

The Luckiest man in the world CHAPTER 751-760

Countless discussions are surging like a tide.

"Catherjack? Is that the demon Catherjack? He's still alive?! Besides, his strength ranks fifth in the world!"

"I can't help shivering now when I think about the legend of Catherjack."

"Catherjack is not only alive, but also gained more powerful power. This is... a terrible disaster."

"Don't worry, haven't you seen it? Fu Xuantian, Hu Yixiao, Liu Qi and Xue Zhan are all on the strength list, especially Liu Qi and Xue Zhan, whose ranking is even higher. Fourth and third!"

"Liu Qi and Xue Zhan are only fourth and third. Who do you think is second and first?"

.....

In the expectation of countless people, finally, Jin Mang slowly condensed and turned into several big characters.

[Second place: Yu Feng.]

[Reward: 50-year lifespan, 20% increase in special energy, and 100,000 physique points.]

In a quaint room, Yu Feng, with a wrinkled face and gray hair, was sitting cross-legged.

next moment.

Yu Feng suddenly opened his eyes, his eyes were like the scorching sun, and the tyrannical momentum was like a storm that instantly blew the entire room out.

And his gray hair quickly turned black, and the wrinkles on his skin quickly disappeared.

Then, Yu Feng raised his head and slowly looked at the strength list under the night, with a thoughtful look on his face.

.....

Asian League Headquarters.

"I just said, the teacher must be fine!" Hu Yi laughed and laughed.

Liu Qi said excitedly: "50 years of lifespan, Master has added another 50 years of lifespan, great!"

Xue Zhan didn't speak, but the excitement on his face was no less than the two of them.

.....

In fact, not only the three of them were excited, but countless people around the world were as excited as they were.

"Yu Feng? Could it be the last special ability chief!"

"In this world, apart from him, I believe there is no other strong man named Yu Feng."

"It's great! I finally saw Yu Feng's news again!"

"Every time I recall the scene of Yu Feng fighting ten strange beasts alone, I feel tears in my eyes!"

"Yu Feng, who we miss, is back!"

"Why? Why is Yu Feng ranked second? This is not scientific!"

"Yeah! Yu Feng is the **** of war today, he is second, who dares to be first?"

"Are you sure there is no problem with the list?"

.....

After Yu Feng's name appeared, everyone was excited and focused more on the strength list.

Under everyone's attention, the light on the strength list is getting more and more prosperous.

Finally, it condensed into a few big characters again.

[First place: Omi]

[Reward: 100 years of lifespan, 200,000 physique points, and any skill level can be upgraded.]

see this...

The whole world exclaimed.

" Omi?!"

" Omi seems to be the number one on the Fortune Ranking list last time! Are they the same person? But, who is Omi?"

"I've never heard of it at all! Both the richest man in the world and the strongest man in the world! What the **** is going on?"

"I now wonder how accurate this list is."

" Omi? Never heard of it! Has anyone heard of it?"

"no."

"Never heard of it."

"I... seem to have heard of it. Thousands of years ago, the hero who entered the other world on behalf of China seemed to be called Omi."

As soon as these words came out, everyone suddenly stopped talking.

They were all stunned.

Omi from a thousand years ago!

If it was the great man, maybe...

.....

Asian League Headquarters.

Hu Yixiao frowned and asked, "Do you know who this Omi is? Why haven't I heard of it at all?"

Liu Qi took out a stack of documents and said, "These are some results of my investigation after the last Fortune List appeared."

Hu Yixiao took the document suspiciously.

At first, he was a little careless.

But soon, his eyes were rounded.

Hu Yi smiled and stammered: "This...this... Omi is a major shareholder of tens of thousands of companies? Among them, there are even five major banks, four major energy companies, and four major technology companies... Is there something wrong with this report??"

Liu Qi said, "What do you think?"

"But...but...isn't some of these companies controlled by Asia Alliance? How can there be so many shares in the hands of individuals?" Hu Yi smiled inexplicably.

