

# The Luckiest man in the world CHAPTER 814

The man known as the Emperor of Heaven glanced at everyone with a pair of eyes like the sun.

Everyone he saw, their heartbeats quickened involuntarily.

After a while, the Heavenly Emperor continued to speak: "Cosmic hegemony will start in a hundred years. This cosmic hegemony will attract the attention of the holy masters, so that the geniuses of all worlds will be prepared and perform well."

"Yes!" Everyone said in unison.

Then, countless news, like meteors, quickly arrived in many worlds,

The whole world boiled over.

Cultivation boom, constantly galloping.

Because, they all know... what the Lord's attention means.

If you can be lucky enough to be favored by the Holy Master, it will definitely be a step up to the sky.

...

In the blink of an eye, several years have passed.

【 Ding! Congrats, 42 years in the Advanced System. Reward primary law gems, 100 million experience points, fairy crystal \*1. 】

After another immortal crystal was added, the aura of Panlong Villa became more intense.

"Finally got another elementary law upgrade gem." Omi sighed.

Next, he turned his attention to the laws of time.

A long time ago, Omi wanted to upgrade the law of time.

Unfortunately, the condition for the time law to be upgraded is that 10 laws reach the intermediate level.

Now, his space, metal, wood, water, fire, earth, life, death, yin, and yang have all reached the intermediate level, and he finally has the opportunity to upgrade the law of time.

[Are you using the primary law to upgrade the gems for the law of time? ]

“Yes!”

[Ding! Congratulations, the upgrade was successful. ]

Suddenly, a mysterious and unpredictable feeling poured into Omi’s mind.

He slowly raised his hand, and the solid wood table in front of him turned into a towering tree in the blink of an eye.

He felt very strange when he touched the thick skin and fresh leaves of the big tree.

Then, with a wave of his hand, the towering tree turned into a solid wood table again.

This is not illusion, nor is it the power of wood, but the power of time in the true sense.

Turn back time, speed up time... all at your fingertips!

At this moment, the whole earth sounded a loud sound.

“The owner of this planet, I am Qin Qiuliang of the Dragon Tiger Sect. I have no malicious intentions. I am looking for an invincible path. I came here to learn a thing or two!”

...

Immediately, everyone on the earth started talking, and they kept looking around.

“What was that sound just now?”

“What is the Lord of the Planet?”

“Dragon Tiger Sect? Is there such a sect?”

“Where did he speak?”

...

Omi frowned slightly and looked towards the sky.

only see...

A man wearing a white robe and holding a golden long sword is standing in the void, overlooking the earth.

At the same time, a clear reminder sounded in Omi's mind.

[Qin Qiuliang: A practitioner on the 9th floor of the domain master, a core disciple of the Dragon Tiger Sect, in order to find the road to invincibility, he specially challenged each strong person with an invincible heart. ]

Omi couldn't help but said, "Didn't the formation hide the Earth? Why can he see the Earth?"

[Are you spending 10,000 spirit stones to ask? ]

"Yes!"

Suddenly, the 10,000 spirit stones in Omi's inner space shattered like a bubble.

[Because of the fragments of the avenue, the earth is filled with a special breath, which makes the formation lose its hidden effect. ]

Omi couldn't help but glance at the fragments of the avenue that looked like hills in the distance, and frowned slightly.

At this time, Qin Qiuliang said again: "Fellow Daoist, are you looking down on me Qin Qiuliang?"

His voice, like thunder, formed a rumbling sound.

The whole earth also followed the storm.

He seemed a little angry.

As if the king of the gods was angry, it was earth-shattering!

Gu Huan

Omi still did not move, but looked at Qin Qiuliang again with the eyes of the sky.

Although, the other party's cultivation base is only the 9th floor of the domain master.

But what if it is very powerful?

After all, in some novels, most of the people who take the road of invincibility have the power to kill by leaps and bounds.

However, Omi's expression soon became strange.

Because, under the observation of the eye of the sky, Qin Qiuliang's whole body has weaknesses almost everywhere.

You can easily defeat it with a single blow.

Is this genius?

That's it?

...

No one answered, Qin Qiuliang was completely angry.

He sternly said: "Daoist friend, you are going too far!"

As the words fell, the momentum of his body continued to rise, as if he had transformed into a giant taller than the sky, and he would drop a terrifying blow at any time, turning it into a heavenly punishment to completely destroy the earth.

"call out!"

It was also at this time that Omi suddenly appeared in the void.

Qin Qiuliang breathed away slightly and said, "Are you the master of this planet?"

Omi said, "Maybe it will."

He has lived in the universe for a period of time and knows the rules of this world.

The strong are respected!

Generally speaking, the strongest person on the planet is the owner of the planet.

Omi is undoubtedly the strongest person on earth.

Qin Qiuliang said: "I think you should have heard what I just said? Don't worry, we are just discussing in a normal way, it will not hurt lives, and there will be no hatred."

"Make a move!"

When the words fell, he stood with his hands behind his back, extremely arrogant.

The strange look on Omi's face became even more intense.

"Do you really want me to move first?"

"Not bad." Qin Qiulang said.

Omi nodded and waved at Qin Qiuliang.

"call out!"

The terrifying Gangfeng rushes out like a storm that has wiped out everything.

A thin layer of sweat immediately appeared on Qin Qiuliang's forehead. He wanted to avoid it, but found that the surrounding space was like a swamp. The more he struggled, the more unable to move.

"laugh!"

next moment...

Qin Qiuliang's whole person was like dust, and was instantly blown away without a trace.

Seeing this, Omi stepped out and returned to the Panlong Villa.

He glanced at the fragment of the avenue that looked like a hill not far away.

