

The Luckiest man in the world CHAPTER 726–730

In fact...

Not only was Xia Xue's heartbeat quickening, but there were many girls in the class whose eyes lit up slightly, and their heartbeats continued to accelerate.

"So handsome!"

"We finally have a handsome guy in our class."

"Omi, what a nice name!"

"Hey, handsome!"

.....

How good is Omi's hearing?

It was very easy to listen to everyone's words.

However, he didn't pay any attention, and looked straight at Xia Xue's location.

"Hello everyone, my name is Omi."

Qin Chuan nodded and said, "Omi, find an empty seat to sit."

Omi said, "Okay."

"Tap!"

Omi strode forward.

The heartbeats of the girls sitting in the distance kept accelerating.

But soon, Omi stopped, stopped next to Xia Xue, and said with a smile, "Can I sit here?"

Xia Xue stammered: "But...you can."

Omi sat down directly.

Seeing this, the girls not far away sighed in their hearts.

They regretted in their hearts, why didn't they sit in the front today.

Perhaps, Omi will be at the same table with him.

Qin Chuan didn't care where Omi was sitting.

He cleared his throat and said, "Since the students are all here, then I'll announce the school's announcement."

When the words fell, he clicked on the whiteboard behind him.

Then, a paragraph of bold text immediately appeared on the whiteboard.

Notice: In order to carry forward the students' spirit of exploring the forbidden area, stimulate and develop the special abilities of the students, and enhance the comprehensive quality of the students, all second-year students are now organized to enter the forbidden area for a week-long peripheral exploration.

In the classroom, discussions soon rang out.

"It's going to be forbidden to explore so soon?"

"I don't know if I will activate special abilities."

"I want to be able to have the special ability to fly, that's a great feeling."

"Can fly? That's too difficult."

.....

Qin Chuan pressed his hand and said, "The situation, that's what it is."

"Everyone can go back and pack up now, and just come to the classroom tomorrow at 9 am to gather."

"Anyone have questions? Or are they unable to participate due to special reasons such as illness or injury? You can raise your hand."

All the classmates, look at me, I look at you, and none of them raised their hands.

After all, this is an opportunity to enter the forbidden area.

No one wants to miss it easily.

Qin Chuan said: "Okay, that's it, school is over."

Qin Chuan was very decisive, and after speaking, he strode outside.

The students were worried, happy, fearful, excited...with different thoughts.

After a while, he slowly left the classroom.

.....

In the blink of an eye, it was the next day.

All the students came to the classroom early with huge backpacks on their backs.

"I heard that there is a very powerful fruit in the forbidden area. If you eat one, you can increase your strength by hundreds of pounds."

"What is a few hundred pounds of strength? I heard that there is also a kind of water, drink a drop, you can directly become an A-level powerhouse!"

"I'm not very interested in becoming stronger, I just hope to find Zhenjin! It seems that one piece can buy tens of millions of world coins!"

.....

The more the students discussed, the brighter their eyes became.

It looks like those special fruits, liquids, and gold are all in front of them, and they can easily get it by raising their hands.

Xia Xue just sat quietly in the seat, but a pair of beautiful eyes looked towards the door, as if she was expecting something.

"Tap Tap!"

At this moment, a crisp footstep sounded from outside the corridor.

Then, a tall, handsome figure walked in slowly.

It was Omi!

Omi didn't hesitate at all, he went directly to Xia Xue and sat down.

Xia Xue's pretty face blushed slightly.

Omi sat next to him again.

Some girls around sighed.

"Ding!"

On the campus of Jiangbei University, a crisp bell rang.

Soon, Qin Chuan, wearing a white shirt, walked in like yesterday.

He looked around the crowd and said, "Yes, all came on time. Then, let's go now!"

At this time, many suspended buses were parked on the wide playground.

Groups of sophomore students lined up under the organization of the teacher and moved towards the bus.

I have to say that the bus after a thousand years is really good, with leather-wrapped seats, a huge high-definition display, and cool atmosphere lights...

The one-hour drive did not make people feel tired at all. On the contrary, it gave the students a better mental state.

"laugh!"

When the bus opens its doors.

In front of him is a tall iron net, and inside the iron net is an endless huge forest.

