

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1084

Jiang Li knew that Ye Wangchuan and Qiao Nian lived together.

Seeing that Jiang Zongjin wanted to go to Qiao Nian's residence to take a look, his reaction was greater than anyone else's. He raised his voice and immediately interrupted. "Ah! Uncle, I remember now. I left something at Nian Nian's residence. Why don't I send her back? I can go over and get my stuff. You can go to school first."

"..." His sudden shout only increased Jiang Zongjin's suspicion and uneasiness. He indeed frowned.

Jiang Li quickly found a reason and pushed his shoulder out. As he walked, he said, "Just listen to me and go to school first! I'll send Nian Nian back. Are you still worried?"

"She lives in..."

Jiang Li knew that he couldn't avoid this. His temples twitched as he braced himself. "Nian Nian lives in Rhine Apartments. It's in the apartment beside Qing University. It's close to the school. You can go see it someday. Don't worry, Nian Nian will be taken care of."

Jiang Zongjin clearly paused in his tracks when he said "Rhine Apartments", his expression filled with disbelief.

"Did you say Rhine Apartments?"

He was a professor at Qing University and belonged to the research group in the laboratory.

He lived nearby all year round and knew the nearby buildings like the back of his hand. Qing University was a hundred-year-old famous school, and there were many districts around it.

Everyone knew that the prices of the buildings near the school were definitely not cheap.

Especially since the district was close to a century-old school like Qing University, the price was even more shocking.

Of course, this was not why he was surprised.

The Jiang family called Beijing home for decades. With Old Master Jiang's transfer, their entire family followed.

The Jiang family was not very rich compared to others in Beijing.

However, they could stand firm in the Beijing circle and enter this circle seriously. They were definitely not a family that couldn't fork out money.

Although the houses near Qing University were expensive, the Jiang family could still afford them.

However, the problem was that Rhine Apartment was different from other high-end districts near Qing University. Rhine Apartments were very special. Money was secondary, but the problem was that ordinary people couldn't live there.

Those who were qualified to stay there had extraordinary backgrounds.

At least, it was a level that the Jiang family could not reach!

Why was Nian Nian living in Rhine Apartments?

Jiang Zongjin couldn't understand. Jiang Li was afraid that he would find the reason, so he didn't give him a chance to ask clearly. He brushed him off with a few words and quickly pushed him out. He then quickly hailed a taxi for him and forcefully sent him in. He even quickly told the driver the destination.

The bright yellow taxi carried Jiang Zongjin away, leaving behind a plume of exhaust.

Heaving a sigh of relief and patting his chest, Jiang Li turned to look at the girl walking out from behind and said helplessly, "Nian Nian, you almost scared me to death just now."

Seeing that Qiao Nian was quite lazy and did not seem to be afraid, he said helplessly, "Your father still doesn't know that you live with Master Wang. If he finds out..."

The old man had agreed.

Logically speaking, even if his uncle knew, he couldn't win against his thigh. However, he didn't know if his arm could win against his thigh. He knew that his uncle had repeatedly instructed him to take good care of his sister before leaving the country. He would definitely die if he knew that he had taken away the "good brother" his sister took care of under his nose!

"It's good that he doesn't know."

If his uncle knew, he might not look for Qiao Nian for an explanation. He would definitely look for him first!