For a while, there was some hesitation.

The avenue debris makes it impossible for Earth to hide.

Shall we throw it away?

When Omi saw Hu Tian, Qiu Ziqian, Su Ningjing, Xia Bing, Xia Xue and others who were growing in cultivation, he put this thought aside.

Don't lose it!

In fact, UU reading [www. uukanshu.com](http://www.uukanshu.com) is not only Hu Tian and others who are affected by the fragments of the avenue, so their cultivation bases grow rapidly.

The reason why Omi himself reached the second level of the cosmos in such a short period of time.

Even, it is not far from breaking through the third layer of the universe, and there are also reasons for the fragments of the avenue.

The best defense is to keep getting stronger in the shortest possible time.

At this moment, a clear prompt sounded in Omi's mind.

【Ding! Qin Qiuliang has a favorable impression on you, and the current favorability rating is 3 stars. 】

Omi couldn't help blinking his eyes.

what's the situation?

Didn't you just blow him away?

Not only did he not hate himself, on the contrary, he still had a good impression?

Could this be... like being abused?

## The Luckiest man in the world CHAPTER 815

Time is like water, 7 years have passed in the blink of an eye.

In the past 7 years, the system has rewarded Omi with 5 immortal crystals, 2 king-level equipment, 3 dharma-shaped golden bodies, top-level wood-based law talents, and king-level martial arts upgrade gems.

In addition, Omi cultivated harder than before, so that his cultivation base has broken through to the 3rd floor of the universe, and is moving towards the 4th floor of the universe.

Because, Omi knew that the earth today was exposed to the universe.

There may be danger at any time.

In this case, first of all, you have to let yourself have more powerful power.

Only in this way can we better protect our family and protect the earth.

At this moment, a loud voice appeared in every corner of the earth.

“The Lord of the Planet, I am Tang Zeyuan of the Dragon Tiger Sect, and I came here to learn a thing or two!”

...

This voice immediately made many people on earth talk about it.

“Someone seems to have called out the Lord of the Planet a few years ago.”

“That’s right! It’s also the Dragon Tiger Sect, but it seems to be called Qin or something.”

“Who is the master of the planet?”

“Does our earth really have a master? Is it the Jade Emperor?”

“It must be the Buddha. Avalokitesvara appeared a few years ago.”

“Did you compete last time? Who won?”

...

After hearing the sound, Omi looked up into the sky.

Omi could not help but twitch the corners of his mouth and said, “That guy...”

Then, he carefully observed it with the eyes of the sky.

Soon, Omi shook his head.

Is this also a genius?

Why are the whole body weak?

The genius in        is not like that.

Omi first said to Hu Tian and others, “I’ll be back soon.”

Then, he stepped out and instantly appeared in the void.

After seeing Omi, Tang Zeyuan’s eyes with faintly flowing stars lit up slightly, and said, “Are you the owner of this planet? May I ask, what is the name of this planet?”

“Earth.” Omi said.

After all, Tang Zeyuan has two stars for himself.

Also, it's okay to just say the name.

Tang Zeyuan said: "Emperor Ball? Domineering enough!"

Omi explained: "It's the ground of the ground."

Tang Zeyuan suddenly said: "So it is."

Then, he clasped his fists with both hands and said seriously, "Dragon Tiger Sect, Tang Zeyuan."

Omi followed: "Earth, Omi."

"Hoo!"

After the words fell, a gust of wind suddenly whistled between the two of them, blowing their clothes and hair, and swaying gently.

next moment...

Tang Zeyuan took a sudden step and rushed towards Omi.

To this...

Omi just slapped the palm of his hand.

"Boom!"

The overwhelming energy instantly turned into hundreds of millions of swords.

All the sword gangs quickly converged and turned into a huge long sword comparable to the scorching sun.

The long sword flew, sweeping the coercion of endless terror, and slammed towards Tang Zeyuan.

"what?"

Tang Zeyuan's pupils shrank, a feeling of despair that he had never felt before.

"It's over!"

“Shut!”

When Tang Zeyuan thought he was about to die, the energy giant sword suddenly stopped just a few centimeters away from him.

Rao is so, the terrifying wind still blows his clothes and hair straight.

“Whoohoo!”

Tang Zeyuan panted hard, as if he had been drained of energy in an instant, and his whole body felt weak for a while.

Omi waved his hand, and the energy giant sword dissipated instantly.

“Let’s stop here.”

After finished speaking, Omi stepped out and disappeared directly into the void.

Tang Zeyuan gritted his teeth and said, “I will become stronger, and then I will challenge you again!”

The sound of is like a hong, and it is constantly rippling on the earth.

At the same time, a clear reminder sounded in Omi’s mind.

Omi heard the words, and a strange look appeared on his face.

Could it be that so-called geniuses like to be abused?

Omi shook his head and put this matter directly behind him.

Then, he focused on the system panel.

When he saw the relationship between the characters, Omi suddenly discovered that Qing Xingxing, who once had a good impression of him, was the master of Qingsong, and the name of Lingxingxing’s master Fengyue had dimmed.

And Ma Zheng, who has a strong impression of himself, has a slightly flickering avatar.

This made Omi a little puzzled.

Omi had a good impression of these three people.

After he pondered for a while, Tsui Ma Zheng chose soul communication.

...

Ma Zheng is running around, his face is full of panic.

In his mind, a loud voice suddenly sounded.

“Ma Zheng, what happened to you?”

Ma Zheng was stunned for a moment, then hurriedly said, “Senior Lin?”

“It’s me.” Omi said.

Ma Zheng hurriedly looked around, but he didn’t see Omi at all.

Omi also seemed to have thought of this, and explained: “I am not attached to you.
