

The Luckiest man in the world CHAPTER 221-230

Saturday was supposed to be the day when the students went to bed and woke up naturally.

However, just before dawn today, a large group of students walked out of the school gate with their schoolbags on their backs.

They didn't show any reluctance because of getting up so early.

On the contrary... everyone's faces are still full of excitement.

Because today is a day to travel.

Moreover, still go to the beautiful Lishi of Southern Province.

"laugh!"

At this time, a luxury bus steadily stopped in front of the students.

Song Yi took the roster and said, " Omi drove to the airport by himself. I'll give you a name first."

"Ma Zhong!"

"To!"

.....

"Zheng Jinbao!"

"At this!"

.....

Every time Song Yi said a name, he tick the back.

Sun Yaodong did not participate in the spring outing.

Then, the call should be left to Omi.

However, Omi went to Yike City last night.

So, Song Yi did the work.

After a while, everyone finished naming their names.

Song Yi asked, "Are Gong Leqi and Chen Lijian here?"

Soon, someone started to answer.

"Gong Leqi went home. He said he would go to the airport today."

"Chen Lijian went on a date with his girlfriend yesterday, and said that he would go to the airport today."

Song Yi said: "Okay, let's get in the car!"

Suddenly, everyone was extremely excited and filed into the luxury bus.

After sitting down, the classmates chatted in excitement.

As it was early Saturday morning, the road was very empty.

In just half an hour, the luxury bus arrived at the airport.

At this time, Omi also happened to drive Pagani Fengshen to the parking lot.

After he saw the classmates, he smiled and said hello: "Good morning everyone! Are you all here?"

"Gong Leqi and Chen Lijian, come by yourself later." Song Yi said.

Omi nodded and said, "Okay, let's sit inside and rest for a while."

Then, Omi led everyone to the green channel and directly into the VIP lounge.

Present...

Except for a few people such as Song Jiaxin, most of them have never been to the VIP lounge.

There are even some people who have never been on a plane.

At this time, they looked at the high-end decoration in the VIP lounge, and they were amazed.

Omi said, "You probably haven't eaten breakfast yet? You can eat whatever you like here."

In fact, someone has already noticed the exquisite food and high-end drinks in the VIP lounge... and swallowed silently.

At this moment, after hearing Omi's words, they could no longer sit still, took the tray and brought over the food.

Everyone eats a mouthful of fat and oil, which is extremely satisfying.

"too delicious!"

"This is the first time I have such a delicious buffet!"

"me too!"

In a burst of admiration, their stomachs also began to round up.

"Why haven't Gong Leqi and Chen Lijian come here? Isn't it the 9:30 flight? It's almost time!"

"Yup."

"Let's call for a reminder, otherwise, this tour of our class will be incomplete."

Someone took out his mobile phone and dialed out.

After Gong Leqi answered the phone, he said that he had arrived at the airport and would come right away.

Sure enough, after a while, Gong Leqi also came to the VIP lounge.

However, Chen Lijian never answered the phone.

Seeing that it was getting closer and closer to 9:30, all the students couldn't help but feel a little anxious.

Omi said lightly, "It's okay, just let the plane wait."

"Will the plane wait for us?" a classmate wondered.

"Should it? After all, there are so many of us." The student next to him said.

At this time, several men wearing sunglasses and a woman wearing a hat walked into the VIP lounge.

Among them, a thin-looking man said: "Are you all students traveling together? Tell you a common sense, the plane will not be delayed or waited for by one person or a group of people."

"So, let that classmate take another flight, and you should hurry up to board the plane. Don't waste too many tickets at once."

Obviously, he heard the conversation of his classmates.

Therefore, I kindly reminded.

He was also a student before, and he knew very well how rare it is to gather so many classmates to play together.

The students must be in a good mood.

And if all the air tickets are wasted, everyone's mood will definitely become very bad immediately.

Even this tour may not be able to continue.

At this time, a classmate suddenly cried out in surprise: "You are... Teacher He?"

Seeing that he was recognized, Mr. He did not continue to cover up, and slowly took off his sunglasses.

"Ah! It's really Teacher He!"

"Teacher He, I like your "Longing for Life" the most!"

Then, another classmate looked at the middle-aged man next to Teacher He.

"Are you... Teacher Huang?"

"It's me." Teacher Huang took off his sunglasses.

"Oh my God!" the classmate yelled immediately.

"Are you sister Feng?" A classmate looked at the thinner woman.

"Yes." Sister Feng took off her hat.

"Then you are Brother Chang?" A classmate looked at the last man wearing sunglasses.

"Right." Brother Chang also took off his sunglasses.

Suddenly, the entire VIP lounge screamed very warmly.

"Ah! What a lucky day today!"

"Teacher He, please give me a signature."

"Teacher Huang, can I take a photo with you?"

“Sister Feng, ask for an autograph!”

“Brother Chang, please autograph!”

The classmates surrounded Teacher He and the others one after another.

Teacher He and others are very amiable, otherwise, they would not be so popular.

When they faced the requests of their classmates, as long as they were not excessive, they all agreed.

“Tatata!”

At this time, there was a rush of footsteps outside.

Then, Chen Lijian ran over in sweat and asked, “I’m sorry, I’m late.”

After all the students saw him, they recovered from the excitement of meeting Teacher He and others.

A few students hurriedly took out their mobile phones~www.novelhall.com~ and said anxiously: “It’s over, it’s over! It’s already nine to forty! The plane is gone!”

“Ah? What shall we do?”

“We can’t go to Lishi?”

If you say, how excited the students were when they started from school.

At this time, they are just as disappointed.

Omi smiled and said, “Don’t worry, the plane hasn’t left yet, it’s been waiting for us!”

“Classmates, it’s impossible for the plane to wait for you. Taking advantage of the plane’s departure, you should go to the counter to see if you can change to another flight.” Teacher He reminded.

“Tatata!”

At this time, two flight attendants came over.

Among them, the taller flight attendant said in a sweet voice: “Mr. Lin, are your classmates all here?”

PS: Welcome to read my book ” “.

This...what's the situation?

The plane is really waiting for them?

Omi's expression was consistent, nodded and said, "Yes, it's all here."

The stewardess smiled and said, "Then do I need to take a break, or should I board the plane now?"

"Now board the plane." Omi said.

"Okay, please here." The flight attendant bent down slightly and made a request.

Omi nodded and turned to the classmates: "Go, let's board the plane."

"Oh...oh..."

Although there were some doubts, but they also followed forward.

After Omi and the others walked away completely, Teacher He said in a daze, "They...go away?"

"Obviously, yes." Teacher Huang said.

"But, didn't they just say that the plane is 9:30? The plane can really wait for people?" Teacher He said.

Teacher Huang shrugged, indicating that he didn't know either.

At this time, there was a crisp sound from the broadcast in the VIP lounge.

"Passengers of flight C1118, please note that the plane bound for Lishi has arrived, please go to gate b25 to board..."

Teacher Huang said: "Our plane is here, let's go, board the plane."

Teacher He bowed his head and walked forward with full of doubts.

When meeting a flight attendant, Teacher He couldn't help speeding up, and hurriedly asked: "Hello, flight attendant, can I wait for someone after the plane arrives?"

Teacher He has a habit of solving problems as soon as possible if they encounter problems.

Otherwise, it is like a thorn stuck in the throat, which is very uncomfortable.

The stewardess glanced at Teacher He weirdly.

It stands to reason that people like Mr. He should take the plane often, right?

Why would he ask such low-level questions?

However, the stewardess is a professionally trained person. After a short period of weirdness, she still professionally smiled and said: "The take-off time of our plane is strictly controlled, and we can't stay and wait for someone."

"If your relatives and friends have not arrived at the airport, please ask them to come as soon as possible."

Why can't Teacher He see the change in the expression of the stewardess?

However, he didn't care at all, and said: "But, it seems that a group of students just made the plane wait?"