A man in black clothes strode over.

Qin Chuan nodded towards him and handed out a card.

"Dip!" The machine in the hands of the man in black made a soft sound, "The verification is successful, Qin Chuan."

Qin Chuan said: "The number of our 2011 class who entered the No. 31 forbidden area this time is 23 people in total."

The man in black said: "Okay."

He clicked the folding display in his hand, and then opened the iron gate behind him.

Then, Qinchuan said again: "Classmates, let me remind you again that the periphery of the forbidden area means within 100 kilometers of the forbidden area! Don't enter the central area 100 kilometers away, it will be very dangerous. Your task is to live in the outer area for 7 days! "

"Your mobile phones all have emergency buttons. If you are in danger, press them quickly, and we will let people rush to you as soon as possible."

"Stop talking nonsense, let's go!"

All the students said in unison, "Yes, teacher!"

Then, all the students went inside together.

Qin Chuan and the man in black quietly watched them leave.

It wasn't until everyone entered that the man in black said, "Do you think someone will enter the E-class this time?"

Qin Chuan said: "Of course there is!"

"Oh?" A look of surprise appeared on the face of the man in black, "How many people will there be?"

Qin Chuan said with a smile: "It's just too boring to say, otherwise, let's bet something, how about it?"

The man in black said: "You have already lost 10,000 world coins to me, and you haven't given it to me yet."

Qin Chuan said indifferently, "It's only 10,000 World Coins. We bet 20,000 World Coins this time. As long as I win, you only need to give me 10,000 World Coins."

The corner of the man in black twitched slightly and said, "You said the same thing when you owed 5,000 world coins last time."

Qin Chuan said with a smile: "Is there? Don't care about these details. Well, I'll bet 20,000 World Coins this time, and I'll bet more than 5 E-levels!"

The man in black was slightly surprised: "Five?"

To know.....

According to past experience, one class entered the forbidden area, and only one or two entered the E class.

5 E-levels are definitely rare.

Qin Chuan said: "How about it, dare to gamble?"

The man in black smiled and said, "Since you want to give me money, why would I refuse?"

.....

"Tap Tap!"

Inside the forest, it seems like a huge ice cellar.

As soon as I walked in, the previous scorching heat disappeared instantly, and the temperature seemed to drop by dozens of degrees immediately.

When a breeze blew, some people couldn't help shivering.

All the classmates kept looking around, their eyes filled with curiosity, and they made a sound of discussion from time to time.

Xia Xue, who was walking further back, slowly took out the folding screen and opened the live broadcast.

I have to say that Xia Xue now has a good popularity.

Not long after the broadcast, the number of viewers reached 100,000+.

Many barrages, if flowing like water, keep rolling.

[Gods Promise: Xiaoxue has started live streaming again!]

[Everyone: Where is this? forest? Is Xiaoxue traveling?]

[Idiot: There are so many people.]

[Waiting for TA in my heart: Wow! I saw Omi! So handsome!]

.....

Xia Xue said softly: "Hello everyone, I'm very happy to meet you again."

"Today, our sophomore year at Jiangbei University carried out a week-long exploration of the forbidden area. Now, everyone in our class is in the forbidden area, No. 31 forbidden area."

.....

Studio.

[Tired: forbidden land! The legendary forbidden place!]

[Begging: Jiangbei University is awesome! Students are allowed to enter restricted areas.]

[The weather is so cold: My biggest dream is to go to the forbidden land!]

[Xiaoyao Yimeng: Sure enough, the resources of a good university are good!]

[Repairer: From today, be a person who loves learning~ Write homework and recite texts!]

[Mysterious Flower: What did Xiaoxue just say? Everyone in our class? So, Omi and Xiaoxue are classmates now?]

[Grace: Is Omi changing classes to be classmates with Xiaoxue in order to chase Xiaoxue? OMG! I seem to have seen a sweet love novel of 200,000 words!]

.....

Seeing this, Xia Xue was stunned for a moment.

Omi deliberately changed classes to be his classmates?

Is...is that so?

Otherwise, why would he come to his class?

Otherwise, why would he be his own tablemate?

Also, he was sitting next to him on the bus just now.

Is he really chasing after him?

Thinking of this, Xia Xue's pretty face instantly turned red.

