

# The Luckiest man in the world CHAPTER 807

[/ the luckiest man in the world](#)

After a few days of happiness and joy, the family came to the tree of enlightenment.

Lin Xiaoyao, Xia Xue, Xia Bing, Hu Tian and others were all rapidly improving with Omi's explanation of the laws, exercises and cultivation methods from shallow to deep.

Xia Bing and Xia Xue have entered the realm of spirit transformation and have a lifespan of at least tens of thousands of years.

Lin Xiaoyao, Hu Tian, Qiu Ziqian, Huang Ling and others have all entered the transcendent realm and can live for at least thousands of years.

Moreover, their cultivation base is still steadily improving.

In the short term, there is no need to worry about longevity.

However, none of them slackened their cultivation because of this.

Because they understand that only by working hard can they keep up with Omi's footsteps.

...

In the blink of an eye, another 3 years have passed.

Omi gained a lot of experience points through continuous practice and enlightenment.

Although it has not been able to break through to the second floor of the domain master.

However, it has also taken a big step forward.

In the past three years, the system has rewarded Omi with the Orb of Body Protection (king-level), Heaven and Earth Epiphany\*2, Shadow-shifting Holy Method (king-level), Xuanhuang Breathing Technique...

Today, Omi, Xia Xue, Xia Bing, Qiu Ziqian, and others all stopped cultivating and ate a sumptuous family dinner.

Because today is the day when Lin Cheng really went to school.

With Omi's current strength and power, he can easily invite the best teachers in the world.

However, he still decided to let Lin Chengzhen go to school and make friends like ordinary children.

Omi felt that this was something that children must experience.

Otherwise, there will be regrets in life.

Lin Xiaoyao bent over and said, "It's true, don't be afraid at school. If someone bullies you, tell my aunt! My aunt must make him look good!"

Chu Yunyue next to her said with a smile: "I'm afraid it's a bit difficult for others to bully it."

Chu Yunyue absolutely did not say these words nonsense.

To know...

Lin Chengzhen has lived in the aura-filled Panlong Villa since he was a child.

Moreover, he was often guided by Omi himself.

Now, his cultivation has reached the realm of extinction.

There are very few people on earth who are his opponents.

In addition, Omi also gave Lin Chengzhen the Body Protection Orb.

It is no exaggeration to say that even if the earth is broken, Lin Chengzhen will not be hurt in the slightest.

Under such circumstances, how could others bully Lin Chengzhen?

What's more, Omi's mental power can easily cover the entire earth, so Lin Chengzhen will not be bullied.

Chu Yunyue bent over and smiled: "Xiaochengzhen, don't bully others, of course, if someone provokes you, don't keep your hands."

Su Ning said: "Xiao Chenzhen, pay attention to safety."

Xia Xue said: "Xiaochengzhen, come on!"

Xia Bing said: "Xiaochengzhen, come on!"

...

Lin Chengzhen's dark eyes stayed on Omi, Hu Tian, Chu Yunyue, Lin Xiaoyao and others for two seconds, and then he said in a strong and serious tone, "Father, mother, second mother, Third mother, fourth mother... Auntie, don't worry, I will pay attention to safety!"

Then, he turned around and got on the aircraft, heading straight for the school dozens of kilometers away.

Although, everyone knew that Lin Chengzhen would never be in danger.

However, they still couldn't help but look at the shadow of the flying machine, and they were fascinated for a while.

It was Omi who said, "Don't worry, I will take good care of him."

When everyone heard the words, they looked back.

...

Jiangbei No. 1 Primary School.

When the children came to the classroom, like sparrows, they kept chatting and seemed very excited.

Gu Ling

Lin Chengzhen was a little silent.

He silently took out a pen and paper to prepare for class.

"Boom!"

At this time, a little boy with a stubby hair came in from the outside, and jumped up to the podium, causing a strong wind.

This move directly shocked all the students in the classroom.

The little boy didn't care, he put his hands in his pockets, glanced at the classmates, and said coolly: "My name is Li Hao, and from today, I will be your boss!"

The classmates blinked, still looking a little overwhelmed.

Li Hao said again: "In the future... whoever is in trouble, you can find me!"

Then, regardless of whether his classmates understood it or not, he jumped off the podium.

But soon, Li Hao ushered in his nightmare.

