

# The Luckiest man in the world CHAPTER 787

[/ the luckiest man in the world](#)

The spirit stone is crystal clear and filled with pure energy.

Suddenly, the whole hall seemed to have a warm feeling.

see this...

Everyone present, Qi Qi focused their eyes on the past, and a look of horror appeared on their faces.

After a while, someone exclaimed: "Lingshi!"

"And, at least it's a medium spirit stone!"

"Oh my God! Such pure energy."

"My blood is boiling."

.....

Jerry said: "This... is too precious, I can't have it."

precious!

Yes, too expensive.

Because, a primary spirit stone is worth 1 million universe coins.

The value of the medium spirit stone is 10 million universe coins.

And the high-level spirit stones are as high as 100 million universe coins!

Moreover, all spirit stones are still priceless!

Because, no one would sell spirit stones for money.

after all.....

Lingshi is a mysterious treasure that can change the body.

From the expressions of everyone, Omi could see that the spirit stone seemed to be more precious in this world than he thought.

However, he didn't care too much, and said, "It's just a spirit stone, it's nothing, just take it."

"This....."

Jerry wanted it very much.

However, she was a little hesitant.

So, Jerry slowly turned his eyes to Jack next to him.

Jack also recovered from the spirit stone and said, "Jerry, since this... Mr. Lin... gave it to you, then you can accept it."

When Jerry heard the words, she said, "Okay...Okay..."

She took the spirit stone and felt the pure energy permeating it. She couldn't help but gently stroked it with her hand. The whole pretty face was full of excitement.

Seeing this, Kevin next to him became even more hostile to Omi.

Because, in Kevin's opinion, Omi specially prepared a valuable gift to deepen Jerry's impression of him.

Kevin rolled his eyes and said, "Omi, your spirit stone doesn't seem to have a number, where did it come from?"

As soon as these words came out, the scene was slightly quiet.

In Qingxing, Chunyu, and even in the entire Four Seasons universe, spirit stones are strictly controlled and have specific numbers.

What Kevin meant by this obviously meant that Omi's spiritual stone came from a wrong place.

If this is investigated in depth, it will definitely be very troublesome.

Jack couldn't hear what Kevin meant, and his entire popularity trembled.

Doubt the origin of Omi's spirit stone?

Yes!

Lingshi is indeed strictly controlled, but it is only strictly controlled for ordinary people.

And Omi is obviously unusual!

Because, he is at least a super-power of the same level as the star master.

This Kevin is still questioning Omi here, embarrassing Omi!

It's just... just don't know how to live or die!

Jack snapped: "Kevin, shut your mouth!"

After that, he seemed to feel that his voice was too loud, and it collided with Omi.

A thin layer of sweat appeared on his forehead, and he said in panic, "Mr. Lin, I'm sorry..."

Omi waved his hand and said, "It's okay."

"Jingle Bell!"

At this time, there was a burst of cheerful music in the hall.

Then, an oversized cake was slowly pushed in.

Jerry's beautiful eyes became brighter.

I don't know if it was because Omi gave her the spirit stone, or because Omi was Jack's friend, or because Omi was too tall and handsome.

Jerry asked softly, "Mr. Lin, can you help me cut the cake? We should have more than 80 guests here, and it's best to share a portion for each."

Omi glanced at the crowd at random, and easily knew the exact number, 85 people.

He nodded and said, "Yes."

only see...

Omi waved it casually.

"Wow!"

The huge cake was instantly divided into an average of 85 points.

Then, all the cakes suddenly appeared in the hands of everyone present.

This scene made everyone stunned.

Practitioner!

Moreover, it is definitely a cultivator with good strength!

No wonder, he will have a spirit stone!

Many people began to secretly guess Omi's identity in their hearts.

At this moment, a hearty voice sounded in the hall.

"Daoist's control of space is really admirable!"

Then, a middle-aged man with a height of two meters and a beard who looked very strong appeared in the middle of the hall.

At the same time, the breath of a superior person swayed.

When everyone saw him, their pupils shrank and their hearts were beating wildly.

Then, Qi Qi crawled and shouted, "Meet the Lord Star Master!"

He is Qingxingxingzhu Qingsong.

At this time, only Omi and Qing Song were standing in the entire hall.

They looked at each other, very relaxed and indifferent.

Omi said, "It's just a little trick."

