the door, the surroundings suddenly fell into darkness.

"Let go!" Emily Gale resisted vigorously.

Hunter Jackson did not move, put her on the bed, and his tall body immediately pressed her over.

Since she doesn't want to listen, do what he wants most!

But when he lowered his head to look for her thin lips, suddenly, with a snap, her hand fell on his face.

The sound was crisp and loud, and it was exceptionally clear on such a night.

The whole world seemed to stop working all at once.

His movements stopped. In the darkness, his eyes were faintly filled with a sense of coldness, and he was staring at her for a moment.

Emily Gale's hands also stopped, and in his big obsidian eyes, there was still a panic that could not be hidden, and he was stunned to meet his gaze.

Although she couldn't see what was under his eyes in the dark, she could clearly feel the chill on his body.

She herself was frightened by herself, she actually beat Hunter Jackson!

Hit this, high above, ruthless, cruel and domineering man!

Will he strangle her directly?

He suddenly lowered his head and put his hand on her neck, and Emily Gale was so frightened that he did not dare to move.

Is he really going to strangle her?

Being in front of him, so fragile, he wanted to kill her, it might be no different from killing an ant.

But Hunter Jackson didn't do anything to her, he just lowered his head and k*ssed her lightly on the cheek.

"Don't touch me!" Emily Gale's voice, with a hint of panic.

The chill on Hunter Jackson's body faded a little because of her fear.

"Are you afraid of me?" He actually never wanted her to be afraid of herself, not at all.

But what he did, it seemed, always made her afraid of him.

"I have no malice against you, but I really miss you."

Emily Gale's heart trembled, and one heart suddenly became sour, and sour.

He even said that he missed her!

This bad man who was cruel to her was the first time he said such tender words to her.

Thinking of her... people, because of such a sentence, she almost fell completely!

But she soon woke up, vaguely discerning where his eyes were, she stared at his eyes,

sneer.

"Miss me? Do you miss my body? But, Mr. Jackson, the agreement time between us has already passed. If you move me now, I can call the police at any time."

Even if he is strong enough to cover the sky, she still believes , There is a king's law in this world!

Hunter Jackson knew that she had misunderstood, but wasn't that what she had been doing in the past?

At any time, what he said he wanted was her body.

He really... never made her feel that he cared about her?

No wonder that even after Aspen Li was drunk that day, he dared to criticize him, saying that he didn't know how to love someone.

He really didn't understand, no one had ever taught him.

So now, is he too late to learn again?

Hunter Jackson held her hand and whispered: "I really miss your body..."

"Hunter Jackson, don't go too far! Let go of me!" "But I miss you even more.

"The man's words made her struggle frantically, and suddenly stopped.

Emily Gale really hates herself, why is he always confused by his short words?

"Of course, I was wrong."

It was Hunter Jackson in the past, he would definitely not say such embarrassing words.

But, two years!

For two whole years, he was tormented by misses and went crazy.

As long as this girl is willing to return to his side, he can give up everything!

"I know that the child was not careful.

It is not your fault. I know that you have nothing to do with Jiangnan. You deliberately pissed me off just to keep me away."

"I know, everything.

It is because of Ross's words, because Ross asked you to leave me, and you, for my safety, would rather let me misunderstand and leave..."

"I don't want to listen!" Emily Gale wanted to cover his ears with both hands.

Hunter Jackson clasped her wrists and pressed them to his sides.

His voice is low, but firm: "I'm sorry, of course, I'm sorry, it's all my fault, but you are also wrong, really, you are also wrong."

"I..."

"You are wrong..."

He sighed She opened her lower lip, her voice was lighter, but it made her hear more clearly: "The mistake is, I have never been asked if this is everything I want."

Chapter 464

It seems that I don't know who said it when I see my own past. Sometimes, the result is obviously easy to see, but because I care too much, I can't see it clearly.

If he didn't care a little, or even didn't care, he would be able to easily see that everyone was lying.

Everyone knows that the person Emily Gale is thinking about is him, and he cares about him.

But he would rather believe that she betrayed himself with other men.

Just because I care too much, I care, I can't tolerate a grain of sand in my eyes.

"This is not what I want. If I choose, I would rather die than you leave me in order to save me."

This may be the most fragile and sincere words that Young Master Jackson has said in his life.

"No one has ever asked me, so I didn't even have a choice. I was deceived by a group of people."

Emily Gale felt sour and trembling with discomfort.

She bit her lip, and she couldn't refute this.

Yes, at the beginning, who had asked him, was all this what he wanted?

Everyone thought, only in this way is the best for him.

But, who cares about his feelings?

She wanted to say I'm sorry, but this sentence was choked in her throat and she couldn't say it.

"So, we are all wrong, why can't we give each other a chance again?" He is used to the aloof Master Jackson. He has never spoken to a person in such a low voice, only this woman.

He can actually use tough methods to bring her back to his side.

However, being tough for too long, sometimes, he himself is tired of that kind of life.

They had a wonderful time, and she was willing to stay by his side at that time.

It turns out that for so long, what I miss most is the days when two people are happy together.

There is no coercion, no resistance, no disputes, and some are all warm, harmonious, and peaceful.

He didn't want to force her anymore, but he couldn't let go.

Hunter Jackson didn't know what she should do to get her back to her side.

Emily Gale didn't speak either, because he didn't know what to say.

My heart is so sour that I can't even speak a word.

Young Master Jackson's accusation, like a knife, plunged into her chest.

Maybe he was right. Who ever asked his opinion?

All of them are for his own good, but is this kind of good really what he wants?

I don't know how long it took, both of them seemed to calm down.

Emily Gale looked up and met his gaze: "You let me go first."

"If you let go, will you still go?" But he still let go.

Emily Gale couldn't answer this question.

Although he let go, he was still pressing on her.

Jenni

But on his chest, he gave a light push: "Get up."