Liu Qi sighed and said, "Controlled by the Asian League? Then the Asian League must exist."

"The Asian League exists? What do you mean by that?" Hu Yixiao became more puzzled.

Liu Qi said: "According to the investigation, most of these shares owned by Omi were before the establishment of the Asian League."

"Before the establishment of the Asian League?"

"Yes." Liu Qi nodded, "A thousand years ago, Omi had shares."

"What?!" Hu Yixiao's pupils shrank and said, "Could it be that he is..."

Xue Zhan already knew the relevant information, so his expression was always the same.

He whispered: "How is the situation of the beast tide in Jiangbei? Fu Xuantian should be arriving soon, right?"

.....

At this time, on the edge of Jiangbei.

After all the lists and rewards on the strength list fell, Qin Zhong slowly withdrew his gaze.

He glanced at the tense warriors and said loudly, "Fu Xuantian, who ranks eighth in strength, is already on his way!"

"As long as we persevere, it is victory!"

As soon as these words came out, all the warriors with special abilities had a solemn expression, and their hearts were very excited and excited.

First, because they knew Fu Xuantian's strength, they saw the hope of defeating the alien beast tide.

Second, it was because they all admired Fu Xuantian very much.

Resisting the beast tide on your own is, in a sense, fighting side by side with Fu Xuantian!

This is the glory, the glory enough to make them proud!

“Dong Dong Dong!”

At this moment, the ground suddenly shook.

When everyone looked into the distance, they saw black and uncountable strange beasts, like a torrent, rushing from afar.

They fluttered their teeth and danced their claws, roaring in the sky, deafening.

Soldiers with special abilities, even if they have decent power.

At this time, his face turned slightly pale.

Qin Zhong was also shocked by this scene.

However, he still reacted quickly~ ~ exclaimed: “Everyone, prepare to fight!”

“call out!”

“call out!”

The super laser cannon hidden in the distance, like a meteor, shot out a stern beam of light.

“boom!”

“boom!”

100 super laser cannons are powerful, and if they face hundreds of thousands of alien beasts, they have the ability to destroy them.

However, at this time, facing hundreds of thousands, or even hundreds of thousands of alien beasts, it seems a bit unsightly.

The smoke and dust flew, and the beasts roared wildly, forming a tyrannical sound wave, shaking the mountains, and it was extremely terrifying.

Qin Zhong, Li Dahai and other special ability fighters were horrified, gathered up their courage and prepared for battle.

At this moment, between heaven and earth, a loud voice suddenly sounded.

"It's so noisy!"

The word 'really noisy' is not too loud.

However, it overshadowed the roaring beast tide, rippling between the heavens and the earth.

Holy and ethereal!

Gives a feeling of adoration.

next moment...

The pitch-dark night suddenly seemed to crack open, pouring down thunder like rain madly.

"boom!"

"boom!"

The whole world seemed to usher in day in an instant.

Dazzling.

The sky and the earth shook violently, and the sand and stones flew!

Soldiers with special abilities had to cover their eyes with their hands.

After a long time, the thunder stopped, the white light dissipated, and everyone slowly opened their eyes.

next moment...

All the warriors with special abilities opened their mouths and were completely stunned.

Because, not far away, hundreds of thousands or even hundreds of thousands of alien beasts have all disappeared without a trace.

Instead...

Just wisps of charred dust, and arcs of slowly beating arcs.

The beast tide was solved in an instant!

All dead!

This...this is incredible!

...

The scene of the scene was simultaneously transmitted to the headquarters of the Asian League.

Hu Yixiao was surprised: "Just... what happened?"

Liu Qi didn't answer immediately, his hands jumped quickly on the keyboard.

Suddenly, the picture that was slowed down by 100 times immediately appeared on the screen.

Liu Qi and Xue Zhan both frowned.

Hu Yixiao exclaimed again in surprise: "How come there are so many lightning strikes suddenly?"

