

The Luckiest man in the world CHAPTER 471-480

If it is a couple relationship, then the man can unlock the woman's posture arbitrarily.

If it is an ambiguous relationship, then a man can easily go to base.

This...is the Maldives, the aggregation of romance and money!

However... Huo Qilong did not bring the woman over.

Because he has money!

He believes that as long as the woman he likes, there is nothing he can't get!

In that case, why bother to lead a woman?

Huo Qilong looked around, and quickly fell on Chu Yunyue who had just stepped off the plane.

Chu Yunyue's skin is already very fair, plus he drinks the spiritual tea gifted by Omi every day, and uses the initial version of the beauty lotion...

This made her skin look like a baby, extremely white and tender, without a trace of impurities.

Under the sun's rays, it is even more crystal clear like a jade, magnificent, and can be broken by blowing.

Coupled with a delicate face, a round and full body...

Huo Qilong said that he had never seen such a beautiful woman.

He was completely stunned.

When Chu Yunyue got closer and closer to him, an intoxicating fragrance penetrated directly into his mouth and nose.

Huo Qilong, completely... drunk!

He swallowed, as if he had only noticed Chu Yunyue, and said: "If you read it right, beauty, you are also Chinese, right?"

Because he saw the Dahua mobile phone in Chu Yunyue's hand.

Nowadays, Dahua mobile phones have been banned by the foreign chip alliance.

In China, it sells very well.

Chu Yunyue nodded politely and said, "Yes."

Huo Qilong showed a smile that he thought was handsome, and said:
"Unexpectedly, it is a coincidence that you can also meet your compatriots abroad!"

Then, he raised his arm and revealed a Vacheron Constantin full diamond watch worth 2 million yuan on his wrist, and said: "Time should be almost up, the driver should be here soon."

He looked at the time, but intentionally or unconsciously he sent the shining dial full of diamonds into Chu Yunyue's field of vision.

Huo Qilong smiled in his heart: Seeing my Vacheron Constantin full-diamond watch, isn't the beauty still pasting it upside down?

He took advantage of this inadvertent act of revealing his wealth, not knowing how many beautiful women's hearts were captured.

However.....

This time, he was obviously going to be disappointed.

Chu Yunyue didn't seem to see his full diamond Vacheron Constantin ~ ~ so that she didn't even look at him.

Huo Qilong couldn't help but wonder: Doesn't he know Vacheron Constantin's full diamond watch?

"drop!"

At this time, a spliced Maybach drove over from a distance.

See here...

Huo Qilong ticked the corner of his mouth slightly and said, "The driver is here!"

Sure enough, Maybach finally stopped steadily in front of him.

Huo Qilong opened the door and said, "Beauty, everyone is a compatriot, where are we going? I can ask the driver to take you there."

After speaking, Huo Qilong's mouth raised slightly.

He thought: It doesn't matter if you don't know Vacheron Constantin, you can't help but know Mercedes-Benz Maybach, right?

Beauty!

Get in the car quickly!

Huo Qilong seemed to have seen the sweet scene after Chu Yunyue got in the car.

Dididi!"

At this moment, another siren sounded not far away.

then...

An extended Rolls-Royce and five regular Rolls-Royce, forming a top-level luxury fleet drove over from a distance.

Under the gaze of everyone at the airport, she steadily stopped in front of Chu Yunyue.

Then, a white-skinned middle-aged man in a suit and leather shoes hurried over and said respectfully in fluent Chinese: "Mr. Lin, welcome to the Maldives."

He is the chairman of the White Horse Manor, Griens.

Yesterday, Griens called Omi's phone with a sense of anxiety, hoping to take the opportunity of reporting to work to get closer to Omi.

After all, Omi is the largest shareholder of White Horse Manor.

His word can even make himself, the chairman, immediately unemployed.

Omi was most afraid of trouble, and didn't listen to Griens' report on any work at all.

Instead, he said directly that he would take someone to the White Horse Manor for a holiday tomorrow.

This sentence...makes Griens both happy and anxious.

Happily, this allows you to quickly get closer to your new boss.

What is worrying is that if you don't entertain well, then you are in danger.

After all, I haven't figured out what kind of character the new boss really is.

However, Griens responded immediately and said that he would pick Omi at the airport.

...

Omi glanced at Griens and nodded slightly.

Then, he said to Huo Qilong: "My girlfriend won't bother you to give it away."

After speaking, Omi took Chu Yunyue's slender jade hand and slowly got into the extended Rolls Royce at the front.

It wasn't until this time that Huo Qilong seemed to realize that a tall, handsome man was standing beside Chu Yunyue.

"boom!"

The top luxury team composed of Rolls-Royce made a roar together, leaving only a pungent exhaust gas, choking Huoqilong and coughing.

Huo Qilong took a sip and said, "Bah, flowers are stuck in the cow dung!"

Then, he directly sat on the Maybach.

Obviously, he didn't feel any horror at all because of Rolls-Royce's top luxury team.

Because...

This is the Maldives!

This luxury caravan is nothing more than someone else spent some money on renting it, and it's nothing at all.

...

Yang Changlin and Li Rujing sitting in the Rolls Royce, as well as the excellent staff of Huazhidi, felt the extreme comfort brought by Rolls Royce, looking at the strange buildings outside, the people of all colors... a burst of tuts Amazed.

Before long, they came to the blue sea.

Like the most humble waiter, Griens personally helped Omi open the door of the extended Rolls Royce.

As he walked, he introduced: "This is the seaside pier. The luxury seaplane of our White Horse Manor is parked in front."

Everyone followed what he pointed out.

really...

A yacht that looks like an airplane is docked by the sea.

Under Griens' arrangement.

Omi and Chu Yunyue took a ride alone, enjoying the privacy and sweetness that was still felt.