She quietly raised her head and glanced at Omi.

At this time, Omi also happened to look over.

Look all around.

"Wow!"

In an instant, Xia Xue's whole face was like a boiled lobster, and she hurriedly turned her head to one side.

In the blink of an eye, two hours passed.

At first, everyone thought it was cold in the forest.

However, at this time, they were all sweaty.

In fact, the road to the forest is too difficult to walk.

In addition, everyone is carrying a large bag behind them, which is very exhausting.

“Clap!”

A short and thin man accidentally stumbled on a stone and fell directly to the ground.

The round-faced man next to him, with quick eyes and quick hands, hurriedly supported him, which prevented him from falling.

Rao is so, the short and thin man also broke out in a cold sweat.

He hurriedly said to the round-faced man, “Thank you, Li Dongqiang.”

As soon as this statement came out, a clear prompt sounded in Li Dongqiang’s mind.

【Ding! Congratulations, get a thank you coin. Available for raffle. 】

【lottery! 】

【Ding! Congratulations, you have gained 5 pounds of strength. 】

Immediately, Li Dongqiang felt that his whole body became much lighter.

Strength grows!

Li Dongqiang said excitedly: Is this the legendary system? Thanks to you can get thank you coins, and then, get power? I am simply the protagonist of the legend! How strong should I be?

His happy eyes turned into a seam, and he waved his hands again and again: “You’re welcome, it’s just a trivial matter.”

But soon, Li Dongqiang said again: “Actually, it’s okay if you thank you more.”

The short and thin man was slightly taken aback.

Thanks a lot?

what the hell?

Looking at Li Dongqiang’s serious look at his expression, he couldn’t help but say again, “Thank...Thank you.”

However, this time, there was no prompt sound in Li Dongqiang’s mind.

This can't help but make Li Dongqiang a little puzzled.

.....

This scene was all seen in the eyes of Omi who was not far away.

Li Dongqiang thought that no one could hear the system voice in his head.

No one knows what is in his heart.

In fact, all this could not escape Omi's ears.

There was also a curious look on Omi's face.

system?

This person named Li Dongqiang also has a system?

After a thousand years, are there many systems?

Thanks for the coin, it seems to be quite interesting.

.....

After Li Dongqiang got a thank-you coin from the short and thin man, he seemed to have found a stronger password. Along the way, he carefully observed the figures of his classmates. If anyone accidentally stumbled, he would immediately help him.

However, more than half an hour passed and no one was tripped at all.

This made Li Dongqiang a little disappointed.

At this time, a man named Zhang Fen was walking in the front, wearing silver-rimmed glasses, and said, "It's almost time, I suggest everyone to have lunch here, and then take a break, what do you think?"

Zhang Fen is the monitor.

He already had a certain prestige in the class.

Plus, all the students were really hungry.

So, they joined in.

"good."

"Yes, just rest here."

“Eat, eat.”

.....

In today’s life, most things can be done by bionic robots.

Bionic robots can cook delicious food and keep your home clean and tidy.

Gradually, many people are accustomed to a clean and tidy environment.

Even, there is a cleanliness.

In the past, as long as there was a little bit of dirt on the chair, some students might not sit there.

However, at this time, they were sitting directly on the branches and stones that they did not know how much dust there was.

Sometimes, people are not unacceptable, just hypocritical.

Along the way, Omi always followed Xia Xue.

He reached into his backpack, as if taking something from it.

Actually...

However, his mind moved slightly, and he put the things in the inner space into his hands.

Then, Omi brought out the brightly colored delicacies one by one.

Omi said, “Xia Xue, you are hungry too, come and eat.”

When eating at the Imperial Hotel, Omi had specially observed Xia Xue and knew what she liked to eat.

Sure enough, when Omi brought out the food, Xia Xue couldn’t move her eyes.

She seemed to recall the deliciousness of these foods and couldn’t help swallowing.

Finally, Xia Xue still took the food and put it in her mouth, full of fragrance, extremely satisfied.

The classmates sitting not far away seemed to smell the fragrance and looked towards Xia Xue.

Soon, everyone’s eyes could not be opened.

Originally, they ate the nutrient solution, compressed biscuits, bread... and thought it tasted pretty good.

