

# The Luckiest man in the world CHAPTER 261–270

next moment...

The originally dark stage suddenly burst out with 20 dazzling beams of light.

At the same time, 10 high-end, atmospheric and cool Rolls-Royce Phantoms appeared on the huge stage.

Rolls-Royce Phantom, each worth ten million!

10 cars, which is 100 million!

Most ordinary people may never see one in their lifetime.

At this time, there were 10 vehicles!

There was a burst of exclamation in the stadium.

"F\*ck! It's a Rolls-Royce Phantom!"

"Moreover, there are still 10 cars!"

"So handsome!"

"Rolls-Royce Phantom as the light, awesome!"

...

These exclamations did not just appear in the gymnasium.

The audience outside the pavilion also exclaimed loudly.

Because of the dark front, a huge high-definition display screen of more than 100 square meters suddenly appeared.

Although, they could not see 10 Rolls-Royce Phantoms at the scene.

However, through the huge high-definition display, it is easier to see the outline and details of the Rolls-Royce Phantom.

And the beam of light formed by 20 headlights, in the display screen, is more like 20 laser rays piercing the night, adding a dreamy color to the stage.

When countless audiences were amazed...

A woman wearing a white gauze rose slowly from the stage until she reached a height of several meters from the stage before she stopped.

She... is today's protagonist Ling Rou.

"Boom!"

At the same time, a helicopter suddenly appeared above the sky, and shot a brilliant beam of light, which landed tightly on Ling Rou's body.

Suddenly, her already fair skin became a little transparent.

And the white gauze on her body is as bright as a star.

This dress is actually inlaid with countless diamonds!

See here...

The audience exclaimed again.

"Oh my God! It's so beautiful!"

"Is this a fairy?"

"Using a helicopter as a stage light is too extravagant, right?"

"And, it's not an ordinary helicopter, it's an MD902 worth 45 million!"

"The dress on her looks like the STAR of the famous LV designer Lawrence!"

"That's right! It's STAR! I saw it at the International Fashion Exhibition Center in Country F not long ago! This dress is studded with 365 diamonds, with a total value of more than 10 million US dollars!"

...

"Jingle Bell!"

At this time, there was a burst of lively music in the entire gymnasium.

Surrounded by music, it's like putting on headphones for everyone, and it's extremely enjoyable.

Some people yelled again.

"! Yes! God! The speakers used in this concert!"

"Is this stereo expensive?" someone next to him asked.

"Is it expensive? Did you know? It is the world's top audio system. If a car needs to be installed, it will cost at least one million yuan! And the large audio system used in concerts needs at least 20 million yuan? No? Maybe it's 50 million!"

The people around all took a breath.

A set of audio needs 50 million?

Good deed, this has completely exceeded their imagination.

At this time, the prelude music ended, and Ling Rou, who was standing on the stage, slowly opened the lips of the willow leaves.

"The trees in the mountains become forests, the crooked streams flow, the handsome people dance long swords, and the fallen leaves do not touch their bodies..."

Her singing is brisk and free and easy... With the blessing of the sound, it is as if in the minds of the audience, portraying a wonderful life of the ancient geniuses.

At this moment, the audience seemed to have become members of the ancient arena. They saw the chivalrous women dance swords, eradicate evil, and become famous all over the world!

Everyone was immersed in it, unable to extricate themselves.

After a mellow music sounded, the song ended.

"F\*ck!"

Almost the moment the music stopped, thunderous applause immediately rang out on the scene.

Ling Rou listened to the enthusiastic applause of the audience and looked at the excited expressions of the audience. In her beautiful eyes, tears flickered faintly.

I successfully held a concert by myself, and also won the likes of everyone.

Then, Ling Rou looked for a while in the audience.

Soon, she set her eyes on Omi who was sitting in the front.

Ling Rou understood that all of this... was brought by Omi.

After the applause stopped, Ling Rou said, "Thank you for the applause."

"My name is Ling Rou. When I was a kid, I liked martial arts very much. I used to buy 'Martial Arts Cheats' from a street stall and practiced secretly at home for a long time."

"After a month of retreat, I felt that I had mastered martial arts, so I ran out to fight with the boys who had bullied me before. As a result... I was beaten and cried."

The audience did not expect that the beauty on the stage would have this kind of experience, and could not help laughing.

Ling Rou was also very satisfied with everyone's reaction, and continued: "Later, I finally understood a truth. I shouldn't be a martial arts genius, I should not be a martial arts master."

"I had no choice but to imagine myself as a master of martial arts, so I created the 'Sword Dance' just now."

"F\*ck!"

Now there was warm applause again.

Qiu Ziqian, sitting in the front row, exclaimed, "Is this our other sister? This is too beautiful and the singing is so good? Besides, she can tell stories, so amazing!"

Omi almost didn't get choked by his saliva, and explained, "I don't have that kind of relationship with her."

"Isn't it? It doesn't matter, it will be in the future anyway." Qiu Ziqian said.

The surrounding women nodded in agreement.

...

At this time, Ling Rou, who was standing on the stage, said again: "Later, my mother told me that the girl should be quiet and can't always want to fight... In this way, a prince riding a white horse will treat you as Spoiled like a princess."

"However, the prince never appeared, so, UU reading [www..com](http://www..com) I wrote another song "I am a princess"!"

"Jingle Bell!"

In the wide gymnasium, there was once again a burst of sweet music.

"The fairy tale book in the closet, the happiness to appreciate alone, I have many feelings when I was a child..."

"I put on a gorgeous dress, walked into the gorgeous palace, and held hands with the prince to sing and dance together..."

Different from the previous free and easy and elegant, the melody of this song is more lively and leisurely.

With the blessing of sound, STAR sound and aircraft lighting, Ling Rou seemed to have really become a noble princess.

In the eyes of everyone, they seemed to be located in a gorgeous banquet hall, watching Ling Rou, a princess, and a tall and handsome prince, gently shaking their bodies with elegant music.

All this is so wonderful.

The music stopped, and there was an extremely warm applause.

Ling Rou's voice is in good condition, plus she is very hardworking, and she works hard every day to sing.

And today... finally her efforts over the years have been rewarded.

"F\*ck!"

At the end of each song, there was a burst of warm applause from the audience.

In a blink of an eye, he sang a dozen songs.

The atmosphere at the scene has not slowed down due to the passage of time.

On the contrary, it became more and more heated.

Everyone's faces were full of enjoyment and excitement, and their bodies shook with the music.

Ling Rou picked up the microphone again and said, "I have always had a dream, which is to hold a concert of my own."

"But, I understand that dreams are only dreams. Most of the time they can only appear in dreams."

"And today, he helped me realize it!"

"Here, I want to say thank you to him!"

"I don't know how long this life will be, but I do know that he is definitely the most important person in my life!"

When she said this, Ling Rou's eyes were always focused on Omi.

As soon as this remark came out, the scene immediately boiled, and many audience members exclaimed loudly.

"Gosh, this is too romantic, right?"

"Ling Rou, you are the best!"

"Is this a confession? No!"

.....

VIP1 position.

Hu Tian, Qiu Ziqian, Chu Yunyue, Huang Ling, Han Tian and other women all looked at Omi with smiles.

It looks like...It's like saying: Still saying it's not our sister?

Omi didn't expect Ling Rou to say such a thing, so she touched her nose, her charm was really too great.

.....

Ling Rou ignored the noisy scene and continued to speak: "The next song is also the last song of tonight's concert. It is not my original song, but his "Star River"!"

"Jingle Bell!"

As Ling Rou's voice fell, there was a burst of sweet music.

Although, the audience was still a little excited because of what Ling Rou had just said.

