

The Luckiest man in the world CHAPTER 774

/ the luckiest man in the world

Everyone...including the people in the No. 2 forbidden area, the people in the Asian League, and even people from all over the world...all looked up at the sky, and made a burst of discussion.

“what is that?”

“Is this a 3D projection?”

“Congratulations on becoming an immortal! Someone is about to become an immortal? Are there really immortals in this world?”

“Thousands of years ago, it seems that this scene also appeared!”

“My God!”

.....

At this time, all the white fog from the No. 2 forbidden area had completely submerged into Xia Xue’s body.

Suddenly, Xia Xue’s gaze towards Omi changed completely.

Soft as water, hot as fire!

She couldn’t help but stepped forward and said softly, “ Omi!”

Almost at the same time, Xia Bing also came over and said, “ Omi!”

When Omi heard these two voices, he knew that Xia Xue had recovered the memories from a thousand years ago.

However, he couldn’t help but say, “Xia Xue, why did you lose your memory earlier?”

Xia Xue said softly: "Thousands of years ago, after gaining a powerful power, we have a special ability to calculate, knowing that you will come back in about 1,000 years, so we sealed it here with everyone."

"But, I'm afraid you didn't see us and went somewhere else."

"So, when it was close to a thousand years, I forcibly woke up from the seal, and I was afraid of affecting the seal, so I used special abilities to ensure the normal operation of the seal at the expense of memory and strength."

Omi said, "Thank you for your hard work."

"It's not hard." Xia Xue and Xia Bing shook their heads gently, with happy smiles on their pretty faces.

"Wow!"

At this moment, two beams of light suddenly appeared from the golden gate in the air, falling on Xia Xue and Xia Bing, and a tyrannical suction force appeared, as if to pull them in.

Omi stared directly at the golden gate with a pair of golden eyes, and said, "We still have things to do. Go in next time, break it!"

"boom!"

The beam of light, the golden gate, the golden characters... all shattered and disappeared without a trace.

It looks like these things are just mirages.

Then, Omi said, "Let's go home."

"Wow!"

Suddenly, Omi, Lin Liqiang, Zhang Guidan, Lin Tao, Dai Weixue, Lin Xiaoyao, Xia Bing, Xia Xue, Hu Tian, Han Tian, Song Jiabin... all disappeared in place.

The next moment, they appeared at the Panlong Villa.

That's right!

This is the Panlong Villa thousands of years ago.

It's just that the location is the same, but the building and area have completely changed.

Today's Panlong Villa has expanded by more than 10 times, and even includes the entire Tianhu Lake.

The architecture of the villa, on the basis of art, adds new technology.

Shady trees and flowers.

Here...it's just a paradise.

When everyone came here, they all fell in love with it.

A month passed in a blink of an eye.

On this day, the entire Panlong Villa was surrounded by countless red roses, and red lanterns and big 囍 characters could be seen everywhere, which was extremely festive.

Because, today, Omi will marry his lover forever.

Lin Xiaoyao looked at the tall man in a suit in front of him, and said with admiration, "Brother, you are so handsome!"

Omi smiled and said, "Of course!"

"Tap Tap!"

At this time, a large group of women in white wedding dresses slowly walked over from a distance.

They are Xia Xue, Xia Bing, Hu Tian, Han Tian, Song Jiaxin, Su Ningning, Ling Rou, Qiu Ziqian, Huang Ling, Chen Xin, Xu Jingrou... All of them had sweet smiles on their faces.

This wedding, did not invite any guests, but quietly under the witness of the parents.

However, even so, everyone still felt heartfelt happiness.

A year has passed in a blink of an eye.

Omi reclaimed a field in the Panlong Villa.

At this time, he is planting soybeans with Hu Tian, Song Jiaxin, Su Ningning and others, and watering carrots, which is extremely comfortable and leisurely.

"Jiaxin, your face is a little dirty." Omi said.

So, he reached out his hand to wipe the soil off Song Jiaxin's face.

However, he has been growing vegetables, and there is more soil on his hands than Song Jiaxin's face.

This touch made Song Jiaxin's face even more dirty.

Hu Tian next to him laughed and said, "Jiaxin, your current face is very distinctive."

Song Jiaxin quickly realized something and said angrily, "Ah! Omi, it doesn't matter, you have to clean it up for me."

Omi said, "It's fine."

So, he wiped Song Jiaxin's face again with his hands.

This wipe, Song Jiaxin's face completely turned into a tabby cat.

Suddenly, there was a burst of laughter in the field.

The sun gradually went down, and everyone sat around to eat together, relaxed and satisfied.

After dinner, sit in the video room and watch a movie together.

One day passed in a blink of an eye.

The next day, Omi got up and stood in the courtyard, breathing in the fresh air.

