

The Luckiest man in the world CHAPTER 711-715

His head banged on the ground even more.

see this...

Xia Xue couldn't help feeling at a loss. She had never encountered such a thing before, so she hurriedly cast a look at Omi for help.

Omi lightly patted Xia Xue's slender shoulder and said, "I bought the milk tea, let's go."

"Ah... ah... ok." Xia Xue responded.

When Xiong Kai heard this, he hurriedly said, "I beg you, please spare me..."

As he spoke, he was about to step forward and hug Omi and Xia Xue's feet.

At this moment, Omi suddenly glanced coldly.

This sweep seemed to completely freeze Xiong Kai, making him not dare to move.

Even his breathing suddenly stopped.

So, Omi and Xia Xue continued to walk forward.

.....

Studio.

Intensive barrage, constantly scrolling.

[No.1 in the world: so cool!]

[Yinyu Lianlian: You are right, Yuese Snow Tea should indeed send milk tea! Fire him! oh! So handsome, just like the hero in the movie!]

[Flowers are blooming: Not only are they handsome, but they are also domineering! God! Oh my god!]

[Aisi: Did you just see that glance at Xiong Kai? It stuns him directly, it's amazing!]

[Xuefeng: It's better to understand Xiong Anqing's dismissal from Emperor Zun Hotel, because the general manager of Emperor Zun Hotel and all the direct descendants of the Wang family are very respectful to Omi. Maybe Omi's family is kind to Emperor Zun Hotel or owns it. Shares of Royal Hotel.

But why did the employees of Yuese Snow Tea bring twice the Queen of Ice and Snow directly?

Could it be that Omi's family is also kind to Yuese Snow Tea, or has shares?]

[Gorgeous: Owning the shares of Dizun Hotel and Yuese Snow Tea at the same time? Shouldn't this be possible?]

.....

impossible?

How did they know that Omi did not only own the shares of Emperor Zun Hotel and Yuese Snow Tea?

The entire Emperor Hotel and Yuese Snow Tea belong to Omi!

Needless to say, Emperor Zun Hotel belonged to Omi thousands of years ago.

Yuese Snow Tea was reorganized by two milk tea companies, Chayue and Snow Tea.

Omi acquired 51% of Chayue's shares a long time ago.

Over the years, under the operation of the super smart watch, it has directly obtained all the shares of Chayue.

Later, Snow Tea was acquired.

Yuese Snow Tea was established and became famous all over the world.

.....

At this time, Omi and Xia Xue were walking on the winding road.

Maybe it's because the sun overhead is too hot.

Maybe it was because of Omi's masculinity.

Xia Xue's pretty face was always red.

At this time, Omi said, "If you don't drink it, the milk tea will melt in a while."

Xia Xue seemed to remember just now, she was still carrying the milk tea in her hand, and hurriedly picked up the milk tea.

She looked at the little snowmen piled up on it and the snowflakes slowly falling like cream, and said sincerely, "It's so beautiful!"

While speaking, Xia Xue's beautiful eyes became brighter.

Omi asked, "Do you like snow?"

Xia Xue said: "Yeah, the snowflakes are falling slowly, it's beautiful! Besides, you can play snowball fights and build snowmen when it snows, it's very fun!"

When Xia Xue spoke, the corners of her mouth could not help but rise slightly, as if recalling the happy times of snow.

But soon, Xia Xue said again: "Unfortunately, it has not snowed in Jiangbei for many years."

When the words fell, she slowly put the straw into the cup, took a breath, and exclaimed, "Delicious!"

"Wow!"

At this time, the originally hot weather suddenly became gloomy and gloomy.

The temperature dropped suddenly.

Then, snow flakes like goose feathers kept falling down.

This scene shocked everyone in Jiangbei.

Xia Xue was stunned for a moment, and then she exclaimed excitedly, "It's snowing!"

"It's snowing! It's really snowing!"

While talking, she was like a child who had eaten candy, jumping and jumping, constantly turning in circles.

There were more and more snowflakes, and the ground, the vehicles on the roadside, the roofs in the distance, the trees around... Soon they were all covered with a layer of white, which was very beautiful.

Xia Xue hurriedly bent over and quickly built a beautiful snowman on the spot.

She looked at the cute appearance of the snowman, and her pretty face was full of smiles.

.....

Studio.

