

MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1387

The Zhu family would definitely be destroyed.

Madam Zhu dared to hire someone to avenge her son.

Then, after the matter was exposed, it would be her fault that the Zhu family would cease to exist in Beijing. She didn't deserve any sympathy.

Seeing that she still seemed to be thinking, Ye Wangchuan reached out and rubbed her soft hair. His deep eyes were like an endless cold pool, filled with gentleness. "Don't think about it. Leave this matter to me."

Qiao Nian felt a wave of frustration wash over her. Instead of frustration, it was more like a wave of heat washed over her limbs and bones. She pursed her red lips and narrowed her eyes. She said lazily, "I checked Madam Zhu's cell phone. It was hacked. I used the computer to restore the contents, but the person behind this didn't seem to leave any traces. It looks like they used illegal methods."

Madam Zhu was from Beijing. Her background was simple and clean. How could she know someone from the illegal district?

This was a little intriguing.

"I know. I'll get Chen Zhu to investigate later."

Ye Wangchuan had also found traces of the illegal district. However, he did not expect Qiao Nian to be as fast as him. She also found out about the connection to the illegal district behind this matter.

No matter who was stirring up trouble behind the scenes this time, he had no intention of letting them off lightly.

He would definitely investigate it.

But he needed a little time.

Speaking of this, Ye Wangchuan remembered something. He looked at her deeply and asked for her opinion in a very ordinary tone, "Principal Liang called me. He asked if I wanted to help you tell the organizing committee to apply for withdrawal from the finals in three days.

"Do you want to withdraw?"

Ye Wangchuan completely respected Qiao Nian's opinion. If she wanted to withdraw from the competition, he would personally talk to the organizing committee. He would even find people to thumb down the aggressive voices on the Internet.

As long as it was a topic that he did not want to see on the trending searches, he had plenty of ways to make the major websites not dare to write about it.

Ye Wangchuan's eyes flickered. "It's up to you. I'll help you if you want to withdraw from the competition."

Qiao Nian curled her red lips and stretched her arms. She glanced back at him arrogantly. "Not withdrawing!"

"Tsk." Ye Wangchuan chuckled. Seeing that her black hair had slid down to cover her eyebrows again, he reached out and considerately tucked Qiao Nian's hair behind her ears. Then, he put his hand down and said with a faint smile, "Some people are still waiting to see how you'll participate in the competition if your hand is injured. They're waiting to watch the show."

Qiao Nian's hair was tickled by his warm hand. She was in a daze and distracted. "Ah, let them."

Ye Wangchuan's eyes were filled with a smile. His voice was low and deep. "That's right. They're about to see Goddess Nian slap their faces. No. 1 of the Heaven Leaderboard, Sun, overpowers everyone else and takes first place as a dark horse... I wonder if they'll be as happy as they are now after watching the 'show'."

Qiao Nian was stunned by his words.

No. 1 on the Heaven Leaderboard.

Sun.

He was the only one who knew all of this.

And he even mentioned it so proudly.

Qiao Nian seriously suspected that he was taking revenge on her because she did not let him know earlier that she was Sun.

She placed her hand on the table and propped herself up. Her eyes were dark and bright. She paused for a moment before replying. "You didn't tell me before that the photo you said you wanted to take for Chen Chen had become the lock screen of your cell phone."

She had used his cell phone to check something this afternoon at the hospital.
