

The Luckiest man in the world CHAPTER 771

!

In front, a two-headed snake more than ten meters thick stood upright like a pillar of the sky.

A golden orangutan nearly 100 meters tall, beating its chest and roaring.

A black giant eagle that covered the sky, spread its wings and hovered.

A gigantic golden scorpion wielding steel pliers.

.....

"A lot of SSS-level alien beasts!" an examiner said in a hoarse voice.

He is the squadron captain of the special ability team, and he has seen many big scenes.

However, at this time, he couldn't help but be stunned on the spot.

As soon as this statement came out, the students began to discuss.

"SSS-level alien beasts? Those... are they all?"

"So many SSS grades, what should I do now?"

"It's over, we're all over."

.....

The voices of the students were full of fear and even despair.

Omi said to Xia Xue, whose pretty face was turning pale beside him, "Don't worry, I will protect you by my side."

This identity is very ordinary and plain.

However, it made Xia Xue feel at ease immediately.

She nodded vigorously and said, "Mmmm!"

.....

At this time, three figures who were not tall suddenly appeared in front of the tall SSS-level alien beasts.

They are Hu Yixiao, Liu Qi and Yu Feng.

only see...

The three punched, kicked, and drew swords.

The strong wind howled, the momentum was terrifying.

“Boom boom boom!”

Then, one after another huge alien beasts were knocked out, or their heads were beheaded, or they burst like balloons...

This scene stunned everyone directly, and continued to exclaim in admiration.

“That’s Chief Hu and Chief Liu, who is the other person?”

“This is too awesome!”

“One move, one, that’s an SSS-level alien beast!”

“I see, the last one must be President Yu!”

“As expected of the chief, he is too strong!”

“Idols, they are all my idols!”

.....

As one SSS-level alien beast was resolved one after another, the students changed from initial worry and fear to excitement and excitement.

They were excited, but the faces of Hu Yixiao, Liu Qi, and Yu Feng, who were standing at the front, gradually turned ugly.

Don’t look at how they solved an SSS-level alien beast in one move, it seems very simple.

However, in every move, they are almost doing their best.

Continuously attacking with all their strength, even they are a little overwhelmed.

At this time, in their field of vision, there were densely packed and uncountable strange beasts in the distance.

Among them, there are hundreds of SSS-level alien beasts.

Hu Yixiao took a deep breath and said, "What is the situation in the No. 2 forbidden area, why are all the alien beasts rioting."

Liu Qi said: "If you want to know the reason, I'm afraid you need to go deep into the forbidden area."

Hu Yixiao shrugged and said, "Go deep? According to the performance of these beasts, they must not tear me apart?"

Then, he said again: "Master, what should we do now? The alien beasts seem to be rushing out again."

Yu Feng stared into the distance and said, "Replenish your strength and stick to it!"

After speaking, he took out a nutritional supplement and poured it directly into his mouth.

This is a special nutritional supplement.

One bite is enough to keep ordinary people from eating for a day.

However, Yu Feng, as the second strongest player on the strength list, only regained a little physical strength.

Of course, talking is better than nothing.

Hu Yixiao and Liu Qi drank several nutritional supplements in a row.

"Boom!"

At this time, a large group of alien beasts suddenly rushed over from a distance, and the whole ground jumped again.

Hu Yi smiled and sighed: "Come again!"

When the words fell, he threw a punch.

"boom!"

A large piece of low-level alien beasts directly turned into meat patties.

Liu Qi and Yu Feng also shot together.

Low-level alien beasts do not pose any threat to them at all, and it is easy to solve them.

However, at this moment, a dozen or so huge SSS-level alien beasts suddenly rushed out from the ground and from a distance.

This caught them off guard.

“Depend on!”

Hu Yi laughed loudly and punched hard.

“boom!”

Two SSS-level alien beasts were killed on the spot.

When he threw the third punch, the strength was a little unsustainable, and he was blocked by the giant lizard.

The giant lizard seized the opportunity, opened its **** mouth, and snapped at Hu Yixiao.

“boom!”

At this moment, Yu Feng, who was beside him, suddenly turned around and chopped off the head of the lizard with one knife, and the blood shot out.

He said solemnly: “Pay attention to controlling the power!”

“Yes!” Hu Yixiao first breathed a sigh of relief, and then, like a freshman, nervously said.

Hu Yixiao, Liu Qi and Yu Feng attacked the alien beast again.