"I don't want to get up."

The person who had been missing for two years has finally returned to him.

How can you let go of the feeling that the body is close together, so real?

Once she gets up, will she disappear?

"You are too heavy, it makes me feel uncomfortable."

Does this count as letting go?

She just let go, she still couldn't get up.

Hunter Jackson lifted his body slightly, giving her enough space to breathe, but he couldn't leave.

This man, not seen for two years, is still so domineering.

Emily Gale was a bit resentful, but didn't know what the two were like now.

In the end, she let out a sigh of relief and let her voice go cold: "Don't be like this. No matter what happened before, it's all over. Young Master Jackson, I really don't think about the past. I am living very well now."

I don't want to lie to myself, for this man, she is always easy to relent.

But now she is not qualified to be soft-hearted, because she is blessed.

Just after Jackson Tianyou left, she was here with other men to express me and me, what is it?

Emily Gale pushed him again, and her voice became colder.

"Even if I was wrong before, I'm sorry for you, okay? But, as I said, it's all over."

So now, he leads his beautiful life, and she lives her quiet and plain life, okay?

"Did you really admit that it was your fault?" Hunter Jackson raised his eyebrows, his deep gaze, he didn't know what passed.

"Yes, I was wrong, you let me go first."

Emily Gale just thought, hurrying to end the humming posture in front of him.

But I didn't want to admit my mistake, but was entangled by Hunter Jackson!

"Since it's wrong, then I'm sorry, and I have to pay the price!" "Pay... the price?" Emily Gale was taken aback, what do you mean?

"Pay me what you owe me."

Hunter Jackson was like a child, a little headstrong and stubborn.

"You deceived me with them. Shouldn't you make up for it?" Emily Gale couldn't react completely. Isn't it because he hurt her and forced her to stay home now and can only hang around outside?

How did it turn out to be her fault?

"Didn't you admit your mistake just now?" "I... I admitted it, but..."

But she just wanted him to let go of herself quickly.

Hunter Jackson stood up, and this time he really let her go.

However, Emily Gale always felt that things... don't seem to be that simple?

Sure enough, his next words made her mind suddenly alarm bells.

"In order to make up for your fault, I will stay here temporarily for a few days and give you the opportunity to serve."

"What?" He wants to live here?

Emily Gale shook his head immediately: "No!" This big bad wolf, let him live, and pay it back later.

Can you drive away?

It is almost a tragedy visible to the naked eye, she will never allow it to happen!

Hunter Jackson ignored her and called Aspen Li: "Bring me things over. I'm going to stay with my woman for a few days."

"Hunter Jackson, I said no!" Emily Gale wanted to go to grab the phone, but the phone has been hung up by Hunter Jackson.

"You have a lower voice, children..."

Before Hunter Jackson's words were finished, suddenly, his brows frowned and he became vigilant.

Emily Gale suddenly felt uneasy. Looking back, she heard movement outside.

"Tiantian is awake."

Hunter Jackson reacted faster than her, and walked to the door first.

But why is there not only a sweet footstep outside?

Also, another person?

"Don't go out!" However, Emily Gale was too late to stop.

With a scream, Hunter Jackson opened the door, and when he was about to hug Tiantian, his sight was instantly attracted by the other one.

A very strange sense of existence, like seeing myself.

No, not seeing myself, but seeing my own past...

And the other, so small, raised his head and looked up at the tall man in front of him, as if he saw his own future.

One big and one small, two pairs of eyes, after the sights collided, they were inseparable.

Two seconds later, only two voices were heard at the same time: "Who are you?" "Who are you?"

Chapter 465

Actually, he secretly gave birth to his child!

The atmosphere is indescribable.

But soon, he was broken by a tender voice.

"Daddy, Daddy!" Tiantian opened her arms, smiled crookedly, stepped on her short legs, and ran towards Hunter Jackson.

The speed was too fast, Jackson Qihao did not react.

When he realized that he wanted to pull her, this little guy had broken into Hunter Jackson's arms and was picked up by a man that Jackson Qihao didn't know.

"Daddy, dad!" Tiantian really missed this dad.

After being picked up by him, she k*ssed him on the cheek.

Hunter Jackson's heart was suddenly crumpled into a puddle of soft mud, and in front of Tiantian, he became a slave to his daughter.

Emily Gale only thinks that one head is two big.

Hunter Jackson looked at her, and Jackson Qihao also stared at her: "Mommy, who is he?" "A...irrelevant..."

"Your mommy is my wife."

Hunter Jackson looked serious.

Although they were all children of Emily Gale, the appearance of this little boy made him very surprised.

Jackson Qihao's face sank and became angry: "Don't talk nonsense."

"Nonsense?" Hunter Jackson frowned. This boy is as big as Tiantian, right?

Can even use idioms?

"You know so much."

He snorted.

That's how Jackson Tianyou taught his son?

Cold, there is no expression on his face, how do you look at it... what's the pleasing thing?

Hunter Jackson's mood is a bit complicated.

He probably wouldn't like a little guy with such a bad attitude, especially, that was Jackson Tianyou's son.

However, this Jackson Tianyou's son, looking sideways and upright, does not look like Jackson Tianyou, but... Suddenly, his heart trembled and he clasped Emily Gale's wrist: "He...he is..."

"He is the son of me and God!" Emily Gale's face changed drastically in fright, and even his breathing was messed up.

Hunter Jackson squinted his eyes, but something gradually became clear in his heart.

"Woman, has anyone told you that you are not fit to lie at all?" "What nonsense are you talking about? I didn't lie, he...he is the same as Tiantian, both of me and God..."

"I will be with them Doing a paternity test, you don't need to talk about it."

What Mutianyou's son?

He clearly looks like him!

Even the aura is like!

A little baby over a year old knows a lot. This is not like him when he was a child. Who else can he be like?