At this moment, he suddenly raised his head and looked at the blue sky.

only see...

In the clear sky, a dazzling golden light appeared again.

These golden lights continued to gather, and gradually formed a huge golden portal in the air.

Xia Xue and Xia Bing instantly appeared next to Omi.

Lin Liqiang, Zhang Guidan, Lin Tao, Dai Weixue, Lin Xiaoyao, Hu Tian, Han Tian, Song Jiaxin, Su Ningjing, Ling Rou, Qiu Ziqian, Huang Ling and others also seemed to feel a little different, and they came out one after another and flew into the air. looked over.

In fact, it wasn't just them who noticed the change.

People all over the world have also noticed, and once again issued a voice of discussion.

"It's this golden gate again."

“What is this falling to the ground?”

“Can someone explain?”

.....

Omi said with a smile: “Grandpa, grandma, parents, Xiaoyao, and everyone, don’t worry, I’ll go there and I should be back soon.”

Lin Tao said, “Xiaofan, don’t worry about us, just do what you should do.”

Dai Weixue said, “Xiaofan, you must pay attention to safety!”

Omi said, “Okay.”

Then ~ ~ Omi stayed a few seconds on each of Hu Tian, Han Tian, Song Jiaxin, Su Ningjing, Ling Rou, Qiu Ziqian, Huang Ling, Chen Xin, Xu Jingrou...

Then, he looked at Xia Xue and Xia Bing.

The Luckiest man in the world CHAPTER 775

[/ the luckiest man in the world](#)

The three nodded.

In the next instant, Omi, Xia Xue, and Xia Bing turned into three streamers of gold, blue, and red, soaring into the sky, and instantly disappeared into the golden portal.

“laugh!”

As the three of them entered inside, the golden portal gradually healed and disappeared.

However, Lin Tao, Dai Weixue, Lin Xiaoyao, Hu Tian, Han Tian, Song Jiaxin, Su Ningjing, Ling Rou, Qiu Ziqian, Huang Ling and others still looked up at the blue sky and didn’t speak for a long time.

Their hearts are full of prayers.

Omi, you must return quickly and safely.

Genius to remember the address of this site in one second: <https://The fastest update! No ads!>

Inside the portal is a boundless void passage.

Omi, Xia Xue, and Xia Bing, like three colored bands of light, moved forward rapidly.

“Wow!”

At this time, in the void, a ferocious golden dragon claw suddenly appeared, and it shot towards the three of them.

Omi raised his brows and hurriedly led Xia Xue and Xia Bing to jump in space to dodge.

Space, elusive, has the magical power of isolating everything.

However, even if Omi entered the space, the golden dragon claws still followed closely behind.

Do not!

Not only did he follow behind, but his speed suddenly soared, and he disappeared into Omi’s body in an instant.

Xia Xue and Xia Bing panicked: “Omi, are you alright?”

Omi felt the change in his body and said, “It’s okay.”

He clenched his fist and said, “Strange, I seem to have gained a lot of strength.”

“Are you really okay?” Xia Xue and Xia Bing were still a little worried.

In fact, the power and power that the golden dragon claws radiated from before was too tyrannical and terrifying.

Suddenly flying into Omi’s body, how can this not make people worry?

Omi shook his head and said, “Don’t worry, it’s fine. Besides, this golden dragon claw gives me a special sense of familiarity.”

“Familiarity?” Xia Xue and Xia Bing wondered.

“Yes, this feeling... It’s like this dragon claw belongs to me.” Omi said.

“Wow!”

At this time, another golden dragon claw flew across.

Although, the dragon claw did give him a sense of familiarity.

However, Omi still did not dare to let it fly into his body wantonly.

After all, he doesn't know if it will bring some unknowable changes.

Space cannot stop the dragon claw.

Then time!

Omi fully mobilized the power of time and paused the golden dragon claws.

Generally speaking, under the action of this powerful time force.

Everything around you will be fixed and unable to move.

However.....

The golden dragon claw was completely unaffected.

Do not!

Not just unaffected.

The speed of its flying shot suddenly increased.

This feeling, as if the golden dragon claws absorbed the power of time.

Omi's heart skipped a beat.

“what?”

“Wow!”

The golden dragon claws submerged in Omi's body again.

“Omi...” Xia Xue and Xia Bing said anxiously.

Omi didn't answer, but muttered to himself, “So that's the case...”

“call out!”

At this time, another golden dragon claw flew over.

This time, Omi did not choose to avoid or resist.

Instead, let it sink into his body.

Immediately, a dazzling golden glow bloomed from Omi's arm.

After a closer look, it was discovered that it was actually a piece of gold scales.

Omi said, "As expected, the fourth claw is here!"

"call out!"

The voice fell, and another dragon claw flew.

"Fifth claw!"

"call out!"