The rest were carried by four other luxury seaplanes.

I have to say that these luxury seaplanes are really good.

The seats inside are all LV customized models. After sitting on it, the whole person is like being wrapped in the seat, which is very comfortable.

Coupled with the beautiful scenery of the blue water, the cool sea breeze blowing, and the good wine and food prepared early...

The whole person has only relaxation, only happiness... as if in heaven.

Cheers, laughter, one after another!

And this... is just the beginning of enjoyment!

About forty minutes later, beautiful islands appeared in the field of vision.

Here...it is the White Horse Manor!

When the five luxury seaplanes slowly docked, Yang Changlin, Li Rujing, and others all opened their mouths, their faces full of surprises.

Although they had already seen many pictures and videos about the Maldives on the Internet before they set off, they were also impressed by it.

However, after arriving at the scene, he was still shocked.

The exterior wall of each luxury villa is light yellow as a whole, blending with the golden sandy beach.

In front of the door is a large swimming pool of hundreds of square meters. Looking forward, it is a clear sea that is visible to the naked eye.

Under the tall coconut trees, there are comfortable lounge chairs, surrounded by green trees and bright flowers...

A paradise, a paradise on earth!

In everyone's minds, words like this came up involuntarily.

Griens introduced: "Our White Horse Manor has six islands, namely, a sports island, a spa island, a food and beverage island, two hotel islands, and a luxurious independent island."

"Mr. Lin, where you are is a luxurious independent island. This island can give you and your friends a perfect private space. There are 4 villas for you to live..."

"If you have other needs, such as food, wine, etc., you can always tell me through the service machine or phone..."

"Then, Mr. Lin and distinguished guests, I wish you a happy holiday and a happy time!"

After speaking, he crouched and slowly retreated outside.

I have to say that Griens is a person who understands the sense of measure and the human heart.

Some people, if they want to get closer to others, may be like a mangy dog, always staying with them.

However, Griens gave Omi enough personal space after his respectful service and a grand welcome.

Because he understands...

Omi came here to play, definitely not wanting to hear his old man beeping all the time.

But I want to enjoy the world of two with the beauty next to me.

After Griens left, Omi and Chu Yunyue moved into the easternmost villa.

Yang Changlin, Li Rujing and other outstanding employees were assigned to live in three other villas.

These villas are very big, let them live, it is definitely more than poking.

When Yang Changlin, Li Rujing and others walked into the villa, they were immediately stunned by the decoration, decoration, and furnishings inside.

Because all the things in it, including towels, bath towels, toothbrushes, toothpaste, shampoo, shower gel, slippers, bed sheets... are all customized models of LV, Guerlain, Givenchy and so on.

It can be said that the villas here are simply large warehouses of luxury goods!

As a result, everyone at UU Reading gave out a burst of excitement again.

...

At this time, Omi and Chu Yunyue had already walked into their villa.

The two held hands, looking at the blue sea and sky, enjoying the refreshing sea breeze with a hint of salty taste, very pleasant.

Chu Yunyue felt Omi's thick shoulders, and her heart became extremely soft.

She slowly leaned her head against Omi's arms.

Perhaps, Omi's chest was too hot.

Gradually, a red glow appeared on Chu Yunyue's pretty face.

She slowly moved her head up...

Under the sun's rays, the shadows of the two were completely fused together.

"F*ck!"

The turbulent waves slapped against the shore, loud and enthusiastic.

...

Gradually...

As the sun sets, the sky and the sea are all dyed red, which is very beautiful.

Because, today is almost a day of flying on the plane, it is also almost a day of shouting.

Therefore, everyone did not leave the luxurious independent island.

Instead, people brought food to each other.

After eating and drinking.

Omi and Chu Yunyue were on the recliner, letting the sea breeze see the tiredness on their bodies and blow away.

Looking up at the sky, you can see a crooked silver moon and bright stars, everything is so pleasant.

...

In a blink of an eye, it was the next morning.

When a brilliant sun fell on the balcony through a gap in the curtain, Omi slowly opened his eyes.

He glanced at Chu Yunyue, who was sleeping like a kitten next to him, with a slight smile on his face.

When she was in Jiangbei, Chu Yunyue was very busy every day for the Huazhidi Company.

Nowadays, she is a rare break.

At this moment, Chu Yunyue's long eyelashes trembled slightly.

She slowly opened her eyes, and when she saw Omi in front of her, a happy smile appeared on Qiao's face and said, "Omi, when did you wake up?"

"I just woke up." Omi said.

Lovers are together, as if there will be endless words.

The two hugged each other and kept talking about love.

When Chu Yunyue's stomach made a cooing sound, the two people got up from the bed.

After washing for a while, Omi came to the beach first.

At this time, a seaplane approached from a distance.

Inside were a middle-aged man with a beer belly and a woman with a face of melon seeds.

The woman with Guazi face said: "Husband, we live on this luxurious independent island!"

husband?

Depending on the age of these two people, they can be fathers and daughters.

I have to say that this is also one of the charms of the Maldives.

Age is no longer a gap.

The beer belly man thought for a while and said, "Look... there are already people living on it. Let's change the villa on the hotel island."

However, the Guazilian woman stopped doing it immediately.

Yelled: "I don't care, I will live on the luxurious Independence Island! And, husband, do you know? I heard that Papa Ma has lived there before."

"If we live, you can become like Papa Ma in the future!"

After a pause, the Guazi face woman said softly: "If we live on the luxurious Independence Island, at night, you have the final say..."

The beer belly man listened to the words of the Guazilian woman, his heart moved.

He gritted his teeth secretly, and finally said: "Okay, we live on the luxurious Independence Island!"

Then, the beer belly man shouted at Omi who was standing on the beach: "Hey, friend!"

