...

Li Haiyan didn't seem to pay attention to the barrage, always eating very seriously.

However, in the absence of no one's attention, they quietly threw a few of the 18 delicious foods into the trash can.

At this time, the M5 steak was also brought up.

The waitress said: "Do you need to pour the sauce on?"

Li Haiyan seemed to be completely attracted by the big, beautiful steak.

After a while, she reacted and said, "Ah, okay, go on top, go on top."

"Wow!"

After the sauce fell, an alluring fragrance wafted out immediately.

Li Haiyan took a deep breath and said, "Wow! It smells so good!"

Then, UU read Omi, she picked up the knife and fork, quickly cut off a piece of beef and put it in her mouth.

"Haw, haw!"

Suddenly, Li Haiyan's eyes widened and exclaimed, "It's delicious!"

Then, she cut off another piece of beef and put it in her mouth.

When she took the knife and fork again and was about to continue cutting the meat, she felt it was too slow.

So Li Haiyan picked up the whole steak with her hands.

"So hot, so hot!"

She screamed twice, and then put a large piece of beef directly into her mouth.

pull!

tear!

bite!

“good to eat!”

“Enjoyed!”

Studio.

Countless bullet screens continue to scroll in front of the screen like raindrops.

[Little Wenzi: Xiao Haiyan, you have to remember that you are a girl! You are a girl!]

[Bitterness of Acacia: Little Haiyan actually held a steak in her hands and gnawed, her face was fat, and the oil was still flowing on her clothes... it was over, it was over, the image of the goddess was completely shattered.]

[Xiaoyao Yisheng: No, isn't it, there are people who treat Haiyan as a goddess?]

[Incarnation of humans and demons: The goddess is a goddess, but a female nerve!]

.....

In the live video, Li Haiyan was completely immersed in the delicious steak, unable to extricate herself.

Actually...

She couldn't help looking for opportunities, took a bite of steak, and quietly threw it into the trash can.

Finally, a whole steak was eaten clean.

She still had an unsatisfactory look, and licked her fingers hard.

At this time, a large lobster weighing 10 catties was brought up.

When seeing the big lobster with long arms, Li Haiyan directly widened her eyes and opened her mouth, shouting: “Wow! It's so big!”

“Have you seen it? Such a big lobster!”

"I'm almost half a person taller!"

"Oh my God!"

Li Haiyan couldn't help exclaiming, and then hurriedly picked up the lobster's tongs and gnawed at it.

"Too satisfied, too satisfied!"

"good to eat!"

She yelled excitedly while eating, as if she was completely intoxicated by the food.

Where the camera can't see, she kept throwing shrimp meat into the trash can.

These delicacies taste really good.

However, she was already full when she ate the first serving of 18 delicious.

Where can I eat again?

"belch!"

When Li Haiyan had a full hiccup, the shrimp on the table was completely eaten.

She touched her belly and said, "I'm full! Today's trip to the Time Restaurant is over!"

"See you next time, everyone."

"No way, no way, too much support, I must take a break."

[Mo Wentian: Can you support it? Haiyan, don't look at how much you eat either.]

[Wushuang: Every time I watch Haiyan's live broadcast, I feel that I can eat two bowls of rice.]

[The world is mine: Haiyan, goodbye.]

[Unique: Sponsor a little so that Haiyan can afford to pay, so that she won't be caught washing her dishes during the next live broadcast.]

.....

As a result, the live broadcast room ushered in another wave of rewards.

Li Haiyan smiled and couldn't help but thank.

After a while, she closed the live broadcast room.

The smile on Li Haiyan's face disappeared without a trace in an instant, as if she suddenly changed someone.

"Tatata!"

At this time, the waitress with Guazi face came slowly with a few bags of snacks.

She smiled and said, "Hello, these are some small snacks prepared by our restaurant, I hope you like it."

Li Haiyan just glanced at the snacks and said indifferently: "All right."

She took the snacks and was about to get up and walk outside.

The Guazi face waitress was slightly stunned, and Li Haiyan was about to walk out of the store.

She couldn't help saying: "This... this guest, it seems that you forgot to pay the bill just now."

"Pay the bill?" Li Haiyan prolonged the tone and exclaimed.

It looked like he had heard the funniest joke in the world.

"You asked me to pay the bill?" Li Haiyan asked in disbelief.

The Guazi face waitress was a little at a loss.

Eat, pay... Isn't this a logical thing?

What's more, her meal consumption is extremely high.

Thinking of this, she nodded gently.

See here...

Li Haiyan became angry immediately, and she yelled.

"Blind your eyes!"

"Do you know who I am? I'm Haiyan, a great food anchor! I have more than 3 million fans on Douyin!"

"I ate in your store and it was broadcast live. How much traffic will this bring to you?"

"I haven't asked you for money yet, that's because I have a big belly, so you dare to ask me to pay the bill? Did you show your face!"