The flight attendant showed a sense of sorrow, and said: "Oh, you are talking about Mr. Lin, right? He has underwritten a large passenger plane of Xia Guo Airlines."

Teacher He, Teacher Huang, Sister Feng, Brother Chang... Half opened his mouth, dumbfounded on the spot.

...

At this time, Omi and others had already arrived on the plane, and each chose their preferred position to sit down.

It was the first time for some classmates to take a plane, and they were very excited. They would look at here for a while, then there for a while... and take pictures without staying.

At this moment, the flight attendant slowly walked over and smiled and said, "Mr. Lin, are your classmates here?"

Omi nodded and said, "It's all here."

"Excuse me...is the plane ready to take off?" the flight attendant asked again.

"Yes." Omi said.

The flight attendant said: "Okay."

After the flight attendant left, Zheng Jinbao next to him exclaimed, "The stewardess is so beautiful!"

Song Yi agreed: "Yes!"

After a roar of the plane, the speed increased sharply, passing through the thick clouds in an instant, and flying under the blue sky.

This scene aroused all the students in amazement.

After more than an hour, the plane finally landed slowly.

The classmates walked outside one by one after being sent off by the flight attendants.

"Is this the Lishi? The air is so good!"

"The sky is blue!"

...

When Omi and his classmates walked off the plane, Teacher He, Teacher Huang, sister Feng and Brother Chang waited until the passengers got off the plane, wearing sunglasses and hats, and quietly walked down.

Brother Chang sighed and said: "Being a star is just the trouble. The next plane must be quiet. When will we be able to get off the plane freely?"

Sister Feng said: "You probably have no chance."

Teacher Huang said: "Yes, it's very simple."

"Really?" Brother Chang and sister Feng both looked over with curious eyes.

Teacher Huang said: "Let Teacher He mention it to the program team and pack a plane like the group of students just now. Let alone get off the plane generously, it doesn't matter if you just jump on the plane."

As a result, Brother Chang and Sister Feng both looked at Teacher He with extremely longing eyes.

Teacher He couldn't help but coughed, and said: "This charter plane may not work for the time being... But it is still possible to charter a luxury car!"

Then, he pointed to a GL8 coming not far away and said: "Look, our luxury car is here!"

At this moment, a high-end Mercedes-Benz bus also drove over from a distance.

Finally, he stopped steadily in front of Omi and his classmates who had just got off from another plane.

Then, Omi and others got on the high-end Mercedes-Benz bus together.

See here...

Teacher Huang, Brother Chang, and Sister Feng all looked at Teacher He with very strange gazes, and then at the GL8 in front of them.

That looks like...

It's like saying: Teacher He, this is the luxury car you are talking about?

Teacher He opened his mouth, but didn't know what to say.

...

I have to say that young people have good energy.

Even if I get up early in the morning, I can't be excited even on the plane...

At this moment, sitting on the Mercedes-Benz bus, they were still looking around, barabara talking non-stop.

About two hours later, the bus drove through the winding mountain road and finally arrived at the destination.

When Omi and the other classmates got out of the bus, Su Ning's stood in front early.

Today's Su Ning... wears a long blue dress. Her white skin and exquisite facial features become crystal clear under the sun, like a beautiful jade, and her pure black eyes bloom like gems. The dazzling light.

When a breeze blew across, her beautiful waterfall-like hair also swayed gently.

See here...

Everyone, including Omi, was a little dumbfounded.

At this time, if someone says that there are fairies in this world, they will nod and believe without hesitation.

Because the fairy really appeared in front of him.

At this time, Su Ningjing also saw Omi.

Her pretty face showed a natural smile without any modification...

this moment...

Everyone seemed to be baked by the sun, and the whole heart instantly melted.

Under everyone's gaze, Su Ningjing walked to Omi and said sweetly: "Brother Fan, you are here."

"Crack!"

As soon as this statement came out, everyone's hearts seemed to be severely beaten with a hammer, and they all shattered.

PS: Calvin's got a headache, it's even more so today, I want to sort out the plot.

Welcome to read my book " " .

"Brother!"

At this time, a loud cry came from a distance.

Then, A-mei, who was also wearing a cyan skirt, ran past Lai again and again.

Her skin is not as fair as Su Ning's. Living in the mountains of Lishi all the year round makes Amei's skin glowing with a healthy, barley color.

Her eyes, like Su Jing'an, are as bright as gems, with exquisite features, as if they were carefully carved by God...

If you say, Su Ningjing is a fairy descending to the world!

Then, Amei is the elf in the mountain!

Under everyone's gaze, A-mei fell into Omi's arms.

Omi smiled and said, "I haven't seen you in a month, Amei, I'm taller again."

"Hee hee." Amei's pretty face immediately became extremely brilliant.

"Welcome to you..." The grandmother with her head full of hair slowly walked over and said.

"Grandma, how is your health?" Omi asked.

"Okay, very good!" Grandma said happily.

Omi nodded and felt a little relieved.

In fact, grandma is too old, and Omi doesn't know how effective the medical water will be on her.

At this moment, a man in a white shirt walked over slowly.

He bent over and said in a very respectful tone, "Mr. Lin, it's almost time for dinner. Do you need to cook now?"

"Well, let's cook." Omi nodded.

"Yes!" answered the man in the white shirt.

then...

Several men wearing high-top white chef hats have been parked in a truck far away and brought out stoves, stoves, tables, as well as M5 Wagyu beef, Australian lobster, hairy crabs, etc., all kinds of high-end ingredients.

"Wow!"

After the sound of cooking, a tangy aroma continued to spread.

...

on the other hand.

Teacher He, Teacher Huang, Brother Chang, and Sister Feng finally arrived in the small mountain village after a while on the GL8.

"Cuckoo!"

As soon as Brother Chang got out of the car, his stomach screamed.

He couldn't help complaining: "Why don't we come back after dinner in Las Vegas?"

"Cuckoo!"

Sister Feng's belly also screamed.

With a bitter face, he said, "Yes, it will take a long time for Teacher Huang to cook, right?"

"No, am I going to cook now?" Teacher Huang said with a tired face.

Teacher He smiled and said, "We haven't started work yet. Where do we need Teacher Huang to cook? Don't worry, our program team has prepared a luxurious meal for you!"

Then, Mr. He opened the GL8 trunk and took out a box of lunch from it.

"Punch!"

“Come on!”

Teacher He brought his own voice-over, and handed a portion of the box lunch to everyone.

At the same time, he also opened a box lunch, pointed to the braised fish, green pepper lean meat, tomato and egg and other dishes on it, and said:
“Unexpectedly? In a small mountain village, you can also eat such a luxurious box lunch!”

“laugh!”

At this moment, wisps of fragrant smell drifted from a distance.

Brother Chang sucked his nose vigorously, and said, “Hey, what does it taste? It smells so good!”

“Yes! Good fragrance!” Sister Feng followed in admiration, “It seems to be over there!”

Then, holding the box of lunch, following the direction of the fragrance, she ran over.

Brother Chang and Teacher Huang also followed closely behind them.

Teacher He sees everyone is running away, how can he be alone?

Before long, they saw several men wearing high-top chef hats, demonstrating superb cooking skills, and bringing exquisite dishes to the table.

A large group of students sat around three tables, holding hairy crabs in one hand and Australian lobsters in the other.

See here...

Brother Chang, sister Feng, Teacher Huang... all swallowed.

Then they looked at the hairy crabs and Australian lobsters in the distance...

He also looked at the tomato, egg and green pepper shredded pork in his box lunch.

Then Qi Qi set his sights on Teacher He.

It looks like... it's like saying: Teacher He, this is the luxurious meal in the small mountain village you are talking about?

Teacher He can only cough for a while.

...

After eating and drinking, the faces of all the students were filled with satisfaction.

They met together, along the winding mountain roads and gurgling creeks, constantly moving forward.

