

# The Luckiest man in the world CHAPTER 1-10

Jiangbei City.

At noon, Qingfeng Restaurant.

The woman with a melon-seeded face, black hair and an appearance of 85 points, casually glanced at Omi, who was sitting on the opposite side, all dressed up, a look of disdain appeared on her face.

For a while, the woman used a somewhat arrogant tone, and said: "First introduce myself, my name is Qiao Shiya, I am 23 years old this year, graduated from 211 college, and have an annual salary of 200,000 yuan."

Omi said: "My name is Omi, I am 23 years old, graduated from high school, and my monthly salary is 4,000 yuan."

"Oh."

Qiao Shiya casually replied, and the disdain on her face grew a bit more.

At the same time, I started to blame my mother, why should I introduce myself to such a blind date!

Although, Omi is a bit handsome.

But, can you be handsome as a meal?

is simply a poor-hanging-silk!

Omi is not worthy of him at all!

Qiao Shiya picked up the juice in front of her and drank it casually.

...

Omi admitted that Qiao Shiya is indeed very beautiful.

However, her lofty tone and disdainful expression were all in Omi's eyes.

Omi is not licking a dog, others don't look down on him, and he doesn't bother to pay attention.

The two sat opposite each other, with nothing to say, and the atmosphere was a little dull for a while.

“Ding!”

At this time, Omi’s phone vibrated rapidly.

He took out his phone, but there was a strange message.

【Ding! Received 7 billion red envelopes, do you receive it? 】

Omi couldn’t help being a little funny.

7 billion red envelopes?

Doesn’t that mean... Almost everyone in the world has given me red envelopes?

Now mobile phone ads are really exaggerated.

If it is on normal days, Omi will definitely turn off the ad.

But, at this time, Omi, who was extremely bored and curious, clicked OK.

He wants to see what content will appear next, and he can pass the time.

“Ding!”

The next moment, a dazzling red light appeared on the phone screen.

A red envelope appeared on the phone screen.

Omi clicked on ‘Open’ smoothly.

“Ding! Congratulations, you got 19,999 yuan.”

Then, another red envelope appeared on the screen.

Omi clicked ‘Open’ again.

“Ding! Congratulations, you got 99 yuan.”

Then, another new red envelope appeared on the screen.

Omi couldn’t help but wonder: Is this a program that keeps clicking on red envelopes? It’s really boring.

Thinking of this, Omi wanted to turn off and exit.

However, at this time, the cell phone shook slightly, and the bank sent two text messages to remind him in a row.

“China Merchants Bank reminds you to deposit 19,999 yuan at 12:00.”

“China Merchants Bank reminds you to deposit 99 yuan at 12:00.”

Omi was startled.

These two amounts turned out to be the two red envelope amounts that I just received!

This...

Isn't it an advertisement? It's a real red envelope?

Omi, with a hint of excitement and doubt, clicked the red envelope 'open' again.

“Ding! Congratulations, you got 29,999 yuan.”

“Ding! Congratulations, you got 2,000 yuan.”

...

“Ding! Congratulations, you have obtained professional car driving skills. Unparalleled driving skills give you a unique charm.”

“Ding! Congratulations, you got 5 yuan.”

Omi kept tapping the screen to 'open' the red envelope.

At the same time, the bank kept sending SMS reminders.

He understands...

These are all real red envelopes!

Qiao Shiya, who was sitting across from her, frowned slightly when she saw Omi hadn't spoken for a long time, but had been tapping the phone screen.

Qiao Shiya couldn't help pulling her neck and glanced at Omi's phone screen.

“Congratulations, you got 5 yuan.”

see here...

Qiao Shiya's heart is both angry and contemptuous.

I am a beautiful woman with high education and high income.

He didn't take the opportunity to chat with himself, so he grabbed a red envelope for a few dollars!

Qiao Shiya stood up and said coldly: "I think you should have felt it too, we are not suitable at all. I have something to do later, so I will leave first."

After the words fell, I got up and prepared to leave.

"Ding! Congratulations on getting a Lamborghini Aventador."

When Omi wanted to keep ordering red envelopes, the time on the phone changed to 12:01.

Then, a dialog box popped up on the screen.

[Hint: There are still 23 hours and 59 minutes before the next red envelope. ]

[Reminder: For every 10,000 yuan spent, you can get 1 red envelope immediately. ]

Omi slowly put the phone in his pocket.

At this time, he found an extra car key in his pocket.

Lamborghini's car key!

When I just received the red envelope, I did get a Lamborghini.

But how did the car key get into your pocket?

Red envelopes... all true!

Qiao Shiya glanced at Omi, who was still staring at the phone in a daze, thinking that he was still grabbing a red envelope for a few dollars.

I feel even more contemptuous in my heart.

This kind of person can only be poor-hanging-silk for a lifetime!

Thinking of this, Qiao Shiya never stopped, twisting her waist, and strode outside.

At this time, many people stood at the door.

They looked at a cool super sports car not far away with extremely stunning eyes, amazed again and again.

“Lamborghini!”

“Furthermore, it is still a Lamborghini big bull, with 10 million domestic sales!”

“This silver-gray look...so handsome!”

“We actually have this car in Jiangbei. I don’t know who owns it.”

An internet celebrity girl in hot clothes walked up to the Lamborghini bull, scratched her head and took selfies.

Qiao Shiya looked at the super sports car with envy on her face.

said in his heart: I wish I could marry this goddess.

When Qiao Shiya saw Omi walking out of the restaurant, her face immediately became very bored.

I have already said that it is not appropriate, why is he still stubbornly following up?

“I drove here by myself, I don’t need you to send it.”

While talking, Qiao Shiya raised the BMW car key in his hand.

She wanted to let Omi know more about the gap between the two.

I own a BMW car, but he can’t even afford a car!

Omi said: “I didn’t say to send it.”

The words fell, he took out the Lamborghini car key and pressed it lightly.

The car lights came on and the horn honked.

Then, strode to the front of the Lamborghini Daniel, opened the door of the car, and sat down.

Omi rarely drove and never drove a supercar.

But when he got on the Lamborghini Bull, he seemed to be a veteran who had been driving for decades. He knew everything in the car very well. It was amazing!

The net celebrity girl who was taking a selfie in front of the car, looked at Omi who walked into the car, and exclaimed in excitement: She is handsome and rich!

The internet celebrity girl leaned over to the car window with excitement and said: "Handsome guy, do you have time to have a meal together?"

"I just ate it." Omi said.

"How about going to the movies together? Several good movies have been released recently." The internet celebrity said again.

"I'm sorry, I'll have something to do later." Omi said.

"Handsome guy, let's add a WeChat first, add a WeChat!" The celebrity girl called out again.

However, at this time, Omi had closed the window and started the vehicle, and did not hear what the internet celebrity said.

With a kick of the accelerator, the Lamborghini Bull shot out like a cannonball.

These ones...

was all in Qiao Shiya's eyes.

She was completely taken aback.

Omi actually left in a supercar!

Is he the goddess?!

He just ate with himself, and even went on a blind date with himself?

Then, I refused him?

Originally, if I marry Omi.

No more hard work in the future, you can carry famous brand bags every day and go to high-end restaurants to eat...

However, it's all gone now!

Regret!

Endless regrets on my heart.

Qiao Shiya only felt a soreness in her chest.

"Jingle Bell!"

At this time, the mobile phone in Qiao Shiya's pocket rang a brisk ring.

"Shiya, how about it, have you seen Omi?" On the phone, my mother Chen Minfen's low voice came.

"I saw..." Qiao Shiya was a little dumb.

"He's not by your side? Is it convenient to talk?" Chen Minfen asked.

"Not here." Qiao Shiya said.

"What do you think of Omi? If you don't like it, don't force it! Just deal with it. Mom stands with you, his family situation is indeed too ordinary." Chen Minfen said.

Qiao Shiya was taken aback for a moment, and said, "The situation in his family...fair?"

After a pause, as if thinking of something, he asked: "What do his parents do?"

"We were working friends before, and we had a good relationship with me. Now I heard that we opened a small clothing store..." Chen Minfen said.

Qiao Shiya said: "Okay, Mom, I see."

After finished speaking, she hung up the phone.

Qiao Shiya looked at Lamborghini, who had completely disappeared from the field of vision, with a touch of comprehension on her face.

said contemptuously: "Rent a car for a blind date, thinking that you can succeed in this way? It is ridiculous! Poor-hang-si is always poor-hang-si!

Then, she glanced at the net celebrity girl not far away, and said: "Biaozi with hanging silk is quite suitable."

After speaking, he smiled and walked towards the BMW.

...

Omi drove a Lamborghini bull, galloping all the way!

He is like a dazzling laser light, wherever he goes is the focus!

This is the street bombing!

After a while, Omi came to a public parking lot.

He flipped out of the car, with a driving permit and registration certificate with his name written on it.

wondered: "Is this the golden finger in the novel? The system?"