The waitress with the face of Guazi didn't expect that the other party would suddenly yell at her, and she didn't know what to do.

She squatted and said, "But...but, it doesn't seem that our Time Restaurant invited you over..."

"You didn't invite me? Okay! You mean, I posted it upside down by myself?!"

"Call me your manager and store manager!"

Li Haiyan became even more angry, her voice became very harsh, and her entire face became a little sordid.

Not far away, the general manager in a suit hurried over after hearing the voice.

Although, he still doesn't know what happened.

However, he still treated Li Haiyan in a very friendly manner, saying: "This guest, I am sorry, I have had a bad experience. Could you please tell me what happened? I am Zhang Shiwei, the general manager of Time Restaurant."

After all, in the service industry, the customer is God.

At this time, there are still many customers in the restaurant. If it makes others have a bad impression, it is definitely a very bad thing.

After Li Haiyan heard that Zhang Shiwei was the general manager, she just glanced at him from the corner of her eye.

Then, he said: "General manager? You are here just right, did you know that I am a big food anchor with more than 3 million fans, my name is Haiyan!"

"Come to visit the store today, and I will be broadcasting you the whole process. Do you know how much traffic this will bring to your restaurant?"

"The result? The result! You little waiter, even let me pay the bill!"

"You say it's ridiculous, not ridiculous!"

Zhang Shiwei first smiled and said: "It turned out to be the anchor Haiyan, sorry, sorry..."

Then, he whispered to the Guazi face waitress and said, "What food did she order?"

The waitress of Guazimian said: "18 delicious, M5 steak, regular soup, and 10 kilograms of large lobster."

When Zhang Shiwei heard this, his brows wrinkled slightly.

If it is a general dish, he will just dispense it, so forget it.

However, these dishes are all expensive.

Especially... the last 10 catties of large lobster cost tens of thousands.

Zhang Shiwei quietly glanced at Li Haiyan~~ with an unstoppable appearance, and felt a little struggling.

Or, forget it?

After all, the other party is a big anchor with 3 million fans and cannot be offended easily.

Thinking of this, Zhang Shiwei finally gritted his teeth and said: "Anchor Haiyan, I'm sorry, this waiter is a newcomer and doesn't understand the rules..."

However, Li Haiyan said to herself: "If you don't understand the rules, it's over? I'll tell you! Previously, if the order was exempted, it would be fine!"

"But she completely unhappy me!"

"Now, everything must be settled in accordance with the normal shop visit!"

"My normal shop is 200,000 yuan! You pay me 200,000 yuan, and that's it."

Zhang Shiwei's face changed slightly.

He can also think of ways to get rid of tens of thousands of ingredients.

However, the 200,000 shop fee, which is definitely not something he can directly call the shots.

" (

Zhang Shiwei's expression changed...

After a long while, he said, "This...this, Ms. Haiyan, right? We probably need to discuss the cost of visiting the store."

Li Haiyan's face became cold, and he hummed: "Well discuss it? What to discuss? I'm the market price!"

"Tell you, although I just broadcast the live broadcast and ate a lot of food, I haven't made a summary video yet!"

"If, later, my stomach hurts, or what happens...I will put it all in the summary video too!"

"By then, all of my more than 3 million fans will be able to see it!"

threaten!

The threat of Chiguoguo!

Zhang Shiwei's entire face became very ugly in an instant.

Today's world is a network age.

If a restaurant has not done a good job in any place, it will be exposed and spread.

Well, this restaurant will definitely suffer a serious blow.

Even, therefore, bankruptcy is not impossible!

Zhang Shiwei is the general manager of Time Restaurant.

This morning, he just received the news that Time Restaurant has a new owner.

Now, it is time for him to take good care of his performance and satisfy his new boss.

What should the restaurant's business do if this material is exposed?

When the time comes, how will the new boss think of himself?

But, 200,000 shop visit fees?

This.....

Zhang Shiwei was in a dilemma for a while.

The Guazi face waitress standing nearby was completely annoyed by Li Haiyan's ugly face.

She angrily said: "General manager, we don't care about her! I don't believe it, she can still reverse black and white!"

Li Haiyan sneered: "Really? Are you sure you want to do this? Have you considered it?"

At this time, there was a loud sound not far away.

"Don't think about it!"

Then, a tall, handsome young man walked over slowly.

He...is exactly Omi!

When Li Haiyan saw Omi, her eyes moved slightly, and she said in her heart: So handsome!

General Manager Zhang Shiwei's heart jumped sharply.

boss!

Isn't this the new owner of Time Restaurant?

Zhang Shiwei took three steps and took two steps, hurriedly greeted Omi, bent over, and said in a very respectful tone: "Hello, Mr. Lin."

Omi just nodded casually.

Then, he said indifferently to Li Haiyan: "First, you have to pay for the meal. Second, Time Restaurant will not give you a dime for visiting the store."

Li Haiyan first broadcast live in the restaurant, yelling regardless of other people's meals.