"Boss, I didn't take paper with me to the toilet!"

"Boss, I can't write homework."

"Boss, help me with my homework."

"Boss, my dad hit me!"

...

"Starting today, I'm not the boss, so don't look for me in the future!"

...

In the blink of an eye, years have passed.

On this day, a tyrannical aura burst out from Omi's body.

He breathed a long sigh of relief and said, "Finally, the domain master is on the third floor."

At this moment, a clear prompt sounded in Omi's mind.

【Ding! Congratulations, you have obtained the Advanced System for 30 years, rewarded with Eye of the Sky, Dharma Phase Golden Body\*1, and Immortal Crystal\*1. 】

[The Eye of the Sky: You can see other people's attacks and weaknesses in advance, which is very magical. ]

see this...

Omi's eyes lit up instantly, and he sincerely praised: "As expected of the eyes of the sky, it's really open! However, I like it."

His eyes faintly flickered with golden light, as if he had the power to see through everything.

Then, in front of Omi, a golden body with the same appearance as him appeared.

The two nodded to each other.

Finally, Omi's thoughts moved slightly, and a white fairy crystal appeared in front of him.

Incomparably rich and pure energy that has never been experienced before, instantly swept the entire room.

Omi took a light breath using the Xuanhuang breathing method, and a large amount of energy immediately increased in his body.

This breath actually exceeded the energy increased by the previous ten times of running the breathing method!

Omi couldn't help but exclaim: "There is such a pure spiritual energy in the fairy crystal!"

He has greater confidence in protecting his family in the future and living a long and happy life with them.

"Boom!"

However, before Omi could be happy for too long, the earth that had been calm for a long time suddenly made a loud noise.

At the same time, a clear prompt sounded in Omi's mind.

【Ding! Domain master powerhouse detected. 】

[Xing Yu: The second floor of the domain master, the core disciple of the Canglei Sect, accidentally discovered the earth the size of a stone, thinking it was a rare treasure, and thus became greedy. ]

Omi slowly raised his head, and immediately saw a two-meter-tall man with a large knife, looking at the earth with incomparable greed.

Then, he raised his knife again and slashed the earth.

"Boom!"

Another bang.

Xia Bing, Xia Xue, Hu Tian, Su Ningjing and others who were originally cultivating in An Wen stopped and looked around with worried eyes.

Omi said: "Don't worry, it will be back to normal soon."

After speaking, he jumped, turned into a streamer, and broke through the sky in an instant.

## The Luckiest man in the world CHAPTER 808

[/ the luckiest man in the world](#)

Xing Yu froze, and looked at Omi with extremely vigilant eyes.

After all, Omi suddenly appeared in the chaotic universe.

This shows that he is at least a planetary powerhouse.

This needs to be treated with care.

Otherwise, it is easy to capsize in the gutter.

Xing Yu asked, "I am Xing Yu, a disciple of the Cang Lei Sect. I don't know how to call you friends?"

" Omi." Omi said.

Xing Yu couldn't help frowning.

Because Omi's self-introduction was too brief.

This kind of feeling is simply not taking myself seriously at all.

【Ding! Xing Yu's hatred is 1 star. 】

Omi raised his brows slightly, and looked at Xing Yu, even more unkind.

Attack the earth, but also generate hatred for himself.

This guy, the road is narrow.

At this time, Xing Yu said again: "It turned out to be Fellow Daoist Lin. I don't know why Fellow Daoist Lin appeared here?"

Omi said directly: "Fellow Daoist Xing, let's not spare the circle. The stone you just attacked is my planet."

"It's just that I used a special method to shrink and defend it. Don't attack anymore, otherwise, it will be the enemy of my planet."

Xing Yu said in a suspicious tone, "Is that a planet?"

He had never seen or heard of a planet that could shrink and have such a strong defense.

Omi nodded and said, "That's right."

Xing Yu's eyes turned slightly, and he said, "It turned out to be the planet of fellow Daoists. I didn't know it before, but I was abrupt."

After a pause, he said in a very kind tone, "Fellow Daoist Lin, I wonder if I can visit your planet?"

He didn't believe at all that this rock with tyrannical defense was a planet.

In his opinion, this is likely to be a mysterious forbidden place, or a magic weapon with the power of space.

Of course, even if it is a real planet, it must have big secrets and big opportunities!

