

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1031

“Then, I’ll leave first, Sister Qiao. I’ll send you a message later.”

Qiao Nian’s skills were too awesome!

She was much more awesome than Zhang Yang and the people in the group. She could carry them to win every time. Playing games with Qiao Nian was simply a pleasure.

If Ye Wangchuan had not spoken, Qin Si really wanted to play another game before leaving.

However, when he thought of the chance to meet SUN in the illegal district tomorrow, he wasn’t as depressed. Before he left, he even waved at Qiao Nian and did not forget his promise. “See you later. I’ll bring you a gift when I get back. Bye.”

“Ah, see you later.” Qiao Nian lazily waved goodbye to him.

As soon as Qin Si brought Zhang Yang away, Gu San very discerningly put down two cups of coffee and walked out. “Master Wang, I’m going back too.”

Only the two of them were left in the huge apartment.

Ye Wangchuan watched as the girl picked up the mineral water on the table, seemingly planning to return to her room. He quickly pulled her to the sofa and placed his arms on both sides of the sofa, trapping the girl in his arms.

His eyes were quite dark. His eyelashes covered them, and his eyes were deep.

His voice was as low as ever.

“Are you very close to Qin Si?”

“...” Qiao Nian was dragged to the sofa by him. She looked up, her jawline smoother and clearer. Her skin was porcelain white, and her eyes were dark. She seemed to be stunned by the question. Her beautiful black and white eyes looked at him purely. “Not bad.”

.....

Ye Wangchuan was speechless.

Qiao Nian looked at him impatiently, her eyes extremely dark. “Isn’t he your friend?”

This sentence instantly comforted the man who was about to explode.

Ye Wangchuan’s thin lips curled up slightly. His eyes were deep and contained a sea of stars. He looked at her deeply and then took the initiative to change the topic. “My probation period has to be three months? I can’t be promoted in advance?”

This was the first time he heard that being a boyfriend required a probation period.

If his probation period was not over, he might be laid off at any time.

This rule was new.

However, this feeling of being kicked away at any moment still did not feel good.

Ye Wangchuan's eyes were extremely deep. His voice was a little hoarse and seductive. "We're going to separate soon. We'll only see each other for three days. As my girlfriend, you have nothing to say to me?"

Qiao Nian moved anxiously at his question. Realizing that she was trapped by him, she pursed her lips and looked up. Her dark eyelashes covered her face as she looked innocent. "Have a safe journey?"

Silence.

Tsk, what the f*ck?

Ye Wangchuan's eyes darkened. He couldn't help but lower his head and kiss her.

He pinched the girl's smooth fingertips in revenge.

He had just pinched Qiao Nian's fingers, but he couldn't bear to continue. Afraid that he would hurt her, he restrained himself and let go. He bit her neck and imitated her, leaving his mark on her slender neck like last time.

He reluctantly retracted his gaze and let go. Touching the strawberry mark he had left on the girl's neck, his eyes darkened as he said, "Are you sure you don't want me to accompany you?"

Qiao Nian was a little speechless at being bitten by him. She raised her head and raised her eyebrows arrogantly at him. "Didn't you have something on?"

Qin Si had already said that they were going out tomorrow.

Ye Wangchuan thought of the matter he had to handle and was a little annoyed. He suddenly didn't want to go. He looked at her and thought for a moment before saying, "Why don't you get Gu San to accompany you?"
