

The Luckiest man in the world CHAPTER 561–565

Subscribe

This man is Liu Yuhang who hasn't seen him for a long time!

At the beginning, after the Panshan highway racing, Liu Yuhang began to have a deep friendship with Omi.

Later, when he took Omi to attend the auction in Beijing, Omi rescued the Zhou family elder.

This made Liu Yuhang marvel at Omi.

And when Omi used amazing economic means to easily obtain 400% of the profits in the stock market in just three days, Liu Yuhang became worshipped.

Not long ago, Omi took out the insulin rehabilitation medicament and asked Liu's family and Sun's family to sell it together, which made Liu Yuhang extremely grateful.

At first, I just wanted to make good friends.

But, later, Liu Yuhang has completely regarded himself as a little brother.

How can I not get excited when the younger brother sees the eldest brother? Any disrespect?

Wang Tong was a little dazed.

Because Liu Yuhang walked down from Lamborghini.

As a result, he actually knew Omi?

Moreover, the tone is so respectful?

Respectful?

Open Lamborghini's width, respect for a loser?

What is going on here?

Compared with Wang Tong's incomprehension, Tan Jiayou's heart jumped wildly.

Because, he knew...or had met Liu Yuhang!

That was at the dinner not long ago...

When Liu Yuhang came to the banquet, he immediately became the most shining presence on the scene.

Everyone hurriedly stepped forward to inquire about the warmth, and laughed constantly.

Tan Jiayou's father, because Liu Yuhang casually drank a glass of wine with him, and did not fall asleep for a few nights happily.

Later, his father told Tan Jiayou that Liu Yuhang was the youngest of Liu's medicine!

Liu's Medicine, what kind of existence does that exist?

Before this year, Liu's Medicine was a giant enterprise in the entire Jiang Province!

This year, Liu's Medicine and Sun's Medicine have obtained the total sales rights of insulin rehabilitation medicine.

This makes Liu's Medicine and Sun's Medicine begin to expand, and they are faintly becoming the top domestic pharmaceutical companies.

As the elder of Liu's medicine, Liu Yuhang is like being sitting on the top of the cloud!

Such an existence unexpectedly appeared in front of him.

Moreover, he also called an ordinary-looking young...Fan Ge?

This...

I must have heard it wrong, right! That's it!

Omi was also a little surprised: "Yuhang, it's been a long time since I saw you, what have you been up to lately?"

Liu Yuhang smiled and said: "After Fan gave the insulin rehabilitation medicine to our family and Sun's family, I have been helping the family to open up the market."

"Boom boom boom!"

Tan Jiayou's heart is shocked!

I heard it right!

Liu Yuhang is really calling him Brother Fan!

Moreover, according to what Liu Yuhang said, the reason why Liu's Medicine and Sun's Medicine were able to sell insulin rehabilitative drugs was entirely the credit of Omi?

This...

Who is this young man?

I even said just now that I want the other party to work in my father's company and give him twice the salary?

In addition, Li Xinyue seems to be Omi's girlfriend.

I also repeatedly showed my desire for Li Xinyue.

This this...

Tan Jiayou thought of this, his entire face became white, and a layer of fine sweat gradually oozes on his forehead.

He understood that he was in trouble.

disaster!

Omi completely ignored Tan Jiayou's psychological changes and still talked and laughed with Liu Yuhang.

"You guy, it seems to blame me for giving the insulin rehabilitation medicine to your family and Sun's family for sale, so you have no time to play."

Liu Yuhang hurriedly said, "Where can I blame it, I am too happy to have time!"

"Because Brother Fan sold the insulin rehabilitation medicine to our family, I had the simple task of opening up the market. I completed it quickly, and the family gave me a lot of bonuses."

"With these bonuses, I can refit Daniel to better!"

Speaking of refitting Daniel, Liu Yuhang's eyes seemed to flash with bright light, and the whole person seemed extremely excited.

He loves cars from the heart.

Omi couldn't help laughing as he looked at him seriously.

Then Omi introduced: "By the way, this is my school girl Li Xinyue."