However, at this time, I suddenly felt that it was not fragrant at all.

...

Studio.

[Stupid child: The difference between people is really big.]

[He Ren first met the moon: The eyes of the classmates were a little red.]

[Beggars: It's good to have a boyfriend.]

[Flower in my heart: Suddenly I want to fall in love again.]

...

Xia Xue just finished eating a delicious meal, and glanced at the live broadcast room, her pretty face instantly blushed.

Boy friend?

She glanced at Omi quietly, and then hurriedly lowered her head again.

...

After resting in place for about 20 minutes, the students got up and set foot on the road again.

Along the way, it is full of tall trees and jagged rocks...

"hiss!"

At this moment, a long green snake suddenly fell from the tree and landed directly on a woman with curly hair.

The woman screamed in panic: "Help!"

Li Dongqiang reacted very quickly, stepping forward and pinching the long snake's seven inches.

Then, he pulled out the dagger from his waist and chopped it straight down.

"Clap!"

Blood sprayed, and the snake's head fell to the ground.

Li Dongqiang already has good skills, plus he gained 5 pounds of strength before.

Catch snakes, cut snakes, and flow through the clouds, all in one go.

The woman with the curly hair froze in place for a while.

After a long time, she recovered and said sincerely, "Thank you, Li Dongqiang, thank you."

When she spoke, a pair of eyes were faintly shaking with water mist.

Obviously, she was really frightened.

Li Dongqiang said with a smile on his face: "Yes, yes, just say thank you, it's better to say it a few times."

Because, in his mind, a clear prompt sounded.

【 Ding! Congratulations, you have received two thank you coins, which can be used in the lucky draw. 】

Two thank you coins!

right!

She said thank you twice!

Not long ago, Li Dongqiang had obtained 5 pounds of power with thanks coins, so naturally the more thanks, the better.

Originally, the woman who was still extremely fearful and grateful smiled.

The previous fear and gratitude have all faded a lot.

"Thank you." The woman said.

However, this time, Li Dongqiang did not receive thank you coins.

This can not help but let Li Dongqiang a little disappointed.

Then, he turned his attention to the thank you coins.

"use!"

【 Ding! What a pity you didn't get anything. 】

Li Dongqiang's mouth twitched slightly, co-authoring thank you coins and thank you for your patronage?

【 Ding! Congratulations, you have gained 3 pounds of strength. 】

3 pounds of strength?

Although it is less than 5 pounds, it is not bad.

There was another smile on Li Dongqiang's face.

The squad leader Zhang Fen reminded: "There are many snakes, worms, rats, ants, beasts, and even alien beasts in the forbidden area! Everyone must pay attention to safety."

...

The students kept going.

In addition to paying attention to whether any of the classmates will fall, Li Dongqiang also pays attention to whether any snakes, insects, mice and ants will suddenly appear anywhere.

Opportunities are always reserved for those who are prepared.

In the next period of time, two bumblebees and a snake really appeared.

These...

All were solved by Li Dongqiang.

Li Dongqiang also received thanks from 4 people and successfully got 4 thanks coins.

These four thank-you coins have increased Li Dongqiang's strength by 12 pounds.

In other words, in just one day, Li Dongqiang's strength has increased by 20 pounds!

Even after walking in the forest all day.

Li Dongqiang's energy is still very abundant.

The sun sets in the west, dyeing the distant sky a bright red and bright.

The squad leader Zhang Fen said: "The forbidden area is not safe at night, so let's rest here."

At this time, everyone was already exhausted, and they sat down directly and let out a sigh.

"so tired."

"My legs are a little weak."

"My legs have bubbles."

"Hey, there are 6 days left."

...

At the beginning, everyone was smug, wanting to find the legendary treasure in the forbidden area, so that they could soar into the sky.

However, after a day passed, they had no hope.

While complaining, the students took out water and food to replenish their strength.

And Omi, like noon, once again took out a delicious meal.

"Xia Xue, come and eat." Omi said.

Thousands of years ago, every time Xia Xue and Xia Bing met, they would prepare a pulse for Omi.

A thousand years later, it was Omi who prepared food for Xia Xue!

When Xia Xue smelled these delicacies, her stomach immediately made a rumbling sound.