At this time, a virtual button appeared in front of Omi.

Omi casually.

【 Ding! Successfully activated the system! 】

【 Get the newbie package! 】

Then, a virtual screen appeared in his mind.

[Name: Omi]

[Level: LV1]

[LV1 reward: get 1 yuan for every breath; get 1 yuan for every second of sleep; get 1 yuan for every step you take. Rewards will be credited to the account at 24 o'clock every day. 】

[Upgrade consumption amount: 0/10000 (Gifts to others, gambling, etc. are not counted. In addition, all items obtained from the system are prohibited from trading)]

[Charm: 85 (appearance, clothes, spirit, etc. are closely related)]

[Skills: professional car driving skills]

[Funds: 89900 (All funds are from reasonable and legal sources, and there is no need to worry about direct use)]

[Reminder: There are still 23 hours and 35 minutes before the next red envelope. 】

[Reminder: For every 10,000 yuan spent, you can get 1 red envelope immediately. 】

Omi said: "Sure enough, there is a system!"

"Professional-level driving skills? No wonder it feels so easy to drive this Lamborghini!"

Then, Omi began to study the system again.

Get 1 yuan for every breath. For a normal person, about 20 breaths per minute, that is, 24 hours a day, about 28,000 can be obtained.

Get 1 yuan for every second of sleep. If you sleep for 8 hours a day, you can probably get around 28,000.

Get 1 yuan for every step you take. This is not very fixed, sometimes a few hundred, sometimes a few thousand.

As for the red envelope... the amount depends on luck.

If you calculate it together, you can get 60,000 to 70,000 yuan per day, almost 2 million per month, 24 million a year!

In addition, this is only LV1, if you upgrade to LV2, or even higher levels, I am afraid you will get more money.

Omi thought of this, and the corners of his mouth were slightly raised.

Then, he set his sights on the novice gift bag.

[Do you want to open the newbie package? ]

“Yes!”

【Ding! Congratulations, get the charm aura and increase your charm by 5 points. In addition, there is a five-percent chance of triggering love at first sight and unforgettable. The strong charm is the most attractive. 】

【Ding! Congratulations, get a 10 times rebate card. Better consumption can have more gains. 】

Omi only felt his body warmed slightly, but there was not much change.

He glanced at his pale pants, stepped on the accelerator, and went straight to KM Mall.

KM Mall, the most high-end clothing shopping city in Jiangbei City.

“Welcome, KM Mall, can I help you?”

Although, Omi wears ordinary clothes.

But, standing at the door, the well-proportioned female shopping guide greeted her for the first time.

From this point of view, it is not without reason that KM Mall has been able to stand in Jiangbei for many years.

At least, the quality of shopping guides is much better than that of ordinary shops.

Omi said: "Help me find a suit that suits me."

"This suit is the latest model of this year, the design is cutting-edge, and it is very comfortable."

People rely on clothing and Buddhas rely on gold clothing. This sentence is true.

After changing into KM's clothes, Omi's charm increased by 2 points again, reaching as many as 92!

Omi moved his hands and feet, and said, "Okay, just this set, how much is it?"

"A total of 48,889 yuan." The female shopping guide smiled.

Omiyan heard it, and frowned slightly.

The female shopping guide saw this, she sighed in her heart: Sure enough, another person who thinks KM is too expensive.

At this time, Omi murmured: "It's only more than 40,000? Forget it, swipe your card first."

is only more than 40,000?

He didn't think it was too expensive, but he thought it was too cheap?

The female shopping guide received the bank card by mistake and swiped it on the POS machine.

【 Ding! For this consumption of RMB 48,889, do I use a 10 times rebate card? 】

"Yes!" Omi said silently in his heart.

【 Ding! System upgrade, LV2! 】

[LV2 reward: get 2 yuan for every breath; get 2 yuan for every 1 second of sleep; get 2 yuan for every step you take. Rewards will be credited to the account at 24 o'clock every day. ]

[Upgrade consumption amount: 38889/10 million (gifts, gambling, etc. are not included. [www.com](http://www.com) In addition, all items obtained from the system are prohibited from trading)]

Originally, at least 60,000 to 70,000 were obtained every day, but now, it has doubled to more than 100,000!

Immediately afterwards, Omi's phone shook slightly.

"China Merchants Bank reminds you to deposit 488,890 yuan."

At the same time, a red envelope appeared on the screen of his mobile phone.

【 Ding! After spending 40,000 and getting 4 red envelopes, do I receive all of them? 】

"Yes!"

【 Ding! Congratulations, you got 19,999 yuan. 】

【 Ding! Congratulations, get 2 yuan. 】

【 Ding! Congratulations, get 300 yuan. 】

【 Ding! Congratulations, you got 2999 yuan. 】

see here...

Omi's mouth tick slightly.

The female shopping guide beside respectfully handed out the bank card and said: "Sir, your card."

"You first put the two over there, and one set there...wrap me all according to my size." Omi fingered nearly ten pieces of clothing.

The female shopping guide understood that she definitely met Shenhao.

So, he hurriedly wrapped up all the clothes.

"A total of 232,100 yuan, I can apply to the store manager to help you remove the fraction of 2,100 yuan behind, you can wait a moment." The female shopping guide said.

Omi said: "That fraction, just treat it as a tip for you."

Now, to Omi, money is just a number.

This waiter has a good attitude. Although the clothes he chooses are a bit cheaper, they are really comfortable.

So, giving her a little reward is nothing.

The female shopping guide was very happy and said: "Thank you, Mr."

In Omi's mind, a reminder sounded again.

**【Ding! System upgrade, LV3! 】**

[LV3 reward: every breath, 5 yuan; every 1 second of sleep, 5 yuan; every step, 5 yuan. Rewards will be credited to the account at 24 o'clock every day. ]

[Upgrade consumption amount: 270,000 / 1 million (Gift to others, gambling, etc. are not counted. In addition, all items obtained from the system are prohibited from trading)]

This time the system upgrade, the money received was 5 times more than that of LV1!

In other words, now, Omi can get three to four hundred thousand yuan every day!

At the same time, a red envelope appeared on the screen of Omi's phone.

**【Ding! After spending 230,000 and getting 23 red envelopes, do I receive all of them? 】**

"Yes!"

**【Ding! Congratulations, get 200 yuan. 】**

**【Ding! Congratulations, you got 18888 yuan. 】**

**【Ding! Congratulations, you have acquired the skill violence aesthetics. Significantly enhance physical fitness, reaction, agility, fighting skills and so on. As a result, he has the fighting power of one enemy and one hundred, is powerful and violent, showing the true qualities of a man. Even fighting is pleasing to the eye. 】**

...

**【Ding! Congratulations, get the skill drinking gentleman. When drinking, a thousand cups are not poured, gentleman, elegant, and know all the wine information. Even drinking alcohol has endless charm. 】**

**【Ding! Congratulations, you got 3333 yuan. 】**

23 red envelopes, a total of 192,335 yuan.

As for money, Omi has no much interest in it.

He set his sights on the skills 'violent aesthetics' and 'drinking gentleman'.

One enemy one hundred?

A thousand cups are not poured?

Omi only felt that his whole body was full of power.

With a good mood, he drove back to the rental room.

That night, early in the morning, Omi's mobile phone rang a text message reminder.

"China Merchants Bank reminds you to deposit 213,500 yuan at 00:00."

12:00 noon the next day.

Omi's phone popped up with a red envelope again.

"Ding! Congratulations, you got 19 yuan."

"Ding! Congratulations, you got 2,999 yuan."

...

"Ding! Congratulations, you got 19,999 yuan."

"Ding! Congratulations, you got the Vacheron Constantin Tourdel'le watch."

"Ding! Congratulations, you got a house in Wanjia Washington."

When Omi clicked on the red envelope and arrived here, he was slightly taken aback.

Wanjia Washington?

Isn't that the best and most expensive school district room in Jiangbei?

I heard that... the price has already been flat at fifty thousand.

1 house?

It was this stupefaction, and the time became 12:01.

The red envelope disappeared.

Omi slowly raised his head with doubts in his heart.

This raised his head, and he was stunned again.

Because, there were a lot of real estate certificates and two sets of keys in front of me.

Omi opened the first real estate certificate.

It reads impressively: Building A 101, with an area of 103 square meters, and the property owner Omi.

Then, he opened the second book: Building A 102, with an area of 104 square meters, and the property owner Omi.

Then, he hurriedly opened the third book: Building A 103, with an area of 89 square meters, and the property owner Omi.

...

There are 33 floors in a building with 4 houses on each floor!

132 suites, all belong to Omi!

The total value of these houses has reached hundreds of millions!

Omi couldn't help putting his hand in his pocket, wanting to smoke a cigarette, but accidentally pulled out the fashionable Vacheron Constantin Tourdel'Ile watch.