What vision does Liu Yuhang have?

He easily noticed Li Xinyue's exquisite and good-looking appearance, and the beautiful eyes that looked at Omi were full of light that belonged only to lovers.

So Liu Yuhang immediately said: "It turns out to be Sister Xinyue! Sister Xinyue is good."

Liu Yuhang is several years older than Li Xinyue.

As a result, she called her sister Xinyue in turn.

Li Xinyue's pretty face instantly flushed.

She understood the meaning of this claim.

Because Liu Yuhang just called Omi fan!

One brother, one sister...

Li Xinyue was shy and happy.

Liu Yuhang turned around and opened the Lamborghini Daniel's storage box, took out a suet jade bracelet from it, and said, "Sister Xinyue, I went out in a hurry today and didn't bring any gifts. I hope you don't dislike this bracelet."

Li Xinyue doesn't like to accept gifts from others casually.

Especially boys.

However, this is a meeting gift from Omi's friend.

Moreover, the other party also called himself Xinyue sister.

If not, will Omi have other ideas?

After hesitating for a while, Li Xinyue stretched out her hand and said, "Thank you..."

Liu Yuhang smiled heartily: "Sister Xinyue, you are too kind to read Omi."

I have to say that Liu Yuhang really has good communication skills.

After a few words, he easily got closer to Li Xinyue.

At this time, Omi seemed to have thought of something, and then said to Tan Jiayou: "Right, you just said that as long as I want to do business, you can immediately transfer the money to me, right? Then do it, first. 10 billion."

10 billion?

Even if the entire Tan family was sold, it wouldn't be enough.

Tan Jiayou understood that Omi was deliberately making things difficult and punishing himself.

So, in a mournful tone: "Lin...Mr. Lin, I'm sorry, I didn't know Taishan before, I'm sorry..."

Omi said, "Why don't you know Taishan? Didn't you say that your waffle company is going to be listed soon? Didn't you work as a department manager at Maple Leaf Ventures? Didn't you just agree? It's only 10 billion."

Tan Jiayou was almost crying, and said in a panic: "Mr. Lin, I'm sorry, I'm sorry...I will never pester Li Xinyue again, I'm sorry..."

"Humph!" Omi snorted.

How smart is Liu Yuhang?

With just a few words, you can easily know what happened.

Perhaps it was Tan Jiayou who saw Li Xinyue's beauty, so he began to show his strength to win Li Xinyue's love.

This is greedy for Omi's woman, and it is still in front of Omi!

It's... asshole!

Liu Yuhang's entire face sank in an instant, and said, "Waffle Company? The chairman seems to be surnamed Tan? It seems that this company is developing too smoothly."

Tan Jiayou's body trembled, and he was extremely alarmed: "Shao Liu, please be merciful, Mr. Lin, Shao Lin... I'm sorry, I'm sorry..."

(

Compared to some factories and companies, Waffle Company can barely be regarded as a large company with a certain scale, with total assets barely exceeding 100 million.

However, if the Waffle Company and Liu's Medicine are put together, there is no comparison at all!

The difference between cloud and mud!

Don't look at Liu Yuhang usually talking and laughing, there is no air in it.

However, he is definitely not a soft-hearted person.

Liu Yuhang faced Tan Jiayou's bitter pleading, as if he hadn't heard it, and ignored it at all.

Omi glanced at some passers-by. It seemed that because of Tan Jiayou's voice, they cast curious eyes, frowning and saying, "It's almost time for dinner, let's go eat something first."

"Yuhang, is there any good place to eat recently?"

Liu Yuhang immediately said: "Brother Fan, you can just ask the right person! Let me arrange it at noon. What do you think?"

"Don't worry about me, and you can eat food for free, of course!" Omi smiled.

Liu Yuhang was also extremely happy and said: "Hahaha! Then leave it to me!"

After a pause, he said: "Brother Fan, my car only has one seat. I will arrange for another car to come over."

Omi waved his hand and said, "No, my car is over there, you can lead the way in front."

While talking, he took out the car key and pressed it lightly.

