

Love Through Time and Space

Chapter 72

b*tch, I killed you when everyone thought Emily Gale would be embarrassed and embarrassed to death, Emily Gale's face was soft, even a little pity in his eyes.

She looked at Shu Ran with a hint of apology: "Sorry, I didn't know that the two ladies were deaf and impolite."

"What did you say?" Jackson Xueer stood up abruptly, her face flushed with anger.

"Ugly, who do you say is deaf?" This damn b*tch!

How dare to humiliate them like this!

Is she going to die?

How does the Jackson family exist in the entire Beiling?

It may be possible that some of the off-line young ladies of the Jackson family are being bullied, but how can the Jackson family's genuine daughter be tolerated?

What is the Gale family?

Even McGraw Gale is just a low-level animal in their eyes.

This ugly third lady, who is not favored in Gale's family, dare to say that she is deaf?

Although Jackson Xiaoran's reaction was not as excited as Jackson Xue'er, her face was completely black.

This is the first time I have been humiliated in public!

She and Jackson Xue'er, the daughter of the Jackson family's daughter, look at the whole Beiling, which woman dare to be presumptuous in front of them?

Shu Ran was also stunned and wanted to say a few words for Emily Gale, but he didn't know what to say for a while.

After the others were stunned for two seconds, their brows suddenly brightened.

The future young lady of the Jackson family provoked the two ladies of the Jackson family. Now, the good show is really coming!

Emily Gale didn't look at Jackson Xue'er. People asked about ugliness.

She wasn't ugly, so of course she ignored her.

She turned around and took the menu from the maid, and discussed with Shu Ran about the dishes tonight.

"I just thought these two dishes seem to conflict. If the quantity is to be neat, then see if you can replace this gold wire and silver tube with a snow lotus gold ball?" She smiled at Shuran, and actually completely ignored Jackson Xueer. He didn't even look at her.

Jackson Xueer was almost mad with anger, she had never suffered such a big humiliation.

Suddenly picked up the cup on the table, raised his hand, and the water in the cup poured directly on Emily Gale.

Emily Gale had been on guard for a long time, her feet were already on the side when she took the cup.

When Jackson Xue'er splashed the water, she took a step and easily avoided.

But Shu Ran, who was sitting next to her, had no such good luck.

Although the glass of water was splashed by Emily Gale, the water splashed over when it was splashed from such a distance.

One half fell on Emily Gale's chair, and the other half fell directly on Shu Ran's body.

The maid hurriedly fetched the towels in fright and cleaned up the tea for Shu Ran.

The maid on Emily Gale's side also tremblingly brought her a towel and wiped the water on the table and chairs.

Emily Gale wasn't angry either, she just looked at Jackson Xue'er and asked indifferently: "What does Miss Six mean?" There is a bit of toss here, over there.

Someone seemed to notice the situation faintly.

However, men don't like to pay attention to women's petty fights.

Shu Ran is the master here, but even Shu Ran seems to have suffered.

"Ugly guys, didn't you hear me when I was talking to you? Who do you say is deaf?" Just because he knew that the man would not care about things here, and Shu Ran, Jackson Xue'er didn't take it seriously.

Therefore, she can still be unscrupulous even after splashing water.

"You're ugly, how do I know who you are?" Emily Gale shrugged, disapproving.

"Apart from you, who else looks ugly here?" Jackson Xueer snorted coldly. When it came to this question, she really wanted to laugh.

You look so ugly, don't you have a point?

"Why, do I look ugly? I don't think it. Your elder brother said that I am pretty. Do you mean that your eldest brother is blind?" "You..."

Jackson Xueer's face sank and she was so angry. He even picked up the cup of the person next to him and continued to pour water on her!

The eldest brother said she looks good?

how is this possible!

But, no matter it might be impossible, she didn't dare to say that her eldest brother was blind or something!

This dead woman, b*tch!

Really dare to say it!

Don't you know that you are so ugly that you are almost intolerable?

Isn't it up to grandma's face that her elder brother is willing to be engaged to her?

She also said she looks good, bah!

There is no shame.

Emily Gale sat back on the chair and looked at Shu Ran, but apologized: "Is it all right?" I didn't expect that as Mrs. Shu Ran, he would be treated like this in this house!

There is no respect for the attitude of the two ladies of the Jackson family towards her.

"It's okay."

Shu Ran smiled indifferently and didn't take it seriously, as if such things have become commonplace.

Emily Gale looked at Jackson Xue'er, suddenly smiled, and his face sank.

"Should you apologize to Madam?" "Apologize?" Jackson Xue'er seemed to have heard the funniest joke in the world!

"You asked me to apologize? Emily Gale, haven't you figured out your identity yet? What are you?" "What am I? You may have to ask your elder brother to make this question clearer."

"You... Don't use your eldest brother to fool people! Do you think I will be afraid of you?" Jackson Xue'er frowned and snorted coldly.

"I don't need you to be afraid of me, but you should apologize if you soiled the lady's clothes."

"Jenni, forget it, it's fine, it's done."

Shu Ran calmed down and didn't want to dispute.

"It's one thing to do it, and it's another thing to be teased by her.