Xing Yu's idea is very simple, as long as he enters it, he can take it as his own.

Omi shook his head and said, "Our planet is weak, so we have always adopted a closed state, not accepting outsiders to enter."

Hearing this, Xing Yu frowned and said, "Friend Lin, are you looking down on me Xing Yu?"

At the same time, he became more and more certain that there must be a big secret in this stone.

His gaze towards Earth was a little bit more greedy, and his gaze towards Omi was even more unkind.

Xing Yu thought: "If this stone is really Omi's planet, if you kill him or catch him, will you be able to enter it?"

Once this kind of idea appears, it is like burning gasoline, the more it burns, the more prosperous it is.

Ever since he saw Omi, he has been looking at Omi's cultivation.

At this time, Xing Yu had already determined that Omi's cultivation base should be similar to his own.

And he has many means, and he has enough confidence that he can defeat or even kill Omi.

【Ding! Xing Yu's hatred for you is raised to 5 stars. 】

Omi raised his brows, no more words, the eyes of the sky stared at Xing Yu.

In an instant...

All of Xing Yu's attacking moves, weaknesses, defenses of various magic weapons, and even life-saving methods, all appeared in Omi's mind.

only see...

Omi raised his hand and pointed slowly.

The golden light of his fingers burst out, and thousands of terrifying energy burst forth, like a sea tide, rushing fast, and instantly drowning Xing Yu in it.

In the blink of an eye, tens of thousands of kilometers and Xing Yu all turned into nothingness.

"Poke the finger!"

【Ding! Your enemy Xing Yu is dead. 】

With one finger, instantly kill the main-level powerhouse in the domain!

This is the current Omi, so tyrannical!

【Ding! Kill the 1st floor cultivator of the domain master and get 10 million experience points. 】

【Ding! Congratulations, you killed the first domain master cultivator and obtained the Dharma Phase Golden Body\*1, the top flame cultivation talent. 】

Grain

Omi only felt a stream of pure energy pouring into his limbs.

Then, he became more friendly to the law of fire.

Omi glanced at the golden body of the law that had just condensed next to him, and there was a slight smile on his face.

In other words, the earth is in trouble, but he has also gained great benefits.

With a good mood, Omi jumped and returned to Earth.

He said to Hu Tian, Xia Bing, Xia Xue, Su Ningjing, Han Tian and others who were standing at the Panlong Villa: "It's all right."

Hearing this, everyone breathed a sigh of relief.

Then, they practiced more attentively.

They believed that Omi was powerful enough, and they admired and liked Omi very much.

However, they didn't want every time an accident happened, Omi would solve it.

They wanted to be able to help Omi.

.....

on a distant planet.

In the towering building full of spiritual energy, a man with sword eyebrows suddenly opened his eyes, his whole face was filled with endless anger.

"What? Xing Yu is dead?!"

"Who! Who killed him!"

This man's name is Xing Baokun, the master of Feifeng Peak of Canglei Sect, and Xing Yu's father.

Since childhood, Xing Baokun has loved Xing Yu very much.

After discovering Xing Yu's talent for cultivation, he spent countless efforts for Xing Yu.

As a result, now... Xing Yu is actually dead!

How can this not make Xing Baokun angry?

"Check! Let me investigate Xing Yu's whereabouts and those who have hatred with Xing Yu! I want to know who killed him!"

"Boom!"

His voice rippled back and forth in Feifeng, causing the entire mountain to vibrate.

At the same time, the hearts of all Feifeng disciples also shook.

Because, all the disciples know how much Xing Baokun loves Xing Yu.

The sky is falling!

.....

At this moment, a clear prompt sounded in Omi's mind.

【Ding! Xing Baokun's hatred is 7 stars. 】

Hearing this, Omi raised his brows slightly.

7-star hatred, this is definitely a big enemy.

[Xing Baokun: A cultivator on the second floor of the universe, the master of Feifeng Peak of Canglei Sect. Because you killed his son and apprentice Xing Yu, you have a great hatred for you. ]

It turned out to be Xing Yu's father, which is no wonder.

The 2nd floor cultivator of the universe!

Even though Omi possessed the Eye of Heaven and many powerful exercises, he felt that he might not be his opponent.

In fact, the difference between the two cultivation bases is too great~ ~ must find a way to save themselves.