Countless barrages scroll quickly.

[Begging: What the hell! I am not wrong, right? Snowing? Is it snowing in Jiangbei? And, is it still snowing in August?]

[No-Name: Are there any friends from Jiangbei who come out to say something? Could this be a computer-generated video?]

[Chen Xiao: It's true! It's really snowing in Jiangbei! A lot of snow! Not to mention, I went to build a snowman, I have never seen such a big snow in Jiangbei, it is so cool!]

[Xingwang: This is unscientific!]

[Old Keeping a Dream: Science? When did the world speak science? Anyone with special abilities?]

[People in my heart: Do you think that the heavy snow in Jiangbei was caused by people with special abilities? In addition, Xiaoxue just said that she likes snow, and it snowed immediately. Could it be that Mr. Lin did it?]

[Listen to your words: Stop joking! This time, the heavy snow in Jiangbei spread all over the city! If it is really what the capable person did, how strong should the capable person be? Well, even if there is such a powerful person, his age is definitely at least 40 years old, otherwise, how to accumulate such a powerful ability?]

[Stone Man: I also agree with what the incompetent did. This should just be an abnormal weather, but let's wait for the official announcement.]

.....

How did they know that this was indeed what Omi did.

To know.....

Omi now has perfect ice control and perfect water control, as well as a huge amount of energy.

Not to mention that it was only snowing in a city in Jiangbei, it was snowing all over the world. For Omi, it was not difficult at all.

.....

On the other hand, Asian League officials also noticed the heavy snow in Jiangbei.

And, a small emergency meeting was held.

Several men and women with a good atmosphere all around them gathered together.

Among them, the man sitting in the front made a dull sound.

“What happened to the heavy snow in Jiangbei?”

Woman in red-rimmed glasses sitting in the middle, jumping fast with her hands on the keyboard.

Soon, she said: “A large piece of cold air suddenly condensed at the position of the rain cloud, thus forming a heavy snow.”

As she spoke, a 3D projection screen simulating snowfall appeared on the scene.

The man in the front said: “If it is a person with special abilities, what level do you need to do it?”

The woman pushed the red-rimmed glasses on the bridge of her nose and said, “SSS!”

“Are there any SSS-level capable people in Jiangbei at that time?” the man asked.

“All known SSS-level capable people were not in Jiangbei at the time.” The woman replied.

The man thought for a while and said, “I issued a notice that this heavy snowfall in Jiangbei is a rare natural phenomenon.”

Heavy snow in Jiangbei, qualitative!

Not long after, the Asian League Daily published a news.

[Today, an extremely rare phenomenon of cold air gathering has occurred in Jiangbei City, and in the sweltering heat of August, a piece of white snow fell, which is very strange.

Remind everyone that when enjoying the snow scenery and playing in the snow, you should also take precautions such as keeping warm to avoid fever and cold. snow.jpg, snow.jpg, snow.jpg.]

Then, some experts followed the trend and issued the phenomenon, conditions and probability of cold air gathering.

It even stated the specific reasons for the gathering of cold air in Jiangbei this time.

I have to say that some people really open their mouths in order to gain traffic and attention.

And the effect is also very good.

Although, many people don't understand it.

However, they will feel that the experts are knowledgeable and capable!

Therefore, they have given attention and support.

.....

Omi didn't care about these things at all.

He just silently watched Xia Xue play in the snow and build a snowman, and the whole person was very happy.

At this moment, a magnetic voice suddenly sounded not far away.

"Xia Xue, are you still playing in the snow here?"

When Xia Xue heard the sound, she turned around and looked over.

only see...

A silver-white suspended car was parked beside it, and inside was a melon-faced woman wearing a gauze dress.

Xia Xue smiled and said, "Yes! It's rare to see snow in Jiangbei, David, don't you play?"

Daviya shook her head and said, "I don't like snow, it's too cold! I don't know what happened today. On a good August day, it still snowed so much."

After a pause, he said, "Aren't you going to change your clothes? It won't be long before the dinner party starts."

Xia Xue was slightly taken aback.

Dinner? !

Yes indeed!

Today there is a grand banquet for the officers of the student union at Jiangbei University.

I even forgot about it.

“By the way, have you found a male partner?” Davia asked again, “If not, why not let Chen Minghe be with you?”

“He’s handsome and capable...”