"You actually want my son and daughter to call another man father?" He was really...really angry!

"Let go of my mommy!" Jackson Qihao walked over quickly, but he didn't do it because he knew that he couldn't beat the man in front of him.

So, he softened his voice: "Let go of Mommy, otherwise Tiantian will be unhappy."

Hunter Jackson immediately

He relaxed the five fingers clasping Emily Gale's wrist, but he was still very angry.

While being angry, many are actually excited.

He has not only a daughter, but also a son.

"Smelly boy, it's okay if you want me to let go of your mommy, you call me Dad first."

He lowered his head and looked at Xiao Douding standing in front of him.

Is Jackson Qihao willing to be threatened?

With a gloomy little face, he said blankly, "You can call your father, as long as my mom agrees."

Oh, this son, he taught well!

Hunter Jackson's gaze returned to Emily Gale's face: "You let my children be called Dad Mutianyou?" "They are not yours..."

"Do you want to go to the hospital for identification now?" As long as you have money, Any time to go.

Emily Gale didn't know this.

How can you toss the children at night?

She was so angry that she wanted to stamp her feet, but now, there is no way!

"Hunter Jackson, let me go!" Hunter Jackson finally let go of her, because he had already seen the answer in her eyes.

Sweet, it turned out to be his daughter!

This touch made him feel sour and sorrow, and he almost rolled down heroic tears.

Tian Tian is really his daughter, he really has a daughter!

And this stinky boy, although his attitude is really bad, he doesn't put his dad in the eyes.

However, he is clearly like him!

He has a daughter and a son.

Life, from hell, to heaven.

Emily Gale was in a very bad mood, and the thing that worried him the most had happened unexpectedly.

Just as God Bless left, the bastard broke in and messed up all her life.

"Daddy, dad."

Tiantian liked this dad, she kept her arms around his neck, saying that she didn't want to let go.

Tian Tian is not sensible, but how should the sensible Haohao explain?

Emily Gale looked down at his son standing in front of him, very embarrassed.

Hunter Jackson took the initiative to answer his doubts: "Your mommy and I were engaged and she was pregnant with my child, but there were some misunderstandings and quarrels."

"I didn't expect Jackson Tianyou to be with your mommy. When I was angry, I abducted your mummy.

After that, your mummy was in this place and gave birth to you. Jackson Tianyou, who came in while taking advantage of the emptiness, also lied to you that he was your father."

"Don't slander God You He has never done anything to hurt us!" Emily Gale glared at him.

"Have I slandered, this kid naturally knows the difference."

Hunter Jackson glanced at Jackson Qihao, then hugged Tiantian and walked to the sofa to sit down.

"Tiantian, what's your name?" He asked, completely different from when he faced Jackson Qihao.

In front of Tiantian, he is definitely the most gentle and loving father.

Tiantian blinked at him, she would not answer his question.

Too,

Just over a year old and don't know anything, where is he like this stinky kid, knowing everything?

"What about you? What's your name?" When facing Haohao, he seemed to be a Yan father.

"Jackson Qihao."

Amazingly, even though Haohao's attitude toward him is not very good, he is not hostile.

Jackson Qihao... Originally, Hunter Jackson wanted to be happy, but when he thought that Jackson Tianyou bastard was also named Jackson, he was a little unhappy.

He decided to put aside the problem for now.

Looking at Emily Gale, he said lightly, "Now, what else do you want to say?"
With his child, he left with other men.

After the child was born, he asked them to call another man father.

If it weren't for her, if he changed to another woman, he might have ruined that woman now!

Of course, other women cannot have the opportunity to be pregnant with his children.

He didn't care about this matter because she gave him such a big credit for giving birth to a pair of children.

"Tomorrow, come back to Beiling with me, I want my children to recognize their ancestors and return to the clan!" Of course, the more important thing is to make up for her a grand wedding.

"No!" Emily Gale immediately shook his head and said that he was unwilling to say anything: "I don't want to go back to Beiling, and I won't be with you! I won't go anywhere!"

Chapter 466

What should she do after three days?

Hunter Jackson's face was green.

What else does she want?

Is it necessary to take his children to linger outside forever?

"Jackson Tianyou is not their father, do you have to let them lose their real father?" he angered.

Emily Gale knew that he had been suppressing his anger.

Being able to reach this point is beyond the range that Young Master Jackson can bear.

He did change, at least, more tolerated than before.

However, it is his business that he behaves well, and it has nothing to do with the three of them.

"I can live well with my children, Hunter Jackson, my children have nothing to do with you."

"Is it?" Hunter Jackson raised his lips and smiled disapprovingly.

If the child is not his, maybe, he really can't do anything with her.

But now, after knowing that the child is his own, there are more ways he can make her obey!

"I don't want to force you."

This is what he thinks now, but it doesn't mean it will be the same in the future.

If she is really disobedient and does not want to go back with him, then coercion is also a last resort.

"I will give you three days to communicate with the children.

After three days, we will return to Beiling together."

"You are crazy!" She definitely can't go back with him!

Can't say anything!

"In three days, you will know if I am really crazy."

He said that he didn't want to use force, if she could figure it out, it would be best.

"In these three days, I will also get acquainted with the children first."

So he held Tiantian and decided to get acquainted from this moment.

"Dad takes you to sleep."

To coax the little girl to sleep, heh, the first experience in life, I feel excited just thinking about it.

Young Master Jackson picked up Xiao Tiantian and immediately walked towards the room.

Emily Gale originally wanted to stop it, but who knows, someone kicked in a chair because he was too excited.

One staggered and almost rolled to the ground.

"Wow!" Tiantian screamed in fright.

Hunter Jackson never thought that one day he would be so ugly!

If not for his agility enough, just now, he really was about to roll to the ground!