She couldn't help but said, "Okay...Okay."

After eating the food, she felt the exhaustion all over her body, and it seemed to dissipate a lot.

Feel?

No!

Or rather, it's the truth.

Because, when Omi was eating Xia Xue, he had already quietly input life energy into her.

After Xia Xue had a full meal, her pretty face was full of satisfaction.

A man named Zheng Cong with a stubby head said with some doubts: "Omi, you bring those food, I'm afraid you won't be able to eat a few meals, what should you do in the next few days?"

"Wow!"

At this time, a big bird about one meter long just happened to fly over the treetops.

"Clap!"

Then, the big bird seemed to be tired from flying, and seemed to have a sudden heart attack, and fell straight from the air, making a dull sound, and then it was completely silent.

Omi bent down to pick up the big bird and said, "I don't seem to have to worry about the food behind."

The flat-headed man immediately froze in place.

He couldn't help but look up into the air, as if to see if he could pick up a bird too.

Unfortunately, he has no such 'good luck' at all.

The sky was getting dark.

All the students took out their sleeping bags and looked for a suitable place to sleep.

"You said, will there be snakes at night?"

"What if there is a strange beast suddenly?"

"Should...probably not."

...

The more they talked, the more worried they became, their eyes kept looking around.

The squad leader Zhang Fen said: "Let's take turns on duty. A group of three will be on duty from 12 o'clock for 4 hours, and then switch to another group. What do you think?"

When everyone heard this, they nodded in agreement.

On duty, which is really reassuring.

Zhang Fen said: "Okay, then it's settled. For the sake of fairness, I will use a random way to format."

Then, he directly took out the foldable display screen and randomly sorted it in front of everyone.

Soon, the list appeared.

The first night (Part 1): Omi, Xia Xue, Li Dongqiang.

The first night (below): Zhang Fen, Liu Zhihao, Song Li.

Second Night (Part 1): ...

...

night, getting deeper.

In today's world, there are many countless entertainment projects.

Generally speaking, it is very early to go to bed at 12 o'clock.

Today, though, many people are getting into their sleeping bags early.

Even, snoring soon.

For them, today is too tiring.

"Crash!"

Omi, Xia Xue, and Li Dongqiang sat in front of the fire, drinking hot tea and coffee.

Everyone was young, and after chatting for a while, they quickly became acquainted.

At this time, Li Dongqiang suddenly saw the big bird lying next to him, and he couldn't help asking, "Omi, what are you going to do with this big bird?"

"Barbecue." Omi said.

"Barbecue? It's not bad, but unfortunately, we don't have any seasonings. Otherwise, we'll be on duty while eating barbecue, which must be very good." Li Dongqiang said.

Xia Xue said, "I don't know if anyone brought any seasonings."

While speaking, she looked at the backpacks in front of the sleeping bags.

Obviously, she was looking for spices.

Omi smiled and said, "I brought the seasoning."

After thousands of years of accumulation and income.

Today, Omi's inner space has reached millions of cubic meters.

When he had nothing to do the past two days, Omi bought a lot of all the necessary items and put them in the inner space.

only see...

Omi put his hand into his backpack, as if looking for condiments.

In fact, his mind moved slightly, and all kinds of seasonings appeared in his hands from the inner space.

"Da da da!"

Omi took out bottles of condiments and put them on the ground.

Li Dongqiang said excitedly: "Let me see, edible oil, pepper, sesame pepper, chili noodles... Omi, you are too complete! Good job!"

When the words fell, he couldn't help but give a thumbs up.

Li Dongqiang continued: "The seasoning is complete! Omi, look, I'll show you a hand!"

Then, he quickly plucked the bird's hair.

This is a larger project.

After all, there is just too much bird feathers.

Li Dongqiang said: "It's a pity that there is no lake here, otherwise it would be easy to pluck the feathers of the birds by heating up some hot water."

Omi said, "I'll come."

Because, he saw that Xia Xue was looking forward to roasting bird meat.

If you let Li Dongqiang slowly pluck the hair, and then slowly grill.

I'm afraid, Xia Xue will not be able to eat barbecue today.

only see...

Omi took out a fruit knife and waved it casually.

"Crash!"

The wisps of bird feathers fell like snow.