After all the five dragon claws had disappeared into Omi's body, blocky golden scales gradually appeared on his limbs.

"trunk!"

"Brain!"

The two mountain-like bodies and dragon heads flew together and quickly submerged into Omi's body.

"laugh!"

In an instant, a tyrannical aura burst out, forming a violent hurricane in the space channel.

At the same time, Omi's body was covered with golden scales, and an incomparably dazzling golden glow bloomed.

From a distance, it looks like a golden sun.

Brilliant and eye-catching.

"hold head high!"

In the void, a dragon roar suddenly sounded, and the space shook violently, shaking constantly.

Xia Xue and Xia Bing looked up, and their beautiful eyes were full of surprise and worry.

“Omi...”

At this moment, in the endless air, a loud voice suddenly sounded.

“Chaos Dragon, I didn’t expect you to succeed.”

Then, a huge red phantom whose face could not be seen clearly appeared in the distance.

“It’s incredible in just a thousand years.”

Another bright time, rippling back and forth.

A huge green phantom whose face could not be clearly seen appeared slowly.

“I thought about many possible situations, but I didn’t expect Chaos Dragon to succeed.” A huge blue phantom whose face could not be seen clearly said.

“It’s really surprising.” The huge gray phantom, who couldn’t see his face, said.

“Accidentally, I don’t even know what to say.” The huge purple figure whose face could not be seen clearly said.

Immediately, the entire space was completely filled with red, green, blue, gray, purple, and gold, becoming colorful and unique.

At this time, Omi’s figure slowly emerged from the endless golden mansions.

At this time, his entire body was covered with golden scales, as if he was wearing a set of golden armor, which was very strange.

Omi first gave Xia Xue and Xia Bing a reassuring look, and said, “Don’t worry, I’m fine.”

When Xia Xue and Xia Bing heard Omi’s voice, they all breathed a sigh of relief.

Then, Omi raised his head and glanced at the red, green, blue, gray, and purple figures in front of him, and said, “But, I succeeded.”

“Yeah, it was successful! This means that there may be salvation in this world.” The huge red figure said, “Then, let’s give him the power as we said at the beginning.”

“Dark, come out too.”

The Luckiest man in the world CHAPTER 776

/ the luckiest man in the world

“laugh!”

The voice fell, and an incomparably cold aura filled the air.

This feeling... as if to completely freeze people's flesh and blood, and even their souls.

“For him? Why!”

A loud noise shook the world.

“The Chaos Dragon is just a sleepy, greedy, playful...a guy who only knows how to enjoy!”

“The reason why he was able to succeed this time is entirely by luck!”

“The luck is successful this time. Next time, can we make our world survive the crisis?”

“Why should I give it strength?”

“I don't believe him!”

“boom!”

His voice was like thunder, the ears of the bomber were buzzing, and there were cracks in the space like glass that had been hit hard.

Omi was completely unaffected. He slowly raised his head and looked directly into a dark void.

Indifferently said: “Don't believe it? Then I will let you believe it!”

“Really? Jie Jie!” A sneer came from the darkness.

“Dong Dong Dong!”

A completely dark giant shadow slowly walked out.

Every step of his ~ ~ was like a drum, with loud noises, and burst out with tyrannical power, causing the space to collapse crazily.

The next moment, the endless darkness, like a painting spear, shot straight at Omi.

Sharp and scary!

However, Omi didn't seem to see it, he stood there and didn't move.

"Boom!"

When the black spear was only one centimeter away from Omi, it was suddenly blocked by the golden mangling around Omi, and made a loud metal crash.

"Wow!"

The tyrannical energy storm signaled a shot, blowing Xia Xue and Xia Bing's hair and clothes, making noises.

Even made them unable to resist with their hands.

Xia Xue and Xia Bing now possess supernatural powers.

It was just the aftermath of the battle, but it also made it difficult for the two of them to resist.

The strength of Omi and the darkness is evident.

And the red shadow, green shadow, blue shadow, gray shadow, and purple shadow in the void just watched from a distance, did not speak, and did not intervene.

Obviously, they also want to see what Omi's strength is now, and whether it is worth them to send their own strength.

"call out!"

"call out!"

Not a hit.

In the darkness, countless stern black spears burst out again, like a rain of arrows, rushing towards Omi.

"Dong Dong Dong!"

The rain of black arrows collided with the golden light on Omi's body, and the loud noise continued, but it did not cause any damage to Omi.

see this...

The giant black shadow suddenly condensed a giant claw and slapped it fiercely at Omi.

"boom!"

At this time, the golden light on Omi's body also condensed giant claws.

One black, one gold, and two claws collided in the air, and a terrifying force erupted. The wind howled, and the space cracked and collapsed.

Both sides are equally powerful.

At this moment, the golden light around Omi suddenly formed a golden claw.