"This water is so clear, you can see the bottom at a glance at UU reading [www. .com.](http://www.uu.edu)"

"Moreover, it's so sweet!"

"Wow... That mountain is so beautiful!"

"Go! Go up and see!"

When they saw the distant sky at sunset, it was dyed a fiery red, all of them opened their mouths in awe.

After coming down from the mountain, a warm bonfire party is waiting for them.

The crowd just gathered around the campfire to eat barbecue and sing pop songs.

On this day, the whole hill was filled with the play and laughter of the classmates.

In the evening, the students got into the tent that Omi had already prepared.

They lay in the tent, looking at the bright stars in the night sky, chatting quietly, quietly, beautifully, and extremely enjoy!

PS: Welcome to read my book " " .

The next day, a breeze blew across the treetops.

Last night, Song Yi might have caught a cold. He poked his head out of the tent, ready to find a place to solve his physical problems.

At this time, the yolk-like sun slowly poked out his head from the sacred mountain in the east.

this moment...

The sun, mountains, and sky seemed to be connected together, and Song Yi couldn't help but look a little bit stunned.

He shouted: "Little Tadashi, Jinbao! Get up and watch the sunrise!"

Ma Zhong and Zheng Jinbao responded and climbed out of the tent.

Then, other classmates also followed up and poked their heads.

The morning sun is different from the setting sun. At first, the sun was obscured by the fog in the mountains and forests, and it seemed a little hazy.

Then, the sun slowly rose and broke through the fog, forming a brilliant light.

See here...

All the classmates opened their mouths wide, obsessed.

Even Song Jiaxin has a touch of glamour in her beautiful eyes.

However, in her eyes, the morning sun in the distance didn't seem to be the flaming sun, and in a vague way, it turned into a smiling Omi.

Seeing so many students, Song Yi was all surprised by the beauty he discovered, and couldn't help but proudly said, "How about it, isn't it good?"

"Good-looking!" Ma Zhong nodded seriously.

Zheng Jinbao said: "Song Yi, you played so well yesterday, it's really rare for you to wake up so early today!"

"That's because..." Song Yi was halfway through, suddenly covering his stomach, and hurriedly said, "Toilet, toilet, where is the toilet?!"

Immediately afterwards, a disgusting smell wafted to the students who admired the morning sun.

...

For breakfast, it was also a man wearing a high-top chef's hat, cooking delicacies, such as Australian prawn pasta, fried egg dumplings, wagyu fried rice, fresh meat wontons and so on.

Everyone was very satisfied.

Yesterday, all the students were familiar with the surrounding environment.

Next, they choose where they want to go and go to free activities.

Omi picked some fruits and returned early. He raised his eyes and looked into the distance. He happened to see the coffee seeds he had planted.

At this time, all the coffee seeds have grown up and bloomed with snow-white flowers, as if on a hillside, with a long white fur stall spread over it, very beautiful.

Omi exclaimed in his heart: "As expected, I got the best coffee in the system. It has grown so big in just one month."

He couldn't help but walked towards the hillside, and soon noticed that some coffee trees had become crooked due to rain and strong winds, and because the surrounding coffee trees blocked the sun, they grew relatively short.

So Omi turned and walked towards Su Ning's house, ready to bring a shovel and a **** to transplant and trim the coffee tree.

...

On the other hand, in a mushroom house in a small mountain village.

Brother Chang was still lying on the bed and slumbering.

Sister Feng is playing with her mobile phone on her stomach, and also doesn't want to move.

In fact, I drove a day's journey yesterday, and then followed to clean up the mushroom house, which exhausted them.

And above their heads, there are two drones with high-definition cameras hovering constantly.

Obviously, the "Longing for Life" program has already begun.

Studio.

[Tan Wuxin: Brother Chang's sleeping posture is really ugly, no wonder I can't find a girlfriend.]

[Zheng Xuhao: Yes! In real life, it is estimated that he can't find a girlfriend. It depends on whether he can make a girlfriend in the show when he picks up TV and movies.]

[FIY: I guess... Even in the show, Brother Chang has at most a younger sister.]

[Wuying: Sister Feng is dazed, just playing on her mobile phone, she's so cute!]

[Explanation: If my mother sees me playing with a mobile phone like this, I will take away the phone tomorrow...]

...

"Tatata!"

When there were dense barrage in the live broadcast room, Teacher He walked in with a smile on his face.

He smiled and said: "Xiao Chang, Xiao Feng, it's time to get up. Teacher Huang made us delicious fried dumplings and hot dry noodles!"

"Okay." Sister Feng said weakly.

Then he got up with great difficulty, brushed his teeth and washed his face.

This was still a little sleepy and came to the table.

"The delicious fried dumplings are here!"

"The delicious hot dry noodles are here!"

As Teacher He shouted twice in a row, breakfast was brought to the dining table.

"Crack!"

Sister Feng had just eaten two mouthfuls. Teacher He took another bottle of milk and said, "How can you miss Derensu for breakfast?"

"Deren Su, always insists on innovation, and uses high-quality milk source from exclusive ranch, which can supplement the nutrition needed by the human body in time!"

Studio.

[Bei Gu Xiao Sheng: Here comes, here comes! Advertisements that are as smooth as silk are coming!]

[. . . : Looking at the appearance of Sister Feng drinking milk, I suddenly thought of the scene of my mother staring at me drinking milk.]

[Treasure: However, the dumplings made by Mr. Huang looked pretty good.]

...

At this time, Brother Chang also walked out sleepy.

Sister Feng directly slammed a bottle of milk in front of him.

Brother Chang said dazedly: "Give it to me?"

Sister Feng said: "Derensu always insists on innovation and uses high-quality milk source from the exclusive ranch, which can supplement the nutrition needed by the human body in time!"

Studio.

[Ai: Hahaha! My sister's move made me laugh to death.]

[Stone: This placement advertisement is too funny!]

[Juvenile spirit: Sister, it's so funny.]

...

After a full meal, Teacher He said: "Do you know? Now that there is more and more carbon dioxide on our planet, the weather has also become worse."

"So, planting trees becomes especially important."

"Today, let's go planting trees!"

Then, Teacher He, Teacher Huang, Sister Feng, and Brother Chang walked outside with hoes, shovels, and saplings.

After a while, they came to a clearing.

Teacher He, sister Feng, and brother Chang are obviously not good at planting trees.

After digging for a long time, it failed to plant trees.

Teacher Huang couldn't help but proudly said: "Planting trees is also skillful..."

"Look, use a **** to plan, and then use a shovel..."

Studio. U U Reading [www. .com](http://www.uureading.com)

[KK: As expected to be an almighty teacher Huang, even so good at planting trees.]

[Vegetable Salad: Is there anything in this world that Teacher Huang doesn't know?]

[Single bed: Do you think Sister Feng and Brother Chang look like two primary school students who are listening carefully?]

[Flower language: Teacher Huang's tree-planting action is so handsome!]

...

After Mr. Huang and others planted a few trees in this field, they walked forward again.

After a while, they came to the other side of the clearing.

So, Teacher Huang and others took up the **** again, ready to start new tree planting.

However, this time, the drone accidentally photographed a coffee tree not far away.

PS: Welcome to read my book " " .

The flowers of the coffee tree are so conspicuous.

Soon, it attracted the attention of everyone in the live broadcast room.

[Xiao Ye: What a big flower!]

[The so-called indifferent: What a beautiful flower!]

[Some come and go: This is just the beginning of spring, right? It's really rare to have such a big flower!]

[00887755: Huh! Have you seen it? Someone seems to be transplanting those flowers and trees. His actions are so handsome!]

[The little man in the painting: First of all, I want to remind that this is not a flower tree, but a coffee tree. It is very rare to grow such a good coffee tree, and the coffee beans should taste good in the future. In addition, I also want to say that the man's actions are so handsome!]