It's another thing for a junior to respect the elders so much, so people see it, and think that Jackson's family has no tutor."

Emily Gale made it clear that he was going to be with Jackson Xue'er today. On the bar, still staring at Jackson Xue'er, without the slightest intention of compromise.

"I just don't apologize, what can you do?"

Jackson Xueer sat on the chair, folded her slender legs, and looked at her, not smiling.

"You have the ability, you hit me! Heh, you like to bark so much, just like a dog. Come and bite me!" "Heh..."

Jackson Fangfei on the side covered her lips and couldn't help but smile.

The people around also laughed, Shu Ran looked embarrassed, trying to ease the atmosphere, but unexpectedly, Emily Gale stood up suddenly and walked to Jackson Xue'er.

Jackson Xueer's expression changed, and she stared at her: "What do you want to do? This is the Jackson's family, dare you!" "Didn't you want me to beat you? I have never seen such a mean person who actually begs herself.

"Emily Gale walked in front of her, not hitting her, but... took the cup of the person next door, the whole glass of water in front of Jackson Xue'er, all of a sudden splashed all of her face!

"Ah!" Jackson Xueer screamed.

Although the tea is not hot, the heat is not low.

She splashed her face up like this, even if it didn't burn, it would make her feel uncomfortable.

"Ah! Emily Gale! What are you doing! Are you trying to murder me!" Jackson Xueer covered her face and stood up, her eyes could not be seen clearly, and she accidentally ran into her chair.

"Ah..."

Another accident, she tripped herself and fell directly to the ground.

"Xue'er!" Shu Ran was startled and hurriedly stood up.

The maid was also terrified, and hurriedly came to help her: "Miss Six..."

"Go away! Get away from me!" This is the first time Jackson Xue'er has lived such a big life, absolutely the first time!

Was splashed with tea!

"b*tch, I'll kill you!" She picked up the empty cup on the table, holding it up, she was about to hit Emily Gale's head.

Chapter 73

What made her feel confident, no one thought that Jackson Xue'er would be so cruel, and she really took such a hard crystal glass and smashed it into Emily Gale's forehead.

If this cup hits Emily Gale, she will definitely be beaten!

"Be careful!" Shu Ran, who had already stood up and wanted to come over to be a peacemaker, was taken aback, and hurried over, pushing Emily Gale.

The crystal cup fell on Shu Ran's shoulder without mercy, and it snapped, very dull, and it hurts!

Shu Ran frowned in pain, but she still gritted her teeth without humming.

"What's the matter?" Finally, someone came over from the man's side.

Mr. Da, the father of several young masters of the Jackson family, Jackson Shiru.

"It's okay, I accidentally overturned the glass."

Shu Ran explained immediately, and picked up the crystal glass on the floor.

Emily Gale saw her grievances.

In the last life, she did not have much intersection with this lady.

Although she has been framed all the time, the stupid one doesn't know who the victim is.

Unexpectedly, it turned out that this beautiful lady would be so angry at home!

She is now smashed on her shoulder and injured, and she has to pick up the cup herself!

The maid squatted down in a hurry and helped her stand up.

Shu Ran still smiled: "It's just a misunderstanding..."

"It's not a misunderstanding!" On the contrary, Jackson Xueer, who had made a mistake, looked arrogant: "Dad, it's Emily Gale who splashed me with tea!" Emily Gale didn't. I thought about making a good impression in front of the Jackson family.

Therefore, she was not afraid, and said blankly: "It was the Miss Jackson Jia who picked up the matter first.

The lady's clothes were also wetted by her splashing tea."

"Dad, I didn't want to pour Aunt Shu's tea, yes. Emily Gale ridiculed me as deaf, I can't be angry..."

"Well, the old man and the old lady are here, and there is a room of people. Do you want me to lose face?" Jackson Shiru looked unhappy.

The people of Mr. 2 and Mr. 3 are here. He can't afford to lose this person. What is the majesty?

"Dad, it's not my fault. Do you want me to be bullied and not resist? Dad, you said that the Jackson family must not be bullied!" Jackson Xue'er lifted her chin, she wanted to admit her mistake. No.

Shu Ran immediately said: "It's nothing, it's just..."

"It's just the juniors making trouble. Why don't you look good as an elder?" Jackson Shiru's face sank.

Shu Ran immediately said with sincerity and fear: "Yes, it's all my fault, I'll be optimistic, it's okay, you go first, don't let Dad wait for a long time."

Jackson Shiru coldly snorted and turned away.

Jackson Xue'er sat back in her position, glanced at Shu Ran sideways, and said nothing.

She didn't care at all about the things she hurt.

Gale

Even if Jenni wanted to say anything, there was no way to speak.

She could see that in Jackson Shiru's eyes, the wife she was marrying by a Ming matchmaker had no status at all.

She spoke at this time, but Shu Ran was embarrassed.

For a daughter like Jackson Xueer, if she acted like she was cute in front of her father, the matter was over.

And Shu Ran, it is very likely that she will be involved.

She helped Shu Ran back to her position, but Jackson Xueer smiled contemptuously at her, triumphantly.