However, as the music rang, they couldn't help but quiet down again.

They are all looking forward to...Looking forward to Ling Rou's wonderful singing!

At this time, Ling Rou finally slowly opened Willow Leaf's red lips.

"On a clear and cloudless night, a full moon hung in the sky, and the long clothes slowly danced in the wind, soft as bones, light as a red, Bai Ruoyu..."

If we say, the previous "Sword Dance" brought the audience into a world of heroic, heroic and heroic.

Then, at this time, "Star River" brings the audience into the world of fairy tales, flying through the clouds and flying in the sky.

After the singing, they seemed to see Ling Rou moving mountains and filling the sea, exterminating demons and demons, and finally jumped into the vast starry sky.

Seeing the sun and the moon on Ling Rou's head, surrounded by stars, she was very magical.

She... is the only fairy in the world!

next moment.....

She raised her hand and held it, transforming into a rainbow sword, and slashed it towards the endless void. The horrible sword light formed a storm that obscured the sky and the sun, causing the chaos and the universe to shatter and bloom like bubbles. The brightest fireworks in the world.

"Finally, in the end, I split the chaos and the universe with one sword!"

The music gradually ceased, and the song ended.

Quiet.

The whole scene was quiet at first.

Everyone was shocked by this song.

After a long while, someone gradually recovered and applauded first.

Immediately afterwards, everyone on the scene applauded.

The applause shook the sky, like thunder!

Some people couldn't help but yelled loudly.

"Singing so good!"

"awesome!"

"This is definitely the best song I have ever heard!"

"Ling Rou, you are the best!"

.....

In fact...

Not only is the general audience excited, Zhang Xiaohai, the deputy director of Rolling Entertainment, also exclaimed with excitement: "These songs of her are really good! Especially the last one, it's almost... it's like breaking the ground!"

"sounds amazing!"

Director Zhao Peng jumped up with excitement and exclaimed: "A superb appearance, an excellent voice, strong creative ability, perfect stage expression...Superstar, she is definitely a superstar in the future!"

"No, I must talk to her!"

Then, he hurriedly walked towards the stage.

However, there are many people who have similar thoughts with him.

The security guards had anticipated this situation a long time ago, and they blocked the stage early, where would they let people approach casually?

.....

Ling Rou looked at the spectators who cheered wildly for herself, her heart was extremely excited, she bent down slightly and said, "Thank you for your applause, thank you!"

Then, she slowly descended from the stage a few meters high to the bottom of the stage.

At the same time, a standard Mandarin sounded in the gymnasium.

"Today's concert is over here, please leave the show in order..."

However, the vast majority of people are still silent in the sound of good singing, and have no thought of leaving the scene at all.

.....

VIP seat number 1.

Hu Tian, Chu Yunyue, Huang Ling, Qiu Ziqian, Han Tian and others all set their sights on Omi.

It looks like... It's like saying: Why don't we know that you still wrote such a nice song?

Omi lightly coughed and said, "Singing is just a very simple matter, so I didn't talk to you anymore."

At this time, a clear reminder sounded in his mind.

【 Ding! mission accomplished. Hold a concert with more than 100,000 spectators and get 10 silver red envelopes. 】

The mission is complete!

Omi was also in a good mood, and the corner of his mouth slightly ticked upwards.

At this time, Qiu Ziqian, who was sitting next to him, suggested: "Ling Rou must be very tired after singing on the stage for so long. Let's go visit her."

This sentence immediately obtained the unanimous agreement of the women.

Most people can't get close to the stage, but Omi and others are naturally not included~www.novelhall.com~ Xia Yan, like many people, also admires Ling Rou's singing.

She stood up slowly and murmured: "It's a pity, if you let two good sisters learn to sing since they were young, maybe you can sing good songs for me now."

The next moment, she looked directly in front of her eyes and moved slightly, as if she saw two familiar figures, and said in surprise: "Huh! Xia Bing, Xia Xue?"

However, when Xia Yan wanted to confirm again, the two familiar figures were completely submerged in the crowd.

Xia Yan couldn't help but shook her head and said, "It turned out to be my illusion, and that's right. They should be still reading books at school and preparing to compete..."

"They are completely obsessed with that Omi... I'm a mother... I'm a sister. I can't just watch them sink down. I have to save my good sisters."

Said it was a rescue, but Xia Yan's mouth twitched slightly, revealing a shallow smile.

!

Omi led the girls, led by the manager of Feilong Security Company, Wang Shengli, through the green channel, and went straight to the gymnasium lounge.

At this moment, Ling Rou was sitting inside.

She seemed to hear the sound of footsteps, and then slowly turned around.

Suddenly, Ling Rou's beautiful face appeared in the eyes of everyone.

Ling Rou is beautiful...

However, when on the stage, it feels like a dream and illusion, as if it is in the clouds, which is beyond sight.

Now, it is truly appearing in front of everyone.

STAT diamond skirt, black hair, fair skin, full body (oYo)... the air is still faintly filled with unique fragrance.

Even Omi couldn't help but look a little stunned.

When Omi was watching Ling Rou, Ling Rou was also watching Omi.

Or maybe...At this time, in Ling Rou's eyes, only Omi stood in front of the entire lounge.

Without Omi, he might stay in the bar for two years and then give up singing.

Without Omi, I might not be able to hold a concert in my life, let alone get so many applause.

At this moment, Omi's handsome face, tall figure, crisp voice, and the scenes of playing "Galaxy" ...all look like movie screens, gradually engraved in Ling Rou's mind.

In Ling Rou's eyes, the whole lounge suddenly became dark, but Omi's whole body was bursting with brilliant light.

At this moment, Omi, who was initially a little dazed, looked slightly moved.

Because, a crisp voice suddenly sounded in his mind.

【Ding! The charm aura triggers unforgettable memories. 】

Then, Omi couldn't help but use the real eye on Ling Rou.

[Face value: 98]

[Favorite degree: 95]

Sure enough, Ling Rou triggered the unforgettable heart.

At this time, Qiu Ziqian praised sincerely: "It's so beautiful!"

After this voice sounded, Ling Rou seemed to realize that there were other people in the lounge.

Her pretty face blushed slightly, and said: "You are also very beautiful."

"Sister Rou, your song is so nice!" Huang Ling said.

"Thank you." Ling Judo said.

Between beautiful women and beautiful women, it seems that they are naturally easy to become friends.

After a while, the women began to chat with Ling Rou, and laughed from time to time.

Even the shy Xia Bing and Xia Xue followed suit.

This chat is more than half an hour.

At this time, Hu Tian said: "Sister Ling just sang so many songs on the stage, I think she is already very tired... Omi, you can take good care of her later."

When the women heard the words, they also agreed.

"Yes, take good care of her."

"Sister Ling will leave it to you."

Then, the girls walked outside one after another and closed the door easily.

So far...

In the entire lounge, only Omi and Ling Rou were left, very quiet.

The two of them sat looking at each other, and even vaguely heard each other's breathing.

The air...gradually began to become hot and dry, causing Ling Rou's pretty face to glow with red clouds.

Then, the two of them kept getting closer...closer as if they had been attracted to them.

...

After more than an hour, the door of the lounge slowly opened.

Then, a helicopter flew over from a distance, and carried two people towards Panlong Villa.

Tonight's Panlong Villa was very lively, and a long and special song soon sounded, which didn't stop all night.

...

Panlong Villa is lively, even more lively on the Internet.

...

Soon, the Jiangbei Gymnasium's concert was ranked No. 1 in the meager hot search.

Moreover, under the intentional promotion of the Penguin Group, the Ali Group and the letter beating, videos and news continue to spread and spread.