He looked at the Vacheron Constantin Tourdel'Ile in his hand, then looked at the real estate certificate in front of him, and the corners of his mouth slightly twitched.

Then, Omi found a bag, put all the real estate certificates and keys in it, and then strode downstairs.

At this time, the landlady Wang Siqin happened to be downstairs, holding a mobile phone and seemed to be about to make a call.

After she saw Omi, she showed a smile on her face and said, "Xiao Lin, didn't you go to work today?"

While talking, Wang Siqin couldn't help but quietly glanced at Omi.

For some reason, she always felt that Omi seemed a little different today.

Especially the clothes that Omi wears, I seem to have seen it somewhere.

“Yes.” Omi answered flatly.

He hates this landlord very much. He just likes to charge water and electricity bills indiscriminately. Moreover, he often cuts water and electricity.

Before getting the system, Omi had made plans and moved out directly when the contract expired.

If it weren't for the rental house, there are some of his personal belongings.

Last night, Omi didn't plan to come here anymore.

Seeing that Omi was leaving, Wang Siqin didn't care about his differences. He hurriedly said, “You are not going to work today, that would be great! My toilet is blocked and I can't fix it anymore. Go and help me clear it. ”

Her tone was not a request at all, but an order.

Omi raised his brows and said, “I can't do it.”

After finished speaking, he walked straight forward.

Wang Siqin didn't expect Omi to reject him at all, so he was slightly taken aback.

Then, with a fire in his heart, he grabbed Omi's arm and said, “What does it mean to be no? You people who haven't gone to college, don't you do this kind of thing?”

Omi's face sank, and said: “Let go!”

However, Wang Siqin did not let go at all.

Omi's face was slightly cold, and he slammed hard.

“Wow!”

This action was too big, but the real estate certificate and keys in the bag were accidentally dropped out.

Wang Siqin contemptuously said: “You haven't even gone to college, and you still learn to be a real estate agent by others? Can you introduce the house?”

Wang Siqin doesn't think these houses belong to Omi at all.

Because of charging dozens of yuan more in utility bills every month, I have to ask the poor-Diao-Si, how many houses will there be?

How can it be! ?

The only answer is that Omi works in a real estate agency. These real estate certificates and keys belong to the agency company.

Omi didn't bother talking to Wang Siqin. After picking up the real estate certificate and key, he strode towards the Lamborghini bull who stopped in front.

opened the car door and sat straight on.

Then, step on the accelerator and gallop forward.

At this time, Li Jiahu dragged his fat body and slowly walked downstairs, complaining: "Mom, when will the toilet cleaner be here? I'm almost killed!"

The next moment, Li Jiahu squinted his eyes, and immediately glared round, and exclaimed excitedly: "Fuck! Lamborghini Bull! Someone in our community opens Lamborghini Bull! It's awesome!"

While talking, Li Jiahu hurriedly took out his mobile phone and took a few consecutive photos of the Lamborghini who was about to disappear from the field of vision.

Wang Siqin saw Li Jiahu so excited, and said: "Jiahu, do you like that car very much? When you find a job, mom will buy you one!"

In her opinion, a car that even Omi can afford is definitely not a good car.

Li Jiahu said, "Buy that car? Mom, do you know how much you get?"

"How much does a car cost? Two hundred thousand?" Wang Siqin said.

A few years ago, Wang Siqin's old house was demolished and lost three.

sold one of them, and had nearly one million in deposits in his hand.

gave out 200,000 of them for his son, and Wang Siqin didn't feel too distressed.

"Two hundred thousand? Another ten two hundred thousand won't work! That's a Lamborghini Daniel, a super sports car! The domestic market is almost 10 million!" Li Jiahu said.

"What?" Wang Siqin shouted, and the whole mouth turned into an "O" shape.

10 million?

Even if I sell her, I can't get so much money.

At this time, Wang Siqin suddenly remembered why Omi's clothes were so familiar.

A few days ago, while shopping in KM Mall, Li Jiahu liked that suit very much.

However, Wang Siqin saw that the suit cost tens of thousands of yuan, so he dragged Li Jiahu out.

Immediately afterwards, Wang Siqin thought of the real estate certificate and keys that Omi had fallen to the ground earlier.

A terrible thought suddenly appeared in his heart.

Are those houses all his?

Thinking of this, Wang Siqin couldn't help taking a breath.

...

At this time, Omi had already arrived at Wanjia Huafu.

He took out the keys and opened several suites, and found that each of the houses was completely decorated and equipped with appliances, so he could move in directly with his bags.

Then, Omi took the bag again and went to a nearby housing agency.

"Hello, is there anything I need to serve?" said the salesman wearing black-rimmed glasses.

Omi said: "I have a house in Wanjiahuafu. I want you to rent it out. By the way, is your manager here? I think it's best to let your manager come out and receive it for my business."

"I have always been responsible for the rental and sale of Wanjiahuafu. You can give me the information about the house, and I will definitely rent it out for you at the highest price and in the shortest time." The salesman smiled.

A house, in the ears of the salesperson, directly becomes a house.

Therefore, his tone is extremely relaxed and indifferent.

Omi nodded and said, "All right then."

Then, Omi poured out all the real estate certificates and keys in his pocket.

When the salesman saw it, he immediately opened his mouth and was stunned.

After a long time, he mused and said, "This...this...you...please have some tea first, sit for a while, and I will help you find the manager."

Soon, the woman in professional attire walked out quickly.

Omi looked at the woman from top to bottom.

The facial features are exquisite, the skin is fair, plump and rounded (oYo) that almost stretches out the white shirt (oYo), with straight long legs wrapped in loose trousers, the whole person looks mature, capable and agitated.

Combined, 94 points!

"Hello, I'm Han Tian, the manager of Lianjia Dongcheng District, this is my business card, what do you call your husband?" Han Tian handed out his business card and said.

At the same time, Han Tian also secretly looked at Omi.

has chiseled facial features, is 1.8 meters tall, wears a set of novel brand-name clothes, and exudes a special temperament. The whole person is simply a walking hormone!

One word-handsome!

Wanjia Huafu is the best school district housing in Jiangbei.

Han Tian, as the regional manager of Dongcheng, knows very well that Building A belongs to a mysterious person.

She spent a lot of thoughts, trying to inquire about this mysterious person, but she never got any results.

Han Tian thought about a possibility. Perhaps, this mysterious person is a corrupt official, who has already been arrested or fled abroad.

There is no such thing.

However, Han Tian did not expect that the other party turned out to be such a young man.

Besides, he is still a tall and handsome young man.

Han Tian seemed to feel that she was staring at Omi for too long, a little impolite, and her professional pretty face was blushing.

"My name is Lin." Omi said.

"Mr. Lin, I just heard that you are going to rent out a house in Wanjiahua Mansion?" Hearing Omi's voice, Han Tian couldn't help but rectify her mind, and her pretty face became professional again.

"Yes." Omi took a sip of tea and said casually.

Han Tian smiled and said: "You are the right choice to come to our Lianjia. Our Lianjia is the largest sales and rental platform in China, and we can definitely rent out your house at the highest price in the shortest time. U U Reading Books www. .com"

"In addition, you own a full house and belong to a large customer. We have a large customer policy for each family, which can provide you with the most favorable and convenient services..."

Omi nodded indifferently, and said, "Okay, then my house will be handed over to you."

Han Tian was taken aback.

She obviously didn't expect Omi to agree so simply.

He doesn't make specific pricing, does he ask questions such as rake?

He... trusts himself so much?

Han Tian's professional pretty face was blushed again, and said softly, "Thank you Mr. Lin for your trust."

Soon, with a warm contract, it was placed in front of Omi.

...

Qiao Shiya dragged her tired body into Lian's house.

"Do you have any houses in Washington DC for rent?" Qiao Shiya asked expectantly.

Only by renting a house in Wanjia Washington, can her brother go to Jiangbei No. 1 Middle School to study.

But where is Wanjiahua Mansion so easy to rent?

Today, Qiao Shiya ran to nearly ten intermediaries, sweating all over, but to no avail.

"Tap!"

At this time, Omi just finished signing the contract and walked out of the conference room.

After seeing him, Qiao Shiya couldn't help but recalled what happened yesterday.

scornfully said: Isn't it driving a Lamborghini? Why did you work in a real estate agency? Renting a Lamborghini probably cost him a month or two of salary, right? Poor-hanging-silk!

The salesman smiled to Qiao Shiya, and said, "This guest, your luck is really good!"

"This gentleman, just gave his entire house in Wanjia Washington DC to our Lianjia agent for rent! Now, we have a large number of floors for you to choose from."

Qiao Shiya half-opened her mouth, and she was completely stunned.

What did she hear?

Omi entrusted an entire house in Washington DC to Lianjia for rent?

He, there is a whole house! ?

Besides, it's from Wanjia Washington?

The average price of Wanjia in Washington is now 50,000 yuan. A house costs about 5 million yuan. A whole house...how much is it?