"boom!"

The golden claws swung violently, tearing the black giant claws in front of him to pieces.

Then, Omi said lightly, "Try mine."

"Wow!"

In an instant.

A rain of golden arrows filled the sky, shooting wildly.

All lost in the endless darkness.

The giant shadow in the dark seems to have the power to devour everything.

Profound and vast.

However, soon, a touch of gold appeared on the surface of the giant shadow in the dark.

"what?"

In the darkness, there was a terrified voice.

The golden arrow rain did not stop.

On the contrary, it became more violent.

next moment.....

Omi suddenly raised his hand.

“Wow!”

The endless golden light suddenly condensed and turned into a golden giant sword that shot straight into the sky.

“cut!”

The golden long sword swept over the might of the world and crashed down.

There is no sound.

The whole world seems to have been pressed the mute button.

this moment.....

Space, time, complete cessation.

Only a golden long sword fell slowly.

“Pfft!”

The black giant shadow, one part is two in an instant, and a splendid golden light pervades the two halves of the black shadow.

“Wow!”

Then, the extremely violent astral wind galloped wildly.

It even nearly knocked Xia Xue and Xia Bing out.

After a long time, the gang wind gradually stopped.

“How?” Omi said lightly.

It turned into a black giant shadow in two halves, and gently wriggled its huge body.

Disappointed: “You won.”

The giant red shadow in the void said to himself: “Looking back at the time when our emperors, Anxi likes to attack, Qing likes to defend, Gray likes to destroy, Zi likes to charm, I like to create, Chaos Divine Dragon, you only like treasures and sleep.”

“We just do what we like to do, and that’s fine.”

“I don’t know, there will be cracks in the world, and it may be broken at any time.”

“So, I, Dark, Green, Gray, and Purple all tried to fix the world, but after tens of thousands of years, there was no way.”

“Later, we accidentally discovered the heart of the world, and even discovered that our powers all come from the heart of the world. As long as the energy is unified, the world can be restored.”

“Unfortunately, in any case, we can’t get close to it, let alone devour it.”

“Later, Qing and I speculated that only by reincarnating as a new human can it be possible to devour it.”

“Because, it can be said that the new human being was conceived entirely by the heart of the world and is its child.”

“All of us hesitated and dared not take risks.”

“However, Chaos Shenlong, you feel too bored and want to experience the life of a new human, so you chose to come into the world on your own initiative.”

“In the beginning, we all didn’t pay too much attention to this matter, because, Chaos Dragon, you like to have fun too much.”

“Even, in order to make yourself a new human, you have endless wealth, and you specially created a system...”

The voice of the giant red shadow paused here for a while, as if caught in some kind of memory.

The Luckiest man in the world CHAPTER 777

/ [the luckiest man in the world](#)

After a while, he continued: “However, where do you think that in just over 20 years, you have come into contact with the heart of the world.”

“Then, in a mere thousand years, it will be completely integrated.”

“Chaos Dragon...”

At this time, Omi, who had not spoken for a while, suddenly interrupted, “My name is Omi now.”

The red giant was stunned for a moment before saying, “Okay, Omi...Are you ready to repair the world?”

As soon as these words came out, Omi’s father, mother, sister, Hu Tian, Han Tian, Qiu Ziqian, Huang Ling and other relatives and lovers appeared in Omi’s mind.

Then, seriously: “Ready.”

“If that’s the case, then you should receive the power!” said the giant red shadow.

“call out!”

A beam of red light swept through incomparably pure energy and flew into Omi’s body.

“And mine!”

“mine!”

“Omi, you have to repair the world!”

“The world is yours!”

All the huge shadows spoke out one after another and shot out pure energy, all of which flew towards Omi.

The giant black shadow, which had become two halves, did not speak.

However, he also did not hesitate, and shot black energy directly.

Immediately, Omi’s whole body was enveloped by various energies, becoming colorful, splendid and vast, making people look up to him.

Omi’s figure continued to grow tall and stalwart.

In contrast, the six shadows of red, green, blue, gray, purple, and black keep shrinking.

“hold head high!”

At this time, in the void, a loud dragon roar sounded, turbulent in all directions.

Then, a multicolored dragon rose into the sky, exuding endless terrifying pressure.

The red shadow was a little tired and said, "Chaos...Omi, why didn't you take all the energy?"

The colorful dragon slowly condensed a figure with golden glow, Omi, and said, "If you take it any more, you will not be able to live. My current energy is enough to repair the world."

"But....."

The red shadow seemed to want to say something else.

Omi said, "Don't worry."

Then ~ ~ he said to Xia Xue and Xia Bing, "Do you want to go to the sky with me to see?"

Xia Xue and Xia Bing nodded in unison: "Think!"

In their hearts, as long as they were with Omi, that was enough.

