

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1032

"There's no need. I can go by myself." Qiao Nian rejected him without hesitation. "I'll tell you when I get there, anyway."

Ye Wangchuan let go of her and let her out. He pursed his thin lips and did not insist. He picked up his phone and said in a light tone, "Go online."

Huh?

He narrowed his eyes slightly, his face very eye-catching. He sat down beside Qiao Nian and placed his long legs on the coffee table, then said slowly, "Don't you want to play games? I'll play with you."

"Playing games with God Qiao, I'll strive to perform well and become an official boyfriend as soon as possible."

Qiao Nian was speechless.

...

The next day.

At the airport terminal.

Liang Conglin and a few professors from Qing University's research team were waiting in front of the KFC. Other than him, a few professors from Jiang Zongjin's team were also present.

The person in the lead was a female professor in her fifties. She was wearing a light gray suit and standing ramrod straight. She was also serious. There was a suitcase beside her feet, and her hair was combed neatly at the back of her head.

She was holding a bottle of water. The transparent mineral water bottle was tightly twisted. Holding it in her hand, she walked toward Liang Conglin and looked ahead.

"Principal, is that student not here yet?"

.....

Liang Conglin turned his head and looked in the direction of the terminal. He thought about it and said, "I just called Qiao Nian. She said she was on the way. She'll be here in ten minutes. We should be able to make it in time."

Tian Jing couldn't say anything. She pursed her lips tightly and was silent for a moment. She frowned and looked at him, hesitating to speak. "Principal, are you really going to bring a freshman to the illegal district?"

Yesterday, Qiao Nian suggested that she follow them to the illegal district. Tian Jing was the first to object, but her objections were invalid later. Liang Conglin still made a decision.

However, Tian Jing didn't agree with his decision from the bottom of her heart.

After all, what kind of place was the illegal district? How could he bring students there?

Even if it was someone like Jiang Xianrou, who had seen the world and had a good family background, she still wouldn't have brought her to the illegal district. She had asked around about the freshman from the Chinese Medicine Faculty. She heard that she was from Rao City and had only come to Beijing for the college entrance examination this year.

She had only stayed in Beijing for a month.

She didn't know why Qiao Nian had a pass to the illegal district, but she was still very against Liang Conglin bringing a student with them.

"The management of the illegal district is chaotic. There are dangers everywhere. If something happens, how are we going to explain it to her parents?" Tian Jing's expression was serious. What she said made sense.

Liang Conglin sighed and only said, "I told her parents. They have no objections."

"But..."

"When we reach the illegal district, we'll take care of her more and not let her act alone." Before Tian Jing could continue, Liang Conglin interrupted her again. "What do you think we should do? We don't have a pass. Professor Tian, can you get a pass?"

Qiao Nian had a pass to the illegal district in her possession. Furthermore, she had told them very clearly in the office yesterday that if they wanted to use her pass, they had to bring her along.

Therefore, they had no choice in this matter.

Unless they could get the same pass.

However, it would be strange if the pass to the illegal district was so easy to obtain!

"..." Tian Jing had been blocked by him with this reason yesterday, and today, Liang Conglin used the same reason to brush her off.