Immediately afterwards, Qiao Shiya once again thought of the Lamborghini Daniel that Omi drove yesterday.

It turns out that he is really a god, a super god!

And myself... actually rejected him yesterday?

If you are with him, where do you need to run out of sweat today?

At this time, Qiao Shiya seemed to see brand-name bags, and the high-end restaurants were getting further and further away from him.

Pain.

Qiao Shiya only felt the endless soreness in her chest.

Omi glanced at Qiao Shiya lightly, and then walked outside.

He has no affection for this woman who looks down on people and loves vain.

Qiao Shiya hurriedly shouted: "Omi...Lin Shao..."

However, what responded to her was only a tall figure from the back.

"Madam, do you still need to rent a house in Wanjia Washington?" Han Tian asked.

"Rent, I want to rent a set." Qiao Shiya said.

At this time, she also recovered.

Anyway, I have to rent the house first today.

Han Tian said: "Now only Building A 104 can be rented out, and the rent is 30,000 a month."

Earlier, Han Tian had a full view of the changes in Omi's expression, knowing that Omi hated the woman in front of him.

Omi is his big customer, and he is very handsome and trusts his big customer!

Omi hates the woman in front of him, so he naturally has to teach him a lesson.

"30,000? How could it be so expensive? The luxury community not far from here is only 3,000 a month!" Qiao Shiya exclaimed.

"And, just now, your salesman also said that there are many floors to choose from. How come you are only left with 104!"

Han Tian said in a hurry: "Our salesperson is not the only one, how much can he know? Many floors have been booked by other customers."

"As for, if you say that luxury quarters are cheap, then you can rent luxury quarters."

After finished speaking, he turned around and left.

"you..."

Qiao Shi is very elegant.

At this time, the cell phone in her pocket rang a ring.

"Shiya, you have to help your brother rent a house in Wanjiahuaifu! If you drag it on, he really won't be able to read Jiangbei No. 1 Middle School." Chen Minfen's anxious voice came over the phone.

"Mom, I found the house." Qiao Shiya hesitated.

"Really? Okay, then rent it out soon, don't be robbed by others!" Chen Minfen exclaimed excitedly.

"But, the price of the house..."

"What is the price? No matter how expensive it is, you have to rent it! What else is more important than your brother going to school?" Chen Minfen shouted.

Qiao Shiya sighed and said, "Well, I'll rent it now."

After a pause, he said: "Mom, you said yesterday that Omi's house... is very ordinary?"

"Yes, I opened a small clothing store, what's the matter?" Chen Minfen said.

"No...nothing." Qiao Shiya sighed.

心道: A small clothing store? I'm afraid it was someone who was low-key, and actually opened a large clothing company.

After hanging up, Qiao Shiya had to go forward again, gritted her teeth and said: "I rent that 104 room!"

...

After having lunch at Hilton, Omi opened a presidential suite for a nap.

Now that he has taken out all his personal belongings in the rental room, he will naturally not go back there again.

Omi closed his eyes and slowly fell asleep.

When he opened his eyes, it was already 17 o'clock in the afternoon.

Omi flipped through his mobile phone at random, and found that the group of high school classmates who had been silent for a long time had become active today.

It turned out that they held a class reunion at the Jiangbei Fenglai Hotel at 19 o'clock this evening, so that all the students who were available would pass.

Omi couldn't help but think of those laughter and laughter in high school, as well as the figure of a few good friends.

At the same time, thinking that there is nothing to do at night anyway, I decided to participate in the class reunion.

Omi felt that during the gathering time, it was the peak time, and there would definitely be a lot of cars and traffic jams.

So, he set off from Hilton ahead of time.

In fact, as Omi expected, there are indeed many cars on the road.

However, he did not calculate that he was driving a Lamborghini Daniel, and the surrounding cars took the initiative to pull away from it.

Coupled with Omi's professional driving skills, the entire road can be said to be unimpeded.

So that, at 18:40, Omi came to the "Box 666" of Fenglai Hotel.

"Huh, Omi?" a round-faced man said with some uncertainty.

Omi smiled and nodded, and said, "Shen Liang, you really have changed a lot!"

In high school, Shen Liang was tall and thin, nicknamed "Bamboo Pole".

Now, it is full of flesh and blood, and the years are really a pig-killing knife.

"It turned out to be you! I haven't seen you for a few years, and I have become more and more handsome. I almost can't recognize it!" Shen Liang said.

Next to , a young man named Wang Haoqi said, "Omi, this is the first time I have met since graduating? I heard that you joined society after graduating from high school? How much is it for a month now?"

"A few thousand yuan," Omi said casually.

"A few thousand yuan? Then you can eat more later. After all, our meal today is worth one month's salary." Wang Haoqi sneered, and the contempt on his face was full. undoubtedly.

How about being handsome?

A few thousand yuan a month.

Omi frowned slightly.

Where can he not hear the ridicule in Wang Haoqi's words?

But, today is a class reunion after all, it should not be too ugly.

So, Omi didn't say much.

At this time, Yang Wenjing, wearing a Hermès long skirt, carrying a Gucci bag, with heavy makeup, holding a big beer belly, and a middle-aged man with an obvious LV logo belt around his waist, walked in slowly.

After seeing her, everyone began to say hello.

“Wow! Isn’t this Yang Wenjing, the big beauty in our class?”

“I haven’t seen you in a few years, getting younger and younger and more beautiful!”

“Beauty Yang, www. .com won’t you tell us about this one next to us?”

...

Yang Wenjing was praised by the classmates, and her smiling body trembled so much that the foundation on her face fell on the table.

“Thank you for your compliment, this is my husband Du Lei.” Yang Wenjing said.

Omi followed Yang Wenjing and his husband, and he couldn’t help but let out a sigh of relief.

In high school, several girls in the class all expressed love to Omi.

Among them, Yang Wenjing is the most bold and direct.

However, Omi’s mind is all about studying, so he rejected Yang Wenjing and all the girls.

Now, Omi looked at Yang Wenjing’s appearance and couldn’t help but feel very grateful for the decision at that time.

“Tap!”

At this time, Qin Yuxuan, with fair skin and her jet-black hair hanging down like a waterfall, walked in.

Qin Yuxuan wears ordinary casual clothes, but her exquisite features and perfect body make her extraordinary at all.

With her arrival, it seemed that the whole box was brightened up.

Even Omi’s eyes light up slightly.

“Qin Yuxuan! Unexpectedly, you, a top student, have also come!”

“Today is really rare!”

“By the way, in high school, wasn’t it rumored that Qin Yuxuan and Yang Wenjing were both interested in Omi? What are they doing now?”

“What’s the situation? Yang Wenjing is already married to that big boss, she is a famous brand! Qin Yuxuan heard that she is studying in the magic city!”

“Yang Wenjing and Qin Yuxuan, a lady, a goddess! And Omi entered the society after graduating from high school, and now only a few thousand yuan a month, properly poor-hanging-silk, what can they do?”

When all the students said this, they unconsciously glanced at Omi with a mocking look.

At the same time, secretly distanced himself from Omi.

, it looks like being too close to Omi will damage your identity.

Among these...except Qin Yuxuan.

After entering the box, Qin Yuxuan’s beautiful eyes quickly scanned.

However, when he saw Omi, he stayed for two more seconds, so that his eyes met each other.

The two looked at each other and smiled slightly. At this moment, silence is better than sound.

Soon, a large table of exquisite dishes was served, such as mellow steak ribs, steamed rich fish, pork neck charcoal grilled pork, and so on.

“There should be so many people today... It’s rare for us high school classmates to get together, I suggest, everyone toast to celebrate!”

“Cheers!”

“Cheers!”

A lively reunion of classmates began.

Before everyone had eaten it for a long time, Hu Jinsong, who was wearing a plaid shirt, walked in.

He first put the BMW key in his hand on the table.

Then he clasped his fists in both hands and said: “Sorry, old classmates, I’m late, the road is too blocked.”

“I will punish myself for a cup first!”

After Hu Jinsong finished speaking, he poured himself a glass of wine and then poured his stomach.

"Hu Jinsong, that's okay! I already bought a BMW!" Wang Haoqi said.

"It's just a BMW 5 Series, it's nothing." Hu Jinsong waved his hand casually.

"The 5 Series is also a luxury car!" Wang Haoqi said.

"What kind of luxury car is this?" Hu Jinsong waved his hand again and again, and said, "You don't know what car was parked next to me when I just parked! Lamborghini bull!"

"Fuck! Lamborghini Daniel? We have this car in Jiangbei?" Shen Liang said in surprise.

Hu Jinsong nodded and said: "Yeah, I didn't expect it! Lamborghini Daniels cost about 10 million to land! I don't know who is the hero!"

"My BMW only has 252 horsepower! And the Lamborghini Daniel has a V12 engine, a full 700 horsepower, and an acceleration of 2.8 seconds from 100 meters. It runs like flying!"

