

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1237

Jian Jin looked at him. His eyes were very good-looking under their ordinary appearance. Siling, she crossed her arms and stood up from the arm of the sofa she was leaning against. "OK, I'll get right on it."

"Also, send a gift.

"Deliver it in your name."

Who was she? Without asking, Jian Jin knew that Lu Zhi was definitely talking about Qiao Nian. She raised her eyebrows and said sharply, "You're giving a gift in my name. Tsk, what's the difference between giving it or not? Qiao doesn't know that it's from you."

Lu Zhi was wearing a black shirt. The tailored fabric outlined the perfect outline of his chest and shoulders. His eyes were indifferent, making it impossible to tell what he was thinking. "Just give it to her. Anyway, it's only a gift if the person who receives it likes it. Otherwise, it will lose the meaning of giving it."

!!

Jian Jin was stunned, not understanding what he was thinking. Wasn't it only meaningful if the gift was from her? What did he mean by saying that it was only a gift if someone else accepted it?

She straightened her legs and did not probe further. She looked at the man in the wheelchair and said, "In any case, I only care about helping you deliver the gift. It's fine as long as you don't care that Qiao doesn't know it's from you!"

Lu Zhi moved his fingers as if telling her to get lost.

Jian Jin got lost coolly and went out without looking back.

...

Downstairs in the hotel.

Jiang Yao waited in the lobby on the first floor for a long time, but no one came down.

Finally, a bodyguard as tall as an iron tower emerged from the elevator and walked in his direction.

"Coming."

He perked up and whispered to Xu Jishen.

Xu Jishen had come with him. When he heard this, he followed Jiang Yao's gaze and saw the person walking towards them. "Do you think Boss has time to see us?"

Jiang Yao's face was stiff and serious. He was not like Jiang Zongnan, but more like Jiang Zongjin and Old Master Jiang. At this moment, he shook his head with uncertainty and replied, "I don't know. But we're

members of Tian Chen Corporation, after all. Since we know that Boss is here, we definitely have to come and greet him. Whether Mr. Lu sees us or not is another matter. Let's do what we have to do politely. It's up to him to see us or not."

"That's true." Xu Jishen nodded and felt that he made sense. "Anyway, we came over to greet him. It's fine if he doesn't want to see us."

As he busied himself, he thought of someone. "By the way, I've been spending the past few days with my grandfather and didn't ask you. Have you met your cousin?"

"No."

At the mention of Qiao Nian, Jiang Yao remembered what Jiang Xianrou had told him about Qiao Nian entering the World Software Competition through the back door to show off. His tone was not good.

"I haven't had time these past few days."

Xu Jishen frowned and was about to ask him, "Didn't you say that you wanted to take some time to have a meal with your family when you just came back?"

Why was there no time again?

However, seeing that Lu Zhi's bodyguard was about to walk over, he did not go deeper and only said curiously, "Oh. I thought your cousin had entered the group stage. Your family will celebrate and have a meal together."

After saying that, Xu Jishen looked away and did not care about it anymore.

Because he thought Jiang Yao definitely knew.

Unexpectedly, Jiang Yao was in a daze and was completely stunned. In his extreme surprise, he even forgot to ask Xu Jishen.

Qiao Nian had entered the group stage?

Didn't Xianrou tell him that Qiao Nian's software was made by another person?

The country participated in this competition every year. They would fall in the preliminaries every year. They had never entered the group stages. Qiao Nian had actually entered the group stages this year?