At this time, rolling entertainment company.

Although it was late, but at the request of Director Zhao Peng, a high-level emergency meeting was held.

Zhao Peng said: "I'm sorry, UU Read [www..com](http://www..com) called everyone over so late, but there is indeed a very important thing to discuss with you."

"I won't say more about the gossip. You should all know that Jiangbei City Gymnasium held a concert tonight. If you don't know it yet, you can check the meager hot search now.

"I checked the information of Ling Rou, the protagonist of the concert. She doesn't seem to have signed a contract with any film and television entertainment company... I mean, we must adopt methods including sky-high contract, massive music, film and television resources, big-name advertising, etc. She signed a contract with our company or cooperated as much as possible."

"Otherwise, if other companies give us the first step, then what is left to us will be endless regrets."

After the senior executives heard his words, some frowned and some bowed their heads to think.

Finally, a bald man hesitated and said: "This person named...Ling Rou should have a certain degree of heat now, but there have been some very hot people before, but in the end they all disappeared in the ocean of the Internet. Second clean."

"Do we need so much effort to cooperate with her?"

!

As the bald man's voice fell, many senior officials nodded slightly.

Obviously, they also very much agree with this.

They have been in the entertainment industry for too long, and they have seen too many such things.

On the Internet, people who are very hot often suddenly appear.

However, these people are often like small sand dunes, once the waves beat, nothing will be left.

Zhao Peng said: "I know, no matter how much I said, it's no use. You should understand after watching this video."

Then, he directly turned on the projector.

Suddenly, wearing a STAR diamond dress, Ling Rou, whose whole body was shining like stars, appeared on the screen. She was singing "Galaxy" with the microphone.

See here...

The pupils of the high-level people present all shrank, and their faces were filled with shock and intoxication.

When the video was over, everyone was still staring at the projector, and the whole meeting room fell into silence.

Zhao Peng looked around and explained: "This is the video I recorded at the concert today. The mobile phone has limited functions. Both the singing and the characters are not very good... My experience at the scene is definitely better than this. More than double!"

At this time, the chairman who had been sitting at the top and had not spoken said: "Just as Director Zhao just said, do your best to establish cooperation with Ling Rou!"

The final word!

...

In fact, the entertainment company that is concerned about Ling Rou is far more than just rolling entertainment.

They may have a meeting to discuss in the evening like a rolling entertainment, or plan to wait until tomorrow morning to discuss again, or they are already making plans...

The time is different, but the purpose is all the same, that is, to strive for Lingrou's cooperation!

...

Regarding these, Omi and Ling Rou have not yet known.

The next day, when a breeze blew from the treetops, Omi slowly opened his eyes.

He glanced at Ling Rou, who was lying quietly next to him, and the bright red traces of plum blossoms blooming on the white bed, and a smile appeared on his face.

At this moment, Ling Rou seemed to feel something, her long eyelashes trembled slightly.

Then, he slowly opened his jewel-like beautiful eyes.

When he saw Omi in front of him, he couldn't help but recalled what happened yesterday. He was like a shy rabbit with blushing cheeks and buried his head in the quilt.

Her movements seemed to be a little too big, a tearing pain in the lower abdomen hit her heart, and a drop of pearl-like tears rolled out of her beautiful eyes.

Omi cared: "Ling Rou, are you okay?"

"No... it's okay." Ling Rou said with some difficulty.

"Jingle Bell!"

At this time, Ling Rou's mobile phone on the table rang a brisk ring.

She turned sideways hard, seeming to want to pick up the phone.

Omi said: "Let me help you."

While talking, he directly handed the phone to Ling Rou.

Ling Rou glanced at the call notification, but it was an unfamiliar number. After a little hesitation, she still connected the call.

"Excuse me, is it Ms. Ling Rouling?" There was a magnetic voice on the phone.

Ling Rou whispered: "It's me, may I ask if you are..."

“Ms. Ling, hello, I am Zhang Xiaoqian, the general manager of Rolling Entertainment Company. I don’t know if you are willing to cooperate with our company? Our Rolling Entertainment Company is willing to provide stars in TV series, movie stars, release records, variety show guests... And contracts of more than ten million yuan, etc.” Zhang Xiaoqian said.

Ling Rou’s expression moved slightly after hearing the voice on the phone.

Although she is just a singer in residence at the bar.

However, it does not mean that she knows nothing about entertainment companies.

On the contrary, she is very knowledgeable about entertainment companies.

Because, when she is free, she will silently follow entertainment news.

She knows...rolling entertainment is one of the top ten large companies in domestic entertainment film and television.

She once dreamed of entering such a big company.

And now... it actually took the initiative to call itself?

And, also give TV starring, movie starring, release record and variety show guest, as well as more than tens of millions of contracts?

This... even Ling Rou dreamed of things that she had never done before!

After a long while, Ling Rou came back to her senses.

However, she did not speak immediately, but glanced at Omi first.

She understood that the reason for this call was entirely Omi.

Then Ling Rou said, “This...I need to think about it first.”

Zhang Xiaoqian said: “We Rolling Entertainment really hope to cooperate with you. Of course, I also know that this matter really needs to be considered. In addition, if you have any other requirements, you can also tell us that we Rolling Entertainment will treat you Very optimistic, and at the same time, with great sincerity...”

Ling and Zhang Xiaoqian chatted a few more words before she hung up the phone.

And just after she hung up, she received a few more calls.

Without exception, they are all top-ranked entertainment companies in China.

Every entertainment company has offered very generous terms.

Ling Rou looked at the phone and hesitated for a while.

Omi gently stroked Ling Rou's hair and said, "Do you want to go to the entertainment industry?"

Ling Rou nodded gently.

Omi was not surprised by this answer.

No matter whether it is Ling Rou's musical ability or her expressive power on stage, there is no indication that she likes it very much and is very suitable for acting and singing.

Omi said, "Go if you like, I won't keep you by my side. If you encounter any trouble, please tell me at any time, because you are my woman!"

His words were domineering, yet sweet, and his pretty face became more blushing.

Omi didn't just talk about this sentence, he always did this.

Otherwise, he could completely let all the women live in Panlong Villa, without doing anything, and he would be able to ensure that everyone had no worries about food and clothing in this life.

Instead of letting Qin Yuxuan set up an investment company in Magic City, Chu Yunyue runs Huazhidi Company, UU Reading [www..com](http://www..com) Hu Tian continues to be a teacher...

If you love each other, you should give them enough freedom instead of holding them firmly by your side.

Omi said again: "You were a little tired yesterday. Now let's take a good rest. I'll send someone some breakfast."

"Okay." Ling Rou answered.

Then, Omi slowly got up and walked outside, first sending an order message to the Michelin restaurant.

After washing for a while, as soon as I sat on the sofa, the cell phone in my pocket rang a brisk ring.

"Mr. Lin, did you disturb your rest?" The voice of Wang Fengyi, the general manager of the Emperor Hotel, was heard on the phone.

"No, I have been awake for a while." Omi said.

Wang Fengyi was obviously relieved and said: "Yesterday's concert, a total of 149 million yuan was shared. I have sent the specific details to your WeChat... Besides, the 500 million you gave is left with 351 million yuan. Is it now directly back to your China Merchants Bank?"

From the current results, Wang Fengyi did not disappoint Omi's trust.

.....

When Wang Fengyi received 500 million yuan, the whole person was a little confused.

As the general manager of the Imperial Hotel, he has made friends with bigwigs from all walks of life, and it can be said that he has a certain understanding of concerts.

Generally speaking, a few million can be solved.