In this home, the married women seem to have a high status, as they are now.

But in fact, how do these women who are not surnamed Jackson compare with those surnamed Jackson?

Emily Gale, the dead girl, didn't think she could fly just now because she could sit next to Shu Ran?

Now she should see clearly, even Shu Ran is nothing more than that, in the eyes of Dad.

She Emily Gale, one level lower than Shu Ran, what can someone like this do in their family?

Jackson Fangfei was proud, and suddenly smiled: "Oh, Miss Gale, did you really buy the bag from the treasure of HARMADS today?" No one except Emily Gale knew that she suddenly mentioned this trivial matter. , What do you want to do.

Emily Gale pursed her lips, knowing that this woman would definitely trouble her face to face.

However, she just looked at her indifferently and did not answer.

Even the maid calls her Madam Young. Gale Fangfei is now not Madam Young or Sister-in-law, but Miss Gale, just to remind everyone that she is not named Jackson!

Not yet a member of the Jackson family.

Jackson Fangfei bit her lower lip, feeling a little aggrieved: "I wanted to see that bag too. Of course, I don't dare to think about what you are fancy, I just want to see it."

"But you let them Drive me out. I don't even have a chance to take a look. If you buy it, can you let me take a look?" "I don't have any other hobbies, just like all kinds of bags, Gale Miss, can you take a look?" "What did you say? She asked to drive you out of the store?" Jackson Xueer was in trouble immediately!

Jackson Xiaoran's face sank, and she said displeased: "Our lady from Jackson's family was driven out of the store? Which store? I'll let it be leveled immediately!" She is not so good to Jackson Fangfei normally. But now, Jackson Fangfei has been bullied by Emily Gale, and this is Emily Gale who wants to hit their Miss Jackson Jia in the face!

"In fact, it's nothing. Maybe it was me and Xianxian who were talking at the time. Miss Gale thought it was too noisy, so she was driven out."

Jackson Fangfei said quietly, "Tonight is a family gathering, Xiao Ran , You just assume that I haven't said that, grandpa and grandma are here."

She gently pulled Lamu Xiaoran's arm, and laughed.

"It's all my fault. I shouldn't bring up this matter just to take a look at the treasure of the town shop."

"It's okay, it's just a misunderstanding."

Can someone say it was a misunderstanding when someone was kicked out of the store?

A girl from an ordinary family would not get such treatment, let alone a lady from the Jackson family.

This Emily Gale is really disgusting!

Their Jackson family, how can they let such a person marry in?

I haven't entered the door yet, I've been arrogant and domineering to this point, and I will enter the door later.

"Maybe it's just a misunderstanding."

Shu Ran immediately rounded it off, "The food is about to be served, let's eat first, and I will have to toast your grandparents later."

"How could it be a misunderstanding?" Jackson Xueer snorted coldly.

Just now I had the upper hand, and now I am even more reluctant to let Emily Gale go.

She squinted at Emily Gale's freckled face, with an unhappy look: "Our Jackson family was bullied and kicked out of the store!" "Aunt Shu, do you think this is a misunderstanding? What if you What will happen to you when someone is kicked out of the store?" No one spoke, and Shu Ran couldn't answer.

It's really shameful to be kicked out.

Not to mention the people of the Jackson family, even an ordinary person, can hardly bear such humiliation.

Shu Ran shook her lower lip, not knowing how to respond, so she could only subconsciously look at Emily Gale.

She was not there after all, and she didn't know what was going on at the time.

Everyone's eyes instantly fell on Emily Gale's body.

All the people here are from the Jackson family. Is she really afraid of death when she bullies the Jackson family's lady?

What power makes her so confident?

Chapter 74

Did you bully someone like this? Emily Gale picked up the cup and took a sip of tea.

Under the gaze of everyone, she seemed not even a little uncomfortable under the pressure of so much sight.

"Emily Gale, what exactly do you mean?" Jackson Xueer was always the most uncomfortable.

So many people are waiting for her to explain, she shouldn't take it seriously?

"It's boring, facing a lie, do I have to explain it?" Emily Gale put down the cup and curled her lips with a smile: "Isn't anyone advocating who to provide evidence these days? Since I said I will kick her out, I have to show evidence.

"Otherwise, everyone will slander her, I have to explain one by one, am I so free?" This is reasonable, but doesn't it mean that Jackson Fangfei slandered her?

Jackson Fangfei was not angry, but she whispered: "Nothing, because I didn't want to prevent Miss Gale from reading the bag, so I didn't even dare to try the shoes, so I hurried out."

She looked at Emily Gale with a smile.

There was anxiety and fear in the smile.

"Sorry, Miss Gale, it's all a misunderstanding, it's my fault."

"Fang Fei! You have been bullied, and you have to admit your mistake! When did our Jackson family's child be bullied like this?" The popularity is extremely angry!

How can Jackson Xueer bear it?

"Emily Gale, I want you to apologize to Fang Fei!" Emily Gale shrugged, "I didn't do anything wrong, why should I apologize?" Finally, she took out the phone, clicked the record button, and placed it on the table.