After finally stabilizing his figure, he immediately hugged Tiantian tightly with a nervous look on his face: "Don't be afraid, Dad didn't mean it! Tiantian is not

afraid!" Everyone can see that Young Master Jackson is really panicking, afraid that he will be frightened.

The little girl in her arms.

Unexpectedly, Tian Tian suddenly giggled after croaking twice.

"Dad, father, fun, father, father, hahaha..."

Hunter Jackson breathed a sigh of relief, but fortunately, he did not scare his daughter.

After a moment of stunned Jackson Qihao, he finally couldn't help but throw out a cold sentence: "Really stupid!" "Cough!" Emily Gale coughed slightly, and hurried.

Don't look away, not looking at the embarrassment of Young Master Jackson.

This is probably the worst time in Young Master Jackson's life that he has made a fool of himself. He was even called stupid by his son.

Seeing him with embarrassment and even one face blushing, how dare Emily Gale make fun of him?

What if he becomes angry?

"Haohao, go in with mommy."

She took her son and quickly walked into her room.

After the door was closed, there was a woman's uncontrollable laughter.

Hunter Jackson's face turned red like a tomato.

How could his famous name be destroyed on this chair?

I really want to kick this chair to pieces!

"Daddy, Daddy."

Tiantian smiled at him.

Hunter Jackson wiped out a cold sweat and barely squeezed out a smile: "It's okay."

Fortunately, his daughter would not laugh at him, and her daughter is always the best.

With a sweet smile: "Daddy is stupid!" "..."

Didn't you say that your daughter is a sweet little padded jacket?

His little padded jacket, he said he was stupid, how caring?

"Dad, Dad."

"Huh?" "Stupid!" "..."

...

At midnight, Emily Gale covered the sleeping Haohao with a quilt and came out of the room cautiously.

The small light was still on in the next room, but she knew that the two were already asleep.

He crept in and saw two figures, one large and one small, sleeping on the bed, sleeping a little crookedly.

Tiantian slept in Hunter Jackson's arms, his little mouth still bends, and it was obvious that he was still smiling when he fell asleep.

And he... the melancholy when I first saw it today is still faintly left between his brows, but the corners of his lips, like Tiantian, are curved.

He laughed like a child... He was really happy, and even she could feel this happiness.

Emily Gale walked over and gently covered the two with quilts.

Looking at Hunter Jackson again, at this moment, he is no longer a high-ranking Young Master Jackson, but just an ordinary man with all things female.

Looking at him in this way, the previous grudges and hatreds gradually became distant.

However, she can not hate him, or even forgive him, but there is no way to accept him again.

They are no longer able to go back.

Whether it's back to Young Master Jackson or Gale's house, those things will be dug up again.

Bloody, bloody, dig out!

Covered the two of them with the quilt, she stepped lightly, walked to the door, and then gently closed the door for them.

The pace of going out is unspeakably heavy.

How is Young Master Jackson so easily dismissed?

What should she do after three days?

Do you want to tell God you about this matter?

Back to the room, I wanted to call Jackson Tianyou, but he hesitated the moment I picked up the phone.

God has a task now, call him at this time,

It will definitely hinder his work.

Bodyguards are different from ordinary jobs. One carelessness will harm others.

Don't tell him for now, let him complete the task with peace of mind, and discuss it again.

... Early the next morning, Tian Tian sat up in Hunter Jackson's arms.

"Dad, Dad."

As soon as she called, Hunter Jackson suddenly sat up and hugged her: "Don't be afraid, Dad is here!" Hearing this voice, it was clear that everyone was still not awake.

Tiantian struggled in his arms: "Dad, Dad."

"What?" Hunter Jackson finally awake, looking down at the blushing little girl, "Where is it not?" "Dad, dad, hush."

Hush?

What do you mean?

Do you want him to speak less loudly?

Hunter Jackson was a little confused, and wanted to say something, when there was a sound of footsteps outside, and Emily Gale came.

"Tiantian, hurry up and pee."

She lifted Tiantian from the bed.

Tian Tian immediately put on her slippers and ran towards the toilet outside the bathroom.

It turned out to hush, it means going to the toilet.

Hunter Jackson got off the bed, walked behind Emily Gale, hugged her, lowered his head and k*ssed her on the forehead.

Emily Gale was going to see Tiantian, how did he expect him to sneak attack from behind?

One carelessness, he almost captured his lips!

"Don't! You haven't brushed your teeth yet!" she said anxiously.

"Meaning, just brush your teeth?" Hunter Jackson did not let go, but instead hugged tighter.

Emily Gale gave him a push: "Nothing, the children are here, don't mess around."

"Then I want to wait for the children to be away?" Haohao is going to school, but Tiantian can't Not here.

However, at night you can put the two children to sleep first, and when they return to the room, they can start making out.

He can't wait!

Chapter 467

The tacit understanding of father and daughter The man's tall body slammed close to Emily Gale.

Feeling the high body temperature of the man behind him, Emily Gale's heart suddenly shook, and his face changed.

This bastard, early in the morning, is still in front of the two children, how can he... be so presumptuous!

His body turned out to be...

"Let go of me!" She lowered her voice, pulling his arms around her body away.

"I missed it for two years, and I couldn't control it for a while, sorry."

Hunter Jackson didn't think that he would mess around in front of the children, but he really didn't control it.

"Mummy."

Tian Tian called out from the bathroom.

Emily Gale pushed Hunter Jackson hard again: "Let go, Tiantian is calling me."

Hunter Jackson finally let go and followed her to the bathroom door.

Emily Gale cleaned up Tiantian and brushed her teeth.

After that, she handed Hunter Jackson a new toothbrush: "Take it up by yourself."

"Don't you help me?" "Go away!" "..."

Two Years gone, the courage was really fattened, and he dared to let him go.

However, Hunter Jackson was a little behaved today. He took a toothbrush, rolled into the bathroom, brushed his teeth and washed his face.

