

The Luckiest man in the world CHAPTER 766

Genius to remember the address of this site in one second: <https://The fastest update! No ads!>

During the first twenty minutes of the mecha assessment, the battle was the most intense and chaotic.

Many people have their energy cores broken during these 20 minutes.

Tian Zhiwu is one of them.

After 2 minutes of losing his energy heart, he ended up with 0 points in the mecha assessment.

If you follow Omi and the others, maybe you can be in the front row, how can you not regret it?

“Tap!”

At this moment, there was a dull sound of footsteps not far away.

Zhao Ting with long bangs walked over with a cold face.

“In the afternoon, it’s best to pray that you don’t meet me! Otherwise, I must make you look good, hum!”

After speaking, he walked straight forward.

Zhao Ting also knows that his mecha ability is relatively general.

However, he believes that he has superhuman abilities!

Zhao Ting believed that as long as he met Omi and others, he could easily knock them to the ground and take revenge.

.....

noon.

Omi, Xia Xue, Li Dongqiang and Tian Zhiwu chose to eat at Jiangbei Cafeteria.

Today’s cafeteria is much more popular than usual.

There are constantly black students walking towards the inside.

Fortunately, Jiangbei University has made adequate preparations in advance so that students will not be queuing for too long or will not be able to eat lunch.

After lunch.

Li Dongqiang, Xia Xue, and Omi took Tian Zhiwu to wander around the campus.

After all, Tian Zhiwu came from ASEAN University and was a guest from afar, so he needed to be entertained.

Tian Zhiwu pointed to the statue in the distance and said, "Is this the hero Professor Omilin from a thousand years ago?"

"Yes." Li Dongqiang affirmed, "It is said that Professor Lin used to think under that tree and solve problems, and now it has become a tree of enlightenment... And there, it is said that someone broke his leg. Let the other party stand up, and this is how the prosthetic limb was invented..."

Although, Omi had already heard all kinds of legends and stories about him from Xia Xue.

But, listening to it again now, he couldn't help but touch his nose in embarrassment.

Several people were walking and chatting.

Time was like water, and it was two o'clock in the blink of an eye.

At this time, the seventh group of students who participated in the assessment came to the North Square again.

On the originally flat North Square, there were 50 more arenas.

It has to be said that the world in a thousand years is really amazing.

With just a few hours of rest at noon, 50 sturdy arenas can be quickly built.

Li Ke, who was standing at the front, glanced at the students and said, "There are 10 random players in the arena, and the battle time is 30 minutes. As long as the opponent is knocked out of the arena, or the opponent admits defeat, 1 point will be awarded. , get all the points your opponent has."

"Of course, the premise is that the use of weapons is not allowed, and intentional killing is not allowed!"

"Now, announce the grouping!"

Li Ke's voice fell, and a huge 3D projection immediately appeared on the scene.

Above, are all the reference lists of the seventh group of the three-school joint entrance examination.

[Xia Xue: 30 teams]

[Li Dongqiang: 33 teams]

【Tian Zhiwu: Team 10】

The Luckiest man in the world CHAPTER 767

[Omi: Team 61]

.....

Li Dongqiang sighed: "We are not all on the same team."

Tian Zhiwudao: "You should be glad that you are not in the same team, a team of 10 people, if all are in a team, each person will only get 1 point on average, and even, at the beginning, the other 6 people may join together to attack us, Then we're in some danger."

"Huh? It seems to be the truth." Li Dongqiang said.

.....

Li Kelang said: "Students from the top 50 squads are now in the ring!"

After hearing the words, all the students walked towards their ring.

The students after the 50th squad swept their eyes from one ring to the next.

They whispered who would get the good grades.

Omi silently focused his attention on the No. 30 ring.

.....

At this time, there are 3 women and 7 men standing on the No. 30 ring.

One of the girls is Xia Xue.

The three girls instinctively gathered together and watched the seven boys in the distance vigilantly.

The atmosphere is a little dull.

At this time, Li Ke, who was under the ring, said, "The ring match, start!"

The 7 boys in the No. 30 ring did not choose to deal with the girls first.

They attacked each other, and after a while, 4 people were knocked out of the ring.

The remaining three boys had bruises on their bodies.

They all felt each other's difficulties and did not attack easily.

Instead, they all turned their attention to Xia Xue and other three girls.