Not far away, the tall, cool Cullinan immediately lit up the lights.

Then, Omi said to Li Xinyue: "Xinyue, are you free at noon? Do you want to have dinner together?"

Eat with Brother Lin?

This has always been my dream!

Li Xinyue didn't hesitate at all, and immediately nodded and said, "I'm free!"

Wang Tong next to him saw Omi and Liu Yuhang training Tan Jiayou like grandsons.

Moreover, Liu Yuhang drives a Lamborghini Daniel, and Omi drives Cullinan...

At this time, no matter how stupid they are, they know that they are all very big and young.

Wang Tong couldn't help but said, "That... can I go there together?"

While talking, she made a pitiful appearance, like a wounded rabbit.

Omi did not speak, but looked at Li Xinyue.

Li Xinyue said directly: "No."

After speaking, she sat on Omi's Cullinan.

Li Xinyue and Wang Tong spent a week together.

Not familiar at all.

Since the dormitory dinner, Wang Tong has been deliberately complimenting Tan Jiayou in front of Li Xinyue, wanting to match the two, which has made Li Xinyue a little unhappy.

However, she did not show it, but simply refused.

Today, after Li Xinyue clearly refused, Wang Tong found a reason to ask her out, and even created a chance encounter between her and Tan Jiayou.

This made Li Xinyue disgusted.

In Li Xinyue's psychology, Wang Tong has been completely blackened.

At this time, how could she agree to let her go to dinner together?

"boom!"

After Omi heard Li Xinyue's answer, he didn't stop anymore, slammed on the accelerator, followed the Lamborghini Bull, and continued to gallop forward.

A super sports car, a top SUV... One after another, forming a beautiful landscape on the wide street, attracting the attention of many passersby.

Soon, the three people came to a restaurant called Big Pufferfish.

As soon as I walked to the door of the store, a tempting fragrance diffused out, giving people a feeling of appetite.

Li Xinyue said with some doubts: "Puffer fish, can you eat it? Isn't it poisonous?"

Omi said: "The puffer fish is indeed poisonous. However, it is only the ovaries, liver, kidneys, blood, eyes, gills, and skin of the puffer fish that are poisonous. Among them, the ovaries and liver have lethal poison."

“So, when cooking puffer fish, just ask an experienced chef to completely remove these parts, especially the ovaries and liver, and you can eat it with confidence.”

His answer was very indifferent.

In fact, these... are only for ordinary people.

If it's Omi, even if the ovaries and liver are not removed, it doesn't matter.

Because Omi was already invincible.

Li Xinyue listened to Omi's answer, a look of obsession appeared on her face.

Learned and talented!

As if nothing can stump Brother Lin!

So handsome!

Liu Yuhang followed in admiration and said, “As expected, Brother Fan, who even knows these! It seems... Brother Fan has already eaten pufferfish, and I want Brother Fan to try it.”

Omi smiled and said, “I only see these from other places. Today, this is the first time I have come to eat pufferfish.”

This sentence, Omi can be said to be half-truth.

Because the knowledge about puffer fish is not from other places.

But he knew it when he got the master chef experience from the system.

However, Omi has not eaten puffer fish.

Liu Yuhang smiled and said, “Really? Then it seems that I brought it right.”

After a while, a large pot was brought up with fragrant puffer fish soup inside.

“Gurulu!”

As the soup boiled, Liu Yuhang said, “Brother Fan, Sister Xinyue, you can try the soup first. It is very sweet and delicious.”

The two of them took a sip of soup...

Li Xinyue's pretty face ~~ shows a touch of enjoyment that is difficult to hide.

Omi said, “It's delicious.”

Liu Yuhang was even more happy and said, "You guys will try the puffer fish again."

Melt in the mouth, fresh and sweet!

Li Xinyue couldn't help but said, "It's delicious!"

Omi followed and nodded.

All three of them were very happy and satisfied with this meal.

Liu Yuhang had a rare encounter with Omi, and wanted to communicate with him more in his heart.

However, he understood that it was not the time at all, and it would even disturb the time between Omi and Li Xinyue.