Omi responded: "What's the matter?"

After hearing Omi's answer, the beer belly man was slightly happy.

Chinese people!

It's easy!

The beer belly man continued: "Friends, you should have contracted the luxurious Independence Island in partnership with your friends, right? You discuss with your friends, 500,000 yuan, subcontracted to me, how about it?"

As he spoke, he had a huge beer belly, looking like he was determined to win.

The beer belly man knows the price of luxury Independence Island, which costs 300,000 yuan per night.

Many people who come to visit the White Horse Manor like to fight with others to buy a luxurious independent island.

And he took out 500,000 yuan, and directly increased 200,000 yuan on the original basis!

In other words, if Omi and his friends take the money to exchange for a villa on the hotel island...

This time to visit the White Horse Manor, not only will it not cost money.

On the contrary, it will make a fortune.

The beer belly man believed that Omi would make a wise choice.

“500,000 yuan!” The Guazi face woman next to her exclaimed excitedly, “husband, you really love me, MUA!”

After speaking, she moved her head directly.

The beer belly man felt a touch of softness on his face and showed a smile.

Then, yelled towards Omi: “How is it?”

Omi glanced at the beer belly man like a fool, and said, “Not very good.”

After speaking, he was about to turn around and leave.

See here...

The Guazi face woman couldn't help but said softly: “Husband...”

The beer belly man hurriedly said: “600,000 yuan! Subcontract to me!”

The original price was 300,000 yuan, but the subcontracting became 600,000 yuan!

Directly doubled!

However, Omi would care about such a small amount of money?

He didn't pause at all, and continued to walk forward.

The beer belly man shouted again: “800,000 yuan!”

“One million yuan!”

Unfortunately, Omi still did not respond.

The woman with Guazi face pouted her mouth and said softly: “Husband, I want to live on a luxurious Independence Island, and I must live on a luxurious Independence Island!”

The man with beer belly listened to the words of the woman with the face of Guazi, and at the same time, because Omi ignored him, his heart became angry, and said: “Smelly boy, don't be shameless!”

“Um?”

At this moment, Omi suddenly turned around and said coldly: "Dog stuff, what are you talking about?"

Omi found out...

Sometimes, being too friendly can make people kick their noses on the face instead.

The beer belly man shouted angrily: "What are you calling me? F*ck!"

Then, toward the pilot of the seaplane: "Bring the boat over to me!"

The driver hesitated for a while.

He is an employee of White Horse Manor.

If something vicious happens on the island, it is also responsible.

The beer belly man seemed to understand his thoughts.

So, he shouted again: "I know your chairman, I am responsible for everything!"

"laugh!"

At this time, another seaplane drove past from a distance.

Only a white man in a suit and leather shoes sat on it.

He is the chairman of the White Horse Manor Griens.

The beer belly man's expression moved slightly, and he shouted, "Mr. Griens!"

Griens couldn't help but looked over, but found that it was a strange middle-aged man.

However, he still reported the courtesy of the service industry workers and smiled and said: "Hello, UU reading , are you?"

The beer belly man didn't lie just now, he did know Griens, the chairman of the White Horse Manor.

However, it's just an acquaintance that I have met once, and I am not familiar with it at all.

That day, the beer belly man attended a banquet with a man named Yuan Pingan.

Yuan Pingan cooperated with the White Horse Manor and later introduced Griens, who was also at the banquet, to the beer belly man.

At that time, the two of them just chatted casually and drank a glass of wine.

Then, they exchanged business cards.

Now, from Griens' tone, it is not difficult to hear that he does not remember the beer belly man at all.

The beer belly man couldn't help feeling a little embarrassed, and said, "Hello, Mr. Griens. My name is Qin Changcun. The one we met at the last banquet was introduced by Yuan Pingan."

Griens thought for a moment, but still didn't think of who Qin Changcun was.

However, he smiled and said, "It turned out to be Mr. Qin."

When Qin Chang heard this, he couldn't help showing a smug smile.

see it?

I know the chairman of White Horse Manor!

Then, he showed a sneer at Omi.

It looks like it's like saying: kid, didn't you just be very arrogant? Later, I see how arrogant you are!

Qin Changcun cleared his throat and said, "Mr. Griens, you have to manage the White Horse Manor. I just kindly gave 1 million yuan and negotiated with the young man to subcontract the luxurious Independence Island to me."

"As a result, this young man actually insulted me directly."

"This kind of unqualified young man, I don't think it is suitable for playing in the White Horse Manor. Maybe he has maliciously damaged some facilities in the White Horse Manor..."

I have to say that Qin Changcun still has some ability.

After a few words, he directly turned himself into a humiliated honest person, portraying Omi as a brutal and domineering villain.

At the same time, he also found a good reason for the White Horse Manor to drive away Omi, that is, maliciously destroying the facilities of the White Horse Manor.

Plus, his personal relationship with Griens.

He has reason to believe that Omi will be driven out of the White Horse Manor soon.

Griens frowned slightly and looked in the direction Qin Changcun pointed.

next moment.....

Griens' pupils suddenly shrank, and his face changed drastically.

Because he discovered that the person Qin Changcun was referring to was actually Omi!

Own boss!

He said his boss was arrogant! ?

Even, have to drive away his own boss! ?

It's just... asshole!

Qin Changcun didn't notice the change in Griens' expression at all.

He continued to say to himself: "Mr. Griens, don't worry, after he leaves, I will still spend 1 million yuan to cover the luxurious Independence Island, I..."

However, before he could finish speaking, Griens shouted angrily: "Shut up!"

"Now, immediately! Apologize to Mr. Lin, otherwise, our White Horse Manor will not provide you with any services! Including, sending you back to the seaside pier!"

Qin Changcun was a little dazed by Griens' sudden change.

