

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1060

Qiao Nian briefly explained what she had told Qin Si.

It was about the chip argument.

After Luo Qing heard this, he frowned and immediately said, "I see."

Raising his head and standing up to take out his phone, he looked at Qiao Nian and said, "I know Mr. John from the IT Association. I can ask him for help with this matter."

However, from what Miss Qiao said, someone behind Hengfeng Corporation was helping them. When it came to the Red Alliance, he didn't know if his face was big enough.

But no matter what, he had to try.

Luo Qing walked to the side and was already prepared to make a call.

Qiao Nian called out to him; her voice was rather hoarse as she hadn't slept well. "There's no need. I've already resolved this matter."

"Resolved?" Luo Qing was stunned. He looked at Qin Si with a puzzled expression.

He didn't dare to look at Ye Wangchuan mainly because he did not dare to provoke him.

Qin Si was even more confused than him. He replied with a shrug. Just previously, he looked as if he was saying, "Look, I'm useful."

How could he have known that Qiao Nian had already resolved the matter?

When he met Qiao Nian at the banquet on the top floor, she had only told him that there was such a thing. He had no time to ask anything else before Master Wang dragged him to Qiao Nian's room.

He was still in the dark and knew nothing!

Qin Si looked defeated. After all, he really didn't know anything this time. When he heard Qiao Nian say that the matter had been resolved, he and Chen Zhu had the same reaction. They were both at a loss. They didn't understand how Qiao Nian had resolved this matter!

...

In the corridor outside room 3306.

Someone else left the room in frustration and was on the phone.

"Didn't you tell me that the freshman was only from Rao City and didn't have any background? Do you know that because of you, I lost a lot of face this time and made the principal unhappy?"

Tian Jing recalled the scene of her being isolated by the professors who came with her to Liang Conglin's suite. She suppressed her anger and couldn't find a place to vent.

Liang Conglin was discussing going back with a few other professors. When she spoke, no one answered her. She really couldn't stay there any longer and found an excuse to come out.

It was more like escaping than taking a breather, so as not to continue embarrassing herself inside.

"What's wrong? What happened?"

When she heard Liang Lu's calm tone, Tian Jing flew into a rage out of humiliation. "It's all because you told me that the new student from the Chinese Medicine Faculty doesn't respect her teachers, that her character is indecent, and she likes to brag. Why didn't you tell me that she knows someone from the IT field?"

Liang Lu was silent for a moment.

She was even more shocked than Tian Jing. It was obvious that this was the first time she had heard of this. "You're saying that Qiao Nian knows someone from IT? Who does she know?"

Exasperated, Tian Jing told her everything that had happened since she got off the plane. In the end, she asked her in a bad tone, "Where exactly is this Qiao Nian from? She doesn't look like an ordinary student to me. I can't even tell where the people around her come from. Also, Principal Liang's attitude towards her doesn't seem like he was deceived by her appearance. This freshman is really capable!"

She had hit the nail on the head.

"Don't tell me you have a problem with her because she chose the Chinese Medicine Faculty and not your Clinical Department?"

On the other end of the phone, Liang Lu denied it almost immediately. "How is that possible?"

"Then, why is she completely different from what you told me?"

This time, Tian Jing had fallen and lost face again.
