

# LOVED BY AN OLDER MAN

## *Chapter 18: Just A Meal!*

In the past, Jiang Yu was just a small part-time worker at their horse farm, feeding the horses grass.

If it weren't for him today, someone with Jiang Yu's background wouldn't even be able to enter this restaurant.

When the dishes were all served.

A classmate jeered, "In our class, only classmate Jiang and young master Ma are the most compatible. They look like a couple."

"Yeah, I remember that young master Ma used to send flowers to classmate Jiang. At that time, classmate Jiang said that she didn't even consider dating because she wanted to take the college entrance exam. Now that the college entrance exam is over, wouldn't the answer be different?"

"Student Jiang, think about it. Don't miss out on such a good person."

A few of the students who were close to Ma Kai tried their best to matchmake the two of them.

Although everyone knew that Jiang Yu was only the Jiang family's unfavored adopted daughter and was so poor that she had to work to earn money, it couldn't be helped that she was pretty.

It was young master Ma's fault for liking this type of person.

After seeing that young master Ma was still interested in Jiang Yu, they intended to assist him.

Ma Kai looked at Jiang Yu with a smile.

He knew that no matter what, Jiang Yu had no reason to reject him again today.

Otherwise, Jiang Yu would never be able to find someone with a higher status than him.

“Everyone has misunderstood. Young Master Ma and I are not the same type of people. I can’t match up to him.” Jiang Yu gave Young Master Ma face.

Lu Qi also said, “That’s right. Moreover, universities might not even be in the same school. There’s really no need to make a choice at this time. I also support Jiang Yu.”

In an instant, everyone was stunned.

No one had expected Jiang Yu to continue using Qiao.

It was too late.

“Jiang Yu, you’ve rejected me time and time again, yet you want to eat and drink for free here. Aren’t you thinking too much!” Young Master Ma slammed his chopsticks on the table.

Because he had lost face, his expression was unfriendly. “No one else needs to pay for today’s gathering, but you, Jiang Yu, have to split the bill yourself!”

No one had the obligation to treat a person who always treated them coldly.

Especially this person who had a low status! What right did she have to be so arrogant?

All the students stopped talking.

“Student Jiang, if you can’t come up with the money, I can lend it to you!” A female student mocked.

“I think she really can’t come up with the money. She’s clearly not on the same level as us, yet she still went to the appointment. She eats and drinks for free. As expected, she only wants to take advantage of others and doesn’t want to pay anything.”

The students all followed the trend and followed the rich young master to suppress a person who didn’t have much status. There was no pressure at all.

Jiang Yu’s face also turned cold.

She had a lot of money now, and there was a 100 million bank card in her bag.

But... they were being too much of a bully.

Lu Qi looked at Jiang Yu worriedly and turned back to glare at Ma Kai. "You're too much of a bully. You all know what kind of situation my deskmate is in. If you can't afford it, then don't talk big and invite the whole class, Hehe."

The class leader also tried to smooth things over. "Forget it, forget it. It's just a meal!"

"That's right. It's not like we can't afford it since we're classmates. It's fine if we let her take the last bit of advantage."

Jiang Yu suddenly said, "I'll pay for it myself!"

She took out the bank card and handed it to the waiter.

Everyone was dumbfounded.

Ma Kai said, "Everything you eat today will be calculated by the entire portion. Go and find out how much she spent."

The waiter quickly returned. "She spent a total of 300,000 yuan!"

300,000 yuan. ! This was a little too much, but no one dared to speak.

They were afraid that if Young Master Ma was unhappy, they would have to pay for it themselves.

"I don't think your card has much money in it. If you beg me, I'll waive your bill. Be careful, be nice and pour me a drink personally!" Young Master Ma thought that Jiang Yu was trying to put up a fight.

"Who says I can't afford it!" Jiang Yu sneered. "Go ahead."

The waiter quickly took the card and went to pay. When he came back, he shook his head at Young Master Ma and handed the card back to Jiang Yu. "This is your card, please take it back."

He really paid it? [freewebnovel.com](http://freewebnovel.com)

It was 300,000 yuan!

Most of the students in the class couldn't take out such a sum of money at once.

Lu Qi was furious, she stood up abruptly and said, "Jiang Yu, let's go! Isn't it just 300,000 yuan? I'll pay it too! However, I believe that after today, everyone will know that young master Ma failed in his pursuit and instead asked for an exorbitant food fee. He charged 300,000 yuan just for two bites. Young Master Ma is so generous."

After saying that, Lu Qi brought Jiang Yu out.

Lu Qi's family could be considered a wealthy family. They didn't care about such a sum of money at all.

She only felt injustice for Jiang Yu.

After Lu Qi paid the money, she was about to leave with Jiang Yu.

However, she was stopped by a group of people.

"Miss Lu, you can leave, but the person next to you must stay!" Four or five people surrounded the two little girls.

"What do you want!"

"Send Miss Lu out!"

Lu Qi's expression changed drastically, but she was escorted out.

Only Jiang Yu was left. She was invited to a room and closed the door.

"What do you want?"

"You offended our young master Ma, and you still want to leave so easily? Just wait obediently!"

With that, the few of them left.