Then, waste food at will.

In the end, I didn't pay for meals, and in turn asked for a high fee for visiting the shop.

This made Omi very disgusted with Li Haiyan.

Therefore, there is no mercy in his words.

.....

Li Haiyan's face sank slightly.

She didn't expect that a young man would suddenly jump out and say this to herself.

She did not answer Omi, and then said to Zhang Shiwei: "Manager Zhang, what is your attitude?"

Zhang Shiwei immediately said: "Mr. Lin's attitude is the attitude of our Time Restaurant."

There was no ambiguity in his tone.

Previously, Zhang Shiwei still had some trouble handling this matter.

But, now, Omi is here, he is the boss!

Everything depends on the boss, that's fine.

Li Haiyan didn't get angry and laughed instead: "Okay! Then let's see who is unlucky in the end!"

Then, she suddenly bent down and sat on the ground, wailing: "Oh, my stomach..."

While she was talking, she didn't forget to take out her mobile phone and videotaped herself for a while.

Li Haiyan looked extremely painful, and said: "I just ate 18 kinds of food, steak and lobster from Time Restaurant, how come it hurts so suddenly..."

As she said, she didn't forget to adjust the color of the video so that her whole face became pale, as if she was really uncomfortable.

I have to say that Li Haiyan still has some brushes.

Omi disdainfully said: "Don't pretend."

However, Li Haiyan didn't seem to understand, and said: "Pretend... what?"

She seemed to be in more pain. She lay on the ground and said, "You...you seem to be the manager and employee of Time Restaurant, right? Can... Could you please call an ambulance for me?"

"Please..."

Then, her phone shook violently.

At this point, she put away the phone and slowly got up.

After all, this is in the restaurant, and she doesn't want to get too many people watching, just keep ordering.

And what she just did is enough.

Li Haiyan believes that these people will make the best choice.

“You said, if I upload this video to my funny video, what will be the result?”

After speaking, she slowly raised her neck, like a proud white swan, waiting for others to look up.

Omi said: “Really? Then you upload it, I really want to know what the result is.”

Li Haiyan raised her brows and said to Zhang Shiwei, “Manager Zhang, do you have the same attitude?”

Zhang Shiwei quietly glanced at Omi and said, “We all listen to Mr. Lin.”

“Good, good! Don’t regret it!” Li Haiyan said sharply.

Then, she edited and modified the video ~~ and uploaded it directly to her Douyin account.

Omi took out his cell phone and found the phone number of Zhang Daming, chairman of the beating letter, and dialed directly.

A long time ago, Omi signed in and got a 5% share of the letter bounce.

Even though 5% doesn’t seem to be much, it also makes Omi the third largest shareholder.

Because of the beating of the letters, it is the parent company of the comma.

When she held a concert for Ling Rou, Douyin helped a lot.

After a while, the call was connected, and Zhang Daming’s very respectful voice came from inside.

“Mr. Lin, good noon! In the morning, I suddenly heard a magpie calling on a branch. I was just thinking about what good things are going to happen today. It turns out that you called me!”

This is obviously a joke.

It was very relaxed, and even flattered inadvertently, and at the same time, it could invisibly narrow the relationship between the two.

It has to be said that Zhang Daming was able to start a big company like the letter beating.

Good technology and strong ability are one aspect.

On the other hand, dealing with interpersonal relationships is also a good hand!

Of course, if it were an ordinary person, Zhang Daming would never be so pleased.

As a result, Omi is the third largest shareholder of the letter beating.

Secondly, he knew that Omi continued to increase his holdings and acquired the Penguin Group and Ari Group, and now he has reached the horrible level of 80% of the shares!

Penguin Group and Ari Group can be acquired to 80% of the shares.

What about the letter beating?

Zhang Daming understood that Omi possessed extremely terrifying strength and was someone he could not afford to provoke.

Omi didn't care about Zhang Daming's flattering words, and directly said, "Dong Zhang, can you do me a favor?"

Zhang Daming's heart jumped, and he said hurriedly, "Mr. Lin, please tell me."

(

Zhang Daming was both excited and nervous.

Excitedly, Omi asked for his own help. This was definitely a good time to bring the two closer together.

What's nervous is that it is definitely not a trivial matter that a big person like Omi calls for help personally!

In case, I can't solve it by myself.

What should I do?

Omi said: "There is a gourmet anchor named Haiyan on your teaser, who made a fake video to slander my time restaurant and help me block her video and account."

Zhang Daming was taken aback for a moment.

Block a gourmet anchor?

It's that simple?

After a while, Zhang Daming saw that Omi did not continue to speak, and immediately packed his tickets and said: "A gourmet anchor, dare to shoot a video to frame your restaurant!"

"I will block her now!"

Omi said: "Okay."

After a pause, he said: "Also, I will send you a video later, and you can help promote it."

"Yes, Mr. Lin!" Zhang Daming said.