Qingsong sighed: "Space and time are the most mysterious things, and few people can control them with such precision. If this can only be regarded as a small trick, then what is great ability? Fellow Daoist, you are really too modest. "

Omi didn't explain any further.

Qingsong said again, "Fellow Daoist, are you interested in sitting with me?"

Omi nodded and said, "Yes."

Then, the two of them turned into streamers, one after the other, quickly leaving.

"call!"

After they left, the atmosphere of the scene relaxed slightly.

Everyone breathed a sigh of relief.

To know.....

That is the star master, the most noble and powerful existence in the entire Qingxing.

They have also seen each other on videos and photos.

I never thought that one day, I would have the opportunity to see each other with my own eyes.

Everyone's faces were full of excitement and pride.

Except... Kevin.

Because, the star master called Omi a fellow Taoist.

Then, Omi's status or strength is probably comparable to that of the star master.

And he actually hated and embarrassed each other again and again.

This.....

This... If the other party pursues this, what should I do?

Thinking of this, Kevin's forehead was covered with beads of sweat, and his entire face turned pale.

Jerry next to him said excitedly, "Uncle, who was that Mr. Lin just now?"

Everyone at the scene pricked up their ears.

Obviously, they also care a lot about it.

Jack thought for a while and said, "That's a super strong man from across the chaotic universe."

After all, the star masters have already come over now.

Omi's identity no longer needs to be kept secret.

"Wow!"

As soon as these remarks came out ~ ~ there was a riot at the scene.

Come across the chaotic universe!

Everyone knew very well what this meant.

This is definitely an existence of at least the same level as the star master.

No wonder, no wonder the star master calls him a fellow Taoist.

Jerry became more and more excited: "Oh my God! He is so powerful that he even gave me a birthday! I am too happy!"

While speaking, she held the Lingshi tightly in her arms, as if it were her most precious treasure.

"thump!"

Next to Kevin's legs were weak, and he fell directly to the ground.

There was only one voice in his heart: it's over, I'm finished!

.....

Qingdian occupies a very wide area.

Mountains and rivers, flowing water, green trees, sea of flowers...the scenery is beautiful and charming.

At this moment, Omi and Qingsong came to the gorgeous hall, drinking brewed spirit tea and chatting non-stop.

From the small talk, Omi learned a little more about the Four Seasons Universe and the level of cultivators.

The training levels are: Slashing Ten, Destroying Hundreds, Enemy Thousands, Transcendent, Transforming Spirits, and further up is the planetary level.

The planetary level can be subdivided into nine levels.

At this time, Qing Song said, "Although it is a bit presumptuous, I wonder if Fellow Daoist Lin can help me?"

"Oh?" Omi was a little puzzled.

Qingsong said: "That's it, our Qingxing appeared in an abyss secret realm. Every time a period of time, a group of alien beasts that slashed ten, destroyed a hundred, and defeated a thousand enemies would run out. Although it is weak, it is also very headache."

"So, I want to enter the secret realm of the abyss and solve this hidden danger in one fell swoop."

"However, I don't know what the situation is in the secret realm. There may be some treasures and there may be some dangers. Therefore, I also invited Fengyue, the master of Lingxing Xingxing, to go with Ma Zheng, the master of Hongxingxing."

"If there are treasures, they will be distributed according to the output. In addition, I will give you 10 more spirit crystals as a reward."

"I wonder if your friend is interested?"

Omi's expression changed slightly.

This is definitely an opportunity to gain a deeper understanding of the chaotic universe.

He nodded and said, "Yes."

[/ the luckiest man in the world](#)

Perhaps, there are some crises in the secret realm.

However, crises are sometimes opportunities.

This is something that must be faced on the road to becoming stronger.

"That's really great!" Qingsong said happily, "With the participation of fellow Daoists, the crisis in the secret realm of the abyss will be resolved, and the grasp will be even greater."

"call out!"

"call out!"

At this time, two streamers shot from a distance.

Then, a woman with a melon face, wearing a purple gauze, and a man with a long sword on his waist appeared in the hall.

Qingsong said with a hearty smile: "Fellow Daoist Fengyue and Daoist Ma Zheng, you are here!"

Then, he introduced: "This is fellow Daoist Omi."

Feng Yue and Ma Zheng couldn't help looking at Omi with curious eyes.

Qingsong said: "Should we take a break now, or go directly to the abyss secret realm?"

"Go directly." Ma Zheng said.

Feng Yue also nodded.

Omi said, "I have just rested."

"Okay! Let's go over then." Qingsong said.

