

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1284

Jiang Zongnan immediately felt uneasy.

He got up from his office chair and walked to the floor-to-ceiling window. His phone was placed beside him, and he frowned. He immediately expressed his feelings. "Dad, how could I want to fall out with Big Brother's family?! Big Brother will always be my big brother, and we'll always be a family! Including Nian Nian. I've always treated her as my daughter and never treated her as an outsider."

Ever since he had acknowledged her in Rao City, he had never treated Qiao Nian as an outsider. This included the fact that he had given Qiao Nian his bank card as a greeting gift. He sincerely wanted to treat her well.

He did not want to make a mess.

Old Master Jiang still knew his son well. "I know. I didn't say that you treat Nian Nian as an outsider. I'm just telling you that you can't ignore Xianrou and the others. If you don't care, it's one thing if you want to treat Nian Nian as an outsider or not. It's another matter if Nian Nian still treats you as family.

!!

"Think about what Xianrou has done during this period of time. What do you think you would do if you were her? Can you be completely honest?"

Jiang Zongnan was speechless. He was already in his 40s, but he was still scolded by his father until he couldn't raise his head.

Old Master Jiang said earnestly, "Your brother isn't what you think, including Nian Nian... Just watch. Nian Nian isn't inferior to Xianrou and Jiang Yao! It's still uncertain who will benefit from whom in the future. If you do things to the extreme now, it'll be difficult to go back on your word in the future. I'm not just thinking about your brother's family. You're also my son. I'm also planning for you.

"Zongnan, let me give you a piece of advice. Treat your big brother and his family well. Don't cause a huge ruckus just because you separated from the family and make them seem like enemies. You'll be the one suffering in the future!

"Think about what I said and think about it yourself!"

Old Master Jiang hung up.

Jiang Zongnan held his phone and was unable to calm down for a long time.

He stood in front of the window for a long time until his assistant entered again and brought him a cup of tea, then carefully called out to him.

Jiang Zongnan came back to his senses and pulled his tie, exhaling the turbid air in his chest.

He returned to his desk, picked up his car keys, and said to his assistant, "Help me postpone my meeting tonight. I'm going home."

The assistant looked up and saw that he didn't look good. He mistakenly thought that he was still upset about the JC Corporation suddenly not working with the company.

He immediately lowered his head and did not dare to look at him. He only said humbly, "Okay, President Jiang."

Jiang Zongnan was distraught as he strode out.

Logically speaking, he should stay behind and contact the JC Corporation as soon as possible to find out which higher-up he had offended.

However, he couldn't ignore the fire in his own backyard.

Jiang Zongnan suppressed the anger in his heart and only wanted to go back and settle the matters at home. He wanted to go back and ask the siblings what they had done again!

...

On the other side, Jiang Yao and Jiang Xianrou walked out of the sanatorium.

The sanatorium was located in a wealthy district. The environment was quiet, and taxis seldom passed by on the road.

Jiang Yao was the first to break the awkward atmosphere. "Uncle, Qiao Nian, let me send you off."

He was holding the car keys in his hand. His black Land Rover was parked on the side of the road not far away, looking exceptionally eye-catching.