Ten minutes later, the father and son sat at the dining table, sitting peacefully.

Emily Gale brought out four bowls of porridge, fried noodles and Anxin You Tiao from the kitchen.

She took care of the sweet breakfast, and the two men in the family took care of themselves.

When he drank the first porridge, Hunter Jackson's heart was sour.

After two years, I tasted his woman's craftsmanship again, and the whole person began to feel a little airy, suspecting that everything was still in a dream.

It's his familiar taste, familiar feeling, but there are two more minor points today.

A breakfast, porridge and fried noodles, are things that he would basically not touch, but he felt that this is the most delicious breakfast in life.

A man, no matter how beautiful or amazing he is outside, it turns out that what he wants most is to return home.

There is a woman and one or two children.

Then, the family is together, eating breakfast, talking about today's plan, this kind of day, it is enough to complete.

After Emily Gale fed Tiantian to his fill, she walked into the kitchen with her things.

Hunter Jackson packed up the rest and walked to the door of the kitchen, only to hear her calling: "Yes, I'm really sorry, the supervisor, the nanny at home has asked for leave, and no one took the child..."

I don't know What the other party said, Emily Gale kept apologizing: "After I find a nanny, I will take the initiative to work overtime and get my work back. I will definitely work even if I'm at home these days. Manager, don't worry, I won't delay everyone. Hind legs."

She was still thinking about asking another babysitter... Hunter Jackson's eyes gradually deepened.

She never thought that she would really go back to Beiling with her. What he said last night, she didn't take it to heart.

After Emily Gale hung up the phone, he turned around and saw Hunter Jackson standing at the door of the kitchen holding a bowl.

"That..."

She was stunned, and for a moment, she didn't know what to say to him.

"Just go to work, I'll take the kids."

He walked in

Go, put the bowl in the sink.

Want to wash the dishes, but don't know where to start.

Emily Gale took the dishcloth, walked to him, got some dish soap, and did it himself.

"Look, you don't even know how to wash the dishes. Can I trust the child to take with you?" Hunter Jackson stopped rushing to wash the dishes with her. He changed his direction and hugged her from behind.

"You..."

Emily Gale struggled subconsciously.

But he buried his face between her neck and breathed the unique fragrance of her body: "Go back to me, won't you?" "Not good."

Emily Gale still wanted to struggle, but he was like a dog skin plaster.

The same, you can't get rid of it no matter what.

"Hunter Jackson, don't go too far, we have nothing to do."

Hunter Jackson did not speak, but just hugged her, buried his face between her neck, and closed his eyes.

Emily Gale really wanted to kick him out, how could he be so rascal!

"How about taking the kids out to have fun later?" He has never lived such a life of wife and daughter.

As for the son, leaving him in kindergarten is like throwing him to work. This kind of days when the son is not around, have to get used to it from an early age.

After all, Jackson Qihao will not have much time to spend with his family in the future.

Hunter Jackson has basically made a detailed plan for the future of the family of four.

The son is to work and earn money. If the daughter is, it's good to spoil her, and she won't need to do anything in the future.

As for the wife, of course, just like the daughter, she is pampered, rich and has whatever she wants.

Emily Gale's heart moved.

Take the children out to play...

She never thought that one day, she would go out with the children to play with Mr. Jackson.

Inexplicably, I wanted to think very much, that impulse suddenly came to my heart.

Two people, with sweetness, are like a real family.

However, as long as I think of the three words "family", I feel uneasy.

I always feel sorry for Jackson Tianyou...

"I'm not free today."

She pushed him again, but she couldn't push away the hand that encircled her waist.

"Didn't you already ask for leave?" Hunter Jackson suddenly let go of her, walked to the hall, and looked at Tiantian sitting on the chair.

"Wait later, Dad and Mommy will take you out to play, okay?" "Okay!" Tiantian grinned immediately, smiling sweetly!

When Emily Gale came out of the kitchen, she saw Hunter Jackson holding Tiantian and staring at her.

"Tiantian said she wants to go out to play. If she doesn't go out to play, she will cry."

"She won't cry."

Emily Gale gave him a blank look.

Tiantian hasn't been crying since she was a child, and she doesn't know how cute she is.

Unexpectedly, Tiantian's mouth was flat, and she really cried: "Play, play! Uuuuu..."

Emily Gale was petrochemical on the spot. Was her daughter broken?

How to cry?

Joseph

Bei quickly let go of her soft voice and softly coaxed: "Don't cry, let's go out to play, Mommy agreed."

Tiantian sniffed, looking at Emily Gale with a look of expectation.

Emily Gale really wanted to strangle this innocent-looking man.

The ghost knew what he had just said to Tiantian, and even made her daughter know how to use crying to act like a spoiled temper!

"You will teach her badly!" Emily Gale frowned and stared at him.

"Tiantian is so good, it won't be bad."

Hunter Jackson bowed his head and k*ssed on Tiantian's forehead.

"Say, isn't it?" "Tiantian."

The father and daughter communicated and turned out to be better than Emily Gale. Mi's also neat.

She has been with Tiantian for more than a year, and hasn't been able to control Tiantian's emotions so much. How did Hunter Jackson do it?

Together, these two people have a great understanding!

Is it true that someone else said that the daughter is the little love of the father in his last life...person?

Chapter 468

The desolate woman's family went out to play.

Although Jackson Qihao was not there, it was indeed the first time that Hunter Jackson took her and Tiantian.

The same situation, I don't know how many times it has appeared in the dream.

But she never told anyone about such things, not even Jackson Tianyou.

Missing is not only for him, but she keeps telling herself that such missing is unnecessary for her life.

On the playground, there were three more eye-catching figures today.

Father is so handsome that makes women crazy, but mother is so ugly that it is appetizing.

But the daughter is very beautiful, so she looks like a father.

Such a handsome man, with a woman with freckles on her face and a pair of big earthy glasses, this picture will cause stomach discomfort if any woman sees it.