After a while, he squatted: "This... Mr. Griens, this... I and Yuan Pingan are friends... And, you are a seven-star hotel, and you need to provide convenient services to guests..."

At this time, he has realized that something is wrong.

As a result, it is no longer just talking about people's feelings and relationships.

At the same time, it also reveals the nature of the hotel's service.

Griens yelled directly: "Apologize immediately! Otherwise, go swimming in the sea! The seaplanes and islands here are all our private property!"

Not to mention that Qin Changcun is just a friend of Yuan Pingan.

Even if it is Yuan Ping'an himself, so what?

To know.....

Yuan Pingan is nothing more than a food provider for White Horse Manor.

In a sense, the White Horse Manor is Yuan Ping'an's father!

Only Yuan Ping'an pleases himself.

As for Qin Changcun's statement that White Horse Manor should provide convenient services to its guests, it is also correct.

However, that is just normal.

Now, it is obviously abnormal.

Because he had a conflict with Omi.

He even wanted to drive Omi out of the White Horse Manor.

This is absolutely unforgivable!

Griens understands that if he doesn't handle this matter well.

Then, my impression in Omi's heart will fall to the bottom!

.....

After hearing Griens' words, the seaplane pilot slowly stood up.

That looks like...

As long as Griens said another word, he would directly throw Qin Changcun and the melon seed woman next to him into the sea.

Qin Changcun and the Guazi-faced woman trembled in their hearts, and there was a pale look on their faces.

Qin Changcun understood that Griens was absolutely not joking, and that young guy who looked very young might have a very terrifying identity.

He had to squat and said: "Lin...Mr. Lin, I'm sorry, I was wrong just now..."

Omi said indifferently: "Next time, don't look down upon others, otherwise, you can't just apologize to solve it."

After speaking, he turned around and walked inside.

Qin Changcun said hurriedly: "Yes, yes."

Griens said to the pilot of the seaplane, "Send them back."

"Yes." The driver answered.

About 40 minutes later, Qin Changcun and the Guazilian woman returned to the seaside pier.

The woman with Guazi face said: "Husband, who is that Mr. Lin? That's disgusting!"

Qin Changcun straightened his chest and said, "Huh! It's in the White Horse Manor. If it's in other places, I have to make him look good!"

Guazi face woman said: "Wow! My husband is great!"

Qin Changcun proudly said, "Of course."

The Guazilian woman said again: "Let's go to Vera Private Island! It's also fun there."

Qin Changcun nodded and said, "Okay."

So, the Guazilian woman took out her mobile phone and quickly searched for information on the private island of Vera.

"Jingle Bell!"

At this time, Qin Changcun's cell phone rang a hurried ring.

He glanced at the call reminder. It turned out that it was Yuan Ping's call.

Qin Changcun directly pressed the answer button.

"Ms. Yuan, you..."

However, as soon as Qin Changcun spoke, Yuan Ping'an's roar sounded inside.

"You... Nima! What a great deal!"

"Labor and management are kind and willing to introduce you to the boss whenever you have a chance, and bring you so much business. How do you repay your labor and management like this?"

"Now White Horse Manor has cancelled all cooperation with labor and management. In addition, Mr. Griens has also notified me in the industry!"

"Labor and management are completely finished!"

“However, when labor and management are over, don’t think about it! Labor and management tell you that not only will labor and management have introduced you to the business, they will not cooperate with you in the future.”

“In addition, labor and capital also know about your illegal coal mining in the country, as well as tax evasion and tax evasion... you are ready to receive the report letter!”

After saying this, Yuan Pingan hung up the phone directly.

“Dududu!”

Qin Changcun held the phone, his entire face pale.

Lost the business introduced by Yuan Pingan, and then lose coal mining, and it is very likely to be wanted...

That’s it!

I’m completely finished!

The Guazi-faced woman next to ~ ~ still didn’t know it at all, she smiled and said: “Husband, we will buy the best and most expensive villa on the private island of Vera later...”

After Qin Changcun heard this voice, his heart suddenly burst into flames.

is her!

is her!

It’s her!

If it weren’t for this woman, who kept coming to the Maldives and staying on a luxurious independent island, how could he offend that Mr. Lin!

The more Qin Changcun thought this way, the more annoyed he became.

He lifted his slap and yanked it at the woman with Guazi face.

“Snapped!”

“b*tch!”

.....

The Luckiest man in the world CHAPTER 476-480

Omi didn't know this at all.

At this time, after having breakfast with Chu Yunyue, Yang Changlin, Li Rujing, and the outstanding employees of Zhonghuazhidi, he came to Sports Island.

There are spacious beach volleyball courts, baseball fields, spacious swimming pools, basketball halls, badminton halls, all kinds of fitness equipment...

And many beautiful women with hot bodies in bikinis.

Laughter and shouting are endless.

They have people who rushed into the sea and splashed with each other.

There are people who dare to chase me and laugh constantly.

There are people who jump up and down and keep applauding.

There are people who are constantly rolling on the beach.

These...

It's all children's games.

But here, it appeared in young girls in their twenties and twenties, and middle-aged men in their 30s and 40s.

This is one of the charms of the White Horse Manor in the Maldives, which has the unique power to make people return to childishness.

Omi, Chu Yunyue, Yang Changlin, Li Rujing and many outstanding employees, after a sweat on the sports island, came to the fragrant SPA island.

There are top masseurs and beauticians here.

Strength, control of joints, massage techniques, etc., are all perfect.

Coupled with luxury essential oils such as Lancome and Dior.

Everyone is extremely comfortable.

They looked at the blue sky and the sea, enjoying the perfect SPA, drinking high-quality red wine, juice...

It is simply heavenly enjoyment.

...

Before you know it, the sky is getting dark.