Xia Xue hurriedly interrupted: “Viya, thank you for your kindness. But, sorry, I have already found a male partner.”

“Introduction, this is Omi.”

Then, Xia Xue cast a begging look at Omi.

Xia Xue was very fond of Omi.

First of all, he is handsome.

In addition, for some unknown reason, it gave Xia Xue a very special sense of security.

On the other hand, Chen Ming is full of disgust.

Slippery, cunning, and has a bad mind about himself.

.....

When Xia Xue’s dance partner, where do you need her to beg?

Omi was extremely happy.

He smiled and said: “Davia, hello, I’m Omi, and Xia Xue’s dance partner tonight.”

Davia couldn’t help looking up and down Omi.

First impression: So handsome, so tall!

So much so that a faint jealousy appeared in Davia’s heart.

After a while, she said, "Since Xia Xue has found a dance partner, I won't say more, see you at the dinner party!"

After the words fell, the suspended car set off a crosswind and drove quickly towards the distance.

So far, only Omi and Xia Xue were left at the scene.

Although, it is on the broad street.

However, for some reason, the air suddenly became a little dull.

After a while, Xia Xue said hesitantly: "That...Thank you for helping me clear the siege, then...I'll go back to school first."

Omi looked at Xia Xue's at a loss, and couldn't help feeling very cute. He smiled and said, "It's getting late, let's go to school together, and we'll have a dinner party later."

Xia Xueqiao blushed slightly, and stammered, "Okay...Okay."

Then, the two walked side by side, strolling forward, looking from a distance... like a sweet couple.

Studio.

[The first affectionate card: I hit it, I hit the candy from Omi and Xia Xue, it's too sweet!]

[Xiao Fei: This...Did I enter the wrong live broadcast room? Doesn't Xiaoxue like to visit stores and live in restricted areas? How did it become a love live broadcast now?]

[Forest: Is this what it feels like to be in love? Really, really enviable!]

[Jierou: Xiaoxue is too cute, Omi is too handsome! This group of CPs, I agree with both hands!]

[It's not as good as action: Do you think Xiaoxue will forget to turn off the live broadcast?]

[Rainy Season: It seems, maybe, maybe... I forgot.]

[Tender sprouts: I look forward to the live broadcast of the banquet later.]

.....

Omi and Xia Xue walked on the snowy road, making a creaky sound, which was very interesting.

After traversing two shaded paths wrapped in silver attire...

Finally, a tall and majestic building appeared in the field of vision.

It is Jiangbei University!

“drop!”

Facial scan, successfully entered!

Omi and Xia Xue continued on their way.

Before long, they came to an oval building.

This...is where today's dinner will be held.

At this time, a student full of vigor, either talking or chatting, slowly walked inside.

Xia Xue thought for a while and said, “Actually, it's fine to eat at the banquet. Later, you can eat whatever you want.”

Omi looked at her embarrassed appearance and couldn't help but smile, “Okay.”

So, the two of them also walked in.

As Xia Xue said, a banquet is to eat.

As soon as you walk in, you can see a circle of food when you look up, and the air is full of the aroma of food.

A student is chatting, holding something on a dinner plate, the atmosphere is very relaxed.

It has to be said that the world after a thousand years is indeed somewhat different from a thousand years ago.

Thousands of years ago, even though Jiangbei University was a major university, students had good resources.

However, it will definitely not be like today, a student dinner in the district, there is no shortage of food and drinks such as abalone, lobster, sea cucumber, M9 beef, giant crab, red wine and so on.

Omi put the two pieces of beef into his mouth, and could not help but secretly comment: "The meat quality is good, but unfortunately, the taste is relatively average, and each piece of meat is salty, spicy, sweet, even thin... Exactly the same!"

"It's neat~~ but it's easy to get tired. It should be cooked by a machine."

And the facts were just as Omi had guessed.

"Tap Tap!"

At this moment, a slightly harsh voice sounded not far away.

"Xia Xue, you are so fast!"

"By the way, why didn't you change into an evening dress?"

When Xia Xue and Omi heard the sound, they turned around and looked over.

The person who spoke was exactly Davia, whom he had met not long ago.

At this time, there was a man in a tuxedo beside Davia.

When the man in the tuxedo saw Xia Xue, a smile appeared on his face.

And when he saw Omi, his whole face sank slightly again.
