

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1232

Four more computers went black in just a few minutes.

Including the three people who were eliminated in the beginning, seven people had been eliminated in the blink of an eye.

Qin Si felt that this software competition was too bloody.

It was simply a competition that no one could watch.

It was too exciting!

His heart was almost numb.

He couldn't understand who made the most impressive virus, but he could tell something was wrong. "The second person to complete it seems to be very powerful."

He watched as the icons on the screen kept attacking other people's computers. He couldn't help but sweat for Qiao Nian. He muttered to himself, "Master Wang, when is Sister Qiao's software going to be done? Is she too slow?"

Tang Ning had just said that Qiao Nian wasn't fast. She could only be considered in the middle.

Seven out of 16 people were eliminated.

They were already in the middle of the competition!

Ye Wangchuan stared at the screen with his deep eyes. He crossed his arms and replied calmly, "Soon."

Qin Si hurriedly took the time to look at him. Then, he turned around and stared nervously at Qiao Nian's computer. He said anxiously, "How long will it take?"

"30 seconds."

"?????"

Qin Si was nervously focused on the screen. Hearing Ye Wangchuan describe the time Qiao Nian was going to finish the software so accurately, he was stunned.

While he was in a daze, Tang Ning whispered, "Miss Qiao's software is done!"

Qin Si immediately focused on the screen again.

Qiao Nian's computer had already stopped programming and had pressed the Enter key.

Before he could see what was going on, he saw the remaining eight computers on the screen turn black.

All the screens went black in a second!

A precise instant kill!

Qin Si's heart almost jumped out of his chest. His eyes widened as he suspected everything he was seeing.

He took a deep breath and instinctively exploded. "F*ck, that awesome?!"

He was stunned.

Tang Ning, Zhang Yang, and the others were all stunned!

Their reactions were similar to his.

However, Qin Si stood up but they did not. Zhang Yang didn't stand up, but he accidentally spilled the water in his glass.

Tang Ning was also stunned.

Damn, that was awesome!

Really awesome!

Ye Wangchuan stood up and picked up his jacket from the sofa. Then, he said to them, "The results are out. I'll pick her up. You guys play."

In the past, anyone in the private room would be 120% focused on answering him.

However, this time, neither an old man like Zhang Yang nor a smart person like Tang Ning reacted.

All of them were blinded by Qiao Nian's instant kill.

...

Outside the Qing University Art Building.

Qiao Nian had just come out of the competition venue.

Du Mingwei already knew the outcome. He went forward excitedly. "Qiao Nian, you're amazing."

The girl pulled her cap down and said slowly, "So-so."

Du Mingwei had watched the live broadcast like Ye Wangchuan and the others. He had seen how Qiao Nian's software made the eight computers turn black.

He looked at the girl's expression that said "I'm just playing normally" and was a little speechless.

However, as a teacher, he had to be responsible for this competition. He still had to tell Qiao Nian about the rest.

“After the qualifiers are the group stages. This is the first time we’ve entered the group stages. There are 12 representatives in the group stages. They’re divided into four groups, ABCD. Three people in a group, and then three to one. Only one person in each group will qualify.”