Li Haiyan, who was standing next to her, stopped Omi's call in her ears.

However, she didn't care at all.

Instead he sneered and said, "Block me? Okay, then I suggest you, it's better to hurry up..."

"Otherwise, my video...I am afraid that my three million fans will spread all over the Internet, hahaha!"

"Ding Dong!"

At this time, Li Haiyan's cell phone shook slightly.

She picked up the phone and glanced casually.

next moment...

Li Haiyan's pupils shrank.

Because, her teaser unexpectedly popped up a message: your account Haiyan has been permanently blocked for violating relevant regulations, and all videos will be removed from the shelves for processing.

Then, she hurriedly entered the personal center.

Inside... it's blank.

Immediately afterwards, a prompt box popped up: Sorry, your account has been frozen and cannot be used, please log out.

there is none left.

My account is gone!

For this account, Li Haiyan invested a lot of money in promotion, attracting popularity and so on.

It's hard to accumulate 3 million fans, now there are none?

The money invested in the previous period has not been earned back, so there is nothing?!

No!

no!

complaint!

He did not violate the rules.

She hurriedly dialed Douyin's official phone number.

"Hello, Douyin is at your service. May I ask you something?"

The phone connected, and there was a very pleasant voice.

Li Haiyan said: "I'm Li Haiyan, funny ID Haiyan, why has my account been frozen? The videos have also been taken off the shelves? Do you know how much loss this will cause me? Get me back quickly!"

When she spoke, it was like a cascade of cannonballs, blasting wildly.

The female customer service on the phone frowned slightly.

She doesn't like this kind of unqualified person very much.

The female customer service took a deep breath, which suppressed the unhappiness in her heart.

Then, both hands jumped quickly on the keyboard.

Soon, she found relevant information about Haiyan.

There is only one line of comment: Violation of relevant regulations, permanent freeze. Zhang Daming.

See here...

The female customer's pupils shrank.

Who is Zhang Daming?

The chairman of Douyin!

The account he personally blocked, let alone a small anchor with 3 million fans, even those big anchors with tens of millions or tens of millions, is definitely not possible to unblock it again.

In addition, if the other party was personally blocked by the chairman, it is likely to offend the chairman.

Thinking of this, the voice of the female customer service became much colder.

“Sorry, your account has violated relevant regulations and has been permanently frozen. Goodbye.”

After speaking, he directly hung up the phone.

“Hey Hey hey!”

Li Haiyan didn't expect that the customer service would directly hang up. After feeding for a long time, only a hurried busy tone came in return.

“Dare to hang up my phone!”

Then, she dialed Douyin's official phone again.

This time, it was a male customer service.

When he saw Haiyan's account, there was not much difference from the previous female customer service attitude.

He only said that he violated the regulations and hung up the phone.

Being hung up by a funny voice several times in a row made Li Haiyan even more annoyed.

She sternly said: “Don't you unblock me? Okay! I register a trumpet myself and post all these things!”

So she quickly registered.

But when she logged in, a video screen popped up.

If it is a general video screen, that's all.

Li Haiyan will definitely choose to close it directly.

However...

This video is hers.

“This... this guest, it seems that you forgot to pay the bill just now.”

“Pay the bill?”

“Blind your eyes!”

“Do you know who I am? I’m Haiyan, a great food anchor! I have more than 3 million fans on Douyin!”

“I ate in your store and it was broadcast live. How much traffic will this bring to you?”

“I haven’t asked you for money yet, that’s because I have a big belly, so you dare to ask me to pay the bill? Did you show your face!”

...

“Now, everything must be settled in accordance with the normal shop visit!”

“My normal shop is 200,000 yuan! You pay me 200,000 yuan, and that’s it.”

...

“Ouch, my belly...”

“I just ate 18 kinds of food, steak and lobster from Time Restaurant, why it hurts so suddenly...”

Below the video screen, there have been nearly 100,000 comments.

[Cherrim: I think she is very suitable to play the villain.]

[FIL: This is Haiyan? This pie face... Oh my God! There is a big difference between the things she took pictures of herself!]

[Ordinary people: If you don’t pay for meals, you also forcibly ask for a shop fee, 200,000? I bother!]

[Long Di: It’s yue.]

[Junzhi ZN: It’s too good to play.]

[Mask Superman: No wonder she will be blocked, she deserves it!]

...

Seeing this, Li Haiyan's eyes widened completely, and fine beads of perspiration filled her forehead.

I was actually filmed in a video.

Moreover, it was seen by so many people.

So many comments...

It's over, it's over...

Then, Li Haiyan seemed to have thought of something.

She suddenly cast her gaze on Omi.

Just now...it seems to be because Omi made a phone call and said that he was going to block himself and promote a video.

Then, I was blocked, and this video was commented by tens of thousands of people in a blink of an eye.

It's him!

It's him!

it's him!

Li Haiyan's heart trembled.

You can do this with just a phone call...

Who is he?