Such an ugly woman, why can this earth-shattering man be with her?

Is God blind?

Therefore, along the way, although Hunter Jackson clearly had a wife and a daughter, there were still many women who took the initiative to approach him and wanted to talk to him.

Emily Gale sat on the bench and watched playing with his daughter on a Trojan horse.

There were a few girls around him watching Hunter Jackson eagerly, a little helpless.

This man, wherever he goes, there are a bunch of bees, butterflies and butterflies.

Although he did not take the initiative, people were also unintentional, but the fact is that there are always countless women who have moths close to him.

With such a man, you have to worry about it for the rest of your life.

Are you tired?

She really never thought about being with him. In the past, she was really tired.

Hunter Jackson was still playing the Trojan with Tiantian, and after playing once, Tiantian still didn't want to finish.

As a result, the beloved daughter became madly Hunter Jackson and was queued for the second time.

Emily Gale rarely saw Hunter Jackson's down-to-earth side. In order to play with his daughter, he was even willing to do things like queuing up.

He had never let himself go with so many people before.

He has always been aloof, but now... If she hadn't seen it with her own eyes, she wouldn't even believe it. Young Master Jackson could be a little girl and "wrong" to this level.

After two years of absence, he is really different from before.

Although still so handsome, even because of that little melancholy, she is so handsome that makes women feel bad.

But he was less domineering and more gentle in reason.

Such a young Master Jackson, who can not be tempted?

But again, who dares to be tempted?

Be tempted and hurt yourself easily.

Emily Gale didn't know how long he stared at the father-daughter pair, until he realized that he had been thinking about the man, and then he suddenly woke up and hurriedly looked back.

Kind of panic!

She turned her face away, deliberately not to look at him, but did not want to, the moment she turned her head, the corner of her eyes

In the light place, it seemed to see a familiar figure.

She is... Emily Gale frowned, fixed her eyes, and suddenly stood up.

It turned out to be her!

Why is she here?

The woman obviously didn't notice that she had been discovered, and after buying a piece of bread, she hurried to the shadows.

Seeing her looks like this, even going out is sneaky, like a mouse crossing the street.

She is here!

Emily Gale squeezed her palms and hurried after her.

That was Kylena Gale, who had disappeared for two years after holding a huge sum of money.

Emily Gale never thought that goodbye, she was already down to this point!

Although this suit is not torn, but it is old.

With Kylena Gale's character, if she changed from the past, she would not wear this kind of clothes if she was killed.

Also, she actually put on flat shoes!

This is the first time since Emily Gale met Kylena Gale that she was wearing flat shoes with dozens of dollars that she bought on the street!

Kylena Gale just bought a piece of bread, and while gnawing at it, she walked into the dark.

I don't know if I walked too quickly, even if someone was following behind me, I still didn't realize it.

After Emily Gale followed her to the small house at the back of the playground, a few men suddenly rushed over in front of her. Emily Gale frowned, took her steps, and hid beside the house.

Kylena Gale was obviously frightened by the sudden appearance of several men, and immediately wanted to turn around and escape.

But it was too late!

When the two men took long legs, they surrounded her in a group.

"Brother Tiger, I, I are already thinking of a way, you can give me a few more days, just a few days!" Kylena Gale wanted to hide, but when five people surrounded her, there was no way to hide!

"How many days?" The man named Tiger glared at her with an angry look: "Give you a few days, and you will find a place to hide, right?" "No, definitely not!" Kylena Gale panicked again. He was anxious and shook his head quickly: "Brother Tiger, you are so powerful and you are everywhere, where can I hide?" "Stop talking nonsense, since you can't pay the money, then come back with us."

"No I don't want to go back!" Kylena Gale stepped to run.

But there was no chance to run out of this circle, so he was pushed back and fell heavily to the ground.

"Want to run?" Brother Tiger walked over and kicked her belly.

Kylena Gale stooped in pain, hugging her belly, and screamed.

"Brother Tiger, Brother Tiger...I...give me a little more time, just a little bit more time, I can definitely pay the money back, definitely!" "180,000, where can you find it? You look like this now, Even if you sell it, you won't be able to sell it for a few dollars!" Brother Tiger hummed coldly and waved: "Take her away!"

"No, Brother Tiger, don't take me back, I don't want to go back, I don't want to accompany those people, Brother Tiger, please, please..."

But these people, no one would pity her at all.

Seeing that she didn't want to go, the two men standing beside her immediately punched and kicked her.

"Woo..."

Kylena Gale's tears and nose ran down her face, "Brother Tiger, please...ah! Ah! Pain! Don't hit me, no, I will pay back, I will...ah..."

"How much does she owe you?" Suddenly, a woman walked out from the wall of the house.

She has freckles on her face and wears wide glasses.

She looks ugly and ugly.

Brother Hu squinted her eyes, looked at her face, and finally looked disgusted.

"180,000! Who are you? Want to pay her back?" "Give me the account, and I will transfer it to you now."

Seeing him coming, Emily Gale immediately took a step back, looking cautious.

"Don't mess around, this is a playground, and there are people everywhere.

As long as I call for help, you will not be able to run."

Brother Tiger stopped. He didn't expect this ugly monster to be courageous.

"Are you really going to pay her back?" Anyway, he just asked for money: "One hundred eighty thousand, one penny can't be less!"

Chapter 469

Why does it happen every time Kylena Gale never thought that one day she was so down that she needed this woman to pay her back!

Since the moment Emily Gale walked out of the wall, she had already recognized this woman!

Unexpectedly, she was the same as herself, and now she has fallen to the point where she would not even dare to see people in her true colors!

One hundred eighty thousand, a lot of money, after Emily Gale transferred the money to Brother Tiger, Brother Tiger took the people under his hands and walked away in no time.