As a result, Omi actually gave 500 million directly!

500 million, this is 500 million!

Is he not afraid of running away with the money?

After a daze...

Wang Fengyi used all his relationships to order the best audio equipment, monitors, clothes, etc.

The final price is different from what many netizens have guessed because the 10 Rolls-Royce and MD902 helicopters all belong to Omi and don't need money at all.

Omi curled his lips and said, "I only used that much?"

The corners of Wang Fengyi's mouth twitched slightly.

That's 149 million yuan!

Is this one point?

This... Poverty limits one's imagination!

Omi continued: "Alright, just call me China Merchants Bank."

As soon as he hung up the phone, a clear reminder sounded in Omi's mind.

【 Ding! System upgrade, LV7! 】

[LV7 Reward: Get 100 yuan for every breath; get 100 yuan for every 1 second of sleep; get 100 yuan for every step you take. Rewards will be credited to the account at 24 o'clock every day. ]

At LV6, you can get about 3.5 million yuan every day.

Today's rewards are doubled directly!

In other words, you can now earn about 7 million yuan every day.

Two small goals every month!

Although Omi is not short of money today.

However, after seeing the system that hadn't been upgraded for a long time, the corners of the mouth still tick slightly.

[Upgrade consumption amount: 6980 million/500 million (gifts to others, gambling, etc. are not included. In addition, all items obtained from the system are prohibited from trading)]

With a good mood, Omi slowly turned his attention to the silver red envelopes, and muttered in his heart: "A total of 10 silver red envelopes were obtained this time. Let's see what you can get."

【Ding! Congratulations, you have received 500,000 yuan. 】

【Ding! Congratulations, you have received 200,000 yuan. 】

.....

【Ding! Congratulations, you have won the Haoting Building. 】

【Ding! Congratulations, you have received 100,000 yuan. 】

【Ding! Congratulations, you have obtained Xinmei Entertainment Company. 】

For 10 silver red envelopes, Omi received a total of 2.7 million yuan for a Haoting Building and Xinmei Entertainment Company.

See here...

Omi couldn't help showing a strange look on his face.

Naturally, 2.7 million yuan does not need to be concerned.

The Haoting Building is a newly built high-end office building. When Omi was playing with his mobile phone, he accidentally saw a piece of news. It seemed that the building was located on the riverside and spent a total of 5 billion yuan.

Just built... become your own?

In addition, I also got Xinmei Entertainment Company?

Although, Omi did not know much about the entertainment industry.

However, when he was watching some movies and TV series, the name of the new American Entertainment Company often appeared in the first producer.

Obviously, this new American entertainment company has certain strength.

In other words, I helped Ling Rou hold a concert, and then got a large entertainment company?

Omi couldn't help but touched his nose and muttered: "Luck seems pretty good today?"

So he turned his attention to the sign-in system.

"Sign in!"

【Ding! Congratulations, you have gotten a share double coupon. 】

See here...

Omi's eyes lit up slightly.

The stock double coupon, this is an absolute good thing!

Not long ago, after he used the Penguin Group, he directly increased the shares from 5% to 10%, which caused Omi's assets to increase by 250 billion yuan in an instant!

Now, I got another one. If I continue to use it on the Penguin Group... then Omi will hold 20% of the Penguin Group's shares! His assets will increase by 500 billion yuan!

However, Omi didn't use the stock double coupon immediately, but after a little thought, he made a decision.

【Ding! Whether to use stock double coupons against Ari Group. 】

"Yes!"

【 Ding! Successfully used, a total of 10% of the shares of Ari Group. 】

Although, using share doubling coupons for Penguin Group can gain more.

However, Omi's goal is to take back most of the shares of the Penguin Group and Ari Group held by foreigners.

Then you don't need to care about temporary gains and losses.

I chose the Penguin Group last time, and this time I chose the Ari Group. This is not a favoritism.

Ari has a market value of 5 trillion yuan and has now increased its shareholding by 5%.

As a result, Omi's assets once again increased by 250 billion yuan!

Omi touched his nose and said with a smile: "It seems...today's luck is indeed good."

Then he turned his attention to the phone again.

At this time, there are 15,712 unclaimed red envelopes on the screen.

Among them, 14,900 red envelopes are the proceeds of the concert's consumption of 149 million.

The rest are millions that were used in bits and pieces before.

In the past, all of them were left uncollected. I was thinking about collecting 1,000 red envelopes and opening them together.

Now, 15712 have gathered directly!

This is the first time he has so many red envelopes.

Omi thought that he was lucky today, without any hesitation, so he chose to receive all of them.

"Ding! Congratulations, you got 3 yuan."

"Ding! Congratulations, you got 5 yuan."

.....

"Ding! Congratulations, get the land voucher."

.....

“Ding! Congratulations, you got 19,999 yuan.”

“Ding! Congratulations, get the skill double card.”

.....

“Ding! Congratulations, get the skill level upgrade card.”

.....

“Ding! Congratulations, get the land voucher.”

.....

“Ding! Congratulations, get a 1 yuan crit card.”

.....

“Ding! Congratulations, you have obtained expert dancing skills.”

.....

These 15721 red envelopes gave Omi a total of 23,208,811 yuan. Qian Omi seemed to have not seen it, so he ignored it.

He first set his sights on the land voucher.

[Land Voucher: After using ~[www.novelhall.com](http://www.novelhall.com)~, you can obtain land within 10,000 square kilometers and the ownership of all the buildings above. More land represents more wealth, and at the same time, it will also show greater charm. ]

See here...

Omi’s eyes lit up slightly.

You know, the total area of a typical community is about 5,000 square meters.

With 10,000 square meters, that means you can directly own two communities?

If it is replaced by some office buildings that are close to each other, I am afraid that you can directly own several buildings, right?

This land voucher is definitely a rare good thing!

And he... just got two land coupons!

Even Omi couldn't help showing a smile.

## The Luckiest man in the world CHAPTER 266-270

nvelopes!

Then, Omi set his sights on the Skill Double Card and Skill Level Up Card.

[Skill Double Card: You can specify to double the ability of a certain skill within 1 hour. Have more powerful skills and show more charming charm. ]

[Skill level promotion card: can promote a skill level. Mastering more esoteric skills is fascinating. ]

Omi is very familiar with these two cards.

Because he has used them all.

Even before Omi opened these 15,721 red envelopes, he already had two skill doubling cards and one level-up card.

The skill double card has timeliness, so Omi hasn't used it yet.

And the skill level promotion card is because there is only one for the time being. He wants to save it when he needs it, and then choose a skill to upgrade, so as to play a role in preparedness.

Now, you can use one of them.

So Omi turned his attention to the system again.

[Skills: professional car driving skills, charm aura (5% chance to trigger love at first sight, unforgettable), violent aesthetics, drinking gentleman, academician-level mathematical experience, real eyes...]

After thinking for a while, Omi locked in the real eye.

[Whether to raise the real eye level? ]

"Yes!"

【Ding! The promotion is successful! Congratulations, get the eyes of true vision. 】

【Eye of True Sight: Have all the power of the True Eye. In addition, the specific origin of the object can be seen. See the origin of the object clearly, master what ordinary people don't know, and show amazing charm. 】

The Eye of True Seeing?

See the origin of the object?

Omi couldn't help but wondered, he directly used the Eye of True Vision at the marble table in front of him.

Suddenly, a marble was discovered, processed, polished, carved...all the process was like a movie screen, and all appeared in Omi's mind very clearly.

See here...

Even Omi couldn't help showing a touch of surprise.

Then, he used True Sight on the water glass on the table, and then the wall clock on the wall...