The man next to him said: "A bonfire party is about to be held on the eating island. Let's go and play."

The woman said: "Oh! Bonfire party, that is my favorite!"

So, the two held hands, took a seaplane, and headed for the island not far away.

Their conversations are heard in the ears of many people.

Seeing Chu Yunyue seemed to be a little moved, Omi said, "I'm a little hungry, let's go to the eating island, too."

Chu Yunyue didn't understand why, Omi was thinking of taking care of herself, and a sweet smile appeared on Qiao's face.

She took Omi's arm and said, "Okay."

So, everyone took a luxury seaplane and came to the food island.

Omi looked at the distance, it was still a little early, and the bonfire party didn't seem to have started yet.

He led everyone to the LE1947 restaurant in front.

The decoration here is very stylish and elegant, giving people a noble temperament invisibly.

Just after Omi and the others sat down, a tall and thin waiter slowly walked over and said respectfully in English: "May I need any help?"

Omi said directly: "Take some delicious and distinctive ones here, according to our number."

The tall and thin waiter heard and said, "Okay, please wait a moment, distinguished guests."

In the White Horse Manor, even the waiters need to be proficient in multiple languages.

Huaxia is obviously among them.

Before long, the best foie gras, snails, M9 beef, black pearl caviar, top large abalone, deep sea urchin, love eggs, breaded crab, large lobster...

And many exquisite desserts and pastries were brought up one after another.

Although, when everyone was doing SPA, their mouths were not idle, as long as they were hungry, they would eat.

However, after seeing these delicacies, they couldn't help but gulp, and their faces were full of satisfaction.

From time to time, there was a heartfelt admiration.

"too delicious!"

"Patter!"

At this time, an employee wearing pink glasses accidentally dropped a water glass to the ground and broke it to pieces.

If you do something wrong, you should deal with it.

She hurriedly bowed her head to deal with the glass shards on the ground.

Chu Yunyue said: "Don't pick it up with your hands, cut your fingers carefully."

While she was speaking, she waved to the distance and said, "Thank you, please."

The waiter walked over, took a deep look at the water glass on the ground, and said, "Okay."

His movements were also very fast. Putting on his gloves, he quickly cleaned up all the glass fragments.

As a result, everyone immersed themselves in eating again.

When everything was finished, the waiter walked over again and said, "Excuse me, is there anything else I need?"

Omi said, "No more."

"Okay, a total of 142,000 U.S. dollars, are you using your card or cash?" the waiter said.

When Omi heard this, there was no response.

However, the many employees of Huazhidi were all staring.

142,000 US dollars!

If converted into Chinese currency, it would be close to 1 million yuan!

One meal, 1 million!

This is really expensive.

The waiter also seemed to see that they were a little unbelievable, so he explained: "The dishes and wine you ordered add up to 12,000 US dollars."

"However, the cup you broke was a collection of Austrian water cups in 1990. One broke and the whole set is invalid."

"And a set of Austrian collection cups in 1990, the price is 120,000 US dollars."

Everyone looked at each other a little when they heard it.

As for the pink glasses woman who broke the water glass, her eyes were a little red.

Did you accidentally damage something close to 1 million yuan?

Omi said, "Don't be sad, it's just a small matter."

For many people, 1 million is a very large number.

However, it didn't matter to Omi at all, it was just drizzle.

What's more, he is the largest shareholder of White Horse Manor.

Smash something?

Even if this place is torn down, there is no problem.

The waiter was worried that everyone would feel that he was blackmailing them, so he said again: "We have a fruit certification here..."

As he spoke, he seemed to be ready to come up with a certificate.

"Jingle Bell!"

At this moment, the cell phone in his pocket rang a rapid ringing.

Originally, the waiter was not prepared to answer.

After all, he now has to deal with the Austrian water cup in front of him.

However, when the waiter saw the call reminder, his whole heart jumped.

Because... he discovered that the caller turned out to be Chairman Griens. UU reading www. .com

Although, the waiter is the bottom employee of the White Horse Manor.

However, he still stored all the high-level phone calls.

Just in case it can be used someday.

However, the waiter never expected that Chairman Griens would take the initiative to call himself one day.

This is simply...

It's incredible!

He pressed the answer button excitedly, and said in a very excited tone: "Mr. Chairman, hello."

Then, Griens' loud voice came directly on the phone.

"Listen, the young man sitting in front of you is the new owner of our White Horse Manor..."

After hanging up the phone, the waiter bent over and said in a very respectful tone: "Mr. Lin, and distinguished guests, I'm sorry to disturb you... Do you have any other needs?"

How smart is Omi?

The waiter has changed so much before and after, why doesn't he understand who made the call just now?

So Omi waved his hand and said, "No, can we go now?"

The waiter hurriedly said: "Of course you can, ladies and gentlemen, go slowly."

All the outstanding staff of Huazhidi, after they walked out of the restaurant, they had some hindsight.

"He... just let us go?"

Omi smiled and said, "Yes."

Then, he saw that the woman with pink glasses seemed to be a little worried.

He said again: "I forgot to tell you that I am the largest shareholder of the White Horse Manor. It is just a cup, and the purchase price is not worth a lot of money. So, everyone does not need to worry about it."

Except for Chu Yunyue, all the people present opened their mouths wide and froze in a daze.

Known as the first island in the Maldives, the White Horse Manor, the largest shareholder is Omi!

After a pause, Omi said again: "By the way, the white Griens who picked us up from the airport yesterday is the chairman of the White Horse Manor. If you have anything, you can call him directly."

Today, he has disclosed his relationship with White Horse Manor.

Don't mind, just say a little more.

So that nothing happens again, it can be dealt with in time.

Everyone was stunned again.

To know.....

When Griens picked them up, he always bowed to his knees, just like an ordinary waiter.

