

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1310

Qiao Nian's face was expressionless. She was calm as if she didn't care about the small house. She didn't say anything and sat there with her legs crossed, as if waiting for him to continue.

Under that kind of pressure, Jiang Zongnan found it increasingly difficult to raise his head. He said weakly, "Other than giving you the key today, I really want to ask you something. Nian Nian, do you know the... Ninth Branch's recruitment list..."

Before Jiang Zongnan came, he had thought of giving Qiao Nian the key to the apartment and asking about Jiang Xianrou's removal from the recruitment list.

But he realized how difficult it was to say it now that he was facing Qian Nian.

Facing his little niece, whom he had finally found, he could not ask her at all.

On the other hand, Qiao Nian looked up when she heard what he said, her black and white eyes bright. "What recruitment list?"

"..." Jiang Zongnan already knew what to do when he saw her reaction. He forced a smile and immediately shook his head. "Nothing. I was just asking. I thought you knew... Forget it."

Before Qiao Nian could think about Jiang Xianrou...

Jiang Zongnan adjusted his mentality and changed the topic. He said with concern, "By the way, Nian Nian, I heard that the software competition you are participating in entered the finals."

Qiao Nian looked at him with her dark eyes and hummed. That was true.

Jiang Zongnan was quite happy and immediately asked her, "What are your plans for the competition in the future? Are you interested in entering Tian Chen?"

Not everyone could enter Tian Chen. Those who could enter this company had to be elites among elites. It was not an exaggeration to say that they were one in a million!

That was why Jiang Yao was so arrogant.

Jiang Zongnan's eyes were gentle as he looked at Qiao Nian. He asked her softly, "How many people does your brother know in Tian Chen? I can get your brother to introduce you to Tian Chen if you want to study computers in the future. You're so smart. You'll definitely pass the assessment."

Enter Tian Chen?

Qiao Nian was momentarily distracted.

Tsk, did she need Jiang Yao to help her enter Tian Chen?

Qiao Nian didn't say anything.

Light and shadow flickered in her eyes, and her expression was a little playful. She knocked gently on the table with her fingertip, and her casual actions made her look a little carefree.

She restrained her arrogance and looked cold as if she was not interested in Tian Chen. "Let's talk about it later. I haven't thought about it. There's a high chance that I won't focus on computers."

"I see." Jiang Zongnan gave up on asking Jiang Yao to introduce Qiao Nian to Tian Chen upon hearing this.

His handsome and mature face looked a little tired. He looked at the girl sitting opposite him and hesitated several times to ask her about the big boss in the illegal district.

The words were on the tip of his tongue, but he swallowed them back into his heart.

Regardless of whether Qiao Nian knew that big shot from the illegal district, as an uncle, he shouldn't implicate his child in the business.

Besides, he had let this child down in the first place.

As Jiang Zongnan thought about this, he felt even more upset. He couldn't help but be concerned about Qiao Nian's studies.

Qiao Nian had a good temper. She would answer whatever Jiang Zongnan asked her, giving him enough face.

Halfway through, Shen Yugui called her, but she did not answer.

She sat with Jiang Zongnan in the milk tea shop for half an hour talking before they left.

Meanwhile, in the Ninth Branch.

At first, Jiang Xianrou could still calm down and wait for the news. Later on, she watched as the people beside her went in one after another. Finally, she couldn't sit still and went straight to the person in charge of this assessment.
