

Love Will 454

Chapter 454

“Are you two going to keep flirting with each other in front of me like this?”

Brandon saw his trusted friend crazily trying to curry favor with Savanna. The anger in his heart kept rising.

“Why didn’t I know that your relationship was so close?”

When they became familiar, it was the time when Brandon was searching for Savanna’s whereabouts crazily.

His most trusted friend, together with the woman he loved the most, tricked him.

What a joke.

Brandon slammed the glass in his hand onto the ground.

Shards flew everywhere. Rex subconsciously shielded Savanna. “Savanna, be careful!”

“Brandon, don’t take your anger out on Dr. Barton. I don’t want to be with you anymore. I’m begging him to help me hide it from you.”

Savanna said resolutely.

Every word was like a sharp knife prodding Brandon’s heart.

Rex even added, “It was me who volunteered to help Savanna.”

“You guys are really like a couple. What a good couple!” Brandon’s face darkened and he was so angry that he ground his teeth.

He trusted his friend so much, and he loved the woman so deeply. Why did they unite and betray him?

What was even more outrageous was that Rex was still adding fuel to the fire.

“I don’t think you two are suitable. It’s too painful for you to be with Savanna. It’s good for both of you to be separated.”

“Good for each of us? Is that good for you?”

Brandon stepped forward and angrily grabbed Rex’s collar. “I know exactly what you are thinking about. Are you waiting for me to divorce so that she can become your girlfriend?”

Brandon had thought about many people that Savanna might like.