Li Haiyan cried and said, "Lin...Mr. Lin, I'm sorry, I was wrong just now..."

While speaking, she seemed to want to hug Omi's arm.

However, Omi stared, "Don't come near me!"

With this look, Li Haiyan's heart trembled again, and stopped directly.

Omi continued: "If you have done some things, you should pay for your actions."

Li Haiyan hurriedly said: "Mr. Lin, I was really wrong, please, please forgive me..."

Omi seemed to be a little tired of her voice, and said coldly: "Leave now, otherwise, I promise that the punishment just now is just the beginning."

When Li Haiyan heard this, her heart was inexplicably tensed, her mouth opened, but she did not dare to speak any more.

Because she was afraid.

She was afraid that anything she continued to say would have terrible consequences.

The other party definitely has such an ability!

"Tatata!"

At this time, there was a sound of footsteps at the door.

Two women of medium build were walking inward while playing on their mobile phones.

When one of the women saw Li Haiyan, she couldn't help but be surprised: "Look, is that the Haiyan on the funny sound?"

The woman next to him said, "This big pie face, yes, it is Haiyan!"

"After doing such a shameless thing, you still stayed in the Time Restaurant?"

"Yes!"

While they were talking, they turned on the cameras one after another.

When they were talking, someone came in again, they said similar things, and pointed at Li Haiyang.

Li Haiyan's entire face turned red when she heard the people's words.

She lowered her head, no longer thinking about staying any longer.

...

For Omi, Li Haiyan's matter was just a small matter.

She was gone, and she was happy too.

Under the arrangement of General Manager Zhang Shiwei, Omi came to the luxurious box and ate a sumptuous lunch.

Originally, Zhang Shiwei wanted to report on the situation of Time Restaurant.

However, Omi stopped it, saying that it was the same as before and normal development would do.

After eating and drinking, Omi drove Cullinan forward on the wide road.

“laugh!”

Before a red light, Omi’s phone shook slightly.

12:00!

Red envelopes appear!

Taking advantage of his free time, Omi quickly clicked.

“Ding! Congratulations, you got 1 yuan.”

“Ding! Congratulations, you got 9,999 yuan.”

...

“Ding! Congratulations, you got 88 yuan.”

“Ding! Congratulations, get 1 billion Shark Coins.”

...

“Ding! Congratulations, you have obtained a 10% stake in Starbucks Coffee.”

This time, Omi received a total of 48991 yuan, 1 billion Shark Coins, and 10% of Starbucks Coffee’s shares.

The market value of Starbucks is close to 800 billion yuan.

10% of the shares, that is to say, Omi received 80 billion yuan in red envelopes this time!

For Omi, money is just a string of numbers.

However, he nodded in satisfaction and said, “It’s not all cash anymore.”

While talking, he was about to put down the phone.

However, it was also at this time that Omi accidentally ran into Didi APP.

Almost just a second, the order is successful!

When Omi was about to click to cancel the order...

“Crack!”

Cullinan’s car door was opened.

A woman with a plump body and delicate face in a white short skirt walked up slowly.

“This car is so big.” The woman exclaimed.

Obviously, she is the passenger that Didi placed the order.

Omi glanced at the destination, not far away, only about 10 kilometers.

In addition, there is nothing wrong with me now, so I just want to drive and have fun.

Therefore, Omi did not cancel the order, nor did he let the woman go down.

“boom!”

Depressing the accelerator, the whole car gallops forward like a beast.

The woman looked at the rapidly passing building outside the window, and once again admired: “So fast!”

After that, she did not forget to look around the car.

“What kind of car is this? A BMW?” the woman asked.

However, before Omi could answer, the woman exclaimed: “The top of the starry sky! Is this a Rolls Royce?!”

Then, she directly used a pair of beautiful eyes shining with starlight, as if they were on the top of the starry sky, and landed on Omi.

Look at...

The beautiful eyes of women are even more shining.

Chiseled facial features, strong and powerful arms!

So handsome!

Perhaps it was because of being in a confined car, a blush appeared on the woman's pretty face, and her heartbeat could not help but speed up a bit.

After a while, the woman said, "Handsome guy, that... that... what do you think of me?"

While she was speaking, she deliberately stood up, as if she was trying to free her chest from the confinement of her clothes all the year round.

Then, the woman introduced herself: "My name is Su Wen, I am 20 years old this year, I am 165 in height, 45 in weight, and 88, 61, 89 in measurements."

"Handsome guy, can I add your WeChat?"

Omi, who was sitting in the driving seat, was almost choked by his saliva.

What the hell?

Now before adding WeChat, do you still need to introduce yourself? Or even report measurements?

"laugh!"

Omi slammed the brakes and stopped the car steadily.

"Here, besides, I have a girlfriend."

When Su Wen heard this, she couldn't help lowering her head and walked slowly outside.

When she just got out of the car, there was a touch of firmness on her face, and said: "We can still add WeChat first..."

