

Love Will 455

Chapter 455

Brandon was extremely satisfied with the long joy on the bed.

But at the same time, he was also punished.

After that, he was kicked out of the ward and locked outside.

No matter how he knocked, Savanna just ignored him.

“Savanna, have a rest with Roya. I will come back to see you tomorrow.”

Brandon took the car key and drove back to the company, feeling refreshed.

At the entrance of the company, he found Kady, who had been missing for a long time.

“Kady, get over here!”

“Brandon, what a coincidence.” Kady had failed to escape, so he had to turn his head obediently and pretend to be passionate about work. “I was planning to talk with my client...”

“Aren’t you going to the bar?” Brandon snorted coldly. “Let’s talk about what happened that day!”

If it wasn’t for Kady forcing him out that day, he would not have missed Savanna’s delivery, let alone other things that happened later.

He thought that Kady was to blame.

It was inappropriate for the two bosses to quarrel in the company hall. The two went to a conference room and closed the door.

“Brandon, listen to me. I didn’t do it voluntarily that day,” Kady defended himself immediately.

“I went to the bar that day to drink and happened to meet Flora. She cried and begged me to ask you out to meet her. I drank too much and I called you abruptly.”

However, the truth was that Kady was born a bad guy. He could not see others living better than him, and he liked to trick others stealthily.

“If I knew that Savanna was going to give birth, I wouldn’t dare to call you out.”

“If it happened again, I promise you that you will suffer.”

Brandon was in a good mood, so he was more tolerant.

Kady breathed a sigh of relief, and he immediately began to talk about work.

“Brandon, I know you have been upset these days. I didn’t dare to report to you about what’s happening with Gordon.”