Hu Jinsong got more and more excited as he said, the whole person danced.

Then, Hu Jinsong glanced in the box.

When she saw Qin Yuxuan who was like a fairy, her eyes lit up slightly.

"Beauty Qin, I didn't expect you to come to the class meeting today. I haven't seen you in a few years, you are really getting more and more beautiful!"

However, Qin Yuxuan just smiled politely and didn't talk to him much.

Hu Jinsong couldn't help feeling a little embarrassed, and then he looked at Yang Wenjing and her husband who were wearing heavy makeup.

"Dame Yang, President Du! I didn't expect you two to come too! Today is a rare good day! I toast you a glass." Hu Jinsong raised his glass and exclaimed.

Wang Haoqi asked: "Hu Jinsong, do you know Yang Wenjing's husband?"

"Of course! Mr. Du is a well-known big boss! Even my BMW 5 Series was bought by Mr. Du! Do you know what car Mr. Du drives? Porsche Cayenne!" Hu Jinsong said.

"Awesome! Even driving a Porsche, that's a super luxury car!" Wang Haoqi said.

Du Lei, who was holding his beer belly, smiled and said: "Porsche is nothing more than a Lamborghini... However, nowadays rich people generally don't play cars much, they play watches."

While Du Lei was talking, he revealed the golden Rolex on his wrist.

Hu Jinsong said: "Rolex! Even Rolex is worn! Poor playing cars, rich playing watches! As expected of Mr. Du!"

"Rolex? Besides, it's still golden, which looks very expensive." Someone whispered.

Du Lei proudly said: "It's not too expensive, it's just a few hundred thousand."

Hu Jinsong gave a thumbs up and said, "Hundreds of thousands of watches! Mr. Du Du Cai, Yang Wenjing are beautiful, you are really handsome and beautiful, you are a match made in heaven!"

"Speaking of which, there was a guy named Omi in our class before, who relied on himself as a little white face, and even stalked and chased Yang Wenjing. Fortunately, Yang Wenjing didn't agree..."

In order to please Yang Wenjing and Du Lei, Hu Jinsong directly accused Yang Wenjing of failing to chase Omi back then, saying that Omi was stalking and chasing Yang Wenjing. He was really a good hand at turning black and white.

Yang Wenjing said: "Of course I won't agree! What's the use of a little white face? I am destined to marry our Du Lei."

While speaking, Yang Wenjing raised the Gucci bag in her hand, and cast a contemptuous look at Omi.

It looks like: Omi, didn't you reject me back then? Now, in my eyes, you are just a poor-hanging-silk!

After deliberately finding faults again and again, Omi is no longer prepared to worry about his classmates' affection.

Otherwise, others thought he was muddled.

Omi touched his chin and recalled: "I chased Yang Wenjing? So, she took the initiative to show me a certain part? Oh, there seems to be three moles in that part."

Du Lei's expression instantly became ugly after hearing this.

Three moles?

That is Yang Wenjing's most private part!

Yang Wenjing took the initiative to show it to Omi?

At the beginning, Du Lei married Yang Wenjing because she was pure and lovely.

From now on, where is she pure?

is simply dang.women!

Yang Wenjing hurriedly said: "Husband, www. .com, don't listen to him nonsense..."

"Humph!" Du Lei just snorted and ignored her.

At this time, Hu Jinsong seemed to notice that Omi was here, and said, "Omi, you are here too? Yang Wenjing is a beautiful woman in the class. It's not a big deal that you like her. Who doesn't like her in our class?"

"We are just talking about the little things in high school, you can't be angry about it, right?"

What he said was obviously saying that Omi hated him because of love, made up his mind and made up his own little family.

Omi said: "Then I will also talk about the little things in high school."

"Do you remember the school's auntie Wang? When Hu Jinsong was sophomore in high school, she had a good relationship with her for a long time... By the way, are you still together now?"

"Wow!"

As soon as this statement came out, everyone looked at Hu Jinsong with shocked eyes.

That auntie Wang is about forty years old, short and fat, I heard...she has never been in a relationship.

Even, privately, many people directly call her 'old \*\*\*\*\*'.

Hu Jinsong and such a woman, is it better for a while?

Is his taste so strong?

At this time, the person in the high school and Hu Jinsong's dormitory suddenly remembered that he had played several times in the Internet cafe with Hu Jinsong until midnight.

Hu Jinsong took himself and swaggered into the dormitory.

At that time, he was still rejoicing that fortunately, Aunt Wang had forgotten to close the door.

Now, it seems that Aunt Wang, the supervisor, forgot to close the door, because she left the door specially for Hu Jinsong!

Hu Jinsong's face flushed, and he shouted: "Omi, you are talking nonsense!"

Everyone immediately understood what he looked like.

All of this is probably true.

At this time, the atmosphere of the box was faintly filled with a smell of gunpowder.

Someone stood up and played a round.

"It's hard to meet us all, come and have a drink together!"

"Right right! Have a drink!"

Then, everyone got up, toasted and drank.

After a cup, the atmosphere in the box is slightly slower.

The classmates started chatting with each other, and laughed a few times from time to time.

I have to say that Hu Jinsong does have good communication skills.

Soon, he became the focus of the box.

Hu Jinsong glanced at Omi, who was sitting in the corner, still silent.

Grumbling eyes, said: "Omi, why have you kept silent?"

Hu Jinsong's tone is extremely relaxed and indifferent.

That appearance... As if forgotten, Omi publicly exposed the scandal between him and Aunt Wang.

paused, and then said, "By the way, Omi, you went to work right after you finished high school. You should have made a lot of money? What car did you buy?"

"Omi's salary is only a few thousand yuan, what kind of car do you buy? He himself probably won't be able to support it." Wang Haoqi sneered.

In high school, Omi was tall and handsome, and he studied very well, so he can be said to be a man in the class.

So much so that many girls in the class adore him.

Wang Haoqi was very jealous of this.

Now, when he sees Omi so desolate, after a while of mockery, he feels the pleasure of a beggar stepping on the nobleman.

“What? The salary is only a few thousand yuan?!” Hu Jinsong pretended to be surprised.

Omi ignored these.

childish!

In his opinion, all this is too naive!

However, his ignorance does not mean that others will give up.

Hu Jinsong said in surprise: “Huh! Omi, you also wear a watch? It looks pretty good! Come and let us enjoy it!”

Omi said lightly: “It’s just a watch, nothing to appreciate.”

“Don’t say that, everyone is classmates, just look around, just find some topics to talk about!”

“Don’t worry, we won’t break it. Even if it breaks, I promise to pay you a new one.” Hu Jinsong said.

“Yes, just take a look.” Wang Haoqi said.

Shen Liang seemed a little curious, and persuaded: “Omi, otherwise, would you show it to everyone?”

Omi had a good impression of Shen Liang, and seeing him say the same, so he put Vacheron Constantin Tourdel’lle on the table.

Hu Jinsong tossed back and forth several times in both hands, and said: “There is still some weight.”

Wang Haoqi said: “What brand is this? It looks okay indeed!”

“My friend Qiao Bo is a watch expert, so I’ll know if I send it to him.” Hu Jinsong didn’t ask Omi at all, and directly took a photo and sent it to his friend.

He wanted to use this to show his strong connections, so as to better mock Omi.

Unfortunately, Qiao Bo did not reply immediately.

Hu Jinsong said: "Let's wait a while, he may be busy."

When Shen Liang saw the Vacheron Constantin Tourdel'le for the first time, he was shocked and couldn't help asking: "Omi, how much did this watch cost?"

"No money was spent." Omi said.

This sentence, he didn't talk nonsense.

Because, this watch is obtained from the red envelope.

"You didn't spend any money? Omi, shouldn't your watch be a gift from others when you buy something, right?" Wang Haoqi sneered.

Hu Jinsong said: "It turned out to be a gift? Omi, did you say it earlier! I shouldn't take photos and send it to friends just now. Generally, the gifts are some high imitation A goods."

"My friend hates goods A the most. When I see the photos later, I'm afraid I will be very angry."

After Hu Jinsong finished speaking, he threw the watch directly on the table.

, it looks like if you hold this watch for a while, your hands will get dirty.

Then, Hu Jinsong said in a lesson tones, "Omi, it's not that I said you, everyone is old classmate, it's really meaningless to put on an A watch."

"Ask your classmates, who would use A cargo to pretend to be?"

In fact, some of the students present had bought goods A in private.

But they will never admit it.

This is the face!

If you admit it, doesn't it mean you can't mix it up? Can only buy goods A?

Therefore, the classmates shook their heads.

"The quality of item A is far worse than the real item."

"I never use A goods."

"If you don't have enough money, just buy it a little bit, why do you buy A?"

Yang Wenjing even raised the Gucci bag in her hand, and said: "The A-goods are all poor-hanging-silk! Like my husband, they never buy me A-goods."