"boom!"

However, what responded to her was the roar of the engine like a beast.

Cullinan galloped straight into the distance.

See here...

Su Wen just looked at the taillights of Cullinan from a distance, and said regretfully: "I should have said earlier."

...

The unexpected order for Didi was just an episode.

Omi drove Cullinan to the Feiyang Building and was about to visit Chu Yunyue.

Unfortunately, Chu Yunyue went to another place today.

So Omi quickly went back downstairs.

He accidentally saw the Starbucks coffee on the first floor and murmured: "Go in and take a break. How about the taste of Starbucks coffee by the way."

After all, he is now one of the owners of Starbucks Coffee. UU reading Omi

As soon as he walked in, even though he had not had coffee yet, Omi had already nodded secretly.

Not to mention the taste of the coffee, the decoration and atmosphere inside are also attractive enough.

"Guru!"

After taking a sip of coffee, Omi murmured, "The taste is average..."

He looked at the endless stream of people in the store and said, "Is it mostly because of decoration?"

In Starbucks coffee, there are people who read books, people who use computers to study, and people who whisper...

Omi didn't bring books, two computers, and three acquaintances to chat...

So, he took out his mobile phone, ready to play casually.

At this moment, he happened to see the Shark APP, and didn't hesitate too much, so he clicked directly into it.

After all, I got 1 billion Shark Coins not long ago.

Omi quickly set his sights on Xiangxiang's live broadcast room.

He still remembers... At that time, his roommate Zheng Jinbao liked Xiangxiang very much, and later he gave her several rewards.

At this time, Xiangxiang was singing "Meeting" in the live broadcast room.

"I think, I wait, I look forward to it, but the future cannot be arranged because of this..."

Coincidentally, Omi still remembered that she was singing this song the first time she watched Xiangxiang's live broadcast.

However, at that time, the live studio was not popular at all.

Today, Xiangxiang has become the top three most popular anchors in Shark Live.

However, this did not make her feel any pride.

She still sings so seriously and nicely.

This couldn't help making Omi nod to himself.

At this moment, Xiangxiang, who was singing seriously, suddenly opened her mouth.

Because, a dazzling golden reminder appeared in the live broadcast room: welcome the emperor to fight workers, come to the live broadcast room!

PS: !

(

Actually...

Not only Xiangxiang noticed the reminder in the live broadcast room.

Many viewers have also noticed.

[Click here: f*ck! Am I dazzled? I actually saw the worker Shenhao appearing!]

[The only one: tears are all over my face, the striker Shenhao finally appears!]

.....

Although, Omi hasn't come to the live broadcast room for a long time.

However, there is always a legend about him in the live broadcast room.

Omi couldn't help but touched his nose, then clicked for a reward.

"Wow!"

500 planes.

.....

In the blink of an eye, dense rockets, like pouring rain, densely covered the entire live broadcast room.

[Xiaobao: Rockets! Lots of rockets! Oh my!]

[Er Li: The worker Shenhao is starting to reward again! Youth, the youth of the Lord is back!]

[Zhang Xiaoguang: Who just said that he was an emperor? Let's talk about it now!]

[Blooming Falcon: Fighting the workers Shenhao, awesome!]

[Beigu laughter: Niu***** Letter to: Niubi!]

.....

It was also at this time that Xiang Xiang recovered from Omi's sudden appearance.

She happily said, "Thank you, Shenhao, the worker."

[Batman Shenhao: You are welcome, please help me sing "Those Years".]

Omi remembered that the first time he ordered a song, it was "Those Years" that Xiangxiang sang.

Xiangxiang said: "Okay."

The music plays.

It was the first time that Omi listened to Xiangxiang singing in those years, and from her singing, she heard lively and tranquility.

Now, there is a different kind of lovesickness.

The song is over.

[Playing workers: I sing very well.]

So, he casually started to reward.

"Wow!"

10 frames!

100 frames!

300 planes!

500!

.....

There are also densely packed rockets, all over the live broadcast room.

[Lamp: Ahhhhhhhh! Fighter Shenhao, I love you!]

[Yuwen: Great!]

[Love you never change your heart: awesome!]

[Silence: 99999!]

.....

The movement of Xiangxiang's live broadcast soon attracted the attention of other anchors.

[Momo: Wow! The worker Shenhao is here!]

[Xiao Ai: I'm so happy, I've seen the worker Shenhao again!]

.....

If it were ordinary gods, they wouldn't be so excited.

However, they had seen Omi with their own eyes in reality, and they knew very well how handsome Omi was and what terrifying strength he possessed.

Omi smoothly entered the live broadcast of Momo and Xiao Ai, and rewarded 1,000 rockets respectively.

After all, a few people are considered friends.

"Thank you, thank you Shenhao, the worker!"

"thanks!"

Momo and Xiao Ai shouted in excitement.

Just after Omi finished the reward, the middle-aged man wearing silver-rimmed glasses next to him happened to look over.