Emily Gale walked up to Kylena Gale and looked down at her who was lying on the ground, too painful to get up.

"Didn't you take a lot of money? Why did it happen like this?" After two years of absence, she found that she didn't hate this woman so much now.

However, Kylena Gale still hates her, hates her to death!

Kylena Gale gritted her teeth and wanted to get up, but her stomach was so painful that she almost twitched, making it difficult to even get up.

"Emily Gale, how much do you think you are better than me now? What qualifications do you have to say cold words?" Emily Gale stared at her indifferently and hadn't seen her for two years.

She seemed to have suffered a lot outside, but this character is still not at all. Unchanged.

"I am not much better than you, but at least, I am not like you, living like a mouse crossing the street."

"Emily Gale! Do you dare to make fun of me!" Kylena Gale gritted her teeth.

It was not easy before she crawled from the ground. stand up.

"Aren't you the same? The scandal between you and Gale Dashao, when I don't know? You are now, even if you are the Gale family's Miss Sun, you still have a home and can't go back. Compared to me, your situation is worse!" , Isn't it very beautiful, isn't it great? Then why do you ugly yourself like this and live like a clown?" "Where is Joseph? Where is Joseph? People have found Xinhuan, don't You, hahaha..."

Emily Gale found that this woman was really hopeless. Two years of hardship did not make her feel guilty for what she had done.

She still hates her the same as before.

Emily Gale was very indifferent, looking at her quietly, as if looking at a clown.

Kylena Gale hated her calm look!

Why does she look at her like this?

"Emily Gale, do you think that if you pay back the money for me, you can be superior to others? Bah! You are still nothing in my eyes!" Kylena Gale sneered, her tone of disdain: "People all over the world know that you Doing shameful

things with your big cousin, you hook up with your cousin and corrupt the reputation of Gale family!" "Gale family, you will never go back, even the day your grandfather died, you will not go back. Now!" Emily Gale squeezed her palm tightly, some pain was still inevitable, and she was hooked.

Kylena Gale glanced at her expression,

Just happy.

"How? Do you know that you feel uncomfortable?" "Kylena Gale, I originally thought that if you feel a bit of guilt, I thought about letting you go."

Emily Gale picked up the phone, her face was disguised, calm Wu Bo: "But you disappointed me too much."

"What are you going to do?" Kylena Gale panicked when she saw that she was about to call.

She is still a fugitive now!

"Gale's family has spent a lot of money offering a reward for arresting you.

The police have been looking for you. You are now a wanted criminal. What do you think I am going to do?" "Dare you!" Kylena Gale rushed over, trying to take her phone. .

However, she is really weak now, she was just pushed away by Emily Gale lightly.

"Emily Gale! Do you dare to call the police! Once you call the police, your own whereabouts will be exposed. Everyone knows that you are here. You have already decided. Do you want to go back and face everything?" "Can you face it? When you go back, the whole Gale family will be dragged down by you!" Kylena Gale thought about it, and then sneered again: "Emily Gale, don't scare

me, you dare not!" But Emily Gale actually gave the number to the police. Dialed out.

She looked at Kylena Gale with no waves in her eyes.

"I may not have time to tell you that Hunter Jackson has found this place. Whether I report to the police or not, my whereabouts are also exposed."

For people like Kylena Gale, there is no use in probation, so I can only call the police and hand it over to the police. solve.

What's more, she did commit a crime, and without calling the police, even she became a shelter criminal.

After the phone was connected, Emily Gale said calmly, "Hello, here is a wanted criminal who escaped from Lingzhou. Her name is Kylena Gale.

She was involved in the previous fraud case of Gale's family in Lingzhou.

The location is..."

Emily Gale really Reporting place!

Kylena Gale finally believed it, she really did call the police!

This damn woman!

"I killed you!" She didn't know where to pick up a brick, rushed over, exhausted all her strength, and smashed Emily Gale's head.

When the incident happened suddenly, Emily Gale only paid attention to explaining the place here, and did not notice her behavior.

When she noticed, the brick was almost on top of her head!

Emily Gale's breathing was stagnant, and it was too late to escape!

At the moment of her death, she seemed to see a dark shadow, jumped out of the small room, and came to her in a blink of an eye.

The brick was clearly hit on someone's head, and even the smell of blood suddenly became rich in the air.

But she didn't feel the pain, because the brick didn't hit her.

The man's forehead was smashed through, and all of a sudden, blood flowed like a column!

Hunter Jackson turned around and kicked out.

Kylena Gale only had time to snorted, and she fell to the ground, her rib was broken, and she couldn't climb anymore.

stand up.

Young Master Jackson... how is it possible?

How could he really be by Emily Gale's side?

Also, who is the little girl in his arms?

Why are you so like Emily Gale and so...he?

Young Master Jackson... But she was so painful that she couldn't speak, she only persisted for two seconds, then rolled her eyes and passed out.

"Joseph!" Emily Gale saw Hunter Jackson's face covered in blood, and his heart was about to break!

"How are you? Joseph!" Tiantian saw the blood on her father's face.

After a while, she suddenly cried loudly.

Hunter Jackson General Tiantian stuffed Emily Gale's arms. He originally wanted to tell her that it was okay, but after seeing the worry in her eyes, suddenly, something flashed in his heart.

He squeezed his palm, his originally straight body shook slightly.

"The head is a little dizzy."

His voice also became weak, "Maybe...it's not good."

"Don't talk nonsense! It's good, why can't it?" However, the blood coming out of his forehead, There are too many, too many to make people fearful!

"Joseph, hold on, I will call an ambulance right away, nothing will happen, nothing wrong with you!" She is really damn!

Turn it over four times, let him get hurt to save himself!

Why does it happen every time?

"Joseph, nothing will happen, the ambulance will come soon, nothing will happen!"

Chapter 470

Will it affect his tall image?