So, after lunch, Liu Yuhang found a reason and left early.

Omi said, "Xinyue, have you been to Jiangbei before?"

Li Xinyue shook her head and said, "Not yet."

In fact, this is also the reason why she was able to be asked by Wang Tong today.

Omi said, "Then I'll take you around and consume food by the way."

"Okay." Li Xinyue said very happy.

In her heart, as long as she stayed with Omi, she could do anything.

Omi first took Li Xinyue to the famous Tianhu Lake in Jiangbei to enjoy the beautiful scenery of nature.

Then, took her to the M Mall.

When passing by the Cartier shop, on the recommendation of the shopping guide, I bought a necklace for Li Xinyue.

After all, even Liu Yuhang gave a meeting gift.

Omi, the senior, how could he not give the meeting gift?

Today, Li Xinyue's entire face is almost always with a sweet smile, extremely happy.

This is not because of seeing the beautiful scenery of Jiangbei, nor is it because of experiencing the prosperous city of Jiangbei.

It was because I met Omi, ate with Omi, and received Omi's gift!

(

When Li Xinyue returned to Jiangbei University, it was already 9 o'clock in the evening.

As soon as she entered the dormitory, Wang Tong hurriedly greeted her and said with a smile: "Xinyue, you are back..."

"You must be thirsty? I just bought you a cup of milk tea."

Obviously, Wang Tong wanted to ease the relationship between the two.

In fact, the strength that Omi showed was too extraordinary.

Li Xinyue said indifferently: "Drink it by yourself, I'm not thirsty."

After speaking, he walked directly from the side and sat on his bed.

Wang Tong was a little embarrassed while holding the milk tea.

She gritted her teeth and came to Li Xinyue again and said, "Xinyue, I was wrong before..."

"At that time, I thought you had no object..."

"When I saw Tan Jiayou... he was pretty good, I thought that the water would not flow out of the field of outsiders, so I wanted to introduce him to you."

"See if I don't know if I can stop being angry. I'm sorry to tell you, we should still be good friends, okay?"

After Wang Tong finished speaking, he made a pitiful appearance.

However, this made Li Xinyue even more bored.

Do not you know?

Didn't I tell her that I have someone I like?

Of course, the most important thing is that Wang Tong mocked Omi face to face!

This is something Li Xinyue absolutely cannot forgive!

Li Xinyue said coldly: "You and I have never been friends, let alone good friends!"

After she finished speaking, she ignored Wang Tong again.

...

At the beginning, Tan Jiayou was worried for a while because of Liu Yuhang and Omi.

However, it didn't take long for him to relax again.

Yes, the Liu family does have a lot of power.

Liu Yuhang was so respectful to Omi, and the other party would certainly not be weak anymore.

But what does this have to do with yourself?

The big deal, I won't do business with the Liu and Lin families in the future, just make less money.

So Tan Jiayou found a club and had a good time relaxing all afternoon.

"Jingle Bell!"

At this time, Tan Jiayou's cell phone rang a rapid ringtone.

He glanced at the call reminder, it turned out that it was the call from his father Tan Yongxing.

"Dad, how are you..."

However, before he could finish speaking, Tan Yongxing's stern shout rang in the phone.

"Tan Jiayou, what exactly did you do?!"

This angry shout directly stunned Tan Jiayou.

He squatted: "I...I didn't do anything..."

"I didn't do anything? Why did Liu's Medicine, Sun's Medicine, Song Liangcha, Duan's Family, Zhang's Family, and Wanfu Group all issue a ban on our Waffle Company?!"

"Labor and management tell you that none of the goods in Waffle Company's hands can be sold anymore, and all previous orders have also been cancelled... Even Waffle Company has been subject to very severe scrutiny!"

"Now, the Waffle Company may go bankrupt and go bankrupt at any time!"

"You tell the labor and management what you have done!" Tan Yongxing roared loudly.

Originally, Liu Yuhang wanted to punish the Waffle Company alone.

However, after he went home to investigate, he found that the Waffle Company had a certain amount of energy.