[Moonshangzhitou: How do I feel that he doesn't seem to be transplanting, but dancing in the sea of flowers, it's really... so charming!]

[Flower language: I even said that Mr. Huang's tree-planting moves are handsome. Although the man in the sea of flowers can only see his back, I have to say that he is really handsome!]

...

The audience sent the barrage, and quickly shared the live room to the WeChat group, the circle of friends... and marked them as the most handsome tree planter.

Suddenly, the popularity of the live broadcast room began to soar.

In fact, it is normal for this to happen.

After all, Omi possesses expert planting techniques and can show supreme charm.

For these...

Teacher Huang, Teacher He, sister Feng, brother Chang and others are temporarily unknown.

At this time, they were still planting trees earnestly, sweating like rain.

With the unremitting efforts of several people, all the saplings were finally planted.

So the four of them dragged their tired bodies and walked towards the mushroom house.

The first thing they did when they returned to the mushroom house was to drink the iced plum soup that had been prepared.

Suddenly, a sense of relaxation that I haven't experienced in a long time came to my heart.

This feeling... it's as if the whole person is floating a little.

Teacher Huang rested for a while before he got up and said, "I got some mushrooms, bamboo shoots and wild vegetables nearby this morning, and now I'll make some game for you."

Then, he went to the kitchen and quickly washed and cut the prepared dishes...

With a burst of oily smoke rising, a delicious dish was brought to the table.

In the past, the live broadcast room would definitely be amazed again and again.

However, today's painting style is completely different.

[Stone: Why did you start cooking again? Continue to shoot that handsome guy transplanting coffee trees!]

[Carefree: Yes! I came here to see the handsome guy transplanting coffee trees, and I just watched it for a while.]

[FLY: Wall cracked request, continue to shoot handsome guys transplanting coffee trees!]

[Ordinary people in black and white: Wall crack requires +1, otherwise, I will quit!]

[Me in the wind: Also, remember to shoot the front of the handsome guy!]

...

Generally speaking, after the live broadcast of "Longing for Life", the program team will not actively intervene.

But today, too many people have made requests.

So, when Teacher Huang, Teacher He, sister Feng, brother Chang and others, after eating.

In the mushroom house, a bell rang unexpectedly.

Teacher Huang used a toothpick to shave his teeth, and said, "Is it a visitor? Xiao Chang, you can answer the phone."

"Oh." Brother Chang reluctantly got up and picked up the phone.

"I am the director of the program group. Now, please go to the place where you planted the trees before." A slightly hoarse voice came through the phone.

Brother Chang was taken aback for a moment. He glanced at the phone in his hand and couldn't help but ask in a low voice, "Why are you going again?"

"Because, when you just planted the tree, the drone accidentally captured a sea of white coffee trees and a man who planted a coffee tree..."

"Now, everyone in the live broadcast room is asking you to shoot him again..."

After Brother Chang hung up the phone, a strange look appeared on his face.

Teacher Huang asked: "What's the matter? Who is calling?"

Brother Chang hesitated for a while, and said: "The weather is so good today, let's go out together."

Teacher Huang, Teacher He, and sister Feng looked at the hot sun outside together.

Then, he looked at Brother Chang again.

That looks like...

It's like saying, this is indeed good weather!

Brother Chang couldn't help coughing, he secretly glanced at the drone that followed him.

A moment of helplessness.

What can I say?

Can't you just say that the director just called?

Wouldn't it be a dressing?

At this moment, the phone in his pocket suddenly shook slightly.

It turned out that an advertisement popped up.

See here...

Brother Chang had an inspiration and tapped all the words the director had just said on the phone.

Then he smiled and said, "I use it every day to read novels. There are many types and good interfaces... Come and see."

A perfect ad placement.

Then, Brother Chang couldn't help but handed the phone to Teacher Huang, Teacher He and Sister Feng.

After seeing the words on the screen, the three of them froze for a moment.

Then, Teacher He suddenly said, "Yes, reading novels is really interesting!"

"I was full just now. Let's go for a walk at the coffee tree to digest food."

"Walk a hundred steps after a meal and live to ninety-nine! Get up!" Teacher Huang responded.

Then, Teacher He, Teacher Huang, Sister Feng and Brother Chang, a group of four people took a brisk pace and walked outside.

Before long, they came to the hillside.

They looked at the mountains and wild coffee trees full of white flowers, and all of them were a little stunned for a while.

“So beautiful!” Sister Feng said sincerely.

In fact, not only Feng Sister sighed, but everyone in the live broadcast room was the same.

[L: Oh my god! This is too beautiful!]

[True color: I will also plant coffee trees in the future!]

[Si Yang: What about the handsome guy before? Where’s the handsome guy?]

[Black-and-white cats: please shoot and transplant handsome guys!]

...

Countless barrage appeared immediately throughout the live broadcast room.

“Ding!”

Brother Chang, who was silently admiring the coffee flowers, his cell phone was shocked again.

It turned out that the director sent a message: to find the handsome guy who planted a coffee tree, UU read www.ukakánshu.com handsome guy’s back view.jpg.

See here...

Brother Chang was taken aback for a while.

Because, he remembers this back...

Isn’t this the young man I met in the VIP lounge yesterday?

It seems that he has also booked a plane!

Is he the one who transplanted the coffee tree?

After a while, Brother Chang picked up the phone again, coughed lightly, and said: “Every time I see this beautiful scenery, I like to use my OPPO phone to take pictures!”

Another smooth ad placement.

“Crack!”

“Teacher Huang, Teacher He, Sister Feng, what do you think of my photo?”

Then, Brother Chang directly showed the news and photos sent by the director in front of everyone.

The fastest update of the Luckiest man in the world : the latest chapter from receiving !

Teacher He, Teacher Huang, and Sister Feng stunned after seeing the news and photos.

Especially Sister Feng, her beautiful eyes shrank slightly.

Obviously, they all recognized Omi’s back.

I have to say that they deserve to be professional actors.

Soon, the surprise was taken back to the bottom of my heart.

Then, they all admired.

“It’s an OPPO phone, the camera is so clear!” Teacher He said.

“With the OPPO mobile phone, there is no need to bring a camera in the future.” Teacher Huang said.

“That’s right!” Sister Feng said.

After a series of unmarked placements of advertisements, they began to follow the director’s instructions, turning around and looking for the handsome guy who transplanted the coffee tree.

Along the way, they walked and talked...

It didn’t take long before he came to Su Ning’s home.

Because they remember very clearly, they saw Omi and his classmates here yesterday, holding Australian lobsters in one hand and hairy crabs in the other, gnawing contented fat.

As if thinking of that scene again, Brother Chang and Sister Feng couldn’t help swallowing.

At this time, A-mei came over again and again and asked, "What's the matter with you?"

"What a lovely girl!" Sister Feng said in surprise, her eyes instantly turning into crescent moons.

The Luckiest man in the world CHAPTER 226-230

Teacher He smiled and said, "Little sister, weren't there many people here yesterday? How about them?"

"Just went back!" A Mei said.

"Back... back?" Teacher He was taken aback for a moment.

Brother Chang took out his cell phone and said, "What about this person?"

"Oh, you mean Brother? He also went back together!" Amei said.

In fact, this is also normal.

After all, Omi and the others still have classes on Monday and must return today.

When Teacher He, Teacher Huang and others heard it, they showed a touch of helplessness.

The director's task cannot be completed.

Studio.

[Qiaodu: Are you going back now? It's a pity that I can't see the handsome guy planting the tree!]

[Tang, Song, Yuan, Ming and Qing: However, this little girl is so cute, she turned out to be the younger sister of the handsome boy Zhishu!]

[Little Wenzi: It's a pity.]

...

Brother Chang just put away the phone when he suddenly saw a watch in front of him, he bent over and picked it up.

He looked at the cool appearance of the watch and couldn't help but admire:
"What a great watch!"

Teacher He, Sister Feng and Teacher Huang also followed.