As a result, it turned out to be the chairman of the White Horse Manor?

.....

Omi ignored the surprised people. He took Chu Yunyue's slender jade hand and continued to walk forward.

And Li Rujing, who was walking behind, couldn't help but whispered: "Mr. Lin, who is it?"

No wonder she would ask such a question.

In fact, Omi's performance was too amazing.

Yang Changlin next to him said, "Remember the Xia Guo Airlines plane we took?"

Li Ru nodded quietly.

"Mr. Lin is also the largest shareholder of Xia Guo Airlines." Yang Changlin said.

Li Rujing was stunned again.

Xia Guo Airlines!

That's the largest state-owned airline!

Earlier, Li Rujing thought that the reason the flight attendants were so respectful to Omi was because he had chartered the plane.

It seems that this is not the case at all.

The real reason is that Omi is the largest shareholder of Xia Guo Airlines and the real boss!

Yang Changlin patted Li Rujing's shoulder lightly, and said: "You can be optimistic about Mr. Lin. This is your chance. Work hard and the future is absolutely bright!"

Only then did Li Rujing come back to her senses, nodded vigorously, and said, "Yeah!"

.....

Omi led everyone on the soft sandy ground all the way.

I saw...

A large bonfire has been lit in the clearing in the distance.

A group of people may sit on the ground in front of the bonfire and chat with each other.

Or sing and dance around the campfire, very cheerful.

Omi, Chu Yunyue, Yang Changlin, Li Rujing, and the outstanding employees of Zhonghuazhidi were also affected by the atmosphere of the scene, and their mood became more relaxed and cheerful.

Not long after they arrived at the bonfire party, a man wearing a colorful shirt and sunglasses on his forehead, who looked very fashionable, also walked over.

He... is exactly the Huoqilong who met at the airport yesterday.

Huo Qilong squinted his eyes and scanned the scene constantly.

It looked like a hungry wolf looking for prey.

Looking for prey?

That's right!

It is looking for prey.

However, most hungry wolves look for sheep.

And he is looking for beautiful women!

The next moment, Huo Qilong raised his brow slightly.

Because, he suddenly discovered Chu Yunyue!

Since meeting Chu Yunyue at the airport yesterday...

Huo Qilong's head seemed to be completely filled by her.

As a result, he tossed and fell asleep last night.

Unexpectedly, I encountered it again today!

Sure enough, God is taking care of yourself!

But, soon, he set his gaze on Omi next to Chu Yunyue.

Huo Qilong understood that if he walked directly over, it would be the same as yesterday, and it would have no effect at all.

You must do something to attract the other person's attention, and it is best to make the other person's eyes shine!

Only in this way can we leave a trace in the heart of the other party!

I have to say that Huo Qilong does have some ability to make girlfriends.

While thinking, he kept looking around...

Soon, he focused his gaze on a piano not far away.

To know.....

Huo Qilong received a good education from an early age, and cultivated various interests in piano, guitar, painting, chess, Go, etc.

Among them, he has the highest talent in piano.

Even, they are often praised by teachers.

Huo Qilong's mouth twitched slightly and grinned: "Yes!"

While talking, he walked quickly towards the piano and sat down slowly.

Then, Huoqilong took a deep breath.

Then, his hands on the black and white keys quickly jumped.

In an instant...

A melodious piano tune slowly rippled out.

Soon, it attracted the attention of many people at the bonfire party.

Some people even shook their bodies involuntarily in accordance with the rhythm of the piano music, and made a sound of discussion.

"It's the first movement of the Moonlight Variations!"

"The floor is not bad!"

"Yes."

.....

When the piano music was about to come to an end, an employee of Hua Zhidi looked at the music and said in surprise: "It's that person!"

After Chu Yunyue heard it, she followed the voice with a curious look.

It was also at this time that the piano music came to an end.

"F*ck!"

At the scene, there was a burst of sparse applause.

Huo Qilong raised his head with a smile in applause.

When he saw that Chu Yunyue was also looking at her, the smile on her face became even worse.

My choice is indeed correct!

She definitely made a good impression in her heart!

Huo Qilong thought of this, and slowly walked in the direction of Chu Yunyue under what he thought was the attention of the public.

Then, like a gentleman, he smiled and said: "This beauty, what a coincidence, we met again ~ ~ He wears a rage, but he forcibly pretends to be a gentleman... A feeling of nondescript.

However, Huo Qilong still feels good about himself.

At this time, he seemed to notice Omi standing next to him, and said: "Oh, this gentleman, you are there too."

"It can be seen that this beauty seems to like piano music very much. I suggest that you also play piano music to the beauty when you have time, so as to keep the beauty in a good mood."

I have to say that Huo Qilong is absolutely brainless.

On the contrary, he is very smart.

He didn't make Omi play the piano immediately with a very obvious aggressive method like ordinary people.

Instead, in a tone that was good for Chu Yunyue, he suggested that Omi should be free to play the piano.

In this way, it is neither obtrusive.

At the same time, she thought she was moisturizing things in Chu Yunyue's heart silently, leaving a trace of impression.

The first step, to leave an impression, has been achieved!

Huo Qilong began to make a second step plan in his heart to deepen his impression.

And, soon had an idea.

He was just about to speak.

Omi next to him said, "Yunyue, do you like listening to piano music?"

Chu Yunyue seemed to have thought of something, smiled and nodded.

Omi said, "Okay, then I'll play it for you."

After speaking, walked directly to the piano not far away.

Seeing this, Huo Qilong was slightly stunned.

Then, there was a good smile on his face.

Originally, his purpose was to make himself leave some impressions in Chu Yunyue's heart.

Wherever he thought, Omi really wanted to play the piano.

He had almost seen Omi's chaotic and mocking scenes later.

At that time, she would definitely occupy a more important position in Chu Yunyue's heart.