An indifferent gaze fell on Jackson Fangfei, and suddenly her eyes became cold.

"Come, tell me what I did to you at the time. I always seek truth from facts when I do things. You say I bully you. You'd better speak clearly."

"Now I will record what we said.

At that time, the police will investigate. If you tell a lie, then the crime of defamation is probably inevitable."

"Emily Gale, do you dare to intimidate?" Jackson Xiaoran's face sank. This woman is really too Too much!

Shu Ran also felt that there was no need for such a big trouble.

She hurriedly said in a low voice: "Jenni, it's just a small matter, no need..."

"No, Aunt Shu, I think it's necessary."

This time, Emily Gale didn't compromise at all: "Let's talk, wait for you to finish, we See you at the police station."

Jackson Fangfei didn't expect that this woman could be so tough.

The family here is named Jackson.

She is an outsider, so how can she be brave?

Is she not afraid of being killed by the Jackson family in the future?

"How? I dare not say it? How did I get people to kick you out of the store? You made the details clear."

Emily Gale pushed the phone in her direction again, not smiling. : "I'm waiting."

The eyes of the female families around the tables fell on Jackson Fangfei.

Second lady

I wanted to come over to hold on to the injustice for my daughter, but was persuaded by the maid around him to go back.

If the children quarrel, let the children quarrel. Tonight is a family gathering. If it does cause trouble, the elders who participated will be blamed, right or wrong.

Just like Mrs. Shu Ran just now, when Mr. Da came over, didn't he also indiscriminately put the charges on her first?

The second wife looked at the way her daughter was wronged, and she didn't know how much pain she felt.

However, the maid persuaded him to go back.

She really didn't dare to show the limelight at such a big party.

Jackson Fangfei didn't expect Emily Gale to be so difficult to deal with, her reckless and fearless appearance is really a headache!

"I, I said it, it was just a misunderstanding, I..."

"No, you didn't say that just now."

Emily Gale sneered.

"Emily Gale, you are enough! Do you have to force her?" Jackson Xiaoran pulled Jackson Fangfei onto herself.

"Are you bullying people like this?" Jackson Fangfei immediately hid behind her, she didn't dare to hum again, anyway, someone gave her a chance.

Emily Gale leaned back in the chair, squinting at her figure, with a smile.

"If Miss Fourth is slandered, what would you do? I'm afraid, you do better than me."

"Besides, as long as she is telling the truth, what will she be afraid of even if she arrives at the police station? The shop has surveillance. I can't cover the sky with one hand, I don't have this skill yet."

Everyone's eyes fell on Jackson Fangfei.

Also, Miss Jackson's family, even if she is not a direct line, she is not afraid of being like this.

What if you are really bullied?

A Miss Gale's family who has not yet entered the door, then Gale's family is still an influential family.

Jackson Fangfei didn't dare to say, could it be that she really slandered others?

"Fang Fei, what did she do to you at the time, just tell me, what are you afraid of if we are here?" "I... I was..."

Jackson Fangfei still hid behind Jackson Xiaoran and didn't dare to talk nonsense.

Of course she dare not!

What Jackson Xianxian did before, just said a few words, and immediately got into the lawsuit.

Now, if she said something untrue, this b*tch is still recording!

When the time comes, hand over the recording to Aspen Li. Aspen Li will do something right away.

She is really likely to have a lawsuit.

Why don't the people around Master Jackson dare to do?

Jackson Xianxian is a lesson from the past, where can she dare?

I dared to say just now, just because I didn't think that Emily Gale would dare to be true to her in front of so many Jackson's women.

Now, people just want to be true, and she has no courage.

"It seems that she doesn't dare to lie now."

Emily Gale picked up the phone and smiled slightly: "The woman who hates this kind of tongue chewing is more disgusting than a fly."

Jackson Xiaoran and Jackson Xue'er could not refute.

Although they are not afraid of Emily Gale, Jackson Fangfei dare not say a word, and everyone can see clearly.

This woman turned out to be really spreading rumors, and it was fortunate that they believed her just now.

“Humph!” Jackson Xiaoran snorted coldly, and pushed Jackson Fangfei away behind him.

“Second Auntie still has a place over there, you go over.”

Miss Jackson Jia’s status in the female family is actually higher than Shu Ran, Jackson Xiaoran let her go, how can Jackson Fangfei dare to stay?

After glaring at Emily Gale fiercely, with tears in the corners of her eyes, she pitifully left her position and walked to the second lady at the next table.

Under the eyes of everyone, I was really driven away this time, can I not feel wronged?

However, she didn’t dare to say nothing to Jackson Xiaoran, because she didn’t have the courage, nor was she qualified.

But the grievance that Emily Gale suffered to her today will never be forgotten by her!

She will definitely report back!

After Jackson Fangfei left, Gale Xiaoran sat back in her chair, her sullen expression never calming down.

Jackson Xue’er originally wanted to pick a prick, but suddenly she couldn’t seem to find anything to pick.

It's all to blame for Jackson Fangfei's idiot. Emily Gale is now being beaten back to one round, but the next round has not yet begun.

For a while, the atmosphere seemed a bit stiff.