"Wow!"

Immediately, the three of them disappeared in place.

The next moment, they appeared on the edge of the wall of the world.

The wall of the world is the protective layer of the world, and it is also the basic condition for the formation of the world.

At this time, countless cracks appeared on the surface of the wall of the world, as if it would shatter at any time.

And once it is broken, the entire world will be instantly attacked by the chaotic wind, turning into powder in an instant.

This...is the crisis of the world.

Omi didn't take action immediately, but looked at it carefully, as if trying to find some kind of pattern from these cracks.

Xia Xue, who was next to him, couldn't help but said, "Omi, how did these cracks come about? Are they easy to repair?"

Omi said: "First, it may have been attacked. If this is the case, generally speaking, it is relatively easy to repair."

"Secondly, the lifespan of the world has come to an end. If this is the case, it will be more troublesome."

Xia Bing said: "Then how to fix it?"

"The world is woven from a net of rules, and the same is true of the world wall. As long as you find the thread of the net, and then inject the power of rules along the thread, you can continue to weave and repair." Omi said.

As he spoke, his eyes flickered with golden light, and he quickly locked onto the crack on the left.

Then, he raised his hand and waved.

"Wow!"

A long line of rules squirmed out, Omi seized the time to quickly inject the power of the rules, and kept weaving.

One, two, three...many cracks, constantly being stitched and repaired.

The entire world wall is gradually developing towards a perfect circle.

On Omi's forehead, there was a thin layer of sweat.

Obviously, repairing the cracks is also quite difficult for him.

I don't know how long it took, and the last crack was finally repaired.

see this...

Omi breathed a sigh of relief.

However, before he had time to be happy, another crack spread out.

Omi raised his brows and said, "What?"

Even if the world is old and impossible to repair, cracks appear again immediately.

Omi's eyes were like two suns, dazzling and dazzling, staring at the crack.

In the crack, there seems to be a deep passage.

At the end of the passage, there is an ancient portal covered with cracks. Above the portal is a traditional Chinese character 'diving'.

Omi was surprised: "What is this?"

He released a ray of spiritual power and came to the ancient portal, feeling the heavy pressure that pervaded it, and for a while, he did not dare to touch it easily.

After pondering for a while, Omi returned to the void with Xia Xue and Xia Bing.

At this time, the six shadows of red, green, blue, gray, purple, and black had regained some strength.

After they saw Omi, they hurriedly asked.

"How about it, have the cracks in the wall of the world been repaired successfully?"

"How's it going?"

They have been running for tens of thousands of years for cracks, and now they have lost most of their strength, and they are looking forward to a successful result.

Omi said, "The crack has been repaired."

As soon as these words came out, all the shadows let out a hearty laugh.

"Okay!"

"Great!"

"Finally, it worked!"

This is their wish for many years, and now it has finally come true.

Their efforts and sacrifices were not in vain!

At this time, Omi said again, "Don't be too happy too soon."

"I just finished repairing the crack, but another crack appeared immediately. In addition, I saw an ancient portal that was about to be broken in the crack."

The shadows immediately made a discussion.

"how so?"

“After the repair, why did the crack suddenly appear again?”

“Omi, haven’t you repaired it yet?”

...

The previous joy immediately turned into endless sadness.

This simply knocked them down from the sky, no wonder they did.

At this time, the red shadow hurriedly said: “Is there still a word on the portal, a hidden word?”

This time, it was Omi’s turn to be surprised.

“how do you know?”

The red shadow muttered to himself: “It’s true, the legend is true.”

“What legend?” Omi asked.

Other shadows also cast inquiring glances.

“Red, what do you know?”

The Luckiest man in the world CHAPTER 778

[/ the luckiest man in the world](#)

“Tell me now.”

“Why are there portals in the cracks?”

...

The red shadow said: “Let’s take me to the portal first.”

Omi nodded.

The next moment, Omi, Xia Xue, Xia Bing, red, green, blue, gray, purple, and black appeared in front of the portal together.

“This... such a powerful coercion.”

“When did this portal exist in the crack?”

“What is it that leaves so many cracks on this portal?”

...

During the discussion, everyone turned their attention to the red shadow.

The red shadow didn't speak, he just stared at the portal.

After a while, he said, “Sure enough, the legend is true.”

“It is said that the Lord of the World exists in our world. He is called Qiansheng and possesses endless power.”

“When Qiansheng came to this world, the world was still barren, so he exerted his supreme power to create mountains, rivers, animals, plants... After countless years of reproduction, this is what the world looks like today.”

“Later, the world encountered unknown destruction, and a huge hole appeared.”

“In order to prevent the world from shattering, he refined the ‘dive’ door repair, which restored peace to the world.”

“Before, I thought it was just a legend...”

