

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1040

Finally, the elevator stopped on the first floor with a ding.

He waited for the elevator door to open, then strode out and went straight to the agreed place.

Jin Chen Hotel was huge. In addition to all kinds of luxurious decorations, there was a counter that gathered all the luxury brands in the world. There was even an amusement park and clubhouse.

The teahouse wasn't far from the banquet hall on the first floor.

It was quieter.

There was no one around.

Slim Waist Control followed the location sent by the other party and walked to the agreed corridor.

Usually, no one would come here. The corridor was relatively tranquil and quiet. When he went over, he thought that Sun was already waiting there.

However, he did not see anyone.

He saw a girl leaning against the wall and playing with her cell phone. Her baseball cap was lowered, revealing only her chin. Her skin was so fair that it glowed.

From the hair color that leaked out from under the girl's cap, he could tell that she had black hair and should be from China.

He looked at the other party's straight and long legs under her jeans and couldn't help but whistle frivolously and greet her. "Hi, beautiful girl~"

The girl looked up and raised her eyebrows.

.....

Slim Waist Control was stunned for a few seconds.

However, he was quite busy. Although he was stunned, he did not forget what he was doing. Seeing the beauty, he was in a good mood. He took out his cell phone and sent a message to Sun.

[Boss, I'm here. Where are you?]

[Let me tell you, I just saw a girl. That appearance, tsk~ It's too much! Let me tell you, she even looked at me. I can tell that she's interested in me at a glance. If I hadn't arranged to meet you, I would have flirted with her in minutes. How is it? I'm awesome, right? I didn't even flirt with that kind of top-notch girl in the world, just for this friendship with you. If you don't treat me to a good meal, you're simply inhumane~!]

He looked up again and did not see anyone walking over. He saw that the girl leaning opposite him seemed to have her phone ring. She lowered her head and played with her cell phone again as if she was reading a message.

He couldn't help but give a 'tsk' and look regretful.

He sent another message to Sun.

[Boss, where are you? You just told me that you were meeting me on the first floor. I thought you had arrived. Do you want me to pick you up?]

He thought of the girl opposite him again. After thinking about it, he still felt that his description of the girl was not clear enough.

[By the way, do you want to see the beauty I just told you about? I'll secretly take a photo for you. She should be from China. She's young. Not bad!]

His hands were fast, and so were his messages. In the blink of an eye, a few messages were sent.

The other party did not react.

He suppressed his impatience and walked around, waiting for the other party to reply. He even nagged, "Damn, you won't stand me up, right?"

As he spoke, his cell phone vibrated.

Slim Waist Control quickly picked it up.

The big shot was as concise as ever.

[Sun: I'm here.]

Huh?

Sun was here?

Slim Waist Control suddenly raised his head and looked around.

Other than the girl opposite him, there was no one else.

He was wondering.

He was about to reply, "The beauty I just told you about is the only one here. Where are you? Did you go to the wrong place?"

Another message came in right then.

[Sun: Did you dye your hair in a flashy ostentatious purple?]

Slim Waist Control was speechless.

A flashy ostentatious purple???

He was clearly a handsome man. How was he flashy??

But how did Sun know the color of his hair?

Slim Waist Control raised his head again and looked around carefully. He did not see anyone. He even suspected that he had seen a ghost in broad daylight.

He couldn't find her, so he could only reply.

[Boss, where are you? Why don't I see you?]