In order to punish it as quickly and as much as possible, Liu Yuhang probably talked about Tan Jiaying's offending Omi in the future group.

As a result, Liu's Medicine, Sun's Medicine, Song Liangcha, Duan's Family, Zhang's Family, Wanfu Group, etc., together launched an attack on Waffle Company.

One of these forces has far surpassed the Waffle Company.

And the six forces attacked together, that force can be said to be crushing.

In just a short period of time, the Waffle Company was already shaky.

Tan Jiaying said in a panic: "I...I...I..."

"What a s*it! Talk to labor and management!" Tan Yongxing shouted.

"I just wanted to chase the girlfriend of a woman named Omi today. I didn't know his identity at first. Later...Liu Yuhang came and he called Omi to be Brother Fan..." Tan Jiaying stammered.

"Asshole!" Tan Yongxing shouted angrily, "Now, immediately, immediately! Get the labor and management to the company!"

"Ok...Okay." Tan Jiaying said.

As a result, Tan Jiaying went to the Waffle Company non-stop.

When he came to the chairman's office, Tan Yongxing hung up the phone slumping, and when he looked up and saw Tan Jiaying, he roared: "Nizi!"

He strode forward, lifting his leg with one kick, and violently kicked Tan Jiaying to the ground.

"boom!"

"The company that labor and capital have struggled for half a lifetime is just like you ruined it!"

While talking, Tan Yongxing fisted and kicked Tan Jiaying again.

...

Omi didn't know this at all.

For the rest of the day, he stayed at Panlong Villa and Jiangbei University every day at two o'clock and one line.

On this day, when Omi walked into the office, it was abnormally noisy inside.

"Xia Bing, Xia Xue, you are really great!"

"so amazing!"

"Congratulations, congratulations!"

Omi asked with a smile: "What is it, it makes me happy to say it."

Liu Qianqian said: "Xia Bing and Xia Xue have been selected for the International Computer Innovation Award!"

"Oh?" Omi said sincerely with his eyes lit up, "Good job!"

This compliment, on the one hand, is to be happy for Xia Bing and Xia Xue's awards.

On the other hand, he has never forgotten that his task is to get students to win three international awards.

As a result, the task is about to complete one-third!

After Xia Bing and Xia Xue heard Omi's compliment, the whole pretty face instantly looked like a ripe tomato, flushed, and became extremely happy and excited.

In their hearts, no award can compare to Omi's compliment.

At this time, Hao Zhiwu exclaimed excitedly: "Hahaha, I won the award! I also won the award!"

Everyone couldn't help but looked in his direction.

"What award did you get?" Liu Qianqian asked.

"International Neurological Research Award!" Hao Zhiwu said excitedly.

Omiyan heard it, his eyes lighted up slightly, and said, "Yes!"

It is another international award.

Two-thirds of the task is about to be completed!

With the news that three people won the international awards, the learning atmosphere in the entire office has become a bit more intense.

Xia Bing and Xia Xue want to work harder and win more awards, so that Omi will continue to praise themselves.

Liu Qianqian, Nie Zhenjiang, and Jiang Chaoqun felt the pressure because they had not won the award, so they worked harder and worked harder.

Originally, only Hao Zhiwu was the most relaxed.

However, he was affected by the atmosphere of the office, and he couldn't help entering a state of studying hard.

The ancients said: near Zhu is red, near ink is black.

Perhaps that's it.

One day passed by in a blink of an eye.

"Jingle Bell!"

When a brisk bell rang on the campus, Omi got up to announce that today's class is over...

At this time, Jiang Chaoqun exclaimed excitedly: "I have won the prize! I won the International Polymer Research Award!"

"congratulations!"

"Our class has three happy visits today, right?"

"I propose to celebrate in the evening, how about?"

...

In the office, admiration continued.

Liu Qianqian and Nie Zhenjiang are also congratulating, the pressure on their hearts is a little bit greater.

Because, currently...only they have failed to win the prize.

Omi's eyes were even more shining.

Three!

His students have won three international awards in one fell swoop.

Just wait for them to accept the award, and you can complete the task yourself!