The round-faced girl whispered, "What should we do? They seem to be going to deal with us."

The girl with melon face said: "We can't sit still! We must take the initiative!"

"Okay!"

Then, the three girls rushed towards the three boys in unison.

In the impression of many people, girls are mostly weak.

But, that's just an ordinary girl.

Xia Xue and others are not ordinary at all.

"boom!"

"boom!"

The melon-faced girl has the haste ability, the round-faced girl has power far beyond ordinary people, and Xia Xue's speed and strength are not weak at all.

3 on 3.

One is energetic and the other is exhausted.

The ending is self-evident.

After spending some effort, all three boys were knocked out of the ring.

Seeing this, the three women all showed a touch of joy.

At this moment, the melon-faced girl and the round-faced girl quietly glanced at each other.

A sharp look appeared in their eyes.

Then, they suddenly attacked Xia Xue together.

They actually knew each other, and they had already made plans!

see this...

Omi, who was standing under the ring, raised his brows slightly, ready to help.

As for whether this would break the rules of the game and affect the progress of the game, Omi did not consider it at all.

The only thing Omi thought about was not to let Xia Xue suffer any harm.

“Wow!”

However, before Omi could make a move, Xia Xue suddenly jumped up, dodging the attacks of the round-faced girl and the melon-faced girl.

The round-faced girl and the melon-faced girl looked up at Xia Xue, who was flying in the air, with a look of surprise on their faces.

No, it wasn't just them surprised.

A lot of people outside the arena all looked towards this side and let out a burst of exclamation.

“In the ring on the 30th, someone actually flew up!”

“My God! The special ability to fly!”

“This is too great, isn't it?”

.....

Flying, no matter what era it is, is an amazing thing.

After Li Ke heard the voice, he also cast a strange color at Xia Xue.

.....

Xia Xue, who took off in the air, had a hint of coldness on her pretty face.

“You are too sinister!”

The melon-faced girl didn't care, and said, “In the ring match, either I win or you lose, what's the insidiousness?”

At this point, she had recovered from the shock.

Even if Xia Xue could fly, so what?

It's a big deal not to attack her.

And there are two people on her side, and she has no ability to attack herself.

Thinking of this, both the melon-faced girl and the round-faced girl became more relaxed.

Xia Xue said coldly: “Either I win, or you lose? If that's the case, then you all lose!”

When the words fell, Xia Xue jumped down.

Fast as lightning.

In a blink of an eye, he reached behind the melon-faced girl.

The melon-faced girl wanted to dodge, but it was too late.

“boom!”

With one punch, the melon-faced girl was knocked out of the ring.

Then, Xia Xue jumped, quickly arrived in front of the round-faced girl, and kicked violently.

“boom!”

The round-faced girl also fell off the ring.

Complete victory!

.....

At this point, only Xia Xue was left in the entire ring No. 30.

She scored a 9 on her own!

Xia Xue looked at the other arenas, and then slowly walked down.

Omi smiled and said, "Good fight!"

In fact, it is normal for Xia Xue to be able to achieve this level.

Because, while in the forbidden area, Omi specially adjusted Xia Xue's body, and quietly let her absorb a lot of energy.

Just dealing with two ordinary students, where would it be difficult?

When Xia Xue heard Omi's compliment, her pretty face blushed slightly, and she was very happy.

Even when she just beat two girls and scored 9 points, she was not so happy.

"thanks."

At this time, Tian Zhiwu slowly walked over.

There were some wounds hanging on his body, and his whole face was like a bitter gourd, which was extremely ugly.

"Hey, this three-school joint entrance exam is a waste of time." Tian Zhiwu sighed, "It's zero again!"

Omi smiled and said, "It's all about participation!"

"That's all I can think of." Tian Zhiwu said.

"What's the only way to think like this?" Li Dongqiang's cheerful voice sounded behind him.

Tian Zhiwudao: "The key is to participate... By the way, how was your ring match?"

"It's okay, it's only 4 points." Li Dongqiang said proudly.

This is really worth it.

You know, there are only 10 people in each ring, with a total of 9 points.

The Luckiest man in the world CHAPTER 768

4 points, which is already nearly half of the points in the ring!

Tian Zhiwu immediately gave a thumbs up and said, "It's awesome!"

Li Dongqiang waved his hand and said, "Generally average."