Without exception, all the objects you looked at...their origins all appeared in Omi's mind very clearly.

This feeling... It's as if these things were all made by Omi himself, it's incredibly magical.

Omi couldn't help but exclaimed, "This skill level upgrade card is good!"

Then, he set his sights on expert dancing techniques.

【Expert-level dancing techniques: Master various dancing techniques and show off on stage to show off a fascinating charm. 】

Dance?

Omi nodded in satisfaction.

[1 yuan crit card, after spending 1 yuan, 100 million yuan will be rewarded. ]

Regarding this, Omi just glanced at random, but didn't take it seriously.

In general...

This concert allowed Omi to acquire 5% of the shares of Ari Group, a high-end office building worth 5 billion yuan, a large entertainment company, two 10,000 square meters of land coupons, expert dancing skills, and a 1 yuan crit card. ...

At the same time, the system level was upgraded to LV7, and Omi's real eye became the real sight.

In contrast, Omi only spent 149 million yuan to hold this concert!

This is definitely a bumper harvest!

"Ding Dong!"

At this time, a crisp bell rang outside.

A man in a white shirt with a high-end lunch box in his hand is standing outside the door with a smile.

See here...

Omi directly opened the door.

The man respectfully said: "Sir, this is the breakfast you ordered."

"Okay." Omi answered.

The man bent over slightly and said, "I wish you a happy meal."

Both the tone and the service attitude are very good.

"Tatata!"

Ling Rou seemed to have heard the sound from outside, dragging her somewhat exhausted body, and slowly walked out.

Omi said: "Are you up? Breakfast just arrived, let's have some together."

"Okay..." Ling Rou answered.

Then, she and Omi came to the table and sat down together, and opened a high-end lunch box.

After seeing the delicious food in the lunch box, Ling Rou stayed for a while.

Sea urchin egg flower, large scallop, bird's nest porridge, seafood porridge, truffle tart, caviar cake, wagyu beef...

Ling Rouqing couldn't help but said, "This...how much is this breakfast?"

"It's just over 30,000," Omi answered casually.

More than 30,000... a breakfast! ?

Rao Ling Rou already knew that Omi was rich, and her eyes widened at this time.

To know...

Her monthly food cost is only 3,000 yuan.

In other words, today's breakfast... almost eaten her meal for a year?

Omi didn't care about Ling Rou's surprise. He personally took a bowl of bird's nest porridge and handed it to Ling Rou, saying, "You are still a little bit empty now, drink something light and warm..."

"Ok...Okay." Ling Rou squatted.

When drinking the first sip of porridge, Ling Rou couldn't help but exclaimed, "It's delicious!"

Omi smiled and said, "If you like to drink, drink more."

"Hmm!" Ling Juu said.

This breakfast is definitely the one that Ling Rou ate the most.

To know...

Omi ordered this according to the weight of the three men.

As a result, everything was eaten clean in the end.

Ling Roumei called it: Operation CD.

The plate was empty, and Ling Rou's stomach became chubby.

"Jingle Bell!"

At this time, Ling Rou's mobile phone rang another brisk ring.

"Ms. Ling, hello, this is Li Xiaofei, the general manager of Dafang Entertainment Company." On the phone, a middle-aged woman's voice came.

For similar calls, Ling Rou has already answered several times.

It can be said that there is already a certain amount of experience.

Now that I answer the call again, there is no longer the initial tension, and the whole person seems a lot more relaxed and indifferent.

Ling Judo said: "Hello, Manager Li."

Li Xiaofei said: "That's it, our Dafang Entertainment Company is very optimistic about Ms. Ling..."

Like the previous representatives of several companies, she stated a lot of conditions.

Ling Juu said, "Thank you for your optimism, but I want to think about it again."

Li Xiaofei said: "This really needs to be considered... But, Ms. Ling, our generous entertainment can definitely give you the best resources..."

The two chatted for a while, UU reading [www..com](http://www..com) then hung up the phone.

Ling Rou opened the memo on her mobile phone and slowly wrote down Dafang Entertainment's name, approximate treatment and related contacts.

Then, Ling Rou looked at the names and treatments of each company on the memo, her face full of thought.

Omi asked, "Have you not considered which company to choose?"

Ling Rou shook her head and said, "No..."

"What do you think of Xinmei Entertainment Company?" Omi asked.

"Xinmei Entertainment is our top three entertainment company in China! The first-line movie stars and first-line singers that account for almost a quarter of China Xia are a very good company and the company I want to go to most, but they didn't give me a call. Phone..." Ling Rou said helplessly.

Omi said, "Then go."

"what?"

Ling Rou was full of doubts about Omi's words.

Didn't I just say that Xinmei Entertainment didn't call me?

Does Omi know someone from Xinmei Entertainment Company?

It seems... it's really possible.

At this time, Omi's mobile phone on the table rang a brisk ring.

Omi glanced at the call alert, but it was an unfamiliar number.

He didn't hesitate too much, and directly chose to answer.

"Hello?" Omi said.

"Please...Is it Mr. Lin?" A respectful voice rang out on the phone.

Omi said: "It's me, are you?"

"Hello, Mr. Lin, I am Wang Haohua, the chairman of Xinmei Entertainment." The voice on the phone became more respectful.

"Oh, Dong Wang, what do you want?" Omi asked.

Wang Haohua said carefully: "I just learned that Mr. Lin acquired our Xinmei Entertainment today... Do you need to hold a meeting between senior executives and artists? Then, guide the company's future development direction?"

At that time, the general manager of the Emperor Hotel, the chairman of Yinshan Group, the chairman of Xiaowu Wholesale City and others all sent similar invitations to Omi.

But, without exception, Omi rejected them all.

Because he has no interest in similar meetings at all.

This time, there were no accidents either.

"No, the company should develop step by step as usual. I don't manage it in detail." Omi said lightly.

Wang Haohua said and heard, the whole person was overjoyed.

He has his own plan for the future development of Xinmei Entertainment.

If the new boss needs to make adjustments, this is definitely not a good thing.

However, Wang Haohua's tone remained unchanged, but his attitude became more respectful.

"Yes....."

At this time, Omi said again: "By the way, Ling Rou, who held a concert at Jiangbei Stadium yesterday, should you know? She wants to enter Xinmei Entertainment. Besides, she is my girlfriend.

Wang Haohua's heart beat.

He finally understood...why the publicity of the Jiangbei Gymnasium concert was so strong.

Why is the layout of the concert so luxurious!

original.....

All of this... is because of Omi, his new boss!

Let the Penguin Group, Ari Group and Letter Jump Group all vigorously promote...

Spend hundreds of millions to decorate the concert scene...

The energy of my own boss is bigger than I imagined!

After a while, Wang Haohua said: "I know, I know... I will definitely satisfy Ms. Ling."

"Okay, so be it." Omi said.

After speaking, he directly hung up the phone.

At this time, Ling Rou, who was sitting next to her, was completely stunned.

Because all the voices on the phone were completely heard by her.

It's not that she deliberately overheard.

Rather, she and Omi are sitting too close, and there is no other sound in the whole villa. In this case, it is difficult not to hear it.

Omi acquired Xinmei Entertainment Company today? !

He first helped him hold a concert at any cost.

Immediately afterwards, in order to allow myself to enter the entertainment circle, he directly acquired China's top three entertainment companies...

Ling Rou looked at Omi who was sitting in front of her, her beautiful eyes gradually filled with mist, and a drop of crystal clear tears rolled down.

These are tears of moving, tears of happiness!

In this life, no one has treated her so kindly.

Omi reached out and wiped her tears gently, and asked, "Why are you crying?"