In just ten seconds, the whole big bird became bare.

Li Dongqiang gave a thumbs up again and said, "Fuck! This is done? It's too awesome!"

"Omi, doesn't your family sell chicken?"

Selling chicken?

The richest man in the world sells chicken?

The greatest existence in millennia selling chicken?

If these words were heard by some insiders, I don't know how they would feel.

Omi smiled and said, "My family doesn't sell chicken, but I used to eat this a lot, and if I make it more, I will gain experience."

Omi didn't say this nonsense.

Thousands of years ago, when he was in the forbidden area, he really often ate and cooked a lot.

Then, Omi picked up the thicker branches next to it and passed them through the bird's belly.

Then, sometimes brush oil, sometimes sprinkle seasoning...

It didn't take long for the appearance of the big bird to turn golden yellow, drops of fat dripping down slowly, and exuding a very attractive fragrance.

"Gollum!"

"Gollum!"

Xia Xue and Li Dongqiang, who were sitting by the fire, kept their eyes fixed on the big bird, and couldn't help swallowing.

In fact...

Not only are they drooling, the audience who are sitting in front of the screen watching the live broadcast silently also swallowed.

[Little Painter: I seem to smell the fragrance across the screen.]

[Time is like water: Such a big bird must taste very good!]

[Mysterious man: So much oil, all dripping to the ground, what a waste!]

[Bai Boiled Water: Isn't this a forbidden live broadcast? How did it become a late night poisoning again?]

[Quick customer: I just lay down, and after seeing this video, I suddenly feel very hungry. Can anyone tell me where I can get the same type of barbecue?]

[According to the fate: Omi was able to ask the general manager of the Emperor Hotel to serve carefully, and let the staff of Yuese Snow Tea deliver the tea in person. He is tall and handsome, and now he can even barbecue! The perfect male **** must be Omi!]

[Ta in my heart: If my husband has one-tenth of Omi, it will be perfect.]

[There is nothing difficult in the world: If my boyfriend is 1% better than Omi, then that's fine.]

...

Omi still didn't know that from now on, he gradually became a unit of measurement.

That is: a fraction of Omi is a qualified boyfriend or husband.

...

"hiss!"

Omi used a fruit knife to lightly cut through the big bird's skin, revealing the tender meat inside.

Attractive aroma, more intense.

Omi nodded and said, "You can eat it."

Then, he cut off a piece of meat, handed it to Xia Xue, and said, "Try it and see how it tastes."

Xia Xue couldn't bear it for a long time, and replied, "Okay."

When the words fell, she directly stuffed the meat into her mouth.

"Bah, ahh!"

"Gollum, Gollum!"

After the barbecue, Xia Xue's beautiful eyes instantly lit up, and she exclaimed, "It's delicious!"

Li Dongqiang next to him didn't wait for Omi to speak, and said, "Really? Then I'll try it too."

Then, he picked up the fruit knife and also cut a piece of meat.

Li Dongqiang didn't care how hot the meat was, and hurriedly put it in his mouth.

"Bah, ahh!"

"Gollum, Gollum!"

Soon, Li Dongqiang said excitedly: "It's so delicious!"

Three times five and two, the meat in his hand was eaten clean.

So, he was busy cutting a large piece of meat again.

Omi also cut another piece of meat, handed it to Xia Xue, and said, "Don't worry, there's a lot more."

"Delicious!" Li Dongqiang praised again.

Maybe it was because they were eating too loudly and disturbing the sleeping classmates.

Perhaps, the aroma of the barbecue was too strong, and pulled the sleeping classmates back from their dreams.

The long-haired beauty sleeping in the middle slowly opened her eyes.

She sucked her little nose hard and murmured, "What's the smell? It's so fragrant!"

While speaking, she slowly sat up and turned to look in the direction of the fragrance.

Soon, the long-haired beauty's eyes fell on the barbecue on the fire.

"Barbecue?" The long-haired beauty asked in surprise.

She couldn't help swallowing, got up, and walked forward.

"rustle!"

The first person woke up, and soon, there was a second person, a third person...

Not long after, everyone climbed out of their sleeping bags and came around the fire, staring at the brightly-colored barbecue on the fire, unable to stop swallowing.