"It looks so good!" Sister Feng said.

Teacher He nodded and said, "It looks really good."

At this time, Mr. Huang, who was next to him, twisted his brows slightly and said,
"Hey, this watch... show me?"

Then, he took his watch and looked carefully.

After a while, he said: "This watch...how does it seem to be the limited edition
5002P of Patek Philippe?"

I have to say that Teacher Huang deserves to be a jack of all trades.

Even a limited edition watch knows one or two.

"A Patek Philippe limited edition? That must be expensive, right?" Brother Chang
said.

Teacher Huang said: "More than 17 million."

"hiss!"

Brother Chang, sister Feng, and Teacher He all took a breath.

Although, they are all popular stars.

However, more than 17 million watches are enough to shock them.

At this time, the sister next to her said: "This is my brother's watch!"

Studio.

[Zheng Xuhao: More than 17 million watches? Don't tell me, is this true?]

[The other party is typing: Should... shouldn't it be true? Otherwise, if you lose
such an expensive watch, you will find it soon, right?]

[I love watches: I am the shop manager of Patek Philippe. I just studied it very
carefully. It is indeed a genuine platinum product of Patek Philippe 5002P! The
market price is now 17.6 million yuan!]

[Treasure: So... the handsome tree planting guy, not only handsome, but also a super hero?]

[Explanation: really* tall, rich and handsome!]

[Huahua: This kind of tall, rich and handsome, why don't you even have a chance to take a positive look?]

...

"Snee!"

Omi sneezed suddenly.

Ma Zhong next to him asked, "Brother Fan, are you okay?"

Omi rubbed his nose and said, "It's okay."

Then, there was a slight smile on his face.

Because, in Omi's mind, a clear reminder sounded.

【Ding! Complete hidden tasks, organize a perfect spring outing, and get 5 silver red envelopes. 】

Just came out to play for two days, and then completed a task and got 5 silver red envelopes.

For him, this is definitely a surprise.

Then, just like when he came, Omi first took everyone into the VIP lounge and rested for a while.

Then, they boarded the plane together.

Perhaps, it is the reason why I have experienced it once.

Or maybe, it was a little tired from playing these two days.

This time, many students fell asleep lying on the seats of the plane.

About two hours later, when the plane landed, they were awakened by their classmates next to them and boarded the limousine bus that had been waiting at the airport.

At this moment, a classmate suddenly realized something and said: "We have been flying back and forth in the past two days, so why haven't we seen other passengers?"

"Hey, it seems to be the case."

"When you say that, I seem to have discovered it too!"

"Strange, just after the Spring Festival, there should be a lot of people flying by plane."

"Moreover, I feel... we have been on the same plane these two days, even the flight attendants on the plane are exactly the same."

...

Omi listened to everyone's discussion and replied casually: "Because I packed that plane."

His voice is very flat.

However, it was like thunder in the ears of the classmates.

Pack that plane!

Charter the plane?

How much does it cost? !

The students have also seen it in movies, novels and other places.

But in reality... they really have never heard of it.

Now, it happened to yourself?

Their faces were filled with shock and disbelief.

At this time, many students remembered that Omi took himself on the plane, and it seemed that he had never checked the ticket.

It turned out that Omi had packaged the plane!

this moment...

All the students looked at Omi, full of admiration.

In order for everyone to have a happy spring outing, Omi even directly chartered the plane!

In fact, most people...even chartered flights are definitely not as convenient as Omi.

The real reason, UU reading www. .com is because Omi is the largest shareholder of Xia Guo Airlines.

About this, Omi didn't bother to say...

After returning to school, Omi did not go to the dormitory, but drove Pagani Fengshen to Panlong Villa.

Then, he directly focused his attention on the five silver red envelopes.

Muttered: "See what you can get."

"Ding! Congratulations, you got 1 million yuan."

"Ding! Congratulations, you got 500,000 yuan."

"Ding! Congratulations, for acquiring 5% of the Volkswagen Group."

"Ding! Congratulations, you got 200,000 yuan."

"Ding! Congratulations, you got 500,000 yuan."

PS: Welcome to read my book " " .

The fastest update of the Luckiest man in the world : the latest chapter from receiving !

Since Omi is the largest shareholder of Xia Guo Airlines, the charter flights and cars are all provided by Xia Guo Airlines free of charge.

For this spring outing, he just prepared tents, ingredients, chefs in advance...a total of only a few hundred thousand dollars.

However, Omi completed the hidden task and obtained 5 silver red envelopes, which resulted in 2.2 million yuan and a 5% stake in the Volkswagen Group.

This is definitely a bumper harvest!

To know...

Volkswagen Group is not only Volkswagen, it also includes a large number of automobile companies such as Audi, Lamborghini, Bentley, Bugatti, etc., with a total market value of more than 1,000 billion yuan.

5% of the shares are worth more than 50 billion.

In other words, Omi invested hundreds of thousands in this spring outing and earned at least 50 billion yuan!

Then, Omi turned his attention to the sign-in system.

“Sign in!”

【Ding! Congratulations, you got 10 million yuan. 】

Regarding this...

Omi didn't pay any attention. He played with the phone for a while, then lay on the soft big bed and fell asleep deeply.

In the past two days, he was flying again, climbing mountains, and transplanting plants...He was also a little tired.

...

The next day, the sky was clear.

After a few small sparrows made a few crisp sounds outside the window, Omi slowly opened his eyes.

He glanced at the phone habitually first, and a text message appeared on the screen early as usual.

“0:00, China Merchants Bank remits, 3,670,000 yuan.”

Regarding this, he didn't care at all, and instead turned his attention to the sign-in system.

“Sign in!”

【Ding! Congratulations, you got 10 million yuan. 】

“Why is it 10 million again?” Omi curled his lips.

Then, he didn't rush to get up and wash.

“Jingle Bell!”

At this time, the mobile phone in his pocket rang a brisk ring.

Omi glanced at the call reminder, but it was an unfamiliar number. After a little hesitation, he still chose to connect.

"Excuse me, Mr. Lin?" There was a slightly low voice on the phone.

"It's me, are you?" Omi asked.

"Hello, Mr. Lin, I'm Hou Jiarun, manager of Fengrao Logistics... We have a batch of your cars here. I don't know where they should be sent?" The voice on the phone said respectfully.

A batch of cars?

During this time, it seems that I haven't ordered a car.

Omi was stunned for a moment, and then asked, "Are you sure it's mine? But, I haven't booked a car during this time."

"Excuse me, you are Omi, Mr. Lin?" Hou Jiarun hesitated for a moment before asking again.

"It's me." Omi said.

"That's right, these cars were sent to me by the Volkswagen Group." Hou Jiarun said.

When Omi heard this, his face finally showed a daze.

If it is the Volkswagen Group, it makes sense.

After all, Omi had a similar experience when he acquired LV and shares.

Omi said, "Then you send it to Panlong Villa in Jiangbei, do you know the location?"

"I know, I'll be there in about 20 minutes, okay?" Hou Jiarun asked.

Omi answered: "Yes."

After hanging up the phone, Omi took out the bread from the refrigerator and bake it in the bread machine for a while. Then it was served with high-grade butter, wagyu beef slices, Australian lobster meat, organic vegetables, etc., and a glass of high-end ranch milk. ...

In this way, it can be regarded as a simple breakfast homemade.

"Jingle Bell!"

Just after Omi had eaten breakfast, the mobile phone in his pocket rang another brisk ring.

“Mr. Lin, I’m here...” Hou Jiarun’s voice came through the phone.

Omi heard this and looked out the window.

Sure enough, two super-long trailers measuring 20 to 30 meters appeared in the field of vision.

Each trailer is divided into three floors, and each floor is full of vehicles including Volkswagen, Audi, Bentley, and Porsche.

Rao Omi has guessed that the number of cars sent by the Volkswagen Group should not be small.

