[/ the luckiest man in the world](#)

Today, Qin Dachuan drank in the restaurant until late at night, and then staggered back home.

In Hong Xing, Qin Dachuan has been suppressed by Ma Zheng.

He has never been so happy as he is now.

As long as Qin Dachuan thinks of Ma Zheng's aggrieved appearance, he can't help but want to laugh up to the sky.

He lay on the bed and fell into a deep sleep.

A big dream came.

Qin Dachuan was walking in the gloomy woods.

The next moment, a ferocious hand bone suddenly emerged from the ground, grabbed Qin Dachuan's calf, and scared Qin Dachuan to retreat.

But then, the whole ground was densely packed, and endless hand bones appeared.

This... is actually a terrifying sea of bones!

Qin Dachuan kept struggling in the sea of bones, but he couldn't break free.

Gradually, his whole body was completely swallowed by the sea of bones and suffered terrible pain.

"Wow!"

Qin Dachuan suddenly woke up from his dream, his whole body was covered with beads of sweat, and he was gasping for breath.

"It turned out to be a dream..."

After drinking a whole bottle of water, he lay on the bed and fell asleep.

Soon, he fell asleep again.

This time, he didn't dream of a skeleton, but instead, he dreamed that he was \*\*\*\* and eaten alive by wild people.

Qin Dachuan woke up again from his dream.

"Okay... so scary!"

"Why do you keep having nightmares?!"

This situation continued for several days.

Qin Dachuan's spirit became extremely sluggish, and his eyes were bloodshot.

Now, he can't sleep anymore.

Because, once he falls asleep, he will enter into a nightmare.

Even taking medicine doesn't help.

Fortunately, Qin Dachuan is a powerful cultivator, if he were an ordinary person.

I'm afraid, I've already broken down.

...

【Ding! Your enemy Qin Dachuan is mentally disturbed by your curse. 】

A smile appeared on Omi's face.

Curse, it's a really good skill.

Omi found Ma Zheng and said, "Do you know where there is a suitable place for cultivation?"

Ma Zheng thought about it and said, "There is a training room in Baizhang Building, which has a strong spiritual energy."

"In addition, the material of each training room is very special, with strong protection and sound insulation effect, which can ensure safety and avoid others as much as possible."

Omi nodded and said, "Okay."

After a while, Omi came to the Baizhang Building. After paying 10 spirit crystals, he went straight into a training room of about 100 square meters.

In the training room, the display is very simple.

A futon, a clear spring.

Omi sat cross-legged and unblocked Yan Jing according to the method taught by the system.

“Wow!”

The temperature is soaring!

The entire training room instantly turned fiery red.

Omi felt it for a while and found that there was no sign of fire or damage.

He couldn't help but nodded secretly and said, “As expected of a place of cultivation, the material is really special.”

Then, he closed his eyes and silently absorbed the power of fire on the flame crystal.

The pure fire element... At first, it flew into Omi's body like little stars.

Later, it gradually took the shape of a tornado and quickly penetrated into Omi's body.

As more and more fire elements were absorbed by Omi, his skin began to turn fiery red, like a \*\*\*\* of fire who came to the world!

I don't know how long it took.

“Crack!”

The energy of the spirit crystals was exhausted and shattered.

The size of the flame crystals continued to decrease.

In the end, it disappeared completely.

Omi's skin and the temperature in the training room gradually returned to normal.

Finally, Omi opened his eyes.

At the same time, a clear prompt sounded in his mind.

【Ding! The Law of Fire has been upgraded to an intermediate level. 】

Omi felt the power of fire in his body, and a look of satisfaction appeared on his face.

Then, he slowly took a step and walked outside.

As soon as Omi came outside, he saw Ma Zheng waiting anxiously at the door.

After seeing Omi, Ma Zheng hurried over and said excitedly, "Senior Lin, you are out."

Omi nodded and said, "What's the matter with you?"

"Tianfengjie is about to open." Ma Zhengdao.

Hearing this, Omi couldn't help showing a touch of embarrassment.

After all, Ma Zheng was very concerned about this trip to the Heavenly Wind Realm.

If it was because I missed the time to enter, it would be a bit of a pity.

"Let's go." Omi said.

"Okay, Senior Lin." Ma Zheng said.

...

At this time, in a vast square, densely packed aircrafts were parked.

Groups of men and women with a domineering aura all over their bodies, or chatting in low voices, or looking serious, or full of anticipation... All turned their eyes to a towering stone wall in the east.

Because that is one of the Heavenly Wind Realms.

"laugh!"

An aircraft hurriedly landed.

Omi and Ma Zheng strode down.

Ma Zhengchang breathed a sigh of relief: "Fortunately, we caught up."

Omi glanced slightly and said, "There are so many people."

Ma Zhengdao: "Yeah, after all, Tianfeng Realm only opens once in ten thousand years, and there are too many opportunities in it, and everyone doesn't want to miss it."

“I heard that someone ate a fruit in it and became the domain owner directly!”