Blue Shadow said: “Since he is so powerful, why are there so many cracks in the portal now? Also, where did the others go?”

The red shadow shook his head and said, “I don't know.”

“boom!”

At this time, the entire portal suddenly made a loud noise, and the portal, which was already full of cracks, immediately appeared more cracks, and it was one step closer to being completely broken.

“what?”

Everyone exclaimed in unison.

“Something is hitting the portal!”

“what should I do now?”

"I'm afraid the portal won't last long."

Their tone was extremely solemn.

Because, they all understand that once the portal is broken, a big hole will appear in the wall of the world in a short period of time.

What's more, the existence of this collision portal is probably extremely powerful.

Moreover, it is very likely that they are enemies and not friends!

Undoubtedly, this is a huge crisis.

Omi said solemnly, "Let's go back first and find a way."

Everyone took a deep look at the portal again, and then said: "Okay."

Omi, Xia Xue and Xia Bing directly returned to the Panlong Villa in Jiangbei.

Lin Tao, Dai Weixue, Lin Xiaoyao, Hu Tian, Song Jiaxin and others were all overjoyed when they saw them.

"Omi, you are back!"

"Are you hungry? Would you like something to eat?"

"Are you thirsty?"

Everyone opened their mouths one after another, and UU reading asked for warmth, which was very warm.

10 days passed in a flash.

These days, Omi has been spending time with his family.

He looked at the happiness of his family members, and he felt a little more heavy when he was happy.

Because, he thought of the portal, thought of the crack...

Once the portal is broken and the enemy appears, these happiness may be turned into nothingness.

He didn't want this to happen.

Omi began to think about how to prevent this from happening.

The only way is to get stronger.

Only if it is strong enough, can it not be afraid of the enemy, and can block the brokenness of the wall of the world like the legendary hidden saint.

Omi sat in the yard and began to think about how to improve himself.

The five elements of metal, wood, water, fire, and earth have all reached the perfect level.

A single Five Elements already possessed considerable power.

If the five elements are one, how strong should it be?

Thinking of this, Omi secretly mobilized the power of the Five Elements to operate silently.

The five elements belong to five completely different forces, which mutually generate and restrain each other and repel each other.

How difficult is it to become one?

When the five energies are combined, they suddenly twist and expand violently.

“boom!”

There was a terrifying explosion in an instant.

The whole ground shook.

Xia Xue, Xia Bing, Hu Tian, Song Jiabin and others hurried over, their faces full of worry.

Omi said, “I’m researching something, don’t worry, it’s fine.”

When everyone heard the words, they breathed a sigh of relief.

So, Omi started his research again.

Next, similar explosions occur from time to time.

At first, everyone was very worried.

However, seeing that Omi had been safe and sound, he gradually felt relieved.

...

A month passed in a blink of an eye.

The five energies of metal, wood, water, fire, and earth still show no sign of fusion.

Omi had a whim, perhaps because he didn't inject enough energy.

Therefore, Omi increased the power of the five elements and formed a large multicolored energy ball in the air.

This multicolored energy ball keeps twisting and shaking.

Just when Omi thought it was possible to merge...

"boom!"

Suddenly explode!

This explosion, the ground shook, the wind howled, and the smoke filled the air.

If Omi hadn't used the space blockade in time, I am afraid that dozens of miles around would have been razed to the ground.

Failed again!

However, Omi was not discouraged by this.

Because, at the moment of the explosion, he vaguely felt the opportunity of the unity of the five elements.

Therefore, Omi hurriedly gathered the power of the five elements to integrate and grow.

Soon, above the sky, a multicolored energy ball that was constantly wriggling appeared again.

"boom!"

The next moment, the multicolored energy ball suddenly exploded, creating a more terrifying storm.

Omi has been staring at the colorful energy ball from beginning to end.

When the explosion appeared, the five energies finally fused together, a very successful fusion!

Omi's eyes lit up slightly, and he said excitedly, "So it is!"

Then, he shot out the energy of the five elements again, and instantly completed the compression and fusion!

Omi looked at the energy ball intertwined with the five elements in his hand, and said happily, "Success!"

Then, he mobilized the power of all the five elements in his body and quickly merged them together.

Power, soar!

At this time, Omi had a very real feeling that his strength was more than doubled before the Five Elements Unity!

He stepped out.

In the next instant, Omi appeared in front of the door.

At this time, there were more cracks in the portal than when I first saw it, and there was even a faint appearance that the Chaos Astral Wind was about to shoot through the cracks.

Omi felt the coercion emanating from the portal, and then lightly stroked the portal with his hand.

"boom!"

At this time, there was another loud noise in the portal, and the cracks increased again.

Omi secretly judged in his heart, the current self... I am afraid that he is still not as strong as the outsiders.

In addition, even if you can really defeat the strong outside the door, when the door is broken, how can you resist the chaotic astral wind from invading the world?