At this time, Li Kelang said: "Team 51 to 100, go to the ring!"

Tian Zhiwu said: "Omi, come on!"

Li Dongqiang said, "You can do it!"

Xia Xue said softly, "Come on..."

After a pause, he said again: "Be careful."

Omi smiled and said, "Okay."

In fact.

Where does Omi need to pay attention to what safety?

With his physique, even if he stood on the spot and let people beat him casually, it was impossible for anyone to cause any damage to him.

"Tap Tap!"

All the referees stepped onto their respective arenas one after another.

As soon as Omi stepped into the ring No. 61, he felt a stern look in the face.

He glanced up, and it was Zhao Ting with long bangs.

Zhao Ting grinned and said, "Omi, what a coincidence, we met again."

With that look, he seemed to have seen the scene where Omi was being rubbed by himself.

In this regard, Omi's expression was always indifferent.

After all, a little ant grins at a human.

How can human beings care?

.....

Tian Zhiwu's expression changed slightly under the ring.

"Oops! How come Omi and Zhao Ting are in the same arena? Zhao Ting's air control is very difficult, not to mention, his special ability level has reached C-!"

“This time, Omi is afraid it’s in danger!”

Li Dongqiang’s face was also a little solemn, and he said, “Omi...you have to be careful.”

Li Dongqiang and Zhao Ting had a brief fight before.

It is for this reason that he is very aware of the difficulty of air control and the power of Zhao Ting.

Xia Xue said seriously, “Omi must be fine.”

Her beautiful eyes stared at the ring 61 without blinking.

At this moment, a loud voice sounded from the scene.

“The ring match, start!”

Suddenly, everyone in the ring moved.

Zhao Ting on the ring No. 61 charged straight towards Omi.

He wanted to rub Omi at the first moment to relieve the resentment in his heart.

“Fall down!”

Zhao Ting threw a punch at Omi.

“boom!”

However, when he was only a few centimeters away from Omi, his fist could no longer move forward.

The feeling... as if there was an invisible wall ahead.

Then, Omi followed suit.

This punch slammed into Zhao Ting’s face.

“boom!”

Immediately, Zhao Ting’s whole body seemed to have been hit by a speeding car, and the whole body flew out and smashed under the ring, causing a cloud of smoke.

Score!

This scene shocked the others on No. 61 with their mouths open.

In fact, all these changes were too fast, and Omi's attack was too tyrannical.

On the No. 61 ring, the 8 people who were still wary of each other suddenly gathered together.

Then, Qi Qi looked at Omi with extremely vigilant eyes.

This is the instinctive behavior of the weak when they meet the strong.

Someone whispered: "Deal with him first!"

"Okay!" The rest of the people responded.

Then, the 8 people used their special abilities to attack Omi from different angles.

Two fists are no match for four hands.

What's more, 16 hands?

However, this is only the general case.

Omi, obviously not ordinary!

He looks like a phantom, flashing constantly among the 8 people.

I only heard a dull sound from the ring No. 61.

"boom!"

"boom!"

"boom!"

Then, all 8 people flew upside down and landed under the ring like sandbags.

Ring 61 is over.

Omi's score: 9 points!

This scene was all seen in the eyes of everyone outside the arena.

Many people made a sound of admiration and discussion.

"Just... just now, what happened in arena 61?"

"Why did they fly out all of a sudden?"

"1 minute? Is there more than 1 minute in the match in ring 61?"

"This... is too fast!"

.....

Li Ke also set his eyes on Omi.

He murmured in his heart, "Omi? Is this... a coincidence?"

.....

Omi paid no attention to the admiration and doubts of the crowd.

After he jumped off the ring, he walked straight forward.

Tian Zhiwu exclaimed: "Omi, no! Master Lin! What level have your special abilities reached? My God! All 9 of them were defeated by you in a blink of an eye!"

"There is also Zhao Ting~ ~ He is a C-level special ability!"

"Did you achieve B+ like Leihu?! Oh my God! Why are all the people called Omi so awesome?"

Omi smiled and said, "I don't even know what level I am."

This sentence, he did not talk nonsense.

Because he didn't know how the special ability levels in the world today were divided.

Naturally, I don't know what level I am.

Li Dongqiang gave a thumbs up and said, "It's too awesome!"

Xia Xue said excitedly, "Omi, I knew you could do it."

"Drip drip!"