As for Omi playing better than himself, Huo Qilong didn't think about it at all.

Because, he won an award for playing the piano.

In addition, didn't see so many people applauding at the scene, and Chu Yunyue kept staring at herself playing the piano?

then...

Huo Qilong smiled and said to Chu Yunyue: "So your name is Yunyue, it's really a nice name."

"Look at me, I have never introduced my name to the beauty. My name is Huo Qilong. I am glad to meet you."

After speaking, he took the initiative to stretch out his right hand.

However, Chu Yunyue didn't seem to have seen it, she just looked at Omi closely with a pair of beautiful eyes, and her pretty face was full of expectation.

Because she has heard Omi sing and knows that he has extremely high musical ability.

She believed that Omi would be able to play very beautiful music.

This is what he played specially for himself!

...

Finally, Omi sat in front of the piano.

There was a sound of discussion around.

"Huh! Someone is going to play the piano again."

"I don't know what tune will be played."

"Listen to it."

...

Omi didn't pay attention to Huo Qilong's thoughts at all, nor did he pay attention to everyone's comments.

He slowly closed his eyes and placed his hands on the black and white keys.

"Ding dong dong!"

Suddenly.

The rush, brisk, and tactful notes rippled.

Originally, the people who were still laughing, talking, and chatting couldn't help but stop their movements and focused their attention together.

They all swayed as the music changed.

Although, Omi's location is relatively dark.

However, in the eyes of everyone, it seemed that a dazzling stage light appeared above Omi's head, illuminating Omi extremely splendidly.

As the notes continue to beat.

Omi's whole body was filled with stars.

These starlights are getting more and more, more and more... revolving around Omi.

In the end, a powerful traction force was formed, carrying Omi and the piano into the air.

When they arrived under the curtain of night, these stars condensed into a crooked silver moon, bursting out more dazzling light.

Gorgeous and charming!

Everyone's faces...there was an unconcealable look of admiration and enjoyment.

"Ding!"

Finally, the last note fell.

The whole campfire scene remained silent.

After a while, there was very warm applause.

"F*ck!"

"The floor is so good!"

"Moonlight third movement."

"This is the first time I have heard such a nice third movement of the moonlight!"

"It sounds better than Beethoven."

The sound of admiration, shouts, and screams resounded throughout the scene.

Omi ignored that much.

He left the piano stand and strolled to Chu Yunyue, who was always staring at her without blinking.

Then, she slowly took her slender white jade hand.

Under everyone's gaze, Omi's head kept getting closer and closer to Chu Yunyue.

The lips intersect.

Suddenly, above the sky, a stage light appeared again, and it fell directly on Omi and Chu Yunyue.

Dazzling and dazzling!

That's how talented men match beautiful women!

There was an extremely enthusiastic cheers and shouts on the scene again.

In fact.

When Chu Yunyue came to the bonfire party, not only Huo Qilong noticed her.

There are also many people who think they have some capital, but they are also impressed by her.

In fact, Chu Yunyue is too beautiful.

However, at this time, they threw this kind of heart aside.

Because they knew that they couldn't compete with Omi at all.

In other words, in front of Omi, they were ashamed.

...

For a long time, the lips are divided.

Omi slowly turned around, looked at Huo Qilong next to him, and said, "You are right. You will have to play the piano for Yunyue in the future."

When Huo Qilong heard this, his entire face was flushed.

Originally, he wanted to use the piano to step on Omi, and at the same time, to get closer to Chu Yunyue.

Now, it has become Cheng Quan Omi.

It's almost... just shooting yourself in the foot!

pain!

It's so painful!

Huo Qilong replied dully, then turned and walked away.

"Jingle Bell!"

At this time, loud music sounded at the campfire.

A group of agile staff led the crowd to sing and dance continuously, making the atmosphere of the scene more enthusiastic.

In addition, some programs that have been prepared for a long time, and various interesting games, as well as drinks and barbecues on call...

Everyone was very happy to play.

When Omi and Chu Yunyue returned to the luxurious Independence Island, it was already 12 o'clock in the evening.

"thump!"

Perhaps, because of playing too tired, Chu Yunyue accidentally fell directly into the wide, clear swimming pool in front of the villa.

Now that she had fallen into the swimming pool, she simply didn't crawl out immediately.

On the contrary, she couldn't help playing in the water at Omi and let out a crisp laugh.

Omi laughed and said, "You even splashed in the water at me!"

When the words were over, Omi also jumped directly into the swimming pool.

"what!"

So the two of them started chasing and playing with each other in the swimming pool.

Laughter, shouting, one after another.

After the two played in the swimming pool for about half an hour, they slowly got up.

After all, UU reading www. .com's swimming pool at night is still somewhat cool.

With a burst of washing in the air, a fascinating fragrance gradually appeared.

When Chu Yunyue walked out of the bathroom wrapped in a LV bath towel, a pair of beautiful eyes fell directly on Omi.

In her mind, Omi's graceful and serious movements when she just played the piano resurfaced involuntarily.

Perhaps, it was the reason that came out of the bathroom.

A crimson color gradually appeared on her pretty face.

Then, Chu Yunyue couldn't help but slowly approached and approached Omi.

The shadows of the two finally merged together under the shining of the light.

...

At this time, the TV in the living room suddenly started playing songs.

The sea breeze blows gently, the waves shake gently...

The next two days.

Omi, Chu Yunyue, and the many employees of Huazhidi basically lead a similar life every day.

Go to Sports Island in the morning, eat at LEE1947 Michelin three-star restaurant at noon, massage on the SPA island in the afternoon, play on the beach in the evening, or go to the campfire party...

Although repeated, there is always a happy smile on everyone's face.

However, Griens was worried that it was only this, and it was still difficult to satisfy Omi.