However, after seeing this scene, I was still surprised.

These cars...

Is it all his own?

This number... I’m afraid there are dozens of them, right?

Omi slowly walked out with a trace of doubt.

The round-faced man in the trailer quickly saw Omi. He hurried down and said respectfully: “Mr. Lin, hello, this is Hou Jiarun who just called you.”

“Manager Hou, hello.” Omi said, “Are these cars all mine?”

“Yes, where do you think I put these cars?” Hou Jiarun asked.

“Ah...just stop along the road ahead.” Omi said.

The road that Omi pointed to was the public road in the Panlong Villas.

Generally speaking, parking is not allowed on this road.

However, the entire Panlong villa group belonged to Omi alone, so this rule naturally didn’t apply.

With the help of a few workers, all the vehicles finally stopped on the road for about half an hour.

“Then... Mr. Lin, if there is nothing wrong, we will leave first.” Hou Jiarun said.

From seeing Omi to leaving now, Hou Jiarun has always maintained a very respectful attitude.

No wonder...

Because he knew that the president of the Volkswagen Group personally arranged the delivery of these cars.

The identity of Omi, who is so important to the president of Volkswagen Group, is...you can imagine how remarkable it is.

“Okay.” Omi said.

“Jingle Bell!”

Just after the two trailers left, Omi’s mobile phone rang another brisk ring.

This time, it was an unfamiliar number from abroad.

“Mr. Lin, hello.” A very bad Chinese language came through the phone.

“Hello.” Omi said, and at the same time, he had guessed the identity of the other party in his heart.

Immediately afterwards, there was another clear voice on the phone.

“Mr. Lin, I am the secretary of the President of Volkswagen Group, William Hull. Mr. William Hull asked me to greet you on his behalf. He expressed his gratitude to you for your support and letter to Volkswagen Group...”

“In addition, Mr. William Hull asked Mr. Lin, you should have received the batch of vehicles from the Volkswagen Group? Are you satisfied?”

Omi said: “You tell William Hull, I am very satisfied.”

So, there was a burst of English on the phone.

Immediately afterwards, the secretary said: “Mr. William Hull said that Mr. Lin likes it. In the future, the new cars of the Volkswagen Group will continue to be given to you.”

Omi has professional-level English proficiency. UU read www. .com he heard what William Hull said clearly.

Even fluent conversations can be carried out in English.

However, he did not raise it, let alone speak in English.

Because I am from Huaxia!

Omi said, “Help me say thank you to him.”

After a short greeting, Omi finally hung up the phone.

Then, he glanced at the long lines of Volkswagen and Audi cars on the road, with a strange look on his face.

“With so many cars, you can change one every day for a month, so you don’t need to change the same... If you use it to drive Didi, I’m afraid you can drive it for a lifetime.”

As soon as these words fell, Omi’s mind suddenly sounded a clear and uplifting sound.

【Ding! Trigger the task, complete 5 special Didi orders, and reward 5 golden red envelopes. 】

The fastest update of the Luckiest man in the world : the latest chapter from receiving !

Omi was stunned for a while listening to the prompt sound in his mind.

5 special Didi orders, reward 5 golden red envelopes?

Golden red envelope!

Omi’s eyes moved slightly, he had never received a golden red envelope.

This can’t help but make him interested.

Omi glanced at the time and murmured: “It’s too late to go to school now, so let’s not go today...”

Then, Omi took out his mobile phone and sent a message to Sun Jiao who asked for leave.

Most people ask for leave before school starts, and the counselor will definitely give him a bad meal and ask the other party to come to class immediately.

However, Omi was different.

The school leaders have given notice long ago to give the greatest freedom.

Therefore, Sun Yaodong directly replied to the news of agreement.

See here...

Omi opened a Santana next to it and downloaded Didi to register quickly.

Then, he stepped on the accelerator and galloped outside.

Santana is not like a supercar, and it has five or six hundred horsepower.

Santana has only 119 horsepower.

But, just like this, Omi has a kind of slow and relaxed feeling.

“Ding Dong!”

Not long after, Omi received a Didi, only 2 kilometers away from him.

This is a middle-aged man wearing a designer shirt and gold glasses.

After he got in the car, he first glanced at Omi faintly.

Then, in a slightly arrogant tone, he said, “Did you buy this car?”

“Oh, no...I didn’t buy the car.” Omi replied casually.

The arrogant look on the face of the middle-aged man even worsened.

Before he wanted to come, since the car was not bought by himself.

So, parents must have helped buy it.

A man in his twenties can’t even afford a Santana. He only knows that relying on his parents is really a waste.

However, how did he know...

This Santana was indeed not bought by Omi, but given by the president of the Volkswagen Group.

Then, the middle-aged man said again: “Young man, it should be easy to drive Didi, right?”

Omi was single holding the steering wheel and said casually: “Yes, it’s very easy.”

Suddenly, the middle-aged man looked at Omi, showing a touch of regret and hatred for iron and steel.

Sighed and said, “Do you know? When I was your age, I had nothing, very poor...”

“However, I never reached out to my parents, nor did I find an easy job. Instead, I kept gritting my teeth, working hard, and fighting hard!”

“Finally! Huangtian pays off. After years of hard work, I finally have my own Porsche, my own villa, and several houses... Moreover, there is also a company with a market value of tens of millions! “

“Do you know the Jiaye Building? It is a high-end office building in the center of our Jiangbei city. My company is in the Jiaye Building!”

When the middle-aged man said this, his face showed unconcealable pride.

Omi couldn't help becoming very weird looking at his appearance.

Is he pretending to be forced in front of him in a different way?

However, Jia Yip Building? Isn't that your own building?

In fact, Omi was right.

When middle-aged men see some young people who have been bitter, but honest, they like to use the appearance of a successful person and pretend to be forceful in front of them.

Then, those young people will show their longing for the future and admire themselves immensely.

Middle-aged men like this feeling very much.

“Ahem!” The middle-aged man seemed to feel that his performance was a little too obvious, so he coughed lightly and said with earnest heart, “Young man, work hard, you can be like me in the future.”

“Jingle Bell!”

At this time, Omi's cell phone rang a brisk ring.

Omi directly pressed the car phone.

Suddenly, there was a very respectful voice in the car stereo.

“Hello, Mr. Lin, this is Xiao Wang, the property manager of Qiankun Building. The rent for the building has been collected this year. The total amount is 76 million yuan... Is it directly transferred to the bank card you left last time? ”

Most people, if they suddenly hear that they are about to receive 76 million yuan, they will definitely be ecstatic.

However, Omi's performance was very flat.

Just casually said: “Yes, just turn around.”

No wonder, he would be like this.

Because Omi now earns more than 13 million yuan every day for signing in, breathing, walking, and sleeping.

76 million yuan was earned after 6 days of lying down.

Omi didn't care anymore.

However, the middle-aged man sitting in the Santana car opened his mouth wide and his entire face was full of incredible color.

76 million yuan!

Adding up all his assets, I am afraid that he does not have so much money.

This young man who opened Didi directly received a rent of 76 million yuan?

He owns the entire Qiankun Building?

Do not!

This is absolutely impossible!

It must be the person on the phone, coaxing himself, joking!

That's right!

It must be so!

Otherwise, this young man would not be able to open Didi here!

Thinking of this, the middle-aged man's face became relaxed again.

"Okay, I'll order Finance... Then I won't disturb you, Mr. Lin, goodbye." Xiao Wang said.

Omi just hung up the phone, but shortly afterwards, the phone rang another brisk ring.

"Hello, Mr. Lin, this is Xiaoqin, the property manager of Baijia Building. The rent for the building has been collected in accordance with the contract this year. The total amount is 85 million yuan... Is it transferred to your China Merchants Bank?" Xiao Qin said .

"Yes." Omi said.

"Okay, I'll let people turn over... then I won't bother Mr. Lin, Mr. Lin, goodbye." Xiao Qin said.