Emily Gale hurriedly dialed the emergency number and asked people to come for rescue.

Looking at Hunter Jackson again, such a tough man fell down in her sight.

The heart that had been calm for two years was suddenly tightened, and her tears were about to come out of fright.

Hunter Jackson really didn't want to see her panicking, but only in this way could he see how she cared about him.

He leaned on the wall and slowly slipped to the ground.

I don't know if it is really uncomfortable, or because I want her to care, my head really started to faint.

"Don't be afraid, I'm fine."

Seeing Tiantian crying, he wanted to make himself sober, but the more he thought about it, the less sober he was at this moment.

Raise his hand and wipe it, damn it, there is so much blood flowing.

"I'm really fine."

It's just dizziness, really, it's just dizziness.

But someone as strong as him would really scare people to death once he fell.

Tiantian was still crying, Emily Gale took off his coat and pressed it on his forehead.

But the blood, like a flood of gaps, couldn't stop at all.

Hunter Jackson's vision gradually began to blur.

The moment he passed out, he stretched out his hand and held her hand tightly: "I'm really... okay, maybe in the past two years, I'm a bit... tired, take care of... Sweet, I'm... okay."

But now, I can't manage it anymore.

He continued: "Miss Ranran, you don't know how our eldest and young master spent the past two years."

Aspen Li finally found a chance to talk to her.

this will

, All the words pressed in the bottom of my heart cannot be hidden completely.

"Without you, he lived as a zombie, no life, I doubt that if he can't find you, the eldest master will commit suicide."

Suicide...The character of Yimu is not enough.

However, he only slept for two or three hours a day for two years. This made Emily Gale feel uncomfortable.

She really didn't think that he would have such a hard life.

"Miss Ranran, I know you don't like to listen, but I really can't help it. Our eldest master is too bitter. Miss Ranran, that incident hurt not only you but also himself."

"For many years Before, the Gale family and the Jackson family had some misunderstandings.

The various things that the young master found all showed a result. On the other hand, the old man of the Gale family participated in the killing of the young master's grandma."

"My grandpa would not do that. Cruel thing!" She later collected some information on this matter herself.

The old lady of the Jackson family really died miserably.

However, this matter will definitely not be related to her grandfather, she believes her grandfather!

"But the matter is indeed related to the old man of the Gale family.

The old lady of the Jackson family back then, she actually... actually wanted to elope with the old man of the Gale family."

Elopement!

Emily Gale was stunned for a while. No one had ever told her about this.

"I don't have much to say about the causality."

After walking on the promenade with Emily Gale, Aspen Li told her everything that he knew, one to five to ten, thoroughly.

It turned out that there was such a big misunderstanding among them.

No wonder Hunter Jackson seeks revenge from his grandfather.

It is her instead. Maybe she will do the same thing.

"Now that things have happened, it is impossible to treat them as non-existent."

Emily Gale turned away, looking at the distant sky, the expression in his eyes was indescribably dark.

"No matter what, he and I can't go back."

"Why can't we go back? Don't you think the punishment of the young master in these two years is not enough?" Aspen Li didn't understand, what was she worrying about?

Isn't she still hating the young master?

"Miss Ranran, if you want Young Master's life, you are willing to forgive him, then please tell him directly, Young Master will definitely ask for your forgiveness, not even life."

"Does it make sense?" Jenni looked at him and shook his head: "Could it be that this is your men's way of solving problems?" You have to get to the point where you see blood?

Aspen Li let out a sigh of relief, very helpless.

"I really don't understand feelings, Miss Ranran, if I say something wrong, don't be angry, I just... just feel sorry for our young master."

Emily Gale said nothing.

He feels distressed. In fact, after hearing so much from him, doesn't she feel distressed?

But they

I really can't go back.

She couldn't face it.

At night, Hunter Jackson was still asleep, and there was no sign of waking up.

Emily Gale washed his hands and feet, and said a lot of words beside him, but he still had no reaction at all.

When the doctor came to inspect the room at night, Emily Gale looked anxious: "Doctor, didn't he say that his problem is not serious? Why did he still not wake up until this point?" The doctor did not know where the problem was.

It stands to reason that the patient's body is stronger than any one he has ever seen.

A small brick was smashed down.

Although the blood was bleeding a little bit, it would not be too late to sleep.

"The brain is the most fragile and mysterious part of the whole person. We can't estimate now whether there will be any sequelae if the patient is smashed to the head."

Therefore, why a person has not woken up yet, he is also uncertain.

"But you can rest assured that the patient's condition is very stable and there is absolutely no life-threatening."

"When will he wake up?" "This..."

The doctor has a headache.

According to him, he should have woken up long ago. Patient, what is going on?

Aspen Li, who had just entered through the door, happened to hear the conversation between the two.

Something flashed across his eyes, but he quickly converged.

"Doctor, is it possible that the patient himself does not want to wake up?" "It is absolutely possible!" The doctor finally found a reasonable explanation.

He looked at Emily Gale, pondered, and then said: "Has the patient been stimulated before, so that he has no desire to live?" "No desire to live?" At these words, Emily Gale paled with fright. Will this happen?" He is the young master of the Jackson family. He wants the wind to get the wind but the rain to get the rain. Why doesn't he have the desire to survive?

"Our eldest master is indeed... really unhappy."

Aspen Li glanced at her secretly before looking at the doctor, with a sad expression on his face.

"I said you may not believe it. Before the young master, he...he had taken too much sleeping pills and almost...he died."

The patient on the bed, when no one could see, squeezed his palm subconsciously.

This bastard, this kind of thing, will it affect his tall image?

What if his woman thinks he is too weak and doesn't want him?

Aspen Li inexplicably felt a hint of coolness lingering in his neck, but some words had already started, and he had to continue speaking.

He looked at the doctor and sighed: "If the young master really doesn't want to wake up this time, will he never sleep for a long time?"
