

# The Luckiest man in the world CHAPTER 803

Epiphany!

This is a word that exists only in legends.

More and more people cast curious eyes.

Some people's eyes flickered, as if they were thinking about something, but after seeing the people around the Enlightenment Monument, they gradually returned to calm.

Some people envy, some people want to make friends...

However, everyone didn't spend too much time paying attention to Omi.

Because, this is the opportunity to reach the Enlightenment Monument this time in this life, and it must not be missed.

Time flies by like water.

4 years have gone by in a flash.

Omi finally got out of the epiphany state.

The white energy around him slowly dissipated.

At the same time, Omi's body filled with a vast aura, as if he was overlooking the only master in the world, making people feel worshipped.

At this moment, a series of prompts sounded in Omi's mind.

【Ding! Acquired higher system for 7 years. Rewards 100 million experience points, Heaven and Earth Epiphany\*1, and primary law upgrade gems\*1. 】

【Ding! 8 years to obtain higher system. Reward 200 million experience points, enlightenment tree\*1. 】

【Ding! Acquired higher system for 9 years. Reward 300 million experience points, Xianmi Seed\*10. 】

【Ding! 10 years to get the higher system. Rewards 400 million experience points, movie viewing. 】

Advanced systems are clearly very intelligent.

It knew that Omi was in a state of epiphany and could not be disturbed, so no rewards were issued.

Then, in his mind, there was another series of prompt sounds.

【Ding! The cultivation base is raised to the fourth level of stars (980 million/100 million)】

【Ding! The cultivation base is raised to the fifth level of stars (880 million/200 million)】

【Ding! The cultivation base is raised to the sixth level of stars (680 million/500 million)】

【Ding! The cultivation base is raised to the seventh layer of stars (180 million/1 billion)】

“Buzz!”

Immediately, Omi’s whole person was like a sun hanging in the sky, bursting with endless splendid rays of light, majestic and vast!

The tyrannical storm, centered on Omi, spread to all directions, blowing the clothes of everyone around the Enlightenment Monument, and even made them take a few steps back.

“call!”

Omi let out a sigh of relief, his breath suddenly restrained, and the scene returned to calm.

However, everyone still looked at Omi with incomparably frightened eyes, unable to speak for a long time.

“Wow!”

At this time, a streamer appeared around everyone.

The streamer continued to revolve around them, the space flowed at a high speed, and a strong suction force was generated, which directly pulled everyone into it.

With Omi's current control over space, he can completely escape the pull of space.

However, he did not do so.

Because, after perceiving it, he knew that on the other side of this space channel was Qi Xing.

Omi understood that it was time for Tianfeng Realm to close.

next moment.....

Omi, Ma Zheng, and everyone who entered the Tianfeng Realm returned to the square where they entered.

After returning to the square, everyone couldn't help but glanced around, and kept a distance from the surrounding people.

Because, they have more or less obtained some opportunities in Tianfeng Realm.

Wealth is the same everywhere.

"Master!"

"Master!"

"Ancestor!"

Some people quickly noticed that in the distance, people exuding a tyrannical aura all shouted excitedly.

Then, rushed over in a hurry.

Among them, an old man with a childish face and a hefty hair glanced back and forth in the crowd with a pair of sharp eyes like a falcon.

"All five of them are not there? How is this possible!"

The old man's name was Chu Xiong, the illustrious Lord of Cangxing.

Soon, his eyes locked on Ma Zheng.

Strictly speaking, it was locked on the spear in Ma Zheng's hand.

"Bastard!"

Gu Shi

Chu Xiong stepped out, like a sharp arrow, rushing towards Ma Zheng.

He stretched out his hands into claws, swept the tyrannical force, and slammed towards Ma Zheng.

The space shattered and the wind howled.

This claw is enough to tear Ma Zheng to pieces.

“call out!”

At this moment, Omi raised his hand and shot out a stern finger sword, which instantly passed through Chu Xiong’s claws and Chu Xiong’s entire body, and directly crushed it into nothingness.

quiet!

The whole place was dead silent!

Omi’s shot was a dead hand, and there was nothing left.

Because, he also noticed that Chu Xiong saw Ma Zheng’s spear, so he was angry.

The spear came from the hands of the Five Cang Xings.

After a little thought, Omi knew the identity of the other party, and he must be the Lord of Cang Xing.

He killed the five apprentices of the Lord of Cangxing by himself, and he was already dead with the other party.

In this case, it is the right choice to start with the strongest.

Soon, the people at the scene also verified Omi’s conjecture.

“That was...Chu Xiong, Lord of Cangxing?”

“Why did he suddenly disappear?”

“What on earth happened?”

.....

“Gollum!”

Ma Zheng, who was standing next to Omi, couldn’t help swallowing.

Others are far away and may not be able to see clearly.

However, Ma Zheng, who was in the frontal position, saw everything very clearly.

One finger!

Omi killed Chu Xiong with one finger!

That is Chu Xiong!

Ten thousand years ago, it was a star-level superpower!

As a result, he was killed by Omi with one finger!

Omi... just how strong! ?

Ma Zheng looked at Omi more and more respectfully.

"Thank you... Thank you, Senior Lin."

【 Ding! Ma Zheng's favorability for you has been increased to 7 stars. 】

Omi said, "It's just a small matter."

He glanced left and right and said, "Let's go."

"Yes." Ma Zheng respectfully said.

Omi didn't stay in Qixing for a long time. After he took the interstellar vehicle to visit many planets in the Spring Region, he jumped into the universe and moved quickly.

Compared with when he first came out of the earth, Omi's moving speed and distance were significantly faster.

Half a month later, an azure planet appeared in the field of vision, which was the Earth.

Omi's figure flashed, and he went straight to the Panlong Villa.

"Xiaofan!"