The servants began to serve food, and the dishes were delivered one by one, and soon, the table was full of good food.

Jackson Xueer suddenly glanced at Emily Gale and smiled: "Miss Gale, I heard that Gale's business has been a bit unsuccessful recently. I'm afraid your family hasn't eaten such good food for a long time, right?" No face is given.

She pointed to one of the dishes and said, "Send the golden snails to Miss Gale, and ask her to taste it. You can't eat this snail outside. One dish is probably worth your entire day's sales. Isn't it?" "But," she turned her head and looked at Emily Gale with a smile but a smile: "Miss Gale, can you eat this thing?"

Chapter 75

Concessions will not be exchanged for mercy on a plate of golden snails, which will top the company's sales throughout the day. This statement is of course too exaggerated.

However, golden snails are not ordinary snails, they are rare deep sea snails.

In addition, it is made with a unique process. First, the snail meat is completely dug out, and the bad parts are removed, and then the top caviar and the snail meat are mixed and frozen.

At the same time, the shell of the golden snail is cleaned with a special spoon, and then a layer of golden sea urchin is placed in the shell.

Then, using very fine tongs, return the frozen snail meat mixed with caviar to the shell.

Finally, bake in the oven for ten seconds.

No more, no less, just ten seconds.

The fragrant and hot golden snails are ready to be baked.

For such a piece of golden snails, the material cost is second, and a plate is at most tens of thousands.

However, the labor cost is really terrible!

In order to ensure the freshness and taste, the production time must be controlled within a certain range.

This requires a large number of servants to do it together, at least dozens of people.

In ordinary people, how can there be so many dozen servants?

There is only a super family like the Jackson family.

Gale family?

Don't even think about it!

Therefore, the daughter raised by the Gale family has never eaten this food in her life.

The maid delivered the golden snails to Emily Gale's plate, and the people around stopped, staring at Emily Gale one by one, watching the show.

Gale's family is really not a big family, and Emily Gale is not a young lady from a rich family. Can she eat golden snails?

It was just that they had a chance to eat it only after the Jackson's family gathering.

Usually, it is hard to think of.

Emily Gale might really be embarrassed this time.

Emily Gale looked at the golden snails sent by the maid.

There was no special expression on his face. He just turned his head and fetched a pair of gloves from the maid standing behind him.

She put the gloves on, picked up the special fine fork on the side, and inserted the fine fork into the head of the golden snail.

After that, she picked up a special small hammer and tapped on the shell of the golden snail.

The shell of the snail was divided into two and dropped on the plate, and with the caviar and golden sea urchin, it was roasted into golden golden snails, and the whole snail meat appeared in everyone's sight.

This was not over yet, Emily Gale skewered the snail meat and dipped it on the delicious caviar on the side, and then delivered it to his mouth.

Chew slowly and enjoy!

It's not too delicious.

She can eat!

She can actually eat!

How can a poor sour ghost eat golden snails?

Jackson Xueer was unwilling to believe that this golden snail was hard to eat even in a restaurant outside.

If you want to eat, you have to book in advance.

After all, the manual process is really too complicated!

How could she?

She can't afford it at all!

Big brother is not right about what you eat

No matter how careful, he wouldn't order such complicated dishes outside, and he couldn't take Emily Gale to eat.

Why does she know how to eat golden snails?

For a while, everyone was stunned, completely unable to react.

"What's the matter? Is there any problem?" Emily Gale blinked, looking innocent.

After thinking about it, she suddenly remembered something.

She smiled and said, "Is it because I didn't use mustard? But in fact, this golden snail really shouldn't be stained with mustard, it will damage its original sweet taste."

She took off her gloves, female The servant immediately came over and took the gloves back.

Seeing no one was talking, Emily Gale ignored them, picked up the cup and looked at Shu Ran.

"Madam, you are an elder, I will toast you a cup first."

Shu Ran then reacted and immediately picked up the cup and touched her.

Others gradually put away their shock, and put their thoughts back on the dining table.

Even the golden snails can be eaten.

It seems that it is really not easy to see the future young lady of the Jackson family embarrassed.

Emily Gale picked up the cup, took a sip, looked at the dishes on the table, the smile on her lips gradually deepened.

No one knew that she had lived in Jackson's house for several years in her previous life.

What good thing she hasn't eaten or seen?

Jackson Xue'er, a little kid, was obviously one year older than her, but he was childish to death.

"I heard that the Gale family is not going well recently.

The company is running out of business.

It will be until the selling of her daughter to continue business."

Jackson Xue'er also picked up the wine glass, but didn't drink a bite, looking disdainfully at Emily Gale's ugly face. Floating across his face.

If it is so excessive, only Jackson's lady can speak it.

Ordinary people really dare not say, after all, it is indeed too rude.

But, Miss Jackson Jia has always been so high, how about being rude?

No one will blame.

Even the eldest lady Shu Ran dare not do anything in front of them, others?

Just watch the excitement.

Emily Gale looked at Jackson Xue'er, and when she heard such provocative words, not only was she not angry, but she smiled backwards.