“Someone picked up the invincible technique, and in just a few thousand years, he became a cosmic overlord!”

“Someone got an extremely terrifying weapon!”

“Someone else picked up a ring, and inside it lived a great power that surpassed the domain master level!”

[/ the luckiest man in the world](#)

The more Ma Zheng said, the more excited he looked, as if he would get these treasures as long as he entered the Heavenly Wind Realm.

When Omi heard this, a strange expression appeared on his face.

The old man lives in the ring?

Shouldn't the surname be Xiao?

“Tap!”

At this moment, a harsh voice came from behind.

“You two are going in too?” Qin Dachuan said.

Ma Zheng frowned and said, “It has nothing to do with you if we can't get in.”

Qin Dachuan grinned and said: “Yes, it's irrelevant now, but once you go in, it's not necessarily! Inside, fighting and killing are not prohibited!”

His threat is beyond words!

After he finished speaking, he walked towards the distance in a very arrogant manner, and bowed to a man wearing a black robe: “I have seen Senior Brother Liu. UU Reading www. ”

Seeing this, Ma Zheng's face immediately became ugly.

He whispered: "Senior Lin, I'm afraid we're going to have a bad time this time. Qin Dachuan seems to have entered the Tianfeng Realm with the planet's high-level powerhouse."

Omi nodded noncommittally, but his mind was on the system.

[Qin Dachuan: Hatred is worth 2 stars. Mental disorder caused by your curse, which was later cured by the strong. ]

Omi thought to himself: No wonder he didn't seem to be affected.

"Wow!"

At this time, a vast aura swept over.

Then, the stone wall that looked very ordinary in the east bloomed with splendid brilliance, like a scorching sun falling on the ground, illuminating the whole world.

Heavenly Wind Realm, open!

!

Everyone in the square was shrouded in brilliance.

Then, they rushed towards the light curtain.

"laugh!"

The moment they entered the light curtain, the crowd disappeared like water drops into the sea, which was very mysterious.

Ma Zheng said hurriedly, "Senior Lin, let's go in too."

"Okay." Omi nodded.

The two stepped out and walked straight into the light curtain.

Omi only felt that the space around him was constantly distorting, and a tyrannical suction force was generated, pulling him and everyone who entered the light curtain into different directions.

Omi uses the power of space to control, so that Ma Zheng is always not far from himself.

"Wow!"

I don't know how long it took, Omi and Ma Zheng finally landed smoothly.

At this moment, a clear prompt sounded in Omi's mind.

【 Ding! Complete the mission: Enter the Skywind Realm. Rewards True Dragon Sword\*1, Qiankun Sword Art\*1, Heaven and Earth Epiphany\*1. 】

Immediately, Omi's mind came up with a very profound and tyrannical swordsmanship, and a golden long sword hovering like a real dragon.

He has a very real feeling that as long as he uses this sword and cooperates with the Qiankun Sword Art, it will be no problem to destroy the world, it is extremely powerful.

After a long while, Omi suppressed the joy in his heart.

He looked up into the distance.

In front of him was a dark forest, and jagged rocks, surrounded by a thin layer of mist.

Ma Zheng said in horror: "Senior Lin, I can only see the environment within 300 meters."

To know...

Ma Zheng is a planet-level powerhouse, and at a glance, it is completely out of the question.

However, that layer of white fog was like a thick wall, completely blocking the line of sight.

Omi raised his eyes and looked into the distance, his vision was also blocked by the white fog.

However, he has the eye of true sight, and the obstacles are significantly reduced.

He can see everything within 10 kilometers.

Omi said, "I was also hindered."

He didn't say exactly how far he could see.

After all, the two of them are not to the point of being candid about anything either.

Omi asked, "What should I do now? Just turn around?"

Although, he also came to Qixing for a while in advance.

However, because of absorbing flame crystals, he didn't have time to search for news about Tianfengjie.

This is also one of the reasons why he has Ma Zheng by his side.

Ma Zheng thought about it and said, "We should be in the periphery of Tianfeng Realm now. We only need to search for 10 spirit beads within 10 years, and then we can enter the core area along the east. It is said that the core area has many opportunities."

Having said this, Ma Zheng's tone became hot.

After a pause, he said again: "Of course, even in the periphery, there are many unimaginable treasures."

Omi nodded in understanding.

Ma Zheng seemed to have thought of something, and said again: "I don't know where Qin Dachuan is, I hope I don't run into him."

While speaking, he couldn't help looking around, as if he was worried that Qin Dachuan would suddenly appear and shoot himself.

Omi felt unhappy when he heard Qin Dachuan's name.

He still clearly remembered that Qin Dachuan had a 2-star hatred for himself.

In addition, before entering Tianfeng Realm, the other party threatened him.

Omi understood that if he met Qin Dachuan in Tianfeng Realm, he would definitely be detrimental to him.

If that's the case, it's better to strike first.

So, Omi took out two spirit crystals and focused on the curse technique.

[Whether to curse Qin Dachuan? ]

"Yes!"