When the words fell, he jumped and flew out.

Omi, Feng Yue and Ma Zheng followed closely behind.

At the beginning, Feng Yue and Ma Zheng still had some thoughts of underestimating Omi.

However, seeing Omi's relaxed appearance in flight, they quickly put this thought behind him.

After a while, they stopped.

In front of it is a huge crack like a black hole, which is extremely infiltrating.

"Tap Tap!"

The two warriors ran over quickly and respectfully said, "Meet the Lord Star Master!"

Qing Song said, "When did the alien beast come out last time?"

"Three days ago." The soldier said.

"I see." Qing Song said.

Then, he asked, "A few fellow Daoists, have you seen any situation?"

Feng Yue shook her head and said, "You can't see anything outside, you have to go in."

Ma Zhengdao: "Go in."

Omi also nodded.

Qingsong said: "Okay."

The four took a step and flew into the abyss in unison.

Entering the abyss, a gloomy and cold breath rushed towards the face.

"Wow!"

At this moment, a large bird dozens of meters long stretched out its sharp claws and whistled towards several people, as if to tear them to pieces.

"Pfft!"

Qingsong raised his hand and waved, and shot out a sharp hurricane, which instantly cut it in half.

After the death of the big bird, some strange beasts appeared one after another.

However, there was no accident, and it was easily resolved by Qingsong, which failed to stop the four of them.

"tread!"

A few hours later, Omi, Qing Song, Feng Yue and Ma Zheng finally landed at the bottom of the abyss.

It's dark here, the ground is very rough, and there are potholes everywhere.

Omi kept scanning with curious eyes.

It was the first time he had entered the abyss.

"Dong Dong Dong!"

The ground not far away suddenly shook.

The next moment, a large group of alien beasts rushed towards this side quickly.

The four of them shot together, destroying all the alien beasts.

The rough ground was immediately dyed bright red.

The four move forward.

Along the way, I encountered several groups of alien beasts.

At this time, Ma Zheng frowned and said, "Why do these alien beasts feel a little strange."

Feng Yue said: "It's a bit strange, it seems like you're running away, is there something in front of you?"

Qingsong said: "I have a bad feeling that there may be some danger ahead, you should be careful."

Several people nodded and became more careful.

"Wow!"

At this time, a vast and mysterious energy surged from a distance.

The four looked up and looked up, their pupils shrank slightly.

only see...

The dense golden insects and beasts are moving in unison, making rustling sounds around the ancient altar.

"Chaos Locust!"

"Why are there Chaos Locusts here?"

"There are spirit crystals around the altar! No, this is the altar of the Insect Emperor!"

"Don't let the Insect Emperor be sent over, otherwise, Qingxing, and even the surrounding planets, will all become the nourishment of the Insect Emperor!"

"quick!"

At this point, they finally understood why the alien beast ran out of the abyss.

Because alien beasts are also afraid of Chaos Locusts, and even more afraid of the Insect King!

The four of them shot at a rapid speed, destroying the altar with the fastest speed.

“Wow!”

Their noises quickly attracted the attention of Chaos Locusts.

Four chaotic locusts dozens of meters high and golden like steel mecha stood in front of them.

Ma Zheng said solemnly: “This is the Chaos Insect General! Planetary level, everyone be careful!”

The four Chaos Insects waved their claws in unison and slashed towards Omi and the others.

Quick and tyrannical!

“clang!”

Omi and the others took out their weapons to resist, making a rapid crashing sound.

“Clang clang clang!”

Then, only a few light clusters were seen flashing in the air, the energy was surging, and there was a loud noise.

These four Chaos Locusts are all planetary, and cannot be solved in a short time.

It’s just that Omi used the mysterious space method to leave some scars on the Chaos Locust.

“Wow!”

At this time, UU reading www. The spirit crystals around the ancient altar suddenly burst into a dazzling light.

Circles and circles of mysterious formation symbols scattered and rippled.

Then, a huge portal appeared above the altar.

see this...

All the Chaos Locusts around the altar rose up and down, like bowing.

The rustling sound in their mouths became louder and louder.

“Crack!”

The next moment, a crack appeared on the portal, and there was a faint sign of opening.

Qingsong exclaimed in horror: "Fellow Daoist Lin, you have the method of space, the fastest speed, hurry up and stop the insect emperor from coming, I will help you reach the insect general!"

Omi was not hypocritical, and said directly: "Okay!"