85 million yuan?

Baijia Building also belongs to this young man?

How can it be!

When he heard the first call, the middle-aged man still had a trace of doubt in his heart...

What if, what if Qiankun Mansion really belongs to this young man?

At this time, he completely forgot this doubt.

impossible!

There is a building, it is already very remarkable.

Two buildings?

That is absolutely impossible!

This young man, I am afraid that when he was not paying attention, he secretly sent a message to someone to brag about him.

Thinking of this, the middle-aged man looked at Omi with mocking expressions.

"Jingle Bell!"

At this time, Omi's cell phone rang again.

"Hello, Mr. Lin, I am Lu Weili, the property manager of the Magic Capital Global Financial Building. The rent for the building has been collected this year. The total amount is 1.591 billion yuan... Now transfer it to your China Merchants Bank card, do you think you can?" Lu Weili said.

1.591 million?

Omi's tone also showed a touch of joy, and said: "Yes, just turn around."

"Okay, then I won't bother Mr. Lin for now." Lu Weili said.

The middle-aged man sitting next to ~www.novelhall.com~ almost didn't laugh.

Also 1.591 billion yuan?

He had completely regarded Omi's words as a lie.

It's really laughable to let people act without thinking about the actual situation!

“Jingle Bell!”

At this time, Omi’s cell phone rang again.

“Mr. Lin, hello! I am Xiao Zhang, the property manager of Jiaye Building...”

After hearing this voice, the smile on the middle-aged man’s face stopped slightly.

Because he is very familiar with this voice...

The owner of this voice seems to be the property manager of Jiaye Building who he personally visited yesterday and gave a gift... Zhang Wenzhong!

PS: Welcome to read my book ” “.

Why... why is it so like Zhang Wenzhong’s voice?

The middle-aged man looked up at Santana’s car navigation system with full of doubts.

only saw...

There are three big characters on the car navigation: Zhang Wenzhong!

See here...

The middle-aged man trembled slightly.

Say... Maybe it’s the same name!

Correct!

It must be so!

Then, he hurriedly took out his mobile phone and compared the stored Zhang Wenzhong number with the number on the car navigation system.

151...2345...

It’s exactly the same!

The caller turned out to be Zhang Wenzhong, the property manager of Jiaye Building!

In the past, wherever Zhang Wenzhong walked, he was always arrogant and treated respectfully by many people.

When... heard him use such a respectful tone to others?

Even claiming to be Xiao Zhang?

Xiao Zhang?

This...

This... simply unimaginable!

At this time, Zhang Wenzhong's respectful voice sounded in the car audio: "Mr. Lin, all the rents for all office buildings in Jiaye Building this year have been collected. The total is 83 million yuan. May I transfer to your China Merchants Bank Card? Inside?"

As soon as he said this, the middle-aged man froze completely.

The rent of the office building of Jiaye Building is all transferred to the card of the young man in front of him.

Then, Jiaye Building... must belong to him!

It turns out that he has never acted!

Qiankun Building belongs to him, Baijia Building belongs to him, and the World Financial Building in Magic Capital... also belongs to him!

Qiankun Building, Baijia Building and Jiaye Building are all high-end office buildings in Jiangbei. The market prices are all over 1 billion, totaling over 3 billion!

The World Financial Building in the magic city is even more of a famous high-end office building in China, with a value of more than tens of billions!

The young man in front of him... what kind of supernatural being?

The middle-aged man couldn't help half opening his mouth, completely dumbfounded.

Omi didn't pay attention to what he meant, and said lightly to the phone: "Yes, just transfer it to my China Merchants Bank card."

After speaking, he directly hung up the phone.

Then, Omi sighed at the middle-aged man and said, "Hey, I thought about it... I still can't work hard like you did when you were young."

"Otherwise, when you are your age, there are only tens of millions of assets left, that would be too miserable..."

When the middle-aged man heard this, his entire face immediately turned red. He did not expect that a young man who opened Didi would be such a legendary super hero.

Is it true that the real rich people are so low-key?

At this time, he could not wait to pull out the three rooms and one hall with his feet.

As soon as he arrived at his destination, the middle-aged man ran out of the car as if fled.

Omi couldn't help but smiled and touched his nose, then focused his attention on the system task.

[Task: Complete 5 special Didi orders and reward 5 golden red envelopes.
Progress: 1/5.]

See here...

Omi's eyes lit up slightly.

This...even if you complete a special Didi order?

Is it that every order received is a special order?

It's too easy, right?

Thinking of this, Omi couldn't help showing a relaxed smile.

"Ding!"

At this time, his mobile phone shook slightly, and a new Didi order appeared, only 1 kilometer away.

Omi stepped on the accelerator and moved forward quickly.

This single is a woman who is peaceful along the way.

After Omi sent her to the destination, he took a look at the task, but there was no movement in the progress.

Immediately afterwards, Omi took two more orders.

However, the task progress remains unchanged.

Omi murmured, "Sure enough, special Didi orders are not so easy to appear!"

However, Omi was not too bored either.

Because, driving slowly, he is also very relaxed and at ease.

When Omi arrived at a red light at an intersection.

At this moment, Omi's cell phone shook slightly.

12:00!

Red envelopes appear!

"Ding! Congratulations, you got 333 yuan."

"Ding! Congratulations, you got 99 yuan."

...

"Ding! Congratulations, you got 19,999 yuan."

"Ding! Congratulations, you got 1,000 yuan."

This time, Omi received a total of 42,312 yuan.

Seeing this... Omi curled his lips involuntarily and threw the phone aside.

Then, at a nearby restaurant with two Michelin stars, I ordered 880 yuan for one case of matsutake, 2,000 yuan for a small yellow croaker, 2,000 yuan for an organic tomato beef pot, 500 yuan for a case of pigeon soup...

Omi's lunch was solved simply.

Hungry and sleepy.

After Omi had eaten, he began to yawn, and he did not return to Panlong Villa.

But at the nearby Hilton Hotel, he spent 10,000 yuan to open a presidential suite and fell asleep.

After all, it takes dozens of minutes to return to Panlong Villa, which is too much trouble.

As for the Didi mission?

He is not in a hurry either.

In fact, Omi chose to complete this task.

First, it was out of curiosity about the golden red envelopes.

Secondly, I want to experience Didi's life.

Otherwise... If it is a task that is very hard and tiring to complete, Omi probably won't bother at all.

This time, Omi slept very comfortably.

When he opened his eyes, it was already 4 o'clock in the afternoon.

Then, after Omi asked the waiter to deliver a high-end dessert and fruit, he returned to Santana and started the experience life of Didi again.

Soon, Omi completed three Didi orders, however, the task progress remained unchanged.

When the sky is getting darker...

"Ding!"

His phone shook slightly, and a new order appeared.

However, this time, there was a red envelope of 300 yuan under the order, and a message: After arriving, please pretend to be my boyfriend to help me out. The red envelope is a thank you gift, trouble! By the way, my name is Xiaoxuan.

The driver of Didi... will encounter this kind of thing?

Is this a special order?

Omi quickly arrived at his destination with a trace of doubt.

Not far away, standing a woman with delicate facial features, wearing a light-colored windbreaker outside, a white shirt and black gauze skirt inside, a slender, plump (oYo) woman.

Next to her... is standing a man in a plaid shirt, talking to her.

The woman frowns slightly, UU reading www. . Com Qiao's face is faintly bored and helpless.

At this time, the woman happened to see Santana coming by, turning sideways.

She quietly took out her phone and looked at the license plate number.

Then, with a nervous mind, she walked two steps forward and waved again and again.

Obviously, this is the customer of Didi's order: Xiaoxuan.

Omi also noticed her, and first quietly used True Eye on her.

[Face value: 92]

[Favorite degree: 50]

Omi secretly said: "At 92, it's no wonder that people will be chased after him."