Ling Rou didn't speak, she directly answered Omi in the most primitive and instinctive way.

o(ε\*)

(\*3)(ε\*)

.....

About two hours later, Omi and Ling Rou slowly separated.

"Jingle Bell!"

At this time, Ling Rou's cell phone rang a brisk ring.

Ling Rou adjusted her clothes and then connected to the phone.

"Hello, is it Ms. Ling Rouling?" There was a slightly familiar voice on the phone.

Ling Ju said: "I am Ling Rou... may you be?"

As soon as he said this, the voice on the phone became more respectful.

"Ms. Ling, hello! I am Wang Haohua, the chairman of Xinmei Entertainment Company. I called Mr. Lin before..."

"We have prepared the best agents, makeup artists, costume artists, as well as many movies, TV series, shows..."

"I don't know, when do you have time, can you come to the company to pick it?"

Ling Rou then understood why she felt a little familiar in her voice.

It turned out to be the chairman of Xinmei Entertainment Company!

Agents, make-up artists, costume artists, as well as movies, TV series, shows...all let them choose!

This.....

What kind of treatment is this!

Ling Rou suppressed the excitement in her heart and said, "I can go there anytime!"

Wang Haohua thought for a while and said, "Then...tomorrow, would you like it?"

Ling Judo: "Of course you can!"

As soon as she hung up the phone, Ling Rou's cell phone rang again.

This time, it was my mother's call.

Don't look at Ling Rou in the bar every day.

But, in fact, their housekeeping is very strict.

I didn't go home yesterday, my parents have been worried all night.

Therefore, after receiving this call, Ling Rou chose to go home in response.

Regarding this...

Omi also expressed support.

After the two stayed warm for a while, Omi drove the Mercedes Benz G and drove Ling Rou back.

And Omi didn't stay outside too much, and went straight back to Panlong Villa, lying on the soft sofa, playing with the phone comfortably.

.....

US, Preston University.

These days, Jeffrey has given up all activities, courses...The whole person has been soaking in the Institute of Advanced Mathematics almost all the time, checking the calculations of complicated hail conjectures in detail.

Until today, he checked the calculations to complete the content of the paper and sent the results to the "Annual Journal of Mathematics".

If you are an average person, after a long period of hard work, your face will definitely be exhausted.

However, at this time, Geoffrey's face was full of excitement.

"Hey! Professor Jeffrey~[www.novelhall.com](http://www.novelhall.com)~ why haven't seen you for many days?" said Professor Eddie with a beard.

Jeffrey said: "Because, I am witnessing a big event!"

"Witness a big event?" Eddie asked puzzled.

"Hail conjecture! Someone has answered the hail conjecture!" Jeffrey said excitedly.

"What? Who is it? The answering process?" Eddie said anxiously.

Jeffrey smiled and said, "Hey, don't be so excited, my friend! I don't know what anyone is saying. As for the content... then you can wait and wait for the next issue of the Annals of Mathematics. ."

Although, there is still a specific answering process in his mailbox.

However, if you show it to others, it is a bit of a violation.

Of course, more importantly, if I showed it to Eddie, how could I have (pretended)?

PS: Welcome to read my book " " .

Naturally, Omi didn't know that the hail conjecture solved by himself had passed the verification and was about to be published in the Annals of Mathematics.

Of course, even if you know it, you won't be surprised.

Because this is the answer given by the system, how could it be wrong?

As for... the "Annual Journal of Mathematics"?

Omi didn't care at all.

A day's leisurely life is fleeting in a blink of an eye.

...

The next day, Omi didn't ask for a meal.

Instead, he drove a Mercedes-Benz big G to a restaurant a few kilometers away.

After all, sometimes lying down is a very tiring thing.

As soon as Omi had eaten enough, the mobile phone in his pocket rang a brisk ring.

He glanced at the call to remind him that it was the call from the chairman of Ari Group Malaysia.

Therefore, Omi did not hesitate, and directly pressed the answer button.

"Mr. Lin, good morning!" Malaysian President smiled heartily.

Omi said, "Mr. Malaysia too, good morning."

After a pause, he asked, "Why did the Malaysian president think about calling me today?"

Malaysia always smiled and said, "Can't you call Mr. Lin if you have nothing to do?"

Then, he said again: "However, this call, there is indeed something wrong..."

"Mr. Lin, you should also know that our country is now vigorously developing Central China."

"And Jiangbei is the most central part of China, and it is also the focus of future development. Those of us who run enterprises, of course, must closely follow the pace of the country..."

"So, in addition to establishing a branch in Jiangbei two years ago, we are also preparing to invest and acquire a number of companies..."

"Recently, the person in charge in Jiangbei told me that he had inspected a group of companies with more development potential and asked me to come over and decide whether to invest or acquire."

"For this, I rushed to Jiangbei early this morning..."

"Mr. Lin, will you be free later? Would you like to come over to give advice, and then have a meal together? I miss Jiangbei's special cuisine too much!"

I have to say that the Malaysian president deserves to be the capable man who created the Ari Group.

Speaking of it, it's really a set.

From the general direction of the country, it gradually involves suggestions and meals.

And in fact?

Yesterday, the Malaysian President suddenly learned that Omi had added another 5% of the shares of Ari Group.

As a result, Omi owns a total of 10% of the shares of Ari Group, becoming a major shareholder far surpassing Malaysia's total!

Malaysia always doesn't worry about it... he doesn't know why Omi will increase his shareholding, so he rushed to Jiangbei early this morning.

Purpose...I just want to meet Omi and have a face-to-face chat with him.

Regarding this...

Omi also felt like a mirror, and said, "I won't mention any opinions...but, it's okay to eat."

The Malaysian president smiled heartily: "Haha! Okay, then we have an appointment!"

The two chatted a few more words before they hung up the phone.

When Omi walked out of the restaurant, a graceful figure appeared in front.

"Han Tian!" Omi shouted.

Han Tian turned around slowly, a hint of surprise appeared on her pretty face, and shouted, "Omi!"

Today's Han Tian, wearing a patterned skirt with shredded edges, her long black hair hangs naturally like a waterfall and swings with the wind, and her whole body is filled with a faint fragrance...very charming.

Omi asked, "What are you planning to do?"

"Not going to work today, I am going to go shopping." Han Tian said.

Shopping?

Omi couldn't help but remember that he just gave her two bags at first...

Then, nothing was given to her again.

In addition, the time I spend with her is the least.

So Omi said: "Then I will go shopping with you."

"really?"

Han Tian's beautiful eyes instantly turned into a meniscus shape, with faint starlight gleaming, they were extremely beautiful.

Omi smiled and said, "Of course it's true. Let's go shopping!"

Then, Omi drove a Mercedes-Benz big G and drove Han Tian towards the shopping mall.

They first walked into the Chanel clothing store.

"Welcome to Chanel." The dignified female clerk hurriedly greeted her and said, "What can I do for help?"

Omi said, "I'll help my girlfriend buy some clothes. Do you have any recommendations?"

The female clerk first secretly looked at Han Tian next to her.

Then, he exclaimed: "Your girlfriend is so beautiful! I rarely see a woman like her with fair skin and such a good figure!"

I have to say that the clerk's ability is really good.

Just a few words, invisibly, brought a few people closer together.

Han Tianqiao's face blushed slightly, and said, "Thank you for the compliment."

"This is no compliment, this is a fact..." said the female clerk.

Then, she pointed to a few clothes not far away and said: "I personally think that these two white dresses, as well as those pink and light-colored clothes, are more suitable for you to wear..."

While talking, the female clerk took out two of the white skirts and said: "Moreover, these clothes are 100% cotton, which will be very comfortable to wear."