Omi quickly turned his attention to the curse technique.

[Do you use 10,000 spirit stones to curse Xing Baokun? ]

"Yes!"

However, there was no hint of Xing Baokun's curse in Omi's mind.

Perhaps, the other party is too powerful.

Therefore, Omi was going to intensify his efforts to curse Xing Baokun.

However, at this time, a prompt sound appeared in his mind.

[Curse spells can only be cursed once a day. ]

see this...

Omi had to give up temporarily. Next, he planned to curse Xing Baokun every day until the other party died.

Death is the enemy's best destination.

## The Luckiest man in the world CHAPTER 809

[/ the luckiest man in the world](#)

Time is like water, a year has passed in the blink of an eye.

Omi just consumed 10,000 spirit stones to curse Xing Baokun today.

At this moment, a clear prompt sounded suddenly in his mind.

【Ding! Your enemy, Xing Baokun, has evil thoughts in his heart because of your curse. 】

Hearing this, Omi showed a smile on his face and said, "It's finally effective. I've been cursing for a whole year in vain. However, it's just that demonic thoughts have arisen, so I have to keep working hard!"

.....

On the distant planet, Cangleizong Feifeng.

Xing Baokun, who was in the state of cultivation, suddenly burst out with a cold and stern energy, like a beast, and directly tore the servant next to him to pieces.

Bright red blood splattered everywhere.

Xing Baokun opened his eyes, and a scarlet color flashed in his eyes.

After he took a few breaths, he calmed down a little and said, "What's going on? Why did I suddenly become so irritable?"

"Is there a problem with the exercises?"

After thinking for a while, he began to change the cultivation method.

“boom!”

However, it didn't take long for a stern energy to burst out of his body, piercing a huge hole in the roof.

The movement here has attracted the attention of many people in Feifeng.

They hurried in.

“Master, what happened?”

“Master, what's wrong?”

.....

Everyone opened their mouths to ask.

Xing Baokun ignored the crowd at all, jumped out of the hole, and went straight to Lu Qinghong, the Sect Master of Canglei Sect.

and recounted his own situation.

Hearing this, Lu Qinghong stretched out his hand to sense Xing Baokun's physical condition.

Soon, his brows furrowed.

“Your breath is so restless...”

He thought for a while and said, “Let's go and ask the elder Taishang.”

So, the two turned into streamers and came to a towering tower.

“Meet the Supreme Elder.”

The gray-haired elder, who has been closing his eyes and resting, did not even lift his eyelids, and said, “What is it?”

Xing Baokun explained his own situation again.

When the elder Taishang heard the words, he first felt it.

Then, the hands kept pinching.

After a while, he said, “Have you had a grudge with someone recently?”

Xing Baokun thought for a while and said, “In a hundred years, never.”

In the past 100 years, he has killed many slaves and many ordinary people.

However, in Xing Baokun's view, these are not considered grudges with others.

Because slaves and ordinary people are not human at all.

The elder Taishang said: "You are under the power of the curse, and it is still a relatively powerful curse. To solve it, you must find the person who cursed. Before that, you need to use your own energy to resist the curse."

After Xing Baokun returned to Feifeng, he sorted out all his enemies in his mind.

He found that his enemies were either dead or not cursed at all.

Who is cursing himself?

strangeness!

For a while, Xing Baokun was completely at a loss.

.....

In the blink of an eye, 3 years have passed.

"Master, Xing Yu's last appearance was at 14567-23412 in the southeast of Chunyu. In addition, according to the information, some people have seen terrifying battle scenes nearby."

Outside Feifeng, a loud voice sounded.

Xing Baokun's eyes burst into scarlet light, making a sound like a low beast.

"Xing Yu, yes! It must be the one who killed Xing Yu! He is the one who is cursing me!"

Today's Xing Baokun has entered a state of madness.

Anyone who has hatred with him, he feels that the other party is cursing him.

To this end, in the past three years, he has caused millions of killings.

But this time, he didn't know that he had found the source of the problem by mistake.

.....

On the other hand, Earth.

Omi looked at his attribute panel and sighed: "It took three years for the cultivation base to increase by three small realms, which is too slow."

slow?

If it was known to others, I don't know how it would look.

To know.....

The three small realms that Omi has grown are not small realms of destroying a hundred and a thousand enemies.

