

## **MADAM'S IDENTITIES SHOCKS THE ENTIRE CITY AGAIN Chapter 1484**

Instead, the people from the Pharmacy Association did not bring much luggage. Everyone was holding a black handbag in their hands. The bag was light and carried all their luggage.

They trooped out of the airport.

Qi Yan had already arranged for a car to wait for them outside.

The extended black Bentley was particularly eye-catching outside the airport.

!!

As soon as Qi Yan came out, she immediately invited the blond man, "Chief Robert, are you going back to the Pharmacy Association? Let me send you back."

Robert had brought a member of the Pharmacy Association with him this time. The man was dressed very plainly, as Robert himself was. In fact, he was rather inconspicuous.

Robert politely declined her invitation. "No, we can go back ourselves."

He didn't speak to Jiang Xianrou and Tang Wanru along the way.

It was only now that he seemed to have noticed them. He turned to look at Jiang Xianrou and said warmly, "You can report to the Pharmacy Association tomorrow."

"Yes, okay." Jiang Xianrou was very respectful in front of him.

Robert checked his phone again.

He estimated the time.

At this hour, Q's plane should have arrived too.

He still had to go back and tell the dean.

He was thinking about something and did not have the energy to pay attention to Jiang Xianrou and the others. Hence, he nodded and hurriedly said, "You can send me a message after you arrive at the Association tomorrow. My phone number is XXXX."

He rattled off a list of phone numbers.

Jiang Xianrou hurriedly wrote it down.

Robert was in a hurry. After telling her his phone number, he said, "Don't call me if there's nothing important. I'm usually at the lab, so my phone is almost always on silent. I can't get you if you call me. So, try to text me if you need anything. I'll get back to you when I see it."

"Just report to the Association by 10 tomorrow morning. Find a hotel for today."

Jiang Xianrou was flattered and saved his number. She nodded obediently. "Okay, thank you."

"You're welcome."

"I have things to do, so I won't be joining you. I'm going back to the Association."

Robert gave her a few brief instructions and then left with the people from the Pharmacy Association.

Before leaving, he specially greeted Qi Yan.

Their car drove away.

Qi Yan retracted her gaze indifferently and called Jiang Xianrou and Tang Wanru over. "Let's go. I've booked a room for you at a nearby hotel."

Country M was indeed a small country, but it had a good geographical environment and many tourist attractions.

The per capita income was considerable.

The city was very developed.

Not to mention that they still had the Pharmacy Association. Country M had a small say in Continent O.

As a member of the royal family, the hotel Qi Yan booked was a very high-class five-star hotel nearby. The hotel was also one of the country's famous attractions.

As for the price, it must be very expensive.

However, Qi Yan was rich and powerful. Of course, she could afford to stay there.

Jiang Xianrou followed behind her and saw her getting into a limousine. Then, she looked at the royal logo in front of the car and the Qi family's chauffeur in a suit waiting at the side. She followed closely behind.

Country M, Pharmacy Association...

Jiang Xianrou was filled with yearning and anticipation.

Before she got into the car, she took a deep breath and felt relaxed.

Even though the message she sent to Ye Wangchuan before she left was like a stone sinking into the sea, it did not affect her joy at all.

Qiao Nian thought that she had touched the ceiling of the medical world just because she was with Mr. Huang.

But she was different.

She was about to enter the Pharmacy Association!