He saw the scene where Omi was at the top of the rewarding list and the anchor couldn't help thanking him, his eyes moved slightly.

The man with silver rim glasses said in a very sophisticated tone: "Top? Young man, how much did you reward this anchor?"

Omi raised his eyelids and said, "One million."

The man with silver-rimmed glasses shook his head and said, "Just because the other party said thank you, you will give a reward of 1 million?"

"Should you also add a friend of the other party?"

Omi nodded.

He did add friends of these anchors.

The silver-rimmed glasses man showed an expression like this, and said: "She should still take the initiative to chat with you, calling your brother or even her husband in a very nice voice, right?"

"Just like that, you rewarded her with 1 million?"

"Do you know? Don't look at her good voice, live broadcast is also good, but, have you seen her real person? No! Maybe even a woman."

The man with silver rim glasses likes to talk to people in this educational tone.

Because of this, the other party will soon bow their heads to admit their mistakes and repent.

He enjoys this feeling.

A feeling of acting quietly.

Omi said lightly: "I have met a real person."

This sentence directly caused the male with silver-rim glasses to punch the cotton, softly.

He could not help clearing his throat and said: "A reward of 1 million? I don't ask you where the money comes from. But you should calculate how long it will take you to earn 1 million, and then see if it should be. Reward so much."

Omi thought for a while and said, "If one million is...well, we have been talking for so long, we should have already earned it."

This sentence, Omi only counts a small amount, absolutely no exaggeration.

To know.....

Now Omi owns 80% of the shares of the Penguin Group and Ari Group. He also owns patents for carbon-based chips, super batteries, and super batteries, plus the dividends of other large companies...one month, several hundred I am afraid that billions of dollars are not a problem.

There should have been a minute of chatting, and he really earned it.

Hearing the words of the silver-rimmed silver mirror, he almost didn't laugh.

He just wanted to speak~~ Ding! "

At this moment, Omi's phone shook slightly.

"Remitted by China Merchants Bank, 5218 million yuan. Remarks: UOB Group's profit distribution in May."

See here...

The body of the man with silver rim glasses was slightly stiff.

This is an official text message from China Merchants Bank, not a fake message!

5.2 billion!

Dahua Group's May Profit Dividend!

"Ding!"

"Remitted by China Merchants Bank, RMB 1,209 million. Remarks: Yadi Group's profit distribution in May."

The body of the man with silver rim glasses stiffened again.

1.2 billion!

Yadi Group's May Profit Dividend!

"Ding!"

"Remitted by China Merchants Bank, RMB 2091.1 million. Remarks: Huazhidi's profit distribution in May."

The body of the man with silver rim glasses froze completely.

2000000000!

Huazhidi 5 Fishmeal Profit Dividend!

Oh my!

What is the identity of the young man in front of him?

What kind of existence do you pretend to be?

At this moment, Omi showed a smile on his face and slowly raised his head.

The whole face of the man with silver rim glasses turned red in an instant.

In his opinion, ridicule, this is Chi Guoguo's ridicule!

However, the other party does have the qualifications to ridicule.

Before Omi could speak, the man with silver rim glasses lowered his head and hurriedly ran outside.

Shame!

What a shame!

However, where did the silver-rimmed glasses man know, Omi didn't mean to mock.

The reason why he smiled is because a clear reminder sounded in his mind.

【 Ding! Complete hidden tasks, with funds exceeding 100 billion yuan. Get 5 platinum red packets. 】

PS:.

(

Platinum red envelope!

This is something I haven't gotten for a long time.

Omi didn't stay in Starbucks for a long time, and drove Cullinan, who was parked outside, straight to Panlong Villa.

Because he can't wait to open these 5 platinum red packets to see what he can get.

Sitting on the soft sofa, Omi focused directly on the platinum red envelope.

"Turn on!"

【 Ding! Congratulations, you got 9 million yuan. 】

"I haven't opened the platinum red envelope for so long, why is there still this kind of garbage?" Omi curled his lips.

【Ding! Congratulations, you have gotten your share double coupon. 】

“Reluctantly,” Omi murmured.

【Ding! Congratulations, you have received 5 million yuan. 】

“Money again?” Omi said helplessly.

【Ding! Congratulations, get a 1 yuan crit card. 】

“Spent 1 yuan to get 100 million? It’s **** again.” Omi said.

【Ding! Congratulations, you have received 5 million yuan. 】

See here...

Omi said, “Luck seems to be really bad these days. There are 5 platinum red envelopes, only one thing that is barely okay.”

While speaking, he focused his attention on the stock double coupon.

“The letter beating seems to be good, just let it be.”

【Ding! Congratulations, you have successfully used the stock double coupon for the Alphabet Group and now own 10% of the Alphabet Group shares. 】

.....

At this time, Zhang Daming is holding a high-level meeting.

A secretary with a better figure whispered a few words in Zhang Daming’s ear.

next moment.....