After destroying this wave of alien beasts, they became even more tired.

However, they did not mean to back down.

Because it is too close to the exit of the forbidden area.

Once they back down and make the alien beast rush out of the forbidden area, it will definitely be an extremely terrifying disaster.

“Boom!”

Before they could take a few breaths, the entire forbidden area suddenly shook again.

Moreover, the magnitude of this shock is far greater than before.

There were fissures on the ground, and the mangrove trees also tended to tilt and fall.

next moment.....

Dense, uncountable strange beasts rushed over like a torrent.

Hu Yixiao, Liu Qi...even Yu Feng's faces changed drastically.

"Quick!" Yu Feng shouted.

The three hurried out.

The Luckiest man in the world CHAPTER 772

However, rushing to make a move, plus the strength of the three people is not enough, how can they deal with so many alien beasts?

In particular, there are dozens of SSS-level alien beasts inside!

The three tried their best, but they couldn't resist.

The students in the distance also seemed to see some anomalies.

They felt the terrifying coercion emanating from the beast, and their bodies trembled.

"Okay, so scary..."

"Chief Commander, can they defeat them?"

"Should...it should be possible..."

.....

Omi just stood beside Xia Xue and silently looked ahead.

He frowned suddenly and said softly, "Xia Xue, wait for me here for a while."

When the words fell, his figure disappeared directly.

At this moment, Hu Yixiao had just used all his strength to knock a golden python into the air, but before he could catch his breath, he suddenly felt a chill behind him.

A fiery red scorpion was piercing towards his head with a sharp tail needle.

Hu Yixiao wanted to avoid it, but it was too late.

And Yu Feng and Liu Qi are all dealing with other SSS-level monsters.

Hu Yixiao felt a sense of despair in his heart: It's over!

At this moment ~ ~ a tall, handsome figure suddenly appeared in front of him.

It was Omi!

only see...

Omi casually moved towards the fallen.

“Crack!”

The sharp, sturdy tail needle was like a foam and instantly shattered!

Do not!

It's not just the tail pin that is broken.

The huge fiery red scorpion, like a bubble, turned into nothingness.

Hu Yixiao stared blankly at this scene.

At this moment, Hu Yixiao had only one thought in his mind: Who is he? !

Omi ignored Hu Yixiao at all, and turned towards the strange beast in front of him.

“Wow!”

Another beast turned into a bubble and disappeared without a trace.

Then, Omi tapped the beast several times in a row.

With every finger, a strange beast disappeared completely.

Mysterious and tyrannical!

This scene directly made Hu Yixiao open his mouth wide, and was terrified to the extreme.

When... when did the SSS alien beasts be solved so easily?

However, Omi frowned.

Because, even so, he still felt too slow.

So, Omi suddenly stretched out his hands.

“Wow!”

In an instant, the alien beasts that roared wildly and waved their claws ferociously, Qi Qi seemed to have been immobilized, and all of them stopped moving.

Then, Omi spit out a word: “Destroy!”

“Boom!”

After a soft beep.

Alien beasts like tides, even dozens of SSS-level alien beasts, all shattered like a bubble and disappeared without a trace.

The whole world was instantly silent, dead silent!

Everyone opened their mouths wide and focused on Omi with incomparably stunned eyes.

Hu Yi smiled and stammered: “You...you are...”

“Omi.” After Omi uttered two words, he stepped out and came to Xia Xue’s side in an instant.

Xia Xue couldn’t help but ask, “Are you that Professor Lin from a thousand years ago?”

Everyone around them pricked up their ears.

Obviously, they are also very curious about it.

Omi nodded and said, “Yes.”

He didn’t want to tell any lies to Xia Xue.

What’s more, in Omi’s view, this matter is nothing at all.

“Buzz!”

Although, people have already expected this.

However, after hearing Omi’s confession, he was still shocked.

That Professor Lin!

That great man!

He lived more than 1000 years!

In Xia Xue’s mind, scenes of meeting with Omi appeared involuntarily.

No wonder the Emperor Hotel treats Omi so politely.

No wonder, when he introduced Jiangbei University to Omi, especially when he introduced Omi’s deeds, his expression would be so strange.

No wonder he solved math problems so easily.

.....

No wonder he felt so at ease when he was by his side.

Thinking of this, Xia Xue’s pretty face couldn’t help blushing.