When Han Tian changed into the clothes recommended by the female clerk, she made her perfect figure (OYO) even more prominent.

Omi asked, "Do you like it? Is it comfortable to wear?"

Han Tian nodded repeatedly.

Then, Omi handed out two more clothes of his own choosing, and said, "Try these two again."

"Okay." Han Tian answered.

After a while, Han Tian walked out wearing the clothes selected by Omi.

Han Tian's figure is so good, every piece of clothing makes people shine.

Omi seemed to realize this, so he asked, "Do you want to try other clothes?"

"No need." Han Tian said.

Omi said, "Well, wrap up all your clothes."

The female clerk standing beside heard this, feeling excited, and hurriedly asked: "Are all three pieces of clothes wrapped?"

To know...

This is a Chanel store, and the price of three pieces of clothing is directly tens of thousands of yuan.

For her, it can be regarded as a fortune.

Omi shook his head and said: "No... plus the clothes you just pointed to, UU reading [www..com](#) should have a total of 8 pieces."

The female clerk was obviously taken aback, and couldn't help saying: "You... are you sure?"

"Is there a problem?" Omi asked rhetorically.

"No problem, no problem."

The female clerk's hands and feet were very flexible. She quickly folded all 8 pieces of clothes and said, "A total of 137,899 yuan."

"drop!"

Omi took out his bank card on the POS machine, and the bill appeared immediately.

See here...

The female clerk quickened her heart for half a beat, and then bent down and said, "Welcome to visit you next time."

After Omi and Han Tian walked away completely, the female shop assistant murmured, "Is this Shenhao?"

Immediately afterwards, she showed a look of regret again, and said: "I knew...I just pointed to a few more clothes."

After Omi and Han Tian walked out of the Chanel store, they walked into the bright and fashionable Cartier jewelry store.

"Welcome to Cartier." The shopping guide standing at the door smiled and said, "Is there anything I can help?"

Omi said straightforwardly: "I want to buy some jewelry, earrings, necklaces, bracelets...all these for my girlfriend."

The smile on the face of the shopping guide was even worse.

She quietly took a look at Han Tian's facial features and figure, and exclaimed: "This lady has exquisite features and a great body! She is the most beautiful woman I have ever seen."

After a pause, he said: "It just so happened that Cartier came to me two days ago...The most beautiful jewelry I think is called Yinhe."

"The Milky Way was designed by the famous designer of Country F, Mr. Hunter Leib, and a complete set includes earrings, bracelets and necklaces... Not long ago, Mr. Hunter Leib won the grand prize at the International Jewelry Conference for the Milky Way."

"At the moment... throughout China, only our store owns Galaxy, which can be said to be a unique set of jewelry."

"Are you going to visit the VIP room with me?"

Like thousands, tens of thousands, and hundreds of thousands of cheap jewelry, Cartier will put them on the counter outside for people to choose and buy.

If you want to buy millions or even millions of expensive jewelry, you need to go to the VIP room to purchase.

As a result, this can highlight the mystery and preciousness of jewelry, so as to better serve customers.

Secondly, it can also protect the safety of jewelry.

In general, shopping guides will not let customers go to the VIP room easily, and some shops even have to conduct capital verification.

However, Omi carried 8 Chanel clothes bags in his hands.

of course.....

If this is the case, the shopping guide will not directly let customers go to the VIP room, let alone recommend Yinhe.

The most important reason is that the shopping guide accidentally saw Omi wearing a watch on his wrist carrying the bag-Vacheron Constantin Tourdel\lle!

As a luxury shop assistant like Cartier, the most important ability of a shopping guide is to have a pair of eyes that can easily recognize all kinds of luxury goods.

Obviously, this tour guide did it!

She recognized Vacheron Constantin Tourdel\lle at a glance, even if she faced countless luxury items every day, her heart couldn't help but a little jump.

To know.....

Vacheron Constantin Tourdel\lle, but the top luxury watch worth tens of millions!

This is definitely a very distinguished and high-quality customer!

Omi didn't hesitate at all, and directly responded, "Okay."

Then, under the guidance of the shopping guide, Omi and Han Tian walked to the VIP room inside.

It is very spacious and bright, with European-style decoration as a whole. The air is filled with a light fragrance, giving people the feeling of being in a European castle, full of aristocratic atmosphere.

After the shopping guide asked Omi and Han Tian to sit down, they first brought a nice refreshment.

Then, holding a diamond-encrusted sheepskin box, she cautiously walked over.

Even the box exudes a luxurious atmosphere, which is full of expectations.

When she came to Omi and Han Tian, she first put on a pair of white gloves, and then slowly opened the diamond-encrusted sheepskin box.

Crescent-like earrings, water-wave-like bracelets, crown-like necklaces... suddenly appeared in front of Omi and Han Tian.

Under the shining of the light, these three pieces of jewelry are all blooming with dazzling light, gorgeous, dazzling, and winding, like a flowing galaxy, very beautiful!

This is simply... it's a box of treasures!

Although, the shopping guide has seen "Galaxy" several times.

However, now that I saw it again, I was still fascinated.

As a result, she failed to give a more specific introduction in the first time.

After a while, the shopping guide slowed down and said in a yearning tone: "This set of galaxy earrings consist of a pair of two-carat diamonds and 8 small diamonds, symbolizing the sun, the moon, and 8 planets. That is our entire solar system..."

"The bracelet is made of platinum and 365 diamonds, representing the edge of the Milky Way."

"The necklace consists of a ruby and countless diamonds, representing the center of the Milky Way and countless stars..."

Omi glanced at Han Tian, who had already been attracted by "Yinhe" next to him, and said directly: "Okay, I'll buy it."

"what?"

The shopping guide was stunned for a moment. She seemed to be a little bit unbelievable in her ears. She squirmed her throat slightly and said, "You... what do you mean?"

"Swipe the card." Omi took out the bank card directly.

buy!

Really want to buy it!

The shopping guide almost jumped up happily.

However, she still forced herself to calm down and reminded: "First... Sir, the price of this Galaxy is 4888888 yuan..."

"Since...because it is a new product, it does not have any discount for the time being, but I can apply for a small gift for you."

Omi's expression remained unchanged, and he nodded easily: "Okay."

The shopping guide swallowed his saliva, which calmed himself a little, and turned around to get the POS machine.

"drop!"

With a soft sound from the POS machine, a bill of 4888888 yuan appeared.

Get 1 red envelope for every 10,000 yuan spent.

At the same time, there were 488 red envelopes in Omi's phone.

It was this soft sound that brought Han Tian back to reality in a daze.

Omi picked up the earrings, bracelets and necklaces and helped Han Tian put them on in turn.

Han Tian looked at herself shining in the mirror as if surrounded by stars, her beautiful eyes became blurred involuntarily.

Then, ignoring that the shopping guide was still there, she plunged directly into Omi's arms, and said excitedly, "Omi, thank you."

In fact, the tour guide at this time had no intention of seeing her at all.

Because, the mood of the tour guide is also extremely excited.

4,888,888 yuan of jewelry, I sold it directly! ?

What a commission this can get! ?

Omi patted Han Tian on the back and smiled: "Fool, what do we say thank you? What's more, this is just a gadget."

Gadgets?

That's right!

To Omi, a thing worth more than 4 million is really nothing.

You know, even if he only counts the income from breathing, sleeping, and walking, he has 7 million yuan a day guaranteed.

After a while, the two people slowly separated.

The shopping guide gradually came back to her senses. She pointed to some small items on the counter that were priced below 5,000 yuan and said: "You can choose something you like as a gift from our store."