But the realm of the domain master level!

Which domain master-level powerhouse does not want to break through a small realm for thousands of years?

Omi only used it for 3 years, and it's still too slow?

【Ding! Congratulations, you have owned the advanced system for 34 years, obtained the fairy crystal\*1, the elementary law upgrade gem\*1, and the law-shaped golden body\*1. 】

Omi looked at the immortal crystal densely covered with aura in front of him, and the golden body with the same appearance as his outside, and the corner of his mouth twitched, and said, "With one more immortal crystal, the training speed should be able to increase again."

In the past three years, Omi had obtained two immortal crystals, which made the spiritual energy in the Panlong Villa reach an unbelievable level.

This is also one of the reasons why he successfully broke through three small realms in just three years.

After that, Omi focused his attention on the Elementary Law upgrade gem.

[Are you using the Elementary Law to upgrade gems for the Law of Death? ]

"Yes!"

Immediately, Omi faintly surrounded his body with wisps of black air.

After half a sound, the black air dissipated.

Omi had a deeper understanding of the law of death.

With a good mood, he walked out of the room.

Han Tian said, " Omi, it seems that the aura has increased again?"

"Yes." Omi said.

When the girls heard this, they were even more happy.

As the aura increases, their cultivation speed can also increase accordingly.

Now ~ ~ Xia Bing and Xia Xue's cultivation base has reached the planetary level.

The rest of the people have all reached the God Transformation Realm!

Their strength can already directly compete with many planets, and it can be said that they are not tyrannical.

Omi said, "Let me tell you about the law of death today."

Death is very cold and terrible.

At the same time, it is also a very powerful law.

Omi continued to explain from shallow to deep, and the girls listened very carefully.

A week later, all the girls had their own understanding of the law of death.

Just as Omi was about to go deeper, a clear reminder sound suddenly sounded in his mind.

【Ding! A second-layer cultivator of the universe was detected. 】

## The Luckiest man in the world CHAPTER 810

[/ the luckiest man in the world](#)

Omi's voice teaching the law of death suddenly stopped.

With the increase in cultivation, Omi gained a deeper understanding of the high realm.

The second layer of the universe, this is definitely a very terrifying realm.

[Xing Baokun: A cultivator on the second floor of the universe, the master of Feifeng Peak of Canglei Sect. Because you killed his son and apprentice Xing Yu, you have a lot of hatred for you. The current hatred is worth 8 stars. ]

see this...

Omi froze in his heart and said, "It turned out to be him."

Over the years, Omi has been cursing him almost every day, which not only caused Xing Baokun to have magical thoughts, but also put his soul on the verge of collapse.

Omi slowly raised his head and looked at the thick clouds with the eyes of the sky.

At this time, a group of cultivators are taking off not far from the earth.

The head of the person has slightly messy hair, and his body exudes an evil aura.

He... is Xing Baokun!

Under the observation of the eye of the sky, Xing Baokun's attacking moves, weaknesses and other data all appeared in Omi's mind.

Soon, Omi withdrew his gaze, and there was a strange look on his face.

Because, according to the observation of the eye of the sky.

one move!

Today's self can kill Xing Baokun with just one move, just like slaughtering a chicken, it is extremely easy.

...

Standing in the void, Xing Baokun said sharply, "Is Yu'er missing here?"

"Sir, I did see the Xing Yu you mentioned around here. Later, a very terrifying battle broke out here, and I was almost affected by the battle." A short and thin man panicked.

Xing Baokun looked around, but he didn't find anything at all, and there was an inexplicable anger in his heart.

He waved wildly in all directions.

Covering the sky and the sun, Hengyu is in turmoil.

Several distant planets, after being bombarded, burst like fireworks.

Hundreds of thousands of kilometers in radius, instantly turned into nothingness.

Except... a stone.

"call!"

After waving his hands, Xing Yu shouted, "Damn!"

Then, he turned to leave.

The next moment, he suddenly noticed that after being bombarded by himself, there was still a stone left in the void, and he frowned slightly and said, "What is this?"

To know...

Xing Baokun is a super powerhouse on the second floor of the universe.

How vast was his attack?

With all his strength, he can easily turn hundreds of thousands of miles into nothingness.

However, the stone in front of him is still intact.

Weird!