After finishing speaking, Yang Wenjing hugged Du Lei's arm and rubbed it up and down.

Du Lei felt the softness on his arms, and his anger gradually disappeared.

...

Omi listened to what everyone said, as if countless flies were buzzing, and finally became a little angry, and shouted: "I just like it, it's your shit?"

After the words fell, he took the Vacheron Constantin Tourdel'le back and put it on his wrist again.

Suddenly, the faces of all the classmates in the box became a little unpleasant.

Omi's words are regarded as scolding them all!

Shen Liang felt that if he didn't let Omi take off his watch, such a thing would not happen.

Then, he said roundly: "Everyone has almost eaten, shall we go sing?"

"Okay, go!"

"let's go!"

The classmates all agreed.

Omi said: "I won't go there anymore."

A large part of the reason why Omi attended this class reunion was because he wanted to meet some good friends in high school.

Unfortunately, they did not come.

Omi was able to finish this meal, which is already considered as a face to the students.

Naturally, I won't sing along.

Qin Yuxuan said, "I have something to do later, so I won't go anymore. I wish you all a good time."

Many people are happy to see Omi not going.

However, Qin Yuxuan, this big beauty, didn't go, so they were very reluctant to give up.

So, many people spoke out to discourage.

Regarding this... Qin Yuxuan only said that there was something at home and refused all of them.

"Do you need me to see you off?" Omi asked casually.

"Then it will be troublesome." Qin Yuxuan said with a smile.

Omi was taken aback.

In fact, he just asked casually, but he didn't want Qin Yuxuan to really answer.

But, now that the words have been spoken, you can't regret it, right?

Then, the two of them walked towards the parking lot together.

This scene was all seen in the eyes of all the students.

"The two of them... shouldn't there be anything, right?"

"How could Qin Yuxuan look at him?"

"They walked to the parking lot, [www.com](http://www.com), isn't Omi without a car?"

"A taxi has just entered the parking lot. He probably wants to take that taxi, right?" Wang Haoqi said.

As soon as he said this, the faces of all the students were full of contempt.

In their opinion, they should use a luxury car to send a beautiful woman like Qin Yuxuan home!

Taxi? It's a shame.

Yang Wenjing mocked: "My husband sent me home at the beginning, and the lowest is a Mercedes-Benz or BMW. Taxi? Omi is really embarrassed!"

Hu Jinsong looked at the back of Omi and Qin Yuxuan, and said, "My BMW 5 Series is also in that direction."

Wang Haoqi said: "Hu Jinsong, I think you should take Qin Yuxuan home."

Although, Wang Haoqi is also fascinated by Qin Yuxuan's beauty.

But, he only has a 100,000 Corolla, so it's hard to propose sending Qin Yuxuan.

Wang Haoqi hates Omi.

He would rather let Hu Jinsong go to send Qin Yuxuan, and he didn't want Omi to find a chance.

"Yes, we can't let Ms. Qin take a taxi home, otherwise, her family would think that our classmates neglected her."

"That's right!"

Everyone agreed.

Hu Jinsong was overjoyed, he had coveted Qin Yuxuan for a long time.

If you can borrow something to send her home, you can get a little closer, even if something happens...

Thinking of this, Hu Jinsong felt a burst of enthusiasm.

He swallowed and said, "But..."

"Don't worry, let's open a good private room and wait for you to come over!" Wang Haoqi said.

"This... okay." Hu Jinsong did it.

A classmate pointed to a short distance and exclaimed: "Look, there is a super sports car there!"

"What a handsome sports car!"

"It looks like a Lamborghini!"

Everyone followed in admiration.

Hu Jinsong said: "That's the Lamborghini Daniel I mentioned before, and my BMW is right next to it."

At this time, a classmate asked in doubt: "Hey, why did Omi go to the Lamborghini?"

Wang Haoqi said: "I guess... Omi wants to take pictures."

"Taking pictures? Does he want to be so embarrassed? Qin Yuxuan is still next to him." A classmate said.

Yang Wenjing sneered: "Omi is more than just taking pictures? Maybe, he has to go up and touch it. Later, he will tell others that he once owned a Lamborghini!"

"It's like he used to chase me with a faceless face, and then, I don't know where to hear some of my privacy, and dare to talk nonsense that I am chasing him!"

Du Lei heard this, his face becoming more and more gentle.

He stroked Yang Wenjing's waist and said, "Wen Jing, I don't believe him nonsense."

"Look, Omi really walked next to the Lamborghini Bull." A classmate said.

"What a stop! He's still touching the doorknob there!"

"I'll be seen by the owner of the car later, let's see how he steps down!"

When all the students said this, their faces were full of playfulness. At the same time, they looked around, expecting the owner to appear soon.

Hu Jinsong stopped, he also wanted to see this scene.

However...

The next moment, everyone's expressions froze.

because...

Omi unexpectedly opened the door of the Lamborghini Daniel and sat directly on it with Qin Yuxuan.

Finally, with a dull roar of the Lamborghini Bull, it quickly disappeared into the parking lot.

The whole scene is silent!

Everyone was dumbfounded.

Omi actually sat on a Lamborghini Daniel?

That car...is it his?

Isn't he only a few thousand yuan a month?

What is going on? !

Wang Haoqi sneered: "Omi is so hypocritical that he rented a car to participate in the class reunion. I'm afraid it cost him a month or two of wages?"

"When you go to the banquet alone, you are all dressed in chicken feathers from classmates!"

As soon as this remark came out, everyone showed a sense of sorrow.

That's right!

This Lamborghini is rented!

Omi's family is so average that he can't afford a Lamborghini!

Thinking of this, the contempt on everyone's faces became a bit more intense.

"Jingle Bell!"

At this time, Hu Jinsong's cell phone rang a brisk ring.

"Hu Jinsong, where did the watch photo you sent me just now come from?" Qiao Bo's somewhat dull voice came over the phone.

Hu Jinsong smiled and said, "Oh, what do you mean by that watch? It's my classmate's watch."

Having said that, Hu Jinsong directly turned on the hands-free.

He wants to show off his connections to his classmates.

At the same time, with stronger evidence that Omi's Lamborghini was rented.

After all, a person who wears an A watch can never have a Lamborghini!

"Fuck! Great!" Qiao Bo's voice immediately became very excited.

"What's wrong?" Hu Jinsong asked in confusion.

"That watch is a Vacheron Constantin Tourdel'le, limited to 7 pieces worldwide! Today, the price of each is at least 10 million yuan! And, there is no market!"

"Your classmate is so awesome that he has this watch!" Qiao Bo's voice became more excited on the phone.

The whole scene is silent again!

Tens of millions of watches!

Everyone's breathing almost stopped!

Lamborghini Daniel, you can rent!

However, there are 7 tens of millions of watches in the world, which is absolutely impossible to rent!

The only answer is that both the watch and the Lamborghini Daniel belong to Omi!

Omi is a super god!

He didn't pretend at all!

Everyone looked at the direction of the Lamborghini Daniel, with complex expressions and different thoughts.

Among them, Yang Wenjing and Hu Jinsong have the most complicated hearts.

Yang Wenjing regrets it. If she was a little bolder in high school, she might become Omi's girlfriend and marry a wealthy family!

Hu Jinsong was scared, he recalled the previous random weighing of Vacheron Constantin Tourdel'Ile, his small heart trembled.

In case, if you accidentally break Vacheron Constantin Tourdel'Ile, it is simply a nightmare!

...

At this time, Qin Yuxuan, who was sitting in the Lamborghini bull, looked around with curious eyes.

Tiantian smiled and said: "Lamborghini Aventador, 10 million landed in China, I have never taken such an expensive car."

"Old classmate, you let me enjoy it today, thank you."

Omi said, "I am not the most expensive car you have ever taken. After all, any subway can cost hundreds of millions."

Qin Yuxuan smiled and said: "It seems to be so!"

Suddenly, she had a better perception of Omi, low-key but witty, which is really rare.

Then, Qin Yuxuan quietly observed Omi.

The body is strong, fit and stylish.

Qin Yuxuan couldn't help comparing him with that in high school.

When Omi was in high school, his impression was more immature and handsome.

Today's Omi, on the basis of being handsome, has a mature masculinity.

Qin Yuxuan seemed to feel that she stared at Omi for too long, a little impolite, and her pretty face became blushing.

quickly retracted his gaze and said, "Omi, what are you going to do later?"

"After sending you home, I will go back to the hotel to sleep." Omi said.

"Are you staying in a hotel?" Qin Yuxuan asked.

"Well, stay in the hotel for now." Omi said.

Qin Yuxuan thought for a while and said, "It's too early now, or else go for supper together? I know a nice place!"

Omi couldn't help but glanced at Qin Yuxuan weirdly.

Have supper?

Who just said in the restaurant that something is going on at home later?

Qin Yuxuan seemed to have thought of this too, and then returned to her normal pretty face, and blushed again.