"Also, in this beast tide, there are many B-rank, A-rank, and even some S-rank alien beasts. Thunder and lightning should not cause too much damage to them, why are they all split into ashes in an instant? "

"What the **** is going on?!"

Hu Yixiao is one of the chiefs of the Asian League.

Although not as steady as Liu Qi, nor as silent as Xue Zhan.

However, he relied on knowledge far beyond ordinary people, and there were very few things that surprised him and shouted.

Now, there have been several horrified sounds.

Liu Qi asked, "Xue Zhan, have you seen a figure?"

Xue Zhan shook his head.

Liu Qi said: "To drop a terrifying thunderbolt from a long distance, his strength... is completely immeasurable!"

Xue Zhan nodded seriously.

Hu Yi smiled and said anxiously, "Do you know who he is? Tell me now!"

Liu Qi raised his eyelids and said, "Didn't I just show you some of his information?"

"Information?" Hu Yi smiled stunned, "You mean... Omi?"

...

Leading the special ability team, Fu Xuantian, who was constantly moving forward, finally arrived at the border of Jiangbei.

Fu Xuantian sniffed the burnt smell in the air, looked at the dumbfounded special ability warriors, frowned and asked, "Where's the beast tide? What happened here?"

After his voice sounded, Qin Zhong and the other soldiers finally came to their senses.

Therefore, Qin Zhong hurriedly said everything he had seen and heard before.

Then, the live video was turned on.

Fu Xuantian glanced at the place where the beast tide disappeared in the distance.

Finally, he turned his eyes to the strength list in the sky, and locked his eyes tightly on "No. 1: Omi".

He murmured, "Is it him?"

...

What happened on the border of Jiangbei was spread on the Internet not long after.

The heated discussions, one after another, quickly rushed to the top of the hot list of major social networking sites.

[Fenghuaxueyue: On the border of Jiangbei, why did such a large thunder and lightning suddenly fall?]

[Winning or losing: So many strange beasts died in a blink of an eye?]

[Tang and Song Poker: What the hell, it's too awesome!]

[If you don't survive, you won't become a devil: God's punishment! This is absolutely terrible punishment!]

[Big Breast Cover: What kind of punishment? Before the thunder and lightning came, there was a loud voice between heaven and earth, it was really noisy! This is definitely the means of the special ability!]

[Grass, a kind of plant: According to statistics, the number of this beast tide exceeded 100,000, and some people even said that there were S-class alien beasts! If it is really the means of a person with special abilities, how strong should he be? Kill countless beasts in one move!]

[Xuehua: Among the top ten people in strength, it seems that only Lei Sen is a thunder attribute power, but he was still in the boxing gym at that time, so he can rule it out.]

[People in my heart: Who is that?]

[Four Seasons of Blossoms: Have you forgotten Omi, who is the most powerful?]

...

As someone proposed Omi's name, more and more people began to search for information about Omi.

Soon, everyone discovered that there are nearly 100,000 people around the world named Omi.

However, no one has too much wealth, nor too strong strength.

Even, pushing back hundreds of years, there is still no Omi who meets the requirements.

until...

Someone mentioned the Chinese hero Omi thousands of years ago!

Some people are surprised, some people sigh, some people are excited, and more people don't believe it...

Indeed, a thousand years is too long.

They don't believe anyone can live that long.

What's more, there are only some text introductions and legends about Omi in this world, and there is no video material about Omi at all.

After so many years, many people think that the hero Omi a thousand years ago is just a fictional perfectionist.

Top physicists, top biologists, top mathematicians, top chemists, top computer scientists, top powerhouses... In their hearts, where can there be such perfect people in this world?

...

Omi didn't care at all about what was going on on the Internet and what other people were thinking.

As for killing the beast tide, he just did it casually.

The roommate next to him, Zhang Wenzhuo, said, "Omi, did you say the beast tide is about to enter Jiangbei?"