Omi happily said, "Yes! Three happy occasions are here to celebrate! In the evening, I will take everyone to eat something delicious."

"Hurray!" everyone shouted in unison.

Those who have won are naturally happy.

Those who didn't win the prizes instantly threw away the worries in their hearts because they were going to eat delicious food.

Among them, Xia Bing and Xia Xue were the happiest.

Because, I have the opportunity to have dinner with Omi again!

...

Omi only drove a Cullinan, and seven people couldn't sit down at all.

Fortunately, Hao Zhiwu bought a second-hand Volkswagen not long ago, and it is convenient for two cars to be reversed.

Under Omi's leadership, it didn't take long for the group to arrive at the Big Puffer Fish Restaurant.

The last time Liu Yuhang brought Omi to eat, Omi remembered the taste. Yesterday he wanted to come over for another meal, but today he had a chance.

"Puffer? Is this delicious?" Hao Zhiwu asked.

Omi smiled and said, "You'll know it later."

The serving speed of the big puffer fish is relatively slow.

Because all the puffer fish are killed and processed now, the process is very complicated.

Moreover, it must not be sloppy.

It took about half an hour before a big pot of puffer fish was brought up.

When the waiter opened the lid of the pot, the fragrant smell of meat instantly penetrated into everyone's mouth and nose.

"Guru!"

Hao Zhiwu, Nie Zhenjiang and others couldn't help swallowing.

Omi smiled and said, "Why are you still in a daze? Eat quickly, it will be too bad for a while."

"Okay." Everyone answered.

"Hey!"

Everyone picked up a puffer fish and put it in their mouths.

Hao Zhiwu praised sincerely: "It's so delicious! I now finally know what melts in the mouth!"

Everyone ate this meal very happily.

...

In a flash, it was another few days.

On this day, Omi drove Cullinan back to Qingshi deliberately and brought his parents over.

Then, carrying Lin Xiaoyao, Lin Tao and Dai Weixue to Jiangbei International Airport.

Lin Tao and Dai Weixue deliberately put on brand new white shirts and long skirts, looking very solemn.

Because, today, they are going abroad with Omi to attend the Nobel Prize award ceremony.

Compared to Lin Tao and Dai Weixue's solemnity and tension.

Lin Xiaoyao looked around and took a closer look, as if full of curiosity about everything.

This is the first time she has taken a plane, and even the first time she has come to the airport.

At this time, three flight attendants from Xia Guo Airlines came over.

Omi, Lin Xiaoyao, Lin Tao and Dai Weixue arrived in front of the luxury airliner under the warm welcome of the flight attendants.

"Welcome Mr. Lin's family aboard Xia Guo Airlines!" Two long-legged flight attendants shouted in unison, standing on both sides of the red carpet in front of the luxury airliner.

Omi has long been accustomed to such scenes, so it's no surprise.

Lin Tao and Dai Weixue were a little at a loss.

Lin Xiaoyao's face was full of excitement and curiosity.

After entering the luxury plane, as abalone, lobster, sea cucumber, bird's nest, Lafite and other food and wine were brought up, Lin Xiaoyao became even more excited.

"good to eat!"

"This lobster is too big!"

"Dad, mom, try this beef..."

"Brother, there are so many delicious foods on the plane! No wonder everyone wants to fly."

...

Lin Xiaoyao let out a burst of excitement from time to time, making the empty plane more exciting.

About ten hours later, the luxury plane finally stopped steadily in Golmud, Switzerland.

At this time, three Audi cars parked here early.

The middle-aged man, who was wearing glasses and a white shirt, looked full of wisdom, saw the landing plane and strode up to greet him.

"Professor Lin, I have worked hard all the way, and welcome you to Switzerland. I am Liu Zihao, an official in Switzerland."

Omi said, "It's not hard. We have been resting on the plane. Mr. Liu rushed over to pick us up early in the morning. It was hard work."

In this sentence, Omi is not humble and polite.

It's from the heart.

Because, on the private luxury plane, it is simply a mobile castle, which can give him all the best enjoyment. Where can he get tired?