He frowned slightly, turned around and returned to Jiangbei.

...

And when Omi left, outside the door, a huge monster with a size comparable to the moon was suspended in chaos.

It grinned and said, "It's really lucky to have found a perfect world!"

"Come on! As long as I work hard, I can break this seal, and then the world will be mine!"

"It must taste very good! My strength will soar soon!"

"Maybe you can enter the second order!"

"Jie Jie Jie Jie!"

After a burst of wild laughter, it gathered strength and slammed into the door with its steel-like head again.

"boom!"

The loud noise rippling, the energy scattered.

...

Although, Omi knew that the whole world was in a very dangerous state.

However, he still chooses to live, eat and relax with his family.

Because cultivation is not something that can be accomplished overnight.

What's more, Omi now doesn't have a better way to improve, or a way to solve the cracks in the portal and the world wall.

Today, Lin Xiaoyao, Hu Tian, Song Jiabin, Huang Ling and other family members and lovers of Omi set up grills on the wide lawn.

A burst of smoke rose, and after a while, the fragrant skewers came out one after another.

"Yeah! It's delicious!"

"Sure enough, the skewers are still delicious!"

"Add more chili, hehe, enough flavor!"

"Yeah, it's burnt."

...

Although, there are already many delicacies in the world today.

However, for the skewers, they still can't forget.

Everyone was chatting while making skewers, which was very comfortable and happy.

In the blink of an eye, two weeks have passed.

On this day, the wind was howling, and the clouds were thick.

Huang Ling, Qiu Ziqian, Su Ningjing and others hurried into the villa.

"boom!"

At this time, a stone flew horizontally and smashed into the glass.

A hole appeared in the glass immediately, and there were continuous cracks around it.

Hu Tian said: "No, the glass is broken! It's going to rain soon, and there is no time to replace the glass now. We have to block it with something and find someone to replace the same glass tomorrow."

"Okay!" Lin Xiaoyao responded.

Then, the two quickly got busy.

Omi, who was sitting in the living room, did not move.

And in his mind, Hu Tian's words kept echoing.

No time, replace with the same glass...

The next moment, Omi stood up abruptly, hugged Hu Tian and kissed it hard, and said excitedly, "Hu Tian, you are awesome!"

Lin Xiaoyao next to her blushed and said, "Brother, I'm still beside me!"

As if he didn't hear it, Omi let out a hearty laugh: "Hahaha! I know what to do!"

Yes!

He knows, he knows how to stop the world from being destroyed!

Since the broken portal will destroy the world, as long as the portal remains intact, or the portal is returned to its original state!

time!

As long as time returns to the time when the portal is intact, then the world will not be affected at all!

Today, his time control technique is only at the primary level, and time can be suspended.

According to Omi's guess, as long as you reach the advanced level, you can turn back time!

At that time, all crises will be lifted!

In addition, friends of the book shortage, welcome to read my finished book "Super Red Packet Immortals".

Although, Omi already knew how to prevent the destruction of the world.

However, for a while, he couldn't think of a way to improve the time control technique.

After all, time is very mysterious and complicated.

In the last life, when Omi was still a Chaos Dragon, it was only by chance that he realized a trace of the power of time.

However, there has been little progress over the years.

Now that you want to improve quickly, easier said than done?

.....

In the blink of an eye, two months have passed.

Sometimes, the more anxious things are, the more impossible it is to do.

Omi, that's it.

In the past two months, Omi almost spent it in retreat, but it didn't work.

this day.

When Lin Xiaoyao came over, Omi just opened his eyes.

Lin Xiaoyao asked, "Brother, do you want to eat together today?"

Omi nodded and said, "Okay."

In these two months, he seldom even had time to spend with his family.

Since you can't master the deeper time control method, it is good to spend more time with your family.

Lin Xiaoyao said happily: "Really? I'll tell the sisters-in-law now!"

As a result, the entire Panlong Villa quickly became lively.

The smoke rises, and the aroma is diffused.

It didn't take long for the table to be filled with all kinds of dishes, full of colors, flavors, and flavors. When you smell it, you can't help but swallow.

"Omi, come, eat some beef."

"This is my roasted pork ribs!"

"My steamed fish."

"I made lobster at this time."

.....

Omi's bowl was filled with various dishes in no time.

He couldn't help laughing and said, "If you add food to me, I won't be able to fit my bowl."

When everyone heard the words, they stopped.

At this moment, Lin Xiaoyao suddenly exclaimed excitedly, "Wow! It's snowing!"

Everyone turned to the tall floor-to-ceiling windows and looked outside.

only see...

A goose feather-like snowflake slowly floated down from the sky.

"It's so beautiful!" Hu Tian exclaimed.