When he was in the restaurant, Omi was almost left alone in the corner, and no one talked to him at all.

So, Omi has been eating.

At this time, his stomach is already a little round.

But,        went directly to the hotel but it was a bit boring.

Then, he answered: "Okay, you can show the way."

"Good!" Qin Yuxuan said happily.

It didn't take long before they came to the MISS restaurant.

MISS restaurant is located on the river beach.

It's great to sit inside and enjoy the river view while eating delicious food.

Omi ordered some skewers, scallops, seafood...

"Do you know how to drink?" Omi asked.

"A little bit." Qin Yuxuan said.

Omi nodded and said: "Then, let's have a bottle of ace of spades."

The waiter standing next to him heard the words, his eyes lit up immediately.

Ace of Spades, 8888 yuan per bottle, is the most expensive wine in the store!

Sell this bottle of wine alone, and the waiter can get a commission.

By waiting for the barbecue time, Omi secretly observed Qin Yuxuan.

Even though she has graduated for a few years, the years have not left any traces on her face. She is still as quiet and pleasant as before, plus the figure that has grown over several years(\*)(\*).

95 points overall! Only low, not high!

Soon, the wine and barbecue were all served.

Omi shook the clear wine in the glass, and then slowly poured it into his mouth.

Each of his movements is very simple.

But, it is elegant.

That kind of feeling, as if Omi is not drinking at all.

is a world pianist, playing a beautiful piece of music on the stage is so fascinating.

Qin Yuxuan, who was sitting opposite, looked a little silly.

Drinking gentleman, endless charm!

"Pattern!"

When Omi put the glass on the table and made a crisp sound, Qin Yuxuan hurriedly withdrew her gaze.

Although, Qin Yuxuan hasn't drunk alcohol yet.

But her pretty face has completely flushed.

Qin Yuxuan drank a sip of wine as if to cover up.

Omi commented: "The mellowness has a hint of refreshing, and at the same time, there is also a special fruity fragrance... Yes, it is a genuine ace of spades."

He has heard that in many places, in order to make money, they often fool people with fake wine.

Then, Omi poured another glass of wine and drank it all in one go.

"It's a pity that the fruity aroma is a bit strong, and the wine tastes a little bit weaker. In comparison, Louis XIII has a better taste... Let's have another bottle of Louis XIII." Omi said.

Obviously, after tasting the ace of spades, Omi's alcohol addiction has already aroused.

The waiter apologized: "We don't have Louis XIII here. If you want, I can help you buy it in other stores."

"Okay, then I will give you 50,000, the extra, as a tip for you. But, I have a little request, it must be genuine." Omi said.

As soon as he said this, the waiter almost jumped up with excitement.

A bottle of Louis XIII is just over thirty thousand.

50000!

He can get more than ten thousand tips!

This has been worth his salary for a few months!

The waiter immediately slapped his chest and promised: "Sir, don't worry, I know the owner of the store, and it is absolutely guaranteed to be authentic!"

Omi nodded, and directly passed it to the waiter 50,000.

If you change someone, order tens of thousands of dollars a bottle of wine.

Qin Yuxuan will definitely feel that the other party is deliberately showing off wealth.

so I feel disgusted.

However, the movements of the gentleman when Omi was drinking and the clear eyes when buying wine now made Qin Yuxuan unable to show off his wealth.

That is a pure love and taste of wine.

Skill: Drinking gentleman, unlimited charm!

Not long after, the waiter panted, holding a beautifully packaged bottle of Louis XIII on the table.

"Sir, your wine!" the waiter excitedly said.

With a soft bang, the bottle cap fell to the ground.

A puff of red wine slowly poured into the glass.

Omi put it next to his nose and sniffed, then poured it into his mouth.

"It's well done, it's genuine!" Omi said.

"Mr. Xie compliments." The waiter happily said. For such a superb customer, according to his thoughts, he should stay nearby and wait.

can't keep it, there will be a benefit fee later.

However, the waiter looked at Qin Yuxuan who was sitting across from him, and said with interest: "If you have any more needs, just greet me directly."

Qin Yuxuan saw Omi's enjoyment, and followed him with a sip of Louis XIII.

But, I was choked with a cough.

Omi said, "Is it okay? Although Louis XIII has a strong taste, it is too violent. It is better for girls to drink the ace of spades."

Qin Yuxuan took a bite of the skewers, and then came over and said: "It's okay, it's okay..."

At first, Omi didn't have much to eat, just drank a few glasses of wine.

But, as time goes by, the food in the stomach gradually digests.

So, he also ate the skewers.

The two sat looking at each other, recalling high school, talking and laughing, very relaxed.

Qin Yuxuan only drank three small glasses of wine, but when she left the MISS restaurant, her pretty face was already red and red like a ripe apple.

Looking at Omi, there was no reaction at all.

It's almost like drinking only two bottles of plain water.

Qin Yuxuan stood at the entrance of the MISS restaurant, looking at the river view in the distance, and exclaimed, "It's so beautiful!"

Omi pointed to a distance and said, "Here you can only see a corner of the river view. On that hillside, you can not only see the entire river, but also the entire Jiangbei city."

"Then let's go quickly!" Qin Yuxuan couldn't wait to say.

Omi nodded and walked forward.

Standing on a hillside, overlooking the two sides of the strait, it looks like the Milky Way flows, and the north of the Jiangbei is bright with fire, like a sky full of stars.

Qin Yuxuan's bright black eyes flashed, and she exclaimed, "It's so beautiful!"

"Wow!"

At this time, there was a sound of water flowing behind him.

Then, four men with dyed hair and full of alcohol came up from the shadows, carrying their pants.

"Oh, there is a punctual girl here."

"Beauty, are you interested in playing with us?"

"Custody makes you happy."

"That's right!"

The four of them looked at Qin Yuxuan's sweet face and perfect figure... Under the influence of alcohol, they seemed to have turned into hungry wolves, with desire in their eyes.

Qin Yuxuan looked ugly at the four people who were constantly approaching.

The scenery in this place is really good, but the surroundings are a bit deserted and there is no camera at all.

And the four of them looked very uncomfortable again, and they drank alcohol, just in case...

Thinking of this, Qin Yuxuan's face slowly oozes a hint of sweat.

Omi said coldly: "Get away while I'm not angry!"

This sentence did not scare the four people away.

"Beauty, is this your man? At first glance, he is a silver-head wax gun. I am afraid that he has never satisfied you. Today, let me let a few brothers make you happy!" Hong Mao grinned, revealing A yellow tooth.

"Yes! Have a good time!" The other three laughed.

As the four people talked, they kept moving forward.

Omi said: "Qin Yuxuan, stand a little back."

The words fell, Omi rolled up his cuffs in a hurry.

The next moment, he stepped forward abruptly.

stern, swift fist slammed Hong Mao's face. [www. 1.com](http://www.1.com)

"boom!"

Terrible power directly knocked Hong Mao onto the ground.

However, Omi did not stop there.

"boom!"

"boom!"

Then, he punched and punched, like a torrential rain, constantly smashing towards the red-haired face door.

until the red hair broke the bridge of the nose, the teeth fell off, the whole face became bloody, and the whole person fainted completely.

Omi just got up and punched the green fur on the chest next to him with a fist.

"Crack!"

The ribs on the green hair's chest broke.

"Crack!"

“Crack!”

Omi kept punching, breaking a dozen ribs, causing the red hair to fall to the ground like mud.

The other two were so scared that they turned around and ran away.

I saw...

Omi jumped out like a cheetah, and directly twisted the hands of one of them, and broke the legs of the last one.

The whole process is extremely cruel and bloody!

Qin Yuxuan hates violence, but she always keeps her eyes fixed, staring at every movement of Omi.

It looks like Omi is not performing violence at all, but is dancing a fascinating and beautiful dance.

Skills: Violent aesthetics, the true nature of a man!

Being low-key, restrained, chatting witty, fashionable, drinking gentleman, and even fighting is full of beauty!

Finally, Qin Yuxuan fell completely.

【 Ding! Charm aura, trigger unforgettable! 】

The next moment, Qin Yuxuan couldn't help herself, and threw directly into Omi's arms.

The next day, the sun was high.

The road is very lively with cars coming and going.

Hilton Hotel, Presidential Suite.

Qin Yuxuan curled up on the snow-white bed like a docile kitten.

After a long time, she finally shook her long eyelashes and slowly opened her eyes.

Qin Yuxuan looked around first, recalling the scene last night, and she wrapped a bright red bed sheet around her body.

At this time, Omi slowly walked in with a bowl of vegetable and lean meat porridge.

Qin Yuxuan was about to get up, but the pain in her lower abdomen made her unable to lift the slightest strength.

Omi hurriedly said, "Yu Xuan, don't get up. You had a hard time last night, so take more rest."

Speaking of this, Qin Yuxuan's pretty face was immediately covered with red clouds.