"Miss Six seems to like to hear it very much. I don't know Miss Six? No wonder, she is always deceived by people with ulterior motives."

Isn't that the person who has ulterior motives just talking about Jackson Fangfei?

"You..."

Jackson Xueer wanted to have an attack.

Emily Gale smiled, and said indifferently: "It's better to wait for Gale's dying, Miss Six will care about it again."

"As for those who have heard, Ms. Six is better not to believe it easily, otherwise, others think that The young lady in Jackson's family doesn't even have a brain, so she believes whatever she says."

"Emily Gale, are you looking for death?" Jackson Xueer couldn't help standing up again, and picked up the wine glass.

"I'm going to toast grandma, Miss Six, do you want to be together?" This time Emily Gale also stood up and squinted.

He said to her: "This time you splash me, I will definitely not hide, but I will not disrespect Grandma's wine."

"You..."

Jackson Xue'er was so angry that she was holding the wine glass, her fingertips trembling.

She dared to threaten her!

Why is a dead poor ghost?

The glass of wine almost had to be thrown out several times, but Jackson Xue'er endured it in the end.

I heard that grandma likes this dead girl very much. I don't know if it is true. If she splashes her all over, she really goes to her grandma to file a complaint. This is not so fun.

Emily Gale is really not afraid of her.

Jackson Xue'er only dared to dominate among the female relatives and bully the weak.

She really wants to go to the man's side, she is bold.

"Miss Six is sure that you are not splashy? If you are not splashy, I will go to toast."

In fact, you really can't blame her for being too high-profile. In fact, she has no way to be a low-key person when she comes to this place.

Shu Ran's experience made her understand this truth, and she blindly gave in, and the return would never be mercy, but rather bullying.

Her dignified madam, she was forced to lose her temper by these two juniors, what about herself?

If she had a softer temper, she would definitely end up worse than Shu Ran.

Since being soft can't escape the catastrophe, then why bother to be afraid?

If people do not offend her, she does not offend people. If people offend her, Emily Gale, who has already died once, is afraid of?

She was about to leave the seat with the wine.

The old butler suddenly hurried over and said with a smile: "Young lady, the old lady will let you go over and dine with her."

Chapter 76

What is the relationship with him? What an honor it is to sit with the old lady for dinner!

Shu Ran hadn't tried it, nor did the two Jackson's ladies. Now, Emily Gale, the ugly monster, was directly seated on the table of the protagonist!

The old man and old lady are here, no one dares to say anything, but no one is convinced!

Emily Gale had a good meal.

The men were drinking, but she and the old lady were really enjoying the food.

The old lady took good care of her, and the two women, one old and one young, were not abrupt among men.

After the meal, Emily Gale and the maid sent the old lady back to the main house to rest.

Because I talked with the old lady, when I came back, it was already ten o'clock in the evening.

In the banquet hall, the people who should have been scattered are all gone.

She just didn't expect to see Ross walking alone on the forest path on the way back.

I have to say that Jackson's family is really big, incredibly big.

From the main house to the banquet building, there is a long boulevard in the middle.

There are pavilions with flowers and grass on both sides of the road. Looking from a distance, Ross is standing under the tree behind the pavilion.

The figure stood against the wind, and the moonlight pulled him a long shadow on the ground, a bit lonely.

Ross has never liked dealing with people, especially women.

In the last life, Hunter Jackson was not very good to her, but Ross was like her grandma, but was very good to her.

The scene where he was lying in his arms covered with blood, he kept lingering in his mind and couldn't get away.

Just thinking about it, Emily Gale's heart felt like he was stabbed by a knife, and he felt tight and uncomfortable.

Unconsciously, she walked behind him, less than five steps away from him.

"Ross..."

Ross was holding something in her hand, and after hearing the words, she glanced back at her, her eyes a little cold.

"At this time, don't you stay with Big Brother, what are you doing here?" He threw away the leaves in his hand and turned to leave.

Emily Gale was not at all deterred by his indifferent appearance. He did the same in his previous life.

At the beginning, he hated her very much.

But later, she gradually changed her mind, and then she became her only friend in the Jackson family.

Ross now is the Ross who just first met.

In fact, whether you hate her, maybe if you don't get along, the subsequent tragedy will not happen, and Ross will not die young.

Emily Gale let out a sigh of relief and looked at his profile, just watching him quietly without speaking.

Ross passed her, but at that moment, Emily Gale saw the fallen leaves on his shoulders.

Out of instinct, I wanted to pick up the leaves for him.

Ross's body became stiff, and she avoided her steps by mistake.

"I just...Ah!" She must be a fleeting disadvantage today.

Why would you accidentally kick your own foot while taking a step?

Then, with an unstable center of gravity, she fell straight towards Ross.

Ross's eyes were full of disgust, and she took a staggered step to avoid it.

Where Emily Gale had no support at all, he fell directly to the ground and fell into a dog chewing on the mud.

Shame!

But, God seems to be teasing her!

If you can trip yourself, it's absolutely impossible.

"I'm sorry..."

Ross had already gone far to apologize.

Emily Gale sat on the ground and let out a long sigh.