"Can Jiangbei be able to defend against it?"

The tengu sitting on the ground raised his eyelids and looked at him with the eyes of a fool.

It looked like he was saying: You fool, what kind of nonsense are you asking?

Zhang Wenzhuo seemed to read the words on Tiangu's face and said, "God, what are you looking at me for?"

Omi smiled and said, "Don't worry, it can be prevented."

Zhang Wenzhuo said again: "Will there be a small number of alien beasts rushing into the city to harm ordinary people? Do you think we should help kill alien beasts? After all, we are all people with special abilities now. UU Reading [www. .com](http://www.uureading.com)"

Speaking of this, Zhang Wenzhuo became both nervous and excited.

He just killed alien beasts in the game.

However, they have never killed alien beasts in reality.

Dangerous and exciting!

Omi smiled and said, "Probably not."

Zhang Wenzhuo didn't seem to hear Omi's words, and muttered to himself, "No, I have to prepare the equipment for battle first. But, is it too late to buy equipment now?"

After he finished speaking, he began to rummage through boxes in the dormitory.

see this...

Omi shook his head with a smile, and turned to lie on the long-lost dormitory bed, closed his eyes, and slowly fell asleep.

He hadn't slept in the student dormitory for a long time, but it gave him a different kind of comfort.

Tonight, Omi slept very sweetly.

In the blink of an eye, it was the next day.

Before Omi entered the classroom, he heard heated discussions.

"Did you watch the news?"

"Are you talking about killing the beast tide? Of course I saw it! It's too awesome. Suddenly, so many lightnings fell from the sky, killing hundreds of thousands of powerful alien beasts in an instant!"

"I heard that he is a thousand-year-old hero, Omi!"

"Idol, starting today, Omi is my idol!"

"If I have one tenth of him in the future, it will be cool!"

.....

After hearing these words, Omi smiled slightly and didn't care too much.

Zhang Wenzhuo next to him looked to the left for a while and to the right for a while.

Looking a little nervous.

Omi couldn't help but ask, "What's wrong with you?"

After all, he is now his roommate.

If the other party encounters any trouble.

Omi didn't mind helping to solve it.

Zhang Wenzhuo lowered his voice and said, "Do you know who the terrifying thunderbolt fell yesterday and instantly killed the herd?"

Omi nodded and said, "Omi."

This sentence, he said with absolute certainty.

Because this is what he did.

Zhang Wenzhuo nodded and said, "Yes, it's Omi, the Omi from a thousand years ago! Same name as yours!"

Then, he looked nervously at the left and right sides.

Then he said, "I received a message from Omi this morning, don't tell anyone else."

Then, he quietly opened the folding display in his pocket.

[Hello, I'm Omi. Due to the consumption of too much energy to kill the herd, he is now weak and trapped in the ground. He urgently needs 1,000 World Coins to buy nutrients. After I recover my energy, I will pay it back a hundredfold! Also, pass on your supreme combat skills! Card number: 6287*****]

Zhang Wenzhuo said, "I transferred 1,000 World Coins early in the morning. Omi should be about to eat nutritional supplements by now. I can't imagine that one day I can help such a big man, hehe!"

Speaking of which, Zhang Wenzhuo couldn't help showing a happy and proud smile.

happiness?

proud?

That's right! That's it!

Because, like many people, he already regarded Omi as an idol.

How can you not be happy by helping idols?

What's more, idols will also teach themselves supreme combat skills!

Omi, who was standing beside him, had a strange look on his face.

This kind of advertising existed thousands of years ago.

However, back then few people were deceived.

Unexpectedly, there are still similar advertisements today.

As a result, someone around you was deceived?

How did Zhang Wenzhuo get admitted to Jiangbei University?

Zhang Wenzhuo is still proud: "Omi, don't worry, after Omi taught me my combat skills a thousand years ago, I will mention you to him. You are both

called Omi, maybe he feels that there is a fate, and he will also teach him. Something for you.”