At this time, Li Ke, who was in deep thought, suddenly rang a rapid ringtone from the mobile phone in his pocket.

He glanced at the call notification, his expression suddenly became solemn, and he pressed the answer button.

"Yes!"

"Yes!"

“As ordered!”

After Li Ke answered several times in a row, he hung up the phone.

And after hanging up the phone, his expression was no longer as relaxed as it was at first.

The whole person looked very anxious.

In fact, similar things did not just happen to Li Ke.

Almost at the same time, it appeared on all the examiners of the three-school joint examination.

Some people vaguely noticed something.

More people are still silent in the wonderful arena competition.

...

The arena competition was only 30 minutes long, and the curtain soon came to an end amid the voices of the crowd.

At this time, most of the students in the seventh group looked a little embarrassed.

This is also normal.

After all, the ring competition requires students to confront each other head-on, which is very intense.

Li Ke, who was standing at the forefront, said bluntly: “In the morning mecha competition and the afternoon ring competition, everyone knows their scores. The total score is 1 point for the mecha competition and 1 point for the ring competition. 2 points, I will directly announce the final ranking.”

The Luckiest man in the world CHAPTER 769

After the words fell, a huge 3D projection immediately appeared on the scene, one name and one score.

【 Omi: 57 】

【 Xia Xue: 51 】

[Li Dongqiang: 39]

...

About 1 minute later, Li Ke said again: "Now announce the overall ranking of the joint entrance examination of the three schools!"

As soon as this statement came out, the students began to discuss.

"Total ranking? Is this announced directly?"

"Didn't our 7 groups not compete with other groups yet?"

"The three-school joint entrance exam is about to end?"

...

The whole scene became a little chaotic.

No wonder it will.

After all, the three-school joint entrance examination is an extremely grand event.

It has attracted the attention of almost everyone in the world.

As a result, in just one day, it was over?

This is really anticlimactic.

However, Li Ke did not pay attention to the discussion of the crowd.

He waved...

Suddenly, a brand new 3D projection appeared in the air.

【 Omi: 57 】

【 Xia Xue: 51 】

[Song Bin: 49]

[Sun Daqiang: 40]

[Li Dongqiang: 39]

...

Even in the overall ranking, Omi still ranked first.

People in Group 7 were not too surprised to see his ranking.

However, the students of other groups made a comment again.

"First place, Omi?"

"This...could it be the hero Professor Lin from a thousand years ago?"

"Professor Lin also participated in the three-school joint entrance examination?"

"Oh my God! This is incredible!"

...

In fact, it wasn't just the students who were surprised.

Those examiners were also a little stunned.

Some people who were acquainted with Li Ke even sent inquiries directly.

...

At this time, a loud voice suddenly sounded in the huge Jiangbei University.

"Hello everyone, I'm Hu Yixiao!"

As soon as these words came out, the entire Jiangbei University immediately became quiet.

"Dong Dong Dong!"

Everyone's heart began to beat faster.

Hu Yixiao!

The current chief!

The sixth superpower on the strength list!

Countless people worship the existence!

Now, he actually wants to speak to himself!

Hu Yi smiled and said, "I have just watched everyone's mecha battles and arena matches. To be honest, I am very disappointed!"

"Immature, full of flaws!"

"Today's world has given you the best environment and the best resources, and you can only achieve this level?"

"I am disappointed!"

Everyone's ears were buzzing, and there was endless shame in their hearts.

After a while, Hu Yixiao said, "You don't know that there are many people who can't take a step out of the forbidden area in their lives in order to prevent the expansion of the forbidden area!"

"You don't know that countless people die in the mouth of alien beasts every year!"

"Perhaps, we protected you too well."

When Hu Yixiao said this, he let out a long sigh.

Then, he said again: "But, it's not too late!"

"Now, there is a chance! A chance to grow quickly and it's your turn to protect others!"

"There is a strange beast riot in the No. 2 forbidden area. I will lead the way to support. Do you dare to go with me?!"

Immediately, Jiangbei University responded with a loud and clear voice.

"Go!"

Hu Yixiao said again: "There, you will face terrifying beasts alone, are you afraid?"

"Don't be afraid!"

"Okay!" Hu Yi laughed loudly and shouted, "The top 500 students in the overall ranking will gather at the school gate, and the rest will be disbanded on their own, because you are not qualified to participate at all!"