The two spirit crystals shattered instantly and turned into powder.

"Swish!"

At this time, there was a sound in the woods not far away.

Then, a giant spider suddenly jumped out.

It waved its claws like steel, and the big tree next to it was like a grass, and it snapped in unison.

A tyrannical aura swept through the gust of wind and whistled, making Omi and Ma Zheng's clothes rattle.

Ma Zheng panicked: "Yes... it is a planetary-level alien beast! Moreover, it is likely to be a planetary middle-level!"

The planetary level is divided into 9 layers.

Level 123 is the first level of the planet.

The 456th floor is the planetary intermediate level.

The 789th floor is the high-level planet.

Ma Zheng is only the second layer of the planet, and is not the opponent of the giant spider at all.

Omi glanced at the giant spider, raised his hand and grasped it. The shining real dragon sword appeared in his hand, and the sound of dragon roars faintly sounded around, making people daunting.

only see...

Omi pulled out the real dragon sword and swung it at the giant spider at will.

"The Sword of Qiankun!"

"Wow!"

The mighty sword energy, like a swift and violent thunder, rushed out, passed through the body of the giant spider, and formed a long ravine on the ground.

"Pfft!"

The giant spider was directly broken in two and fell to the ground, losing all its vitality.

Blood splattered.

In the air, there was a strong smell of blood.

Ma Zheng stammered: "Lin...Senior Lin, it's amazing!"

When he was in the secret realm of Qingxing Abyss, Ma Zheng already knew that Omi was extremely powerful.

However, he didn't expect that Omi would kill the middle-level alien beasts as easily as cutting tofu.

Simply... unimaginable.

Omi didn't care what Ma Zheng said.

Because, he focused on the system.

【Ding! Kill the 4th layer alien beasts on the planet and gain 40,000 experience points. 】

The rolling energy is constantly surging in the body.

Power, grow!

[Repair: Planetary Level 4 (60,000/200,000)]

Killing the alien beasts here can actually increase your experience and improve your cultivation!

It's like a monster upgrade!

This is an excellent way to improve!

Omi was very happy.

After a while, he suppressed the joy in his heart.

When he looked down at the spider on the ground, he accidentally saw a bead the size of a silver-white fist on the spider's abdomen.

Omi raised his hand and hooked, and the beads flew in front of him instantly.

"what is this?"

He felt a very strange energy from the beads.

Ma Zheng said excitedly: "Lingzhu!"

"Oh? This is the Spirit Orb? It's in the body of an alien beast?" Omi said unexpectedly.

Ma Zhengdao: "Ling beads are scattered all over the periphery, and some were accidentally swallowed by alien beasts."

Omi nodded clearly and said, "Since that's the case, let's continue to kill alien beasts."

After all, killing alien beasts can gain both experience and the opportunity to get Spirit Orbs, so why not do it?

Just do it. UU reading www.

Omi stepped forward quickly.

After a while, he saw another beast.

This is a boa constrictor that hovers on a sturdy tree trunk and almost merges with the tree.

As long as it passes by the creatures here, it will suddenly dive down and swallow it in one bite.

Omi swung his sword from a distance, and without waiting for the python to react, he and the circling tree were cut into two pieces.

"thump!"

There was a rumbling sound.

**【 Ding! Kill the 4th layer alien beast on the planet and gain 40,000 experience. 】**

Unfortunately, there is no Spirit Orb in this alien beast.

Still, it's nice to gain experience.

!

Tianfengjie also has day and night.

In the blink of an eye, two months have passed.

For the past two months, Omi and Ma Zheng have been walking through the woods, beheading one after another.

At this point, Omi had already obtained 35 Spirit Orbs!

He directly gave Ma Zheng 10 spirit beads.

After all, in a sense, Ma Zheng also gave Omi some help.

Besides, it was useless for Omi to ask for too many Spirit Orbs.

For Ma Zheng, it was completely different.

He entered the Tianfeng Realm just to find opportunities on the periphery, and never wanted to enter the core area.

As a result, in just half a month, he has the qualifications to enter the core area!

For Ma Zheng, it was like a dream.

At the same time, he also had a deeper understanding of Omi's strength.

No matter whether it was an early-level planet, an intermediate-level, or a high-level alien beast, Omi slaughtered all of them with one sword. There were no exceptions at all.

Gradually, Ma Zheng had a guess in his heart...

Perhaps, Omi's cultivation has reached a stellar level!

Long live the stellar genius below!

Incredible!

...

Omi didn't care about what Ma Zheng thought.

He turned his attention to the system.

Omi felt the surging energy in his body and felt extremely comfortable.

“boom!”

At this time, there was a loud noise in the distance.

Dozens of kilometers away, Qin Dachuan, the man in black robe, and several men in armor were chased by dozens of powerful alien beasts.

They were in a mess, and their faces were full of panic and tiredness.

“Damn it! Why is there another beast?”

“Why is Tianfeng Realm so dangerous?”

Danger?

right!

It's dangerous!