She glanced at Omi quietly, but found that he was also looking at her.

Xia Xue’s pretty face turned even more ashamed, and she wished to bury her head in the valley.

“Boom!”

At this time, an unprecedented loud noise appeared in the depths of the forbidden area.

The tyrannical energy storm set off a cloud of smoke and dust.

There were even cracks on the ground.

Moreover, the cracks are still growing and expanding.

Then, there were densely packed and uncountable beasts fleeing from the depths of the forbidden area.

This time, regardless of the number of alien beasts, the aura they exude, and the degree of fury, they all exceeded the previous few times.

This feeling, as if there is something extremely terrifying behind it.

All the students turned pale with fright.

Then, they all looked at Omi.

The Luckiest man in the world CHAPTER 773

Omi frowned and said, "In the depths of the forbidden area, this aura... seems a little familiar, what is it?"

As he spoke, he directly raised his hand and waved.

The wild beasts disappeared all at once.

This feeling, as if the previous beast tide was just an illusion.

"boom!"

There was a loud bang in the depths of the forbidden area.

Vibrant energy, like a tide, rushing wildly.

Omi's eyes moved slightly, and he said in surprise, "This feeling is...they!"

Then, he was about to step out.

But soon, he thought of Xia Xue next to him.

So, he said, "Xia Xue, let's go to the forbidden area together."

Inside the forbidden area?

It was absolutely terrifying and dangerous there.

But Xia Xue didn't hesitate at all, nodded and said, "Okay."

Because, as long as she is with Omi, she will feel very at ease.

Immediately, the two of them disappeared in the same place.

The next moment, Omi and Xia Xue appeared in the depths of the forbidden area.

There is a thick white mist of energy here, which makes people unable to see the scenery in front of them.

Of course, this is referring to ordinary people.

Omi is no ordinary person!

He stared straight ahead, his body trembling slightly.

It's excitement, it's excitement!

Because, under the energy white mist, is a big pothole.

Inside the pothole is an energy mask.

There are many people lying inside the mask.

These people are all Omi's family members and lovers thousands of years ago!

Grandpa Lin Liqiang, grandma Zhang Guidan, father Lin Tao, mother Dai Weixue, younger sister Lin Xiaoyao... Lovers Xia Bing, Hu Tian, Han Tian, Song Jiaxin, Su Ning, Ling Rou, Qiu Ziqian, Huang Ling, Chen Xin, Xu Jingrou... all of them A lot!

These days, Omi misses them all the time.

Now, they finally appeared in front of him.

Moreover, looking at their condition, their bodies are still full of vitality.

They're...all still alive!

How could this not make Omi excited?

"Boom!"

At this time, the energy cover in the pothole suddenly shattered.

Omi was worried about an accident, so he hurriedly poured a vigorous energy of life into everyone's body.

After a while, Lin Tao, Dai Weixue, Lin Xiaoyao, Han Tian, Hu Tian and others all opened their eyes.

At first, they were still a little dazed.

But soon, they all turned their attention to Omi.

" Omi!"

" Omi, is it really you?"

"Great!"

Everyone shouted happily.

Hu Tian, Han Tian, Song Jiaxin, Su Ningning and others rushed towards Omi in a hurry.

Then, either hold his hand tightly, or hug him tightly...

Haven't seen each other for many years, love to the depths.

Omi said softly, "These years, you have suffered."

"We didn't suffer at all, we just slept and woke up to see you." Song Jiaxin said.

"Yes." The girls nodded.

Omi said, "By the way, why are you all lying here?"

"It was Xia Xue and Xia Bing who helped me. That day, they said that you were not dead. If we sleep together, maybe we can see you. Sure enough!" Song Jiaxin said happily.

Omi nodded suddenly.

He already knew from the super smart watch ~ ~ that Xia Xue and Xia Bing inhaled a lot of energy, thus possessing tyrannical power in one fell swoop.

So, it is acceptable.

At this time, he seemed to think of something again, and just turned around to ask.

Xia Bing, who was the only one lying on the ground, suddenly opened her eyes.

At the same time, the billowing white mist of energy penetrated into Xia Xue's body behind him.

"Wow!"

Crazy howling, sand and stones flying.

The blue sky suddenly burst into a splendid golden glow.

These golden lights continue to spread and permeate, and gradually form a huge golden portal with four golden characters: Congratulations on becoming an immortal!
