

## **MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1430**

Ye Wangchuan's voice sounded low and slow. "Actually, in the beginning, you didn't think that you were smart enough to chase Qiao Nian out. With her personality, even if you didn't do anything, you could have gone on smoothly in Rao City. Even if you went to Beijing, with her around, you wouldn't have suffered a loss. Unfortunately, you insisted on courting death. You pushed her away step by step..."

He looked at the pale girl and smiled, his eyes scornful and mocking. "You think she'll lose because you stole her hard drive?"

"..." Qiao Chen pinched her palms until they were about to tear.

Yes, she had stolen the hard disk because she wanted to see Qiao Nian fall from the clouds.

It was just bad luck this time!

But she had no regrets.

If she had been luckier and Qiao Nian hadn't prepared a backup hard drive, she might have succeeded long ago. At this moment, she should be the one laughing in the end!

Ye Wangchuan could tell the answer from her expression. His eyes darkened as he said, "Qiao Chen, let me tell you, you wouldn't have succeeded even if she didn't prepare a spare hard drive today.

"Because..."

Nobody else heard what he said.

When Qiao Chen heard that, her expression changed drastically. She couldn't take it anymore. Her legs went weak and she sat on the cold ground. "How is that possible?"

Her pretty face finally looked desperate.

...

The police quickly came over and took Qiao Chen away.

Shen Qiongzhi beat and scolded the police. She even sat on the ground and threw a tantrum, but she couldn't stop the police from handcuffing Qiao Chen and taking her away.

She also realized that Qiao Nian wouldn't let Qiao Chen off this time. She watched as Qiao Chen was escorted into the police car in a daze.

Shen Qiongzhi couldn't care less. She took a taxi back anxiously and prepared to ask her younger brother, Shen Jingyan, for help.

...

Meanwhile...

After Qiao Nian left the security office, Qin Si scratched his head and thought for a long time. Then, he followed her and asked, "Sister Qiao, what do you want to eat for lunch? Hot pot?"

Qin Si recalled that Qiao Nian liked spicy food, or rather, she loved spicy food. He scratched his head and tried his best to find a topic to divert her attention.

"Is there any delicious hotpot restaurant in Rao City? Let's eat together this afternoon. My treat. It's a good opportunity to celebrate your first place in the software competition!"

At the mention of this, most of the gloominess in everyone's hearts was swept away.

Bo Jingxing also said politely, "Speaking of which, I haven't congratulated you yet. Congratulations, Miss Qiao."

"That's right, Miss Qiao. Congratulations." Zhang Yang had always been smart. He quickly said, "Young Master Qin, don't snatch this chance from me. You must give me a chance to treat Miss Qiao this time. I've already told Miss Qiao several times that I want to treat her to a meal, but I've never had a suitable opportunity. You have to give me this chance no matter what. I..."

However, before he could finish speaking...

Qiao Nian received a call from Liang Conglin. He also wanted to treat her to lunch. He roughly meant that the IT Association was holding a small celebration party for her at noon and asked if she wanted to go.

Qiao Nian looked up and saw Qiao Chen being escorted to the police car. The door was closed and the police car drove away.

She stopped in her tracks and replied unhurriedly, "Noon? I won't be going. I'll return to Beijing in the afternoon. I'll just find something to eat. Principal Liang, you guys enjoy yourselves."

Liang Conglin said a few more words to her. Qiao Nian nodded patiently and hung up.

Qin Si waited for her to finish the call and then immediately asked, "Sister Qiao, are you going back in the afternoon?"
