

## **MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 103**

Seven's unique designs were well-known internationally. During the yearly fashion week, the models walking down the catwalk would be wearing their products.

Hence, the local celebrities were proud to wear products from Seven.

However, few knew that Designer S that was responsible for Seven was a female high schooler that just turned 18.

This was especially rare in the design industry. Men were dominant there, and most of the designers for huge brands were male.

Even though some of them were gay!

However, Qiao Nian was tearing down this glass ceiling. It felt as though there was nothing that Qiao Nian couldn't do. If she couldn't do it, it was because she didn't want to!

"Are you also not attending the exhibition this time?" Yuan Yongqin asked her after keeping the papers.

Qiao Nian wasn't interested at all. "Not going."

Yuan Yongqin lamented. "Many powerful people from Beijing will be attending the event. If you're willing to show yourself..."

If Qiao Nian showed herself, no one could steal the attention from her.

Including Qiao Chen.

She would shock everyone.

However, Qiao Nian just nonchalantly shook her hand and said, "I'm not interested. I don't like it when there are a lot of people."

"I know. I just can't stop myself from asking you, just in case you change your mind," Yuan Yongqin said, sighing.

Even though she knew that she would be rejected, she couldn't stop herself... She wanted Qiao Nian to amaze those people with a judgemental mindset.

After passing the papers to her, Qiao Nian didn't want to stay any longer. She chatted for a while until the business people knocked at the door. She then went off using the lift.

...

Qiao Nian didn't go straight home after coming out from Cheng Feng Corporation. As she was right next to the city center, she was reminded of the kid. She smiled and decided to visit Uncle Chen and the kid since she had nothing to do now.

Since she was going to visit them, she wanted to head to the mall. She wanted to get him a toy as a gift.

Since he had given up his bed previously, she had to return the favor.

Qiao Nian was really happy as she walked towards the mall with her hands in her pocket.

However, she didn't realize that someone came out after her after a while. It was Qiao Weimin, who had waited for almost two hours without managing to see her.

"It's her?!"

Qiao Weimin saw that she was leaving. He was curious. He went to the front desk, pointed at Qiao Nian, and asked, "Hi, do you know the girl who walked off just now?"

The lady at the front desk hadn't seen her much as she would usually use her special lift. However, there was something unique about her that would allow people to remember her.

Hence, when the lady saw her back view, she smiled and answered, "Are you referring to that lady? She's one of Chairman Yuan's guests. She will occasionally come."

She went back to her work after replying to him.

Qiao Weimin was dumbfounded as he thought about what she said.

Qiao Nian, an important guest for the Chairman of Cheng Feng Corporation.

What kind of a joke was this?

He couldn't wait anymore and called Su Mo. He then left Cheng Feng Corporation with a lot of questions.

...

There were a lot of tall buildings in the city center. It was a sight of prosperity.

It was time for afternoon tea.

There weren't many people in the shopping center. Only people that didn't have work or rich people would be shopping at this time.
