

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1026

He said to Qiao Nian gently, "Go out first and wait for me outside. I'll talk to the few professors and then come out immediately."

Qiao Nian had only said that she wanted to look for him, but she had not said why. He had thought that it had something to do with the school opening ceremony and had not thought too much about it.

Unexpectedly, the girl raised her hand and pulled the brim of her cap. She didn't leave. She straightened her legs and walked toward them. Her tone was very arrogant and concise. "You want a pass to the illegal district? I have it."

The words "illegal district pass" were enough to silence everyone in the office.

Be it Liang Conglin or the few people from the research team of Qing University, they were all stunned on the spot. They looked at each other and saw the shock in each other's eyes.

Only a small number of people in Beijing knew of the existence of the illegal district.

They were all from the top circles.

They knew about it because of their profession, so they knew that there was such a place. However, they knew very little about the illegal district.

The girl in front of him looked very young. Principal Liang had also said that she was a freshman at Qing University this year.

School would only start in September.

Not only did such a new student know about the illegal district, but she also had a pass??

One had to know that the pass to the illegal district was no small matter.

Other than a few top families in the capital, probably not many people had it.

.....

Without a pass, they would be sent back when they arrived at the airport. They couldn't step into the illegal zone at all.

They had found many things that they couldn't get with their connections, but the girl in front of them actually had it.

It was too ridiculous!

Liang Conglin was the first to recover. He didn't dare to believe it and subconsciously frowned. "Nian Nian, you said you have a pass to the illegal district. This..."

Qiao Nian was quite calm. Her beautiful black eyes looked up at him. She had one hand in her pocket, and her posture was casual and casual. However, she was very polite to him. "Principal Liang, my father and Jiang Li are in the illegal district, right?"

Although her search for Jiang Li's IP address was stopped, she still found where his signal had landed before it was blocked.

It was in the illegal district.

"..." Liang Conglin was completely stunned. He didn't know where she had gotten the news from at all. This matter was quite hidden. Not many people in the country knew about it, but Qiao Nian seemed to know it better than him.

"I have a pass to the illegal district. I can bring you there, but I have a condition." Qiao Nian's expression was calm. "I want to go with you."

From the information revealed by their conversation earlier, this matter was related to the Red Alliance.

She wanted to see what this matter had to do with the Red Alliance.

"That place is not what you think. It's not safe. Stay in the country and wait for our news. I'll definitely tell you as soon as I have news about Professor Jiang."

Before Liang Conglin could finish, Qiao Nian interrupted him. She stood up and said casually, "Think about it. I'll wait for your news when I get back."

Liang Conglin: "..."

There was basically nothing to consider about this matter. Jiang Zongjin and his team had been detained and had lost contact with the outside world for three days.

Every minute and second was critical.

In the evening, Liang Conglin sent her a message with the flight time for the next day.

Qiao Nian had just come out of the bathroom.

Her hair was still dripping wet, but she did not care. She dragged out the chair by the desk and sat down with her legs crossed. Her bare ankles swayed, and her eyes were white. She turned on her laptop.

She took out the Red Alliance's software from the empty table and clicked on it.

Then, she sent a message in the group.

[Sun: I want to go to the illegal district.]