"drop!"

Hu Yixiao's voice stopped abruptly.

All the examiners, quickly organized the top 500 students and headed towards the school gate.

Those after 500 students lowered their heads one after another, helpless, sad and depressed.

Li Dongqiang said excitedly: "It's great to be able to go to the No. 2 forbidden area! I heard that it was the forbidden area that the heroes experienced thousands of years ago!"

A strange look flashed across Omi's face, but he didn't say much.

Li Dongqiang patted Tian Zhiwu, who was a little frustrated, and said, "Don't be so sad! Although you can't go, I will help you kill a few more beasts, so it counts as you going!"

Tian Zhiwudao: "Yes... yes."

"Of course!" Li Dongqiang said, "Look, I have helped you, why don't you thank me soon?"

Tian Zhiwu's mouth twitched slightly and said, "Okay, thank you."

"It's not sincere at all, say another word sincerely." Li Dongqiang said.

Omi shook his head with a smile when he heard the noise of the two.

He turned to Xia Xue and said, "Don't worry, there will be no danger."

Originally, Xia Xue, who was indeed a little worried, heard this sentence, and the worry in her heart was instantly swept away.

She nodded vigorously and said, "Mmmm!"

Everyone walked and talked, and after a while, they came to the front of the school.

At this time, a large luxury spacecraft has stopped in front.

When the students saw it, they exclaimed in admiration.

"It's the M5 space vehicle!"

"Oh my god, this is the first time I've seen the real thing!"

"so cool!"

...

When the top 500 students in the three-school joint entrance examination took the M5 aircraft. UU reading

An emergency meeting was held at the Asian League headquarters.

“How’s the situation on the No. 2 forbidden area?”

“The energy fluctuations in the core area are getting stronger and stronger, and all the alien beasts have rioted. According to the preliminary judgment, there have been nearly one million alien beasts! Among them, there are more than 100 SSS-level alien beasts!”

As soon as these words came out, the atmosphere of the entire conference room became extremely dull.

Millions of alien beasts, hundreds of SSS-level alien beasts!

Either way, it’s a very scary thing.

Now, they are all gathered together.

Just thinking about it makes one feel a burst of despair.

The top leaders of the Asian League seem to have seen the scene of a riot of alien beasts, causing a terrible disaster.

The entire conference room was quiet.

After a long time, someone said: “In this case, would it be too hasty for us to let the top 500 students from Jiangbei University, ASEAN University and Ximeng University enter the No. 2 forbidden area?”

“After all, they are the future of the earth. If they are all sacrificed there, it will definitely be a huge loss for the earth.”

Some nodded in agreement.

And Xue Zhan, who was sitting at the top, said, “Where will they grow without the wind and rain? This is a training for them.”

“In addition, Hu Yixiao, Liu Qi and my master Yu Feng all went to the No. 2 forbidden area, and they will try their best to protect the safety of the students.”

Everyone nodded when they heard this.

Hu Yixiao, Liu Qi, Yu Feng, the first two are the chiefs of the Asian League, and the latter is the master of the three chiefs, legendary figures!

The three of them ranked sixth, fourth and second in the strength list respectively.

Since they took action to protect, the risk factor will naturally be reduced a lot.

However, Xue Zhan's expression still did not relax.

The Luckiest man in the world CHAPTER 770

He is the third-ranked expert on the strength list, and he knows very well how terrifying the No. 2 forbidden area is.

He prayed silently in his heart that everyone would be able to tide over the difficulties.

...

"Whoosh!"

The M5 aircraft draws a graceful arc in the air.

After about half an hour, it slowly descended.

"laugh!"

The students stepped off the aircraft, and in the distance was a red forest.

Scarlet, weird!

Intimidating.

Some students even gave up.

At this moment, a tall, stalwart figure, swept by a strong wind, suddenly appeared in front of the students.

He is Hu Yixiao, one of the chiefs of the Asian League.

When the students saw him, their heartbeats accelerated involuntarily.

Then, Qi Qi bent down and said, "General Manager is doing well!"

Hu Yixiao ignored the students at all.

He just stared at the red forest with a pair of eagle-like eyes.

After a while, he said: "Qin Feiyu, Wang Qiang, Liu Baohua... Enter the No. 2 forbidden area with me, and the others lead the students to follow."

