

Love Will 456

Chapter 456

Flora hid behind the door of the ward and carefully looked inside.

The ward door was ajar and she could see

Savanna lying on the bed.

Her head was wrapped in gauze and there was a breathing machine on her side.

She was unconscious, but she was still alive.

“Savanna, you are really lucky. The car didn’t take your life!” Flora gritted her teeth.

She always remembered the pain of her car accident, so she wanted to use the same method to kill Savanna.

Unfortunately, Savanna did not die.

Beep, beep, beep.

The corridor was empty. The phone in Flora’s bag suddenly rang. She was shocked.

Who is it to make a phone call at this time?

She quickly took out her phone, pressed the answer button, and whispered,

“Hello.”

“Ah!”

In the next second, something soft and furry rubbed against her feet, and Flora cried out in alarm.

“Meow.” She looked down. It turned out to be an orange stray cat.

“Smelly cat, get out of my way!” She was afraid of furry animals and scolded in a low voice.

However, the cat got closer to her feet.

“Go away!” Flora shouted.

The noise outside alarmed the people inside the ward.

“Who’s outside?” Brandon asked warily.

Flora was afraid of being discovered, so she turned around and ran to the other end of the corridor without looking at the cat.

At the same time, the door of the ward was pulled open.