"I haven't seen such a big snow in a long time." Han Tian said.

While eating, watching the snow, very warm.

Omi was also looking at the snow.

He watched the heavy snow quietly, as if he had caught something vaguely.

However, there seems to be something missing, and for a while, I can't figure it out at all.

New Year's Eve.

Omi's family kept the customs of a thousand years ago, eating New Year's Eve, setting off firecrackers, fireworks...

Noisy, gorgeous, and laughter.

"It's so beautiful!" Su Ning said.

"Sure enough, we still have to set off fireworks during the Chinese New Year!" Song Jiixin said.

"This is good, this is good!" Huang Ling said.

Lin Xiaoyao said, "Let's put on the Kongming Lantern!"

While speaking, she directly lit the Kongming Lantern.

Then, a trembling candle began to rise.

Lin Xiaoyao exclaimed excitedly, "It's flying! It's flying! Make a wish."

While speaking, she folded her hands together and said something silently.

With Omi's strength, let alone a small lantern flying into the sky, even a castle would fly up without any problem.

However, at this time, he also raised his head and silently looked at Kongming Lantern, very focused and curious.

“call!”

A cold wind blows.

Then, another large flake of snow fell.

Lin Xiaoyao exclaimed excitedly, “It’s snowing! It’s snowing again!”

She said, spinning in circles, very happy.

Omi’s eyes suddenly lit up.

The next moment, all the white snow in the sky, as if attracted, flew to Omi’s side in unison, and kept spinning around him, which was extremely mysterious.

see this...

Lin Xiaoyao, Xia Xue, Xia Bing, Hu Tian, Han Tian and the others didn’t bother.

Because, they all know that Omi has been working hard to cultivate recently.

Now, maybe something has been discovered.

They consciously retreated to a very far position, looking at the big snowball that was hundreds of kilometers high.

The sun rises and the moon sets.

This huge snowball has been standing in the Panlong Villa, and it does not change with the weather at all.

In a blink of an eye, it was the fifteenth day of the first lunar month.

Lin Xiaoyao, who was wearing a down jacket, asked worriedly, “Is my brother alright?”

Xia Xue and Xia Bing said in unison, “It must be fine.”

Hu Tian, Song Jiaxin, Huang Ling, Qiu Ziqian and others did not speak.

However, the firmness in their beautiful eyes clearly agreed with Xia Xue and Xia Bing’s words.

“Wow!”

At this time, the huge snowball suddenly decreased by a large circle.

At the same time, snowflakes suddenly fell from the sky.

And, these snowflakes are getting bigger and bigger as the snowball shrinks.

And when the snowball gets bigger again, the snowflakes in the sky suddenly disappear again.

This miraculous scene shocked everyone at the scene with their mouths wide open.

“Wow!”

The huge snowball disappeared completely, and the snowflakes in the sky suddenly became denser.

The next moment, a tall and handsome figure appeared in front of everyone.

It was Omi.

“Brother!” Lin Xiaoyao shouted.

Xia Xue and Xia Bing said in unison, “Omi!”

“Omi, are you alright?”

“Omi, how are you?”

.....

The other people started to ask questions one after another, and their pretty faces were full of worry.

Omi smiled and said, “Don’t worry, I’m fine.”

“Boom!”

At this time, there was a loud noise in the void, and the whole world began to vibrate violently.

The sea rolled, the ground was violent, and the rocks collapsed!

It was as if the end had come.

Then, cracks appeared above the sky, as if the sky was about to shatter, which was extremely terrifying.

Many people looked up, their eyes were full of horror, and there were many discussions.

“What’s the matter in the sky?”

“Isn’t it about to break?”

“This is too scary!”

.....

Omi, who has always been indifferent, raised his brows suddenly.

“You guys have a rest at home, I’ll come when I go!”

When the words fell, he stepped out and disappeared directly in place.

When everyone heard the words, they silently prayed.

They knew that Omi was going to do something big, a big thing to save the world!

.....

The six shadows of red, green, blue, gray, purple, and black all stood in front of the ancient portal.

At this point, the cracks on the portal had become as dense as cobwebs.

Even with the naked eye, you can vaguely see the outside world through these cracks~ ~ When Omi arrived, the gray shadow said, “The portal is about to break! Do you have a solution?”

Omi didn’t answer immediately, but stared at the door with burning eyes.

When he saw the portal for the first time, Omi felt the pressure from above, and he was like an ant.

The second time he saw the portal, Omi finally had the ability to look directly.

Now, seeing the portal for the third time, Omi feels that there is still a gap between himself and the portal creator, but the gap is already limited!

At this time, Omi said, “Broken!”

“boom!”

As if to verify Omi’s words, the ancient portal suddenly shattered.

The terrifying fragments turned into a rain of arrows in the sky, flying wildly, extremely terrifying.