“Then... I’ll trouble you.” Omiyu patted Zhang Wenzhuo on the shoulder earnestly.

Zhang Wenzhuo waved his hand and smiled: “Small things, small things!”

.....

“Jingle Bell!”

At this moment, the campus rang a brisk bell.

Then, teacher Qin Chuan strode in.

He first glanced at everyone in the class, easily calculated that there were not many people, nodded with satisfaction, and said: “I believe everyone has seen the news, the beast tide crisis has been solved! Everyone can go in and out as usual as usual. campus.”

“Of course, you still need to pay attention to safety. After all, this world is not only dangerous to alien beasts!”

After a pause, he said again: “In addition, Jiangbei University, ASEAN University and Ximeng University plan to conduct a three-school joint examination in Jiangbei. The assessment is divided into two directions: mecha and arena.”

“This assessment will be presided over by President Hu Yixiao in person. Those who perform well and get good grades will receive awards and power stones from the school and even the Asian League and World League. Therefore, students must be well prepared!”

As soon as this statement came out, the students were very excited.

At this time, he almost cried out in excitement.

Jiangbei University, ASEAN University and Ximeng University are the top three universities in the world today.

The three-school joint entrance examination is a very rare thing, not to mention, this joint entrance examination is presided over by the high-ranking Hu Yixiao.

And those who excel can be rewarded a lot.

In particular, this assessment was after he became a person with special abilities.

This is definitely an opportunity for me, a very good opportunity!

Qin Chuan looked at everyone's expressions and nodded slightly.

Only then did he continue: "The three-school joint entrance examination will be held in three days. The whole school will be on holiday for the past two days. After everyone goes back, adjust their status and prepare for the joint entrance examination!"

"Yes, teacher!" the students shouted in unison.

It has to be said that the world in a thousand years is really good.

To know.....

Both ASEAN University and Ximeng University are thousands of kilometers away from Jiangbei.

If a thousand years ago, the competition was proposed temporarily, at least one week later.

Because they need two or three days on the road.

Also, it takes a certain amount of time to reverse the jet lag.

Now, relying on a supersonic plane, you can reach Jiangbei in half a day.

As for jet lag, a pill will do the trick.

.....

After Qin Chuan left, Omi saw that Xia Xueqiao's face was flushed, and asked, "Are you nervous?"

"A little bit." When Xia Xue heard Omi's voice, her pretty face turned even redder.

Omi said, "It's just an ordinary exam, just relax, you'll be fine."

For some reason, Xia Xue felt a lot more at ease after hearing this.

She smiled and said, "Okay."

The two walked and chatted while walking, and only separated at a fork in the road.

When Omi turned his head to the side, he happened to see his roommate Zhang Wenzhuo.

Most of the students were inexplicably excited when they learned that the three-school joint entrance examination was going to take place.

However, Zhang Wenzhuo had a deep worry on his face.

Omi couldn't help but asked curiously, "Zhang Wenzhuo, what's wrong with you?"

When Zhang Wenzhuo saw that it was Omi, he couldn't help but feel refreshed.

He first looked around ~ ~ and then whispered: "You said that the hero Omi from a thousand years ago, will he teach me powerful combat skills in the past two days?"

"If it is taught to me in the past two days, then I will definitely get good grades in the joint entrance examination of the three schools!"

"Maybe, I will also give it to Chief Hu Yixiao to take a fancy to!"

Speaking of this, Zhang Wenzhuo's face turned a little red with excitement.

It looked like he had already seen the scene where he defeated one classmate after another and finally stood on the podium.

However, Zhang Wenzhuo quickly frowned again and said, "But, will Hu Yixiao ask me where my combat skills come from?"

"You said... how should I answer at that time? If I tell the truth, I don't know if the Omi from a thousand years ago would mind."

Omi almost didn't laugh when he looked at him thinking seriously.

Did this guy think a little too far?