Xing Baokun used his mental power to wrap his body towards the stone, and was blocked by a tyrannical film on the surface.

This once again caught Xing Baokun's attention.

With a slight movement of his mind, he took out a large golden knife and slashed at the stone with force.

The mighty sword gang, like a world-destroying storm, drowned the stone... and the tens of thousands of kilometers around the stone.

After a while, the sword gang dissipated, and the stone was still intact.

...

"Boom!"

After the earth was hit twice, there was a thud, and there were minor earthquakes in many places.

Omi knew that he couldn't wait any longer.

"I'll fix it."

After he finished speaking, he disappeared directly into the Panlong Villa.

In the next instant, he appeared in front of Xing Baokun.

Omi didn't wait for Xing Baokun to speak, and pointed it out directly.

In the void, a golden finger like the sun appeared.

In the golden fingers, the five elements of gold, wood, water, fire, and earth, as well as the strong force of death, mixed and anxiously crushed Xing Baokun.

Xing Baokun, and everyone around him, were crushed into nothingness like ants.

That feeling, as if they had never been here.

The shot is the killer move!

Because Omi knew very well that he and Xing Baokun had no possibility of mediation at all.

If that's the case, why bother?

As for the others... Since they choose to be with Xing Baokun, they must bear the consequences for their choices.

Omi didn't have the heart to choose whether they would help Xing Baokun, or whether they would reveal himself and the earth.

Dead people are the safest.

【Ding! Kill the cultivators on the second floor of the universe and gain 200 million experience points. 】

【Ding! Kill the cultivators on the 6th floor of the planet and get 60,000 experience points. 】

【Ding! Kill the 5th floor cultivator of the star to gain 500,000 experience points. 】

...

【Ding! Congratulations, you have killed the first domain master-level cultivator, and obtained the top-level golden law talent, the Xuanling Protection Formation (Emperor-level), and the Dharma Phase Golden Body\*1. 】

The rolling energy keeps rising.

Omi immediately had a deeper affinity for the Golden Rule.

At the same time, in his mind, an incomparably wonderful protective formation technique appeared.

see this...

The corner of Omi's mouth twitched slightly, and said, "It can also improve the defense of the earth, not bad!"

With a flash of his figure, he returned directly to the Panlong Villa.

First, he said to Han Tian, Su Ningning and others, "It's all right."

Then, he took out spirit crystals, spirit stones, and many other treasures, arranged them in a specific way, and kept writing and depicting them in the void.

After a full 5 days, the Mysterious Spirit Protection Array was successfully deployed!

“Om!”

At this moment, an incomparably heavy and safe feeling appeared in the hearts of all beings on earth.

...

Jiangbei City.

Li Hao said: “Lin Chengzhen, do you know the forbidden area?”

Lin Chengzhen nodded and said, “I know.”

“I found a very special forbidden area, let’s go in together, how about it?” Li Hao said.

Lin Chengzhen said, “I’m not interested.”

His words were very decisive.

Because, he did know that the forbidden area contained sufficient spiritual energy, as well as some spiritual stones, spiritual fruits and exotic beasts.

This is very attractive to ordinary people.

However, for Lin Chengzhen, just like the billionaire knows that there may be a few cents in the garbage heap, he has no interest at all.

right!

That’s it!

Because Lin Chengzhen’s home is in the Panlong Villa.

The spiritual energy in there is countless times more than the forbidden land.

As for Lingshi and Lingguo, the Panlong Villa was even more piled up.

And the alien beast... in the Panlong Villa, there is the most powerful alien beast... Tengu!

Li Hao didn’t expect Lin Chengzhen to refuse so quickly, and was slightly stunned.

After a while, he said, "Don't!"

"Lin Chengzhen, UU reading [www. .com](http://www. .com) Do you want to live like this step by step for the rest of your life?"

"Don't you want to be everyone's hero?"

"Don't you want to sleep with your beautiful sister when you grow up?"

"Don't you want your parents to be proud of us?"

Although Li Hao is only a ten-year-old child.

But, I have to say, his ability to draw cakes is really good.

However, what to become a hero, what to sleep with a beautiful sister... Lin Chengzhen has no interest at all.

But to make parents proud of themselves, it is to let Lin Chengxin move slightly.

Over the years, isn't what he wants to see most is the approval of his parents?