Finally ~www.novelhall.com~ Han Tian took a cute hairpin.

After Omi and Han Tian left Cartier, several shopping guides quickly gathered around.

"Xiaojuan, you are amazing!"

"Xiaojuan, congratulations, we sold the Galaxy in our store!"

"You must have a treat."

"Yes!"

.....

Naturally, Omi wouldn't care about the lively situation in Cartier's store.

Then, he accompanied Han Tian to buy two pairs of shoes and some skin care products...

This shopping trip cost a total of 5,688,993 yuan.

Correspondingly, Omi received 568 red envelopes.

PS: Welcome to read my book " " .

!

When Han Tian went to the bathroom, Omi was bored and chose to receive all of the 568 red envelopes.

"Ding! Congratulations, you got 5 yuan."

"Ding! Congratulations, you got 1999 yuan."

...

"Ding! Congratulations, get a happy world amusement park."

...

"Ding! Congratulations, get a 1 yuan crit card."

...

With 568 red envelopes, Omi received a total of 432,113 yuan, a happy world amusement park and a 1 yuan crit card.

See here...

Omi couldn't help showing a strange look on his face.

430,000 yuan, naturally you don't have to worry about it.

Happy World Amusement Park?

Isn't this the largest amusement park in Central China that has been propagated in recent years and claimed to have spent tens of billions of dollars?

Now... become your own?

1 yuan crit card, spend 1 yuan, you can get 100 million yuan.

In other words, I just bought so many things for Han Tian, but as a result, I made a lot of money?

“Tatata!”

At this time, Han Tian walked over happily.

She seemed to notice the change in Omi’s expression, and couldn’t help asking, “What’s wrong with you?”

Omi cleared his throat and said with a smile: “Encountered something interesting...”

Then, he glanced at the watch on his wrist and said, “It’s almost time, let’s go to dinner. Later, we may have to eat with some people.”

“Okay.” Han Tian said.

So, Omi drove a Mercedes-Benz Big G and headed towards the Emperor Hotel.

The Chairman of the Ari Group, the general manager of Malaysia, made an appointment with him to eat here.

Omi parked the car and just walked to the gate of the Emperor Hotel.

A man in a suit and leather shoes came out to face him, and he shouted in surprise, “Han Tian?!”

“Wang Zihao?” Han Tian said.

Looking at Han Tian’s beautiful face, Wang Zihao showed a fiery look on his face.

However, he quickly pressed it down again and turned to smile: “Haha! Han Tian, it’s you! Unexpectedly, we met here today! We haven’t seen each other for several years since graduating from university, right? ?”

“You haven’t changed at all!”

“No! Become younger and more beautiful than before!”

Han Tian said, “You are too exaggerated.”

“Where is the exaggeration? This is a fact!” Wang Zihao said seriously.

Wang Zihao seemed to have only seen Omi standing next to him, and couldn’t help asking: “Right, this one is?”

Omi said, "I'm Omi, Han Tian's boyfriend."

Wang Zihao's face sank slightly, and he said, "Unexpectedly...our school has a boyfriend already. By the way, where is Mr. Lin now?"

"I am studying at Jiangbei University." Omi said.

When Wang Zihao heard this, a look of contempt flashed across his face.

In the eyes of some ordinary people, college students are very remarkable.

However, in Wang Zihao's eyes, college students are nothing at all.

However, he said: "It turns out to be a student of Jiangbei University! Speaking of students, I can't help but remember the scene when Han Tian managed the student union at school."

"At that time, I was thinking, why is there such a perfect person like Han Tian in this world, not only beautiful, but also so capable!"

"By the way, I started an Internet company after graduation, and now I lack a vice president, Han Tian, would you like to come over?"

Han Tian shook her head and said, "Sorry, I have been working in a real estate company since I graduated, and I don't know anything about Internet companies. I'm afraid I won't be your vice president."

Wang Zihao said: "It doesn't matter. In fact, most of my Internet companies are outsourcing companies. We are just a shell."

"The job of your vice president...you only need to assign tasks to the outsourcing companies. With your original management ability at the university, there is absolutely no problem!"

Then he said to Omi: "You should have given Han Tian the jewelry, right? I know, you want to dress Han Tian beautifully and make her the most eye-catching woman in the crowd."

"But, do you know that Han Tian wearing these glass jewelry will not make her beautiful at all, on the contrary, it will only make her laugh."

"She can only be amazed if she wears a one-carat diamond!"

Obviously, Wang Zihao thinks that the necklace, bracelet and earrings worn by Han Tian are all glass products.

No wonder he thinks like this...

After all, Han Tian just said that she works in a real estate company.

How much money can a real estate company get to work?

How can it be possible to afford full diamond jewelry?

And Omi is only a student, so it is even more impossible to afford all-diamond jewelry. Even if he is a rich second generation, that won't work!

Because Wang Zihao knows very well that the rich second-generation family is very strict, and it is impossible to give him a lot of money to buy expensive jewelry at once.

Then, the answer is obvious.

Wang Zihao said again: "Sorry, maybe I was a bit too straight. But this is really true. Without a career as the foundation, how can love last? Omi, you are a college student and you should understand this truth."

"If you really like Han Tian and want her to be happy all the time, I think you should also persuade Han Tian to come to our company as the vice president. After you graduate, you can also come to work in our company. In this way, I believe you can make love last!"

"As for the scale and strength of our company, as well as your treatment... all don't have to doubt. You may not know yet, I just got the investment of Ari Group! In the future, even A-share listing, it is possible! At that time, you will all be shareholders of the company, realize the freedom of wealth, and be able to be happy forever!"

First, Wang Zihao used an elder, in a general tone, combined with painting pie, etc., intertwined and kept talking.

He believed that Omi would definitely help persuade Han Tian to join his company as he said later.

Because Wang Zihao used similar methods to successfully PUA several women.

In the end, even if they abandoned them, they never blamed themselves.

On the contrary, I often feel distressed and regret for certain things.

Even the delicate woman can do this.

Besides, is it an ordinary male college student?

And now...

Omi's face was full of weird colors.

Is the jewellery that Han Tian wears now being laughed at?

Do you have to wear a 1 carat diamond to surprise others?

If I remember correctly, UU Reading www. Even if .com excludes necklaces and bracelets... Han Tian's earrings are made of a pair of two-carat diamonds, right?

Big diamond was mocked?

But the small diamond was amazing?

What is the reason for this?

Then, he wants to let himself and Han Tianquan go to work in his company? Don't worry about treatment?

Is he going to give himself 1 million a month, or 5 million?

But even 10 million is nothing!

At last...

His company has received investment from Ari Group?

He owns 10% of the shares of Ari Group and is also the second largest shareholder of Ari Group!

In other words, is his company investing in him?

Seeing that Omi and Han Tian didn't speak, Wang Zihao couldn't help but sneer, thinking they were thinking about their own words.

Instead, continue: "My Internet company is just short of people, this is definitely a very good opportunity for you, no need to think about it."

At this time, a lady wearing a Chanel skirt with a face value of about 80 points suddenly let out an exclamation sound.

"Wow! Galaxy! This is Cartier's Galaxy, right? I just saw it in a magazine! Unexpectedly, I saw the real product so soon, it's too beautiful!"

The lady continued: "Excuse me, can you tell me where I bought it?"

Han Tian replied: "Of course! This was bought at Cartier's flagship store in Xinglong Shopping Mall, but they only have this set in their store."

The lady was disappointed and said, "Is there only one set?"

Then he said: "I really like the Galaxy, can you sell it to me? 5 million, how about it?"

Obviously, this lady does have a certain understanding of the Milky Way.