Zhang Daming directly widened his eyes and said, “What?”

He stood up abruptly, his face full of anxiety.

Because, the secretary told him... Omi bought a lot of shares in the letter beating until he held 10% of the shares!

10%!

At this time, Omi has become the second largest shareholder of the letter beating!

Zhang Daming knows exactly what terrifying power Omi has. This is the terrible existence that completely controls the Penguin Group and the Ari Group!

The other party made such a move, could it be...Where did you offend him?

Zhang Daming's thoughts turned for a while, and soon his thoughts fell on the anchor Haiyan who was blocked not long ago.

Could it be that Omi felt that he had not tried his best to punish him.

So, warning yourself?

right!

It must be so!

Thinking of this, Zhang Daming hurriedly said: "Issue the task to greatly increase the traffic to those who criticize the anchor Haiyan!"

Although, the secretary did not know why the chairman suddenly made such a decision.

However, she was still busy: "Yes."

Poor Li Haiyan soon rushed to the hot list again.

No matter where you go, you will become the object of ridicule.

.....

For these, Omi didn't care at all.

As he said, if you do something, you must bear the consequences!

.....

In a blink of an eye, a few days passed.

Today, after Omi had breakfast, he went straight to Jiangbei University.

After all, he is a teacher, and it is not very good for students to study by themselves for a long time.

What's more, today is the last day of the semester.

On the last day, it is supposed to help students solve the problems of this semester.

At this time, several bright banners hung in front of the gate of Jiangbei University.

“Warm congratulations to Professor Omi of our school for winning the Nobel Prize in Chemistry”!

“Congratulations to Professor Omi of our school for winning the Nobel Prize in Physics”!

“Congratulations to Professor Omi of our school for winning the Nobel Prize in Medicine”!

“Congratulations to Professor Omi of our school for winning the Nobel Peace Prize”!

Many students who came in and out stopped to hold their mobile phones or to take pictures of banners, or to take pictures at the school gate...

The four Nobel Prizes, even if they are sent to the circle of friends, are very face-conscious.

Omi had long been accustomed to putting his name on the banner, so he didn't care at all.

As soon as he walked to the office, Hao Zhiwu who was pouring tea found him and said excitedly: “Professor Lin, you are here!”

Jiang Chaoqun, Nie Zhenjiang, Liu Qianqian and others turned around and looked over.

Their eyes are full of worship.

Xia Bing and Xia Xue took out a bottle of Pulse from the drawer and handed it out.

“Guru!”

“Guru!”

Omi took the pulse, and each took a sip and said, “Is there any question that I can't answer recently?”

Hao Zhiwu took the lead and said: “Professor Lin, I wrote a paper, what do you think?”

While speaking, he handed out a stack of documents.

Omi didn't wait for anything, and quickly looked through it.

“Wow!”

In just a few seconds, a dozen pages of papers were all turned over.

Although, Hao Zhiwu usually seems to be bluffing and loves to play games.

However, I have to say that I still have a strong ability.

Omi said, “I have a good understanding of the nervous system, but there are still some flaws. You can send me the electronic version, I will modify it, and then I will help you vote in “Science” for a try.”

Hao Zhiwu’s heart jumped suddenly, and he said excitedly: “Yes, Professor Lin!”

“Science” is almost the top issue of all scientific research categories, and only “Nature” can be compared with it.

If a paper can be published in “Science”, it is definitely a great event~~ Other people’s words and hearings all cast enviable eyes at Hao Zhiwu.

At this time, Liu Qianqian said, “Professor Lin, I also wrote a paper...”

Omi said, “Send me the electronic version.”

After a pause, he said: “Others are the same. After you finish writing, just send it to me.”

“Ding Dong!”

As soon as Omi sat down, several emails popped out. They were papers by Hao Zhiwu, Liu Qianqian, Jiang Chaoqun, and Nie Zhenjiang.

Liu Qianqian and others are the top students among the many students. Coupled with the hard work during this period of time, everyone has been greatly improved.

Everyone’s essays are very good.

Coupled with Omi’s modification and polishing, all these papers have the possibility to log in to the top journal.

.....

Omi, like most teachers, did not attend a whole day of class on the last day before summer vacation.

Because they know that the minds of the students are no longer in school.

In addition, there are many students who need to take the train home.

However, Omi didn't think that the students were out of school and needed to take the train home.

But he wants to go home for lunch today.

Since it is noon, it is not part of the rush hour, and there are not many vehicles on the road.

Omi drove Cullinan across several roads and drove straight into the highway.

Then, like a beast, it galloped in the direction of Qingshi.

About an hour later, four familiar streets appeared in his field of vision.

"laugh!"

Just after parking the car and walking out, a familiar shadow ran over from a distance.

"Brother, you are back!"

She... is Lin Xiaoyao.

Lin Xiaoyao yelled from a distance, and finally rushed into Omi's arms.