"I'll feed you porridge." Omi walked to the bed and said.

"I... I want to brush my teeth first, you go out first, I can already get up." Qin Yuxuan said with a blushing face.

Omi asked, "Do you need my help?"

"No need." Qin Yuxuan said hurriedly.

Omi didn't force it too much, nodded, and walked out of the room.

When I came to the lobby, it happened to be exactly 12 o'clock.

The phone vibrates and a red envelope appears.

"Ding! Congratulations, you got 1 yuan."

"Ding! Congratulations, get a 10 times consumption rebate card."

...

"Ding! Congratulations, you got 29,999 yuan."

"Ding! Congratulations, get 2 yuan."

So far, the time has reached 12:01.

[Hint: There are still 23 hours and 59 minutes before the next red envelope. ]

[Reminder: For every 10,000 yuan spent, you can get 1 red envelope immediately. ]

Omi curled his lips and said, "I spent tens of thousands of yuan yesterday, and all I drew were cash red envelopes. Today's 12 o'clock red envelopes are some cash red envelopes."

If someone knew what Omi said, I don't know how they would feel.

You know, he drew tens of thousands of cash yesterday.

Today, I even got tens of thousands of cash and ten times consumption rebate card!

And Omi... is so disgusting? !

Then, Omi set his sights on the system.

[Name: Omi]

About an hour later, Qin Yuxuan finally got dressed and walked out of the room.

Compared to yesterday, today, she has an extra feminine temperament.

Qin Yuxuan plunged into Omi's arms, her body trembling slightly, tears gurgling like a clear spring.

"Yu Xuan, why are you crying? Who made you angry?" Omi said hurriedly.

"No, no... I didn't cry, I was happy." Qin Yuxuan wiped the teardrops from her face.

In high school, Qin Yuxuan had already developed a good impression of Omi.

Now, Omi has become her man with the most perfect appearance in her heart.

Omi stroked Qin Yuxuan's slender waist and said: "Yuxuan, don't worry, I will take care of you forever."

"Hmm!" Qin Yuxuan nodded vigorously.

The two stayed warm for a long time, and then they had lunch together.

Qin Yuxuan said: "Omi, I will go to the magic capital soon."

"So anxious?" Omi said.

"I spent a lot of effort a while ago to join my mentor's project. Tomorrow, the project will officially begin, I want to work hard to achieve some results!" Qin Yuxuan said seriously.

With Omi's current ability, it is easy for Qin Yuxuan to have the best quality of life.

However, Omi knows very well that Qin Yuxuan is a strong and upward woman.

If, like a canary, put her in a gorgeous cage and feed her well, it will not make her happy or happy at all.

Omi said: "Then your body..."

"Don't worry, I'm all right now." Qin Yuxuan smiled.

"Okay, I'll take you to the magic city later." Omi said.

Qin Yuxuan bought the economy class ticket to the magic city very early.

According to her idea, anyway, you can get to the magic city in just over an hour by plane, and it doesn't matter what cabin you sit in.

However, Omi insisted on changing to first class.

Qin Yuxuan just lay on the spacious chair in the first-class cabin and fell asleep sweetly.

When Qin Yuxuan and Omi walked out of the airport, it was already 17:30.

A slightly puzzled cry suddenly sounded in the distance, "Yu Xuan?"

"Jasmine!" Qin Yuxuan looked back, surprised.

"It turned out to be Yu Xuan! We are indeed sisters, and even the planes are on the same time period." Huang Moli said happily.

"Yes, I didn't expect it either!" Qin Yuxuan said.

Huang Jasmine seemed to notice Omi standing next to him and asked: "This is..."

"Hello, this is Yu Xuan's boyfriend Omi." Omi introduced himself.

"Boyfriend?" Huang Moli looked at Qin Yuxuan with questioning eyes.

Qin Yuxuan took Omi's arm and introduced: "Omi, this is my roommate Huang Moli."

Huang Jasmine heard that, she couldn't help but looked up and down Omi, and said: "The long one is quite handsome! However, we, Yu Xuan, are a famous school girl of the Demon University. I don't know how many handsome guys and princes chase her."

"Quickly talk about it, how did you trick Yu Xuan?"

Omi said: "I didn't lie to Yuxuan, but really moved her!"

"Yes, yes! But if you are sincere, you have to check it out! Would you mind asking us roommates for dinner?" Huang Moli smiled.

"Of course I don't mind! However, the first time I came to Magic City, I am not very familiar with it. So, you may have to book a seat." Omi said. [www. .com](http://www.com)

"No problem!" Huang Moli said happily.

Then, she took out the phone directly and sent a message to her roommate.

Peninsula restaurant.

Just after the three of Omi sat down, a girl of medium build came over and said, "Zhang Jing has something to do and can't come."

Qin Yuxuan introduced: "This is Wan Yue Rou."

After a pause, he said, "This is my boyfriend Omi."

Wanyue Judo: "Yu Xuan, you will have a boyfriend without making a sound. Mordu University doesn't know how many boys are wailing."

"By the way, how did you meet?"

Qin Yuxuan said: "We are high school classmates."

"Oh! It's no wonder you haven't been in love since you already belonged to you!" Wan Yuerou laughed.

Then, he said: "Omi, we Yuxuan has been waiting for you for so many years, so don't let her down in the future!"

"Don't worry, I will always treat Yuxuan well." Omi said.

Everyone is young, chatting and laughing, but not so restrained.

The consumption in this restaurant is very cheap. Four people eat for a total of 1,500 yuan.

Obviously, it was Huang Jasmine and Wan Yuerou who took special care of Omi.

“Jingle Bell!”

At this time, Wan Yuerou’s cell phone rang a brisk ring.

After hanging up the phone.

Wanyue Judo: “My Cartier earrings have been repaired, and they are right in front of the National Gold. Do you want to go there together and go shopping by the way?”

“Okay, I haven’t been shopping for a long time, and it’s still early now!” Huang Moli said.

Omi and Qin Yuxuan nodded afterwards, expressing their willingness to follow.

The International Financial Center is beautifully decorated and fashionable, and it is very lively with crowds of people inside.

Omi and others took the escalator and went straight to the Cartier jewelry store.

“Cartier, welcome!” Standing at the door of the store, the sweet-looking clerk was politely welcome.

Then, the clerk said again: “May I help you.”

Wanyue Judo: “I’ll get my earrings.”

While speaking, Wan Yuerou handed out a receipt.

the clerk said: “Okay, wait a moment.”

Then, she handed the receipt to the clerk standing in front of the cash register.

Jewelry is inherently attractive to women.

Huang Jasmine started to look around after entering Cartier.

But, she didn’t dare to look at big jewelry at all, because the prices were too scary.

just pointed at some small jewellery and couldn’t help but admire.

"Wow! This bracelet is so beautiful!" Huang Moli said.

"Really so beautiful!" Wan Yue Juya said.

The clerk smiled and introduced: "This is our Cartier AL bracelet, designed by the famous designer Hunter Broker in the country."

"There are 7 different styles of AL bracelets, which are like a rainbow, gorgeous, colorful and full of vitality."

Huang Jasmine and Wan Yuerou liked them very much. After hearing the explanation from the clerk, their eyes sparkled.

"7 styles! The four sisters in our dormitory, even if they each take one, they are not the same at all!" Wan Yuerou said excitedly.

Then, the clerk pointed to an extremely splendid necklace in the counter, and said: "And Hunter Brocade designed the deep sea star not long ago. It is like a star hidden in the deep sea, mysterious and splendid.!"

"Hunter Brocade also won the love of countless people at international exhibitions because of this deep-sea star!"

Qin Yuxuan followed the clerk's point of view, and her jewel-like eyes flashed with light.

Obviously, she likes this necklace very much.

Omi said: "Yu Xuan, I have never given you a gift, so I will give you this necklace."

The clerk said and said hurriedly: "Sir, your vision is really great! This beautiful lady is equally mysterious, gorgeous and eye-catching among the crowd."

"If you wear the Deep Sea Star again, it will complement each other!"

Qin Yuxuan shook her head and said, "I study projects every day in the university. It is not very convenient to wear this necklace. So, I don't use it anymore."

This necklace, don't think about it, it must be very expensive.

Qin Yuxuan didn't think that Omi could not afford it.

But, she didn't want Omi to feel that she loved vanity.

The clerk secretly sighed: Someone gave such a beautiful necklace, but he didn't want it?

Huang Moli asked, "How much is this deep sea star?"

"The main body of the Deep Sea Star is composed of a 2-carat blue diamond, and the whole demon is only this one. And its price is 1.08 million." The clerk said.

"So expensive!?" Huang Moli asked in surprise.

Although, she had anticipated this necklace, the price must be very expensive.

But, I never thought it would be so expensive.

A necklace, you can buy a luxury car.

Wan Yue Rou was also taken aback by the price, and said: "Then...what about the AL bracelet?"