Then, Omi directly parked the car in front of him, then walked out of the cab, smiled and said, "Xiao Xuan, have you been waiting for a long time?"

PS: Welcome to read my book " ".

The fastest update of the Luckiest man in the world : the latest chapter from receiving !

Omi's attitude is to do his job and love his job.

Now that the Didi order is accepted, it must follow the rules.

not to mention.....

Xiaoxuan also has a good appearance with 92 points.

Therefore, Omi didn't mind pretending Xiaoxuan's boyfriend.

In fact...

Xiaoxuan asked Didi's driver to pretend to be her boyfriend. She was both worried and helpless.

Because she really can't help being harassed.

At the same time, Xiaoxuan didn't know what kind of person a Didi driver would be.

In case... it's a wretched greasy uncle.

What should I do?

At this time, Xiaoxuan couldn't help but breathe a sigh of relief after seeing Omi's sunny and handsome appearance.

There was even a touch of joy in my heart.

She smiled and said: "I didn't wait a while, I just came here."

At this moment, the man who had been standing next to Xiao Xuan before accosted, his eyes were cold, and he said solemnly, "Xiao Xuan, who is he?"

Xiaoxuan opened her small cherry mouth and squatted: "He...he is..."

After all, Omi was just the Didi driver he had called.

She was so embarrassed to say that it was her boyfriend.

Omi said straightforwardly: "I am Xiao Xuan's boyfriend, Omi. Who are you?"

boyfriend!

The man's face sank suddenly.

He also heard Xiaoxuan say that he has a boyfriend.

However, the man has always thought that this is the reason for Xiao Xuan to talk.

After all, none of Xiaoxuan's colleagues had ever seen her boyfriend.

Now, is it true?

Xiaoxuan, such a beautiful woman, has a boyfriend?

The man glanced at Santana next to him, and a look of disdain flashed across his face.

A man who drives Santana, even if he is Xiaoxuan's boyfriend now.

But, soon, I will let you know that you are not worthy!

Thinking of this, the man said in a lofty tone: "This is Zou Zheng, you should have heard of Datong Company? That is our company."

Omi said in a slightly surprised tone: "Does Datong Company belong to your family?"

"Yes!" Zou Zheng said proudly.

He seemed to have seen Omi nodding and bowing to himself, constantly pleasing him.

There was a nervous look on Qiao's face on Xiaoxuan next to her.

Could it be that... Omi happened to have a cooperative relationship with Datong Company?

Or even the employees of Datong Company directly?

He says later that he is not his boyfriend, what should he do?

At this time, Omi shook his head and said, "I haven't heard of it."

Xiaoxuan snorted and laughed directly.

In fact, Omi reversed too much.

And Zou Zheng almost didn't choke, his brows jumped wildly, and he grinned, "You're fine!"

Omi said relaxedly: "Yeah, I have always been fine."

Although Omi taught Zou Zheng to make Xiaoxuan very happy.

However, she felt the atmosphere full of gunpowder at the scene, and couldn't help but panic said: "Omi, it's too early, let's go back first."

Because she knows exactly how powerful Zou Zheng's family is.

However, Omi is just a Didi driver.

If you trouble Zou Zheng afterwards because you provoke him, you will really feel sorry.

Omi also saw Xiaoxuan's thoughts and couldn't help but nodded inwardly.

Zou Zheng said: "Don't worry about leaving! I'll set up a game, let's go have a drink together."

"Sorry, I don't like drinking." Xiaoxuan answered casually, and then turned around to walk towards Santana.

"Tatata!"

At this time, there was a sound of footsteps behind him.

Then, a middle-aged man in a white shirt strode over.

After he saw Zou Zheng, the silver-rimmed glasses faintly reflected the light of excitement, and he flattered: "Zou Shao, why are you under our company? Why don't you go there for a cup of coffee?"

Zou Zheng glanced at him, his eyes moved slightly, and said: "I won't drink the coffee. Originally, I was planning to make appointments with the young bosses of Fujia Company and Fengyuan Company to have dinner together."

"As a result, An Xuan of your company refused to go there. Forget it, then I will leave."

The middle-aged man couldn't help feeling a little anxious.

To know.....

Fujia Company, Fengyuan Company, and Zou Zhengjia's Datong Company are all major customers that their company must win.

But, for a long time, he has no good solutions.

Nowadays, Zou Zheng wants to organize the bureau to have dinner with the young masters of Fujia Company and Fengyuan Company. What a good opportunity is this?

Absolutely... definitely not to be missed!

Thinking of this, the middle-aged man turned around and said: "An Xuan, now I give you a task to go to the dinner with Shao Zou!"

An Xuan said, "But, manager, I have promised to go to dinner with my boyfriend."

Manager Li sternly said: "When can I not eat with my boyfriend? This task is very important and involves a major company contract. Therefore, it will be linked to your salary and year-end bonus!"

An Xuan said that her body could not help but stagnate.

She has to send a sum of money home every month, plus her own expenses... Bonus and salary are too important to her.

She bit her red lip and whispered: "Okay, I'll go to the dinner."

Omi next to him whispered: "Don't worry, I will accompany you over."

Then, he glanced at Manager Li and Zou Zheng next to him, and said indifferently: "I am worried about the safety of my girlfriend. I will accompany it with him. Isn't it any problem?"

"If this can't be agreed, then I can only suspect that you are plotting wrong with my girlfriend, and then I will let her leave the job tomorrow."

Manager Li couldn't help looking at Zou Zheng.

Zou Zheng sneered: "If you want to come, come on."

In fact, he didn't intend to take advantage of An Xuan at all today.

After all, it is a society ruled by law today.

As long as you do something out of the ordinary, you will definitely lose yourself.

The gain is not worth the loss.

Zou Zheng's purpose is to show An Xuan how extravagant her life is.

At the same time, it also made Omi understand how far he is from himself!

Manager Li heard this, hesitated for a moment, and asked: "Then...may I go there together?"

In fact, today's meal is too important for the company.

He was worried that An Xuan, a female employee, could not take care of the overall situation.

Zou Zhengying said: "Yes."

After all, Omi is here now, and it doesn't matter if one more person is added.

What's more, this manager Li can also restrain An Xuan.

Manager Li happily said, "Thank you Shao Zou!"

After a pause~www.novelhall.com~ asked again: "By the way, Shao Zou, do we have a place for today's dinner?"

"Emperor Hotel." Zou Zhengdao.

Manager Li immediately gave a thumbs up and admired: "The Emperor Hotel is the facade of our Jiangbei, and it is also the most high-end restaurant. I have never been willing to go in for a meal... As expected, Shao Zou!"

When Zou Zhengyan heard this, he couldn't help showing a smug smile.

Xindao: Let this manager Li follow, sure enough!

Then, he did not forget to cast a proud look at Omi.

It looks like it's like saying: boy, today I will let you know how big the gap between us is!

PS: Welcome to read my book " " .

I have been sorting out the plot in the past two days, it is almost the same, and it will be updated tomorrow!

The fastest update of the Luckiest man in the world : the latest chapter from receiving !

After Omi heard Zou Zheng's words, he showed a strange look.

Eating at the Emperor Hotel?

Isn't that your own hotel?

Zou is going to organize a meal in his hotel?

Manager Li didn't notice the change in Omi's expression at all. He flattered and said: "Zou Shao, my car is in front. Do I need me to drive you to the Emperor Hotel?"

"No." Zou Zheng waved his hand, and then he took out the car key and pressed it lightly.

Suddenly, the red Porsche 911 in the distance, the rear lights of the car immediately lit up, and a whistle sounded.

Manager Li admired again: "Porsche 911! F*ck, Shao Zou, awesome!"

Zou Zheng couldn't help showing a smug smile again, and then said to An Xuan: "It's too early now, Xiao Xuan, you should be very hungry? My Porsche 911 is faster and safer...I Let's drive you to the Emperor Hotel."