A little tired, and a little helpless, Ross must have thought that she was deliberately throwing her arms in her arms, and she hated her even more, right?

Well, don't be close to her. In the last life, people who were close to her didn't end well.

Since this life hasn't started yet, then it shouldn't start!

She looked at the direction where Ross had left, until his figure disappeared into the night, her eyes could not be taken back for a long time.

I don't know how long it took until she clearly smelled a sense of existence, and then she woke up and looked back abruptly.

Under the pavilion, the man sat on the bench, squinting at her.

He leaned against the stone pillar and put his slender legs on the chair.

One long leg is lying flat, the other is bent, and his lazy posture is very different from his usual rigorous and solemn.

Young Master Jackson, when did he sit here?

Are you just here, or have you been sitting for a long time?

It seems that the latter is more likely.

Emily Gale got up from the ground, patted the dust on his body, and walked over: "Young Master Jackson."

Hunter Jackson didn't speak, as he still had a chilly breath.

However, tonight's Young Master Jackson seemed to have a breath of alcohol.

When Emily Gale got closer, he could clearly smell the strong alcohol.

Although tonight is the family banquet of the Jackson family, the main reason is actually to celebrate their newly engaged couple.

Therefore, all night, not only the people at my table were drinking, but the people at other tables kept coming over to toast.

Emily Gale couldn't remember how much Young Master Jackson drank.

Just know, there must be many.

"Where's Aspen Li?" She thought Aspen Li would help him return to Wangjiang Pavilion to rest. Why is he here alone?

Hunter Jackson still didn't speak, his eyes fell in the direction where Ross had left, and his thin lips became colder in the moonlight.

Emily Gale also looked back subconsciously, Ross has already gone far, what is he looking at?

Could it be that just now...

"I didn't give him a hug!" This misunderstanding seemed a bit big, "It was an accident just now."

However, she was so anxious to explain to him what to do?

If you remember correctly, the agreement between the two people is clear, each has its own life and does not interfere with each other.

Hunter Jackson finally took a look at her, cold eyes, indifferent eyes, did not seem to put anything about her.

In mind.

"Young Master Jackson, you have drunk a lot of wine, and the wind is strong outside, so let's go back and rest first."

He still didn't speak, even indifferent.

How much did this guy drink?

It smells full of alcohol, how did he come here alone?

Emily Gale walked over, trying to reach out and poke his forehead.

He just stretched out his hand, but he grabbed it.

Hunter Jackson just pulled it slightly, Emily Gale couldn't even exclaim, and the whole person fell on him.

"Young Master Jackson..."

Emily Gale put her hands on his chest, trying to support her body.

Unlike before, Hunter Jackson didn't do anything to her.

Emily Gale sat up easily, but she seemed to have discovered a little problem with Joseph.

How could his body temperature be so high?

The tall one is a bit outrageous!

He wanted to reach out to reach his forehead, but he clasped his wrist for the second time.

"Master Jackson, your body temperature is not right, let me see."

Is the body temperature so high because of alcohol or is he sick?

Hunter Jackson's deep gaze was locked on her face. He didn't know how long he watched, and suddenly he waved her hand away.

He sat up, got off the bench, his tall body shook slightly, and Emily Gale was so scared that Emily Gale immediately helped.

Young Master Jackson really drank too much tonight, otherwise, how could he not even sit still.

How did you come here just now?

When she came, she clearly saw no one under the pavilion.

"Young Master Jackson, I'll help you..."

"What's the relationship between you and Ross?" He suddenly clasped her hand firmly, his sword eyebrows frowned: "You want to seduce him?"

Chapter 77

Staying, he will be angry that he really misunderstood.

Emily Gale said lightly: "No, I just think he is... very familiar."

"How familiar is it?" When the man stubbornly stubbornly looked like an unreasonable child!

"I just confessed to the wrong person, and I won't do it anymore, okay?" Emily Gale knew that he really drank too much, but after drinking too much, Joseph, who was a little childish, could not get used to it.

"I'll help you go back to rest first.

It's windy outside, and it's easy to catch a cold after drinking and blowing."

He didn't say a word, and Emily Gale tried to support him, but Hunter Jackson did not refuse.

Finally, she finally helped him to stand up.

However, Young Master Jackson's height shocked her again!

I know it's nearly 1.9 meters, but I usually look at it from a distance, and I only feel that the proportions of the body are perfect.

It was only when she got closer that she realized that this height was really a disaster for her.

Standing next to him, I was only as high as his shoulders, no wonder my neck was tired when talking to him, it turned out that it was so high.

It doesn't matter if you grow tall, so heavy, what do you mean?

Half of her weight was on her, and Emily Gale's legs suddenly softened, and she almost rolled on the ground with him.

"Young Master Jackson, can you... support yourself?" The weight on his body was too great, and he barely had the strength to speak. Emily Gale bit his lip and finally stood firm.

But it can only stand firm, it is impossible to move forward.

"Major Jackson..."

He didn't respond, but instead pressed her again.

If it weren't for the heavy drunkenness, Emily Gale would definitely suspect that this was intentional!

It was really heavy, and she was almost unable to breathe.