"Yes!" Everyone said in unison.

Then, Hu Yixiao took the lead and plunged into the No. 2 forbidden area.

Li Ke and other remaining invigilators said loudly: "Everyone keep up, don't run around, don't fall behind, don't touch anything in the forbidden area, including trees!"

"Yes!" the students said.

Under the curiosity and nervousness of the students.

Finally, everyone slowly walked into the No. 2 forbidden area.

"Wow!"

Outside, everyone could not feel anything unusual.

However, the moment he stepped into the forbidden area, he was confronted with a heat wave.

Taking a breath, the blood boiled vaguely.

"My strength seems to be growing."

"My special ability seems to be breaking through."

"It's so hot, ah!"

"The strength is constantly growing!"

...

Everyone whispered and praised, and slowly moved forward.

At this moment, a branch kept shaking above the head of the student wearing a black T-shirt, which annoyed him a little, and raised his hand to tear it off.

"Whoa!"

Suddenly, the big tree suddenly seemed to come alive, and its branches suddenly grew.

In the blink of an eye, the students in black T-shirts were wrapped into dumplings.

He kept struggling in the branches, but it didn't work, so he shouted: "Help! Teacher, help!"

"Humph!"

An examiner with a flat head jumped up, pulled out the soft sword from his waist, and swung several swords in a row.

"thump!"

After a while, the students in black T-shirts emerged safely from the branches.

However, this move seems to have completely angered the mangrove.

The surrounding mangroves all shook violently, and their branches grew wildly, as if to surround and kill everyone here.

Another examiner was busy playing music.

Soft and ethereal.

Soon, the mangroves stopped shaking and slowly returned to calm.

see this...

Everyone breathed a sigh of relief.

The chief examiner shouted, "Didn't you say, don't touch the things in the forbidden area?"

The black T-shirt student lowered his head and dared not speak.

"Okay, since no one was injured, let's move on." An examiner said.

A group of people, keep going.

On the way, the students learned their lesson and did not dare to touch anything.

However, there are many more potholes on the ground, and the corpses of alien beasts are extremely bloody.

Apparently, there was a battle here not long ago.

"rustle!"

“rustle!”

Many centipedes with scarlet eyes suddenly appeared from the ground.

Ferocious, terrifying!

“All students, prepare to fight and kill the armored centipede!” said the examiner standing at the front.

When the words fell, he took the lead in swinging a knife.

An iron-clad centipede was directly broken into two halves.

Rao is so, it is still twisting its body hard.

After hearing what the students said, they also attacked the centipede one after another.

These iron-clad centipedes are obviously not very powerful.

At the beginning, there were students who were almost injured.

However, after a while, they found the rhythm of the battle, and with the cooperation of several people, they quickly killed one after another iron-clad centipede to the ground.

“Boom!”

At this moment, a ten-meter-long giant centipede suddenly sprang out from the ground.

Its legs, all like steel knives, are extremely sharp.

After seeing the students, it seemed to see the enemy who beheaded its own descendants, and it seemed to see a group of fat sheep, with their hideous mouths open, and shot towards the students.

The three examiners standing at the front responded extremely quickly.

One person’s arm turned into a boulder and punched out.

One shot out a fiery flame.

One person raised a large knife and cut it down.

“boom!”

“boom!”

In the blink of an eye, the giant centipede burst into billowing black smoke, broke into pieces and fell to the ground.

This scene made the students both scared and excited.

This is the examiner, powerful and unparalleled!

When can I be so powerful?

Omi said, "Xia Xue, are you alright?"

"It's okay." Xia Xue said.

Li Dongqiang said: "The examiners are awesome! Omi, Xia Xue, when can we become like them?"

Omi said, "Being like them? I guess it's impossible. UU Reading [www. .com](http://www.uureading.com)"

Omi didn't talk nonsense.

Because his current strength has already far surpassed them.

How can it be like them?

However, Li Dongqiang thought that Omi was not confident, so he put his hand on his shoulder and said, "Don't be discouraged, as long as we work hard, there will be absolutely no problem!"

"boom!"

At this time, deep in the mangrove forest, a loud noise suddenly erupted.

The entire mangrove forest jumped up and down.

A hurricane blew across, and everyone's clothes and hair rustled.

Li Ke and other examiners turned around and looked into the depths of the woods, their faces filled with solemnity and horror.
