

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1176

"..." Wei Ying suddenly raised her head, the sense of humiliation in her heart rising to the extreme at this moment. She would have broken her merits and scolded her if it weren't for the public.

She, an elder, had apologized to her, but she still wanted her to say those words. She was too much!

Wei Ling's face also darkened. She supported Wei Ying's arm as if they were the perfect victims, looked at the girl angrily, and said coldly, "Qiao Nian, don't go too far!"

The girl smiled under her gaze, with frivolous eyebrows and the corners of her mouth twitching. She looked quite nonchalant. "If you say it's too much, then so be it."

"Qiao Nian!" Wei Ling was about to go crazy!

But Shen Jingyan grabbed her.

"Alright, stop fooling around. Old Master Wei's corpse is already cold. Is there a point in making such a fuss now?" He already understood that there was no room for negotiation regarding Wei Ying's apology. He was much calmer than the two women from the Wei family and quickly judged the situation. He said to Wei Ying, "Mom, we're apologizing sincerely. Just say the words if she wants to hear them."

Wei Ying looked at him in disbelief.

Shen Jingyan didn't let go of Wei Ling's arm as she looked at him with a helpless expression. "Is there any other way now? You can't really let this matter become a big issue."

Wei Ying was speechless.

Liang Lu also urged her. "President Wei."

The rest of the Wei family looked at her and stood on the sidelines, but no one stood up to speak for her.

Wei Ying realized what it meant to be abandoned by everyone for the first time. She took a few deep breaths to not faint from anger, turned, and lowered her head to the girl in front of her. "Miss Qiao, I'm sorry."

Each word was like a slap on her face. Wei Ying's face was hot and her blood was surging.

Qiao Nian had to provoke her fragile nerves. "I'm sorry, I didn't hear clearly."

"You!"

Wei Ying raised her head suddenly, looking at her with a fierce expression that seemed to eat her up. It was a pity that when she met the girl's calm eyes, she didn't know why, but her arrogance was suppressed again.

Qiao Nian actually heard it clearly the first time, but she deliberately forced Wei Ying to say it again.

It was not until Wei Ying apologized for the second time that her beautiful black eyes stopped and darkened. She looked at the woman with gray hair in front of her, put her hands in her pockets, and replied indifferently, "I think Old Master Wei has heard your apology. As for whether he forgives you or not, only you know."

She was extremely arrogant!

Wei Ying was really embarrassed now.

The blood quickly receded from her face, and she hardly dared to look at the rest of the Wei family members...

Yes, her apology could only make Ye Wangchuan not intervene and send the surveillance footage to the police, but just now everyone had seen the contents.

The people of the Wei family knew what she had done.

Wei Mingxuan usually treated her respectfully and politely.

This time when outsiders forced her so much, Wei Mingxuan didn't stand up to help his sister. It could be seen that the video incident had stabbed a thorn in his heart.

This thorn basically cut off their sibling relationship!

This was the reason Ye Wangchuan let her go—he was killing without seeing blood!

This was a lethal move!

After leaving the provincial hospital.

Old Master Jiang wasn't in good health and he was consumed by a series of events today, so Jiang Zongjin sent him back first.