"elder brother!"

" Omi!"

"husband!"

In the Panlong Villa ~ ~ there was a series of screams immediately.

Then, a large group of people, such as Xia Xue, Xia Bing, Hu Tian, Qiu Ziqian, Su Ningning, and others, ran out quickly.

Although, it had been ten years since Omi left Earth.

However, none of their faces changed.

Instead, their skin became fairer, and their faces became clearer and more radiant.

Because, now the earth has a huge spiritual energy, lifespan and health have all been greatly improved.

In addition, Omi also left behind a large amount of beauty serum, spirit stones, and spirit fruits... Let alone 10 years, it is hundreds of years, and Hu Tian, Qiu Ziqian, Su Ningning and others will definitely not experience any aging. possible.

"I miss you so much." Qiu Ziqian, Su Ningjing, Xia Xue, Xia Bing and others all said.

There was tenderness in their voices.

Omi's heart melted instantly and said, "I miss you too."

## The Luckiest man in the world CHAPTER 804

The crowd embraced.

After a long time, they slowly separated.

Omi said: "If there is nothing special, I will not leave again."

This was a decision he had made before returning.

Omi left the earth earlier because he wanted to gain more power to better protect the earth.

Today, his strength is not the strongest.

However, he already has the ability to keep getting stronger even on Earth... that is the advanced system!

In addition, Omi also has a formation to protect the earth from harm.

...

When everyone heard this, their beautiful eyes lit up.

For ten years, they have already suffered from lovesickness.

Now, it finally doesn't have to be that way.

Omi and them ate a sumptuous meal, which was warm and comfortable.

After that, Omi first took out many spirit crystals and placed them in a special arrangement.

Then, in the spirit crystal and the void, with a special method, countless mysterious and mysterious talismans were written.

These talismans spread and rippling in circles.

Gradually, the entire earth was wrapped in it.

"Wow!"

The whole earth first became dark.

After a while, it returned to normal.

At the same time, a sense of heaviness and security that has never been seen before floats on the hearts of all people on earth.

"The protective formation was successfully deployed!"

Omi breathed a sigh of relief.

This protection formation is a king-level protection formation obtained from a high-level system. It has the powerful functions of hiding aura, reducing the size, and being able to resist attacks from king-level powerhouses.

In the universe, the earth has become the size of a stone, and people across the universe cannot find it at all.

Now, Omi knew that the king level was a powerful powerhouse that was one level higher than the cosmos level.

With this formation, at least a short period of time, the safety of the earth is guaranteed.

This is also the main reason why Omi returned to Earth.

Afterwards, Omi arranged a small protective formation near the Panlong Villa, and planted the enlightenment tree, immortal rice, seeds, Pantian pine and other plants in the Panlong Villa.

“Wow!”

In an instant, the whole villa was filled with the ocean of spiritual energy, and when I took a breath, the whole person seemed to be a few years younger, comfortable and relaxed to the extreme.

Then, Omi called Lin Tao, Lin Xiaoyao, Xia Xue, Xia Bing, Qiu Ziqian and others to the tree of enlightenment, and led them to understand the laws of the five elements, space and time, and taught them various cultivation methods.

Although, the earth...especially the Panlong Villa has enough aura to prolong life.

However, human lifespan is still very limited.

Cultivation, on the other hand, is the ability to continuously increase lifespan.

Everyone also understands this truth, so they cultivate very seriously.

...

Time is like water, and 10 years have passed in the blink of an eye.

In the past 10 years, as usual, Omi has been rewarded by the Advanced System every year.

Various rewards, coupled with his continuous cultivation, have greatly improved his cultivation in the past 10 years.

【Host: Omi】

Seeing this, Omi murmured, "In the past 10 years, after mastering the law of life and death, and mastering two more laws, and raising them to the intermediate level, you can improve the law of time."

Time is the first of all methods, and Omi has an inexplicable obsession with it.

"Next, what law should we comprehend?"

The weather that had been scorching the sun suddenly turned dark.

A cold wind whistled from a distance.

Lin Tao came out and said, "It was still the sun just now, and it's overcast so soon... It's going to rain."

Omi's eyes moved slightly, and he murmured, "Yin? Yang?"

But soon, he frowned again.

Yin and Yang are undoubtedly two very powerful laws.

But how to practice it?

For a moment, he was a little confused.

"Boom!"

A blast of thunder sounded, and the Thunder Snake twisted wildly, as if torn out countless cracks in the sky.

"Crash!"

Heavy rain fell.

With Omi's ability and formation skills, he was completely able to block the heavy rain and strong winds from the Panlong Villa.

But, he didn't do that.

Because sometimes it is beneficial to experience the changes of the four seasons and nature.

Omi returned to his room, still thinking about the laws of yin and yang.

“Squeak!”

At this time, the door was slowly pushed open.

Hu Tian stepped in.

At this time, Hu Tian was wearing a red cheongsam.

The years have not left a trace on Hu Tian’s fair and pretty face at all. Under the plump figure is a slender, smooth waist without a trace of fat, and under the beautiful buttocks are a pair of straight and beautiful long legs.

The whole looks like a work of art, so beautiful that people can’t take their eyes off it.

When Hu Tian’s beautiful eyes met Omi’s, a red glow appeared on her pretty face.

Then, she slowly opened her cherry-like mouth, spit out a mouthful of sweet heat, and said, “Omi, let’s have a baby.”

Omi was stunned for a moment.

In his mind, the image of a baby being born, growing, and calling his father suddenly appeared in his mind.

For a while, there was some inexplicable anticipation.

So, he nodded lightly and said, “Okay.”

When Hu Tian heard this, her pretty face turned even redder.

She leaned towards Omi.

“laugh!”

A bolt of lightning flashed across the sky, illuminating the figure of the two of them.
