

## Love Will 460

### Chapter 460

“Shut up, I won’t let you frame Savanna.” Brandon was so angry that his eyes turned red.

“Winnie, Savanna almost got killed by a car. Who would risk their own lives to do this?”

Flora wiped her tears pitifully. “Brandon, I didn’t do these things. You know me well.”

“If you didn’t do it, why did you admit it?”

Brandon had already watched the video Savanna sent to him. In the surveillance video, Winnie was arrogant and domineering, as if she was a different person.

Could a person’s personality change so much? He suddenly thought of the persons Tyrell had mentioned to him that day, who had the same face but different temperaments.

“You are not Winnie” Brandon stared at the woman in front of him, trying to see the flaws.

Was my secret exposed so quickly?

Flora suddenly trembled, but she still braced herself and continued to act like Winnie.

“Brandon, I don’t know what you are talking about. I am Winnie, the one that you promised to be with for the rest of your life.” Flora said as she leaned over.

She grabbed Brandon’s arm softly and her head leaned against his chest.

“Brandon, did you hear that? My heart will always beat for you.”

Brandon immediately released his arm and bounced back 1.5 feet away.

“I’m already got married. You better keep your distance.”

“Brandon, why are you being so cruel to me?” Tears appeared in Flora’s eyes again.

Brandon looked at her crying face and felt so annoyed.

“If you have nothing to do with the car accident, then stay out of it. If I find out you did this, I’m gonna kill you!”

Brandon walked out of the police station with these words.

“Brandon, wait for me.” Flora limped after him.

Brandon walked quickly. By the time Flora got out, all she could smell was vehicle exhaust. Why?

She stared in the direction where Brandon was gone. Her eyes were filled with resentment.
