

## MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1449

Unexpectedly, she realized that the lobby was filled with people as she passed by.

“Who the hell is it? Who broke my present?”

Jiang Xianrou’s angry voice came from the crowd.

Qiao Nian raised her eyebrows. She hadn’t expected to bump into her here.

Not wanting to be nosy, she folded her hands and was about to leave when she heard her name being mentioned in the crowd.

“Could it be Qiao Nian?”

The string in her head tightened. Qiao Nian pushed her cap down and looked at the person who had spoken.

She caught a glimpse of an elderly woman with white hair.

All eyes were suddenly on her.

Yuan Qing was nervous for a moment, but she quickly calmed down and said hesitantly, “I think I saw her coming to the Imperial Mansion today. I thought she was coming over to the banquet, but I didn’t see her inside. Since she’s here and hasn’t shown her face... I’m just guessing. I’m guessing that she’s jealous that Xianrou sneaked over without telling everyone and ruined the greeting gift Godmother Xianrou gave her.”

“Aunt, Qiao Nian is also in the Imperial Mansion?” Jiang Xianrou looked shocked.

At this moment, Jiang Zongnan and Jiang Yao heard the news and came out of the banquet hall in a hurry.

They happened to hear Yuan Qing’s words.

Jiang Zongnan quickly asked what was going on.

It turned out that when Jiang Xianrou went backstage to change her clothes, she realized that the gift Qi Yan had given her had been torn apart. The diamond emblem was torn.

In addition, the deep-sea coral that Qi Yan had given her was also destroyed.

The scene was a mess.

But neither the waiter nor anyone else had seen anyone pass through...

Because Yuan Qing’s words were directed at Qiao Nian!

After all, the second branch hadn’t invited Qiao Nian and the others to dinner this time. However, Qiao Nian had appeared at the Imperial Mansion at an inappropriate time.

It had to be said that Qiao Nian was the most suspicious.

Otherwise, just as Yuan Qing had said, she was not here to eat. Why would she come to the Imperial Mansion?

What was she doing here?

Jiang Xianrou was obviously concerned about this matter. She stared at Yuan Qing and asked, "Aunt, are you sure Qiao Nian came to the Imperial Mansion?"

Yuan Qing was actually not too sure. "I saw her at noon. It should be her. It's difficult to recognize her."

Jiang Zongnan frowned and did not speak.

Jiang Xianrou snorted and said without thinking, "Call the police."

Jiang Zongnan looked at her in surprise.

However, Jiang Xianrou's face was dark and her eyes were filled with hatred. "We'll know if she's in the Imperial Mansion when the police come looking for her."

"Xianrou." Jiang Zongnan instinctively resisted. "What are you doing? Things are still uncertain. You don't have to make such a big fuss."

Jiang Yao had the same thought. He felt that Qiao Nian wasn't the culprit.

However, Yuan Qing was an elder.

Since she said that he had seen Qiao Nian appear in the Imperial Mansion, it was very likely that Qiao Nian had come.

But what was Qiao Nian doing in the Imperial Mansion?

As he was thinking, he suddenly saw the figure of a girl outside the crowd from the corner of his eye. She was wearing a baseball cap and a casual sweater. She was dressed very casually.

If not the person they were discussing, then who?

Stunned, Jiang Yao subconsciously called out, "Qiao Nian?"

The others surrounded Jiang Xianrou, still wondering who did it.

Jiang Yao suddenly shouted the name of the most suspicious person.

Qiao Nian?

Qiao Nian was really here?