"Aspen Li, Aspen Li!" Aspen Li was indeed nearby. Hearing Emily Gale's call, he immediately rushed out.

"Madam, what's your order?" "Ask? I'm going to die soon!" Emily Gale almost wanted to curse, didn't she see that she was about to fall down?

Aspen Li hesitated a little, and finally walked over after two seconds of hesitation.

"Young Master, I'll help you."

Young Master did not speak, does this mean there is no objection?

The young lady doesn't know, but Aspen Li has been with the young master for so long, can he still not know the habits of the young master?

He doesn't need people to help himself!

But having said that, it's okay for Mrs. Young to help him.

It shouldn't be a problem to help the leader by herself.

Aspen Li breathed a sigh of relief, walked to Hunter Jackson's side, and was about to pull his arm.

But when his long finger touched Hunter Jackson's arm, the man who had half-closed his eyes suddenly opened his eyes and kicked out.

"Hmm..."

With a thump, Aspen Li directly ran into the stone pillar ahead.

If not for agility

Block your face when you hit it, you must have already hit your head badly.

Aspen Li felt that he was too wronged.

He knew it!

The young master just doesn't like to let people touch him!

Emily Gale was also stunned.

She knew that Young Master Jackson didn't like being touched by women, but she didn't know that he was so resistant to men.

His body is really untouchable for ordinary people.

However, he is supporting him now, why didn't he kick her up?

If she kicked her body like Aspen Li just now... Emily Gale shuddered coldly. If it was her who kicked her, she would definitely have fallen to the ground and was lying on the ground and couldn't get up.

She does not have such a good skill as Aspen Li.

"Well, Young Master Jackson, you... don't kick me, or I will throw you on the ground and leave you alone."

Some things have to be made clear first, or else he gets injured. Young Master Jackson probably doesn't even pay for medical expenses. Willing to reimburse her.

Hunter Jackson still didn't speak, he was just a dull gourd. When he didn't want to speak, you couldn't coax him to speak.

However, he didn't push Emily Gale away, instead, he lay directly on the side of her head.

Emily Gale's breathing was stagnant, and she suddenly felt as if she was being pressed up by a mountain, and she was about to faint.

"Aspen Li..."

She breathed forcefully, because she found that if she didn't use force, she couldn't even breathe in air.

Aspen Li stayed aside, just in case she couldn't hold back and fell down.

However, it is really impossible for him to help the young master in the past.

"Madam Young, Wangjiang Pavilion is not too far away from here, or... you want a lot of ladies to try..."

"You... die away!" Emily Gale gritted his teeth and tried to stand firm.

She gasped and finally took a step, but it was really difficult.

“Major Jackson...can you help, take a few steps?” I didn’t look very drunk just now, but now I can’t even walk.

Otherwise, she knew too much about Hunter Jackson, knowing that he would never make such a joke, she would definitely suspect that he was playing tricks on himself.

“In this way, I will let someone drive a sightseeing car over.”

Aspen Li just remembered at this time, in fact, he could really ask someone for help.

Emily Gale still bit her lip and continued to work hard to move forward.

After Aspen Li finished the phone call, he immediately followed them, fearing that the young master might bump into him.

After he wakes up the next day, he won’t be blamed!

The sightseeing car was parked outside the pavilion, and Emily Gale struggled to help him get into the car.

After that, the sightseeing car drove out of the yard and drove directly to the entrance of the lobby of Wangjiang Pavilion.

This time Hunter Jackson seemed to be a little obedient, and with Emily Gale’s support, he walked into the hall step by step.

Aspen Li immediately asked someone to clean up a guest room on the first floor and let

They go in.

In his current state, it might not be easy to go to the second floor.

"How did he get under the pavilion?" Hunter Jackson finally lay on the bed, and Emily Gale took a few breaths before he had a chance to ask questions.

"The eldest master was poured too much tonight. When I walked out of the banquet hall, I was already too strong to drink. I originally planned to go back to Wangjiang Pavilion while I was still awake."

Wine is this thing. When you think it starts, Finally, quickly find a comfortable place to lie down and rest.

Because you will soon discover that the stamina of alcohol is very terrible, maybe in a blink of an eye, you can't even walk.

"But I didn't expect that after the eldest master came out, he would see you, the young lady."

"He knew that he would be drunk soon, so what would he do with me?" Emily Gale didn't understand. If he wanted to find her, let Li Wouldn't it be enough for Ye to call her?

"This question, I think only Young Master himself can answer you."

Aspen Li scratched his head. When did Young Master have his turn to question?

Emily Gale sighed, feeling helpless: "Forget it, you take care of him."

She took off her shoes for Hunter Jackson and stood up.

"Madam, you, you can't go!" Aspen Li panicked.

Asking him to take care of the young master, isn't this looking for death?

After a while, the young master will give him a punch if he is upset, so that he will not let people live?

"He won't like letting me stay."

It's not that I haven't tried it in my previous life.

In the last life, Young Master Jackson was drunk and wanted to take care of him, but he was thrown out directly.

After that, she was not allowed to approach his room for three months.

Think about it, how much Young Master Jackson hates herself!