So, he expended effort to transfer a large yacht from other places.

.....

After Omi and Chu Yunyue got up and had breakfast.

Griens bent down, like the most respectful waiter, and said, "Mr. Lin, Ms. Chu, good morning."

For Griens, Omi was quite satisfied.

From the initial pick-up, to the daily service after arriving at the White Horse Manor, and the final handling of Qin Changcun...all performed very well.

Therefore, facing Griens' greetings, Omi also nodded and said: "Good morning, Griens."

Although, just a very simple greeting.

However, in Griens' ears, it seemed like the sound of nature, which made the whole person excited.

Because this shows that Omi is satisfied with himself.

Griens suppressed his joy and said, "Mr. Lin, I have transferred an MJ yacht from another place. I wonder if you and Ms. Chu, would you like to go out on the yacht for fun?"

Omi couldn't help but glanced at Griens.

To know.....

Omi also owns a top yacht Solange, which is still parked in the Port of Magic City.

It is precisely because of this that he has specifically searched for information about yachts.

Although, MJ yacht is not as luxurious as Solange.

However, the price has also exceeded 100 million yuan.

It is estimated that it would take a certain amount of effort to transfer such a large yacht as Griens.

This Griens has a heart!

Omi nodded secretly, and then asked, "Yunyue, and everyone... do you want to go on a yacht to play at sea?"

In fact, when Griens said about the transfer of the yacht.

Yang Changlin, Li Rujing, and the outstanding employees of Huazhidi all showed a touch of emotion on their faces.

Now, hearing Omi questioning himself again, a pair of eyes flashed with light.

Because, surfing and playing in the sea on a yacht are all scenes that can only appear in movies and TV dramas.

At the same time, it is also something they all have been yearning for.

However, everyone did not respond.

Chu Yunyue looked at the crowd wanting to go but didn't dare to speak, she couldn't help but smiled: "Look at what you are like... Let's go on a yacht."

"Great!" everyone shouted excitedly.

After a while, a large yacht with an extremely stylish and cool appearance and a length of about 50 meters appeared in the eyes of everyone.

This...is exactly MJ!

The outstanding employees of Huazhidi couldn't help but opened their mouths and let out a burst of exclamation.

"Wow! This is too big!"

"So handsome!"

"so cool!"

However, how did they know that the Solange Yacht parked by Omi at the Magic Capital Wharf was far better than the MJ Yacht, and it was twice as big!

.....

In the White Horse Manor, the tourists sleeping on the deck chairs also raised their heads and cast curious eyes.

.....

Omi said, "Then let's go up."

"Okay." Everyone hurriedly responded.

After boarding the MJ yacht, everyone opened their mouths again.

Wide decks, gorgeous restaurants, exquisite boxes, bars and audio-visual rooms with a variety of drinks and beverages...

It's almost like coming to a mobile club on the sea.

"Boom!"

After the MJ Yacht uttered a whisper, everyone only felt a gust of wind blowing.

After that, he continued to move towards the endless sea.

Suddenly, an unprecedented sense of invigoration came to everyone's heart.

Laughter and cry are endless.

The MJ yacht slowed down slowly after driving at high speed at sea for more than an hour.

At this moment, Yang Changlin said excitedly: "There is a fishing rod here!"

As a result, everyone stepped forward and picked up the fishing rod.

Those who like fishing, naturally needless to say.

And those who don't usually have a hobby of fishing, are also interested.

After all, this is a rare sea fishing.

Chu Yunyue smiled and said: "It seems...we can eat fresh sea fish at noon today."

"Wow!"

After a while, Yang Changlin caught the bait.

He yanked, it turned out to be an arm-length hairtail.

Seeing this, everyone screamed in excitement.

"I'll help grill the fish!"

Then, someone brought a barbecue grill, cooking oil and other things, and started grilling fish on the deck.

.....

When the employees of Huazhidi were fishing at sea on the MJ yacht.

At this time, it was also on a large luxury yacht at sea.

A group of men with good temperament and famous brands, and a group of beauties, were drinking and laughing on the deck.

Huoqilong is among them.

Huo Qilong said: "Speaking of beautiful women, a beautiful woman I met in the White Horse Manor two days ago, that figure, that face, that skin... is absolutely absolutely!"

"Fairy, absolute fairy!"

Obviously, he was talking about Chu Yunyue.

A man wearing a striped shirt and dyed light red hair said, "Really? Is it as godly as you said?"

The man wearing a toad mirror said, "Isn't it?"

Huo Qilong said seriously: "It is necessary!"

"Then why didn't you bring it here?" said the man wearing earrings.

Huo Qilong directly poured the XO in his hand into his mouth and said, "Someone else has a boyfriend."

Although, each of them is accompanied by beautiful women.

But, still wantonly discussing other women.

But the beauty next to her didn't care.

This is the charm of the Maldives.

Toad mirror man smiled and said, "Is there a boyfriend? I'm not here, otherwise, I can easily win it!"

Huo Qilong retorted: "Of course I can win, isn't this to see the brothers? Time is not enough."

The man with earrings took a sip of XO and said, "I'm already interested in this beauty~ ~."

"Hahaha, I am also interested! I will go to the White Horse Manor tomorrow to see if I can meet it." The Toad Mirror said.

"Yes, I will go shopping too." The earring man said.

.....

"I caught a fish too!"

Not far away, a shout suddenly sounded.

Huo Qilong, Toad Mirror Man, Earring Man and others all looked in the direction of the voice.

They found out that a large yacht did not know when it appeared not far away.

This is the MJ yacht where Omi and others are located.

next moment.....

Huo Qilong stood up abruptly, his eyes were tightly focused on the woman in the white dress, and he shouted: "It's her!"

She is Chu Yunyue!