On the other hand, Liu Zihao still has a touch of sweat on his forehead.

Obviously, not a short time has come.

This is also normal.

After all, Omi was flying on a private luxury plane, and he could only have an approximate time, which was impossible to determine.

This requires the pick-up person to arrive in advance.

Liu Zihao said, "Mr. Lin, you are too kind."

He first shook hands with Omi, UU reading www. . Com then shook hands with Lin Tao, Dai Weixue, and Lin Xiaoyao respectively.

Then he said: "Or, shall we get in the car first?"

"Okay." Omi said.

The doors of this Audi car are very heavy, and sitting inside, whether it is the softness of the seat or the sound insulation effect, it is far better than the average Audi car.

Obviously, this has been specially modified.

Liu Zihao said, "Before I took over Professor Lin, I heard people say that you are very young, so you have some psychological preparation, but after seeing Professor Lin, I was still surprised..."

"It's really hard to imagine that you have achieved so many achievements at such a young age!"

"The Nobel Prize is the most shining medal in academia!"

"In history, there has never been a person who has won multiple Nobel Medals in the same session, but you have won 4 directly! Professor Lin, you are the pride of China!"

Liu Zihao's voice was very sincere, and there was no hint of flattery. When he said later, there was a touch of excitement in his tone that was hard to conceal.

He has been in Switzerland for several years, and what he has been looking forward to is that one day someone in China will win the Nobel Prize.

Now, finally turned into reality!

Moreover, it is a reality far beyond his expectations!

Even Omi, in front of his face, even with his parents and sister nearby, was so complimented, he couldn't help showing a touch of embarrassment.

He touched his nose and said, "Actually, this is nothing."

Not a big deal?

Even winning a Nobel Prize medal is a very remarkable thing.

Omi won 4 directly, so it's not a big deal?

Liu Zihao said, "Professor Lin, you are too humble."

PS: !

(

Lin Xiaoyao, Lin Tao and Dai Weixue listened to Liu Zihao's praise of Omi, and their hearts were full of joy and immense pride.

This is my family, the pride of China!

At this time, Liu Zihao said again: "Professor Lin, there is something...I wonder if I can discuss it with you?"

Omi asked, "What's the matter?"

Lin Zihao said: "A group of reporters came and wanted to broadcast the Nobel Prize Ceremony tomorrow. They knew that you don't like exposure and promised not to take pictures of your front as much as possible..."

"So, please ask me for your opinion."

Generally speaking, this kind of live broadcast only needs to obtain the consent of the Nobel Prize organizer.

Where is the consent of the winners required?

What's more, I deliberately didn't shoot the front.

However, Liu Zihao was notified that he had to ask Omi.

Because the media had been notified long ago that Omi didn't like to show his face or expose him.

What an honor to win four Nobel Prizes at the same time? It can definitely be called a historic moment!

Logically speaking, it must be recorded, it must be broadcast live... But because of Omi's preferences, it has changed.

I have to say that he really gave the utmost respect to Omi.

Omi nodded and said, "If you don't shoot the front, you can."

As the reporters think, he really doesn't like exposure.

However, it's okay if you don't shoot the front face.

In addition, the reporter's good attitude also made Omi satisfied.

When Lin Zihao heard this, a touch of joy appeared on his face.

After a while, the three Audi cars steadily stopped at the Golmud Royal Hotel.

Today's Royal Hotel is a lot more lively than usual. There are a lot of cameras at the gate, and the men and women in various suits and shoes in and out of the hotel constantly burst out dazzling flashing lights.

When the reporters saw Liu Zihao, Omi and others, they couldn't wait to focus on the camera lens.

"Crack!"

"Crack!"

The dense flashes, like raindrops, swept over.

"Are you Professor Omi?"

"Excuse me, how do you feel about winning the four Nobel Prizes this time?"

"Which direction will you study in the future?"

"How do you usually study?"

"you..."

Countless questions swarmed.

It made the entrance of the Royal Hotel become noisy.

Although, Omi has not been exposed in any media.
